FROM THE SENIOR VICE PRESIDENT

I am delighted to welcome you to UMUC Asia. Our mission is to serve your needs and provide top quality academic programs and services to members of U.S. military communities throughout the Pacific Command. On these pages you will find information about rich and rewarding academic programs that will set you on a path of not only achieving your educational goals, but also establishing a solid base for your professional future.

UMUC Asia is pleased to be celebrating more than 57 years of providing quality education to extraordinary people like you. What started off as a noble experiment in 1949 at a few locations in Europe, and then in 1956, at select locations in Asia, has turned into a globally-recognized, award-winning institution that includes more than 30 sites in the Asia-Pacific region and more than 85 sites worldwide.

We continue the tradition of bold innovations in higher education by being the first university to offer courses in war zones and developing new, flexible formats, such as hybrid courses that combine on-site and online learning, to meet the needs of our students.

Leading this effort are first-class faculty and a dedicated staff who are committed to ensuring the fulfillment of your educational goals. They have the knowledge and experience to guide you along your academic path that will undoubtedly lead to personal growth and professional opportunities. Each of us stands ready to assist you in building an educational partnership.

On behalf of the faculty and staff of this great institution, I extend to you my very best wishes as you embark on your educational journey with UMUC.

Allan J. Berg, PhD, JD
Senior Vice President of Overseas Operations

This catalog provides the degree requirements and recommended curriculum for students who begin continuous study on or after August 1, 2013. (Details are listed beginning on page 49.) Please keep this catalog available for easy reference throughout your degree program.

INTRODUCTION

UMUC IN MARYLAND AND AROUND THE WORLD

At University of Maryland University College (UMUC), a high-quality education is always within reach. UMUC is dedicated to offering on-site and online courses and resources to adult students in Maryland and around the world. Under contract to the U.S. Department of Defense, UMUC is one of the largest providers of education to the U.S. military worldwide and serves 55,000 active-duty military servicemembers, reservists, veterans, and their families. With more than 85 worldwide locations in more than 20 countries and territories and nearly 100 undergraduate and graduate degree and certificate programs offered entirely online, UMUC makes it possible to earn a widely respected degree from just about anywhere.

UMUC’s commitment to students around the globe extends far beyond providing access to excellent degree programs. An online academic and administrative services portal, MyUMUC, makes it simple for students to register for courses, pay tuition, and order textbooks and other supplies when it’s convenient for them. Students can also access academic and career advising, financial aid counseling, library services, and much more online via the university’s Web site or by phone or e-mail. All over the world, UMUC gives its students what they need to succeed, putting their educational and career goals within reach.

MISSION OF UMUC IN ASIA

The mission of UMUC in Asia is to offer academic programs to United States military communities throughout Asia and the Pacific. While serving overseas, students can take a single course or many courses leading to a certificate, an Associate of Arts degree, a Bachelor of Arts degree, or a Bachelor of Science degree. Since University of Maryland University College is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Secondary Schools, students can take courses with the intention of transferring their credits to other colleges or universities in the United States. Students may also continue their studies with UMUC online. Additional information is available at www.asia.umuc.edu and de.asia.umuc.edu.

Although the educational setting is overseas, UMUC’s programs in Asia are in all respects comparable to those offered at public institutions of higher learning in the United States. Courses are taught by faculty whose credentials meet standards
INTRODUCTION

set by appropriate University of Maryland University College academic departments in Adelphi, Maryland. All UMUC courses taught in Asia carry University of Maryland University College resident credit. UMUC is committed to maintaining standards of academic excellence. The past 50-plus years demonstrate that those standards can be maintained in overseas settings.

Background

The University of Maryland began its overseas program in 1949 with classes held at six education centers in Europe. The program proved very successful, rapidly expanding to include locations in 12 countries in Europe, the Middle East, and Africa. This dramatic success led the Armed Forces to invite Maryland to bring its program to Asia and the Pacific. In 1956, courses began in Japan, Okinawa, Korea, Guam, and Taiwan, with just over 1,700 students. By the second year, enrollments had doubled; it was clear that this experiment in off-duty education would be successful in Asia as well. In fact, to date around two million students have taken UMUC courses in Asia, and thousands have earned certificates or degrees.

Continuing university programs in Asia and the Pacific has not been easy for students, faculty, or administrators. During the years of America’s military involvement in Southeast Asia, students studied during blackouts, faculty members (who were sometimes driven to class in armored vehicles) shouted over mortar fire, and textbooks were occasionally air-dropped.

UMUC Asia continues in its sixth decade ready and able to provide lifelong learning opportunities to members of the military community serving their country abroad.

A Unique Institution

University of Maryland University College is unique among institutions of higher education. From its founding in 1947, UMUC was designed to meet the educational needs of adult students—students who must balance study with the demands of work and family life.

Today UMUC has grown to be the largest public university in the nation, serving students throughout the state, the country, and the world. Yet its focus on providing open access to high-quality educational programs and services—eliminating the barriers that can keep students from achieving their educational goals—remains unchanged.

Carrying Out the Mission

Students First

At UMUC, student success is of paramount importance. The University seeks not only to help students fulfill their current education goals but also to create an educational partnership that will last throughout their lives.

To that end, the University looks first for ways to ensure that students can easily access programs and services. Admission policies are designed to simplify the process (standardized tests are not required), making it possible for students to apply and enroll quickly and easily.

As a global university, UMUC makes it possible for students to take classes any time, any place, by offering the largest selection of online programs available—in addition to classes at sites throughout Maryland and the metropolitan Washington, D.C. area and at military sites all over the world. Student services can also be accessed online and by phone, as well as on-site.

Convenience and flexibility are not the only concern, however. UMUC seeks to create a learning environment that students will find respectful of their diverse backgrounds, inclusive, responsive, and relevant.

Recognizing that financial concerns are often the biggest obstacle to higher education, UMUC also strives to keep tuition costs low and provides numerous financial aid opportunities, including scholarships and book awards for military or community college students.

Excellence

A regionally accredited university, UMUC is dedicated to providing the highest quality programs and services to its students and ensuring excellence in its online and on-site courses. In providing these programs, UMUC relies on a renowned faculty of scholar-practitioners—teachers who bring real-world experience as well as advanced academic credentials to courses—and the use of the latest technologies. UMUC also is able to provide a wealth of resources to its students because of its place within the University System of Maryland.

The success of UMUC’s efforts is evident. Year after year, UMUC continues to garner awards from such notable organizations as the University Professional and Continuing Education Association, the Sloan Consortium, and the Maryland Distance Learning Association.

Innovation

UMUC has always looked for new and better ways to serve students. Long before the online revolution, UMUC was delivering courses to students at distant locations, using any and all available technologies—from interactive television to voice mail. Today, students access both courses and services online using the University’s learning management system and
INTRODUCTION

MyUMUC, its online gateway to services and information, UMUC’s faculty also strive to find new ways to best use these technologies to assist their students’ learning.

Facilities

The University’s administrative headquarters are located in Adelphi, Maryland, and also serve as home to a prestigious art collection and a conference facility, the Inn and Conference Center, operated by Marriott. The Academic Center at Largo houses the Undergraduate School, as well as all related academic support units. Most classes and services, however, are provided at more than 150 sites worldwide, as well as through cutting-edge technology—online via the University’s Web site, the learning management system, and MyUMUC.

THE UNDERGRADUATE SCHOOL

The mission of the Undergraduate School at University of Maryland University College is to provide open access to quality undergraduate educational opportunities to women and men around the world, including residents of the state of Maryland, members of the U.S. Armed Services, and national and international students pursuing a university education on-site and online. The University seeks to produce graduates who are well prepared to be responsible citizens in a global society, as well as effective participants in the complex, fast-changing world of work.

The Undergraduate School is committed to meeting undergraduate students’ needs for lifelong learning by providing innovative delivery of high-quality educational programs, ensuring substantive and relevant curricula, and recognizing the value of experiential learning. At the undergraduate level, UMUC offers the Associate of Arts (available only to active-duty personnel and other special populations), the Bachelor of Arts, the Bachelor of Science, the Bachelor of Science in Nursing, and the Bachelor of Technical and Professional Studies degrees, as well as five undergraduate certificates.*

Preparing Citizens for the 21st Century

UMUC prepares graduates to be effective professionals and citizens in their organizations, communities, and families. The University values the contributions of both a broad-based education and specific disciplines to the undergraduate experience and thus incorporates cross-curricular context and analytical approaches in all programs to complement practice.

Instruction and curricula at UMUC are based on the belief that certain abilities are the hallmarks of successful learning. UMUC expects students to demonstrate knowledge and skills not only in the major areas of study, but also in critical analysis, reasoning, and problem solving; diverse cultures and historical periods; the use of technology; key concepts and principles of the natural, social, and behavioral sciences; information literacy; effective writing and communication; mathematical and quantitative reasoning; and the application of frameworks for ethical decision making. These hallmarks of a UMUC undergraduate education are instilled through a broad foundation in general education and integrated into a strong and focused major area of study. Students’ mastery of these abilities is planned and assessed throughout their program of study.

For their core studies, students may choose one of 32 majors from a wide variety of academic fields, including business administration, cybersecurity, humanities, communication studies, biotechnology, social science, legal studies, environmental management, and information systems management. (A chart of available programs is on page 67.) Academic minors are available in 46 different areas. All the majors and minors were reviewed and revised recently in consultation with faculty, employers, professional and educational organizations, and other experts in the field. These academic programs prepare students for the modern workplace and also help working students put their current knowledge into a broader context. Recognizing the importance of lifelong learning, UMUC also offers several undergraduate certificates* of value in the workplace for career advancement. (Full descriptions of certificates begin on page 50.) Courses toward these certificates may also be applied toward the bachelor’s degree.

Serving Adult Students

UMUC welcomes all students and helps them achieve their educational goals, but has a special focus on the needs of adult students in the workforce. In 2011, 70 percent of UMUC undergraduates worked full-time, and nearly half were working parents. Currently, the median age for stateside undergraduate students is 31 years old.

To help these adult students accomplish their education goals, UMUC provides a number of convenient and flexible options for both coursework and student services. Classroom-based courses are offered at times convenient for working adults, including evenings and weekends, at locations near where they live and work. Online courses may be accessed from anywhere, at any time.

Already a pioneer in offering quality on-site and online courses, UMUC continues to meet the changing needs of adult students by offering courses in the “hybrid” format. By blending on-site and online coursework, a hybrid class offers the time flexibility of an online class along with the advantage of a number of scheduled physical classroom meetings during the session. For those students who lack regular or predictable access to either

* More information about certificates, including gainful employment disclosures, is available at www.umuc.edu/ugcertificates.
a traditional or online classroom, UMUC Asia also offers self-paced computer-aided telecourses (CAT courses). The rapid growth in undergraduate enrollments at UMUC testifies to the convenience, flexibility, and substantive content of its academic offerings in all formats.

In recognition of the diverse educational goals and aspirations of its students, the University uses a variety of strategies to ensure access and facilitate degree completion. Knowing that adult students bring experience as well as a willingness to learn, UMUC acknowledges the value of that experience by incorporating the assessment of nontraditional learning in the evaluation of students. Since adult students may have gained college-level learning from multiple sources, UMUC offers a number of innovative credit options that recognize the learning achieved through work and life experience and accelerate progress toward the degree. These options (described on pp. 26–28) include Workplace Learning, which offers credit for new learning in the workplace, and Prior Learning, which offers credit for college-level learning acquired through previous work or life experience. UMUC also accepts credit from community college coursework and a variety of other sources, including military service credit and credit by examination (described on pp. 30–33).

**MILITARY PARTNERSHIPS**

For over 60 years, UMUC has proudly served the U.S. military through its educational partnership in Asia, Europe, and State-side. More than a million servicemembers have taken UMUC courses. This long relationship has made UMUC particularly sensitive to the needs of military students and prepared to handle details specific to military life, such as veterans benefits and the transfer of credit earned in military specialty schools. In July 2013, UMUC was awarded a contract to continue offering programs at its military sites across Europe. In 2009, the U.S. Department of Defense announced that it had extended UMUC’s privilege to serve the members of the U.S. military community in Asia for another six years.

By proving that traditional standards of academic excellence can be maintained in nontraditional settings, UMUC has won the respect of the military community and established itself as an integral part of military life. Today, UMUC provides courses at more than 85 military installations throughout Europe and Asia.

**KEY ALLIANCES**

Through key military alliances, UMUC is committed to helping servicemembers gain the most from their education.

- UMUC is a strong supporter of Community College of the Air Force programs. The GEM program allows Air Force students to quickly complete major requirements for CCAF degrees. Through the AU ABC program, UMUC enables CCAF degree holders to easily transfer credits toward a bachelor’s degree.

- GoArmyEd is a comprehensive, student-centered, online system developed to help Army students move forward academically. Its centerpiece is the online GoArmyEd Portal. Army students (including active-duty Army, enlisted soldiers of the Army National Guard, and Army Reserve on active duty) are able to accomplish many tasks in the GoArmyEd Portal such as: apply to a university (by completing a *Common Application*), enroll in courses, handle tuition assistance (TA) issues†, and monitor their progress toward a degree.

UMUC Asia presents information about GoArmyEd on its Web site.* Army students may also visit the GoArmyEd Portal directly, at www.GoArmyEd.com, or contact their Education Services Officer (ESO) or Counselor to learn more about GoArmyEd.

- The Military Spouses Career Advancement Account (MyCAA) is a unique financial aid program for military spouses. UMUC provides advisors to assist students with applying and using MyCAA benefits.

- UMUC is a member of the Navy College Program Distance Learning Partnership, a special partnership leading Navy students toward their bachelor’s degree.

- The College of the American Soldier (CAS) program builds on the success of the Servicemembers Opportunity Colleges Army Degrees (SOCAD). Selected as a partner of the CAS program, UMUC helps to maximize college credits received from military education and leadership training for non-commissioned officers.
INTRODUCTION

THE STUDENT AND THIS CATALOG

Responsibilities

This catalog includes policies and procedures that govern study at UMUC Asia. Students are responsible for knowing the information contained in this catalog.

In addition to summarizing student responsibilities, this catalog explains the programs of study that are available from UMUC, and provides descriptions of the courses that are most frequently offered.

More Information

After reading this catalog, you may still have questions about some aspect of the UMUC program. The UMUC Enrollment Specialist at your education center can answer many of your questions, and can direct you to the right person or office if you need further help.

You may need to refer some of your questions to your local UMUC administrator. The addresses and telephone numbers for these people and offices are in the directory section near the end of this catalog. You may also consult the UMUC Asia Web site at www.asia.umuc.edu.

† It is possible that there could be additional fees not covered by Army Tuition Assistance, notably the UMUC Application Fee. It is the student’s responsibility to ensure these fees are taken care of in order to remain in good financial standing with the institution. All outstanding debts will be sent to a collection agency post lapse of delimiting dates.

* For information about GoArmyEd and the GoArmyEd Portal, Army students can visit the UMUC Asia Web site (www.asia.umuc.edu/studentservices/goarmyed.cfm). Additionally, Army students can access the GoArmyEd Portal directly (www.GoArmyEd.com) or contact their Education Services Officer (ESO) or Counselor.
ELIGIBILITY

Members of the U.S. Armed Forces, American employees of the U.S. government, and their family members may enroll in undergraduate classes through University of Maryland University College Asia if they meet admission requirements. Depending on U.S. military policy, local citizens may take UMUC courses in some countries. Individuals on tourist visas are not eligible to enroll with UMUC Asia.

At the time of this publication, the Bowie State Undergraduate program is only available to students residing on Okinawa.

Questions about eligibility in either program should be addressed to the Director, Student Services, UMUC Asia, in Yokota.

ORIENTATION AND GETTING STARTED

UMUC Enrollment Specialists and Academic Advisors stand ready in military communities to provide face-to-face assistance with admission, registration, advising appointments, and more. Contact information for Enrollment Specialists is available at www.asia.umuc.edu/sited/.

ADMISSION REQUIREMENTS

The admission procedures of UMUC were designed to meet the needs of adult, part-time students. Most applicants who have a high school diploma from a regionally accredited or state-approved high school in the United States—or the equivalent—can be admitted and register for undergraduate classes. All students who have not completed at least 24 credits of transferable college coursework must submit high school transcripts (or equivalent) by the end of the second term of study at UMUC. Test scores are not required. Admission of foreign-educated applicants is governed by requirements given on page 11. Students must be officially admitted to the University before they can register for classes. UMUC policy 210.00 on Undergraduate Admission is available online at www.umuc.edu/policies.

Active-duty Army students must complete the Common Application online in the GoArmyEd Portal*. Upon submission of the common application, the standard UMUC Asia $50 application fee will be incurred.

Procedures for Admission

To apply for admission, students must complete an undergraduate admission application and pay the $50 nonrefundable
fee. Applicants who intentionally provide false information on their applications are subject to disciplinary action, as detailed in UMUC policy 151.00 Code of Student Conduct (available online at www.umuc.edu/policies). Applications for admission may be submitted online through MyUMUC (https://my.umuc.edu). Military ID card validation by the local UMUC Asia Enrollment Specialist is required after completing the online application.

**Student Status**

Upon being admitted to UMUC, students are assigned to regular, provisional, or consortium status.

**Regular**

A qualified applicant who wants to audit or receive credit for courses (whether he or she intends to receive a degree or not) is admitted as a regular student. For financial aid purposes, a regular student must be seeking a degree or certificate at UMUC. Admission as a regular student is granted to applicants who submit a completed, signed application and certify that they fulfill one of the following academic requirements:

- Have graduated from a regionally accredited or state-approved high school in the United States
- Have passed a high school equivalency exam.

The most commonly accepted high school equivalency is the General Education Development (GED) test; a total score of 225 and no individual test score below 40 (for tests completed before January 2002) or a total score of 2250 and no individual test score below 40 (for tests completed after January 2002) is required for passing.

To be granted regular admission status, students should have maintained a cumulative grade point average (GPA) of at least 2.0 (on a 4.0 scale) in all college-level work attempted at other regionally accredited colleges and universities, including other University System of Maryland institutions. However, an academic probation or dismissal that occurred at least two years before the date when the student applies for admission has no bearing on the student’s admission status.

The conditions under which foreign-educated students may attain regular status are provided on page 11.

**Provisional**

Two categories of students may be admitted in provisional status:

1. Applicants who, during the last two years, earned a cumulative grade point average of less than 2.0 (on a 4.0 scale) at another institution and/or were academically dismissed from another institution (regardless of their cumulative grade point average).

2. Foreign-educated students who have not completed at least 24 credits of transferable college coursework from a U.S. college or university.

All provisional students may enroll for a maximum of 7 credits during a fall, spring, or summer term.

Provisional students in the first category must submit transcripts from all colleges and universities they have attended during their first session of enrollment at UMUC. If the student’s session grade point average at UMUC is less than 2.0, the student is placed on probation. If, while on probation, the student’s session grade point average is 2.0 or better, she or he returns to provisional status. If, while on probation, the student’s session and cumulative grade point averages are less than 2.0, he or she is dismissed and must follow the standard reinstatement procedures that apply to all dismissed students. The student’s status is automatically changed to regular after the student has successfully completed 7 credits of graded coursework with a cumulative grade point average of 2.0 or higher. Students in the second category, i.e., those educated abroad, must submit official transcripts verifying completion of the equivalent of a U.S. secondary education and prove English proficiency. They are eligible for regular admission status once UMUC has verified these qualifications.

**Consortium**

Colleges and universities serving the military in Asia work together as a consortium. Students seeking a certificate or degree with a consortium institution can enroll in a limited number of courses with other consortium institutions without paying an additional application fee. These courses must be (a) needed by the student to complete certificate or degree requirements and (b) unavailable from the institution at which the student is seeking to earn the certificate or degree. Note: UMUC Asia extends consortium status to Community College of the Air Force (CCAF) students and to students with a Servicemembers Opportunity Colleges Student Agreement from a SOC college or university. SOC students must submit a copy of their SOC Student Agreement to the UMUC Asia Enrollment Specialist when applying in order to have their application fee waived as visiting students.

Army SOC students must follow the instructions in the GoArmyEd Portal*.

* For information about GoArmyEd and the GoArmyEd Portal, Army students can visit the UMUC Asia Web site (www.asia.umuc.edu/studentservices/goarmyed.cfm). Additionally, Army students can access the GoArmyEd Portal directly (www.GoArmyEd.com) or contact their Education Services Officer (ESO) or Counselor.
A consortium student who requests an official evaluation from UMUC thereby indicates interest in earning a certificate or degree with UMUC and will be required to pay the UMUC application fee. The student’s category will then be changed from visiting to regular.

**Concurrent Secondary Enrollment**

With the recommendation of a high school guidance counselor, an academically gifted high school senior may carry a maximum of 7 credits per term at UMUC while finishing work toward a high school diploma. At least a month before a session begins, UMUC must receive the student’s application for admission, the application fee, official high school transcripts, and written permission from the appropriate officials at the high school. Such a student is required to demonstrate a cumulative grade point average of at least 3.5 (B+) in high school academic subjects. After being accepted, the student may continue to register as a “concurrent secondary” student until graduation from high school. For purposes of categorization, the student is treated as having provisional status.

For additional information, students should contact the Admissions Office at admissions-asia@umuc.edu.

**Transfer from UMUC Europe or UMUC Stateside**

Transfers between UMUC campuses (Asia, Stateside, and Europe) are simple and free of charge. It is important for students to notify UMUC when they relocate to a new duty station so residency and tuition may be accurately determined. Students who previously attended classes with UMUC Europe or UMUC Stateside within the previous two years must submit a divisional transfer through MyUMUC (my.umuc.edu) or by contacting a UMUC Asia Enrollment Specialist.

**Reenrollment**

Undergraduate students who have not attended UMUC for two years must file a new application with Undergraduate Admissions before they will be allowed to register. However, they need not pay another application fee. Students may reapply by selecting “Apply Online” at my.umuc.edu.

**Admission of College Graduates**

A student who has received a bachelor’s degree from an approved U.S. institution is automatically admissible to UMUC as a regular (undergraduate) student upon submission of the admission application and fee. A former graduate student in the University System of Maryland whose time limit in a program has expired may also be admitted as a regular (undergraduate) student. Students who have been admitted to UMUC as graduate students may take undergraduate courses only when satisfying approved prerequisites or as part of an approved articulation agreement. Students may be admitted as either undergraduate or graduate, but may not be admitted in both categories at the same time.

**Noncitizens and Foreign-Educated Students**

Prospective students who are not U.S. citizens or who received their secondary school education outside the United States may be required to provide additional documentation related to high school equivalency, English language proficiency, or visa or immigration status, as detailed below.

1. If the applicant has earned fewer than 24 credits at a U.S. college or university, he or she must verify completion of the equivalent of a U.S. secondary education by the end of their first term of study at UMUC by submitting one of the following:
   - An evaluation from an approved international credit evaluation agency. (Details are available online at www.asia.umuc.edu/internationalcredit)
   - Official transcripts showing successful completion a U.S. high school equivalency exam, such as the GED

2. If English is not the student’s native language, the student must demonstrate college-level proficiency in written English by presenting documentation of one of the following:
   - Graduation from a U.S. high school or regionally accredited university.
   - A grade of C or higher in an English composition course from an approved U.S. college or university.
   - A minimum score of 550 on a written version or 79 on the Internet-based version of the TOEFL (Test of English as a Foreign Language).
   - A minimum score of 6.5 on the International English Language Testing System (IELTS), including the academic writing and reading modules.
   - A minimum score of Grade Pre-1 on the EIKEN Test in practical English proficiency.

3. Noncitizens who plan to study while resident in the United States (as opposed to studying online from abroad) must provide information on visa or immigration status. To do so, students should enclose with the admission application a copy of their permanent resident card, their visa and I-94 card, or an approval notice from U.S. Citizenship and Immigration Services noting their visa or immigration status.

J-1 visa holders attending other schools must submit a letter of permission from their sponsoring institution before registration each semester.

Foreign-educated students who have earned 24 credits at a U.S. college or university may be admitted in regular status.
ADMISSION

Admission policies for first-time students who do not meet the criterion of high school equivalency are as follows. Students who do not meet this criterion are admitted provisionally and may register for a maximum of 7 credits. Once verification of high school equivalency is received, their status is changed to regular and they may register for up to 18 credits. Students are not permitted to register for subsequent semesters until verification is received.

Bridge Program

UMUC Asia offers the Bridge Program to ESL learners who have had previous study in the English language but have not achieved the required test scores to become regular students. The goals of this program are to improve both oral and written English skills and to facilitate transition into the U.S. higher education system. The classes are designed to build fundamental skills that will provide a foundation for success in future classes.

The Bridge Program is currently established in Okinawa, Misawa, Sasebo, and Yokota. The program may soon expand to other areas in Japan. If there is no Bridge Program available at your location in Japan, you may still be admitted as a regular student. This program is open to individuals with or without SOFA status, though different admission procedures apply.

Non-SOFA Students must have an official certificate of English proficiency from TOEFL, EIKEN, or IELTS prior to admission to the Bridge Program.

Non-SOFA Japanese citizens who wish to take courses with UMUC must first be approved by their prefectural governmental agency*. In areas without a designated agency, please contact the Bridge Program coordinator.

Students with SOFA status for whom English is not a native language are also welcome in the Bridge Program. English proficiency scores will not be required.

*Base employees (IHA/MLC) and students who attended a U.S. High School and/or U.S. college or university and completed an English Composition course can be admitted without a designated agency referral and are not required to have an English Proficiency test. Please contact the UMUC Asia Bridge Program Coordinator at BridgeProgram-asia@umuc.edu or 098-959-0002.

Applicants Previously Suspended or Dismissed

An academic probation or dismissal from another institution that took place at least two years before the date when a student applies for admission has no bearing on the student’s admission status. However, all students previously dismissed from UMUC must apply for reinstatement.

Applicants academically suspended or dismissed from other institutions within the previous two years, regardless of their cumulative grade point average, may be admitted as provisional students. They must fulfill the requirements for provisional status. Details are given on page 10.

An applicant who has received a disciplinary suspension or dismissal from another institution within the last three years may not be considered for admission to UMUC until the University registrar has thoroughly reviewed the case. Such an applicant must make certain that the institution where the action was taken sends all records explaining the circumstances directly to Undergraduate Admissions. The length of time necessary for the documents to be sent and reviewed may preclude the student’s registering during the session of initial application.
University of Maryland University College Asia conducts five sessions of eight-week duration, as well as various sessions to accommodate military exercises or deployments. The academic year begins in late August and ends the following mid-August. Session dates for the current academic year are listed on the inside front cover of this catalog. Undergraduate face-to-face (on-site) and online classes are generally eight weeks long. On-site classes are usually held on military installations and registration is held at education centers, or online at MyUMUC (my.umuc.edu).

Army students must register for all classes through the GoArmyEd portal.*

OFFICIAL REGISTRATION

All students (except for GoArmyEd) must

• Complete an eApplication and register online at MyUMUC (my.umuc.edu); and pay the nonrefundable application fee when applying for the first time
• Register online through MyUMUC or contact your UMUC Enrollment Specialist or Academic Advisor
• Complete and process the appropriate forms if receiving government tuition assistance (TA) or VA education benefits
• Pay all fees in full prior to the first class meeting

GoArmyEd students must

• Access the online GoArmyEd Portal at www.GoArmyEd.com
• Complete the Common Application in the portal
• Register for UMUC courses in the portal by selecting campus “University of Maryland University College-Asia” or entering the GoArmyEd class number listed on the online class schedule
• Follow instructions in the portal to receive TA
• Pay all fees in full prior to the first class meeting.

Note: The UMUC Asia nonrefundable application fee is not covered by Army TA. This fee must be paid in the MyUMUC student portal or at your local field office.

The Waiting List

If a class is already full at the time of registration, the student has the option of placing his or her name on a waiting list for that class.

Waiting List Policies

Regardless of how the student registers, the following policies apply:

• Students may put their name on the waiting list for only six courses or sections.
• Students may not attend a class for which they are on the waiting list.
  Faculty members and Academic Advisors are not authorized to add students to a closed class.
• If a space becomes available, the first student on the waiting list will automatically be registered for it, and the charge will appear on his or her account. An e-mail will be sent to notify the student of the enrollment. If that student is ineligible for enrollment (because he or she has not met prerequisites or is enrolled in another class that conflicts in time), the space will go to the next person on the waiting list.

Students who no longer want a class should remove their name from the waiting list to prevent the possibility of automatic enrollment.

Course Load
For official data, full-time enrollment is defined as 12 or more credits per term and half-time as 6-11 credits per term.

Decisions on the number of courses a student can successfully complete in any one session are normally left to the student’s discretion. It should be noted, however, that the majority of UMUC students register for between 3 and 7 credits, and students are strongly advised not to exceed this limit. Students should carefully and realistically assess other commitments before registering for more than 7 credits. In no case may a student register for more than 18 credits in a 17-week period without written permission from an advisor. Permission to register for more than 18 credits is at the university’s discretion and is based on demonstrated academic excellence at UMUC. A minimum GPA of 3.5 and an enrollment history indicating success in carrying a heavier-than-average course load at UMUC are required.

No student may register for courses whose scheduled meeting times overlap.

CERTIFICATE OF ENROLLMENT
Letters certifying official enrollment are available upon request from Student Services at Yokota or may be generated from the MyUMUC Student Portal. Enrollment can be certified only for the current term and for previous terms. If the student is requesting a letter for a future term, it will be mailed out on the first day of class.

WITHDRAWAL
Students who withdraw from (drop) a course are responsible for completing the withdrawal through MyUMUC or the GoArmyEd Portal. The date a student withdraws in MyUMUC will determine the withdrawal date for refunds. Stopping payment on checks for registration fees or not paying at the time of registration does not constitute an official withdrawal or relieve the student of his or her financial obligation to UMUC. Never attending or ceasing to attend class(es) does not constitute a withdrawal. UMUC cannot accept withdrawals verbally. Students who do not formally withdraw may receive a failing grade and forfeit any refund.

In addition, students using tuition assistance must contact the education counselor at the education center that issued the tuition assistance to discuss the reason(s) for withdrawing from the class and possible repayment of funds. GoArmyEd* students must follow the procedures and withdraw through the GoArmyEd Portal.

Each campus has its own withdrawal policy, and dates and deadlines vary from campus to campus. Students who take a course from another UMUC campus (Europe or Adelphi) are responsible for determining the appropriate withdrawal deadlines and refund schedules.

Note: Undergraduate students enrolled in UMUC Stateside online classes must officially withdraw before 65 percent of the total number of days in a session has expired.

Students who officially withdraw from a course on or after the start date of the class will receive a mark of W. According to UMUC Asia policy,
• Students who register for on-site classes or weekend seminars must officially withdraw no later than the day before the final class meeting;
• Students who register for online and hybrid courses must officially withdraw no later than the Friday before the final week of the course.

Additional information for students receiving Veterans Affairs (VA) education benefits and financial aid can be found in the VA and Financial Aid sections of this catalog.

Additional information regarding withdrawal and refunds can be found in the Fees section of this catalog.

For information about GoArmyEd and the GoArmyEd Portal, Army students can visit the UMUC Asia Web site (www.asia.umuc.edu/studentservices/goarmyed.cfm). Additionally, Army students can access the GoArmyEd Portal directly (www.GoArmyEd.com) or contact their Education Services Officer (ESO) or Counselor.
FEES

Fees charged to UMUC students in Asia fall into several categories, as outlined in this section.

All fees are payable in full, in U.S. Dollars, at the times specified. No cash may be accepted. Checks, e-checks, money orders, or postal notes must be made payable to UMUC Asia and must be drawn on a U.S. bank or post office. Payment for tuition, books, transcripts, and other fees may also be made by credit card (American Express, Discover, MasterCard, and Visa).

Application Fee $50

UMUC Asia charges a non-refundable fee for establishing the student’s permanent record, the official University document from which transcripts are issued. Payment should be made through the MyUMUC Portal the first time the eApplication with University of Maryland University College Asia is completed.

GoArmyEd students who complete a Common Application in the GoArmyEd Portal must pay the $50 application fee upon receipt of a bill or by submitting payment in the MyUMUC portal.

This fee is not required of consortium students unless they declare their intent to pursue a certificate or degree through UMUC Asia.

Tuition

All tuition and applicable fees must be paid in full at registration unless the student

- Applied for financial aid to cover tuition and fees for the session
- Is enrolled in UMUC’s interest-free monthly payment plan (details are provided at www.umuc.edu/payoptions).
- Submitted proof of employer-provided options.

Payments can be made via

- Credit card (American Express, Discover, MasterCard, or Visa)
- Money order
- Check (made payable to University of Maryland University College)
- Electronic debit from a checking or savings account

Students who qualify for tuition assistance, financial aid, or veterans benefits should consult the appropriate sections of this catalog. Students interested in the monthly payment plan, administered by Educational Computer Systems, Inc. (ECSI), should contact the company at 866-927-1438 or visit www.ecsi.net. More information on payment is available online at www.umuc.edu/makeapayment.
Examination to Establish Credit
The current tuition rate per credit is charged for each credit that the student seeks to establish through UMUC’s course-challenge examinations and UMUC Asia’s foreign language examinations. This fee should accompany the application for examination.

Certificate or Diploma Fee $50
A non-refundable fee of $50.00 is payable when a student applies for a certificate or degree and must be paid for any subsequent application.

Cap and Gown
Each graduate who plans to attend Commencement is responsible for the purchase of a cap and gown.

Returned Check Charge $30
A charge of $30.00 is made for checks which have been returned by a bank for insufficient funds, in addition to the amount of the dishonored check.

Transcript Fee $10, $25, or $44.95
Each official transcript ordered from any UMUC campus costs $10, except those sent to another Maryland public two- or four-year institution. Transcripts sent to another Maryland public two- or four-year institution will be issued free of charge. Rush transcripts cost $25. Overnight rush transcripts cost an additional $19.95.

Payment must accompany each request for a transcript. Express service is not available within the Military Postal System (MPS). Each Asia Division student receives one complimentary transcript upon their first request.

Indebtedness to the University
Students who incur debts to UMUC must clear them to be permitted to register. Requests for services (including transcripts and diplomas) are denied until all debts have been paid.

Outstanding debts are collected against refunds due the student. After a reasonable period of time, uncollected debts are forwarded to the Central Collection Unit of the State Attorney General’s Office.

If a student fails to pay charges incurred with UMUC, UMUC has the authority to deem that account delinquent and transfer it to the State of Maryland Central Collection Unit. UMUC has also received authorization from the Board of Regents to charge students’ delinquent accounts a 17% collection fee and/or all attorney or court costs incurred by the University. Once a past-due balance with UMUC has been transferred to the state Central Collection Unit, the student’s information is reported to a credit bureau. More information may be accessed from the Student Accounts Web page at www.umuc.edu/studentaccounts.

REFUNDS
A student who withdraws from a course during the official drop period will receive a full tuition refund. A student who withdraws after the drop period will be refunded a portion of the tuition, the amount to be determined by the date of the withdrawal. Refunds for Workplace Learning courses follow university policy and are based on the date the student registered for the course. The schedule for partial refunds is provided at www.umuc.edu/refundpolicy.

If the tuition for a student who withdraws was paid by employer contract, the refund is returned to the employer. If the tuition assistance was a partial payment, it is returned to the employer, and excess payments are refunded to the student. Financial aid awards may be canceled or reduced for financial aid recipients who withdrew from classes. Financial aid recipients should check with a financial aid advisor when withdrawing from a course to determine the impact on their awards.

No offer of financial aid is considered an active, final award until the refund period has ended. Students who withdraw before the end of that period are liable for all costs incurred and are billed accordingly.
FINANCIAL AID

UMUC’s Financial Aid Office administers a variety of financial assistance programs—including grants, scholarships, federal work-study, and loans—to help students meet the costs of their educational programs. Aid is available for students who demonstrate financial need, academic merit, or both.

Regardless of income level, all students are encouraged to apply for assistance; many financing alternatives are available. Awards toward textbook costs are also sometimes available.

GENERAL ELIGIBILITY REQUIREMENTS

An eligible applicant for UMUC assistance must

- Be admitted to UMUC as a degree-seeking or eligible certificate-seeking student.
- Be a U.S. citizen or an eligible noncitizen.
- Be enrolled for three or more credits for most federal and institutional aid programs. Federal loan programs require enrollment of at least half-time. Audited courses, some repeated courses, credit by examination, and Portfolio portfolio credits cannot be counted.
- Demonstrate satisfactory academic progress toward a degree or certificate according to UMUC policy.
- Have a high school diploma or GED.
- Possess a valid Social Security number.
- Register with Selective Service, if required to do so.
- Not be in default on any federal student loans, have borrowed in excess of loan limits, nor owe a refund on any grant under Title IV federal student aid programs.
- Not be ineligible based on a drug conviction.

FINANCIAL AID PROGRAMS

Most aid programs are available to both full- and part-time students. Amounts and eligibility for financial aid vary from year to year. Following is a brief description of programs available for the upcoming award year.

Grants and Scholarships

Gift assistance, for which no repayment is required, is offered by the federal government, the state of Maryland, UMUC, and private donors. The UMUC Financial Aid Office administers several programs: Federal Pell Grants, Federal Supplemental
The **Federal Pell Grant** is a grant program for high-need, first-time undergraduates. In 2012-13, students were eligible to receive up to $2,775 per semester. Awards vary by need level and enrollment status.

The **Federal Supplemental Educational Opportunity Grant (SEOG)** offers need-based awards for high-speed first-time undergraduates. The amount and number of awards vary depending on the availability of funds allocated by the U.S. Department of Education. Typical awards will range from $300 to $600 per semester.

The **UMUC President’s Grant** offers grants to students who demonstrate financial need. Typical awards will range from $100 to $500 per semester, based on need.

**UMUC scholarship programs**, which include the UMUC President’s Scholarship and the UMUC Community College Scholarship, offer a number of institutional scholarships as well as scholarships from corporate donors and foundations. A separate scholarship application must be completed online via MyUMUC (https://my.umuc.edu) for consideration. Requirements vary according to the individual scholarship program. Typical awards for most programs range from $200 to $1,500 per semester. UMUC Community College Scholarships provide awards up to $3,300 for full-time students and up to $1,650 for part-time students who are outstanding community college graduates. Students receive one UMUC scholarship/grant per academic year. Employees of UMUC and their dependents, as well as persons who receive remission of fees from other institutions, are not eligible to receive UMUC scholarships or grants. Scholarships are awarded for the academic year on a first-come first-served basis, so it is essential to submit a scholarship application as early as possible. More information is available online at www.umuc.edu/scholarships.

Many UMUC students receive private scholarships offered by corporations, associations, foundations, and other organizations that offer awards on a competitive basis to students who meet specific criteria. Scholarship links and search tools are available through the Web at www.umuc.edu/financialaid.

**Loans**

Loan programs are available to students enrolled for at least 6 credits per semester. Students who take loans to pay for college expenses must repay the principal and interest in accordance with the terms of the promissory note.

The **Federal Perkins Loan** program offers need-based, low-interest federal loans. Award amounts typically range between $500 and $2,000 per semester. The current interest rate is 5 percent. Repayment is made to UMUC and begins nine months after the borrower leaves school or attendance drops below half time.

The **William D. Ford Federal Direct Loan** program offers low-interest federal loans to students. Loan amounts vary based on grade level and dependency status. Repayment begins six months after the student leaves school or attendance drops below half time. For annual award amounts and general repayment terms, students should visit www.umuc.edu/financialaid and click on types of financial aid available.

The **Federal Direct PLUS Loan** program enables parents with adverse credit histories to borrow for a dependent student enrolled at least 6 credits per semester. Parents are eligible to borrow up to the cost of education less other financial aid received by the student. Repayment begins approximately 60 days after disbursement.

**Private Student Loan** programs are also an option for UMUC students. Students whose financial aid awards do not meet their financial need may be able to borrow up to their cost of attendance from private student loan programs offered by various banks and other lenders. These education loans are not federal loans; students borrow directly from and make payments to the lender. Students who are interested in a private student loan should contact the bank of their choice or visit UMUC’s Web page on private student loans at www.umuc.edu/financialaid.

**Textbook Awards**

Awards to be applied toward the cost of textbooks are frequently available via the Financial Aid Office. These awards are typically $100 and can be applied for without completing a FAFSA or writing an essay. Check www.asia.umuc.edu/financialaid for current availability and eligibility requirements.

**Employment**

UMUC recognizes the importance of flexible, part-time employment for students who are in transition or who have financial need.

The **Federal Work-Study** program is a need-based program that provides jobs to assist students in meeting college costs. The amount of award varies according to financial need and availability of funds. Funds are paid monthly, based on hours worked. Students must apply and be hired for employment at UMUC or in a community-service setting.
FINANCIAL AID

UMUC FINANCIAL AID STANDARDS FOR SATISFACTORY ACADEMIC PROGRESS

Federal regulations require students receiving financial aid to maintain satisfactory academic progress toward their degree or certificate. Students who fail to meet the minimum requirements are not eligible to receive financial aid. Students should refer to the appendices for details of the appeal process and the complete Satisfactory Academic Progress policy for financial aid students.

The Financial Aid Application Process

Students must complete the Free Application for Federal Student Aid (FAFSA) to be considered for any type of financial aid at UMUC. The FAFSA must also be completed for a student to be considered for need-based Maryland state scholarships. The FAFSA may be completed online at www.fafsa.gov.

To be given high priority for their financial aid applications and a determination of eligibility early enough for funds to be reserved by registration, students should complete their FAFSA by the priority deadlines listed below.

Students meeting these dates will have the opportunity to be considered for the various grant and scholarship programs with limited funds. Those who do not meet these deadlines may not receive their financial aid in time for registration.

Students who apply late may still receive aid, depending on their eligibility and the availability of funds. Eligibility for both loans and grants can be authorized even after the term has begun.

FEDERAL RETURN OF FUNDS POLICY

Federal student financial aid is awarded under the assumption that the student will be enrolled for a specific period of time, such as a term. When a student receives these funds but does not enroll as expected, the Financial Aid Office is required to determine whether the student has been enrolled long enough to keep all of the financial aid paid to him or her. Therefore, UMUC’s Financial Aid Office must perform a return of Title IV Funds calculation any time a student stops his or her enrollment (i.e., withdraws, drops or stops participating in classes and receives and FN grade) before the end of the semester and does not certify his or her intent to return in another session before the end of the semester. For further information, students should visit www.umuc.edu/titleIVfunds.

FOR FURTHER INFORMATION

All financial aid information and forms are available at www.umuc.edu/financialaid on the UMUC Web site. Students with additional questions should visit Help@UMUC at http://help.umuc.edu to e-mail, chat, or review an extensive list of frequently asked questions. Students may also contact the Financial Aid Office by phone at 800-888-UMUC.

Additional information on Financial Aid may be found in Appendix F of this catalog.

OTHER SOURCES OF FINANCIAL AID

Community Scholarships

Scholarships are sometimes available through Officers’ and Noncommissioned Officers’ Spouses’ Clubs and other organizations on military bases. At some locations, the Air Force and Navy have spouse tuition assistance programs for spouses of active duty military members. Check with the local Education Services Officer or UMUC Asia Enrollment Specialist about the possible availability of these scholarships.
VETERANS BENEFITS PROGRAMS

Students may apply for the following educational assistance programs administered by the U.S. Department of Veterans Affairs:

- The Montgomery GI Bill–Active Duty Educational Assistance Program (MGIB, Chapter 30)
- Vocational Rehabilitation (Chapter 31)
- The Post–Vietnam Era Educational Assistance Program (Chapter 32)
- The Post-9/11 GI Bill (Chapter 33)
  - Yellow Ribbon Program
  - Transfer of Post-9/11 GI Bill Benefits to Dependents
  - Marine Gunnery Sergeant John David Fry Scholarship
- The Survivors’ and Dependents’ Educational Assistance Program (Chapter 35)
- Montgomery GI Bill–Selected Reserve Educational Assistance Program (Chapter 106)
- Montgomery GI Bill–Reserve Educational Assistance Program (Chapter 1607)

Detailed information on all assistance programs is available on the UMUC Web site at www.umuc.edu/vabenefits or on the Department of Veterans Affairs Web site at www.gibill.va.gov.

APPLICATION PROCEDURES

Students who are eligible for educational benefits from the U.S. Department of Veterans Affairs should review the online information and application procedures (at www.umuc.edu/vabenefits). Every educational assistance program requires different paperwork and documentation to process a claim. Initial applications for benefits should be submitted online directly to the U.S. Department of Veterans Affairs. All students must also complete a UMUC request for certification form each session they wish to receive benefits. The U.S. Department of Veterans Affairs processes claims and issues payment six to eight weeks after receiving completed paperwork.

AMOUNTS AND METHODS OF PAYMENT

The amount of money a student may receive from the U.S. Department of Veterans Affairs depends on the educational assistance program for which the student is eligible, the number of credits for which the student is registered, the length of the ses-
VETERANS’ EDUCATION BENEFITS

EVALUATION OF PRIOR TRAINING

When a student files a claim for educational benefits, the U.S. Department of Veterans Affairs requires previous training to be evaluated so that the student receives correct transfer credit. Information about types of training that qualify begins on page 30; these include military training and service schools, postsecondary education, certain correspondence courses, and credit by examination.) Each student must have an academic advisement report completed during the first session. Students who do not comply may find future benefits delayed. After their first registration, eligible students are provided with information on the necessary procedure.

STUDENTS’ RESPONSIBILITIES

Students receiving benefits are expected to follow all regulations and procedures of the U.S. Department of Veterans Affairs while attending UMUC.

At UMUC, all regulations of the U.S. Department of Veterans Affairs are enforced. Students should be aware of the following requirements and consequences:

• Students are expected to make satisfactory progress toward a degree or certificate; everyone must comply with the academic standards of UMUC.
• Students must report all changes in enrollment—including drops, adds, withdrawals, changes to audit, and changes in degree objective.
• Registering for a course and then not attending, or ceasing to attend without officially withdrawing, is a misuse of federal funds that is punishable by law.
• Payment of benefits will be disallowed for any course in which a nonpunitive grade (i.e., a grade of I, W, or AU) is assigned.
• Payment of benefits will be disallowed for repeating a course for which transfer credit has been granted or for which a passing grade of A, B, C, D, P, or S was assigned.
• Payment of benefits will be disallowed for any course in which a grade of FN is assigned.
• Payment of benefits will be disallowed for any course that is not a requirement in a student’s degree or certificate program.

TUTORIAL ASSISTANCE

Veterans, active-duty military personnel, and reservists receiving funding assistance from the U.S. Department of Veterans Affairs may qualify for tutorial assistance. Students enrolled at least half time may qualify. Payments are allowed when students demonstrate deficiency in courses that are required for their degree programs.

WORK-STUDY ALLOWANCE

Students who are registered at least three-quarters time (9 credits) and who need money to attend school may participate in work-study. Recipients of benefits under the provisions of Chapters 30, 31, 32, 33, 35, and 106 may be eligible. Students may work up to 400 hours during a session and receive either the federal minimum wage or the state minimum wage, whichever is greater.

FOR FURTHER INFORMATION

Information and applications are available from the student’s advisor or at www.umuc.edu/vabenefits on the UMUC Web site.
UMUC’s agreement with the military services requires military students to submit all necessary documents and obtain a degree plan with UMUC by the deadline as stipulated by the service. Academic Advisors can assist with further information. Students who are enrolled in the Community College of the Air Force (CCAF) or who have SOCAD, SOCMAR, SOCNAV, or SOCCOAST agreements already have degree plans and are exempt from this requirement.

**ACADEMIC ADVISING**

Academic Advisors provide enrolled students the information needed to plan an academic program. This assistance can include a review of potential transfer credit, help with clarification of education and career goals, aid in selecting appropriate courses, and the preparation of tentative evaluations of students’ progress toward UMUC certificates, associate’s degrees, and bachelor’s degrees.

Students should meet with an Academic Advisor as early in their college careers as possible to ensure that the courses they select meet the requirements for a degree or certificate with UMUC. If students cannot speak with an advisor in person, they can contact one by telephone or email. Students can access an advisor’s contact information through MyUMUC.

**INITIAL ESTIMATE OF TRANSFER CREDIT**

Prospective or newly admitted students can have a review of their potential transfer credit done by an Academic Advisor. This review is an estimate of the academic credit UMUC might accept toward a particular degree and of the requirements that would remain to be fulfilled. (Sources of credit are described in the Ways of Earning Credit section of this catalog and online at www.asia.umuc.edu/studentservices/credit.cfm.) This review is not binding on either the student or UMUC and is subject to change.
Academic Advising

Review of International Records

Students who are seeking a review of potential transfer credit from international postsecondary educational institutions need to

• Be admitted and be seeking an undergraduate degree at UMUC.
• Mail their official international transcripts to the international credit evaluation services selected by UMUC. (More information can be found online at www.asia.umuc.edu/studentservices/intcredeval.cfm.)
• Pay fees associated with the international evaluation.
• Have all official transcripts from any U.S. institution previously attended sent to UMUC.
• Submit an Official Evaluation Application; this form is available at all education centers and on the UMUC Asia Web site at www.asia.umuc.edu/publications/forms/umr-232_eval.pdf.

Academic Advisement Report

To access information about degree progress, students need to submit official transcripts from all colleges and universities previously attended, including other institutions of the University System of Maryland, whether or not transfer credit is requested or granted. UMUC may deny transfer credit from any institution not listed on the application for admission. Sources of transfer credit not listed at the time of admission or approved by an advisor after admission cannot be applied toward the UMUC degree. An Academic Advisement Report:

• Includes all transfer credits applicable to the degree program
• Lists all courses completed at UMUC
• Incorporates other types of academic credit
• Remains in effect only while the student remains continuously enrolled.

In the Academic Advisement Report, a student’s most recent courses are applied to requirements first. Courses that could apply to multiple requirements are assigned to the first relevant category in the following order: general education requirements, then requirements for the selected academic major and minor, and finally electives. Verification of other degree-wide requirements (such as minimum number of upper-level credits) follows and may affect the remaining credits needed for the degree. Students are responsible for submitting all pertinent academic documents (such as academic transcripts, confirmation of credit conferred by examination, or records of credit from military service schools) during their first session at UMUC.

To be considered official, documents must be sent directly from the issuer to the following address:

File Management
University of Maryland University College
3501 University Boulevard East
Adelphi, MD 20783-8070
UMUC is unlike any other institution of higher education in the world in its combination of access with academic quality. It opens the doors to learning by taking education to students wherever they may be. Because UMUC understands the importance of lifelong learning, it has established academic policies that encourage the appropriate use of transfer credit from other institutions, as well as credit from less traditional sources. Recognizing that adult students bring to the University not only a willingness to learn but also an educational history informed by experiential learning, it incorporates the assessment of nontraditional learning (i.e., learning gained outside the classroom) into the evaluation of student competencies and academic credit.

CLASSROOM, ONLINE, AND INDIVIDUALIZED LEARNING

UMUC uses every feasible instructional delivery mechanism or platform to extend degree opportunities to students. Most of UMUC’s degree and certificate programs are available both on-site and online and allow blended formats to suit student schedules and preferences.

Students take UMUC courses in classrooms at over 30 sites in Asia. Students can also “attend class” worldwide in UMUC’s online courses or in self-paced multimedia learning Computer Aided Telecourses (CAT). Students may choose to complete their academic studies through one, two, or all three of these formats to suit their schedules and preferences.

UMUC courses meet the same standards of quality regardless of delivery format. Any given course has the same objectives and requirements, awards the identical amount of academic credit, and may be applied toward the same undergraduate degrees whether it is delivered in a classroom, via the Internet, or on a CD/DVD.

Both classroom and online programs are also supported by a full range of student services and academic resources—from extensive online library databases to admission, advising, and registration—that can be accessed on-site, online, and by phone (contact information available on the MyUMUC Student Portal).

Online Learning

UMUC Asia offers a wide variety of Online Learning (OL) courses. In addition, students in Asia may take OL courses offered by UMUC’s Stateside Programs in Maryland. OL courses are intended primarily for students whose duty schedule or location makes it difficult for them to enroll in a regularly scheduled course. The courses are computer-based, requiring students to have access to the Internet with their own or UMUC e-mail accounts. There are seven 8-week sessions of OL courses each.
WAYS OF EARNING CREDIT

academic year. See the inside front cover of this catalog for online class session dates.

WebTycho, the University’s online classroom delivery platform, provides secure access to course materials and course tools via the Internet, including extensive library materials. Faculty post syllabi, lectures, assignments, and discussion questions to the WebTycho classroom. Students are able to participate in discussions, submit assignments, and interact with classmates and faculty who are located at different locations around the world. Communication is typically asynchronous, allowing students to participate at any convenient time and place.

OL courses are not self-paced; assignments are to be completed according to the due dates of material as set by the faculty member. The importance of writing ability in English cannot be overemphasized, since most coursework is written, and faculty and students communicate in writing. The UMUC Asia Online Learning office can provide information about specific course offerings, schedules, and registration procedures. You may also access the Asia OL site at de.asia.umuc.edu.

RESIDENT CREDIT

Study in the overseas divisions establishes resident credit with University of Maryland University College. Since both faculty members and courses overseas meet academic standards set by the University, courses offered overseas carry resident credit identical to that earned in the stateside programs of UMUC. Thus a student may earn a UMUC bachelor’s degree entirely through study in Asia or in combination with study in Europe and at stateside locations in Maryland and in the Washington, D.C. metropolitan area. In addition to on-site classroom courses, UMUC offers an extensive array of courses through its acclaimed online program, all of which carry UMUC resident credit.

LEARNING GAINED THROUGH EXPERIENCE

Learning acquired outside the college classroom may be assessed for credit toward a degree at UMUC. Students can make use of life experience for possible college credit through Prior Learning (Portfolio or course challenge), Workplace Learning, and a variety of recognized external assessments. Details on Prior Learning and Workplace Learning follow. Academic Advisors can help in determining the best routes to use in fulfilling any academic plan.

PRIOR LEARNING

The Prior Learning program teaches students to identify, articulate, and gain academic credit for the college-level learning they have acquired through work and life experience. Students may earn credit for college-level learning acquired outside the classroom through two avenues: course-challenge examinations and Portfolio. As many as 30 credits may be earned through a combination of course-challenge examinations and Portfolio and applied toward the bachelor’s degree. However, no more than half the credits required for an undergraduate major, minor, or certificate program may be earned through Prior Learning (Portfolio and course-challenge examinations) and credit by examination. Any excess credits awarded are applied where appropriate in the student’s program of study.

Course-Challenge Examinations

UMUC credit can be earned for any undergraduate course for which UMUC can prepare and administer a suitable examination or assessment (called a course-challenge examination). Academic Advisors and Prior Learning office staff can inform students about specific courses that may not be challenged by examination. Degree- or certificate-seeking students at UMUC who have received an academic advisement report and have a cumulative grade point average of at least 2.0 in UMUC coursework should carefully review the rules, procedures, and limitations described at www.umuc.edu/priorlearning before applying online.

Course-challenge exams are not intended as a substitute for independent study. Students may be required to show evidence of prior learning before being authorized to take a course-challenge exam. Credit may be applied toward a first or second bachelor’s degree or toward a certificate. No exam may be taken more than twice, and course-challenge examinations may not be taken for courses for which the student has previously enrolled. Only one course in a sequence may be tested at a time, and students may not take an exam for a course that is prerequisite for a higher-level course they have already taken.

Credit earned by course-challenge examination earns a letter grade, according to the exam score, that is computed in the grade point average. However, this credit may not be applied to the requirement for graded coursework in the student’s major. Students may not receive credit for introductory courses in their native language.

Exams may only be canceled before the student receives the exam. Refunds are given only if a suitable exam cannot be prepared. More information on course-challenge examinations may be obtained by visiting www.umuc.edu/priorlearning or by calling 800-888-UMUC, ext. 2-2890.
WAYS OF EARNING CREDIT

Portfolio

Portfolio is a unique way for students to articulate and identify college-level learning they have gained from work, community or political involvement, or other noncollegiate experiences and gain credit for it.

To be eligible for Portfolio, students must

- Complete a Portfolio application.
- Meet basic standards in writing (either by having taken a college writing course or by qualifying for WRTG 101 on the writing placement test).
- Be in good academic standing at UMUC (not on academic warning or probation).
- Have submitted all transcripts, exam scores, and military documents related to coursework and experience to the Registrar’s Office for a review of transfer credit.

Enrollment in EXCL 301 Learning Analysis and Planning is required. In this 3-credit course, the student prepares a portfolio describing and documenting college-level learning gained from past experiences. Because EXCL 301 is a demanding and complex course, part-time students should not register for more than one other course during the session in which they are enrolled in EXCL 301.

Students who successfully complete EXCL 301 with a grade of S and submit a portfolio for evaluation may enroll in a supplemental class (EXCL X001) to complete additional portfolios. Such a class confers no credit and may not be applied toward degree completion. Students taking this option may not target courses for which they were denied credit in EXCL 301. Additional information on this option is available through the Prior Learning office.

EXCL 301 is graded on an S/D/F basis (explained on page 35). If the quality of work in the portfolio merits a grade of C or higher, a grade of S is awarded and the portfolio is forwarded for credit evaluation. Faculty members from the appropriate disciplines assess the portfolio and recommend whether to award credits. Credit earned as a result of portfolio evaluation also earns a grade of S. The S grade is not computed in the grade point average and is not applicable toward honors. If the quality of work in the portfolio merits a grade of D or lower, the portfolio will not be forwarded for credit evaluation.

Experiential-learning credits may be awarded at both the upper and lower levels. Although a maximum of 30 credits may be earned through Portfolio, the average award is between 15 and 18 credits. These credits are considered UMUC resident credit. However, they do not fulfill requirements for graded coursework and so may not exceed half the total credits for a major, minor, or certificate.

Credit for EXCL 301 is charged at the current tuition rate. Fees are also charged for enrollment in the program, portfolio evaluation, any additional evaluations, and credits awarded. Students receiving financial aid must pay all Portfolio fees.

Students should carefully review the requirements, rules, and procedures for Portfolio. More information may be obtained at www.umuc.edu/priorlearning or by calling 800-888-UMUC, ext. 2-2890.

Foreign Language Credit by Examination

UMUC foreign language examinations are available for credit to students completing degree requirements with UMUC. To be eligible for a UMUC foreign language examination, a student must have completed at least 15 credits of UMUC coursework and must have had an Official Evaluation. The University reserves the right to determine the native language of a student and the level of exam to be taken. Students who have attended elementary or secondary schools in which instruction was in a language other than English can establish credit in that language only for certain courses, and will be required to submit translated transcripts and a summary of educational experiences. Requests for foreign language credit by exam should be sent to

University of Maryland University College
Undergraduate Records/File Management
3501 University Boulevard East
Adelphi, MD 20783

If credit by examination is approved, the student will be contacted by the Registrar.

WORKPLACE LEARNING

Workplace Learning offers an opportunity for students to gain experience and develop new knowledge and skills in their chosen discipline while earning upper-level college credit through an integrated model that puts theory into practice, thus enabling them to accelerate completion of both their academic and career goals.

To be eligible for Workplace Learning, students must

- Be seeking a degree or a certificate in which Workplace Learning credit may apply.
- Have completed 30 credits, including transfer credit, toward a degree (if seeking a degree).
WAYS OF EARNING CREDIT

• Have completed at least 9 credits in the discipline in which they plan to do their Workplace Learning project.
• Have completed at least 6 credits at UMUC.
• Have a GPA of 2.5 or better at UMUC.
• Be working in a position that offers an opportunity to apply classroom theory to practical projects that involve significant analysis and problem solving and are directly related to a given academic discipline. (Position may be paid or unpaid, part- or full-time.)

Students interested in pursuing a Workplace Learning experience must first develop a learning proposal that identifies several project tasks representing the new learning to be acquired as a result of the work experience; a faculty member in the appropriate discipline must then approve the learning proposal to ensure that it constitutes upper-level college learning. Once the learning proposal is approved, the student is given permission to register for Workplace Learning. The learning proposal is then developed into a three-way learning contract among the employer, the student, and the faculty mentor.

Throughout the Workplace Learning experience, students work under the supervision of the employer on completion of several of the identified project tasks and the faculty mentor on the completion of the academic assignments required to earn college credit for their work experience. The project tasks for the employer constitute the course content, which is augmented by the reflective academic assignments written for review by the faculty mentor. Students are required to communicate regularly with their faculty mentor throughout the Workplace Learning session, which typically lasts 15 weeks.

Students may earn either 3 or 6 credits during the Workplace Learning session. To earn 3 credits, students must devote at least 12 hours per week to tasks providing new learning (for a total of 180 hours during the Workplace Learning session) and complete a minimum of four project tasks identified in the learning contract. To earn 6 credits, students must devote at least 20 hours per week to project tasks (for a total of 300 hours during the Workplace Learning session) and complete five to eight project tasks identified in the learning contract.

Workplace Learning projects may be developed in all undergraduate disciplines. Courses are listed in the UMUC Catalog with the designator of the discipline and numbered 486A (for 3 credits) or 486B (for 6 credits). For example, a 3-credit Workplace Learning in business and management would be listed as BMGT 486A, a 6-credit as BMGT 486B. Tuition for the Workplace Learning course is charged at the current rate per credit, and an administrative fee is charged each time the student enrolls.

Students may apply up to 45 Workplace Learning credits to their bachelor’s degree (12 credits for a second bachelor’s degree). Certificates that include a Workplace Learning option typically accept no more than 3 credits of Workplace Learning coursework. Workplace Learning courses may not be used to satisfy general education requirements or (unless specified) required academic coursework in the major. However, Workplace Learning credits may be applied to electives as well as to designated upper-level supplemental requirements in the major or minor. A standard letter grade is awarded for successful completion of Workplace Learning courses. It is strongly recommended that students consult with a UMUC Academic Advisor to determine how Workplace Learning credits may help them fulfill degree requirements.

For more information, students should review the information, policies, and procedures detailed online at www.umuc.edu/wkpl or call the Workplace Learning program office at 800-888-UMUC, ext. 2-2890.

TRANSFERRING CREDIT FROM OUTSIDE SOURCES

(Further details and regulations are given in Appendix B and Appendix C.)

UMUC accepts up to 90 credits from all sources combined toward the bachelor’s degree (45 credits for associate’s degree). Sources include:

• Approved two- and four-year colleges and universities
• Other higher education institutions with whom UMUC has a memorandum of understanding for acceptance of credit and/or a joint program
• Non-U.S. institutions based on UMUC review of an appropriate credit evaluation

UMUC may also award credit for

• Professional (not technical) noncollegiate coursework
• Military occupational specialties and experience
• Vocational and technical coursework
• Professional or technical coursework based on statewide agreements and alliances
• Standard examinations

Criteria for each type of credit are detailed in the following sections.

Students should be sure to discuss all previous experience and training with an Academic Advisor to ensure that they receive any credit that applies.
WAYS OF EARNING CREDIT

Credit Limits

Each type of credit is subject to maximum allowances, including (but not limited to)

- 70 credits (45 credits for the associate's degree) from two-year institutions
- 60 credits (30 credits for the associate's degree) for study completed in military service schools and professional credit, on the basis of American Council on Education (ACE) recommendations on credit
- 60 credits (30 credits for the associate's degree) for innovative learning, including learning evaluated by approved standardized examinations and ACE-evaluated by professional training programs
- 30 credits (15 credits for the associate's degree) for study completed in Military Occupational Specialties (MOSs), portfolio assessment, and/or course-challenge exams combined (with a maximum of 15 credits from portfolio assessment from a community college)
- 21 credits (12 credits for the associate's degree) of coherently related vocational and technical coursework, applicable as elective credit only.

Transfer Credit

UMUC will not award credit for courses that repeat work done elsewhere. Students who have earned credit at other colleges or universities are responsible for determining whether courses they plan to take at UMUC would duplicate any previously earned credit and for submitting all official transcripts from colleges and universities attended, as well as documentation of military and professional learning and pertinent test scores (e.g. CLEP, AP, etc.)—regardless of whether they appear on a previous college transcript or not.

Students may not pursue two degrees of the same type (associate's, bachelor's) at both UMUC and another institution using the same credits to meet both degrees.

Credit toward a UMUC degree may be assigned for work completed through the kinds of institutions described in the following sections. UMUC does not accept credits for remedial, pre-college, or sectarian religious courses in transfer. A student who wants to transfer credit from other institutions to UMUC should request a review of previous credit to determine the applicability of those credits to a degree from UMUC. No transfer credit is accepted without official transcripts.

Students who are in doubt about whether a UMUC course duplicates previous study should consult an Academic Advisor before registering.

Credit from Other Colleges and Universities

When the grade earned was at least C (2.0), transfer credits from approved two- and four-year colleges and universities may be accepted for courses that apply to the student's curriculum and do not duplicate other courses for which credit has been awarded. Transfer credit for another institution's course-challenge examinations and prior learning program may be accepted if it is listed on the transcript with a passing grade.

Approved institutions include those accredited by the following regional associations:

- Middle States Association of Colleges and Schools, Commission on Higher Education
- Northwest Commission of Colleges and Schools
- North Central Association of Colleges and Schools, The Higher Learning Commission
- New England Association of Schools and Colleges, Commission on Institutions of Higher Education
- New England Association of Schools and Colleges, Commission on Technical and Career Institutions
- Southern Association of Colleges and Schools, Commission on Colleges
- Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Universities
- Western Association of Schools and Colleges, Accrediting Commission for Community and Junior Colleges

Other institutions may be approved based on agreements and/or joint programs with UMUC.

Credit from Junior Colleges or Community Colleges

A total of 70 credits from approved two-year institutions (junior colleges or community colleges) may be applied toward a bachelor's degree at UMUC. A student who has already completed 70 credits may not apply further credit from a junior college or a community college to a degree from UMUC.

A student who initially enrolled in any public community college of Maryland will be admitted to UMUC in conformance with the policy developed and approved by the Maryland Higher Education Commission. Additional information is presented in the section on transfer policies in Appendix B and Appendix C of this catalog.

Students participating in one of the community college alliances with UMUC should consult with their Academic Advisors at both institutions if they plan to enroll in courses at both institutions concurrently.
WAYS OF EARNING CREDIT

Credit from Institutions Outside the United States
Study at institutions outside the United States must be evaluated by an approved international credit evaluation agency.

Transfer to Other Institutions
To have credits earned through UMUC transferred, each student must obtain authoritative guidance from the destination institution (including other institutions in the University System of Maryland). Only the destination institution can answer specific questions about its own residency and degree requirements or about the applicability of UMUC courses to its curricula.

EDUCATIONAL EXPERIENCES IN THE ARMED SERVICES

Service Schools
UMUC grants credit for military experience and study completed in service schools on the basis of the recommendations by the American Council on Education (ACE) in its Guide to the Evaluation of Educational Experiences in the Armed Services. Such credit is granted only if it is applicable to the student’s chosen UMUC curriculum. UMUC generally accepts recommendations of ACE for lower-level and upper-level credit. Recommendations made by ACE for vocational or technical credit are considered on the same basis as, and with the same limitations as, those placed on nonmilitary sources of credit.

Community College of the Air Force (CCAF)
UMUC awards credit for study at technical schools of the U.S. Air Force in accordance with recommendations from the Community College of the Air Force (CCAF). Credits must be applicable to the student’s chosen curriculum at UMUC, must meet other UMUC requirements for transfer credit, and are subject to the same limitations as those placed on nonmilitary credit.

• All credit from the CCAF is lower-level credit and is applicable only to freshman and sophomore requirements.
• Since the CCAF records satisfactorily completed courses as S (satisfactory) and specifies that S equals a grade of C or better, credit may be applied wherever appropriate in the UMUC curriculum. Courses that are vocational or technical may be used only as electives up to a maximum of 21 credits.

Servicemembers Opportunity College
UMUC is a member of the Servicemembers Opportunity College (SOC) Consortium and the SOC Degree Network System. The Servicemembers Opportunity Colleges (SOC), established in 1972, constitute a consortium of national higher education associations and more than 1,700 institutional members. SOC Consortium institutional members subscribe to principles and criteria to ensure that quality academic programs are available to military students, their family members, civilian employees of the Department of Defense and Coast Guard, and veterans.

The SOC Degree Network System consists of a subset of SOC Consortium institutions selected by the military services to deliver specific associate’s and bachelor’s degree programs to servicemembers and their families. Institutional members of the SOC Degree Network System agree to special requirements and obligations that provide military students, their spouses, and their college-age children with opportunities to complete college degrees without suffering loss of academic credit because of changes of duty station.

SOC operates the two- and four-year Degree Network System for the Army (SOCAD), Navy (SOCSA), Marine Corps (SOCSMAR), Coast Guard (SOCCOA). Information and the SOC Degree Network System-2 and -4 Handbooks are available at the SOC Web site at www.soc.aascu.org and on the SOCAD, SOCSA, SOCSMAR, and SOCCOA home pages.

Army, Navy, and Marine Training
When available, an Army/ACE Registry Transcript (AARTS) should be submitted for evaluation of Service Schools and Military Occupational Specialties for Army training or a Sailor-Marine ACE Registry Transcript (SMART) for Navy or Marine training and enlisted ratings. AARTS/SMART transcripts are the most effective means of documenting the learning servicemembers have acquired through their military experiences. Individuals who have been or are enlisted with the Regular Army are eligible for an AARTS transcript. Individuals with previous training in the U.S. Navy since 1975 or in the U.S. Marine Corps since 1990 are eligible to request an official SMART transcript.

Students who submit the AARTS/SMART transcript do not need to submit DD Form 2-1 or DD Form 295. UMUC recommends, however, that soldiers request a transcript copy for themselves to ensure that all of their military courses have been included. Students seeking credit for work not documented on the AARTS/SMART transcript should submit a DD Form 2-1, DD Form 295, or other documentation to verify their experi-
WAYS OF EARNING CREDIT

ences. Students who submit an AARTS/SMART transcript do not need any other documentation to verify the following items listed on an AARTS/SMART transcript: SQT or SDT results, scores on CLEP and DSST exams, and Defense Language Proficiency Tests (DLPT). For example, if all CLEP and DSST tests are included on the AARTS/SMART transcript, students do not need to submit a DSST transcript as well.

For work not covered by AARTS/SMART transcripts, other documentation must be submitted. For DLI, the National Cryptologic Institute, and ALMC, official transcripts must be requested directly from the issuing institution. If documentation originates from other sources, “true” copies (certified by the personnel officer, legal officer, or commander) must be submitted to UMUC Asia. The documents listed here, in conjunction with an ACE credit recommendation, can lead to the assignment of credit applicable to a student’s UMUC Asia degree program:

• Army and Navy Service Schools: DD Form 2-1 or DD Form 295 (retired and former military use DD Form 214) or NAVPERS 1070-604
• Army MOS Credit-Enlisted (E-6 to E-9): NCOER or Form 2166-5A (one or more) which covers no less than 12 consecutive months in a single MOS. To be considered for MOS credit before 1994, other ranks may submit documentation of SQT or SDT examinations
• Warrant Officers: OER covering a period of at least 12 consecutive months for MOS credit and an ORB for service school training

Retired and Former Army, Navy, Marine Corps, and Coast Guard

Former servicemembers who are unable to secure an AARTS/SMART transcript need to submit certified true copies of documents shown below. Those seeking VA benefits must submit appropriate documents. Students should begin the process as soon as possible.

Army
DD Form 214 or MOS documentation listed in the previous paragraphs. Microfiche records are available from the National Personnel Records Center (NPRC), 9700 Page Blvd., St. Louis, MO 63132. Web: www.archives.gov/st-louis/military-personnel/

Navy
DD Form 214 or NAVPERS 1070-604 for Enlisted or NAVPERS 601-4 and 1611/1 for Warrant Officers and LDOs

TECHNICAL AND PROFESSIONAL CREDIT

Vocational and Technical Credit

Vocational and technical college-level credit from approved organizations, when applicable, may be accepted as elective credit only. This credit may be applied toward a degree at UMUC, up to the following limits:

• Associate’s degree: a maximum of 12 credits
• Bachelor’s degree: a maximum of 21 credits of coherently related work

Noncollegiate Courses

UMUC will accept for credit professional (not technical) non-collegiate courses applicable to the student’s curriculum that have been evaluated by either (1) ACE (if the courses are listed in the National Guide to Educational Credit for Training Programs) or (2) the University of the State of New York National College Credit Recommendation Service (formerly Program on Non-Collegiate Sponsored Instruction).

CREDIT BY EXAMINATION

UMUC may award as many as 60 credits by examination toward the bachelor’s degree (30 credits toward the associate’s degree), provided that:

1. there is no duplication of other academic credit, and
2. the scores presented meet UMUC’s standards.

Examinations may include the Advanced Placement examinations administered by the College Board; the College-Level Examination Program (CLEP); Defense Activity for Non-Traditional Education Support (DSST) examinations; Excelsior College Examinations, and the International Baccalaureate exam, approved industry certification examinations (listed online at www.umuc.edu/creditbyexam), and other approved

Marine Corps
DD Form 214
Marine Corps Institute Transcript
(submit request at www.mci.umcs.mil)

Coast Guard
DD Form 214
Coast Guard Institute Transcript
Web: www.uscg.mil/hr/egi
Examinations listed in the ACE Guide to Educational Credit by Examination. As many as 30 credits by examination awarded by other approved institutions may be accepted for courses that appear on an official transcript with a grade of C (2.0) or better. Students may not receive credit for introductory courses in their native language. Students who have questions about credit by examination are encouraged to consult an Academic Advisor.

**Advanced Placement**

Advanced placement and college credit may be granted to students on the basis of scores on a College Board Advanced Placement (AP) examination. These examinations are normally administered to eligible high school seniors during the May preceding matriculation in college.

**INSTITUTIONAL EXAM CODES FOR UMUC**

For official exam results to be sent to UMUC, the proper code must be used:

<table>
<thead>
<tr>
<th>Code</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>AP 0551</td>
<td>College Board Advanced Placement (AP)</td>
</tr>
<tr>
<td>CLEP 5804</td>
<td>College-Level Examination Program (CLEP)</td>
</tr>
<tr>
<td>DANTES 9357</td>
<td>DANTES (Defense Activity, National Training System, and Education System)</td>
</tr>
<tr>
<td>ECEP 02626</td>
<td>Excelsior College (ECEP)</td>
</tr>
</tbody>
</table>

A student intending to transfer AP credit that was awarded at another college or similar institution must have a transcript of those scores sent directly to UMUC from the College Board. When those scores have been received, an Academic Advisor will determine whether they meet the standards established at UMUC for granting AP credit and how much credit may be awarded.

Credit earned by advanced placement may be used to fulfill major, minor, or elective requirements.

**College-Level Examination Program (CLEP)**

Up to 30 credits may be awarded for general examinations in the College-Level Examination Program (CLEP). The scores must meet UMUC standards. UMUC may award 6 credits each for the examinations in English, mathematics, natural science, social sciences and history, and humanities.

Successful completion of certain subject-area examinations is another way of earning college credit. CLEP subject examinations yield only lower-level credit. Academic Advisors can furnish details.

* For exams taken prior to 31 March 2005, the minimum score for credit is 500. For CLEP English Composition examinations taken between August 1979 and May 1986 (ETS) or October 1986 (DANTES), the minimum passing score is 594. After these 1986 dates and continuing through 30 June 1993, the minimum passing score was 494.

** A maximum of 3 credits by examination can be awarded for English writing in the GERs.

*** CLEP General Mathematics examination must have been taken after 1 August 1985. No credit will be awarded for exams taken after credit has been assigned for MATH 107 or a higher-level math course.

NOTE: For further information on transferring examination credit, please contact a UMUC Asia Academic Advisor.
WAYS OF EARNING CREDIT

**DSST Examinations**
Credit may be awarded for successfully completing certain DSST tests (formerly known as DANTES Subject Standardized Tests). Academic Advisors have information on which tests are acceptable.

**Excelsior College Examinations (ECEP — Formerly RCEP and ACT/PEP)**
Students may earn credit for successfully completing subject tests offered by Excelsior College. Tests are available in various areas of the arts and sciences, as well as in business. Scores must meet UMUC standards. Academic Advisors can furnish details.

**Industry Certification Examinations**
Some industry certification examinations, such as those for Microsoft Certification, may be eligible for credit. Advisors have information on acceptable examinations and requirements.

**International Baccalaureate Examinations**
UMUC accepts credit for the International Baccalaureate exam. To receive credit, students must complete the exams before they graduate from high school. Transcripts must be sent directly to UMUC from the examining body and scores must meet UMUC standards. Academic Advisors can furnish details.
TRANSCRIPT SERVICES

Official academic records are maintained by the Office of the Registrar at UMUC. Official transcripts show coursework taken through UMUC. For students who have received an official evaluation and have regular status, transfer credit from other institutions (including other in the University System of Maryland) is listed as well. Students’ records are considered confidential. Therefore, UMUC releases transcripts only upon receiving a signed request from the student and payment of the appropriate fee. (For students who submit requests online, the student and personal identification numbers are considered an official signature.)

Procedures and forms for requesting transcripts are available online at www.umuc.edu/transcripts. A fee is charged for each UMUC transcript that is issued; an additional fee is charged for rush processing. Transcripts should be requested at least two weeks before they will actually be needed. No transcripts will be released until all financial obligations to the university have been satisfied.

CHANGE OF ADDRESS OR NAME

Students who move during the session should not only leave a forwarding address with the postal authorities but should also notify UMUC by updating their personal information through MyUMUC. Requests for a name change on official records of UMUC must be accompanied by one of the following documents:

- Copy of your court order
- Copy of your marriage certificate
- Statement from a legal officer certifying the name change

The request can be made through the MyUMUC student portal. To ensure accurate and complete student records, a student must continue to register under his or her former name until the request and documentation have been forwarded and processed.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)

Under the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA), students have the right to inspect and seek correction to their educational records. Requests for such inspection and correction of student records may be made to:

- UMUC Asia
  Senior Associate Registrar
  Unit 5060 Box 0100
  APO AP 96328-0100

For another person to initiate services for a student, a power of attorney indicating the person’s ability to act on the student’s behalf is required. In addition, most institutional information concerning students may not be released to third parties without the prior consent of the students themselves. The only student information which may be released without prior consent is directory information: the student’s name, major field of study, dates of attendance, degrees/awards received, the previous educational institution most recently attended, and birth date. This information is disclosed even in the absence of consent unless the student files written notice within three weeks of the first enrollment of each school year. To prevent automatic disclosure of directory information, this notice must be filed annually with the registrar within the time allotted above. Students may select which information they wish to release with consent through the MyUMUC Student Portal.

A record of all disclosures of a student’s educational record is maintained, except for those made to the student or made at the written request of the student; made to USM instructional or administrative officials; or directory information disclosures.

See Appendix G of this catalog for additional information about access to and disclosure of student records.

SCHOLASTIC AND ADMINISTRATIVE STANDARDS

UMUC standards for academic rigor consider the degree to which students demonstrate content mastery, application of critical thinking skills, and adherence to UMUC’s code of academic integrity.

Institutional Credit

A course that may not be applied toward graduation may be assigned a credit value for purposes of course load per session and tuition. This institutional credit is included in the grade point average (GPA) and in determining eligibility for financial aid and veterans educational benefits. However, students required to take these courses do so in addition to the 120 units of graduation credit required for the degree.

Grading Methods

There are four grading methods at UMUC. The most commonly used is the standard method. The pass/fail alternative is available only under limited conditions. The satisfactory/D/fail method is restricted to certain specified courses. Any course may be audited. Regulations for each are given in the following paragraphs.

Standard

Unless students choose either the pass/fail or audit option at the time of registration, they will be given a letter grade according to the standard method. Under the standard grading method, students are given a grade of A, B, C, D, or F on the basis of their performance in meeting the requirements of each course. For only a very few courses, the standard grading method is replaced by the satisfactory/D/fail method.

Pass/Fail

Degree-seeking students who have earned 30 credits (including at least 15 credits at UMUC) and who have a cumulative grade point average of 2.0 may take one course of up to 6 credits each standard term (fall, spring, or summer) on a pass/fail basis, up to a maximum of 18 credits. Students must elect pass/fail grading at the time of registration. This status may not be changed after the first week of classes.

This grading method is allowed only for electives. Required courses (e.g., general education courses and courses for the major and minor) may not be taken pass/fail, nor may pass/fail grading be used in retaking a course for which a letter grade was earned previously.

Students who register for pass/fail grading must still complete all the regular requirements of the course. The teacher evaluates the work under the normal procedure for letter grades and submits a regular grade. Grades of A, B, C, or D are then converted to the grade of P, which is entered into the permanent record. A grade of F remains unchanged.

Although a grade of P earns credit toward graduation, it is not included in calculating a grade point average. A failing grade carries no credit, and the failing grade is included in the computation of grade point averages.

Satisfactory/D/Fail

This grading method is available only on a limited basis. Although a grade of satisfactory (S) earns credit toward graduation, it is not included in calculating grade point averages. The grade of D earns credit and is included in computing grade point averages. While a failing grade (F) earns no credit, it is included in computing grade point averages.

Audit

Students who do not wish to receive credit may register for courses as auditors after being admitted. Students must indicate this intention when they register. Students may request a change from credit to audit status any time before the end of the first week of classes.

Auditing students do not have to complete course assignments, but may request to do so in order to receive faculty feedback on their work. Audited courses are listed on the permanent record, with the notation AU. No letter grades are given for audited courses, nor are credits earned.

GRADES AND MARKS

Passing: The Grade of P

The grade of P is conferred after a teacher has evaluated coursework under the normal procedure for letter grades and has submitted a standard grade (A, B, C, or D). Then the Office of the Registrar converts that standard grade into the grade of P. A passing grade is recorded on the permanent record and confers credit toward graduation. However, courses graded P are not included in calculating grade point averages.

Satisfactory: The Grade of S

The grade of S is equivalent to a grade of C or higher. This grade is used to denote satisfactory progress in an experiential setting or practicum, such as EXCL 301. Although the grade of S confers credit and appears on the permanent record, courses graded S are not used in determining grade point averages.

Failure: The Grade of F

The grade of F means a failure to satisfy the minimum requirements of a course. Although it carries no credit, it is included
in calculating the grade point average. A student assigned the grade of F must register again for the course, pay the applicable fees, repeat the course, and earn a passing grade in order to receive credit for that course.

**Failure for Nonattendance: The Grade of FN**

The grade of FN means a failure in the course because the student has not attended or participated in course assignments and activities. It is assigned when the student ceases to attend class or fulfill requirements but has not officially withdrawn.

**Grade Under Review: The Mark of G**

The mark of G is an exceptional and temporary administrative grade given only when the final grade in the course is under review. It is not the same as a mark of Incomplete.

**Incomplete: The Mark of I**

The mark of I (incomplete) is an exceptional grade given only to students whose work in a course has been satisfactory but who for reasons beyond their control have been unable to complete all the requirements of a course. The following criteria must be met:

- The student must have completed at least 60 percent of the work in the course with a grade of C or better.
- The mark of I must be requested before the end of the course.

The procedure for awarding the mark of I is as follows:

- The student must ask the teacher for a mark of I. (Teachers cannot award a mark of I on their own initiative.)
- The teacher decides whether to grant the request.
- The teacher sets a date for completion of the remaining requirements of the course.
- The teacher and the student together agree on the remaining requirements of the course and the deadline for submitting the work.
- The student is responsible for completing the work.
- After the work is completed, the teacher submits a grade change to replace the mark of I on the student’s record with a grade.

If the mark of I is not made up by the agreed-upon deadline (which is not to exceed the maximum time allowed after submission of the original grade), the I is changed to an F. Students should refer to UMUC policy 170.71 Policy on Grad of Incomplete and Withdrawal at [www.umuc.edu/policies](http://www.umuc.edu/policies) for details.

Students should be aware that a mark of I in their final semester may delay graduation.

The mark of I cannot be removed by means of credit by examination, nor can it be replaced by a mark of W (defined below). Students who elect to repeat an incomplete course must register again for the course, pay all applicable fees, and repeat the course. For purposes of academic retention, the course grade is counted as an F. The mark of I is not used in determining grade point averages.

**Withdrawal: The Mark of W**

Students may receive the mark of W by officially withdrawing from a course. Ceasing to attend class does not constitute an official withdrawal. Procedures for withdrawing are detailed on the UMUC Web site at [www.asia.umuc.edu/studentservices/withdrawal.cfm](http://www.asia.umuc.edu/studentservices/withdrawal.cfm). Students must withdraw from a Stateside course before 65 percent of the total number of days in a session has expired. If you have questions about procedures for withdrawing, ask your local UMUC Enrollment Specialist or Academic Advisor, or write to registrar-asia@umuc.edu.

For most courses, this grade appears on the permanent record unless withdrawal is completed before the end of the schedule adjustment period. For purposes of academic retention, the mark of W is counted as attempted hours. It is not used in determining grade point averages.

Students who officially withdraw from a course after the course start date receive a mark of W.

- Undergraduate students who register for classroom courses must officially withdraw no later than the day before the final class.
- Students who register for online and/or hybrid courses must officially withdraw no later than the Friday of the week before the course ends (9 days before the end-of-class date). Exact withdrawal deadline dates can be found at [http://de.asia.umuc.edu/calendar/weekly.cfm](http://de.asia.umuc.edu/calendar/weekly.cfm). The deadline table above applies to all CAT course students as well.

**CHANGES IN GRADE**

Teachers may change a grade previously assigned through MyUMUC, the University’s online academic and administrative services portal. Any change must be made no later than four months after the original grade was awarded.

**Grading Repeated Courses**

When a course is repeated, only the higher grade earned in the two attempts is included in the calculation of the GPA. For purposes of academic retention, both attempts are counted. Both grades are entered on the permanent record, with a notation indicating that the course was repeated. Students cannot increase the total hours earned toward a degree by repeating a
course for which a passing grade was conferred previously. To establish credit in a course previously failed or withdrawn from, students must register, pay the full tuition and fees, and repeat the entire course successfully.

**Repeated Registration for a Course**

No student may register more than three times for the same course. Registering more than three times for the same course (including courses previously attempted at other institutions in the University System of Maryland) is generally forbidden. It may be allowed only under special circumstances, with prior approval of an Academic Advisor.

**Calculation of Grade Point Average (GPA)**

The grade point average is calculated using the quality points assigned to each grade (see list below). First, the quality-point value of each grade is multiplied by the number of credits; then the sum of these quality points is divided by the total number of credits attempted for which a grade of A, B, C, D, or F/FN was received.

**Academic Warning and Dismissal**

At the end of every term (fall, spring, or summer), the cumulative grade point average of each student who has attempted at least 15 credits at UMUC is computed based on all UMUC graded coursework. The Office of the Registrar then takes action, required by UMUC policy, according to the student’s level of progress as described below.

There are four levels of academic progress: satisfactory, warning, probation, and dismissal. Students in warning, probation, or dismissal status are notified of their status approximately three weeks after the end of the term. For students in warning or probation status, this notification is sent via e-mail to their e-mail address of record. For students in dismissal status, notification is sent by letter to their permanent address of record. No notification is sent to students making satisfactory progress.

Inquiries about a student’s academic progress may be sent to SAAcademicStanding@umuc.edu or registrar-asia@umuc.edu.

**Levels of Progress**

**Satisfactory**

A student whose cumulative grade point average is 2.0 or higher is considered to be making satisfactory progress.

**Warning**

A student whose cumulative GPA is less than 2.0 will be placed on academic warning. The student will remain on academic warning as long as the cumulative GPA is less than 2.0 and the GPA for the term is 2.0 or better.

A student who attempts 15 credits or more in a period of at least two sequential standard terms and earns no quality points will receive an academic warning regardless of the cumulative grade point average.

A student on academic warning whose GPA for the term is 2.0 or better, but whose cumulative GPA is less than 2.0, will continue on warning until he or she has completed courses at UMUC that raise the cumulative GPA to 2.0 or better.

A student on academic warning is limited to a maximum enrollment of 7 credits per standard term or to a maximum of 4 credits per eight-week session. Additional limitations may apply during the student’s first term on academic warning.

**Probation**

A student on academic warning or admitted on provisional status whose GPA for the term is less than 2.0 will be put on probation.

A student on probation whose GPA for the session is 2.0 or better, but whose cumulative GPA is less than 2.0, will return to academic warning or provisional status.

A student on academic probation is limited to a maximum enrollment of 7 credits per standard term or to a maximum of 4 credits per eight-week session. Additional limitations may apply during the student’s first term on academic warning.

**Dismissal**

A student on probation whose GPA for the term is less than 2.0 will be dismissed. Regardless of cumulative GPA, a student who has maintained an average of at least 2.0 during a particular term will not be dismissed at the end of that period. A student who is dismissed is ineligible to register again for UMUC courses until he or she is reinstated.
Reinstatement After Dismissal

A student seeking reinstatement is required to

- Have all official transcripts from previously attended colleges and universities sent to UMUC, preferably before meeting with an Academic Advisor.
- Meet with an Academic Advisor before petitioning for reinstatement.
- Wait at least one standard term before petitioning for reinstatement. Such an appeal should be e-mailed to the Sr. Associate Registrar at registrar-asia@umuc.edu.

Deadlines for requesting reinstatement are as follows:

- Fall enrollment: July 15
- Spring enrollment: November 15
- Summer enrollment: April 15

After the student’s record, the Academic Advisor’s recommendation, and the student’s petition have been reviewed, the student will receive a written response. Reinstated students will be placed on warning immediately or will retain provisional status, as appropriate.

Students who have been reinstated may be subject to additional term enrollment limitations during their first term after they return to study.

Further information is provided in UMUC policy 158.00 Academic Levels of Progress, available online at www.umuc.edu/policies.

Academic Honors

Academic honors for excellence in scholarship are determined by the students’ cumulative GPA at UMUC. The distinction of summa cum laude is conferred on those students with a cumulative GPA of 4.000; magna cum laude honors are conferred on those students with a cumulative GPA of 3.901 to 3.999; cum laude honors are conferred on those students with a cumulative GPA of 3.800 to 3.900. To be eligible for any of these categories of recognition, a student must have earned at least 45 credits at UMUC in courses for which a letter grade and quality points were assigned. For honors to be conferred with a second bachelor’s degree, the student is required to have a total of 45 new UMUC credits and the requisite GPA. (More information on attaining a second bachelor’s degree may be found on page 65.)

HONOR SOCIETIES

Alpha Sigma Lambda

UMUC students are eligible for membership in Alpha Sigma Lambda, the national honor society for students in continuing higher education. To qualify for membership, a student must be pursuing a first bachelor’s degree, have completed at least 30 credits at UMUC in courses graded A, B, C, D, or F and maintained a grade point average of 3.7 or higher for all UMUC courses. At least 15 credits, from UMUC or transferred, must be in courses outside the major.

Lambda Pi Eta

Membership in Lambda Pi Eta, the official communication studies honor society of the National Communication Association, is open to qualified UMUC students. To be eligible, students must have earned at least 60 credits toward the bachelor’s degree, including at least 30 credits at UMUC and 12 credits in communication studies, with a GPA of 3.5 or higher in both communication studies and overall coursework.

National Society of Collegiate Scholars

The National Society of Collegiate Scholars is an honor society recognizing students who have completed fewer than 60 credits toward an associate’s or bachelor’s degree and have shown academic excellence. The honor society encourages students to participate in honor society, university, and community events, and provides resources to enable them to focus on their professional and leadership development. To be eligible, students must be seeking a first associate’s or bachelor’s degree. Students must have completed at least 12 credits at UMUC in courses graded A, B, C, D, or F and have a cumulative GPA of 3.4 or higher. In addition, students must have completed between 12

SCHOLASTIC RECOGNITION

Dean’s List

Students who complete at least 6 credits (in courses graded A, B, C, D, or F) with a GPA of at least 3.5 in a term and maintain a cumulative GPA of at least 3.5 are eligible for the Dean’s List.

Students who fail to earn the required average by the end of the term must complete a minimum of 6 more credits during the next term to be considered for the Dean’s List again. All courses taken during a term are used in computing the average, even though the total number of credits may exceed 6. A term is designated as fall, spring, or summer. Eligibility for the Dean’s List is calculated once each term.

Students who make the Dean’s List will be notified by e-mail of their achievement by the Office of the Dean, the Undergraduate School.
and 59 credits toward their degree. Students are invited to join the honor society in the spring semester.

**Phi Alpha Theta**

UMUC students may qualify for membership in Phi Alpha Theta, the International Honor Society in History. To qualify for membership, students must attain a grade point average of 3.5 or higher in at least 12 credits of UMUC history courses and have an overall UMUC grade point average of 3.4.

**Phi Kappa Phi**

The honor society of Phi Kappa Phi promotes the pursuit of excellence in all fields of higher education and recognizes outstanding achievement by students, faculty, and others through election to membership and through various awards for distinguished achievement. To qualify for membership in Phi Kappa Phi, candidates must have completed at least 90 credits toward the bachelor's degree, at least 45 of which must have been for UMUC courses carrying letter grades of A, B, C, D, or F. The candidate's GPA in UMUC courses must be in the top 10 percent of the previous UMUC graduating class.

**Pi Gamma Mu**

Pi Gamma Mu is the international honor society for the social sciences and recognizes outstanding scholarship in the social sciences at UMUC. Membership is offered to qualified students interested in anthropology, criminal justice, economics, gerontology, history, political science, social psychology, sociology, and women's studies.

Students who are in their last 60 credits of undergraduate study, have earned at least 20 hours of social science credit (including at least 9 credits at UMUC), and have a GPA that ranks in the upper 35 percent of their class may be invited to join.

**Psi Chi**

Psi Chi is the international honor society in psychology, founded in 1929 for the purposes of encouraging, stimulating, and maintaining excellence in scholarship and advancing the science of psychology. Qualified students must be invited to join. To qualify for membership, students must have declared a major or minor in psychology and earned at least 30 credits toward a bachelor's degree, including at least 9 credits in psychology. Additionally, qualified students must be in the top 35 percent of their class, based on rankings within sophomore, junior, and senior classes; have an overall GPA of at least 3.3 for sophomores and juniors and 3.5 for seniors; and have a psychology GPA of at least 3.3 for sophomores and juniors and 3.5 for seniors.

**Sigma Phi Omega**

Sigma Phi Omega is a national academic honor and professional society in gerontology that seeks to promote scholarship, professionalism, friendship, and services to older persons and to recognize exemplary attainment in gerontology and aging studies and related fields. Student membership is open to undergraduate students majoring or minoring in gerontology and aging services, social science (with a focus on gerontology), and related fields. Students must be in at least their second term of enrollment, have completed a minimum of 12 credits at UMUC, and have a GPA of at least 3.3.

**Sigma Tau Delta**

Membership in Sigma Tau Delta, the international English honor society, is open to qualified UMUC students with a major in English. To be eligible, students must have earned at least 45 credits toward the bachelor's degree with an overall GPA of 3.5 or higher. At least 30 credits must have been earned through UMUC and must include 12 credits of English, not including ENGL 101 (now WRTG 101), and 6 credits of upper-level coursework. Students must also have earned a GPA of 3.6 in English coursework at UMUC.

**Upsilon Pi Epsilon**

The Kappa Chapter of Upsilon Pi Epsilon, the international honor society for the computing and information disciplines, is open to graduate and undergraduate students. To qualify for membership, undergraduate students must be pursuing a bachelor's degree with a major in the computing and information disciplines, and must have completed at least 45 credits. Students should have completed at least 30 credits at UMUC in courses graded A, B, C, D, or F, including at least 15 credits in the computing and information disciplines, and must have a GPA of at least 3.5, overall and in all computing and information systems coursework. Students are inducted into the honor society twice a year.
CERTIFICATES/GRADUATION APPLICATION DEADLINES

Students who expect to complete the requirements for a degree or certificate are responsible for making sure they have completed an academic advisement report, filed an application for diploma or certificate (available online at https://my.umuc.edu with the Office of the Registrar, and paid the appropriate fee (currently $50). This may be done at the time of the final session’s registration or up to the following dates:

<table>
<thead>
<tr>
<th>Graduation Term</th>
<th>Application Deadline</th>
<th>Expected Graduation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>1 October</td>
<td>30 December</td>
</tr>
<tr>
<td>Spring</td>
<td>15 February</td>
<td>30 May</td>
</tr>
<tr>
<td>Summer</td>
<td>15 June</td>
<td>30 August</td>
</tr>
</tbody>
</table>

Students whose applications for a diploma are received after the deadlines will be considered for degree conferral at the next conferral date. Students who do not complete degree requirements in the term in which they first applied for graduation must complete a new application for diploma and pay the fee for the term in which they will graduate.

These materials are then processed and reviewed by the Graduation Clearance and Services in the Office of the Registrar. After clearance has been granted, the diploma or certificate is mailed to the student.

Note: The three graduation dates when degrees are awarded are not the same as the dates Commencement ceremonies are held in Asia. Check UMUC Asia’s Web site for commencement information.

GRADUATION REVIEW

A graduation review will be prepared for each degree/certificate applicant. This review confirms remaining requirements. If the remaining requirements include marks of I (Incomplete) to be removed, courses to be transferred from other institutions, credit by examination, or military credit, the student must ensure that this work is completed and that official documentation reaches

University of Maryland University College
Attn: Transcripts Office
3501 University Blvd. East
Adelphi, MD 20783-8075
USA

no later than the expected graduation date.
CONFERENCE COURSES

Conference courses are exceptional and can only be conducted for a UMUC degree candidate who is within 9 credits of completing bachelor’s degree requirements. All of the following criteria must be met:

1. The student has submitted a Graduation Application for the next graduation date, i.e. fall, spring, or summer;

2. The student must be within nine credits of completion of baccalaureate degree requirements;

3. The required course is not available to the student before the proposed graduation date, either on-site or online in any UMUC campus (Adelphi, Asia, or Europe);

4. The student has a valid reason for needing to complete the degree by that time, e.g. relocation, job offer, etc.

Permission from the Director, Student Services, must be requested in writing. Note: Mathematics, statistics, foreign language, and most computer, writing, and accounting courses require extensive interaction with a faculty member, either in the classroom or online, and are not offered as conference courses.
Rights and Responsibilities of the Student

Currently information and links to policies and resources are available in the online Student Handbook at www.umuc.edu/studenthandbook. Students should refer to the handbook for the most current information.

Attendance and Participation

The student is responsible for attending all classes and any related activities regularly and punctually. Teachers may base part of the final grade on class participation. For an eight-week course, students should expect to spend about six hours per week in class discussion and activities (online or on-site) and two to three times that number of hours outside the class in study, assigned reading, and preparation of assignments. Courses offered in shorter intensive formats require more time per week. Students are expected to achieve the same intended learning outcomes and do the same amount of work in an online course as they would in an on-site course. Active participation is required in all online courses, and students should expect to log in to their online courses several times a week.

Absence from class does not excuse a student from missed coursework. The student is responsible for obtaining detailed information about missed class sessions, including their content, activities covered, and any announcements or assignments. Failure to complete any required coursework may adversely affect the student’s grade. Teachers are not expected to repeat material that a student has missed because of the student’s absence from class.

Technology Use

Internet Access

UMUC is committed to ensuring that students acquire the level of fluency in information technology they need to participate actively in contemporary society and have access to up-to-date resources. All UMUC students must be prepared to participate in asynchronous, computer-based class discussions, study groups, online database searches, course evaluations, and other online activities whether their course is held online or in a classroom.

All UMUC students must therefore ensure that they have access to the Internet and have a current e-mail address. If the student does not have Internet access through a home computer, he or she may use one at a UMUC computer lab, a university or public library, or another source. However, that source should be regularly available, and the student may need to be able to submit assignments electronically.

The most current technical requirements are available online at www.umuc.edu/techreq.

Electronic File Sharing

Peer-to-peer programs permit computers to share data in the form of music, movies, games, computer files, and software. All users of the UMUC network are required to comply with federal copyright laws. UMUC network users are not permitted to share unauthorized copyrighted material over the UMUC network, whether on personally owned or University computers.
Any unauthorized distribution of copyrighted materials on the University network, including peer-to-peer file sharing, is a violation of federal law and UMUC policies. Violations may lead to disciplinary proceedings and, in some cases, civil and criminal legal action. UMUC’s computing resources policies can be found online at www.umuc.edu/computerresource. UMUC’s computer policy can be found at www.umuc.edu/computerpolicy.

More information on how to legally download music is available on the Recording Industry Association of America Web site at www.riaa.com. Information on how to legally download movies and television programs is provided on the Motion Picture Association of America Web site at www.mpaa.org.

**ACADEMIC INTEGRITY**

Integrity in teaching and learning is a fundamental principle of a university. UMUC believes that all members of the University community share the responsibility for academic integrity as expressed in the University System of Maryland policy “Faculty, Student, and Institutional Rights and Responsibilities for Academic Integrity.” Details are available from the Office of the Dean, School of Undergraduate Studies.

At UMUC, faculty members are expected to establish classroom environments conducive to the maintenance of academic integrity by promptly giving students a complete syllabus describing the course and its requirements, grading submitted work promptly and adequately, and arranging appropriate testing conditions.

Students at UMUC are expected to conduct themselves in a manner that will contribute to the maintenance of academic integrity. Failure to maintain academic integrity (academic dishonesty) may result in disciplinary action.

Students are responsible for understanding and avoiding academic dishonesty and plagiarism, whether intentional or unintentional. The definitions of academic dishonesty and plagiarism and the procedures for pursuing complaints of academic dishonesty are described in UMUC Policy 150.25 Academic Dishonesty and Plagiarism, which can be found at www.umuc.edu/policies/academicpolicies/aa15025.cfm or is available from the Office of the Dean, School of Undergraduate Studies.

**APPEALING A GRADE**

The established performance standards for a course grade are communicated in the syllabus and other course materials. If a student believes that his or her grade was not based on such standards, he or she may pursue the appeal process for arbitrary and capricious grading.

Procedures for appealing a grade are detailed in UMUC Policy 130.80, “Procedures for Review of Alleged Arbitrary and Capricious Grading” which is available from the Office of the Dean, the Undergraduate School, online at www.umuc.edu/policies, or in Appendix A of this catalog.

**CODE OF CIVILITY**

To promote a positive, collegial atmosphere among students, faculty, and staff, UMUC has developed a Code of Civility, which is available in the Student Handbook at www.umuc.edu/studenthandbook or in Appendix A.

**CODE OF STUDENT CONDUCT**

Students are subject to the UMUC Policy 151.00, Code of Student Conduct, which can be found at www.umuc.edu/policies. Violations of the code are considered to be violations of UMUC policy and are grounds for discipline by UMUC. Allegations of misconduct by UMUC students should be referred to the provost.

**EXAMINATIONS**

Students are responsible for obtaining information about quizzes and examination schedules and policies. Final examinations are usually given during the last scheduled class meeting for classes meeting on-site. For online classes, the final examination is usually given during the last week of the Online session. All Online students are required to take a proctored exam for each 8-week course in which they are enrolled. Visit the Asia Online Learning Web site (de.asia.umuc.edu) for specific information about UMUC Asia proctored exams. Failure to take the mandatory proctored exam for a course will result in a failing grade being issued for that course.

Make-up examinations and tests may be given to students who, for valid reasons, are unable to take exams at the scheduled time. Faculty are not required to offer make-up examinations because of a student’s absence unless the student can present evidence that it was caused by unavoidable circumstances or occurred on a religious holiday. In such cases, an examination may be rescheduled for the mutual convenience of the student and faculty member, and must cover only the material for which the student was originally responsible. Such a rescheduling must not cause a conflict with the student’s other classes. A student who must be absent from a course excessively should confer with the faculty member; if it is necessary to withdraw from the course, an Application for Withdrawal must be filed at the student portal, MyUMUC.

GoArmyEd students must follow the procedures for withdrawal described in the GoArmyEd portal.
RIGHTS AND RESPONSIBILITIES OF THE STUDENT

UMUC Policy 51.00, “Religious Observances,” may be found at www.umuc.edu/policies/academicpolicies/aa05100.cfm and in Appendix E of this catalog.

NONDISCRIMINATION

UMUC subscribes to a policy of equal educational and employment opportunity and does not discriminate against or harass any person because of race, religion, color, creed, gender, marital status, age, national origin, ancestry, political affiliation, veteran status, mental or physical disability, or sexual orientation. All inquiries regarding UMUC Asia’s compliance with statutes and regulations should be addressed to the Equal Opportunity Officer via e-mail at diversity-asia@umuc.edu. Additional information may be found in Appendix D of this catalog.

STUDENT GRIEVANCE PROCEDURES

The procedures necessary to file a formal complaint concerning the actions of members of the UMUC faculty or administrative staff are detailed in UMUC Policy 130.70 Student Grievance Procedures, which is available at www.umuc.edu/policies or from the Office of the Dean, School of Undergraduate Studies. Students who wish to seek redress for the acts or omissions of a faculty or staff member must first request a conference with that person and attempt to resolve the complaint informally within 14 calendar days of the alleged act or omission.

TRANSFER OF CREDITS WITHIN UMUC

Transferring from one part of UMUC to another is simple and free. A student who wishes to transfer from one UMUC campus to another need only complete the Divisional Transfer request in MyUMUC (my.umuc.edu) by clicking on MyAcademics > Academic Records > Division Transfer, and completing the short relocation form. The student’s records will then be automatically forwarded to the selected UMUC campus.

TRANSFER OF CREDITS FROM UMUC

To have credits earned through UMUC transferred, each student must obtain authoritative guidance from the destination institution (including other institutions in the University System of Maryland). Only the destination institution can answer specific questions about its own residency and degree requirements or about the applicability of UMUC courses to its curricula. Specific policies dealing with transfer students may be found in Appendix B and in Appendix C of this catalog.

WRITING STANDARDS

It is UMUC policy that all courses, with the possible exception of mathematics courses, should involve some form of written work, and that writing standards should be uniform across the curriculum. To assist students in acquiring and improving the skills necessary to produce college-level written work, UMUC offers a sequence of writing courses with the designation WRTG. In addition, UMUC’s Effective Writing Center at www.umuc.edu/ewc provides advice and feedback on students’ writing assignments. In general, writing assignments are graded according to four criteria: (i) organization, (ii) audience accommodation, (iii) grammar and word choice, and (iv) content. If outside sources are used, a fifth criterion is documentation of such sources.

In line with UMUC’s standard grading methods (see Grading Methods section), a grade of A is given for outstanding writing, a grade of B for superior writing, a grade of C for good writing, and a grade of D for substandard writing. For more information on writing standards and grading, see the Effective Writing Center document “How Is Writing Graded?” at http://coursedev.umuc.edu/WRTG999A. Correct documentation of sources used in writing assignments is one topic covered in LIBS 150 Introduction to Research. In addition, the Effective Writing Center offers a related self-teaching module on “How to Avoid Plagiarism” at www.umuc.edu/ewc.
AUTOMATED SERVICES

A number of automated services are available online to current students.

Through MyUMUC (at https://my.umuc.edu), students have access to many of their personal UMUC records. The system enables them to register and pay for courses, change personal information (such as home address or phone numbers), view and print reports (such as their class schedule, grade report, statement of account, unofficial transcript, and academic advisement report), find out the name of their assigned Academic Advisor, and check on the status of their financial aid application.

To access services, students must enter their user identification number and personal password.

ACADEMIC ADVISING

Academic Advisors provide enrolled students the information needed to plan an academic program. This assistance can include a review of potential transfer credit, help with clarification of education and career goals, and aid in selecting appropriate courses. Advising services are available at times and places convenient to students. Many students, however, choose to communicate with their Academic Advisor by phone, fax, or e-mail. Students can access their Advisor’s contact information through MyUMUC.

INITIAL ESTIMATE OF TRANSFER CREDIT

Prospective or newly admitted students can have a review of their potential transfer credit done on site by an Academic Advisor. This review is an estimate of the academic credit UMUC might accept toward a particular degree and of the requirements that would remain to be fulfilled. (A description of sources of credit can be found starting on page 28 and online at www.umuc.edu/ugtransfercredit.) This review is not binding on either the student or UMUC and is subject to change.

REVIEW OF INTERNATIONAL RECORDS

Students who are seeking a review of potential transfer credit from international postsecondary educational institutions need to

- Be admitted and be seeking an undergraduate degree at UMUC.
- Mail their official international transcripts to the international credit evaluation services selected by UMUC. (See www.asia.umuc.edu/studentservices/intlcredeval.cfm.)
- Pay fees associated with the international evaluation.
- Have all official transcripts from any U.S. institution previously attended sent to UMUC.
SPECIAL SERVICES

ACADEMIC ADVISEMENT REPORT

To access information about degree progress, students need to submit official transcripts from all colleges and universities previously attended, including other institutions of the University System of Maryland, whether or not transfer credit is requested or granted. UMUC may deny transfer credit from any institution not listed on the application for admission. Sources of transfer credit not listed at the time of admission or approved by an advisor after admission cannot be applied toward the UMUC degree.

An academic advisement report

- Includes all transfer credits applicable to the degree program.
- Lists all courses completed at UMUC.
- Incorporates other types of academic credit.
- Remains in effect only while the student remains continuously enrolled.

In the academic advisement report, a student’s most recent courses are first applied to the appropriate requirements first. Courses that could apply to multiple requirements are assigned to the first relevant category in the following order: general education requirements, then requirements for the selected academic major and minor, and finally electives.

Verification of other degree-wide requirements (such as the minimum number of upper-level credits) follows and may affect the remaining credits needed for the degree. Students are responsible for submitting all pertinent academic documents (such as academic transcripts, confirmation of credit conferred by examination, or records of credit from military service schools) during their first session at UMUC. To be considered official, documents must be sent directly from the issuer to the following address:

File Management
University of Maryland University College
3501 University Boulevard East
Adelphi, MD 20783-8075 USA

ALUMNI ASSOCIATION

The UMUC Alumni Association, founded in 1990, fosters and perpetuates lifelong relationships between alumni and the University. Its mission is to support, enhance, and promote UMUC and its community of students, faculty, staff, and alumni worldwide.

Membership in the Alumni Association is free for UMUC graduates. The association invites graduates to stay connected with fellow alumni, students, and faculty through volunteer service, social events, and philanthropy.

Benefit programs and resources include career services, affinity partner discounts, special alumni events, library research database subscription, and travel program. Membership in the UMUC Alumni Association offers an exceptional opportunity to expand personal and professional networks. UMUC currently has more than 140,000 graduates in 47 states and 24 countries. UMUC alumni work in nearly all major international and Fortune 500 organizations, federal agencies, branches of the military, and private industry.

More information on the Alumni Association and how to activate free membership is available at www.umcalumni.org. The Alumni Association can also be found on Facebook, LinkedIn, and Twitter.

CAREER SERVICES

Career Services provides personalized assistance with clarifying skills, interests, and work-related values; making career- or life-related decisions; researching career options; planning for graduate school; and searching for employment. Through the Career Services Web page at www.umuc.edu/careerservices, students can access a variety of career and job search information and materials. Career Services offers job search information and materials, as well as job fairs, employability skills workshops such as resume writing, tutorials, and access to CareerQuest, UMUC’s online job and internship database.

Services are available by telephone, online via e-mail or Skype, or in person by appointment or on a walk-in basis. More information can be found on the Career Services Web page.

ACCESSIBILITY SERVICES

Reasonable accommodations are available for students who have disabilities and are enrolled in any program offered at UMUC.

Requests for accommodations should be made as early as possible to allow sufficient time to review requests and documentation and make proper arrangements. Such requests must be made every session.

Students with disabilities who wish to receive accommodations must officially register with Accessibility Services. To do so, students must first submit documentation of their disability. Depending on the disability documentation may include secondary school records; medical, psychiatric, or psychological reports and diagnoses; or a psychoeducational evaluation. The documentation must provide clear and specific evidence of a disability and recommended accommodations from a qualified licensed professional.
Once documentation is received, Accessibility Services will notify the student of the status of his or her file and schedule an intake appointment, which may be held by phone, e-mail, or in person. During the appointments, an intake form is completed and services and procedures are discussed.

Note: All UMUC students are required to comply with University policies and procedures and meet the academic requirements of all undergraduate certificate and degree programs. Students with disabilities should review the requirements listed in this catalog. Students should not apply to a UMUC certificate or degree program with the expectation that any academic requirement will be waived or that substitutions will be allowed.

For more information, students should contact the Director, Student Services; e-mail SADirector-asia@umuc.edu; or visit www.umuc.edu/accessibility.

COMPUTER LABS AND SERVICES

Computer labs are available at many UMUC Asia sites. These labs are available primarily for the use of students completing coursework but are also open to faculty members, staff, and alumni on a first-come, first-served basis on presentation of a valid UMUC ID. Students must bring media to save data or documents. Acceptable media include flash drives or thumb drives. Lab assistants are available during scheduled hours to help users with resident software programs but cannot provide tutoring.

Students who are considering enrolling in online courses should review the technical requirements at www.umuc.edu/techreq for the most current detailed information.

Technical support for students taking online courses is available 24 hours a day, seven days a week, at support.umuc.edu or 800-807-4862.

INFORMATION AND LIBRARY SERVICES

The UMUC Library serves to educate students, faculty, and staff in the use of library and information services, emphasizing the critical importance of information literacy knowledge and skills for success in today’s information-rich world. The office also develops and manages extensive online library resources and user-centered services for UMUC students, faculty, and staff worldwide.

Library Resources

The UMUC Library provides access to a rich collection of research materials on a variety of topics (e.g., business, social science, science, arts and humanities, and computer and information systems). Students can access an extensive array of subscription research databases containing tens of thousands of full-text articles, as well as thousands of electronic books, through the UMUC Library home page at www.umuc.edu/library or through the learning management system. UMUC Library OneSearch allows users to search for scholarly articles, books, and/or other research resources via a single search engine in most of the databases to which the UMUC Library subscribes, either directly or as additional resources. The UMUC Library has also created subject-specific resource guides to serve as starting points for research. Each guide includes subject-relevant research databases, books, Web sites, and (where applicable) other Web 2.0 technologies.

Currently enrolled students in the continental United States also have borrowing privileges at the 16 University System of Maryland and affiliated institutions (USMAI) libraries. The library collections can be searched and books can be requested through the USMAI online catalog, available via the library home page. All UMUC students may use the DocumentExpress service to request that journal articles or book chapters not available online in full text be sent to them electronically.

Library Instruction and Research Assistance

To help students gain the in-depth research skills needed to locate, evaluate, and use the rich research resources available to them, the UMUC Library offers library instruction, both in person and within the learning management system. This instruction serves to complement and reinforce skills and information provided in LIBS 150 Introduction to Research. Faculty members may contact the UMUC Library to request a library instruction session. In addition, students can obtain individualized research assistance by contacting the UMUC Library or by visiting the Peck Virtual Library Classroom (VLIB 101) within the learning management system, which serves as an additional free resource to help students improve their research skills.

Reference and research assistance is available 24 hours a day, seven days a week, through the UMUC Library Web page under Ask a Librarian. For a complete list of library services, students should visit www.umuc.edu/library or call the UMUC Library at 240-684-2020 or 800-888-UMUC, ext. 2-2020, during regularly scheduled office hours.
SPECIAL SERVICES

STUDENT ADVISORY COUNCIL

The Student Advisory Council consists of twelve (12) student representatives from UMUC locations worldwide and includes both undergraduate and graduate students. Four Student Advisory Council representatives serve on the overall University Advisory Council. Student Advisory Council members act in an advisory capacity to the University president, provost, and other officials on behalf of all students. To learn more about the Student Advisory Council or to contact a representative, students should visit the Web page at www.asia.umuc.edu/stac or send an e-mail to stac-asia@umuc.edu.

More information on shared governance is available at www.asia.umuc.edu/stac and in Appendix H of this catalog.

WRITING RESOURCES AND TUTORING

UMUC’s online Effective Writing Center (www.umuc.edu/ewc) is available to all UMUC students 24 hours a day. The center’s experienced, trained advisors help students develop key writing skills by providing individual online tutoring, self-study modules, and other writing resources.

Students can submit assignments for review and access a wide variety of information via the WRIT 001 classroom and schedule live online advising sessions by sending an e-mail to writing-center@umuc.edu. In addition to providing writing advice, the Effective Writing Center hosts an online interactive tutorial on “How to Avoid Plagiarism” and the “Online Guide to Writing and Research”—both of which are required in many courses. Various other multimedia resources are also available.

By special agreement with the Effective Writing Center, students may also receive writing tutoring at the University of Maryland, College Park (UMCP) Writing Center, located in room 1205 of the Tawes Fine Arts Building. Students should go to the UMCP Writing Center Web site at www.english.umd.edu/academics/writingcenter to schedule an appointment.
PROGRAMS OF STUDY

OVERVIEW
UMUC Asia offers programs of study leading to University of Maryland University College certificates and degrees in a variety of academic programs to meet the needs of the overseas military community. Students may enroll in programs that lead to a certificate, an Associate of Arts degree, a Bachelor of Arts degree, or a Bachelor of Science degree.

CERTIFICATE PROGRAMS
Certificate programs are directed toward developing knowledge in a specific subject area. Programs are available in accounting, computer studies, foreign language area studies (Japanese and Korean), and management. Additional certificate programs are available online; a complete list of certificate programs is included at the end of this section. Eighteen credits of coursework are required for most certificate programs.

UNDERGRADUATE DEGREE PROGRAMS
The undergraduate degree programs described in this section are designed for students who wish to gain a solid intellectual and cultural background in general education as well as a broad foundation in a specific subject area. These programs include general education requirements in communications; arts and humanities; behavioral and social sciences; biological and physical sciences; mathematics; and interdisciplinary or emerging issues.

Associate of Arts Degree
The Associate of Arts degree requires 60 credits. Of these, 35 credits must be in general education requirements. Students may then follow one of several tracks to the AA degree: accounting, business and management, computer studies, general curriculum, foreign language area studies (Japanese and Korean), management studies, or mathematics.

Bachelor’s Degrees
The Bachelor of Arts degree and Bachelor of Science degree require 120 credits. Of these, 41 credits comprise general education requirements. Students develop majors and minors, choosing from a variety of academic subjects, such as accounting, business administration, communication studies, computer and information science, computer networks and security, criminal justice, cybersecurity, digital media and Web design, East Asian studies, English, general studies, history, humanities, human resource management, information systems management, management studies, political science, psychology, and social science.

TEACHER EDUCATION PROGRAM ON OKINAWA

UMUC Asia is partnered with Bowie State University to offer undergraduate education courses leading to a Bachelor of Science degree in Elementary Education or Secondary Education. Secondary Education students may pursue a concentration in either English or History/Social Studies. This program is currently available only to students in Okinawa, Japan.

Students who successfully complete the program will be eligible to apply for a State of Maryland teaching license, in addition to licensure in other states and jurisdictions, including DoDEA. Contact a local advisor or visit UMUC Asia’s Bowie State Web site at [www.asia.umuc.edu/teaching](http://www.asia.umuc.edu/teaching) for more information.

REQUIREMENTS

The requirements for each certificate and undergraduate degree program are described in detail in this section of the catalog. Before deciding on a particular program of study, students should consider their interests and abilities, their future career plans, and the amount of time they intend to devote to their coursework. Professional UMUC advisors are available to help students plan their college curricula and students should actively seek their assistance. Please refer to the MyUMUC Student Portal for contact information.

Certificate Programs

To help nontraditional students meet their educational goals, UMUC offers certificate programs that respond to current trends in today’s demanding job market. Certificate programs offer working adults a convenient, flexible way to earn credentials for career advancement. Most are available online. The undergraduate certificate programs generally require 16 to 18 credits. All courses for the certificate programs carry college credit and may be applied toward a degree.

REQUIREMENTS

- Students pursuing certificate programs must be admitted as UMUC students.
• Students are responsible for notifying UMUC of their intention to complete certificate work before completion of their last course. (The application is available at https://my.umuc.edu.)

• Students may pursue a degree and certificate simultaneously or pursue a degree after completing the certificate, but the application for any certificate completed while in progress toward the bachelor’s degree must be submitted before award of the bachelor’s degree.

• Students may not use the same course toward completion of more than one certificate. In cases where the same course is required for two certificates, the student must replace that course with an approved substitute for the second certificate.

• No more than half of the total credits for any certificate may be earned through credit by examination, prior-learning portfolio credit, internship/Workplace Learning credit, or transfer credit from other schools.

• Certificates consisting primarily of upper-level coursework may assume prior study in that area. Students should check prerequisites for certificate courses. Prerequisites for certificate courses may be satisfied by coursework, credit by examination, or prior-learning portfolio credit, under current policies for such credit.

• At least half of the total credits for any certificate must be earned through graded coursework.

• Students must complete all required coursework for the certificate with a minimum grade of C (2.0) in all courses. Certificate courses may not be taken pass/fail.

There are five entry-level programs in Asia which permit beginning students or students wanting an initial focus on a specific subject area to earn certificates. These areas are accounting, computer studies, two in foreign language area studies (Japanese and Korean), and management.

ENTRY-LEVEL CERTIFICATES

Accounting Foundations Certificate
(18 credits, of which 9 must be completed with UMUC)

Accounting Core Courses (6 credits)
(6 credits, of which at least 3 must be completed with UMUC)
ACCT 220 Principles of Accounting I 3
ACCT 221 Principles of Accounting II 3

Accounting-related Courses (12 credits)
(12 credits, of which at least 6 must be completed with UMUC)

Choose from the following courses:
ACCT Any ACCT courses
BMGT 110 Introduction to Business and Management 3
BMGT 160 Principles of Supervision 3
BMGT 161 Managerial Communications Skills 3
CMIS 102 Introduction to Problem Solving and Algorithm Design 3
ECON 201 Principles of Macroeconomics 3
ECON 203 Introduction to Microeconomics 3
FINC Any FINC courses
STAT 200 Introduction to Statistics 3
or STAT 230 Introductory Business Statistics 3
IFSM 201 Concepts and Applications of Information Technology 3

Total credits for Certificate in Accounting 18

Computer Studies Certificate
(18 credits, of which 9 must be completed with UMUC)

Computer Core Courses (6 credits)
CMIS 102 Introduction to Problem Solving and Algorithm Design 3
IFSM 201 Concepts and Applications of Information Technology 3

Computer Studies-related Courses (12 credits)
CMIS 141 Introductory Programming 3
CMIS 170 Introduction to XML 3
CMIS 242 Intermediate Programming 3
CMST 100 Various Topics (1 credit each - max of 6 credits) 3
CMST 103 Application Software (duplicates CMST 100B, E, G) 3

Total credits for Certificate in Computer Studies 18

Foreign Language Area Studies Certificate
(18 credits, of which at least 9 must be completed with UMUC)

Coursework chosen from one of the following areas (all courses must be from the same area)

Japanese

Core courses (6 credits)
JAPN 111 Elementary Japanese I 3
JAPN 112 Elementary Japanese II 3

Related Area studies Courses (12 credits)
Choose from related courses in Japanese culture, history, language, literature, or government and politics. Some examples follow:
ANTH 417 People and Cultures of East Asia 3

### Advanced Certificates

#### Computer Networking

The computer networking certificate is appropriate for students who want to work as network administrators for a business, government, or nonprofit organization. The program offers hands-on training in state-of-the-art computer technology. With appropriate choice of courses, this certificate may be completed while pursuing the Bachelor of Science in computer networks and security.

More information about certificates, including gainful employment disclosures, is available at www.asia.umuc.edu/degrees/certificates.cfm
Human Resource Management

The human resource management certificate helps prepare students for supervisory and midlevel management positions in human resource management and enables employees in public- and private-sector organizations to upgrade their skills with the theory and practical knowledge necessary to advance to a higher level. The certificate helps prepare the student for the Professional in Human Resources (PHR) and Senior Professional in Human Resources (SPHR) certification examinations. With appropriate choice of major and elective courses, this certificate may be completed while pursuing the Bachelor of Science in human resource management.

**Spanish for Business and the Professions**

The Spanish for business and the professions certificate combines language and professional study to offer students a language foundation that will help prepare them to work and communicate in a Spanish-speaking environment.

*Note: This certificate is not intended for students who already have native or near-native ability in Spanish. Students with prior experience in the Spanish language should contact the department at languages@umuc.edu about a placement test.*

**Undergraduate Degree Programs**

UMUC Asia offers programs of study leading to UMUC associate’s and bachelor’s degrees. The programs and the specific requirements for each are described in detail in the following pages. Common to all degree programs are general education requirements. The subjects selected provide a solid cultural and intellectual foundation for the remainder of the student’s education. Students should contact an advisor to chart their degree plan to ensure that they meet the necessary requirements.

**Associate of Arts Degree REQUIREMENTS**

The Associate of Arts (AA) degree requires the completion of a minimum of 60 credits, at least 15 of which must be taken through UMUC. Of these 60 credits, 35 credits must be earned in courses that fulfill the general education requirements listed below. The remaining 25 credits must satisfy the requirements of the curriculum the student has selected.

A grade point average of 2.0 or higher in all courses taken through UMUC is required. A student should complete one associate’s degree before applying for another. A student should pay special attention to continuous enrollment requirements as well as prerequisite considerations when pursuing any degree program.

**General Education Requirements (35 credits)**

The general education requirements for the associate’s degree generally correspond to those for the bachelor’s degree (listed on page 66) with the following exception: The second computing course and the upper-level advanced writing course are not required for the associate’s degree. With the exception of the laboratory science course and LIBS 150, all general education requirements must be met by courses that are at least 3 credits.

**Curriculum Requirements (25 credits)**

In addition to the general education requirements, students must take 25 credits of coursework related to their educational goals. Students may choose a general curriculum or a specialized curriculum with its own particular requirements (detailed on the following pages). Students must earn a grade of C or higher in all core or core-related curriculum courses. For the specialized curricula, at least 9 credits of coursework taken through UMUC must be earned in core or core-related courses.
# ASSOCIATE-LEVEL GENERAL EDUCATION REQUIREMENTS (35 CR.)

Note: Courses applied to general education requirements may not be applied toward major, minor, or elective requirements and may not be taken pass/fail.

programs of study

for the chosen curriculum. Students who anticipate seeking a bachelor’s degree should select courses that will advance that goal.

Second Associate’s Degree

It is not possible to earn two degrees concurrently at the same level (e.g. two associate’s degrees) using the same credit. However, students may wish to pursue a second AA degree after the award of the first AA degree.

A student who holds an associate’s degree from UMUC or another regionally accredited college or university can earn a second, more specialized associate’s degree by meeting the following requirements:

1. Request an Official Evaluation for the second degree before enrolling in applicable coursework, but after completing the requirements for the first AA degree. Official evaluations are discussed earlier in this catalog.
2. Complete at least 15 credits of new coursework with UMUC (including at least 9 credits in the core or core-related area, depending on the degree). The 15 credits must be uniquely applicable to the second UMUC AA curriculum.

If the second degree is in the same field as the first, the second degree must focus on a more specialized subdiscipline of the field. For example, it is permissible to earn a second Associate of Arts degree in Business Management after earning the first Associate of Arts in Management Studies, but not the reverse.

Earning an Associate of Arts Degree after Earning a Bachelor’s Degree

It is possible to earn an associate’s degree concurrently with a bachelor’s degree if all degree requirements have been met for both degrees and the student applies for both degrees. However, once the bachelor’s degree is conferred, the student will be held to second degree rules for associate’s degrees, which stipulate that 15 new credits must be earned.

ASSOCIATE OF ARTS, GENERAL CURRICULUM

The Associate of Arts general curriculum is for adult students who wish to pursue their own educational goals.

Requirements for the General Curriculum

Students may choose related courses from several disciplines, explore several interests at once, or choose a variety of courses from UMUC’s offerings. Students in this program accept responsibility for developing a curriculum that meets their intended learning outcomes. They are encouraged to seek assistance from advisors in arranging their curriculum as appropriate to their personal interests and future educational plans.

Intended Program Outcomes

The AA degree in general studies will help students utilize academic skills to transition to further academic and professional studies, and employ academic skills and specialized knowledge to succeed and advance in chosen career and professional fields.

Recommended Sequence

The following course sequence will fulfill all the requirements for the AA in general studies. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 55.

General Curriculum Courses Credits

First Courses (to be taken within the first 18 credits)

Elective Courses (to be chosen from any courses to complete the 60 credits for the degree) 13

Total credits for AA with General Curriculum 60

SPECIALIZED CURRICULA

The Associate of Arts specialized curricula are for adult students who wish to pursue a specific career or educational goal, often as a basis for further study toward the bachelor's degree. Specialized curricula are recommended but optional within the AA degree in general studies. Appropriate coursework for each of the specialized curricula is indicated by ♦. Students should take careful note of course prerequisites and recommended course sequences. Curricula may be available only in limited geographic areas.

Accounting Curriculum

Intended Program Outcomes

Within the overall outcomes of the AA degree in general studies, the specialized curriculum in accounting will help students demonstrate competencies in fundamental accounting practices to transition toward a bachelor's degree in accounting and related fields.

Coursework for Accounting Curriculum

Coursework for the accounting curriculum includes the following (students should note prerequisites and other sequencing requirements):

- Required core courses (6 credits): ACCT 220 and 221
- Additional core courses (9 credits): Any ACCT or FINC courses
- Accounting-related courses (9 credits): Any ACCT and FINC courses; BMGT 110, 364, 365, 380, 381; CMIS 102; ECON 201 and 203; IFSM 300; MRKT 310; and STAT 200, 230; or contact an advisor for additional approved courses
- Elective (1 credit): Any course related to interests and goals

Recommended Sequence

The following course sequence will fulfill all the requirements for the AA in general studies while incorporating coursework in accounting. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary or emerging issues) may be found on page 55.

Foreign Language Area Studies

Intended Program Outcomes

Within the overall outcomes of the AA degree in general studies, the specialized curriculum in foreign language area studies will help students develop intermediate foreign language skills and related cultural knowledge in a variety of personal and professional settings.

Recommended Sequence

The following course sequences will fulfill all the requirements for the AA in general studies while incorporating coursework in foreign language area studies if the appropriate core and related courses for the specific language area are selected. All courses must be from the same area: Japanese or Korean. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to
Additional Required Courses for the Associate of Arts Degree (taken after first and introductory courses)

- ASTD 284 Foundations of East Asian Civilization 3
- ASTD 285 Introduction to Modern East Asia or other course related to Japanese Studies
- ASTD 333 Japanese Life and Culture I 3
- ASTD 334 Japanese Life and Culture II or other course related to Japanese Studies
- ASTD 301 The Japanese: Adapting the Past, Building the Future or other course related to Japanese Studies
- NSCI 110 Introduction to Oceanography 3
- or GEOL 100 Physical Geology or other course to fulfill the biological and physical sciences lecture requirement
- ANTH 102 Introduction to Cultural Anthropology 3
- or other behavioral and social sciences requirement course (discipline must differ from first)
- PHIL 140 Contemporary Moral Issues 3
- or other arts and humanities course (discipline must differ from other humanities course)
- SPCH 100 Foundations of Oral Communication 3
- or other communication, writing, or speech course
- ♦ HIST 482 History of Japan to 1800 3
- or other course related to Japanese Studies

Elective course (Choose any course to complete the 60 credits for the degree)

Korean

Coursework for AA in General Studies with Foreign Language Area Studies Curriculum - Korean

- Language core courses (12 credits): Sequential KORN courses, numbered 111-112 and 114-115
- Related area studies courses (12 credits): Any courses in the culture, history, language, literature, or government and politics of the area
- Elective (1 credit): Any courses related to interests and goals

Foreign Language Area Studies Curriculum Courses - Korean Credits

First Courses (to be taken within the first 18 credits)

Note: Placement tests may be required for MATH and WRTG courses.
- LIBS 150 Introduction to Research 1
- WRTG 101 Introduction to Writing 3
- or WRTG 101S Introduction to Writing
- MATH 103 College Mathematics 3
- or MATH 107 College Algebra or a higher-level math course
- ♦ KORN 111 Elementary Korean I 3

Introductory Courses (take within first 30 credits)

- BIOL 101 Concepts of Biology 3
- and BIOL 102 Laboratory in Biology or other biological and physical sciences lecture and laboratory course(s)
- WRTG 291 Research Writing or other communication/writing course
- IFSM 201 Concepts and Applications of Information Technology or other course to fulfill the general education requirement in computing
- HIST 156 History of the United States to 1865 3
- or HIST 157 History of the United States Since 1865 or other arts and humanities/historical perspective course (discipline must differ from other humanities course)
- ♦ KORN 112 Elementary Korean II 3
- ♦ KORN 114 Elementary Korean III 3
- GVPT 200 International Political Relations 3
- or other behavioral and social sciences course
- ♦ KORN 115 Elementary Korean IV 3

Additional Required Courses for the Associate of Arts Degree (taken after first and introductory courses)

- ASTD 284 Foundations of East Asian Civilization 3
- or ASTD 285 Introduction to Asian Studies II or other course related to Korean Studies
- ASTD 353 Korean Life and Culture I 3
- or other course related to Korean Studies
- ASTD 302 The Two Koreas: Problems and Prospects or other course related to Korean Studies
- NSCI 110 Introduction to Oceanography 3
- or GEOL 100 Physical Geology or other biological and physical sciences lecture course
- ANTH 102 Introduction to Cultural Anthropology 3
- or other behavioral and social sciences requirement course (discipline must differ from first)
- PHIL 140 Contemporary Moral Issues 3
- or other arts and humanities course (discipline must differ from other humanities course)
- SPCH 100 Foundations of Oral Communication 3
- or other communication, writing, or speech course
- ♦ GVPT 377B Korean-American Security Relations 3
- or other course related to Korean Studies

Elective course (Choose any course to complete the 60 credits for the degree)

Total credits for AA in General Studies with Foreign Language Area Studies Curriculum - Korean 60
Programs of Study

Management Studies Curriculum

Intended Program Outcomes

Within the overall outcomes of the AA degree in general studies, the specialized curriculum in management studies will help students apply knowledge from management-related disciplines to advance professional and educational goals.

Coursework for the Management Studies Curriculum

Coursework for the management studies curriculum includes the following:

- Management-related courses (15 credits): Any ACCT, BMGT, CMIS, CMST, ECON, FINC, HRMN, IFSM, and MRKT courses; GVPT 210; PSYC 321, 361; STAT 230 (or 200); and WRTG 490.
- Elective (10 credits): Any courses related to the student’s interests and goals

Recommended Sequence

The following course sequence will fulfill all the requirements for the AA in general studies while incorporating coursework in management studies. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary or emerging issues) may be found on page 55.

Mathematics Curriculum

Intended Program Outcomes

Within the overall outcomes of the AA degree in general studies, the specialized curriculum in mathematics will help students employ appropriate mathematical methods and technologies to accomplish quantitative tasks in professional and educational contexts.

Coursework for the Mathematics Curriculum

- Required core courses (18-20 credits): MATH 130, 131, and 132 (or 140 and 141); 240 (or 246); 241; and STAT 230 (or 200)
- Mathematics-related course (3 credits): Any MATH course numbered 108 or higher; or any course chosen from ACCT or FINC; CHEM 103 and 113; CMIS 102, 170 (or CMSC 150) and 242; ECON 201 and 203; and PHYS 111 or higher
- Electives (2-4 credits): Any courses related to interests and goals

Recommended Sequence

The following course sequence will fulfill all the requirements for the AA in general studies while incorporating coursework in mathematics. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 55.

Total credits for AA in General Studies with Mathematics Curriculum 60-61
PROGRAMS OF STUDY

Bachelor’s Degrees

At the undergraduate level, UMUC offers the Bachelor of Arts (BA) and Bachelor of Science (BS) degrees, and Bachelor of Technical and Professional Studies (BTPS) degrees, as well as the Associate of Arts (AA) degree and five certificates. The Associate of Arts degree, the Bachelor of Science in general studies, and several other certificates are available only to active duty military personnel and others who conform to special stipulations.

Except for those restricted programs, current UMUC degree programs are open to UMUC students anywhere in the world. However, offerings sufficient to complete every program may not be available at every location or in every format. Students should consult advisors, current schedules, and site-specific materials to determine which programs they may normally expect to complete from their geographic location. Requirements for degrees vary according to the major and minor. The requirements that all candidates for the bachelor’s degree must meet are summarized in the following section.

EXPECTATIONS

UMUC aims to produce graduates who are well prepared to be responsible citizens of a global society as well as effective participants in the complex, fast-changing world of work. A bachelor’s degree from UMUC offers a multidimensional experience, combining a solid foundation with cross-curricular breadth and focused study in an academic discipline. That experience is designed to help UMUC graduates develop intellectual ability, curiosity, and flexibility; fundamental skills in reasoning, analysis, investigation, and expression; understanding of the principles of scientific and intellectual inquiry; awareness of global and historical context; and civic and ethical responsibility.

The UMUC degree begins with basic intellectual tools, using the general education and other degree requirements to provide opportunities for students to acquire the knowledge and skills they need to demonstrate the hallmarks of the educated person:

- Effective writing and oral communication skills
- Competence in the use of information technology
- Competence in information literacy skills
- Competence in mathematical and quantitative reasoning skills
- Competence in critical analysis, critical reasoning, and problem solving
- Understanding of key concepts and principles of the natural, social, and behavioral sciences
- Knowledge of diverse cultures and historical periods
- Understanding of frameworks for ethical decision making and the ability to apply them

UMUC conducts learning outcomes assessments to measure and improve student learning in these areas as well as in specific disciplinary knowledge and skills.

In pursuit of an academic major (and minor), a UMUC student has the ability to master a considerable body of knowledge in a specific academic subject area or group of related subjects. Each major provides clearly articulated learning outcomes for the knowledge, skills, and abilities a student is expected to acquire in completing the major.

REQUIREMENTS

In general, the UMUC degree requirements that apply to a student are those that were in effect when the student began continuous enrollment in any public institution of higher education in Maryland (including UMUC). If the student has not been continuously enrolled, the requirements that apply are those in effect at UMUC when the student resumes continuous enrollment. To be considered continuously enrolled, degree-seeking students must be, or have been, enrolled at UMUC or another Maryland public institution of higher education and have had no more than two sequential years of non-enrollment. When a continuously enrolled student chooses to change his or her degree program, the student may be subject to all degree requirements in effect at the time of the change.

The following requirements for the BA and BS are applicable to students who enroll on or after August 1, 2013.

Major, Minor, and Elective Requirements

A. Academic Major (30-38 credits)

The number of credits required to complete an academic major varies according to academic program. At least half the credits earned within the major must be upper level (i.e., earned in courses numbered 300 and higher) and must be earned through UMUC. No grade may be lower than C. Specific coursework is prescribed for each major and is described in the following section.

Students may receive a dual major upon completion of all requirements for both majors, including the required minimum number of credits for each major and all related requirements for both majors; however, the same course may not be used to fulfill requirements for more than one major. Certain restrictions (including use of credit and acceptable combinations of majors) apply for double majors. Students may not major in two programs with excessive overlap of
required coursework. Students should consult an advisor before selecting a double major.

B. Academic Minor (15-17 credits)

Choosing a minor is strongly encouraged even though it is optional for all but accounting majors. Students may not take a major and minor in the same area and may not receive a dual minor. The number of credits required to complete an academic minor varies according to academic program. At least half the credits earned within the minor must be upper level (unless otherwise specified) and must be earned through UMUC. No grade may be lower than C. Specific coursework is prescribed for each minor and is described in the following section.

C. Electives (24-34 credits)

Electives may be taken in any academic discipline. No more than 21 credits may consist of vocational or technical credit. Pass/fail credit, up to a maximum of 18 credits, may be applied toward electives only.

Overall Bachelor’s Degree Requirements

In addition to the general education requirements and the major, minor, and elective requirements listed above, the requirements listed below pertain to all bachelor’s degrees:

1. Students must complete a minimum of 120 credits.
2. Students must maintain a minimum grade point average of 2.0 (C) and a minimum grade of C for any course applied to the academic major or minor.
3. Within the 120 credits required, the following coursework must be taken through UMUC:
   - 30 credits (normally the final 30)
   - Half of the required number of credits within both the major and the minor
   - 15 credits at the upper level (i.e., earned in courses numbered 300 to 499), preferably within the major or minor
4. At least 45 credits must be upper level and include:
   - At least one-half of the credits required for the major
   - 3 credits in advanced writing
   The remaining upper-level credits may be earned in any part of the curriculum.
5. At least half the required number of credits for any academic major or minor must be earned through graded coursework. Credit earned by examination, portfolio assessment, or noncollegiate training does not count as graded coursework.

Curricula from Previous Catalogs

Some students seeking bachelor’s degrees will be following curricula from previous UMUC Asia catalogs. Information on those curricula may be found on the UMUC Asia Web site at www.asia.umuc.edu.

SECOND BACHELOR’S DEGREE

At UMUC, students who have already received a bachelor’s degree from UMUC or from another approved institution can broaden their education by earning a second bachelor’s degree with a different major. However, students may not earn a second bachelor’s degree with a double major. Students may not earn a second degree in general studies, and may not obtain an academic minor or a second associate’s degree within the second bachelor’s degree.

A student must have received the first bachelor’s degree to be eligible to begin a second. For a second bachelor’s degree, the student needs to complete at least 30 credits through UMUC after completing the first degree. The combined credit in both degrees must add up to at least 150 credits.

To qualify for academic honors in a second bachelor’s degree, the student must complete at least 45 new credits through UMUC with the requisite grade point average.

Students must complete all requirements for the major. All course prerequisites apply. If any of these requirements were satisfied in the previous degree, the remainder necessary to complete the minimum 30 credits of new courses should be satisfied with courses related to the major. For purposes of determining what major requirements apply to a given student, the applicable date is the date the student started coursework at UMUC after being admitted into the second undergraduate degree program. As with other degrees, continuous enrollment at UMUC is required. A minimum grade point average of 2.0 in all courses taken through UMUC is required for graduation.

All students need to be aware of what is entailed in a second bachelor’s degree. Before beginning work or considering non-traditional options toward a second degree, each student should consult an advisor. Advisors will be glad to explain the requirements for a second bachelor’s degree.
## PROGRAMS OF STUDY

### BACCAULAUREATE-LEVEL GENERAL EDUCATION REQUIREMENTS (41 CR.)

Note: Courses applied to general education requirements may not be applied toward major, minor, or elective requirements and may not be taken pass/fail.

<table>
<thead>
<tr>
<th>Section</th>
<th>Credits</th>
<th>Requirements</th>
</tr>
</thead>
</table>
| **A. Communications** | 12 | WRTG 101 or WRTG 101S (3 credits)  
Must be completed within the first 18 credits. Placement test required for WRTG 101. May not be earned through course-challenge examination.  
Another writing course (3 credits)  
All 3-credit WRTG courses (except WRTG 288, 388, 486A, or 486B); ENGL 102; and JOUR 201 apply.  
A course in communication, writing, or speech (3 credits)  
All 3-credit COMM, SPCH, and WRTG courses (except 486A and 486B); ENGL 102, 281, and 384; and JOUR 201 apply.  
An upper-level advanced writing course (3 credits)  
WRTG 391, 393, and 394 apply. May not be earned through credit by examination.  
No more than 3 credits in writing may be earned by examination. |
| **B. Arts and Humanities** | 6 | One course that offers a historical perspective (any 3-credit ARTH or HIST course, except ARTH 100).  
One 3-credit course chosen from the following disciplines: ARTH, ARTT, ASTD (ASTD 135, 155, 284, 285, 333, 353, and others), ENGL (except 281 and 384) GRCO, HIST, HUMN, MUSC, PHIL, THET, dance, literature, or foreign language.  
The two courses must be in different disciplines. |
| **C. Behavioral and Social Sciences** | 6 | One 3-credit course each in two of the following disciplines: AASP (AASP 201 only), ANTH, ASTD (ASTD 396, 397, and others), BEHS, CCJS (CCJS 100, 105, 350, 360, 453, and 461 only), ECON, GEOG, GERO (except GERO 342 and 351), GVPT, PSYC, SOCY, or WMST (WMST 200 only). |
| **D. Biological and Physical Sciences** | 7 | A science lecture course (3 credits) with related laboratory course (1 credit) or a science course combining lecture and laboratory (4 credits).  
Any other science course (3 credits).  
Courses from the following disciplines may satisfy both requirements: ASTR, BIOL, CHEM, GEOL, NSCI, PHYS, biotechnology, botany, entomology, general science, and zoology. |
| **E. Mathematics** | 3 | MATH 103, MATH 106, MATH 107, or a course at or above the level of college algebra.  
Must be completed within the first 18 credits. Placement test required.  
Note: MATH 115 (or MATH 107 – MATH 108) is required for computer science majors and environmental management. |
| **F. Interdisciplinary or Emerging Issues** | 7 | One course (LIBS 150) in introductory research (1 credit), which must be completed within the first 18 credits with UMUC.  
A total of 6 credits in computing courses as follows:  
- IFSM 201 or CMST 301 (3 credits)  
- An additional computing course appropriate to the academic major (3 credits)  
Students should refer to the specific major for requirements or recommendations. Unless otherwise specified, upper- or lower-level courses in CMIS, CMIT, CMSC, CMST, CSIA, and IFSM and ACCT 326 apply.  
Note: IFSM 300 is required for majors in public safety administration and all business-related fields. |

Note: Students may have access to these additional programs through study with UMUC online overseas (*de.asia.umuc.edu*) and Stateside (*www.umuc.edu/students/academics*).

** Requires some on-site classes in Maryland. Available only to students who have completed the required lower-level coursework for the major either within an Associate of Applied Science degree at a community college with which UMUC has an articulation agreement or within another appropriate transfer program. Students should consult an advisor before selecting these majors.
PROGRAMS OF STUDY

BACHELOR’S DEGREE CURRICULA

Majors and Minors
The academic major requires 30 to 38 credits, while the minor (optional) requires 15 to 17 credits. Students must maintain a minimum grade point average of 2.0 (C) and earn a minimum grade of C (2.0) for any course applied to the major or minor. Half of the credit applied toward any major must be upper level, and at least half of the credit for any major or minor must be taken through UMUC. At least half of the credit applied toward a major or minor must be earned through graded coursework. A maximum of six 1-credit courses may be applied to a major or minor. Students must also fulfill all overall requirements for the bachelor’s degree. Majors and minors are described in the following section.

BACHELOR OF ARTS (BA) AND BACHELOR OF SCIENCE (BS)
Most majors are available only for the Bachelor of Arts (BA) or the Bachelor of Science (BS) degree. For a list of all available degrees, including those primarily offered online, see page 67.

ACCOUNTING
Students may seek either an academic major or minor in accounting.

Major in Accounting
The accounting major combines theory and practice to help prepare students for analysis of and reporting on the economic activities of organizations and communication of that information to decision makers. Students have the opportunity to develop skills in managerial accounting, budgeting, accounting systems, internal controls, financial analysis, financial reporting, internal and external auditing, taxation, and international accounting. The major helps prepare students for a range of accounting careers in profit, not-for-profit, and government organizations.

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in accounting to reduce their total coursework for the graduate degree by 6 credits (two courses) and complete both degrees with a total of 150 credits of coursework. More information is available in the UMUC graduate catalog at www.umuc.edu.

Intended Program Outcomes
The student who graduates with a major in accounting should be able to

- Work effectively with interdisciplinary professionals and diverse stakeholders.
- Communicate with financial and nonfinancial audiences in a clear and concise manner, by making appropriate decisions about relevancy, reliability, and medium.
- Research, prepare, analyze, and review financial and business data by applying accounting and business management principles and standards to produce financial and business reports.
- Proficiently use current technology and analytical tools to perform business functions, work collaboratively, and facilitate decision making.
- Employ analysis, critical thinking, and problem solving to identify, test, and validate processes, systems, and financial data to advise stakeholders.
- Define, develop, and demonstrate ethical business practices and accountability by identifying and addressing current and emerging ethical and regulatory issues.
- Develop professionally by collaborating, training, mentoring, negotiating, solving problems creatively, and participating in networking activities to demonstrate and develop leadership skills.

Degree Requirements
A degree with a major in accounting requires the successful completion of 120 credits of coursework, including 54 credits for the major and mandatory minor in business administration; 41 credits in general education requirements; and 25 credits in electives and other requirements. At least 18 credits in the major and 9 credits in the minor must be earned in upper-level courses (numbered 300 or above).

Requirements for the Accounting Major
Coursework for a major in accounting, with a mandatory minor in business administration, includes the following:

- Required core courses (21 credits): ACCT 220, 221, 310, 311, 321, 323, and 422
- Supplemental major courses (12 credits): Any upper-level ACCT courses
- Required capstone course (3 credits): ACCT 495
- Required minor courses (18 credits): STAT 230 (or STAT 200); ACCT 411 (or BMGT 496); BMGT 364 and 380; FINC 330; and MRKT 310
- Required related courses (9 credits) which may be applied anywhere in the degree: IFSM 300; and ECON 201 and 203.
# Recommended Sequence

The following course sequence will fulfill all of the requirements for the BS in accounting. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

**Total credits for BS in Accounting**: 120
Minor in Accounting
The accounting minor complements the skills the student gains in his or her major discipline by providing a study of how the accounting environment measures and communicates the economic activities of organizations to enable stakeholders to make informed decisions regarding the allocation of limited resources.

Requirements for the Minor
A minor in accounting requires the completion of 15 credits of coursework in accounting. Any ACCT courses apply. Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

BUSINESS ADMINISTRATION
Students may seek either an academic major or minor in business administration.

Major in Business Administration
The business administration curriculum helps provide the skills and knowledge necessary for a successful career in business and management. It includes studies in accounting, business law and public policy, business supply chain management, customer service and operations management, ethics and social responsibility, finance, human resource management and labor relations, international business, small business and entrepreneurship, strategic management, organizational behavior, marketing and sales, and statistical analysis. A major in business administration helps prepare graduates for careers in for-profit and not-for-profit organizations and the public sector.

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in business management to waive the prerequisite course for the graduate degree. More information is available in the UMUC graduate catalog at www.umuc.edu.

Intended Program Outcomes
The student who graduates with a major in business administration should be able to

• Plan and communicate a shared vision for the organization that will drive strategy, assist with decision making, and position the organization in the business environment.
• Employ critical thinking to evaluate qualitative and quantitative data and effectively communicate across all layers of the organization.
• Develop, communicate, implement, and follow policies and procedures that inform and guide operations to reduce cost and organizational risk and promote ethical practices.
• Manage people, time, and resources by utilizing effective employment practices, encouraging team building, and mentoring junior members of the staff.
• Design and execute personal and employee development systems to enhance job performance and leadership skills.

Degree Requirements
A degree with a major in business administration requires the successful completion of 120 credits of coursework, including 36 credits for the major; 41 credits in general education requirements; and 43 credits in the minor, electives, and other degree requirements. At least 18 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the Business Administration Major
Coursework for a major in business administration includes the following:

• Required foundation courses (12 credits): BMGT 110 (or prior business experience and an additional course chosen from ACCT, BMGT, ENMT, FINC, HRMN, or MRKT courses), ACCT 220 and 221, and STAT 230 (or STAT 200)
• Required core courses (21 credits): BMGT 364, 365, 380, and 496; FINC 330; HRMN 300; and MRKT 310
• Required capstone course (3 credits): BMGT 495
• Required related courses (9 credits), which may be applied anywhere in the degree: IFSM 300; and ECON 201 and 203

Recommended Sequence
The following course sequence will fulfill all the requirements for the BS in business administration. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

### First Courses (to be taken within the first 18 credits)

**Note:** Placement tests may be required for MATH and WRTG courses.

- **LIBS 150** Introduction to Research (1 credit)
- **WRTG 101** Introduction to Writing (3 credits)
- or **WRTG 101S** Introduction to Writing
- **MATH 103** College Mathematics (3 credits)
- or **MATH 107** College Algebra
  - or a higher-level math course
- **BMGT 110** Introduction to Business and Management (3 credits)
  - (students with business experience should substitute an additional business course in the last 60 credits of study)

### Introductory Courses (to be taken within the first 30 credits)

- **ECON 201** Principles of Macroeconomics (3 credits)
  - (related requirement for the major; also fulfills the first behavioral and social sciences requirement)
- **BIOL 101** Concepts of Biology (3 credits)
  - and **BIOL 102** Laboratory in Biology (1 credit)
  - or other biological and physical sciences lecture and laboratory course(s)
- **WRTG 291** Research Writing (3 credits)
  - or other communication/writing course
- **IFSM 201** Concepts and Applications of Information Technology (3 credits)
  - (prerequisite to later course)
- **♦ ACCT 220** Principles of Accounting I (3 credits)
- **PHIL 140** Contemporary Moral Issues (3 credits)
  - or **ASTD 135** Introduction to Japanese Language and Culture
  - or **ASTD 155** Introduction to Korean Language and Culture
  - or other arts and humanities course

### Foundation Courses (to be taken within the first 60 credits)

- **♦ STAT 230** Introductory Business Statistics (3 credits)
  - or **STAT 200** Introduction to Statistics (3 credits)
- **GVPT 170** American Government (3 credits)
  - or other behavioral and social sciences course (discipline must differ from first)
- **♦ ACCT 221** Principles of Accounting II (3 credits)
- **NSCI 110** Introduction to Oceanography (3 credits)
  - or other biological and physical sciences lecture course
- **ECON 203** Principles of Microeconomics (3 credits)
  - (related requirement for major)
- **HIST 142** Western Civilization II (3 credits)
  - or **HIST 157** History of the United States Since 1865
  - or **HIST 125** Technological Transformations or other arts and humanities/historical perspective course (discipline must differ from other humanities course)
- **SPCH 100** Foundations of Oral Communication (3 credits)
  - or **COMM 200** Military Communication and Writing
  - or other communication, writing, or speech course
- **IFSM 300** Information Systems in Organizations (3 credits)
  - (related requirement for the major; also fulfills the computing requirement)

### Additional Required Courses (to be taken after introductory and foundation courses)

- ♦ **BMGT 364** Management and Organization Theory (3 credits)
  - WRTG 394 Advanced Business Writing (3 credits)
  - or other upper-level advanced writing course
- ♦ **BMGT 365** Organization Leadership (3 credits)
- ♦ **MRKT 310** Marketing Principles (3 credits)
- ♦ **BMGT 380** Business Law I (3 credits)
- ♦ **HRMN 300** Human Resource Management (3 credits)
- ♦ **FINC 330** Business Finance (3 credits)
- ♦ **BMGT 496** Business Ethics (3 credits)

### Capstone Course for Major (to be taken in the last 15 credits)

- ♦ **BMGT 495** Strategic Management (3 credits)

### Minor and/or Elective Courses (to be taken in the last 60 credits along with required major courses)

- 40

#### Recommended Minors

Human Resource Management, Marketing, Finance, or other business-related minor

#### Recommended Electives

- **MATH 140** Calculus I (for students who plan to go on to graduate school; students should note prerequisites)
  - or **MATH 130** Calculus A
  - or **MATH 131** Calculus B
- **WRTG 490** Writing for Managers

### Total credits for BS in Business Administration

120

### Minor in Business Administration

The business administration minor complements the skills the student gains in his or her major discipline by providing a study of principles and techniques used in organizing, planning, managing, and leading within various organizations.

#### Requirements for the Minor

A minor in business administration requires the completion of 15 credits of coursework in business administration. Any ACCT, BMGT, FINC, HRMN, and MRKT courses apply. It is recommended that students take BMGT 364 as the first course in the minor (if they have not already applied the course to other degree requirements). Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.
COMMUNICATION STUDIES

Students may seek either an academic major or minor in communication studies.

Major in Communication Studies
The major in communication studies helps provide students with an appropriate balance of theoretical knowledge and sophisticated, practical communication skills. Students have the opportunity to learn how people create and use messages to generate meaning within and across various contexts, cultures, channels, and media. The multidisciplinary curriculum covers speech communication, mass communication and new media, journalism, public relations, business writing, and technical writing. It encourages students to develop written, oral, and visual communication skills; to apply communication theories to both personal and professional situations; and to increase their understanding of human interaction. Students with a major in communication studies may pursue a wide variety of careers in areas such as journalism, public relations, marketing, communication, and professional writing.

Intended Program Outcomes
The student who graduates with a major in communication studies should be able to

• Apply analytical skills in interpreting, using, and delivering information, particularly through mass media.

• Create professional written, oral, and visual communication for specific purposes and diverse audiences, applying structural and stylistic conventions.

• Design, create, and/or select multimedia components and integrate them into print, broadcast, and online media-rich resources.

• Manage successful communication activities within the ethical, legal, and financial parameters of the project and of the profession.

• Work with individuals and groups in ways that reflect an understanding of both communication theory and professional expectations.

• Use an understanding of diverse and intercultural perspectives as they affect communication practices.

• Design and/or employ specific research methodologies and tools to gather information for specific purposes.

Degree Requirements
A degree with a major in communication studies requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the Communication Studies Major
Coursework for a major in communication studies includes the following:

• Required foundation courses (6 credits): COMM 300 and 302
• Speech communication course (3 credits): Any SPCH course
• Mass communication/media studies course (3 credits): Chosen from COMM 400, 410, and 493 and any JOUR courses
• Diversity communication courses (6 credits): Chosen from COMM 380 and SPCH 324, 472, and 482
• Specialization courses chosen from a single area (9 credits):
  - Professional writing: Chosen from WRTG 393, 394, 459, 489, 490, 493, 494, and 496
  - Speech communication: Chosen from any upper-level SPCH courses
  - Media studies: Chosen from COMM 400, 410, 459, and 493 and any JOUR courses
• Required research methods course (3 credits): COMM 480
• Required Capstone course (3 credits): COMM 495

Recommended Sequence
The following course sequence will fulfill all the requirements for the BA in communication studies. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

### Total credits for BA in Communication Studies: 120

### Minor in Communication Studies

The communication studies minor complements the skills the student gains in his or her major discipline by helping to provide specialized skills in workplace communication, including the development of written and oral communication skills and a greater understanding of human interaction.

### Requirements for the Minor

A minor in communication studies requires the completion of 15 credits of coursework in communication studies. All COMM, JOUR, SPCH, and WRTG apply. It is recommended that students take COMM 300 early in the minor (if they have not already applied the course toward other degree requirements).

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply to all courses.

For a listing of all the requirements for the bachelor's degree, students should refer to their major and pages 64-67.
**PROGRAMS OF STUDY**

**COMPUTER AND INFORMATION SCIENCE**

Students may seek an academic major in computer and information science.

**Major in Computer and Information Science**

The computer and information science major helps provide an in-depth study of computer and information science through a hands-on approach that enables students to explore computer-based solutions to challenging problems. The curriculum focuses on problem-solving skills and techniques that can be applied to many disciplines and covers software and Web engineering, relational databases, programming languages, operating systems, computer networks, and distributed systems. Students may pursue careers in various computing areas, including applications in programming, databases, software engineering, and networking.

**Intended Program Outcomes**

The student who graduates with a major in computer and information science should be able to

- Design, implement, secure, and maintain databases that meet user requirements for both transaction processing and data warehouses.
- Design, develop, implement, secure, and maintain software applications that meet user requirements, using current best practices and tools for all application interfaces and domains.
- Design, implement, and maintain a reliable and secure network and services infrastructure.
- Plan, manage, and provide appropriate documentation and communication through all phases of the software development life cycle to ensure successful implementation of an information technology (IT) project that is on time and within budget.
- Identify, learn, and adapt to local and global IT trends, technologies, legalities, and policies, as well as appropriately communicate their impact to key stakeholders.
- Work independently or as an effective member of an application development team to determine and implement systems that meet customer requirements.

**Degree Requirements**

A degree with a major in computer and information science requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above).

**Requirements for the Computer and Information Science Major**

Coursework for a major in computer and information science includes the following:

- **Introductory course (3 credits)** CMIS 170 or CMIS 111
- **Programming language sequence (6 credits):** Chosen from
  - PC/Java: CMIS 141 and 242
  - Mac/Objective C: CMIS 115 and 215
  - PC/Microsoft: CMIS 125 and 225
- **Required core courses (6 credits)** CMIS 320 and 330
- **Supplemental major courses (6 credits):** Chosen from
  - CMIS 102 (for students with no prior programming experience), 255, 310, 315, and 325 (Note: Students should take CMIS 102 before core courses and may apply it toward the computing requirement rather than toward the major.)
- **400-level supplemental major courses (6 credits):** Chosen from any 400-level CMIS courses (except CMIS 486A and 486B)
- **Required capstone course (3 credits):** CMSC 495

**Recommended Sequence**

The following course sequence will fulfill all the requirements for the BS in computer information science coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

| CMSC 495 Current Trends and Projects in Computer Science | 3       |

**Minor and/or Elective Courses (to be taken in the last 60 credits along with required major courses)**

| Recommended Minor: | Computer Science |

**Total credits for BS in Computer and Information Science**: 120

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

## COMPUTER NETWORKS AND SECURITY

Students may seek an academic major in computer networks and security.

### Major in Computer Networks and Security

The computer networks and security major helps prepare students to enter or advance in computer networking fields where industry-standard certifications are commonly used to show skills or knowledge level and are considered essential in hiring and promotion decisions. The curriculum focuses on the techniques, policies, operational procedures, and technologies needed to design, implement, administer, secure, and troubleshoot enterprise-level networks. The major helps prepare students for careers as network managers, systems administrators, and network security analysts. It is designed to combine the benefits of a traditional college education with the benefits of hands-on training in state-of-the-art computer technology. The computer networks and security curriculum integrates technical skill with communication skills, superior general education knowledge,
and breadth of knowledge in the information technology field, particularly in networks and security.

**Intended Program Outcomes**

The student who graduates with a major in computer networks and security should be able to

- Design, implement, and administer local-area and wide-area networks to satisfy organizational goals.
- Resolve information technology (IT) system problems and meet the needs of end users by applying troubleshooting methodologies.
- Apply relevant policies and procedures to effectively secure and monitor IT systems.
- Meet organizational goals in completing individual and team assignments using effective workforce skills, best practices, and ethical principles.
- Effectively communicate IT knowledge to diverse audiences using a wide range of presentation modalities.

**Degree Requirements**

A degree with a major in computer networks and security requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above), and 18 credits in courses designated CMIT.

**Requirements for the Computer Networks and Security Major**

Coursework for a major in computer networks and security includes the following:

- Required foundation courses (6 credits): CMIT 202 and 265
- Required core courses (9 credits): CMIT 320, 350, and 369
- Supplemental major courses (15 credits): Any upper-level CMIT courses or CCJS 321
  (Note: Taking courses within a single topic area—Microsoft, Cisco, digital forensics, or security—is highly recommended.)
- Required capstone course (3 credits): CMIT 495

**Recommended Sequence**

The following course sequence will fulfill all the requirements for the BS in computer networks and security. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

CRIMINAL JUSTICE

Students may seek either an academic major or minor in criminal justice.

Major in Criminal Justice

The criminal justice program helps provide students with an understanding of the nature of crime and the personnel, institutions, and processes that prevent or respond to crime. Students are introduced to both the theory and practice of the criminal justice system. The curriculum covers crime and criminal behavior, law enforcement, courts, corrections, security, and investigation. It helps provide a solid foundation for further study or entry into a variety of criminal justice professions.

Intended Program Outcomes

The student who graduates with a major in criminal justice should be able to

• Communicate accurately, orally and in writing, to complete organizational missions to ensure public safety.

• Apply critical thinking skills and logic to analyze and solve a variety of complex problems in the criminal justice environment.

• Manage and evaluate organizational efforts to ensure effective cooperation with stakeholders to prevent, control and manage crime to ensure public safety.

• Utilize an ethical framework and an understanding of legal constraints to make decisions as a criminal justice professional.

• Develop specialized technical knowledge and skills relevant to subspecialties in the field of criminal justice to ensure public safety.

• Use interpersonal and leadership skills to work both independently and cooperatively as a member of a criminal justice team.

Degree Requirements

A degree with a major in criminal justice requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above).
Programs of Study

Requirements for the Criminal Justice Major

Coursework for a major in criminal justice includes the following:

- Introductory course (3 credits): CCJS 100 or 105
- Required statistics course (3 credits): STAT 200
- Required core courses (12 credits): CCJS 340, 345, 380, and 497
- Supplemental major courses (9 credits): Any 3-credit CCJS courses (Note: Taking courses within a single topic area - law enforcement, law, corrections, security management, forensics, intelligence, or leadership - is highly recommended.)
- Required capstone course (3 credits) CCJS 495

Recommended Sequence

The following course sequence will fulfill all the requirements for the BS in criminal justice. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

Total credits for BS in Criminal Justice 120
Minor in Criminal Justice
The criminal justice minor complements the skills the student gains in his or her major discipline by providing a study of crime, law enforcement, courts, corrections, security, and investigative forensics.

Requirements for the Minor
A minor in criminal justice requires the completion of 15 credits of coursework in criminal justice. Any CCJS courses apply.

It is recommended that students take CCJS 100 or CCJS 105 as the first course in the minor (if they have not already applied the course toward other degree requirements).

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

CYBERSECURITY
Students may seek either an academic major or minor in cybersecurity.

Major in Cybersecurity
The major in cybersecurity helps prepare graduates to be leaders in the protection of data assets. The curriculum focuses on the techniques, policies, operational procedures, and technologies that secure and defend the availability, integrity, authentication, confidentiality, and nonrepudiation of information and information systems, in local as well as more broadly based domains. The major helps prepare students for careers as information systems security professionals, senior system managers, and system administrators responsible for information systems and the security of those systems.

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in cybersecurity to reduce their total coursework for the MS in cybersecurity or cybersecurity policy by 18 credits (three courses). More information is available in the UMUC graduate catalog at www.umuc.edu.

Intended Program Outcomes
The student who graduates with a major in cybersecurity should be able to

- Protect an organization’s critical information and assets by ethically integrating cybersecurity risk management and business continuity best practices throughout an enterprise.
- Implement continuous network monitoring and provide real-time security solutions.
- Analyze advanced persistent threats, deploy countermeasures, and conduct risk and vulnerability assessments of planned and installed information systems.
- Participate in forensic analysis of cyber incidents and assist in recovery of operations.
- Formulate, update, and communicate short- and long-term organizational cybersecurity strategies and policies.

Degree Requirements
A degree with a major in cybersecurity requires the successful completion of 120 credits of coursework, including 33 credits for the major: 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for Cybersecurity Major
Coursework for a major in cybersecurity includes the following:

- Required foundation courses (9 credits): CSIA 301, CMIT 265, and IFSM
- Required core courses (15 credits): CSIA 303, 412, and 413; CMIT 320; and CCJS 321
- Supplemental major courses (6 credits): Chosen from any CCJS 390 and 421; CMIT 321, 340, 424, 425, 440, and 460; and any CSIA courses (Note: Taking courses within a single topic area - policy or technology - is highly recommended.)
- Required capstone course (3 credits): CSIA 485

Recommended Sequence
The following course sequence will fulfill all the requirements for the BS in cybersecurity. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social

Minor in Cybersecurity

The cybersecurity minor complements the skills the student gains in his or her major discipline by providing a study of the principles, best practices, and technologies that govern the design of digital media.

Requirements for the Minor

A minor in cybersecurity requires the completion of 15 credits of coursework in cybersecurity. All courses allowable for the major apply.

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses. For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.
DIGITAL MEDIA AND WEB TECHNOLOGY

Students may seek an academic major in digital media and Web technology.

Major in Digital Media and Web Technology

The digital media and Web technology major is designed to help prepare students for a career in the field of digital design. The flexible program of study allows students to specialize in Web technology, motion graphics, or digital design, as well as integrate courses from multiple disciplines to meet career interests and educational goals. The program offers hands-on experience in creating digital works using industry-standard software. The curriculum covers the theories, technologies, techniques, and best practices that govern the effective design of interactive, immersive, and engaging digital media across multiple delivery platforms. The major prepares students to work in areas such as Web design, motion graphics, multimedia, animation, and graphic design.

Intended Program Outcomes

The student who graduates with a major in digital media and Web technology should be able to

• Design, develop, and manage digital media using current and emerging technologies that adhere to industry standards.
• Analyze needs and effectively manage projects and resources, applying sound business principles and technology.
• Design and develop digital, interactive, and Web-based media to meet customer requirements and usability standards.
• Develop, test, and implement Web and multimedia applications using sound techniques for scripting and programming.
• Apply relevant theories, practices, and principles effectively when designing and developing works of digital media.

Degree Requirements

A degree with a major in digital media and Web technology requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the Digital Media and Web Technology Major

Coursework for a major in digital media and Web technology includes the following:

• Required foundation courses (6 credits): Chosen from CMST 290 and 295
• Required core course sequence (6 credits): CMST 385-386 (Web technologies), CMST 341-342 (motion graphics), or CMST 310-311 (digital design)
• Supplemental major courses (15 credits): Chosen from any CMST, CMIS, CMIT, CMSC, CSIA, and IFSM courses (Note: Taking courses within a single topic area - Web technologies, motion graphics, or digital design - is highly recommended.)
• Required capstone course (3 credits): CMST 495

Recommended Sequence

The following course sequence will fulfill all the requirements for the BS in digital media and Web technology. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

### Minor in Digital Media and Web Technology

The digital media and Web technology minor complements the skills the student gains in his or her major discipline by providing a study of the principles, best practices, and technologies that govern the design of digital media.

#### Requirements for the Minor

A minor in digital media and Web technology requires the completion of 15 credits of coursework in computer studies. Students must complete either CMST 290 or CMST 295. The remaining credits may be chosen from any CMST courses. Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses. For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

---

### East Asian Studies

Students may seek either an academic major or minor in East Asian studies.

#### Major in East Asian Studies

The East Asian studies major provides an interdisciplinary overview of the history, economics, politics, culture, and languages of the East Asian region, including China, Korea, and Japan. It examines the region’s rich past and continuing contributions to the global community. The curriculum emphasizes an understanding of East Asia based on both expanded cultural awareness and scholarly analysis in multiple disciplines. Students are provided with background knowledge that both enriches their appreciation of the area and helps prepare them for a range of careers that require a broad knowledge of the region and accurate understanding of the culture.
Intended Program Outcomes

The student who graduates with a major in East Asian studies should be able to

- Interpret, communicate, educate, and advise others based on understanding, research, and analysis of the social, historical, and cultural contexts of East Asia.
- Use knowledge of East Asia to identify, create, facilitate, and promote opportunities for interaction and cooperation between Asia and the global community, as well as to mediate and negotiate between East Asians and others.
- Apply knowledge of East Asian diversity, values, and expectations to perform in a culturally appropriate way in personal and professional settings.
- Communicate in both written and spoken form in an East Asian language, integrating interpersonal skills and cultural knowledge.

Degree Requirements

A degree with a major in East Asian studies requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the East Asian Studies Major

Coursework for a major in East Asian studies includes the following:

- Required foundation courses (6 credits): ASTD 284 and 285
- East Asian language sequence (9 credits): Either JAPN 111, 112, and 114; KORN 111, 112, and 114; or CHIN 111, 112, and 114
- Required intercultural communication course: SPCH 482
- Supplemental major courses (9 credits): Chosen from ANTH 417; PHIL 348; or any upper-level ASTD, JAPN, KORN, Asian HIST, or Asian GVPT courses
- Required capstone course (3 credits): ASTD 485

Recommended Sequence

The following course sequence will fulfill all the requirements for the BA in East Asian studies. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

Total credits for BA in East Asian Studies 120

Minor in East Asian Studies

The East Asian studies minor complements the skills the student gains in his or her major discipline by providing an interdisciplinary study of the cultural, historical, political, and contemporary business reality of the Asian/Pacific world.

Requirements for the Minor

A minor in East Asian studies requires the completion of 15 credits of coursework in East Asian studies, which must include ASTD 284 and ASTD 285. Courses allowable for the major in East Asian studies apply. Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

ENGLISH

Students may seek either an academic major or minor in English.

Major in English

The English major helps provide students with broad cultural literacy, as well as the analytical, writing, and critical thinking skills for successful professional work and graduate study. Graduates with an English degree may pursue careers in business, education, law, the military, creative and professional writing, journalism, marketing, public relations, administration, and management, as well as advanced degrees in secondary teaching, literature, or related fields.

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in English to reduce their total coursework for the Master of Arts in English by 12 credits (two courses) and complete both degrees with a total of 138 credits of coursework. More information is available in the UMUC graduate catalog at www.umuc.edu.

Intended Program Outcomes

The student who graduates with a major in English should be able to

• Interpret literature and apply language in a thoughtful and articulate way in order to reflect on the human condition in today’s world.

• Apply models from literature that reflect diversity and cultural competence to promote fair and inclusive interactions in the workplace and the larger society.

• Apply models from literature to ethical leadership and strategic management in for-profit and not-for-profit organizations.

• Access, research, and analyze information using current technologies and library resources to accomplish professional objectives.

• Create professional written and oral communications for specific purposes and provide feedback on grammatical and stylistic conventions.

Degree Requirements

A degree with a major in English requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, elective, and other degree requirements.
At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the English Major
Coursework for a major in English includes the following:

- Required foundation courses (6 credits): ENGL 240 and 303
- Historical background courses (9 credits): Chosen from ENGL 309, 310, 311, 312, and 386
- Period course (3 credits): ENGL 345, 425, 430, 433, 441, 457, or 459
- Major authors courses (9 credits): Chosen from ENGL 363, 364, 406, 434, 439, and 454
- Supplemental major course (3 credits): Any ENGL course or WRTG 387
- Required capstone course (3 credits): ENGL 495

Recommended Sequence
The following course sequence will fulfill all the requirements for the BA in English. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

English Degree Courses

First Courses (to be taken within the first 18 credits)

Note: Placement tests may be required for MATH and WRTG courses.
- LIBS 150 Introduction to Research 1

- and BIOL 102 Laboratory in Biology or other biological and physical sciences lecture and laboratory course(s)

Foundation Courses (to be taken within the first 60 credits)
- PSYC 100 Introduction to Psychology 3
- or SOCY 100 Introduction to Sociology or other behavioral and social sciences course
- or CMST 301 Digital Media and Society
- NSCI 110 Introduction to Oceanography or other biological and physical sciences lecture course
- HIST 142 Western Civilization II 3
- or HIST 157 History of the United States Since 1865 or other arts and humanities/historical perspective course (discipline must differ from other humanities course)
- ♦ ENGL 240 Introduction to Fiction, Poetry, and Drama or other supplemental major course
- ♦ ENGL 303 Critical Approaches to Literature

Additional Required Courses (to be taken after introductory and foundation courses)
- WRTG 391 Advanced Research Writing or other upper-level advanced writing course
- ♦ ENGL 309 Medieval Literature or other historical background course
- ♦ ENGL 310 Renaissance Literature or other historical background course
- ♦ ENGL 311 17th- and 18th-Century British Literature or other historical background course
- ♦ ENGL 425 20th-Century British Literature or other period course for the major
- ♦ ENGL 364 African American Authors from 1900 to the Present or other major authors course for the major
- ♦ ENGL 406 Seminar in Shakespeare Studies or other major authors course for the major
- ♦ ENGL 454 Modern World Drama or other major authors course for the major
- ♦ ENGL 481 Seminar in Creative Writing: Fiction and Creative Nonfiction or other supplemental major course

Capstone Course for Major (to be taken after all other courses for the major)
- ♦ ENGL 495 Advanced Seminar in English Language, Literature, and Writing
Minor and/or Elective Courses (to be taken in the last 60 credits along with required major courses)

Recommended Electives
(for qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)

- EDTP 500  Professional Fundamentals of Teaching and Learning
- EDTP 535  Adolescent Development and Learning Needs

Total credits for BA in English 120

Minor in English

The English minor complements the skills the student gains in his or her major discipline by providing exposure to literary analysis, critical thinking and reading, and the study of the relationship of literature to contemporary intellectual issues.

Requirements for the Minor

A minor in English requires the completion of 15 credits in English coursework. All ENGL courses apply. It is recommended that students take ENGL 240 and 303 as the first courses in the minor (if they have not already applied the courses toward other degree requirements). Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

GENERAL STUDIES*

The general studies major is available only to active-duty military personnel and certain others who conform to specific stipulations. Students outside UMUC Europe and UMUC Asia should not select this major.

*Students must consult an advisor before selecting this major. General Studies is not available for a dual major.

Major in General Studies

The general studies major allows students to draw from various disciplines that provide a body of knowledge appropriate to an identified area of interest (for example, an aspect of culture, a historical period, or a geographical location). The interdisciplinary approach emphasizes analysis and synthesis of diverse theory and practice.

Intended Program Outcomes

The student who graduates with a major in general studies should be able to

- Communicate effectively, both orally and in writing, with individuals and groups to convey ideas and knowledge and to establish professional competency.
- Develop the skills and competencies required for sustainable professional success.
- Use appropriate resources to research and critically analyze real-world situations.
- Cultivate an awareness of one’s changing relationship to diverse social, historical, and cultural contexts.
- Understand and apply key concepts from chosen disciplines.

Degree Requirements

A degree with a major in general studies requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the General Studies Major

Coursework for the major in general studies includes 15 credits in each of two different disciplines or specific coursework for a particular curriculum as defined by UMUC. The general studies major requires prior approval. Unless the curriculum has already been defined by UMUC, students must submit a formal proposal explaining the focus and intended learning outcomes of the proposed course of study and identifying specific courses to fulfill those learning outcomes. Students should consult an advisor about eligibility for the major and about the requirements and procedure for submitting a proposal.

Recommended Sequence

The following course sequence will fulfill all of the requirements for the BS in general studies if course selection in the major is approved. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to
fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

HISTORY

Students may seek either an academic major or minor in history.

Major in History

The history major helps prepare students to read and analyze historical works with critical insight and appreciate the range and variety of resources, as well as demonstrate knowledge of the development and cultural diversity of their respective areas of study. Students may develop their research skills using libraries, archives, and online sources to acquire a sense of intellectual property and the responsibility of presenting and interpreting historical issues. They may also develop writing skills to clearly express their findings using the language of the discipline. The history major helps prepare students for graduate study in history and for careers in education, writing and publishing, journalism, law, public relations, business, government, and management.

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in history to reduce their total coursework for the Master of Arts in Teaching by 12 credits (two courses) and complete both degrees with a total of 138 credits of coursework. More information is available in the UMUC graduate catalog at www.umuc.edu.

Intended Program Outcomes

The student who graduates with a major in history should be able to

- Organize and use primary and secondary sources for research, interpretation, and presentation of historical knowledge.
- Convey historical information by writing and speaking clearly and appropriately for different audiences and with an appreciation of diverse viewpoints.
- Engage in history as a moral and ethical practice, recognizing a diversity of backgrounds and perspectives.
• Cultivate historical habits of mind, apply historical precedents to contemporary developments, remain open to historical interpretation as an incomplete process, and develop self-reflection to mitigate bias.

• Demonstrate a chronological understanding of the different peoples, events, and cultures that have shaped human civilization.

Degree Requirements
A degree with a major in history requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the History Major
Coursework for a major in history includes the following:

• Required foundation course (3 credits): HIST 289
• Required U.S. history sequence (6 credits): HIST 156 and 157
• Required methodology course (3 credits): HIST 309
• World history sequence (6 credits): HIST 115-116 or HIST 141-142
• U.S. distribution course (3 credits): HIST 360, 361, 362, 364, 365, 372, 376, 377, 381, 453, 460, 461, 462, 463, or 467
• European distribution course (3 credits): HIST 324, 325, 326, 327, 332, 333, 334, 335, 356, 357, 358, 430, 431, 432, 433, 434, 437, 438, 439, 440, 441, 443, or 448
• World regions distribution course (3 credits): HIST 342, 353, 354, 382, 383, 389, 392, 464, 465, 466, 480, 481, 482, 483, or 485
• Supplemental major course (3 credits): Any upper-level HIST course
• Required capstone course (3 credits): HIST 495

Recommended Sequence
The following course sequence will fulfill all the requirements for the BA in history. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

- EDTP 535 Adolescent Development and Learning Needs

**Total credits for BA in History** 120

**Minor in History**

The history minor complements the skills the student gains in his or her major discipline by offering a historical perspective and by developing critical thinking and an appreciation of the major contributions of various events and individuals to human civilization.

**Requirements for the Minor**

A minor in history requires the completion of 15 credits of coursework in history. All HIST courses apply. It is recommended that students take HIST 289 as the first course in the minor and take HIST 309 after all other courses in the minor.

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

**HUMANITIES**

Students may seek either an academic major or minor in humanities.

**Major in Humanities**

The interdisciplinary major in the humanities helps students broaden their understanding of themselves and their interaction with the world. It offers them an opportunity to gain an understanding of their cultural and intellectual heritage, as well as the tools to use that knowledge as lifelong learners. Students may explore how individuals and groups understand their existence, their place within their cultures, and their responsibility to others and the physical world. They may also practice ways to express this understanding—by studies in literature, language, and history, and through creative and expressive art—and define their own meaning of humanness within an increasingly technological and diverse world. The interdisciplinary curriculum draws on art, art history, cultural history, literature, language, literature, music, philosophy and religious studies, and theater.

**Intended Program Outcomes**

The student who graduates with a major in humanities should be able to

- Use the knowledge, experiences, and skills gained from the study of the humanities to develop one’s identity as a lifelong learner and contributing member of one’s community and society.
- Plan, communicate, and implement coherent and justifiable practices that improve human conditions.
- Analyze ideas critically and defend recommendations for improving the conditions of all members of society.
- Act in a personally and socially responsible manner, recognizing the complexity and diversity of the human experience.

**Degree Requirements**

A degree with a major in humanities requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above).
Requirements for the Humanities Major

Coursework for a major in humanities includes the following:

- Required introductory course (3 credits): HUMN 100
- Required foundation courses (12 credits): ARTT 205, HIST 115-116 (or HIST 141-142), and PHIL 140
- Required core courses (12 credits): ARTH 372 (or ARTH 373), an upper-level ENGL course; and two upper-level courses designated HUMN and/or PHIL
- Supplemental major course (3 credits): Any upper-level ARTT, ARTH, ENGL, GRCO, HUMN, MUSC, PHIL, or THET course
- Required capstone course (3 credits): HUMN 495

Recommended Sequence

The following course sequence will fulfill all the requirements for the BA in humanities. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

Total credits for BA in Humanities: 120
Minor in Humanities

The humanities minor complements the skills the student gains in his or her major discipline by providing an integrated curriculum for enrichment and exploration of culture and ideas, as well as a broad perspective on human behavior, thought, and values across traditional disciplines.

Requirements for the Minor

A minor in humanities requires the completion of 15 credits of coursework in humanities and related disciplines. Courses allowable for the major apply. Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level humanities-related courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

HUMAN RESOURCE MANAGEMENT

Students may seek either an academic major or minor in human resource management.

Major in Human Resource Management

The human resource management major helps provide 21st-century skills, knowledge, and understanding of human resource functions in private- and public-sector organizational settings. These functions include human resource planning; recruitment, selection, placement, and orientation of employees; training and career development; labor relations; management of performance appraisal, compensation, and benefit programs; and development of personnel policies and procedures. The curriculum also covers management and organization theory, organizational behavior and development approaches, labor relations theory and practice, interpersonal skill development, and special perspectives such as women in management. Students can prepare for work in business administration and human resources in the for-profit, nonprofit, or public sector. Through the proper selection of courses, the student can also prepare for the certification examinations for Professional in Human Resources, Senior Professional in Human Resources, and Global Professional in Human Resources, which are offered by the Society for Human Resource Management.

Intended Program Outcomes

The student who graduates with a major in human resource management should be able to

• Apply business knowledge, reflective practices, and ethical leadership skills that drive learning and self-improvement to develop strategic competencies and position the organization competitively.
• Apply knowledge of human behavior, labor relations, and current laws and regulations to produce a working environment that is safe, fair, and compliant with all applicable regulations and where all employees are motivated and valued.
• Develop, implement, and assess training, development, and total rewards programs that foster employee and organizational learning and development.
• Recognize the different cultures and world views that inform human thinking and action and respond constructively to human and global differences in workplaces, communities, and organizations.
• Identify and use technology to research, collect, analyze, and interpret data and effectively communicate information in a professional manner that educates and influences others.

Degree Requirements

A degree with a major in human resource management requires the successful completion of 120 credits of coursework, including 36 credits for the major; 41 credits in general education requirements; and 43 credits in the minor, electives, and other degree requirements. At least 18 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the Human Resource Management Major

Coursework for a major in human resource management includes the following:

• Required foundation courses (12 credits): BMGT 110 (or BMGT 364), ACCT 301 (or ACCT 221), FINC 331 (or any upper-level FINC course, except FINC 321 or 322), and MKTG 310
• Required core courses (18 credits): HRMN 300, 362, 395, 400, 406, and 408
• Supplemental major courses (3 credits): Chosen from any HRMN courses or BMGT 365, 465, and 484
• Required capstone course (3 credits): HRMN 495
• Required related course (3 credits), which may be applied anywhere in the degree: IFSM 300

Recommended Sequence

The following course sequence will fulfill all the requirements for the BS in human resource management. Coursework for
the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

**Total credits for BS in Human Resource Management 120**

### Minor in Human Resource Management

The human resource management minor complements the skills the student gains in his or her major discipline by examining the human resource functions in a private- or public-sector organizational setting. These functions include human resource planning; recruitment, selection, and placement; employee appraisal and compensation; employee training and career development; management of labor relations; and development of a human resource department implementation plan.

**Requirements for the Minor**

A minor in human resource management requires the completion of 15 credits of coursework in human resource manage-
ment. Any HRMN course applies. It is recommended that students take HRMN 300 and 400 for the minor (if they have not already applied the courses elsewhere in the degree).

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

INFORMATION SYSTEMS MANAGEMENT

Students may seek either an academic major or minor in information systems management.

Major in Information Systems Management

The information systems management major helps students develop the ability to conceptualize and manage the design and implementation of high-quality information systems. The curriculum focuses on the concepts, methods, and practical applications of information systems in the workplace. Students are given the opportunity to practice the skills needed to make substantive contributions to the use of information systems in corporate decision making.

Intended Program Outcomes

The student who graduates with a major in information systems management should be able to

- Evaluate, select, and apply appropriate analytical and measurement methods/tools and system development life cycle (SDLC) methodologies to meet organizational needs.
- Research, assess, recommend/select, and implement information technology that aligns with business needs, provides capability for business continuity, and meets business objectives.
- Communicate effectively with stakeholders orally, visually, and in writing to determine stakeholders’ business requirements, explain how their requirements will be met, and provide ongoing audience-appropriate information.
- Protect organizations’ critical information and assets responsibly by integrating cybersecurity best practices and risk management throughout global enterprises.
- Plan, execute, and evaluate technology solutions to achieve strategic goals by managing high-performing teams and projects.

Degree Requirements

A degree with a major in information systems management requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the Information Systems Management Major

Coursework for a major in information systems management includes the following:

- Required foundation courses (12 credits): IFSM 300, 301, 304, and 310
- Required core courses (15 credits): CMIS 320; and IFSM 311, 370, 438, and 461
- Supplemental major courses (3 credits): Any upper-level CMIS, CMIT, CMSC, CMST, CSIA, or IFSM courses
- Required capstone course (3 credits): IFSM 495
- Required related courses (6 credits), which may be applied anywhere in the degree: CMIS 102 (or programming language course) and IFSM 201

Recommended Sequence

The following course sequence will fulfill all the requirements for the BS in information systems management. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

## Minor in Information Systems Management

The information systems management minor complements the skills the student gains in his or her major discipline by helping students develop their abilities to conceptualize and manage the design and implementation of high-quality information systems.

### Requirements for the Minor

A minor in information systems management requires the completion of 15 credits of coursework in information systems management. All IFSM courses apply.

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses. For a listing of all the requirements for the bachelor's degree, students should refer to their major and pages 64-67.
MANAGEMENT STUDIES

Students may seek an academic major in management studies.

Major in Management Studies

The management studies major helps provide an interdisciplinary and holistic approach to developing skills and knowledge in decision making, problem solving, and leadership. The curriculum includes a foundation in business, accounting, economics, statistics, communications, and management theory and focuses on analysis and decision making across a wide spectrum of management activities. The major helps prepare students for a variety of management-related careers.

Intended Program Outcomes

The student who graduates with a major in management studies should be able to

- Apply leadership skills to promote communication, ethical behavior, and quality performance.
- Implement appropriate employment practices, encourage team building, and mentor junior members of the staff.
- Communicate effectively with culturally diverse audiences using a variety of formats and technology.
- Assess and develop performance measures, feedback, and coaching that facilitate employee development.
- Employ self-reflection and mindfulness of individual and cultural differences when interacting with others
- Research, plan, and develop processes and procedures that ensure organizational performance.

Degree Requirements

A degree with a major in management studies requires the successful completion of 120 credits of coursework, including 36 credits for the major; 41 credits in general education requirements; and 43 credits in the minor, electives, and other degree requirements. At least 18 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the Management Studies Major

Coursework for a major in management studies includes the following:

- Required foundation courses (12 credits): BMGT 110 (or prior business experience and an additional supplemental course), ACCT 220 (or ACCT 301), HRMN 302, and STAT 230 (or STAT 200)
- Required core courses (9 credits): BMGT 364, 365, and 464 (or 465)
- Supplemental major courses (12 credits): Any ACCT, BMGT, ENMT, FINC, HRMN, and MRKT courses
- Required capstone course (3 credits) BMGT 485
- Required related courses (6 credits), which may be applied anywhere in the degree: IFSM 300 and ECON 201 (or 203)

Recommended Sequence

The following course sequence will fulfill all the requirements for the BS in management studies. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

- ♦ BMGT 485 Leadership for the 21st Century 3

Minor and/or Elective Courses (to be taken in the last 60 credits along with required major courses)

Total credits for BS in Management Studies 120

POLITICAL SCIENCE

Students may seek either an academic major or minor in political science.

Major in Political Science

A major in political science offers valuable, comprehensive knowledge of American government and global politics, helping to prepare students to analyze complex political problems and recognize potential solutions in both the public and private sectors. Students are able to gain an understanding of political structure, theory, and methodology. They can also develop their research skills and sense of intellectual property using libraries, archives, and online sources. The program provides an opportunity for students to develop their writing skills and learn the responsibility for clearly presenting and interpreting political issues using the language of the discipline.

An articulation agreement between UMUC's Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in political science to reduce their total coursework for the Master of Arts in Teaching by 12 credits (two courses) and complete both degrees with a total of 138 credits of coursework. More information is available in the UMUC graduate catalog at www.umuc.edu.

Intended Program Outcomes

The student who graduates with a major in political science should be able to

- Analyze and participate in the formulation and implementation of public policy at the local, state, federal, and international levels by building consensus and using effective lobbying techniques.
• Participate in and/or influence government at all levels through an understanding of the establishment, structure, and interaction of governmental institutions.

• Use effective writing, research, analysis, advocacy, and coalition-building skills to develop and influence policy at the national and international levels.

• Conduct, analyze, and evaluate theoretical and empirical research for specific problems to affect domestic and international policy by applying political theory, systems, and processes in organizational environments.

• Apply knowledge of ethical principles and issues to public policy and politics.

Degree Requirements
A degree with a major in political science requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above).

Requirements for the Political Science Major
Coursework for a major in political science includes the following:

• Required foundation courses (6 credits): GVPT 100 and 101
• Required statistics course: (3 credits) STAT 200
• Required core courses (9 credits): GVPT 170 (or 200), 280, and 444 (or 457)
• Supplemental major courses (9 credits): Any 300- or 400-level GVPT courses
• Required capstone course (3 credits): GVPT 495

Recommended Sequence
The following course sequence will fulfill all the requirements for the BS in political science. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

Minor and/or Elective Courses (to be taken in the last 60 credits along with required major courses)

Recommended Electives
(for qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)

- EDTP 500 Professional Fundamentals of Teaching and Learning
- EDTP 535 Adolescent Development and Learning Needs

Total credits for BS in Political Science 120

PSYCHOLOGY

Students may seek either an academic major or minor in psychology.

Major in Psychology

The psychology major offers students a knowledge base of theory, research, and practice in psychological sciences. The curriculum enables students to use the principles of psychology and helps prepare them for graduate study or for careers in professions for which psychological training is crucial.

Intended Program Outcomes

The student who graduates with a major in psychology should be able to

- Apply major concepts, theoretical perspectives, empirical findings, and historical trends in psychology to prepare for graduate study or careers in which psychological training is relevant.
- Apply basic knowledge of research methodology, statistics, measurement, guidelines, ethical standards, laws, and regulations to design, participate in, and evaluate research in a variety of contexts.
- Apply knowledge of human behavior to inform personal growth, communicate effectively, solve problems, make decisions, and interact with individuals, communities, and organizations.
- Use critical and creative thinking, skeptical inquiry, and where possible appropriate technology, and the scientific approach to solve problems related to current and emerging trends within the domains of psychology.
- Value diversity and different perspectives, tolerate ambiguity, and act ethically to communicate appropriately with various sociocultural and international populations.

Degree Requirements

A degree with a major in psychology requires the successful completion of 120 credits of coursework, including 36 credits for the major; 41 credits in general education requirements; and 43 credits in the minor, electives, and other degree requirements. At least 18 credits in the major must be earned in upper-level courses (numbered 300 or above).

Minor in Political Science

The political science minor complements the skills the student gains in his or her major discipline by providing systematic study of politics and government. It exposes the student to the basic concepts, theories, policies, and roles of government at local, state, and national levels in domestic and foreign settings.

Requirements for the Minor

A minor in political science requires the completion of 15 credits of coursework in government and politics. All GVPT courses apply. It is recommended that students take GVPT 100, 101, or 170 as the first course in the minor (if they have not already applied the course toward other degree requirements).

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.
Requirements for the Psychology Major

Coursework for a major in psychology includes the following:

- **Required foundation courses (9 credits):** PSYC 100 and 300 and STAT 225
- **Biological science psychology courses (6 credits):** Chosen from BIOL 362 and PSYC 301, 310, and 341
- **Professional psychology courses (6 credits):** Chosen from PSYC 335, 353, 432, 436, and 437
- **Social psychology courses (6 credits):** Chosen from PSYC 321, 351, 354, and 361
- **Supplemental major courses (6 credits):** Any PSYC courses (but no more than three 1-credit courses)
- **Required capstone course (3 credits):** PSYC 495

Recommended Sequence

The following course sequence will fulfill all the requirements for the BS in psychology. Coursework for the major is indicated by ♦. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

Minor and/or Elective Courses (to be taken in the last 60 credits along with required major courses)

Total credits for BS in Psychology 120
Minor in Psychology

The psychology minor complements the skills the student gains in his or her major discipline by investigating the nature of mind and behavior, including the biological basis of behavior, perception, memory and cognition, the influence of environmental and social forces on the individual, personality, lifespan development and adjustment, research methods, and statistical analysis.

Requirements for the Minor

A minor in psychology requires the completion of 15 credits of coursework in psychology.

Students must choose one of the following foundation courses:

- PSYC 100 Introduction to Psychology
- PSYC 300 Research Methods in Psychology
- STAT 225 Introduction to Statistics for the Behavioral Sciences

They must also choose one biological psychology course, one social psychology course, and one professional psychology course from those listed under the requirements for the major. The remaining course may be chosen from any PSYC course.

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

Social Science

Students may seek an academic major in social science.

Major in Social Science

The social science major helps provide breadth of knowledge in the social sciences through interdisciplinary study in areas such as anthropology, behavioral sciences, gerontology, psychology, and sociology and depth through focused study in a single area. It also offers depth and focus through selection of core courses in one social science area. Graduates in social science may pursue a variety of careers in which understanding of social science issues is important, including business administration, elder care, government, health services, law enforcement, human resources, and community service.

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in social science to reduce their total coursework for the Master of Arts in Teaching by 12 credits (two courses) and complete both degrees with a total of 138 credits of coursework. More information is available in the UMUC graduate catalog at www.umuc.edu.

Intended Program Outcomes

The student who graduates with a major in social science should be able to

- Analyze issues, identify improvements, and recommend solutions using statistics, data analysis, and appropriate quantitative and qualitative methods for social science research and/or program evaluation.
- Communicate effectively to professional and nonprofessional individuals and groups through an appropriate media to provide information about social science research, services, or programs.
- Apply an understanding of the relationship between micro- and macro-level problems and issues to identify and evaluate individual and community needs.
- Analyze complex social problems and work toward realistic solutions using awareness, acceptance, and appreciation of diversity, social factors, and global multicultural perspectives.
- Recognize and apply ethical principles and standards to support the professional responsibilities and conduct of social scientists in the workplace.
- Apply critical and creative thinking, information literacy, technology, and an interdisciplinary perspective to solve practical problems in the social sciences

**Degree Requirements**

A degree with a major in social science requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above).

### Requirements for the Social Science Major

Coursework for a major in social science includes the following:

- **Required foundation courses (6 credits):** BEHS 210 and 220
- **Other foundation course (3 credits):** Chosen from SOCY 100, ANTH 102, PSYC 100, and GERO 100
- **Statistics course (3 credits):** STAT 225 (or 200 or 230)
- **Required research methods course (3 credits):** BEHS 300
- **Required core courses (9 credits in a single focus area):** Chosen from upper-level ANTH, SOCY, GERO, or PSYC courses
- **Supplemental major course (3 credits):** Chosen from any ANTH, BEHS, GERO, GEOG, PSYC, or SOCY courses or WMST 200
- **Required capstone course (3 credits):** BEHS 495

#### Recommended Sequence

The following course sequence will fulfill all the requirements for the BS in Social Science. Coursework for the major is indicated by ◆. Since some recommended courses fulfill more than one requirement, substituting courses for those listed may make it necessary to take additional courses to meet degree requirements. Students should consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 66.

- SPCH 100  Foundations of Oral Communication  3
  or other communication, writing, or speech course  3
- ◆ BEHS 220  Diversity Awareness  3
**PROGRAMS OF STUDY**

**Additional Required Courses (to be taken after introductory and foundation courses)**

- WRTG 391 Advanced Research Writing 3
- ♦ BEHS 300 Research Methods in the Social Sciences 3
- ♦ SOCY 313 The Individual and Society 3
- ♦ SOCY 325 The Sociology of Gender 3
- ♦ SOCY 423 Minorities in the United States 3
- ♦ ANTH 344 Culture and Language 3

**Capstone Course for Major (to be taken in the last 15 credits)**

- ♦ BEHS 495 Advanced Seminar in Social Sciences 3

**Minor and/or Elective Courses (to be taken in the last 60 credits along with required major courses)**

**Recommended Electives**

(For qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)

- EDTP 500 Professional Fundamentals of Teaching and Learning
- EDTP 535 Adolescent Development and Learning Needs

**SOCILOGY**

Students may seek an academic minor in sociology.

**Minor in Sociology**

The sociology minor complements the skills the student gains in his or her major discipline by providing a study of contemporary sociological theory and research and applying it to social issues, including globalization, social inequality, diversity, health care, education, family, work, and religion.

**Requirements for the Minor**

A minor in sociology requires the completion of 15 credits of coursework in sociology. All SOCY courses apply. Students should take SOCY 100 as the first course in the minor (if they have not already applied the course toward other degree requirements). Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, students should refer to their major and pages 64-67.

**Total credits for BS in social science**

120
COURSE OFFERINGS

OVERVIEW

University of Maryland University College Asia offers courses that are primarily focused on the needs of our students. Courses are carefully selected and scheduled based on input from local Education Services Officers, assessment of the academic and logistical needs of students, and availability of qualified faculty members. Regularly taught courses in UMUC Asia are listed in this catalog but courses listed in other UMUC catalogs may also be offered.

PREREQUISITES

Prerequisites, normally stated in terms of numbered courses, represent the level of knowledge a student is expected to have before enrolling in a given course. Students may be barred from enrolling in or may be removed from courses for which they do not have the necessary prerequisites. Courses listed as “corequisite” are required but may be taken at the same time. Taking courses listed as “recommended” is advisable but not absolutely required.

It is each student’s responsibility to check the prerequisites listed in the course description and make certain that he or she is academically prepared to take a course. If the prerequisite course was not taken recently, the student should consult advisors or the academic department about whether he or she is sufficiently prepared to perform well in a given course. Faculty members are not expected to repeat material listed as being prerequisite.

Prerequisites may also be fulfilled by Prior Learning credit for the appropriate course, earned through course-challenge examinations or Portfolio (described on page 27). Advisors can explain the procedures for seeking this credit. Some courses are not eligible for challenge examination or Portfolio, and students may not take course-challenge examinations or seek Portfolio credit for lower-level courses that are prerequisite to courses for which they have already received credit.

COURSE NUMBERS

Course numbers are designated as follows:

- 000-099 Noncredit and institutional credit courses (which do not count toward any degree or certificate)
- 100-199 Primarily freshman courses
- 200-299 Primarily sophomore courses
- 300-399 Upper level, primarily junior courses
- 400-499 Upper level, primarily senior courses
- 500-599 Senior-level courses acceptable for credit toward some graduate degrees

Students enrolling in 300/400-level courses are expected to have writing and study skills commensurate with junior/senior-level work.

KEY TO COURSE DESCRIPTIONS

<table>
<thead>
<tr>
<th>Subject</th>
<th>Course Number</th>
<th>Title</th>
<th>Number of Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BMGT</td>
<td>392</td>
<td>Global Business</td>
<td>(3)</td>
</tr>
</tbody>
</table>

Prerequisite: BMGT 110 or at least two years of business and management experience. An overview of key concepts and issues relevant to conducting business in the global environment. Emphasis is on applying fundamental knowledge of global business and analyzing and evaluating global business variables for informed decision making. The objective is to analyze property rights, obligations, liabilities, and remedies; evaluate regulations in the business environment; and assess implications of transactions and negotiable instruments in the business environment. Topics include the nature and scope of global business; cultural, political, legal, and economic environments; marketing; trade; and foreign investments. Students may receive credit for only one of the following courses: BMGT 392, MGMT 305, or TMGT 390.

1. Explanatory material, if needed, may
   - Explain course sequence, purpose, or audience
   - Identify courses fulfilling general education requirements
   - Identify courses requiring a special fee, equipment, or materials

2. Prerequisites represent the level of knowledge a student should have acquired before enrolling in this course. A prerequisite is usually stated as a specific numbered course; sometimes the prerequisite calls for a specific course or equivalent experience.

3. The course description describes the focus and level of the course.

4. Statements beginning “Students may receive credit for only one of the following courses” are designed to avoid course duplication and, therefore, loss of credit. The course listed are courses that duplicate or significantly overlap content. If a course in the list is not described elsewhere in the catalog, that means that the course has changed designator or number over the years or that the course is not offered at all UMUC locations.
COURSE OFFERINGS

ACCOUNTING

Courses in accounting (designated ACCT) may be applied as appropriate (according to individual program requirements) toward

- a major in accounting, business administration, finance, human resource management, management studies, marketing, or public safety administration;
- a minor in accounting, business administration, contract management and acquisition, fraud investigation, human resource management, management studies, marketing, or strategic and entrepreneurial management;
- a certificate in accounting foundations;
- certain UMUC graduate degree programs, where recognized as equivalent coursework (specific equivalencies are detailed in the UMUC graduate catalog); and
- electives.

ACCT 220 Principles of Accounting I (3)

An introduction to the basic theory and techniques of contemporary financial accounting. The objective is to identify the fundamental principles of accounting, identify and analyze business transactions, prepare financial statements, and communicate this information to users with different needs. Topics include the accounting cycle, transactions, and the preparation of financial statements for single-owner business organizations that operate as service companies or merchandisers. Students may receive credit for only one of the following courses: ACCT 220 or BMGT 220.

ACCT 221 Principles of Accounting II (3)

Prerequisite: ACCT 220. Further study of contemporary accounting practices, with an emphasis on financial and managerial accounting. The goal is to identify and analyze business transactions, define the characteristics of business entities, identify the interdependency of financial statements, employ managerial accounting techniques, and communicate this information to users with different needs. Financial accounting topics include liabilities, equities, investments, and business entities. Managerial accounting topics include job order and process costing, cost-volume-profit analysis, and budgets. Students may receive credit for only one of the following courses: ACCT 221, ACCT 301, BMGT 221, MGMT 301, or MGST 301.
ACCT 310 Intermediate Accounting I (3)  
(Students should be cautious about enrolling in ACCT 310 or ACCT 311. These are professional courses requiring intensive study and analysis and are not to be undertaken casually. Students who have not taken ACCT 221 within the last two years may have difficulty.) Prerequisites: ACCT 221. A comprehensive analysis of financial accounting topics involved in preparing financial statements for external reporting. The objective is to identify and analyze complex business transactions and their impact on financial statements. Students may receive credit for only one of the following courses: ACCT 310 or BMGT 310.

ACCT 311 Intermediate Accounting II (3)  
(A continuation of ACCT 310. Students should be cautious about enrolling in ACCT 310 or ACCT 311. These are professional courses requiring intensive study and analysis and are not to be undertaken casually. Students who have not taken ACCT 310 within the last two years may have difficulty.) Prerequisite: ACCT 310. A comprehensive analysis of financial accounting topics, including preparation of financial statements and external reports. The aim is to identify and analyze complex business transactions and their impact on financial statements. Students may receive credit for only one of the following courses: ACCT 311 or BMGT 311.

ACCT 321 Cost Accounting (3)  
Prerequisite: ACCT 221. A study of basic cost accounting concepts. The goal is to apply basic cost accounting concepts, use technology to prepare financial deliverables, evaluate business and financial data, and communicate financial information. Topics include the evaluation of business and financial data to make profit-maximizing decisions, ethics, and corporate social responsibility. Discussion also covers the role of accountants in decision making; cost behavior; cost planning and control; and costing methods, such as standard costing, budgeting, and inventory valuation. Students may receive credit for only one of the following courses: ACCT 321 or BMGT 321.

ACCT 323 Federal Income Tax I (3)  
Prerequisite: ACCT 220. Recommended: ACCT 310 and ACCT 311. A study of federal income tax for individuals and other entities. The objective is to identify the legislative process, conduct tax research, evaluate tax implications, and complete an individual tax return. Topics include the legislative process, tax policy, research, and the evaluation of transactions and decisions for planning and compliance. Emphasis is on ethics and professional responsibilities. Students may receive credit for only one of the following courses: ACCT 323 or BMGT 323.

ACCT 326 Accounting Information Systems (3)  
Prerequisite: ACCT 221. An introduction to accounting information systems (AIS) concepts. The objective is to evaluate how AIS tools are used to record, process, and analyze financial data; determine how best to integrate AIS tools and processes in a given organization; review and recommend controls to secure AIS applications and processes; and evaluate how technology can be used in AIS applications. Topics include transactional processing concepts and core AIS transactional cycles, basic control frameworks used to secure AIS applications and processes, strategies for implementing or upgrading AIS applications, information technology and accounting standards, and e-commerce and e-business. Students may receive credit for only one of the following courses: ACCT 326, BMGT 320, or BMGT 326.

ACCT 422 Auditing Theory and Practice (3)  
Prerequisite: ACCT 311. Recommended: ACCT 326. A study of the auditing profession, audit process, and other assurance and nonassurance services related to the CPA profession. The objective is to design an audit plan, apply audit procedures, evaluate audit findings, and assess the impact of standards and emerging issues. Topics include generally accepted auditing standards, tests of controls and substantive tests, statistical sampling, report forms, and opinions. Various techniques are used to study auditing concepts and practices; these may include the use of problem sets, case studies, computer applications, and other materials. Students may receive credit for only one of the following courses: ACCT 422 or BMGT 422.

ACCT 424 Advanced Accounting (3)  
Prerequisite: ACCT 311. Recommended ACCT326. A study of advanced accounting theory, applied to specialized topics and contemporary problems. The aim is to prepare, present, and explain financial statements in five sectors—consolidated, international, partnership, not-for-profit, and state and local governments—and analyze a firm’s dissolution or reorganization. Emphasis is on consolidated statements and partnership accounting. Various techniques are used to study accounting theory and practice; these may include the use of problem sets, case studies, computer applications, and other materials. Students may receive credit for only one of the following courses: ACCT 424 or BMGT 424.

ACCT 426 Advanced Cost Accounting (3)  
Prerequisite: ACCT 321. An in-depth study of advanced costing concepts that emphasizes managerial planning and control, problem solving, performance measurement, and profit maximization. The aim is to evaluate financial and nonfinancial data, conduct high-level research on contemporary issues, apply best practices and tools, and prepare and present findings to management and clients. Research, technology, and global best practices are used in evaluating financial and nonfinancial data in decision making from both an entity and an industry perspective. Leadership skills are developed through collaborative assignments. Students may receive credit for only one of the following courses: ACCT 426 or BMGT 426.
COURSE OFFERINGS

ACCT 436 Internal Auditing (3)
(Designed to align with the Institute of Internal Auditors and the Certified Internal Auditor examination.) Prerequisite: ACCT 311. An exploration of the role of internal auditing, especially its consultative role in the management of risk. The aim is to identify the professional and ethical standards that apply to internal auditors; design, plan, and apply audit procedures; assess the impact of emerging issues and trends; and identify internal control deficiencies. Topics include internal auditing standards, scope, responsibilities, ethics, controls, techniques, and reporting practices. Practice in PC-based software such as ACL and IDEA is provided. Students may receive credit for only one of the following courses: ACCT 436, ACCT 498E, or BMGT 498E.

ANTHROPOLOGY

Courses in anthropology (designated ANTH) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences;
- a major in social science;
- a major or minor in East Asian studies;
- a minor in diversity awareness; and
- electives.

ANTH 101 Introduction to Biological Anthropology (3)
A survey of general patterns in the development of human culture, addressing the biological and morphological aspects of humans viewed in their cultural setting. The aim is to apply anthropological knowledge to understanding human origins and how human populations adapt to the environment. Discussion examines human evolution and adaptation, including biocultural patterns in humans and other primates. Students who complete both ANTH 101 and 102 may not receive credit for ANTH 340, BEHS 340, or BEHS 341.

ANTH 102 Introduction to Cultural Anthropology (3)
A survey of social and cultural principles inherent in ethnographic descriptions. The objective is to apply anthropological knowledge of human behavior to everyday situations and problems. Students who complete both ANTH 101 and 102 may not receive credit for ANTH 340, BEHS 340, or BEHS 341.

ANTH 344 Culture and Language (3)
An intermediate-level exploration of contemporary issues in cultural anthropology and the anthropology of language. The aim is to apply relevant anthropological theories to concerns in our global society. Topics include ethnographic methods, variation in human social organization and worldviews, and the cultural dimensions of language. Students may receive credit for only one of the following courses: ANTH 340, ANTH 344, or BEHS 340.

ANTH 401 Cultural Anthropology: Principles and Processes (3)
Prerequisite: ANTH 101, 102, or 344. An examination of the nature of human culture and its processes, both historical and functional. The approach will be topical and theoretical rather than descriptive.

ANTH 402 Cultural Anthropology: World Ethnography (3)
Prerequisite: ANTH 101, 102, or 344. A descriptive survey of the culture of various areas of the world through an examination of representative societies.

ANTH 417 Peoples and Cultures of East Asia (3)
An advanced anthropological study of the peoples and cultures of East Asia, focusing China, Japan, and Korea. The aim is to apply anthropological theories and methods to the interpretation of contemporary East Asian cultures, relate family structure to individual choices and social interactions in East Asian cultures, and analyze how ethnic and national identities and regional differences affect regional and global interactions. Topics include urbanization, social values, social change, and the role of East Asia in the modern world.

ART

Courses in art (designated ARTT) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the arts and humanities;
- a minor in art;
- a major in graphic communication;
- a major or minor in humanities; and
- electives.

ARTT 110 Introduction to Drawing (3)
A hands-on introduction to various drawing media and related techniques. The objective is to translate the three-dimensional world into two dimensions, communicate through a visual medium, and critique visual works of art. Projects are based on nature and still life.

ARTT 152 Basics of Photography (3)
An introduction to basic photographic procedures. Discussion covers the historical development of photography. Students
may receive credit for only one of the following courses: ARTT 152 and PHOT 198.

**ARTT 153 Advanced Photography (3)**
Advanced concepts of photography with practical experience (lab and studio techniques). Students may receive credit for only one of the following courses: ARTT 153 and PHOT 198.

**ARTT 205 Art Appreciation (3)**
An introduction to a variety of two- and three-dimensional art forms, with particular emphasis on two-dimensional arts. The goal is to examine the elements and principles of design, materials, and techniques used in personal and professional settings. Examples from different media including illustration; painting with oils, acrylics, and watercolors; and sculpture are used to consider form, light, color, perspective, and other elements of art.

**ARTT 210 Intermediate Drawing (3)**
Prerequisite: ARTT 110. A continuing examination of materials and techniques of drawing. The objective is to apply drawing techniques and visual principles to various subjects, communicate through drawing, and critique works of art. More advanced media, compositions, techniques, and subjects are explored. Students may receive credit for only one of the following courses: ARTS 210 or ARTT 210.

**ARTT 320 Painting (3)**
Prerequisite: ARTT 110. Practice in the basic tools and vocabulary of painting. The goal is to apply an understanding of compositional strategies, visual principles, and basic materials and techniques to produce paintings using oil/watercolor/acrylic paints.

**ART HISTORY**
Courses in art history (designated ARTH) may be applied as appropriate (according to individual program requirements) toward

- the general education requirements in the arts and humanities or the behavioral and social sciences (based on course content);
- a major or minor in East Asian studies; and
- electives.

**ARTH 204 Film and American Culture Studies (3)**
An introductory study of the relationship between film and American culture. The objective is to improve one’s ability to understand a film’s message and to expand one’s cultural awareness. Discussion covers the way one of our most popular media portrays American culture and influences our interpretation of cultural issues. Various films, filmmaking issues, and representative filmmakers’ work are examined. Students may receive credit for only one of the following courses: ARTH 204, AMST 204, or HUMN 204.

**ARTH 334 Understanding Movies (3)**
(Formerly HUMN 334.) An analysis of one of the most important means of artistic expression of the 20th century. The goal is to acquire a deeper understanding of the aesthetic qualities of film by considering the stylistic elements of film as it has evolved throughout the century and weighing the special relationship between cinema and literature. Students may receive credit for only one of the following courses: ARTH 334, HUMN 334, or HUMN 498D.

**ASIAN STUDIES**
Courses in Asian studies (designated ASTD) may be applied as appropriate (according to individual program requirements) toward

- the general education requirements in the arts and humanities or the behavioral and social sciences (based on course content);
- a major or minor in East Asian studies; and
- electives.

**ASTD 135 Introduction to Japanese Language and Culture (3)**
(Formerly JAPN 105. Not open to students whose native language is Japanese. Fulfills the general education requirement in the arts and humanities. Conducted in English.) An introduction to Japanese language and culture. Emphasis is on practical application. Students may receive credit for only one of the following: ASTD 135 or JAPN 105.

**ASTD 155 Introduction to Korean Language and Culture (3)**
(Formerly KORN 105. Not open to students whose native language is Korean.) Fulfills the general education requirement in the arts and humanities. Conducted in English.) An introduction to Korean language and culture. Emphasis is on practical application. Students may receive credit for only one of the following: ASTD 155 or KORN 105.
COURSE OFFERINGS

ASTD 198 Special Topics in Asian Studies (3)
An investigation of a special topic, problem, or issue of particular relevance to countries or peoples of the Pacific Rim or Indian Ocean. Typical investigations include historical or contemporary subjects focusing on cultural, economic, military, or political issues.

ASTD 284 Foundations of East Asian Civilization (3)
(Formerly HIST 284.) An interdisciplinary survey of the foundations of East Asian civilization from its beginnings to the 17th century. The goal is to analyze philosophical, religious, artistic, economic, and political aspects of the region's historical experience. Focus is on China, Korea, and Japan. Topics include East Asian belief systems (including Confucianism and Buddhism), the dynastic cycle, relations between steppe and agrarian societies, warrior and scholar-gentry cultures, technological change and economic development, and the role of class and gender in early East Asian society. Students may receive credit for only one of the following courses: ASTD 150, ASTD 284, or HIST 284.

ASTD 285 Introduction to Modern East Asia (3)
(Formerly HIST 285.) An interdisciplinary survey of East Asia from the late 17th century—beginning with Ming-Qing China, Tokugawa Japan, and Choson Korea—to the present. The objective is to trace how transformations on global, regional, and local levels led to the development of the modern nation-states of East Asia and to examine how those developments affected the culture of the areas. Topics include the rise of imperialism and colonialism; cross-cultural interactions; and issues of gender, class, and ethnicity in East Asian culture. Students may receive credit for only one of the following courses: ASTD 160, ASTD 285, or HIST 285.

ASTD 300 The Chinese: Adapting the Past, Building the Future (3)
(Fulfills the general education requirement in the arts and humanities.) An examination of contemporary Chinese society as it seeks modernization after a century of rapid change.

ASTD 301 The Japanese: Adapting the Past, Building the Future (3)
(Fulfills the general education requirement in the arts and humanities.) A study of modern Japanese society as it attempts to find its place in the post-Cold War international system after a century of imperial expansion, ruinous defeat, and renewal.

ASTD 302 The Two Koreas: Problems and Prospects (3)
(Fulfills the general education requirement in the arts and humanities.) An examination of Korean society. Topics include the legacy of the past, unifying factors, internal forces, contemporary issues, and prospects for reunification.

ASTD 303 India: The Weight of Tradition in the Modern World (3)
(Fulfills the general education requirement in the arts and humanities.) A study of contemporary Indian society as it seeks modernization within an age-old culture and caste system. Pakistan is also discussed where appropriate to subcontinent issues.

ASTD 304 Southeast Asia: Development Amid Diversity (3)
(Fulfills the general education requirement in the social sciences.) A broad examination of 20th century Southeast Asia. Topics include colonialism, nationalism, independence, factors of unity and disunity, the role of regional organizations (ASEAN), and contrasting developmental models.

ASTD 333 Japanese Life and Culture I (3)
(Formerly JAPN 333. Fulfills the general education requirement in the arts and humanities. Conducted in English.) A study of the origin and historical background of contemporary Japanese culture and civilization. Students may receive credit for only one of the following: ASTD 333 or JAPN 333.

ASTD 334 Japanese Life and Culture II (3)
(Formerly JAPN 334. Fulfills the general education requirement in the arts and humanities. Conducted in English.) A study of the origin and historical background of contemporary Japanese culture and civilization. Students may receive credit for only one of the following: ASTD 334 or JAPN 334.

ASTD 353 Korean Life and Culture (3)
(Formerly KORN 333. Fulfills the general education requirement in the arts and humanities. Conducted in English.) A study of the origin and historical development of Korean culture and traditions. Students may receive credit for only one of the following courses: ASTD 353, KORN 333, or KORN 398.

ASTD 380 American Relations with China and Japan: 1740 to Present (3)
(Fulfills the general education requirement in the social sciences.) A study of American political, economic, and cultural relations with China and Japan from the American colonial era to modern times. Topics include diplomacy and power politics; Christian missions; immigration and exclusion; overseas education; art and literature; and trade, investment, and technology.

ASTD 396 Culture and Communication (3)
(Fulfills the general education requirement in the social sciences.) An exploration of the communication and social interaction patterns of various cultures. Topics include the nature of culture and how cultures define class. Japanese behavioral
patterns are analyzed and compared to the patterns of both the United States and Korea. Assignments include advanced reading and research. Students may receive credit for only one of the following courses: ASTD 396 or ASTD 398X.

**ASTD 398 Advanced Special Topics in Asian Studies (3)**

An investigation of a special topic, problem, or issue of particular relevance to countries or peoples of the Pacific Rim or Indian Ocean. Typical investigations include historical or contemporary subjects focusing on cultural, economic, military, or political issues. Assignments include advanced reading and research.

**ASTD 485 Issues in East Asian Studies (3)**

(Initended as a final capstone course to be taken in a student’s last 15 credits.) Prerequisites: ASTD 284 (or ASTD 150) and 285 (or ASTD 160). A project-based, interdisciplinary study of East Asia that integrates knowledge gained through previous coursework and experience and builds on that conceptual foundation through integrative analysis, practical application, and critical thinking. Discussion covers emerging issues and current scholarship in East Asian studies.

**ASTRONOMY**

Courses in astronomy (designated ASTR) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the biological and physical sciences;
- a minor in natural science; and
- electives.

UMUC offers only a limited number of courses each session in this discipline.

**ASTR 100 Introduction to Astronomy (3)**

(Not open to students who have taken or are taking any astronomy course numbered 250 or higher. For students not majoring or minoring in a science.) Prerequisite: MATH 012 or higher. An examination of the major areas of astronomy. Topics include the solar system, stars and stellar evolution, and galaxies. Current topics in astronomy are also discussed. The objective is to use scientific and quantitative reasoning to make informed decisions about topics related to space science. Students may receive credit for only one of the following courses: ASTR 100, ASTR 120, or GNSC 125.

**ASTR 110 Astronomy Laboratory (1)**

(Fulfills the laboratory science requirement only with previous or concurrent credit for ASTR 100. For students not majoring or minoring in a science.) Prerequisite or corequisite: ASTR 100. A laboratory course including experiments, observations, and exercises to illustrate the basic concepts of astronomy, as well as the use of astronomical instruments and tools.

**BEHAVIORAL AND SOCIAL SCIENCES**

Courses in behavioral and social sciences (designated BEHS) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences;
- a major in social science;
- a minor in diversity awareness or women’s studies; and
- electives.

**BEHS 210 Introduction to Social Sciences (3)**

Recommended: WRTG 101 or WRTG 101S. An interdisciplinary introduction to the study of society that addresses the issue of what it is to be a social scientist from a variety of social science perspectives. The objective is to use the empirical and theoretical contributions of the different social science disciplines to better understand the nature of society. Topics include research methods in the social science disciplines and the relationships among the different social science disciplines. Discussion surveys the various social sciences, including psychology, sociology, anthropology, and gerontology. A historical overview of the development of the social sciences is provided, and an analysis of social phenomena that integrates insights from the social sciences is presented. Students may receive credit for only one of the following courses: BEHS 201 or BEHS 210.

**BEHS 220 Diversity Awareness (3)**

An examination of the many dimensions of diversity within the framework of modern culture and principles of social justice. The aim is to interact and communicate effectively and appropriately within a diverse society. Emphasis is on raising consciousness of diversity and using critical thinking with respect to stereotypes, prejudice, and discrimination. Discussion covers issues related to age, disability, race, religion, gender, sexual orientation, national origin, and socioeconomic status, as well as current issues in diversity studies.
COURSE OFFERINGS

BIOLOGY

Courses in biology (designated BIOL) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the biological and physical sciences;
- a major in biotechnology, investigative forensics, laboratory management, or psychology;
- a minor in biology, forensics, microbiology, natural science, or psychology; and
- electives (including related requirements for the environmental management major).

BIOL 101 Concepts of Biology (3)

(For students not majoring in a science.) An introduction to the structure and function of living organisms. The objective is to use knowledge of biological principles and scientific reasoning to make informed decisions about the natural world. Topics include the chemical foundations of life, cell biology, genetics, evolution, ecosystems, and interdependence of living organisms. Discussion also covers the importance of the scientific method to biological inquiry and the impact of biological knowledge and technology on human societies. Students may receive credit for only one of the following courses: BIOL 101, BIOL 103, BIOL 105, or BSCI 105.

BIOL 102 Laboratory in Biology (1)

(For students not majoring in a science. Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 101.) Prerequisite or corequisite: BIOL 101. A hands-on study of the concepts underlying the structure and function of living organisms. The goal is to apply the scientific method and to use scientific and quantitative reasoning to make informed decisions about experimental results in the biological sciences. Laboratory exercises emphasize the scientific method and explore topics such as the chemical foundations of living organisms, cell structure and function, and the classification of organisms. Students may receive credit for only one of the following courses: BIOL 102, BIOL 103, BIOL 105, or BSCI 105.

BIOL 103 Introduction to Biology (4)

(Not open to students who have completed BIOL 101 or BIOL 102. For students not majoring in a science. Fulfills the laboratory science requirement.) An introduction to the structure and function of living organisms. The aim is to apply the scientific method and use scientific and quantitative reasoning to make informed decisions about experimental results in the biological sciences. Topics include the chemical foundations of life, cell biology, genetics, evolution, ecosystems, and interdependence of living organisms. Discussion also covers the importance of the scientific method to biological inquiry and the impact of biological knowledge and technology on human societies. Laboratory activities emphasize the scientific method. Students may receive credit for only one of the following: BIOL 101, BIOL 102, BIOL 103, BIOL 105, or BSCI 105.

BIOL 160 Human Biology (3)

(Science background not required.) A general introduction to human structure, functions, genetics, evolution, and ecology. The aim is to use scientific reasoning to make informed decisions about topics related to human biology. The human organism is examined from the basic cellular level and genetics, through organ systems, to interaction with the outside world. Discussion also covers pertinent health topics. Students may receive credit for only one of the following courses: BIOL 160 or GNSC 160.

BIOL 161 Laboratory in Human Biology (1)

(Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 160.) Prerequisite or corequisite: BIOL 160. A laboratory study that uses the human organism as an example to illustrate the concepts underlying the organization and interrelationships of all living organisms.

BIOL 162 Marine Biology Laboratory (1)

(Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 161 or NSCI 110.) Prerequisite or corequisite: BIOL 161 or NSCI 110. An introduction to the environmental and biological factors that affect life in the oceans, including chemical and physical properties such as salinity, oxygen concentration, depth, tides, currents, and light. The investigations may include field exercises examining life in specific habitats, such as coral reefs, estuaries, and intertidal areas.

BIOL 201 Human Anatomy and Physiology I (4)

(Fulfills the laboratory science requirement.) Prerequisite: BIOL 101, BIOL 105, BIOL 160, or BSCI 105. A thorough introduction to the anatomy and physiology of the integumentary, skeletal, muscular, and nervous systems of human beings. An overview of cellular physiology is included. Students may receive credit for only one of the following courses: BIOL 201 or ZOOL 201.
BIOL 202 Human Anatomy and Physiology II (4)
(Fulfills the laboratory science requirement.) Prerequisite: BIOL 101, BIOL 105, BIOL 160, or BSCI 105. An introduction to the anatomy and physiology of the sensory, cardiovascular, endocrine, lymphatic, respiratory, digestive, excretory, immune, and reproductive systems. Intermediary metabolism and endocrine relationships are also studied. Students may receive credit for only one of the following courses: BIOL 202 or ZOOL 202.

BIOL 211 Environmental Science (3)
A survey of ecological principles as they apply to the interrelated dilemmas of sustainability. Topics include overpopulation, pollution, over-consumption of natural resources, and the ethics of land use. Students may receive credit for only one of the following courses: BIOL 211, BOTN 211, or PBIO 235.

BIOL 212 Environmental Science Laboratory (1)
(For students not majoring in science.) Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 211.) Prerequisite or corequisite: BIOL 211. A laboratory study investigating human interactions with our environment. Scientific objectivity and methodology are employed to gather and analyze data pertaining to the varied and interrelated forms of human environmental impact. Topics explored include principles of ecology, population dynamics, food supply alternatives and impact, sustainable water supplies, energy alternatives, pollution control, greenhouse gases, recycling, and conservation technologies.

BIOL 301 Human Health and Disease (3)
(For students majoring in both science and nonscience disciplines.) A survey of the mechanisms of disease and their expression in major organ systems of the human body. The goal is to use scientific reasoning to make informed decisions about matters related to human biology and health. Topics include infections, cancer, heart disease, lung disease, diabetes, stroke, malnutrition, poisoning by environmental toxins, stress, inflammation, disorders of the immune system, and aging. Emphasis is on analysis of factors that cause disruption of healthy body functions, leading to disease, and on prevention of disease through control of risk factors and early detection. Students may receive credit for only one of the following courses: BIOL 301 or BIOL 398H.

BIOL 302 Bacteria, Viruses, and Health (3)
(For students majoring in both science and nonscience disciplines.) An introductory study of the basic structure, genetic and regulatory systems, and life cycles of bacteria and viruses and how they relate to health, infectious disease, and illness. The objective is to apply knowledge of cellular and molecular processes and communicate synthesized knowledge of microbial pathogenesis and disease prevention methods. Students may receive credit for only one of the following courses: BIOL 230, BIOL 302, BIOL 331, BIOL 398G, BSCI 223, MICB 200, or MICB 388A.

BIOL 304 The Biology of Cancer (3)
(For students majoring in both science and nonscience disciplines.) An overview of the biological basis of cancer. The goal is to apply the knowledge of cancer biology to adopt appropriate lifestyle strategies and evaluate current treatments. The causes, development, and progression of cancer are considered at the level of cell structure and function. The roles of genes and proteins are also examined. Students may receive credit for only one of the following courses: BIOL 304 or GNSC 398C.

BUSINESS AND MANAGEMENT
Courses in business and management (designated BMGT) may be applied as appropriate (according to individual program requirements) toward

- a major in business administration, finance, human resource management, laboratory management, management studies, marketing, or public safety administration;
- a minor in business administration, contract management and acquisition, corporate security, international business, or small business management and entrepreneurship;
- a certificate in various human resource management, management foundations, or project management; and
- electives.

BMGT 110 Introduction to Business and Management (3)
(For students with little or no business background. Recommended preparation for many other BMGT courses.) An introduction to the fundamental concepts of business management and leadership. The objective is to understand the interrelated dynamics of business, society, and the economy. Discussion covers business principles and practices in the context of everyday business events and human affairs and from a historical perspective.

BMGT 140 Personal and Family Finance (3)
(Formerly MGST 140.) An examination of the principles of managing one’s personal and family finances. Among the topics included are financial goal setting and budgeting, managing checking accounts, life and liability insurance, the use and management of personal credit, and saving and investing for long-term financial security. Students may earn credit for only one of the following: BMGT 140 or MGST 140.
BMGT 160 Principles of Supervision (3)
(Formerly MGST 160.) An introductory study of the skills required to effectively supervise and manage employees in organization, such as knowing how to plan, organize, and control the workload and understanding worker behavior. Topics include the role and function of supervisors, recruitment and evaluation of workers, management by objectives, task delegation, motivation strategies, training and professional development, communication and conflict management, and time management. Students may receive credit for only one of the following courses: BMGT 160 or MGST 160.

BMGT 330 Entrepreneurship and New Venture Planning (3)
(Formerly FINC 310.) Recommended: BMGT 364. An overview of entrepreneurship and planning new business ventures for aspiring entrepreneurs and managers. The objective is to create and present a high-quality business plan for a new venture using marketing research and financial analytical techniques. Topics include profiles of entrepreneurs; benefits, risks, and challenges; financial management; access to capital; and franchising. Students may receive credit for only one of the following courses: BMGT 330, FINC 310, MGMT 330, or SBUS 200.

BMGT 364 Management and Organization Theory (3)
Prerequisites: BMGT 110 or at least two years of business and management experience. An examination of the four functions of management–planning, organizing, leading, and controlling—with emphasis on the application of management concepts and theories to achieve organizational goals. The aim is to develop strategies, goals, and objectives to enhance performance and sustainability. Topics include ethics, social responsibility, globalization, and change and innovation. Students may receive credit for only one of the following courses: BMGT 364, TEMN 202, TEMN 300, TMGT 301, or TMGT 302.

BMGT 365 Organizational Leadership (3)
Prerequisite: BMGT 110 or BMGT 364. An exploration of leadership as a critical skill for the 21st century, when change occurs rapidly and consistently. The objective is to be able to use leadership theory and assessment tools to evaluate one's own leadership skills. Focus is on the leadership skills needed to develop committed and productive individuals and high-performing organizations. Topics include vision, values, culture, ethics, and the interaction between the organization and the external environment. Students may receive credit for only one of the following courses: BMGT 365, MGMT 300, MGST 310, or TEMN 310.

BMGT 380 Business Law I (3)
(Strongly recommended for students seeking careers as CPAs, lawyers, or managers.) A conceptual and functional analysis and application of legal principles and concepts relevant to the conduct and understanding of commercial business transactions in the domestic and global environments. The aim is to evaluate sources of law, legal process, procedures, and remedies and to analyze tort, criminal, and contractual rights, obligations, liabilities, and remedies in the business environment. Topics include the legal, ethical, and social environment of business; civil and criminal law; agency; types of business organizations; and contracts and sales agreements.

BMGT 381 Business Law II (3)
(Strongly recommended for students seeking careers as CPAs, lawyers, or managers.) Prerequisite: BMGT 380. Further conceptual and functional analysis and application of legal principles relevant to the conduct and understanding of commercial business transactions in the domestic and global environments. The aim is to evaluate sources of law, legal process, procedures, and remedies and to analyze tort, criminal, and contractual rights, obligations, liabilities, and remedies in the business environment. Topics include personal and real property, leases, antitrust, business insurance, accountants' liability, negotiable instruments, secured transactions, government regulation affecting consumer protection, environmental protection, debtor/creditor relationships, and bankruptcy and reorganization.

BMGT 392 Global Business (3)
Prerequisite: BMGT 110 or at least two years of business and management experience. An overview of key concepts and issues relevant to conducting business in the global environment. Emphasis is on applying fundamental knowledge of global business and analyzing and evaluating global business variables for informed decision making. The objective is to analyze property rights, obligations, liabilities, and remedies; evaluate regulations in the business environment; and assess implications of transactions and negotiable instruments in the business environment. Topics include the nature and scope of global business; cultural, political, legal, and economic environments; marketing; trade; and foreign investments. Students may receive credit for only one of the following courses: BMGT 392, MGMT 305, or TMGT 390.

BMGT 464 Organizational Behavior (3)
Prerequisites: BMGT 110, 364, and 365. An examination of research and theory on the forces underlying the way members of an organization behave and their effect on employee and organizational productivity and effectiveness. The aim is to participate in, lead, and manage teams and maximize individual contributions to an organization. Topics include the impact that individual characteristics; group dynamics; and
organizational structure, policies, and culture have on employee behaviors and organizational outcomes (i.e., productivity, absenteeism, turnover, deviant workplace behavior, satisfaction, and citizenship).

**BMGT 495 Strategic Management (3)**

(Access to spreadsheet, word processing, and presentation software required. Intended as a final capstone course to be taken in a student’s last 15 credits.) Prerequisites: BMGT 364 and 365, FINC 330 (or BMGT 340), and MRKT 310. A study of strategic management that focuses on integrating management, marketing, finance/accounting, production/operations, services, research and development, and information systems functions to achieve organizational success. The aim is to apply integrative analysis, practical skills, and critical thinking to the conceptual foundation gained through previous study and personal experience. Emphasis is on developing an organizational vision and mission, developing and implementing strategic plans, and evaluating outcomes. Students may receive credit for only one of the following courses: BMGT 495, HMGT 430, MGMT 495, or TMGT 380.

**BMGT 496 Business Ethics (3)**

A study of the relationship of business ethics and social responsibility in both domestic and global settings. The aim is to explore ethical and moral considerations of corporate conduct, social responsibilities, policies, and strategies. Discussion covers the definition, scope, application, and analysis of ethical values as they relate to issues of public and organizational consequence and business decision making in the domestic and global business environments.

**CHEMISTRY**

Courses in chemistry (designated CHEM) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the physical and biological sciences;
- a major in investigative forensics;
- a minor in natural science; and
- electives (including related requirements for the environmental management major).

**CHEM 103 General Chemistry I (4)**

(For students majoring or minoring in a science; not appropriate for nonscience students fulfilling general education requirements. Fulfills the laboratory science requirement.) Prerequisite: MATH 107 (recommended) or MATH 103 or equivalent. The first course in chemistry intended for students majoring or minoring in science. A study of the nature and composition of matter. Elements, inorganic compounds, and chemical calculations are covered. Students may receive credit for only one of the following courses: CHEM 102, CHEM 103, CHEM 105, CHEM 107, or CHEM 121.

**CHEM 113 General Chemistry II (4)**

(For students majoring or minoring in a science; not appropriate for nonscience students fulfilling general education requirements. Fulfills the laboratory science requirement.) Prerequisite: CHEM 103 or CHEM 105. A study of kinetics; homogeneous, heterogeneous, and ionic equilibria; oxidation/reduction reactions; electrochemistry; and chemistry of the elements. Students may receive credit for only one of the following courses: CHEM 113 or CHEM 115.

**CHEM 121 Chemistry In the Modern World (3)**

(For students not majoring or minoring in science.) An exploration of chemistry as it relates to human life and the environment. The goal is to use a working knowledge of chemical principles, scientific reasoning, and quantitative reasoning to make informed decisions about health and safety matters. Discussion examines natural processes and human factors in the modern world using the principles of chemistry and the scientific method. Students may receive credit for only one of the following courses: CHEM 102, CHEM 103, CHEM 104, CHEM 105, CHEM 107, CHEM 121, CHEM 297 or GNSC 140.

**CHEM 122 Laboratory Chemistry (1)**

(Fulfills the laboratory science requirement.) Prerequisite or corequisite: CHEM 121. May not be used to satisfy the lab science requirement without credit for CHEM 121. Laboratory experimentation illustrating chemical principles and applications in the modern world. Students may receive credit for only one of the following courses: CHEM 103, CHEM 104, CHEM 113, CHEM 122, CHEM 233, CHEM 243, or CHEM 245.

**COMMUNICATION STUDIES**

Courses in communication studies (designated COMM) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in communications;
- a major in communication studies or laboratory management;
- a minor in communication studies, journalism, or speech communication; and
- electives.
COMM 200 Military Communication and Writing (3)
(Fulfills the general education requirement in communications.) A study of business communication management in a military context. The objective is to develop appropriate and effective communication products for military audiences and within military environments through the application of accepted business communication practices. Topics include communication theories; research methods; organization of information; formats; writing and editing strategies; and techniques for guiding subordinate communication, conducting interviews, and managing meetings. Assignments may include making speech presentations; instructing a class; conducting interviews; managing meetings; and writing and editing reports, letters, e-mails, proposals, and personnel evaluations.

COMM 300 Communication Theory (3)
(Fulfills the general education requirement in communications but is not a writing course.) Prerequisite: WRTG 101 or WRTG 101S. An introduction to communication theory. The objective is to apply communication theory and evaluate communication situations. The basic theories of human communication, mass communication, and new media and technology are explored. Focus is on the relationships among communication theory, research, and practice. Topics include intra- and interpersonal communication, public communication, mass media, and contemporary issues associated with mediated communication.

COMM 302 Mass Communication and Media Studies (3)
(Formerly COMM 379A. Fulfills the general education requirement in communications but is not a writing course.) Prerequisite: WRTG 101 or WRTG 101S. A survey of mass communication designed to enhance media literacy. The goal is to interpret, evaluate, and produce media messages. Topics include media industries and the impact of the media, as well as regulation, policy, and ethical issues. Emphasis is on critical thinking and analysis of vital aspects of pervasive elements of popular culture, such as news, advertising, children’s entertainment, and a free press. Students may receive credit for only one of the following courses: COMM 379A or COMM 302.

COMPUTER AND INFORMATION SCIENCE
Courses in computer and information science (designated CMIS) may be applied as appropriate (according to individual program requirements) toward

- a major in computer and information science,
- computer science, digital media and Web technology, or information systems management;
- a minor in computer science;
- a certificate in computer studies; and
- electives.

Students without recent experience in problem solving with computers must take CMIS 102. It is recommended that for the first two academic sessions students should not take two (or more) courses that involve programming.

CMIS 102 Introduction to Problem Solving and Algorithm Design (3)
A study of techniques for finding solutions to problems through structured programming and step-wise refinement. The objective is to design programs using pseudocode and participate in hands-on debugging, testing, and documenting activities. Topics include principles of programming, the logic of constructing a computer program, and the practical aspects of integrating program modules into a cohesive application. Algorithms are used to demonstrate programming as an approach to problem solving. Students may receive credit for only one of the following courses: CMIS 102, CMIS 102A, or CMSC 101.

CMIS 141 Introductory Programming (3)
(Not open to students who have taken CMIS 340. The first in a sequence of courses in Java.) Prerequisite: CMIS 102 or prior programming experience. Recommended: MATH 107. A study of structured and object-oriented programming using the Java language. The goal is to design, implement, test, debug, and document Java programs, using appropriate development tools. Projects require use of algorithms, simple data structures, and object-oriented concepts. Students may receive credit for only one of the following courses: CMIS 141, CMIS 141A, or CMSC 130.

CMIS 170 Introduction to XML (3)
Prerequisites: CMIS 102 or CMIS 141. An introduction to the principles of Extensible Markup Language (XML) and its use in business data exchange. The goal is to design and create well-formed, validated XML documents. Discussion covers the structure, transformation, presentation, and implementation of XML technologies, including document type definitions (DTDs) and schemas. Hands-on projects and exercises are provided.

CMIS 242 Intermediate Programming (3)
Prerequisite: CMIS 141. Further study of the Java programming language. The objective is to design, implement, test, debug, and document Java programs, using appropriate devel-
development tools. Topics include object-oriented design, event-driven programming, exceptions, recursion, arrays, and data structures.

**CMIS 320 Relational Database Concepts and Applications (3)**

Prerequisite: CMIS 102 or CMIS 141. A study of the functions, underlying concepts, and applications of enterprise relational database management systems (RDBMS) in a business environment. The aim is to appropriately use databases to meet business requirements. Discussion covers entity/relationship diagrams, relational theory, normalization, integrity constraints, the Structured Query Language (SQL), and physical and logical design. Business case studies and projects include hands-on work using an industry-standard RDBMS. Students may receive credit for only one of the following courses: CMIS 320 or IFSM 410.

**COMPUTER INFORMATION TECHNOLOGY**

Courses in computer information technology (designated CMIT) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in computing;
- a major in computer networks and security, cybersecurity, digital media and Web technology, or information systems management;
- a minor in cybersecurity;
- a certificate in computer networking; and
- electives.

**CMIT 202 Fundamentals of Computer Troubleshooting (3)**

(Designed to help prepare for the CompTIA A+ exams.) Prerequisite: IFSM 201. A thorough review of computer hardware and software with emphasis on the application of current and appropriate computing safety and environmental practices. The goal is to evaluate, install, configure, maintain, and troubleshoot computer hardware components and operating systems.

**CMIT 265 Fundamentals of Networking (3)**

(Designed to help prepare for the CompTIA Network+ certification exam.) Prerequisite: IFSM 201. An introduction to networking technologies for local area networks, wide area networks, and wireless networks. The aim is to recognize the type of network design appropriate for a given scenario. Topics include the OSI (open system interconnection) model, security, and networking protocols. Students may receive credit for only one of the following courses: CMIT 265 or CMIT 265M.

**CMIT 320 Network Security (3)**

(Designed to help prepare for the CompTIA Security+ exam.) Prerequisite: CMIT 265, CSIA 302, or CompTIA Network+ certification. A study of the fundamental concepts of computer security and its implementation. The aim is to assess and mitigate risk, evaluate and select appropriate technologies, and apply proper security safeguards.

**CMIT 350 Interconnecting Cisco Devices (3)**

(Designed to help prepare for the Cisco Certified Network Associate Examination 640-802.) Prerequisite: CMIT 265. A hands-on introduction to Cisco internetworking devices. The goal is to configure and manage Cisco switches within multiprotocol internetworks. Topics include VoIP (voice over Internet protocol), wireless network protocols, and routing protocols. Students may receive credit for only one of the following courses: CAPP 498E, CMIT 350, or CMIT 499D.

**COMPUTER STUDIES**

Courses in computer studies (designated CMST) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in computing;
- a major in computer networks and security, digital media and Web technology, or information systems management;
- a minor in digital media and Web technology; and
- electives.

**CMST 301 Digital Media and Society (3)**

A survey of the technological advancements in the field of digital media and their impact. The objective is to explain how digital media has transformed the communication of ideas in society and to make responsible choices in the creation and consumption of digital media based on awareness of global, social, ethical, and legal contexts. Topics include social media, the visual display of information, ethics and privacy, participatory media, and the impact of digital media on culture.

**CMST 303 Advanced Application Software (3)**

Prerequisite: Extensive experience with office application software, including word processing, spreadsheet, presentation, and database programs. A hands-on, project-based survey of advanced features of office application software. The aim is to use advanced application features to produce documents for professional and personal communication. Topics include in-
formation systems, application integration, computer hardware and software, storage, and networking. Students may receive credit for only one of the following courses: CAPP 303 or CMST 303.

**CMST 310 Fundamentals of Electronic Publishing (3)**

Prerequisite: IFSM 201 or CMST 103. Recommended: CMST 290 and 295. A hands-on, project-based introduction to the tools, concepts, processes, and methods of electronic (desktop) publishing. The aim is to use Adobe InDesign (or another professional electronic publishing software program) to create electronic publications for various media formats following fundamental design principles. Topics include the history and evolution of publishing, working with color, incorporating graphics, principles and elements of design, publication workflow, emerging technologies, careers in the field, ethical and legal considerations, and collaborative design. Students may receive credit for only one of the following courses: CAPP 310, CAPP 398B, or CMST 310.

**CMST 385 Principles of Web Design and Technology I (3)**

Prerequisite: CMST 290, CMIS 102, IFSM 201, or CMST 103. Recommended: CMST 295. A study of Web design, tools and technology principles. The goal is to plan and produce a professional Web site. Topics include Internet protocols; usability; accessibility; and social, ethical, and legal issues related to Web site production. Focus is on Extensible HyperText Markup Language (XHTML) and cascading style sheets (CSS). Students may receive credit for only one of the following courses: CAPP 385 or CMST 385.

**CMST 386 Principles of Web Design and Technology II (3)**

Prerequisites: CMST 385. Continuation of the study of Web design, tools, and technology principles. The objective is to create a Web site promotion strategy, with search engine optimization, and produce a professional Web site that incorporates multimedia and scripting. Topics include Web site marketing, Web analytics, performance, privacy, and security issues related to Web site production. Focus is on Extensible HyperText Markup Language (XHTML), cascading style sheets (CSS), and JavaScript. Students may receive credit for only one of the following courses: CAPP 386 or CMST 386.

**CRIMINOLOGY/CRIMINAL JUSTICE**

Courses in criminology/criminal justice (designated CCJS) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences (Note: Only CCJS 100, 105, 350, 360, 455, and 461 apply);
- a major in criminal justice, cybersecurity, or investigative forensics;
- a minor in African American studies, corporate security, criminal justice, cybersecurity, forensics, fraud investigation, terrorism and critical infrastructure;
- certain UMUC graduate degree programs where recognized as equivalent coursework (specific equivalences are detailed in the UMUC graduate catalog); and
- electives.

Students who previously received credit for courses in the disciplines of criminology (courses designated CRIM) or criminal justice (courses designated CJUS) may not receive credit for comparable courses designated CCJS.

**CCJS 100 Introduction to Criminal Justice (3)**

(Fulfills the general education requirement in behavioral and social sciences.) An introduction to the administration of criminal justice in a democratic society, emphasizing the history and theories of law enforcement. The objective is to conduct research, analyze criminological theory to inform the development of criminal justice policies, and make appropriate criminal justice decisions. Discussion covers the principles of organization and administration in law enforcement, including specific activities and functions (such as research and planning, public relations, personnel and training, inspection and control, and formulation and direction of policy). Students may receive credit for only one of the following courses: CCJS 100 or CJUS 100.

**CCJS 105 Introduction to Criminology (3)**

(Fulfills the general education requirement in behavioral and social sciences.) An overview of the major elements of the criminological enterprise. The objective is to classify and analyze different crime trends and patterns, analyze criminological theories, and conduct research. Topics include the nature of criminology, criminological methods, crime causation, and characteristics of types of crimes and offenders. The police, courts, and corrections and the effects of the criminal justice system in society are also examined.

**CCJS 230 Criminal Law in Action (3)**

Recommended: CCJS 100 or CCJS 105. A study of the history, nature, sources, and types of criminal law. The objective is to identify the elements of crime, recognize parties to crime, and explain the historical development of criminal law and punishment in the United States. Topics include behavioral and legal aspects of criminal acts and the classification and analysis of
select criminal offenses. Students may receive credit for only one of the following courses: CCJS 230 or CJUS 230.

**CCJS 234 Criminal Procedure and Evidence (3)**
Prerequisite: CCJS 100, CCJS 101, or CCJS 105. Recommended: CCJS 230. A study of the general principles and theories of criminal procedure and evidence. The goal is to interpret statutes and case law, identify relevant issues, and evaluate the integrity and admissibility of evidence. Topics include due process, arrest, search and seizure, and the evaluation of evidence and proof. Recent developments in the field are discussed.

**CCJS 340 Law-Enforcement Administration (3)**
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An introduction to organization and management in law enforcement. The objective is to communicate effectively and apply research skills and management and administrative principles to a law enforcement agency. Topics include structure, process, policy and procedure, communication and authority, division of work and organizational controls, the human element in the organization, and informal interaction in the context of bureaucracy. Students may receive credit for only one of the following courses: CCJS 340 or CJUS 340.

**CCJS 350 Juvenile Delinquency (3)**
(Fulfills the general education requirement in behavioral and social sciences.) Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An examination of juvenile delinquency in relation to the general problem of crime. The aim is to apply theories and identify statutory parameters related to juvenile delinquency, analyze prevention measures, and assess the effectiveness of treatment measures. Topics include factors underlying juvenile delinquency, prevention of criminal acts by youths, and the treatment of delinquents. Students may receive credit for only one of the following courses: CCJS 350 or CRIM 450.

**CCJS 352 Drugs and Crime (3)**
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An analysis of the role of criminal justice in controlling the use and abuse of drugs. The objective is to apply effective enforcement strategies, demonstrate case management skills, and analyze the effect of drug policy. Students may receive credit for only one of the following courses: CCJS 352 or CJUS 352.

**CCJS 370 Race, Crime, and Criminal Justice (3)**
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. A historical and theoretical study of the role and treatment of racial/ethnic minorities in the criminal justice system. The objective is to identify and apply appropriate preventative measures and master the aspects of the field of victimology.

**CCJS 420 Medical and Legal Investigations of Death (3)**
Prerequisite: CCJS 100, CCJS 101, or CCJS 105. Recommended: CCJS 234. An intensive look at medical and legal investigations into causes of death. The objective is to perform investigative functions at a death scene, determine and apply forensic testing, and analyze and effectively communicate investigative information. Topics include the difference between the medical (or pathological) and legal (or criminal) components of investigations into causes of death, medical and investigative terminology, and the impact of ethics on prosecutions and convictions. Case studies illustrate practical applications of various forms of forensic styles and parameters.

**CCJS 495 Issues in Criminal Justice (3)**
Prerequisites: 15 upper-level credits in CCJS. An integrative study of the various components of the American criminal justice system. The goal is to apply principles of interagency cooperation, critical thinking, and systems approaches to solve practical problems in a criminal justice environment. Topics include problem solving, case study analysis, strategic planning, teamwork, and professional writing.

**CYBERSECURITY**
Courses in cybersecurity (designated CSIA) may be applied as appropriate (according to individual program requirements) toward

- a major in cybersecurity, digital media and Web technology, information systems management, or investigative forensics;
- a minor in cybersecurity;
- certain UMUC graduate degree programs, where recognized as equivalent coursework; and
- electives.

**CSIA 301 Foundations of Cybersecurity (3)**
Prerequisite: CMIS 102. A comprehensive introduction to the protection of business information and the systems that support business processes. The objective is to identify common threats and attacks employed against Web-accessible applications, analyze the role of security models and architectures, explain the role of cryptography, and analyze issues related to security management and network security.

**CSIA 303 Foundations of Information System Security (3)**
(Formerly IFSM 430.) Prerequisite: CSIA 301 or IFSM 300. A survey of various means of establishing and maintaining a practical cyber and information security program to protect
key organizational assets. The aim is to develop an information security program that is aligned with organizational strategy and to evaluate and recommend information and security technologies to support the information security program. Discussion covers the integration of confidentiality, integrity, and availability into an organization's security program through the use of physical and logical security controls. Topics include data protection, telecommunications systems, applications, and emerging technologies. Threats and vulnerabilities are assessed to determine the level of risk. Students may receive credit for only one of the following courses: CSIA 303, IFSM 430, IFSM 433, or IFSM 498N.

CSIA 412 Security Policy Analysis (3)
Prerequisite: CSIA 303. A study of various aspects of information assurance and cybersecurity policy planning in an organizational context. The aim is to examine key analysis procedures, such as security requirements analysis and risk assessments, to determine their roles in policy formation. Topics include the impact of current legislation, judicial decisions, and government regulations directing the focus of policy formulation. Projects include generating an information security profile for an organization.

ECONOMICS
Courses in economics (designated ECON) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences;
- a major in finance;
- a minor in economics;
- related requirements for most business-related majors and minors; and
- electives.

ECON 201 Principles of Macroeconomics (3)
An introductory study of the macroeconomy. The objective is to apply select macroeconomic theories to real world situations. Discussion covers economic growth, technological innovation, unemployment, inflation, and the roles of monetary policy and fiscal policy in determining macroeconomic performance. Students may receive credit for only one of the following courses: ECON 201 or ECON 205.

ECON 203 Principles of Microeconomics (3)
An analysis of the economic principles underlying the behavior of individual consumers and business firms. The goal is to apply select microeconomic theories to real world situations. Emphasis is on market theory. Topics include the implications of government intervention, technological innovation, the advantages and disadvantages of different market structures, and income distribution and poverty.

EDUCATION
UMUC Asia is partnered with Bowie State University to offer undergraduate education courses leading to a Bachelor of Science degree in Elementary Education or Secondary Education. This program is currently available only to students in Okinawa, Japan. Individuals interested in learning more about this undergraduate program should contact their local education program representative or visit UMUC Asia's Bowie State Web site at www.asia.umuc.edu/teaching.

EDUCATIONAL PRINCIPLES
Courses in educational principles (designated EDCP) do not apply toward teacher-certification requirements.

Lower-level courses are intended to help students learn how to make the most of their college careers. They are recommended for students who have been away from school or who need to improve their academic skills.

EDCP 103 does not fulfill the general education requirement in Communications; it may be used as elective credit only.

Other courses designed to help students succeed in school or on the job are included under career planning (courses designated CAPL) and library skills and information literacy (courses designated LIBS).

EDCP 100 Principles and Strategies of Successful Learning (3)
An introduction to knowledge and strategies designed to promote success in the university environment. The aim is to relate one's own learning experiences and educational goals to UMUC's vision and mission and integrate one's knowledge and experience into the local and global community to achieve success and life goals as a lifelong learner. Focus is on developing the academic, interpersonal, and life-management skills and attitudes needed to thrive in the academic setting. A series of self-assessments serve as tools to identify values and goals for individual life planning and educational achievement.

EDCP 102 Integrated Skills for Academic Success (3)
In this course, students will develop the requisite college skills for success in an American college classroom and course. This course will require students to apply the four language skills of listening, speaking, reading and writing across various college
academic disciplines. The course activities and assessments focus on providing students with challenging, meaningful and authentic classroom experiences. These classroom experiences prepare students to effectively transition to college level courses through the application of information literacy skills, reading comprehension strategies, note-taking methods, study skills and critical thinking.

EDCP 103 Fundamentals of Writing and Grammar (3)
(Does not fulfill the general education requirement in communications. Recommended as preparation for WRTG 101, WRTG 101S, or upper-level writing courses.) A review of basic writing skills. The objective is to apply specific steps within the writing process; write effective sentences, paragraphs, and short essays; and edit writing for grammar and punctuation. Topics include the writing process; strategies for developing academic paragraphs and essays; and key aspects of grammar, punctuation, and mechanics. Practice in refining writing skills is provided. Students may receive credit for only one of the following courses: EDCP 103, EDCP 103X, ENGL 100, or WRTG 100.

EDCP 103X Fundamentals of Writing and Grammar (3)
(Does not fulfill the general education requirement in communications. Enrollment restricted to students for whom English is a not a first language. Recommended as preparation for WRTG 101, WRTG 101S, WRTG 101X, or upper-level writing courses.) A review of basic writing skills. Topics include parts of speech; proper use of subordinate clauses, independent clauses, and phrases; the writing process; strategies for developing academic paragraphs and essays; and strategies for developing writing and editing skills in grammar, punctuation, and mechanics. Frequent opportunities to practice and refine skills are provided. Students may receive credit for only one of the following courses: EDCP 103, EDCP 103X, ENGL 100, or WRTG 100.

EDCP 105 Grammar Review (1)
(Elective credit only.) A review of essential English grammar. Topics include the parts, construction, and punctuation of English sentences. Students may receive credit for only one of the following courses: EDCP 100A, EDCP 105, ENGL 100E, or EDCP 108 Grammar Review.

EDCP 108G College Study for Adults (1)
(Elective credit only.) The development of more efficient study habits. Emphasis is on the acquisition of skills (such as reading, writing, study skills, listening, and note taking) needed to learn effectively.

ENGLISH
Courses in English (designated ENGL) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities;
- a major in English or humanities;
- a minor in African American studies, English, humanities, or women’s studies; and
- electives.

ENGL 102 Composition and Literature (3)
(Fulfills the general education requirements in communications or arts and humanities.) Prerequisite: WRTG 101 or WRTG 101S. Further practice in writing using readings in literature. Focus is on academic writing forms, especially critical analysis of literature through a variety of modes such as comparison and contrast, classification, and causal analysis. Students may receive credit for only one of the following courses: ENGL 102 or ENGL 292.

ENGL 240 Introduction to Fiction, Poetry, and Drama (3)
Prerequisite: WRTG 101 or WRTG 101S. An introduction to fiction, poetry, drama, film, and the literary essay, with an emphasis on developing critical reading and writing skills. The objective is to identify elements of literature and explicate texts. Study may be organized either by genre or by theme. Writers covered vary from term to term. Films may be included. Students may receive credit for only one of the following courses: ENGL 240 or ENGL 340.

ENGL 281 Standard English Grammar (3)
(Formerly WRTG 288. Fulfills the general education requirement in communications but is not a writing course.) Prerequisite: WRTG 101 or WRTG 101S. An overview of standard edited English, a standard central to academic and professional communications. The aim is to write clear, effective prose consistent with the writer’s goals. Topics include applying advanced grammatical and linguistic descriptions and prescriptions and attending to the needs of diverse audiences while making writing and editing decisions. Tasks focus on parts of speech, sentence patterns, and sentence transformations. Students may receive credit for only one of the following courses: ENGL 281, ENGL 281X, or WRTG 288.

ENGL 294 Introduction to Creative Writing: Fiction and Creative Nonfiction (3)
Prerequisite: WRTG 101 or WRTG 101S. An introductory survey and practical study of key areas of creative writing in
creative nonfiction and fiction. The objective is to write original fiction and creative nonfiction and critique, revise, and edit writing. Emphasis is on reading and thinking critically and analytically from a writer's perspective as a means to better understand the craft. Discussion may cover publishing. Peer review of manuscripts may be included.

**ENGL 303 Critical Approaches to Literature (3)**

(Designed as a foundation for other upper-level literature courses.) Prerequisite: WRTG 101 or WRTG 101S. A study of the techniques of literary criticism, emphasizing close reading, critical thinking, and critical writing. The goal is to apply a variety of theoretical approaches to literature, analyze texts, and create professional written communications.

**ENGL 304 The Major Works of Shakespeare (3)**

Prerequisite: WRTG 101 or WRTG 101S. An overview of the variety of Shakespeare's works, including a representative sample of comedies, histories, tragedies, and romances. The goal is to gain a better understanding of and appreciation for the plays, both in reading the texts and viewing performances of them.

**ENGL 439 Major American Writers (3)**

Prerequisite: WRTG 101 or WRTG 101S. A study of works by selected American authors from the colonial period to the present. The goal is to understand the place these authors and their works hold in the canon of American literature. Emphasis is on the impact of historical and social events, as well as biographical influences, on the literature. May be repeated to a maximum of 6 credits when topics differ.

**ENGL 454 Modern World Drama (3)**

Prerequisite: WRTG 101 or WRTG 101S. An examination of 20th-century theatre, with an emphasis on the social, cultural, and historical context of drama. The goal is to analyze the elements of drama, evaluate human motivations and behavior, and interpret the dramatic re-creation of historical events. Drama from around the globe is examined. Discussion covers the works of major playwrights, such as Ibsen, Strindberg, Chekhov, Shaw, O'Neill, Miller, Williams, Brecht, Pirandello, Hansberry, Orton, Ionesco, Beckett, Pinter, Fugard, Albee, Stoppard, or Shepard.

**ENGL 457 The Modern Novel (3)**

Prerequisite: WRTG 101 or WRTG 101S. An examination of the development of the novel from the late 19th century to the present. The aim is to develop an understanding of a work's historical and cultural foundations, its place in the literary canon, and the modernist human experience by analyzing the elements of the novel. Authors and works vary each semester but may include writers such as Henry James, Virginia Woolf, William Faulkner, James Joyce, Zora Neale Hurston, Doris Lessing, and Chinua Achebe.

**FINANCE**

Courses in finance (designated FINC) may be applied as appropriate (according to individual program requirements) toward

- a major in finance, business administration, human resource management, laboratory management, management studies, or public safety administration;
- a minor in finance, business administration, international business, or small business management and entrepreneurship;
- a certificate in management foundations; and
- electives.

**FINC 321 Fundamentals of Building Wealth (3)**

(Formerly BMGT 342. For students majoring in both business and nonbusiness disciplines.) A practical overview of personal finance management and wealth creation that blends financial theory and application. The goal is to develop personal financial management skills (e.g., budgeting income and expenditures and planning for financial security and retirement) and understand elements of the U.S. financial structure (including savings and investment alternatives, financing and credit sources, and the role of insurance in protecting income and assets). These skills are utilized in the development of a personal financial plan. Students may receive credit for only one of the following courses: BMGT 342, BMGT 388F, BMGT 388N, FINC 321, or FINC 322.

**FINC 330 Business Finance (3)**

(Formerly BMGT 340.) Prerequisites: ACCT 221 and STAT 230. An overview of the theory, principles, and practices of financial management in a business environment. Topics include financial analysis and financial risk, characteristics and valuations of securities, capital investment analysis and decision making, the capital structure of a firm, financial leverage, and international finance. The aim is to examine financial information, identify issues and solve business problems, and make sound business decisions. Emphasis is on the application of financial theory and methods for solving the problems of financial policy that managers face. Students may receive credit for only one of the following courses: BMGT 340, FINC 330, MGMT 398D, or TMGT 320.

**FINC 331 Finance for the Nonfinancial Manager (3)**

Development of the financial skills needed by functional experts in human resources, marketing, production, and general management. The objective is to interpret finance and accounting documents and apply that information to sound business decision making. Topics include financial statements and forecasting, capital budgeting, project evaluation, working capital management, stocks and bonds, time value of money,
COURSE OFFERINGS

and international financial management. Emphasis is on practical applications to facilitate informed discussions with business professionals for financial decision making. Students may receive credit for only one of the following courses: BMGT 341 or FINC 331.

FOREIGN LANGUAGES

Courses in foreign languages (designated CHIN, JAPN, KORN, or SPAN) may be applied as appropriate toward

• the general education requirements in arts and humanities and international perspective coursework;
• a certificate or associate of arts degree in Japanese studies or Korean studies; and
• electives.

A student who has received high school credit for one year of a foreign language may take any course in the same language and receive full University of Maryland University College credit. A student who has received high school credit for two or more years of the same language can receive UMUC credit for the first course in that same language only if at least four years have elapsed between that last high school language course and the date of enrollment in the first UMUC language course.

Students may not establish credit in the 100- and 200-level courses of their primary language. The University reserves the right to determine the primary language of a student. Usually, it is the one the student first learned to read and write as a child through regular schooling. It is not necessarily, therefore, the language of the parents or that of the country in which the student was born.

Foreign language courses build on specific knowledge gained in previous courses, and thus, after successfully completing a language course, a student may not take a less advanced course for credit (e.g., may not take JAPN 111 after JAPN 112, or KORN 114 after KORN 115.) A student may not take two different courses in the same foreign language (for example, JAPN 112 and 114) at the same time.

GEOGRAPHY

Courses in geography (designated GEOG) may be applied as appropriate (according to individual program requirements) toward

• the general education requirement in the behavioral and social sciences; and
• electives.

UMUC offers only a limited number of courses each session in this discipline.

GEOG 100 Introduction to Geography (3)

An introduction to the broad field of geography. Emphasis is on concepts relevant to understanding global, regional, and local issues.

GEOG 110 The World Today: A Regional Geography (3)

An examination of the major regions that make up the world today. Study is organized around the framework of modern and traditional lifestyles.

GEOLOGY

Courses in geology (designated GEOL) may be applied as appropriate (according to individual program requirements) toward

• the general education requirement in the biological and physical sciences;
• a minor in natural science; and
• electives.

UMUC offers only a limited number of courses each session in this discipline.

GEOL 100 Physical Geology (3)

An introductory study of geology, encompassing Earth, the materials that constitute its makeup, the structure of those materials, and the processes acting on them. The goal is to understand geological principles and how humans affect geological processes. Topics include the rocks and minerals composing Earth, the movement within Earth, and its surface features and the agents that form them and our environment. Discussion also covers energy and mineral resources. Students may receive credit for only one of the following courses: GEOL 100 or GEOL 101.

GEOL 110 Physical Geology Laboratory (1)

(Fulfills the laboratory science requirement only with previous or concurrent credit for GEOL 100 or GEOL 120.) Prerequisite or corequisite: GEOL 100, GEOL 101, or GEOL 120. An introduction to the basic materials and tools of physical geology. Emphasis is on familiarization with rocks and minerals and the use of maps in geologic interpretations.
GOVERNMENT AND POLITICS

Courses in government and politics (designated GVPT) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences;
- a major in East Asian studies, or political science;
- a minor in political science, philosophy, or terrorism and critical infrastructure; and
- electives.

GVPT 100 Introduction to Political Science (3)

A survey of the basic principles of political science. The objective is to define the main features of primary systems of political economy to understand differing methods of governance and articulate consequences of government actions in a globally interdependent system. Topics include the relationship of political science to the other social sciences; modern democracy, political ideology, and political socialization; the function of public opinion, mass media, interest groups, and political parties; the basic institutions of government and the separation of powers; and the role of international relations and globalization.

GVPT 170 American Government (3)

A comprehensive study of government in the United States, including the basic principles of American government and political culture. The aim is to explain the vertical and horizontal structure of the American government and the roles of the three federal branches, bureaucracies, and the state governments; describe the development of the American political system and its impact on the political landscape; and explain the processes of the electoral system, political parties, and interest groups to persuade and influence. Institutions, processes, and public policies are examined from a cross-cultural perspective.

GVPT 200 International Political Relations (3)

A study of the major factors underlying international relations, the methods of conducting foreign relations, and the means of avoiding or alleviating international conflicts. The objective is to interact with global communities, contribute to policy formation, analyze differing worldviews, and apply historical and cultural contexts to identify probable outcomes of disputes. Students may receive credit for only one of the following courses: GVPT 200 or GVPT 300.

GVPT 240 Political Ideologies (3)

A survey and an analysis of the leading ideologies of the modern world. Topics include anarchism, communism, socialism, fascism, nationalism, and democracy.

GVPT 401 Understanding 21st-Century Global Challenges (3)

Prerequisite: WRTG 101 or WRTG 101S. Recommended: GVPT 200. An examination of the changing face of international affairs in a post-Cold War world and the role of the United States in the evolving international order. The aim is to recognize and explain trends in international affairs, apply theoretical frameworks in international relations, and analyze world events to explain and evaluate global developments. Focus is on the roles of key international institutions, states, nonstate actors, and globalization in the evolution of global relations since the collapse of the Soviet Union. Discussion also covers various influences on contemporary affairs, including technology, migration, disease, economic development, and terrorism.

GVPT 403 Law, Morality, and War (3)

Prerequisite: WRTG 101 or WRTG 101S. A study of just war traditions. The objective is to make informed decisions and analyze conflict. Discussions cover the theoretical and practical connections between law, war, and morality.

GVPT 406 Global Terrorism (3)

Prerequisite: WRTG 101 or WRTG 101S. An examination of the development of global terrorism and its impact on the international community. The goal is to participate in strategy and policy formulation and implementation, evaluate threats, and assess infrastructures that support global terrorist organizations. Students may receive credit for only one of the following courses: GVPT 401A or GVPT 406.

GVPT 407 State Terrorism (3)

(Formerly GVPT 401B and GVPT 401C. Not open to students who have completed GVPT 401B or GVPT 401C.) An examination of the use of force and power (terrorism) by states against various populations to advance the interests of their civilization or state. The objective is to apply knowledge of culture, tradition, ideology, and methodology to comprehend state terrorism; analyze risk to national security; and explain how domestic climates and international relationships interact to support state terrorism. Topics include state behavior and norms; state interests, power, and force; application of power and force; and coercion within and among civilizations.

GVPT 408 Counterterrorism (3)

An investigation of counterterrorism (including its historical context), focusing on the evaluation of threats and the formulation of defeat strategies. The aim is to evaluate response strategies, help improve offensive and defensive planning, and construct a defeat strategy for a terrorist threat. Students may receive credit for only one of the following: GVPT 399H or GVPT 408.
GVPT 409 Terrorism, Antiterrorism, and Homeland Security (3)
An advanced examination of the impact of terrorism upon the homeland security of the United States since the attacks of September 11, 2001. The objective is to more fully understand the concepts of homeland security within a federal system. Topics include the National Strategy for Homeland Security and the Patriot Act, their effect on civil liberties and civil rights, the changing face of terrorism in the United States, intelligence systems, and critical infrastructure protection. Students may receive credit for only one of the following courses: GVPT 409 or GVPT 498X.

GVPT 457 American Foreign Relations (3)
Prerequisite: WRTG 101 or WRTG 101S. A study of the principles and machinery of American foreign relations. The goal is to apply historical themes of American foreign policy to contemporary international relations, incorporate tenets of international law into American diplomatic approaches, and inform and influence policy making. Emphasis is on the conduct of the U.S. Department of State and the Foreign Service. Analysis covers the major foreign policies of the United States.

HISTORY
Courses in history (designated HIST) may be applied as appropriate (according to individual program requirements) toward
- the general education requirements in the arts and humanities;
- a major in history, East Asian studies, or humanities;
- a minor in African American studies, East Asian studies, history, terrorism and critical infrastructure, or women's studies; and
- electives.

HIST 115 World History I (3)
Recommended: WRTG 101 or WRTG 101S. A survey of global civilizations and cultures from prehistory to the 1500s. The aim is to identify important elements of political theory. Focus is on the interaction of those cultures and their political, social, and cultural development.

HIST 116 World History II (3)
Recommended: WRTG 101 or WRTG 101S. A survey of Western and non-Western civilizations and cultures from 1500 to the present. The aim is to identify important elements of political theory and explain the influence of those elements on history. Emphasis is on the political, social, and cultural development of the major civilizations; the interactions between those civilizations; and the development of a global community since 1500.

HIST 141 Western Civilization I (3)
Recommended: WRTG 101 or WRTG 101S. A survey of the history of Western civilization from antiquity through the Reformation. The objective is to chart major societal changes; identify major conflicts and wars; describe the evolution of religions; and recognize how philosophy and the arts reflect and influence peoples' lives, cultures, and societies. The political, social, and intellectual developments that formed the values and institutions of the Western world are examined.

HIST 142 Western Civilization II (3)
Recommended: WRTG 101 or WRTG 101S. A survey of the history of Western civilization from the Reformation to modern times. The goal is to chart major societal changes; identify major conflicts and wars; describe the evolution of religions; and recognize how philosophy and the arts reflect and influence peoples' lives, cultures, and societies.

HIST 156 History of the United States to 1865 (3)
A survey of the United States from colonial times to the end of the Civil War. The establishment and development of national institutions are traced. The aim is to locate, evaluate, and use primary and secondary sources and interpret current events and ideas in a historical context. Students may receive credit for only one of the following courses: HIST 156 or HUMN 119.

HIST 157 History of the United States Since 1865 (3)
A survey of economic, intellectual, political, and social developments since the Civil War. The objective is to use primary and secondary sources to describe U.S. historical events and interpret current events and ideas in a historical context. Discussion covers the rise of industry and the emergence of the United States as a world power. Students may receive credit for only one of the following courses: HIST 157 or HUMN 120.

HIST 255 African American History (3)
A survey of the African American in American history. Topics include the African background, slavery, and the role of blacks in the social, political, economic, cultural and artistic life of the United States. Emphasis is on enduring themes and the black experience in American society, including contemporary problems in race relations.

HIST 266 The United States in World Affairs (3)
A study of the United States as an emerging world power and of the domestic response to the nation's changing status in world affairs. Emphasis is on the relationship between the internal and the external development of the nation.
COURSE OFFERINGS

HIST 364 Emergence of Modern America: 1900 to 1945 (3)
Prerequisite: A writing course. Recommended: WRTG 291. A study of the emergence of modern American institutions and identities in the years 1900-45. The aim is to identify events, individuals, movements, and technological developments; synthesize primary and secondary resources; and analyze the significance of social, cultural, and political events. Topics include the presidencies of McKinley, Roosevelt, Taft, and Wilson; the world wars; the Great Depression; and the period of the New Deal. Discussion also covers emerging issues such as the role of women and African Americans, corporate enterprises, and the welfare state.

HIST 365 Recent America: 1945 to the Present (3)
Prerequisite: A writing course. Recommended: WRTG 291. An investigation of U.S. history from the end of World War II to the events of September 11, 2001. The goal is to identify events, individuals, movements, and technological developments; synthesize primary and secondary resources; and analyze the significance of social, cultural, and political events. Topics include social turmoil, the Cultural Revolution, the role of the United States in the world, economic trends, military conflicts, consumerism, political and public scandals, and globalization.

HIST 381 America in Vietnam (3)
Prerequisite: A writing course. Recommended: WRTG 291. An examination of the complexity of the lengthy involvement of the United States in Vietnam. The goal is to engage in divergent historical interpretations and develop personal conclusions and perspectives about America's role in Vietnam and its legacy. Discussion covers the social, cultural, political, and military dimensions of the Vietnam War, beginning with the declaration of Vietnamese independence at the conclusion of World War II. Emphasis is on the influence of the media in shaping government policy and public opinion. Students may receive credit for only one of the following courses: BEHS 337 or HIST 381.

HIST 382 The Korean War (3)
Prerequisite: A writing course. Recommended: WRTG 291. An exploration of the Korean War, including the origins of the conflict on the peninsula and the reasons for Soviet, American, and Chinese involvement. Military strategy and campaigns are discussed, as are U.S. domestic politics and the consequences of the war for the nations and peoples involved. Students may receive credit for only one of the following courses: HIST 382 or HIST 318O.

HIST 383 Korean History (3)
Prerequisite: A writing course. Recommended: WRTG 291. A study of the history of Korea from prehistory to the present. Focus is on Korea's political, social, and economic history. Korea's relations with China and Japan are explored. Students may receive credit only once under this course title.

HIST 465 World War II (3)
An investigation of the nature of the Second World War. The aim is to analyze the factors that contributed to World War II, investigate the influences of wartime ideologies, and examine how warfare accelerated advances in science and technology. Topics include the origins of the war; the political, military, economic, and social circumstances of the war and their impact and legacy; and the extent to which the war changed the world that we live in.

HIST 480 A History of China to 1912 (3)
A study of the history of China from Confucius (around 500 BC) to the demise of the Qing Dynasty in 1912. The objectives are to interpret, educate, and advise others based on a historical, cultural, and social awareness of traditional China. Emphasis is on the changes within Chinese political, social, cultural, and philosophical structures that have molded the history of China and its peoples.

HIST 481 History of China from 1839 to 1997 (3)
A study of the history of China after the demise of the Qing Dynasty through Deng Xiaoping. The goal is to interpret, educate, and advise others based on a historical, cultural, and social awareness of modern China. Emphasis is on revolution and reform and the effects these changes had on the emergence of China as a world power.

HIST 482 History of Japan to 1800 (3)
Prerequisite: A writing course. Recommended: WRTG 291. An examination of traditional Japanese civilization from the age of Shinto mythology to the late Edo period. The aim is to interpret, educate, and advise others based on a historical, cultural, and social awareness of traditional Japan.

HIST 483 History of Japan Since 1800 (3)
Prerequisite: A writing course. Recommended: WRTG 291. An examination of Japan's emergence as an industrial society and world power. The goal is to interpret, educate, and advise others based on a historical, cultural, and social awareness of modern Japan. Discussion covers Japan's role in World War II, postwar recovery, and re-emergence as an exporter of cultural goods.
HOMELAND SECURITY

Courses in homeland security (designated HMLS) may be applied as appropriate (according to individual program requirements) toward

- a minor in homeland security, corporate security, or terrorism and critical infrastructure;
- certain UMUC graduate degree programs, where recognized as equivalent coursework (specific equivalencies are detailed in the UMUC graduate catalog); and
- electives.

HMLS 302 Introduction to Homeland Security (3)

Prerequisite: WRTG 101 or WRTG 101S. An introduction to the theory and practice of homeland security in both the public and private sectors at the national, regional, state, and local levels. The objective is to apply management concepts to homeland security, identify legal and policy issues related to homeland security, and compare the four phases of homeland security. An overview of the administrative, legislative, and operational elements of homeland security programs and processes (including a review of homeland security history, policies, and programs) is provided. Topics include the threat of terrorism and countermeasures, including intelligence, investigation, and policy that support U.S. homeland security objectives.

HUMANITIES

Courses in humanities (designated HUMN) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the arts and humanities;
- a major or minor in humanities; and
- electives.

HUMN 100 Introduction to Humanities (3)

An introduction to the humanities through a review of some of the major developments in human culture. The goal is to analyze underlying assumptions about the way societies are formed and run and how societies express their ideas through art, literature, architecture, music, and philosophy. Focus is on developing the conceptual tools to understand cultural phenomena critically.

HUMN 351 Myth in the World (3)

A presentation of myths from around the globe. The goal is to examine the interface between myths and cultural forms such as literature, art, and religion. Topics include sacred places and objects, goddesses and gods, heroes and tricksters, and stories of creation and destruction. Discussion also covers implicit values in the myths that shape cultural and individual identity and affect the social landscape.

HUMAN RESOURCE MANAGEMENT

Courses in human resource management (designated HRMN) may be applied as appropriate (according to individual program requirements) toward

- a major in human resource management, business administration, management studies, or public safety administration;
- a minor in human resource management, business administration, international business, or small business management and entrepreneurship;
- a certificate in human resource management or management foundations; and
- electives.

HRMN 300 Human Resource Management (3)

A basic study of the strategic role of human resource management. The objective is to apply knowledge of human behavior, labor relations, and current laws and regulations to a working environment. Topics include employment laws and regulations, diversity in a global economy, total rewards management, and training and development for organizational success. Students may receive credit for only one of the following courses: BMGT 360, HRMN 300, or TMGT 360.

HRMN 302 Organizational Communication (3)

A study of the structure of communication in organizations. The goal is to apply theory and examples to improve managerial effectiveness in communication and negotiation. Problems, issues, and techniques of organizational communication are analyzed through case histories, exercises, and projects. Students may receive credit for only one of the following courses: BMGT 398N, HRMN 302, MGMT 320, MGST 315, or TEMN 315.

HRMN 362 Labor Relations (3)

A survey of contemporary labor relations practices. The aim is to research and analyze labor relations issues and support the labor relations process. Discussion covers the history of organized labor in the United States, the role of third parties, organizing campaigns, the collective bargaining process, and the resolution of employee grievances. Students may receive credit for only one of the following courses: BMGT 362 or HRMN 362.
COURSE OFFERINGS

HRMN 365 Conflict Management in Organizations (3)
Recommended: HRMN 300. An introduction to the sources and causes of conflict in organizations, as well as effective strategies and systems for managing conflict. The objective is to identify, analyze, and evaluate strategies and systems for managing conflict in the workplace. Topics include alternative approaches to negotiation, facilitation, mediation, and arbitration. Students may receive credit for only one of the following courses: BMGT 398X, HRMN 365, or MGMT 398X.

HRMN 400 Human Resource Management: Issues and Problems (3)
Prerequisite: HRMN 300. A study of the role of human resource management in the strategic planning and operation of organizations, performance appraisal systems, and compensation and labor/management issues. The goal is to research and evaluate issues and present strategic solutions. The influence of federal regulations (including equal opportunity, sexual harassment, discrimination, and other employee-related regulations) is analyzed. A review of research findings, readings, discussions, case studies, and applicable federal regulations supports the critical evaluation of human resource problems. Students may receive credit for only one of the following courses: BMGT 460, HRMN 406, or TMGT 360.

HRMN 406 Employee Training and Development (3)
Prerequisite: HRMN 300. A basic study of the strategic role of human resource management. The objective is to apply knowledge of human behavior, labor relations, and current laws and regulations to a working environment. Topics include employment laws and regulations, diversity in a global economy, total rewards management, and training and development for organizational success. Students may receive credit for only one of the following courses: BMGT 360, HRMN 406, or TMGT 360.

INFORMATION SYSTEMS MANAGEMENT

Courses in information systems management (designated IFSM) may be applied as appropriate (according to individual program requirements) toward
- a minor in contract management and acquisition, cybersecurity, information systems management, or small-business management and entrepreneurship;
- a certificate in management foundations or project management; and
- electives.

IFSM 201 Concepts and Applications of Information Technology (3)
(Formerly CSIA 201.) (Access to a standard office productivity package, i.e., word processing, spreadsheet, database, and presentation software, required.) A practical application of information technology for personal and professional productivity. The objective is to use technology appropriately and fluently to organize, analyze, and communicate information. Topics include hardware, software, office applications, information security and ethics, and the Internet. Students may receive credit for only one of the following courses: BMGT 301, CAPP 101, CAPP 300, CMST 300, IFSM 201, or TMGT 201.

IFSM 300 Information Systems in Organizations (3)
(Formerly CSIA 301.) (Access to Microsoft Office Professional required.) Prerequisite: IFSM 201. An overview of information systems and how they provide value by supporting organizational objectives. The goal is to analyze business strategies to recognize how technology solutions enable strategic outcomes and to identify information system requirements by analyzing business processes. Discussion covers concepts of business processes and alignment of information systems solutions to strategic goals.

IFSM 301 Foundations of Enterprise and Information Systems (3)
Prerequisite: IFSM 300 and CMIS 102. A basic study of information systems. The goal is to apply information technology best practices and methodologies to identify and evaluate enterprise solutions for the best fit for organizational strategic outcomes.

IFSM 304 Ethics in Information Technology (3)
Recommended: IFSM 201. A comprehensive study of ethics and of personal and organizational ethical decision making in the use of information systems in a global environment. The aim is to identify ethical issues raised by existing and emerging technologies, apply a structured framework to analyze risk and decision alternatives, and understand the impact of personal ethics and organizational values on an ethical workplace.

IFSM 370 Telecommunications in Information Systems (3)
(Formerly CSIA 302.) Prerequisite: CSIA 301 or IFSM 300. An introduction to telecommunication infrastructure. The
COURSE OFFERINGS

goal is to plan, analyze, and design a secure telecommunication infrastructure that meets business needs and protects information assets. Topics include cybersecurity, data communication protocols and standards, networks, and trends in telecommunications. Students may receive credit for only one of the following courses: CSIA 302, CMIS 370, CMSC 370, IFSM 370, or IFSM 450.

**IFSM 461 Systems Analysis and Design (3)**
Prerequisites: CMIS 320, IFSM 311 and 438. A project-driven study of tools and techniques for translating business requirements into operational systems. The goal is to plan, build, and maintain systems that meet organizational strategic goals by applying enterprise architecture and enterprise governance principles and practices. Topics include processes and system development life cycle methodologies, data modeling methods, and the importance of stakeholder involvement. Students may receive credit for only one of the following courses: IFSM 436, IFSM 460, or IFSM 461.

**JAPANESE**
Courses in Japanese (designated JAPN) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the arts and humanities;
- a major or minor in East Asian studies; and
- electives.

For additional details, please refer to the foreign languages section on page 121.

**JAPN 111 Elementary Japanese I (3)**
(Not open to native speakers of Japanese: assumes no prior knowledge of Japanese. Students with prior experience with the Japanese language should take a placement test to assess appropriate level.) An introduction to spoken and written Japanese. The objective is to communicate in Japanese in concrete, real-life situations using culturally appropriate language; read and write hiragana; and read some katakana words in context.

**JAPN 112 Elementary Japanese II (3)**
(Not open to native speakers of Japanese.) Prerequisite: JAPN 111 or appropriate score on a placement test. A continued introduction to spoken and written Japanese. The goal is to communicate in Japanese in concrete, real-life situations using culturally appropriate language; read and write katakana; and recognize some kanji characters in context. Practice is provided in improving pronunciation and developing the oral and written skills used in everyday communication.

**JAPN 114 Elementary Japanese III (3)**
(Not open to native speakers of Japanese.) Prerequisite: JAPN 112 or appropriate score on a placement test. Further study of spoken and written Japanese. The aim is to communicate in Japanese in a variety of concrete, real-life situations, using culturally appropriate language and to expand recognition of kanji characters in context. Practice is provided in improving pronunciation and developing the oral and written skills used in everyday communication.

**JAPN 115 Elementary Japanese IV (3)**
(Not open to native speakers of Japanese.) Prerequisite: JAPN 114 or appropriate score on a placement test. Further development of skills in elementary spoken and written Japanese. The aim is to interact effectively with native speakers of Japanese in a variety of real-life situations using culturally appropriate language and to recognize and distinguish more commonly used kanji characters in context. Practice is provided in fine-tuning pronunciation and applying language skills to a range of contexts.

**JAPN 221 Intermediate Japanese I (3)**
(Not open to native speakers of Japanese.) Prerequisite: JAPN 115 or appropriate score on a placement test. Development of skills in intermediate spoken and written Japanese. The aim is to interact effectively with native speakers of Japanese in a range of personal and professional situations and to recognize and read approximately 275 Japanese characters in context. Focus is on using culturally appropriate language in a variety of contexts.

**JAPN 222 Intermediate Japanese II (3)**
(Not open to native speakers of Japanese.) Prerequisite: JAPN 221 or appropriate score on a placement test. Further development of skills in intermediate spoken and written Japanese. The aim is to communicate effectively with native speakers of Japanese in a broad range of personal and professional situations and to recognize and read approximately 320 Japanese characters in context. Practice is provided in interacting with others in a variety of interpersonal contexts.

**JAPN 224 Intermediate Japanese III (3)**
Prerequisite: JAPN 222. Continued advanced integrated study of Japanese. Emphasis is on reading, writing, and cultural phrases.

**JAPN 225 Intermediate Japanese IV (3)**
COURSE OFFERINGS

JOURNALISM

Courses in journalism (designated JOUR) may be applied as appropriate (according to individual program requirements) toward

- a major or minor in communication studies
- a minor in journalism; and
- electives

JOUR 201 fulfills the general education requirements in communications. UMUC offers only a limited number of courses each session in this discipline.

JOUR 201 Introduction to News Writing (3)
(Fulfills the general education requirement in communications.) Prerequisite: WRTG 101 or ENGL 101. An introduction to writing news articles for print and electronic media. The aim is to evaluate the newsworthiness of information and events and write in journalistic style. Emphasis is on writing—from mechanics (grammar, spelling, punctuation and journalistic style) to content (accuracy, completeness, audience and readability)—and reporting.

KOREAN

Courses in Korean (designated KORN) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the arts and humanities;
- a major or minor in East Asian studies; and
- electives.

For additional details, please refer to the foreign languages section on page 121.

KORN 111 Elementary Korean I (3)
( Assumes no prior knowledge of Korean.) An elementary study of Korean. Emphasis begins with oral communication skills, and leads to balanced proficiency in the four communication skills of listening, speaking, reading, and writing. Topics include basic structures, vocabulary, pronunciation, and writing, as well as elements of culture, history, and geography. Authentic text from native speakers is used as much as possible.

KORN 112 Elementary Korean II (3)
(Prerequisite: KORN 111. Continued basic study of Korean, emphasizing oral communication and leading to a balanced development of proficiency in the four communication skills of listening, speaking, reading, and writing. Basic structures, vocabulary, pronunciation, and writing are practiced along with continued familiarity with culture, history, and geography. Oral and written authentic text from native speakers is used as much as possible.

KORN 114 Elementary Korean III (3)
Prerequisite: KORN 112. Further development of speaking and listening skills and study of linguistic structure. Writing skill is cultivated.

KORN 115 Elementary Korean IV (3)
Prerequisite: KORN 114. Further development of speaking and listening skills and study of linguistic structure. Writing ability is cultivated.

KORN 221 Intermediate Korean I (3)
Prerequisite: KORN 115. Advanced integrated study of Korean. Emphasis is on reading and writing.

KORN 222 Intermediate Korean II (3)
Prerequisite: KORN 221. Advanced integrated study of Korean. Emphasis is on reading and writing.

LIBRARY SKILLS AND INFORMATION LITERACY

Courses in library skills (designated LIBS) may be applied toward

- the general education requirement in information literacy; and
- electives.

Degree-seeking students must complete LIBS 150 (or present its equivalent in transfer) during the first 18 credits of enrollment at UMUC.

LIBS 150 Introduction to Research (1)
An introduction to the research process and methods for retrieving information in a library or through online sources. The aim is to identify an information need and locate, evaluate, and use appropriate resources in keeping with academic integrity and ethical standards. Focus is on implementing effective strategies for finding relevant information—including selecting appropriate print and electronic sources and effectively using Web search engines and the UMUC library's electronic resources to find information—and evaluating and correctly citing the information found. Students may not earn credit for LIBS 150 through challenge exam or portfolio credit and may receive credit for only one of the following courses: COMP 111, LIBS 100, or LIBS 150.
MARKETING

Courses in marketing (designated MRKT) may be applied as appropriate (according to individual program requirements) toward

- a major in marketing, business administration, human resource management, or management studies;
- a minor in marketing, business administration, human resource management, international business, or small business management and entrepreneurship;
- a certificate in Management Foundations; and
- electives.

MRKT 310 Marketing Principles (3)

A foundation in the principles of marketing used to manage profitable customer relationships. The objective is to understand the pivotal role of marketing within both an organization’s strategic plan and the marketing process and determine marketing strategies and tactics. Topics include consumer behavior, competitive analysis, segmentation, target marketing, positioning, branding, new product development, pricing, value chains, and marketing communications. Students may receive credit for only one of the following courses: BMGT 350, MGMT 322, MRKT 310, or TMGT 322.

MRKT 395 Managing Customer Relationships (3)

Prerequisite: MRKT 310. A comprehensive study of marketing strategies focused on identifying profitable customers, retaining those customers, and growing their lifetime value. The aim is to identify and differentiate individual customers and customer groups, use data to determine customer interactions, and determine how to provide customization within a mass customization environment. Topics include data mining to identify individual customers, determining loyalty segments of customers, assessing the lifetime revenue value of customers, understanding customer behavior, developing programs to change customer behavior, and designing customer loyalty and customer service programs and policies. Discussion also covers various customer relationship management (CRM) technology-related tools and metrics to support management's assessment of customer relationship management efforts. Students may receive credit for only one of the following courses: BMGT 395, BMGT 398A, MGMT 395, MGMT 398A, or MRKT 395.

MRKT 454 Global Marketing (3)

Prerequisite: MRKT 310. An in-depth study of marketing principles as they relate to the global marketplace. The aim is to apply marketing principles and strategies to global organizations and markets. Discussion covers the influence of internationalization on the U.S. economy, the competitive pressures on the intensifying global markets, and the development of marketing plans tailored to reach international and global markets. Topics also include the political, economic, legal, regulatory, and sociocultural trends affecting international marketing; the dynamic environments in which global marketing strategies are formulated; and the challenge of implementing marketing programs leading to competitive advantage.

MATHEMATICS

Courses in mathematics (designated MATH) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in mathematics (with the exception of MATH 001, 009 and 012);
- a minor in mathematical sciences;
- a major in computer science; and
- electives.

Special note regarding Math 001, 009, and 012:

Beginning-level courses such as MATH 001, 009, and 012 are designed to help students build confidence and skills in basic mathematics. Placement tests are required for enrollment in MATH 012, 106, 107 and recommended for enrollment in MATH 103. Due to their preparatory nature, the institutional credits earned for MATH 001, 009, and 012 do not apply toward a degree and will not transfer to other colleges and universities. Based on the score that the student achieves on a UMUC placement exam, one or more of these courses serve as the student's prerequisite(s) for MATH 106 and MATH 107. These courses are listed on the student’s transcript and the grades earned will be used in the calculation of the student’s grade point average (GPA). These courses qualify for tuition assistance (TA), financial aid, and veterans educational benefits (VA). Institutional credit does not apply toward the student's residency or degree requirements.

Students are expected to own and use scientific calculators in all mathematics and statistics courses.

Degree-seeking students must complete the general education requirement in mathematics (or present the equivalent in transfer) during their first 18 credits of enrollment at UMUC.

MATH 001 Pre-Algebra (3)

(Not open to students who have already successfully completed a higher-level mathematics course. Does not apply toward degree requirements. Yields institutional credit only.) Prerequisite: An appropriate result on the placement test. A study of whole numbers, integers, fractions, decimals and real numbers, variable expressions, first degree equations, ratio and proportion, percent, and geometry. All topics are employed to solve applied problems. Students may receive credit for only one of the fol-
lowing courses: MATH 001, MATH 100, or UCSP 198 Transi- 
tional Mathematics.

MATH 009 Introductory Algebra (3)
(Not open to students who have already successfully completed a higher-level mathematics course. Does not apply toward degree requirements. Yields institutional credit only.) A comprehensive review of real number properties and operations, including fractions, percentages, operations with signed numbers, and geometric formulas. The objective is to develop fluency in the language of introductory algebra; develop number sense and estimation skills; and use mathematical modeling to translate, solve, and interpret applied problems. Topics include linear equations and inequalities, equations of lines, graphs on number lines and rectangular coordinate systems, rules of exponents, and operations on polynomials. Students may receive credit for only one of the following courses: MATH 009, MATH 009M, or MATH 100.

MATH 012 Intermediate Algebra (3)
(Not open to students who have already successfully completed a higher-level mathematics course. Does not apply toward degree requirements. Yields institutional credit only.) Prerequisite: MATH 009 or an appropriate result on the placement test. A study of problem-solving techniques in intermediate-level algebra. The goal is to demonstrate number sense and estimation skills; interpret mathematical ideas using appropriate terminology; manipulate, evaluate, and simplify real-number and algebraic expressions; and translate, solve, and interpret applied problems. Emphasis is on numbers and algebraic properties, graphing skills, and applications drawn from a variety of areas (such as finance, science, and the physical world). Topics include polynomials; factoring; exponents and their notation; rational expressions and equations; rational exponents and radical expressions; linear, quadratic, and other equations; and inequalities. Students may receive credit for only one of the following courses: MATH 012, MATH 101, MATH 101M, MATH 102, MATH 102M, MATH 199A, or MATH 199M. 

MATH 103 College Mathematics (3)
Prerequisite: MATH 012 or approval of the department. This course is not intended for students planning to take MATH 107 or higher-numbered mathematics courses and does not serve as a prerequisite for these courses. This course focuses on data driven applications and the development of critical thinking skills related to mathematics. Topics include problem solving, equations, inequalities, linear systems, graphs, functions, consumer mathematics, financial management, probability and statistics. Additional topics may include set theory, Venn Diagrams, deductive and inductive reasoning, and logic.

MATH 106 Finite Mathematics (3)
(Not intended for students planning to take MATH 107 or higher-numbered mathematics courses.) Prerequisite: MATH 012 or an appropriate result on the placement test. A study of mathematical models in finite mathematics, including linear models, systems of linear equations, linear programming, sets and counting, probability, descriptive statistics, and the mathematics of finance. The aim is to demonstrate fluency in the language of finite mathematics; find, solve, and graph linear equations and inequalities; describe sample spaces and event; assign probabilities to events and apply probability rules; and apply the mathematics of finance to formulate and solve problems.

MATH 107 College Algebra (3)
(The first course in the two-course series MATH 107-108. An alternative to MATH 115). Prerequisite: MATH 012 or an appropriate result on the placement test. An introduction to equations and inequalities, and a study of functions and their properties, including the development of graphing skills with polynomial, rational, exponential, and logarithmic functions. The objective is to apply appropriate technology and demonstrate fluency in the language of algebra; communicate mathematical ideas; perform operations on real numbers, complex numbers, and functions; solve equations and inequalities; analyze and graph circles and functions; and use mathematical modeling to translate, solve, and interpret applied problems. Technology is used for data modeling. Discussion also covers applications. Students may receive credit for only one of the following courses: MATH 107 and MATH 115.

MATH 108 Trigonometry and Analytical Geometry (3)
(The second course in the two-course series MATH 107-108. An alternative to MATH 115). Prerequisite: MATH 107 or an appropriate result on the placement test. An introduction to trigonometric functions, identities, and equations and their applications. The goal is to demonstrate fluency in the language of trigonometry, analytic geometry, and selected mathematical topics; communicate mathematical ideas appropriately; apply and prove trigonometric identities; solve triangles and trigono- metric equations; and perform vector operations. Discussion covers analytical geometry and conic sections, systems of linear equations, matrices, sequences, and series. Students may receive credit for only one of the following courses: MATH 108 or MATH 115.

MATH 140 Calculus I (4)
Prerequisite: MATH 108 or MATH 115. An introduction to calculus. The goal is to determine fluency in the language of calculus; discuss mathematical ideas appropriately; and solve problems by identifying, representing, and modeling functional
relationships. Topics include functions, the sketching of graphs of functions, limits, continuity, derivatives and applications of the derivative, definite and indefinite integrals, and calculation of area. Students may receive credit for only one of the following courses: MATH 130, MATH 131, MATH 140, or MATH 220.

MUSIC

Courses in music (designated MUSC) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the arts and humanities; and
- electives.

UMUC offers a limited number of courses each session in this discipline.

MUSC 210 Music as Cultural Expression (3)

A study of the role of music in various cultures. The objective is to identify key features that define various genres of world music, articulate the roles and functions of music in world cultures, use the medium of music to explore intercultural relationships, and consciously define personal musical perspectives. Discussion covers music from various cultural traditions and the contexts in which composers and musicians practice their craft. Students may receive credit for only one of the following courses: HUMN 211 or MUSC 210.

MUSC 391 Great Composer Series: Beethoven (3)

A survey of the life and music of Beethoven. Biographical data, a historical and cultural overview of Beethoven’s Vienna, and analytical studies of representative works by Beethoven are included.

MUSC 436 Jazz: Then and Now (3)

An examination of jazz in America during the past 75 years—its major styles and influential artists. Students may receive credit for only one of the following courses: HUMN 436 or MUSC 436.

NATURAL SCIENCE

Courses in natural science (designated NSCI) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the biological and physical sciences;
- a major in biotechnology or laboratory management;
- a minor in natural science; and
- electives.

NSCI 100 Introduction to Physical Science (3)

(For students not majoring in a science.) Prerequisite: MATH 012 or higher. An introduction to the basic principles of physics and chemistry, with applications to geology, oceanography, meteorology, and astronomy. The objective is to use scientific and quantitative reasoning to make informed decisions about topics related to physical science. Discussion covers the development of scientific thinking, the scientific method, the relationships among the various physical sciences, the role of the physical sciences in interpreting the natural world, and the integrated use of technology. Students may receive credit for only one of the following courses: GNSC 100, NSCI 100, or NSCI 103.

NSCI 101 Physical Science Laboratory (1)

(For students not majoring or minoring in a science. Fulfills the laboratory science requirement only with previous or concurrent credit for NSCI 100.) Prerequisite: MATH 012 or higher. Prerequisite or corequisite: NSCI 100. A laboratory study of the basic principles of physics and chemistry, with applications to geology, oceanography, meteorology, and astronomy. The objective is to apply the scientific method and use scientific and quantitative reasoning to make informed decisions about experimental results in the physical sciences. Discussion and laboratory activities cover the development of scientific thinking, the scientific method, the relationships among the various physical sciences, and the role of the physical sciences in interpreting the natural world.

NSCI 110 Introduction to Oceanography (3)

(Not for students majoring or minoring in science.) A survey of the major physical and chemical facets of the oceans. Topics include the properties of water, air-sea interactions, waves, tides, and coastal geology; plate tectonics; and resources of the sea. Marine life and ecology are briefly introduced. Current topics such as El Niño, global warming, and the effects of human activity on the oceans are also discussed. Students may receive credit for only one of the following courses: GNSC 110 or NSCI 110.

NSCI 170 Concepts of Meteorology (3)

(For students not majoring or minoring in a science.) Prerequisite: MATH 012 or higher. An introduction to the basic principles of atmospheric science. The goal is to use scientific and quantitative reasoning to make informed decisions about topics related to atmospheric science. Topics include the effect of different weather elements (such as temperature, pressure, winds, and humidity) on weather patterns and climate. Discussion also covers weather phenomena such as El Niño, thunderstorms, tornadoes, tropical cyclones, and midlatitude cyclones, as well as the impact of humans on Earth's atmosphere. Students may receive credit for only one of the following courses: GNSC 170, GNSC 398D, or NSCI 170.
COURSE OFFERINGS

NSCI 171 Laboratory in Meteorology (3)
(For students not majoring or minoring in a science. With NSCI 170, fulfills the laboratory science requirement only with previous or concurrent credit for NSCI 170 or GNSC 170.)
Prerequisite: MATH 012 or higher. Prerequisite or corequisite: NSCI 170. An introduction to the basic concepts of meteorology. The aim is to apply the scientific method and use scientific and quantitative reasoning to make informed decisions about experimental results in meteorology. Focus is on the observation, measurement, and analysis of weather data, including the interpretation of weather patterns and conditions found on weather maps, satellite images, radar imagery, and atmosphere diagrams.

NUTRITION
Courses in Nutrition (designated NUTR) may be applied toward
• the general education requirement in the Biological and Physical Sciences; and
• electives.

NUTR 100 Elements of Nutrition (3)
A study of the fundamentals of human nutrition. The changing nutritional needs of individuals and families are explored. Students may receive credit for only one of the following courses: NUTR 100 or NUTR 200.

NUTR 200 Nutrition for Health Services (3)
Prerequisites or corequisites: BIOL 101/102 or BIOL 103 or BIOL 160/161. CHEM 103 is recommended. A survey of the role of nutrition in maintaining normal health and preventing disease. Nutritional requirements for individuals in different stages of development are covered. Current topics of concern to the professional health services worker are highlighted. Students may receive credit for only one of the following courses: NUTR 100 or NUTR 200.

PHILOSOPHY
Courses in philosophy (designated PHIL) may be applied as appropriate (according to individual program requirements) toward
• the general education requirement in the arts and humanities;
• a major or minor in East Asian studies or humanities;
• a minor in philosophy or women’s studies; and
• electives.

UMUC offers only a limited number of courses each session in this discipline.

PHIL 100 Introduction to Philosophy (3)
An introduction to the literature, problems, and methods of philosophy. The goal is to identify and consider central, recurring problems of philosophy. Emphasis is on developing awareness of the significance of philosophical problems and learning to offer rationally justifiable solutions. Students may receive credit for only one of the following courses: HUMN 125 or PHIL 100.

PHIL 127 Living Religions of the World (3)
(Formerly HUMN 127.) An examination of the cultural construction of religious or nonreligious identity within the diverse world community. The goal is to understand the role of religion in current events. Discussion covers the world’s major living religious traditions: Hinduism, Buddhism, Christianity, Judaism, and Islam. Students may receive credit for only one of the following courses: HUMN 127, PHIL 127, or RLST 125.

PHIL 140 Contemporary Moral Issues (3)
An exploration of how philosophical analysis can serve as a foundation for thinking clearly about moral issues. The aim is to offer rational argument about ethical problems. Problems analyzed include such widely debated issues as abortion, euthanasia, the death penalty, homosexuality, pornography, reverse discrimination, business ethics, sexual equality, and economic equity. Students may receive credit for only one of the following courses: HUMN 300 or PHIL 140.

PHIL 170 Introduction to Logic (3)
A general introduction to the discipline of logic. Traditional and modern deductive techniques are demonstrated and used; informal fallacies are clarified. Students may receive credit for only one of the following courses: HUMN 170 or PHIL 170.

PHIL 348 Religions of the East (3)
(Formerly HUMN 348.) An examination of the religions of the East, including Jainism, Sikhism, Hinduism, Buddhism, Chinese religions, and Shinto. The aim is to gain a historical perspective on world events. Discussion examines the interrelationships of these religious traditions through their history and principal teachings. Students may receive credit for only one of the following courses: HUMN 348, HUMN 350, or PHIL 348.
PSYCHOLOGY

Courses in psychology (designated PSYC) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences;
- a major in psychology, gerontology and aging services, or social science;
- a minor in psychology, diversity awareness, gerontology and aging services, or women’s studies; and
- electives.

**PSYC 100 Introduction to Psychology (3)**
A survey of the basic principles, research concepts, and problems in psychological science. The biological, cognitive, and social perspectives of human thought and behavior are addressed. The goal is to apply major concepts and use the scientific method to enhance the understanding of individual, community, and organizational life experiences. Topics include neuroscience, sensation and perception, learning and conditioning, memory, motivation, language and intelligence, personality and social behavior, and psychopathology and therapy. Applications of psychology are also presented. Students may receive credit for only one of the following courses: BEHS 101 or PSYC 100.

**PSYC 300 Research Methods in Psychology (3)**
(Formerly PSYC 305.) Prerequisites: PSYC 100 and STAT 225 (or PSYC 200). Recommended: PSYC 306A. A survey of research methods focusing on the fundamentals of research design and behavior. The aim is to apply research methodologies critically and creatively to effectively communicate about the domains of psychology. Topics include scientific writing using APA style, evaluation of research literature, and ethical issues in research. Practice is provided in asking research questions, formulating research hypotheses, designing and conducting a simulated research study, and presenting results.

**PSYC 301 Biological Basis of Behavior (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An introduction to the anatomical structures and physiological processes that determine behavior. The objective is to use scientifically valid resources to effectively communicate about the biological basis of behavior. Topics include the acquisition and processing of sensory information, the neural control of movement, and the biological bases of complex behaviors (such as sleep, learning, memory, sex, and language), as well as the basic functioning of the nervous system.

**PSYC 310 Sensation and Perception (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300 and 301. A survey of theories and historical and contemporary research in how the auditory, visual, gustatory, olfactory, kinesthetic, and tactile senses acquire information and how psychological, anatomical, physiological, and environmental factors help us perceive the world. The objective is to apply an understanding of complex neural and behavioral processes to evaluate research and analyze variations within and between species.

**PSYC 321 Social Psychology (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An examination of the influence of social factors on individual and interpersonal behaviors. The objective is to analyze the underlying causes of individual and group behavior and the ways in which group attitudes and behaviors are related. Topics include conformity, attitudinal change, personal perception, and group behavior. Students may receive credit for only one of the following courses: BEHS 221, BEHS 421, BEHS 450, PSYC 221, or PSYC 321.

**PSYC 332 Psychology of Human Sexuality (3)**
Prerequisite: PSYC 100. An examination of human sexuality and sexual behavior. The objective is to apply knowledge of the physiology and psychology of human sexuality. Topics include sexual anatomy, intimate relationships, sexual health, and sexual identity across the lifespan. Students may receive credit for only one of the following courses: BEHS 363, HLTH 377, or PSYC 332.

**PSYC 335 Theories of Personality (3)**
(Formerly PSYC 435.) Prerequisite: PSYC 100. Recommended: PSYC 300. A study of major theories and perspectives on personality. The goal is to explain and evaluate major concepts in personality. Topics include trait, psychodynamic, behavioral, and humanistic theories. Methods of personality research and relevant findings are also introduced. Students may receive credit for only one of the following courses: PSYC 335 or PSYC 435.

**PSYC 341 Memory and Cognition (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An introduction to basic models; methods of research; and findings in the fields of memory, problem solving, and language. The objective is to apply knowledge of cognitive processes to a variety of situations including organizational and educational settings. Both applications and theory are explored.

**PSYC 342 Foundations of Learning (3)**
(Formerly PSYC 441.) Prerequisite: PSYC 100. Recommended: STAT 225 (or PSYC 200) and PSYC 300. A review and analysis of the major phenomena and theories of human learning.
The objective is to demonstrate understanding of the foundations of learning and the practical applications of theories of learning. Topics include conditioning, the application of behavior analysis to real-world problems, and laboratory techniques in learning research. Students may receive credit for only one of the following courses: PSYC 342 or PSYC 441.

**PSYC 351 Lifespan Development (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An integrated study of the biological, socioemotional, and cognitive development of humans from conception through death. The aim is to apply knowledge of lifespan development to interpersonal, community, and organizational relationships. Emphasis is on the interaction of nature and nurture on one's physiology, capability, and potential at each progressive stage of development.

**PSYC 352 Child and Adolescent Psychology (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An examination of research and theory focusing on psychological development, from conception through adolescence. The objective is to apply knowledge of child and adolescent development through critical and creative analysis of cases and situations. Topics include physiological, conceptual, and behavioral changes and the social and biological context in which individuals develop. Students may receive credit for only one of the following courses: PSYC 352, PSYC 355, or PSYC 356.

**PSYC 353 Abnormal Psychology (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An examination of mental disorders across the lifespan. The goal is to evaluate emerging issues in abnormal psychology. Topics include the identification and diagnosis of specific disorders and the evolution of treatment protocols. Students may receive credit for only one of the following courses: PSYC 331, PSYC 353, or PSYC 431.

**PSYC 354 Cross-Cultural Psychology (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An examination of the interplay of individual, ethnic, and cultural factors in psychosocial growth and well-being. The aim is to apply analysis of cultural factors to make decisions, solve problems, and communicate effectively. Issues of globalization, diversity, cultural bias, and cross-ethnic communication are addressed.

**PSYC 357 Adulthood and Aging (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300. An overview of the development of physiological, intellectual, and interpersonal social functioning from early adulthood through the end of life. The objective is to apply knowledge of adult development critically and creatively to explain particular cases. Topics include theory and research in adult development.

**PSYC 361 Industrial and Organizational Psychology (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300 and 321. A general survey of the field of industrial/organizational psychology. The objective is to examine the behavioral, sociocultural, and ethical factors that influence workplace environments. Topics include entering into the organization and evaluating and changing individual workplace behaviors.

**PSYC 432 Introduction to Counseling Psychology (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300 and 335. A survey and critical analysis of research and intervention strategies developed and used by counseling psychologists. The goal is to evaluate current trends in content and methodology. Topics include counseling protocols in various applied settings.

**PSYC 436 Introduction to Clinical Psychology (3)**
Prerequisite: PSYC 100. Recommended: PSYC 300 and 353. A survey of diagnostic and therapeutic strategies employed by clinical psychologists. The objective is to evaluate current trends in content and methodology. Topics include the identification, diagnosis, and treatment of mental health disorders. Emphasis is on the scientist-practitioner model and the critical analysis of theories and empirical research.

**SOCIOLGY**
Courses in sociology (designated SOCY) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the behavioral and social sciences;
- a major in social science;
- a minor in sociology, African American studies, diversity awareness, or women's studies; and
- electives.

**SOCY 100 Introduction to Sociology (3)**
An introduction to the basic concepts, theoretical perspectives, and research methods in sociology. The objective is to apply sociological imagination, perspectives, and research to uncover patterns of social behavior. Topics include culture, socialization, groups, deviance, stratification, institutions, and social change. Students may receive credit for only one of the following courses: BEHS 102 or SOCY 100.
SOCY 105 Introduction to Contemporary Social Problems (3)
An exploration of various personal, institutional, cultural, historical, and global problems that confront American society today. Problems range from drugs, divorce, crime, mental illness, and alienation in modern society to the environment and national and global economic and political conflicts. Special attention is paid to issues of technology and social change. Students may receive credit for only one of the following courses: SOCY 105 or SOCY 210.

SOCY 252 Sociology of the Holocaust (3)
Recommended: SOCY 100. An introductory sociological examination of the Holocaust as a case study of mass genocide. The aim is to apply sociological principles and concepts to examine the groups of individuals associated with the Holocaust (perpetrators, victims, bystanders, resistance fighters, liberators) and evaluate the moral and ethical lessons of the Holocaust for the contemporary world. Topics include the cultural context of the Holocaust; the role of anti-Semitism in the Holocaust; perpetrator agency, extreme prejudice, propaganda, and victimization; and life after the Holocaust.

SOCY 300 American Society (3)
Prerequisite: SOCY 100. An intermediate-level survey of the structure and organization of American society, with special reference to recent social changes. The aim is to describe trends and patterns of social change in American society; compare American and global perspectives of American social values; and apply sociological theories to examine the character, structure, values, and ideology of contemporary American social thought. Topics include individualism; community commitment; and attitudes regarding work, leisure, and recreation in American society.

SOCY 325 The Sociology of Gender (3)
Prerequisite: SOCY 100. An inquiry into how gender is socially constructed and reconstructed in contemporary society. The aim is to assess the interaction between gender and other social identities.

SOCY 424 Race and Ethnic Relations (3)
Prerequisite: SOCY 100. An analysis of race- and ethnic-related issues in society. The goal is to examine, analyze, project future trends in, and communicate effectively about minority-majority issues. Discussion covers the impact of inequality, prejudice, and discrimination on minority-majority relations. Topics include theories of race relations; the historical emergence, development, and institutionalization of racism; effects of racism; conflicts that are racially and ethnically based; and contemporary issues.

SOCY 427 Deviant Behavior (3)
Prerequisite: SOCY 100. An exploration of current theories of the genesis and distribution of deviant behavior. Topics include definitions of deviance, implications for a general theory of deviant behavior, labeling theory, and secondary deviance.

SOCY 443 Sociology of the Family (3)
Prerequisite: SOCY 100. An advanced examination of the family in society. The aim is to apply major sociological theories to understand family as a social institution; describe the changing definitions of family; examine demographic changes in marriage and family patterns; contrast micro- and macro-level interactions among individuals, families, and society; and evaluate the influence of media and technology on the perception and cohesion of the modern family. Topics include family research, single parenting, blended families, cultural differences in families, families over the life course, and governmental policies regarding families.

SPANISH
Courses in Spanish (designated SPAN) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the arts and humanities;
- a certificate in Spanish for business and the professions; and
- electives.

For additional details, please refer to the Foreign Languages section on page 121.

SPAN 111 Elementary Spanish I (3)
(Not open to native speakers of Spanish; assumes no prior knowledge of Spanish. Students with prior experience with the Spanish language should take a placement test to assess appropriate level.) An introduction to the Spanish language. The objective is to listen to, speak, read, and write elementary Spanish in concrete, real-life situations using culturally appropriate language. The diverse language and culture of the Spanish-speaking world is explored. Students may receive credit for only one of the following courses: SPAN 101 or SPAN 111.

SPAN 112 Elementary Spanish II (3)
(Not open to native speakers of Spanish.) Prerequisite: SPAN 111 or appropriate score on a placement test. A continued introduction to the Spanish language. The goal is to listen to, speak, read, and write Spanish in concrete, real-life situations using culturally appropriate language. The diverse language and culture of the Spanish-speaking world is explored. Students
may receive credit for only one of the following courses: SPAN 102 or SPAN 112.

**SPEECH COMMUNICATION**

Courses in speech communication (designated SPCH) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in communications;
- a minor in speech communication, communication studies, diversity awareness, or women's studies;
- a major in communication studies, East Asian studies, or laboratory management; and
- electives.

**SPCH 100 Foundations of Oral Communication (3)**

(Fulfills the prerequisite for all upper-level SPCH courses.)
An introduction to oral communication, with emphasis on interpersonal communication, small-group communication, and public speaking. The objective is to prepare speeches, provide feedback to others, and participate in group activities. Students may receive credit for only one of the following courses: SPCH 100, SPCH 100X, SPCH 101, SPCH 107, or SPCH 108.

**SPCH 101 Introduction to Public Speaking (3)**

A study of basic principles of communication as applied to public speaking. Emphasis is on building skills in effective oral discourse, in particular the design and delivery of formal speeches. Assignments include a minimum of three formal speeches. Practice in speaking situations such as briefings and job interviews is provided. Students may receive credit for only one of the following courses: SPCH 100, SPCH 100X, SPCH 101, SPCH 107, or SPCH 108.

**SPCH 125 Introduction to Interpersonal Communication (3)**

(Fulfills the prerequisite for all upper-level SPCH courses.)
An exploration of the role interpersonal communication plays in our personal and professional lives. The aim is to apply theoretical frameworks and key concepts in communication to personal behavior and personal and professional contexts. Topics include self-identity, perception, listening, verbal and nonverbal communication, relationship development, and conflict management.

**SPCH 482 Intercultural Communication (3)**

Prerequisite: Any SPCH course or COMM 300. An examination of the major variables of communication in an intercultural context. The objective is to develop and apply communication strategies. Topics include cultural, racial, and national differences; stereotypes; values; cultural assumptions; and verbal and nonverbal channels.

**STATISTICS AND PROBABILITY**

Courses in statistics and probability (designated STAT) may be applied as appropriate (according to individual program requirements) toward
- a minor in psychology;
- the statistics requirement for a variety of majors and minors; and
- electives.

UMUC offers a limited number of courses each session in this discipline.

Students are expected to own and use scientific calculators in all mathematics and statistics courses.

**STAT 200 Introduction to Statistics (3)**

Prerequisite: MATH 103, MATH 106, or MATH 107 (preferably in the last two years). An introduction to statistics. The objective is to assess the validity of statistical conclusions; organize, summarize, interpret, and present data using graphical and tabular representations; and apply principles of inferential statistics. Focus is on selecting and applying appropriate statistical tests and determining reasonable inferences and predictions from a set of data. Topics include methods of sampling; percentiles; concepts of probability; probability distributions; normal, t-, and chi-square distributions; confidence intervals; hypothesis testing of one and two means; proportions; binomial experiments; sample size calculations; correlation; regression; and analysis of variance (ANOVA). Students may receive credit for only one of the following courses: BEHS 202, BEHS 302, BMGT 230, ECON 321, GNST 201, MATH 111, MGMT 316, PSYC 200, SOCY 201, STAT 100, STAT 200, STAT 225, or STAT 230.

**STAT 225 Introduction to Statistical Methods for the Behavioral Sciences (3)**

Prerequisite: MATH 103, MATH 106, or MATH 107 (preferably in the last two years). Recommended: PSYC 100 or an introductory social sciences course. An introduction to quantitative methods in behavioral science and psychological research. The objective is to assess the validity of statistical conclusions; organize, summarize, interpret, and present data using graphical and tabular representations; and apply principles of inferential statistics. Focus is on selecting and applying appropriate statistical tests and determining reasonable inferences and predictions from a set of data. Discussion covers ethics in research involv-
ing humans and animals. Topics include the measurement of variables, measures of central tendency and dispersion, correlation, statistical inference and probability, normal distribution, hypothesis testing, t-tests, analysis of variance, and chi-square. Statistical software is used to analyze and present data. Students may receive credit for only one of the following courses: BEHS 202, BEHS 302, BMGT 230, ECON 321, GNST 201, MATH 111, MGMT 316, PSYC 200, SOCY 201, STAT 100, STAT 200, STAT 225, or STAT 230.

STAT 230 Introductory Business Statistics (3)
Prerequisite: MATH 103, MATH 106, or MATH 107 (preferably in the last two years). An introduction to the essential concepts of statistics for business and management. The objective is to assess the validity of statistical conclusions; organize, summarize, interpret, and present data using graphical and tabular representations; and apply principles of inferential statistics. Focus is on selecting and applying appropriate statistical tests and determining reasonable inferences and predictions from a set of data. Emphasis is on applications in business and management. Topics include sampling methods; measures of dispersion and central tendency; probability; random variables; binomial experiments; normal distribution; hypothesis testing; z-, t- and chi-square tests; margin of error and confidence intervals; linear regression and correlation; and analysis of variance (ANOVA). Software programs are used to analyze and present data. Students may receive credit for only one of the following courses: BEHS 202, BEHS 302, BMGT 230, ECON 321, GNST 201, MATH 111, MGMT 316, PSYC 200, SOCY 201, STAT 100, STAT 200, STAT 225, or STAT 230.

THEATRE
Courses in theatre (designated THET) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the arts and humanities;
- a minor in humanities; and
- electives.

UMUC offers a limited number of courses each session in this discipline.

THET 110 Introduction to the Theatre (3)
An introduction to the experience of the theatre. The objective is to gain a historical perspective and critically appraise dramatic content in performing arts. Emphasis is on engaging with theatrical performances as informed audience members and assessing one’s role within the script-performance-audience dynamic. Assignments include attendance at two live professional performances. Students may receive credits for only one of the following: HUMN 100 or THET 110.

WRITING
Courses in writing (designated WRTG) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in communications;
- a major in communication studies or English;
- a minor in communication studies or contract management and acquisition;
- a certificate in Project Management; and
- electives (including related requirements in various majors).

Degree-seeking students must complete WRTG 101 or WRTG 101S (or present its equivalent in transfer) during their first 18 credits of enrollment at UMUC. WRTG 101 or WTRG 101S is prerequisite to all writing courses with higher numbers and most courses in English and communication studies. A placement test is required for enrollment in WRTG 101.

WRTG 391, 393, and 394 are designated as upper-level advanced writing courses and may be applied toward the general education requirement in upper-level advanced writing.

Specific WRTG courses may be recommended in relation to specific majors and minors. Students should check the descriptions of their curricula.

The description of the general education requirements is on page 66.

WRTG 101 Introduction to Writing (3)
Prerequisite: Satisfactory performance on a placement test or EDCP 103. Practice in effective writing and clear thinking at all levels, including the sentence and paragraph, with emphasis on the essay and research report. The objective is to apply specific steps within the writing process, including formulating purpose, identifying an audience, and selecting and using research resources and methods of development. Revision and recursive writing practice are emphasized and encouraged. Assignments include comparison-contrast and research essays, as well as other rhetorical tasks. Students may receive credit for only one of the following courses: ENGL 101, ENGL 101X, WRTG 101, WRTG 101S, or WRTG 101X.
**WRTG 101S Introduction to Writing (3)**
(Fulfills the general education requirement in communications.) Practice in effective writing and clear thinking at all levels, including the sentence and paragraph, with emphasis on the essay and the integration of research into one's writing. An intensive review of grammar is provided. Focus is on organizing, developing, and writing academic essays. The goal is to apply specific steps within the writing process, including formulating purpose, identifying an audience, selecting and using research resources and methods of development, and completing other rhetorical tasks. Revision and recursive writing practice are emphasized and encouraged. Assignments include a comparison-contrast analysis, a cause-effect analysis, a research-supported essay, and a final reflective paper. Students may receive credit for only one of the following courses: ENGL 101, ENGL 101X, WRTG 100, WRTG 101, WRTG 101S, or WRTG 101X.

**WRTG 101X Introduction to Writing (3)**
(Formerly ENGL 101X. Enrollment restricted to students for whom English is not a first language.) Prerequisite: Satisfactory performance on a placement test or EDCP 103. Practice in effective writing and clear thinking at all levels, including the sentence and paragraph, with emphasis on the essay and research report. Specific steps reviewed within the writing process include formulating purpose, identifying an audience, and selecting and using research resources and methods of development. Assignments include composing a total of at least 4,500 words (approximately 20 pages). Students may receive credit for only one of the following courses: ENGL 101, ENGL 101X, WRTG 101, WRTG 101S, or WRTG 101X.

**WRTG 291 Research Writing (3)**
(Fulfills the general education requirement in communications.) Prerequisite: WRTG 101 or WRTG 101S. Continued practice in critical reading, thinking, and writing skills. The objective is to analyze, evaluate, and synthesize diverse sources and viewpoints to develop persuasive and academic writing projects. Assignments include prewriting exercises, an annotated bibliography, a synthesis research essay, and a reflective paper. Students may receive credit for only one of the following courses: ENGL 291, ENGL 291H, or WRTG 291.

**WRTG 293 Introduction to Professional Writing (3)**
Prerequisite: WRTG 101 or WRTG 101S. An overview of professional writing. The goal is to analyze professional communication scenarios to develop effective workplace writing. Topics include the standards, conventions, and technologies of professional writing; communicating to a variety of audiences; and developing appropriate written responses to workplace challenges. Students may receive credit for only one of the following courses: COMM 293, ENGL 293, or WRTG 293.

**WRTG 391 Advanced Research Writing (3)**
(Fulfills the general education requirement in upper-level advanced writing.) Prerequisite: WRTG 101 or WRTG 101S. Instruction and practice in academic research skills. The objective is to critically analyze scholarly sources and effectively integrate source material into a complex argument. Assignments include prewriting exercises, a critique, a critical annotated bibliography, a literature review, and a statement of proposed research. Students may receive credit for only one of the following courses: ENGL 391, ENGL 391X, WRTG 391, or WRTG 391X.

**WRTG 393 Advanced Technical Writing (3)**
(Fulfills the general education requirement in upper-level advanced writing.) Prerequisite: WRTG 101 or WRTG 101S. Recommended: WRTG 291 or 293. A comprehensive, project-based study of applied technical writing. The aim is to design and develop appropriate and effective technical documents using strategies and technologies for a variety of audiences. Students may receive credit for only one of the following courses: COMM 393, ENGL 393, ENGL 393X, WRTG 393, or WRTG 393X.

**WRTG 394 Advanced Business Writing (3)**
(Fulfills the general education requirement in upper-level advanced writing). Prerequisite: WRTG 101 or WRTG 101S. A comprehensive, project-based study of applied business writing. The aim is to develop documents appropriate to audience and purpose that are well argued and conform to standards of business writing. Topics include context, purpose, audience, style, organization, format, results, technologies, and strategies for persuasion in typical workplace messages. In addition to shorter assignments, a substantial formal report that incorporates research and support for conclusions or recommendations is required. Students may receive credit for only one of the following courses: COMM 394, COMM 394X, ENGL 394, ENGL 394X, WRTG 394, or WRTG 394X.

**WRTG 490 Writing for Managers (3)**
(Formerly WRTG 390. Fulfills the general education requirement in communications.) Prerequisite: WRTG 101 or WRTG 101S. A practicum in the kinds of communication skills that managers need for the workplace. The goal is to develop persuasive managerial communication for organizational decision making and action. Students may receive credit for only one of the following courses: COMM 390, HUMN 390, WRTG 390, or WRTG 490.

PhD, University of South Carolina

BUSAPATHUMRONG, PATTAMAPORN  
Adjunct Assistant Professor  
Sociology  
BA, Thammasat University  
MA, Stanford University  
PhD, University of Pennsylvania

BYRNE, RICHARD  
Collegiate Professor  
Government and Politics, History  
BA, Loras College  
MA, Creighton University  
PhD, University of Iowa

CARTAGENA, DIALMA  
Adjunct Instructor  
Spanish Language  
BA, University of Puerto Rico  
MA, InterAmerican University of Puerto Rico

CENA, ELIZABETH  
Adjunct Instructor  
Accounting  
BS, Polytechnic University of the Philippines  
MS, Troy State University

CHAE, HAEJIN  
Adjunct Instructor  
Biology  
BA, University of Virginia  
MA, The College of William and Mary
CHANCE, CHARLES
Adjunct Instructor
Computer Studies
BS, Regents University
MS, Central Michigan University

CHEON, SEON-HEE
Adjunct Associate Professor
Korean Language
BA, Cheonbuk University
MA, University of Louisville

CHOI, EUN JUNG
Adjunct Assistant Professor
Sociology
BA, Sookmyung Women's University
MA, Korea University

CHOI, JIN UK
Adjunct Associate Professor
Criminal Justice, Korean Language
BS, Tennessee State University
MPA, Yonsei University
PhD, Yonsei University

CHUNG, WOL-YONG
Adjunct Professor
Korean Language
BA, Kyungpook National University
MEd, Seoul National University
PhD, Sejong University

CILLIZZA, JACQUELINE
Adjunct Instructor
Education
BA, University of Maryland University College
MA, University of Maryland, College Park

CLARK, SUSAN M.
Adjunct Assistant Professor
Library Skills and Information Literacy
BA, University of Saskatchewan
MLS, University of British Columbia

COLEMAN, DIANE
Adjunct Instructor
Asian Studies, History
BA, MA, Dominican University

COLLINS, GERARD
Collegiate Associate Professor
English, Government and Politics
BA, University of Massachusetts
MA, University of Washington
MA, Syracuse University

COLLINS, MICHAEL
Adjunct Associate professor
Business and Management
BS, University of the State of New York
M.Ed., Florida Atlantic University
PhD, Arizona State University

COLOMA, ISIDRA
Adjunct Associate professor
Business and Management
BBE, M.Ed, PhD, Polytechnic University of the Philippines

CONCILUS, FRANK
Collegiate Professor
Anthropology, Asian Studies, Sociology
BA, Colgate University
MA, Harvard University
PhD, Indiana University of Pennsylvania

CONNORS, AMANDA
Adjunct Instructor
Nutrition
BS, University of North Carolina Greensboro
MS, University of Nebraska

COOPER, TIMOTHY G.
Collegiate Professor
Business and Management
BA, Albion College
MS, University of Detroit
JD, Emory University

CRAIG, JERRY
Adjunct Assistant Professor
Computer Studies
BS, University of Maryland University College
MS, Capitol College
MA, University of Oklahoma

CRIDDLE, KRISTI
Adjunct Instructor
English, Writing
BA, Brigham Young University
MA, Emerson College
MA, Simmons College

CRONIN, JEFFERSON
Collegiate Professor
English, Speech Communication, Theatre
BS, Davis and Elkins College
MFA, Ohio State University

CROTTY, TESS
Collegiate Associate Professor
Business and Management, Economics
BA, University of Maryland University College
BS, Gannon University
MPHil, The George Washington University

CUMMINGS, JAMES C.
Adjunct Associate Professor
Biology
BS, DVM, Louisiana State University

DALLIER, DOUGLAS
Collegiate Assistant Professor
Criminology, Sociology
BS, MS, PhD, Florida State University

DANKO, VERONICA
Adjunct Instructor
Nutrition
BS, Youngstown State University
MS, Finch University

DAVIES, DANIEL
Adjunct Assistant Professor
History, Philosophy, Psychology
BS, University of Washington
MA, PhD, Drew University

DAVIS, BRIAN
Adjunct Assistant Professor
Mathematics
BS, Arkansas State University
MS, PhD, University of Mississippi

DE LA ROSA, EDMOND M.
Collegiate Associate Professor
Mathematics
BA, MA, University of California, Berkeley

DECKER, AMY
Adjunct Assistant Professor
English
BA, MA, George Mason University

DEJONG, MICHAEL
Adjunct Assistant Professor
Communication Studies
BA, MA, York University

DITTMEIER, DANIEL
Adjunct Instructor
Business and Management
BA, University of New Hampshire
MBA, Golden Gate University

DOUGLAS, BLANCHE
Adjunct Associate Professor
Psychology
BA, MA, University of South Africa
MA, New York University
PhD, Rhodes University

DOW, ASUKA
Adjunct Instructor
Japanese Language
BA, Seinan Gakuin University
MA, University of Toronto

DOWLING, RICHARD
Adjunct Associate Professor
English, Government and Politics, History, Writing
BA, Wheeling University
MA, Duquesne University

DUNN, CONNIE
Adjunct Associate Professor
Mathematics, Statistics and Probability
BA, Northwest Nazarene University
MA, California State University, Fresno

EAKIN, DAVID B.
Collegiate Professor
English
BA, MA, PhD, Arizona State University

EDWARDS, HIROMI
Adjunct Instructor
Japanese Language
BA, University of Maryland University College
MEd, University of Maryland, College Park

EDWARDS, TIM
Adjunct Assistant Professor
TESOL
BS, University of Maryland University College
MA, University of Birmingham
ELLIS, CHRISTINE
Adjunct Assistant Professor
Human Resources and Management
BBA, Pace University
MBA, Rider University
JD, Thomas Jefferson Law School

EMBORSKI, CARMEN
Adjunct Instructor
Biology
BS, Millersville University
MS, University of Guam

EWING, TOM
Collegiate Associate Professor
Computer Studies, Mathematics
BS, BS, Massachusetts Institute of Technology
MS, University of California, Santa Cruz
PhD, Michigan State University

FELIX, JOY
Adjunct Instructor
English, Writing
BA, Southwestern University
MA, Azusa Pacific University

FERNANDEZ, TERESA
Adjunct Associate Professor
Computer Studies
BBA, University of Puerto Rico
MS, Virginia Polytechnic Institute and State University

FEY, BRENETTE
Adjunct Assistant Professor
Speech Communication
BA, Luther College
MA, University of Nevada, Reno

FISTER-STOGA, FRANCES
Adjunct Associate Professor
English
BA, University of Massachusetts
MA, McGill University
MEd, Université de Montréal
MA, Concordia University
MA, Morehead State University

FORDE, DAVED
Adjunct Associate Professor
English
BBA, Kent State University
MA, San Diego State University

FREY, PAULA
Adjunct Assistant Professor
Biology
BA, University of Arizona
DC, Parker University

FROJ, ENRIQUE
Adjunct Instructor
Biology
BS, University of the Philippines
MS, Mahidol University

FUHRIMAN, TROY
Adjunct Assistant Professor
Business and Management
BA, MBA, JD, Brigham Young University

FUJIKAWA, CHIAKI
Adjunct Assistant Professor
Mathematics, Physics
BS, MS, Southern Oregon University
PhD, University of Nevada

FUKUYAMA, ASAO
Adjunct Instructor
Asian Studies, Japanese Language
BA, University of the Ryukyus

FURUGEN, AKIRA
Adjunct Associate Professor
Mathematics
BA, University of California, San Diego
MS, West Texas State University

GAINES, DOUGLAS R.
Adjunct Instructor
Business and Management
BS, University of Maryland University College
MS, Troy State University

GARRETSON, DAVID P.
Collegiate Associate Professor
Economics, Government and Politics
MA, McGill University
MA, Fletcher School of Law and Diplomacy, Tufts University

GARRIGUES, STEPHEN L.
Adjunct Professor
Anthropology, Sociology
BA, Sophia University
MS, Colorado State University
PhD, Lucknow University

GASH, STACI
Adjunct Instructor
Mathematics
BS, U.S. Military Academy
MS, University of Missouri

GILLIARD, JACQUELINE
Adjunct Associate Professor
Business and Management
BA, University of Houston
MS, Houston Baptist University
PhD, Capella University

GIULIANO, MICHAEL
Adjunct Instructor
Business and Management
BS, Southern Illinois University
MBA, Lake Forest College

GLEASON, BRIAN J.
Adjunct Associate Professor
Computer Studies
BA, BS, University of Maryland University College
BS, MS, New Jersey Institute of Technology
MS, Troy State University

GOD, JASON
Adjunct Assistant Professor
Biological Science
BS, Bob Jones University
MS, PhD, Clemson University

GORMAN, JOHN
Adjunct Instructor
Business and Management, Criminology
BA, Drake University
JD, Northeastern University

GRADY, STEPHEN
Adjunct Instructor
Computer Studies
BS, Chapman University
MA, Bowie State University

GRAFF, KEITH
Adjunct Instructor
Business and Management
BS, University of Maryland University College
MA, Webster University

GRANT, JOANNA
Collegiate Associate Professor
English, Speech Communication
BA, Berry College
MPhil, Oxford University
MA, PhD, University of Rochester

GREER, MARK M.
Adjunct Associate Professor
Government and Politics, Geography, Geology
BA, University of Michigan
MA, Wayne State University
MA, University of Wyoming

GRIMM, BRIAN
Adjunct Instructor
Mathematics
BS, United States Naval Academy
MS, United States Naval Postgraduate School

GUGIN, DAVID
Adjunct Professor
English
BA, University of Texas
MA, Western Kentucky University
PhD, Northern Illinois University

GUOMATAOTAO, ANNEMARIE
Adjunct Assistant Professor
Cultural Studies
BA, San Diego State University
MA, University of Hawaii
MA, PhD, Fielding Graduate University

HARRIS, KARI
Adjunct Instructor
Business and Management, Government and Politics
BA, Virginia Wesleyan College
MBA, American University

HARRIS, MICHAEL
Adjunct Instructor
Business and Management
BS, Oklahoma State University
MHR, University of Oklahoma
HARRIS, ROBYN D.
Adjunct Instructor
Business and Management
BS, University of Central Oklahoma
MA, University of Nebraska

HARRISON, CHRISTEN
Adjunct Associate Professor
Biology
BS, MS, Brigham Young University
PhD, University of Minnesota

HART, DANIEL E.
Collegiate Professor
Business and Management
BS, MBA, JD, DePaul University

HARTMANN, PAUL C.
Collegiate Associate Professor
Biology, Geology
BS, Southern Connecticut State University
PhD, University of Rhode Island

HEINTZMAN, KIMBERLY
Adjunct Assistant Professor
Nutrition
BS, Arizona State University
MS, Montana State University

HERALD, CRYSTAL
Adjunct Assistant Professor
English
BA, Jacksonville University
MA, University of Colorado, Denver

HIGA, HIROKO
Adjunct Instructor
Japanese Language
BA, University of Ryukyus
MA, Michigan State University

HILES, GARY
Adjunct Assistant Professor
Economics
BS, University of Minnesota
MBA, University of Guam

HILL-CUMMINGS, KRISTIE
Adjunct Assistant Professor
Biology
BS, North Carolina Central University
PhD, Meharry Medical College

HIRATA, SUSAN
Adjunct Associate Professor
Education, Psychology
BS, University of Maryland University College
MS, University of Southern California
PhD, Cornell University

HITCHCOCK, KATHERINE M.
Adjunct Associate Professor
Psychology
BS, University of Colorado
MS, University of Maryland, College Park
PhD, Capella University

HOERNIG, JOHN
Collegiate Associate Professor
English, Speech Communication
BS, MS, Buffalo State College

HOFFMAN, BETTY
Adjunct Instructor
Fine Arts
BA, University of Washington

HORIZONOUCHI, KEITH
Adjunct Assistant Professor
Nutrition
BS, MPH, DPH, Loma Linda University

HOWARD, CHRISTOPHER J.
Adjunct Instructor
Information Systems Management
BS, Campbell University
MS, Touro University International

HOWL, PAUL
Adjunct Assistant Professor
English, Theater
BA, University of California Santa Cruz
MA, Ohio University
MA, Alliant University

HUGUES, DAVID
Adjunct Assistant Professor
Criminal Justice
BA, LLB, University of Saskatchewan
MBA, LLM, University of Washington

HUMES, APRIL
Adjunct Instructor
Psychology
BA, Spellman College
MA, Boston University

HUNT, GARY T.
Adjunct Professor
Business and Management, Speech Communication
BA, MA, California State University, Fullerton
PhD, Purdue University

IAQUINTO, ANTHONY
Adjunct Professor
History, Marketing
BS, University of Minnesota
MBA, PhD, Colombia University

ISHIZAKI, FRANKIE
Adjunct Associate Professor
Criminal Justice
BA, University of Guam
MS, University of Pittsburgh

JAMES, JOHN
Adjunct Professor
History
BA, Pennsylvania State University
PhD, Johns Hopkins University

JARRETT, DAWN
Adjunct Instructor
Business and Management
BS, Campbell University
MA, Webster University

JENKINS, DAVID H.
Collegiate Associate Professor
English, Speech Communication
BA, American University
MA, San Francisco State University
MFA, University of Arizona

JEON, JIN-AH
Collegiate Assistant Professor
Computer Studies
BS, Dankook University
MS, University of Nevada, Las Vegas

JOBBITT, TODD
Adjunct Assistant Professor
English
BS, Northern Michigan University
MA, The School for International Training

JOHNSON, ELDEN L.
Adjunct Associate Professor
Asian Studies, Government and Politics
BS, University of Baltimore
BA, MA, Sophia University

JOHNSON, JAMES H.
Collegiate Associate Professor
Business and Management, Computer Studies
BA, University of Warwick
MBA, University of Alabama
MS, University of South Carolina

JOHNSTON, KEITH A.
Collegiate Associate Professor
Computer Studies, Music
BS, Seattle Pacific University
BA, BM, University of Washington
MFA, Princeton University

JOINER, DAVID
Adjunct Instructor
English
BA, Earlham College
MFA, University of Arizona

JORDAN, TONY
Adjunct Assistant Professor
Art
BS, Florida A&M University
MS, Florida State University

KAKUTA, YASUSHI
Adjunct Instructor
Japanese Language
BS, National University of Utsunomiya

KALINA, KATHLEEN
Adjunct Instructor
Education, Japanese Culture
BS, Indiana University
MEd, University of Maryland University College
FACULTY

KALININ, ALEXANDER
Collegiate Professor
Mathematics
MS, Moscow Lomonosov State University
MS, PhD, Moscow Institute of Power Engineering

KALLINGAL, GEORGE
Adjunct Professor
Psychology
BA, University of Calcutta
MA, PhD, Michigan State University

KANAI, AKIKO
Adjunct Instructor
Japanese Language
BA, Kyoritsu Women's University

KANAI, MORIAKI
Adjunct Instructor
Japanese Language
BA, Dokkyo University
MA, Kyorin University

KARDATZKE, MARY BETH
Adjunct Associate Professor
Business and Management
BBA, University of Houston, Clear Lake
MBA, Sam Houston State University
DBA, Nova Southeastern University

KAYL, ROBERT A.
Adjunct Instructor
Computer Studies
BS, Southern Illinois University at Carbondale
MHR, University of Oklahoma

KEARSE, DONNA
Adjunct Instructor
Business and Management
BA, Western New England University
MBA, Saint Leo University

KIM, HAK SUN
Adjunct Associate Professor
Korean Language
BA, MEd, Ewha Womenís University

KIM, HEE-YOUNG
Adjunct Instructor
Art
BFA, Oklahoma City University
MA, School of the Art Institute of Chicago

KIM, HYUN-SOOK
Collegiate Associate Professor
Mathematics
BS, MS, Simon Fraser University

KIM, MISO
Adjunct Assistant Professor
Korean Language
BA, Kijeon College
MA, Jeonju University

KIM, PONG-SU
Adjunct Associate Professor
Korean Language
BA, Dankook University
MA, Youngnam University

KIM, YOUNG TAE
Adjunct Professor
Mathematics
BS, Sogang University
MS, PhD, University of New Mexico

KIM, YUN-SIK
Adjunct Associate Professor
Government and Politics, Asian Studies
BA, Kookmin University
MA, Seoul National University

KINARD, JODI
Collegiate Assistant Professor
Education
BA, MA, San Diego State University

KLOCK, JOHN
Collegiate Associate Professor
Biology, Asian Studies
BS, Colorado State University
MA, MS, Ohio University

KMETZ, YOKO
Adjunct Instructor
Japanese Language
BA, Meiji Gakuin University

KOBAYASHI, MARIKO
Adjunct Instructor
Anthropology
BA, The American University in Cairo
MA, Universiteit Leiden

KOSTELLIC, LISA
Adjunct Instructor
Communication Studies, Theater
BFA, University of Southern Mississippi
MA, Jones International University

KUMADA, MICHIKO
Adjunct Instructor
Japanese Language
BA, Tokyo Kasei University
MS, University of New England

KUNTZ, LAURIE
Adjunct Associate Professor
English
BA, Baruch College
MFA, Vermont College

LAL, ROSHNI
Adjunct Instructor
Anthropology
BA, University of California, Los Angeles
MA, The George Washington University

LANE, LISA
Adjunct Instructor
American History
BA, State University of New York
MA, George Mason University

LATTIMORE, RUTH
Adjunct Associate Professor
Mathematics, Statistics and Probability
BA, Slippery Rock University
MS, Miami University

LATTIMORE, PAUL T. JR.
Adjunct Professor
Biology
BS, MS, Slippery Rock University
PhD, Miami University

LAUGEL, GARY R.
Collegiate Professor
Psychology, Biology
BA, Kent State University
MS, PhD, Washington State University

LAURIE, ROBERT
Collegiate Associate Professor
Computer Studies, Information Systems Management
BS, MS, Michigan Technological University

LAWHUN, YUMI
Adjunct Assistant Professor
Japanese Language
BA, University of Arizona
MA, San Francisco State University

LAYFIELD, DAVID S.
Collegiate Assistant Professor
Government and Politics
BA, Nottingham Trent University
MA, University of New York
PhD, University of Nottingham

LEE, CHOUNG-JA
Adjunct Instructor
Korean Language
BA, Sangmyung Womenís University
MEd, Sangii University

LEE, HYUNG-DAE
Collegiate Associate Professor
History
BA, MA, Dankook University
PhD, Ohio University

LEE, SOON-JA
Adjunct Associate Professor
Korean Language
BA, Dankuk University
MEd, Yonsei University

LEE, SUN-AH
Adjunct Instructor
English
BA, Soonggul University
MA, Charles Darwin University

LEITNER, LYNDA
Collegiate Associate Professor
Communication Studies, History
MPHIL, University of Wales
MA, California State University, Sacramento

LEVITT, KENNETH
Adjunct Associate Professor
Psychology, Business and Management
BA, State University of New York, Oneonta
MA, Fairleigh Dickinson University
PhD, Stevens Institute of Technology
LEWIS, BONNIE
Adjunct Instructor
Accounting
BS, MS, MBA, University of Maryland University College

LIM, BOON
Adjunct Instructor
Business and Management
BA, MA, National University of Singapore
MS, Nanyang Technological University

LIMOGES, LANCE D.
Adjunct Professor
Geography, Geology
BA, University of South Florida
MA, Miami University
PhD, University of Florida

LOBB, DAVID
Adjunct Assistant professor
History
BA, University of Utah
MA, San Diego State University
PhD, Maxwell School of Syracuse University

LOGAN, FREDERICK J.
Adjunct Professor
English
BA, Elmhurst College
MA, University of Windsor
PhD, University of Alberta

LOYA, SUSANO (TED)
Adjunct Instructor
Business and Management
BS, MBA, MIM, University of Maryland University College

LUCAS, HEATHER
Adjunct Instructor
History
BA, St. Cloud State University
MA, Ohio University

LUCIER, SUSAN
Adjunct Assistant Professor
Art
BA, Keene State
MFA, Western Carolina University

LUPICA, CARMELA
Adjunct Associate Professor
Business and Management, Computer Studies
BA, Cleveland State University
MS, University of Houston at Clear Lake
MSIM, MSIT, International School of Information Management

LUSTIG, LARRY P
Collegiate Professor
Philosophy, English
BA, Stetson University
PhD, Florida State University

MABINI, SHIRLEY
Adjunct Assistant Professor
Education, Library Skills and Information Literacy
BS, University of San Francisco
MED, PhD, University of Minnesota

MARQUEZ, GARY
Adjunct Assistant Professor
Business and Management, Government and Politics
BS, University of Maryland University College
MBA, University of Oklahoma

MARSHALL, MAUREEN
Adjunct Instructor
Business and Management, Criminology
BA, Washington State University
JD, Seattle University School of Law

MARTIN, PAUL R.
Collegiate Professor
Biology
BS, University of Alaska
PhD, Michigan State University

MATHews, lisa c.
Adjunct Instructor
Asian Studies
BA, Washington State University
MA, Carroll College

MATTO, NANCY F.
Adjunct Assistant Professor
Biology, Chemistry
BS, Cornell University
MA, Harvard University
PhD, University of Alaska, Fairbanks

MCALL, GROVER C.
Adjunct Associate Professor
Computer Studies
BS, Embry-Riddle Aeronautical University
MS, University of Southern California

MCARTY, CELESTE
Collegiate Assistant Professor
Psychology
BS, MA, Midwestern State University

MCARTY, MARY
Adjunct Instructor
Business and Management
BS, MBA, Centenary College

MCConkie, Richard
Adjunct Assistant Professor
Geology, Natural Science
BA, University of Maryland University College
BS, MS, Mississippi State University

MCcraw, John
Adjunct Instructor
Psychology
BS, University of Maryland University College
MS, Capella University

Mccreay-Bade, Cheryl
Adjunct Assistant Professor
Biology
BS, Oklahoma State University
PhD, Ohio University

Mccrillis, Leon N.
Collegiate Professor
History
BA, Laverne College
MA, PhD, University of California, Riverside

Mccue, Philip M.
Adjunct Associate Professor
Computer Studies
BS, Long Beach State University
MBA, University of Houston

Mcdowell, Jeannine
Adjunct Associate Professor
Biology, Zoology
BS, MS, Old Dominion University

McKee, Steven
Adjunct Assistant professor
Education
BS, MS, PhD, Ohio State University

McMillan, John H.
Collegiate Associate Professor
Computer Studies
BS, University of Texas, Austin
MS, Naval Postgraduate School

McNeill, Charleen
Adjunct Assistant Professor
Biology, Nutrition
BSN, University of Arkansas
MSN, University of Texas at El Paso

Medalla, paraluman D.
Adjunct Instructor
Nutrition
BS, University of the Philippines
MS, Florida International University

Medina, phyllis
Adjunct Associate Professor
Psychology
BS, MS, PhD, Oklahoma State University

Melley, Christopher D.
Collegiate Professor
English, Philosophy
BA, Marist College
MA, Columbia University
DPhil, Universitat des Saarlandes

Mercado, Maribel
Adjunct Assistant Professor
Business and Management
BBA, University of Puerto Rico
JD, Inter-American University of Puerto Rico, School of Law

Merritt, victoria
Adjunct Assistant Professor
Mathematics, Sociology
BS, St. Lawrence University
MA, College of Williams & Mary

Miller, Amanda
Adjunct Instructor
Humanities
BS, Tennessee Technological University
MA, University of North Carolina at Wilmington

STATEMENTS ON POLICIES AND PROCEDURES

APPENDIX A

Responsibilities of the Student and Responsibilities of UMUC

Academic Integrity

Integrity in teaching and learning is a fundamental principle of a university. UMUC believes that all members of the University community share the responsibility for academic integrity, as expressed in the University System of Maryland policy “Faculty, Student, and Institutional Rights and Responsibilities for Academic Integrity.” Details are available from the Office of the Associate Dean for UMUC Asia.

At UMUC, faculty members are expected to establish classroom environments conducive to the maintenance of academic integrity by promptly giving students a complete syllabus describing the course and its requirements, grading submitted work promptly and adequately, and arranging appropriate testing conditions, including having faculty members monitor examinations given in face-to-face (on-site) classes.

Students at UMUC are expected to conduct themselves in a manner that will contribute to the maintenance of academic integrity. Failure to maintain academic integrity (academic dishonesty) may result in disciplinary action.

Code of Civility

To promote a positive, collegial atmosphere among students, faculty, and staff, UMUC has developed the following Code of Civility:

Respect

Treat all students, faculty, and staff with respect and in a professional and courteous manner at all times and in all communications, whether in person or in written communication (including e-mail).

Kindness

Refrain from using profanities, insults, or other disparaging remarks.

Truth

Endeavor to cite only the truth and not knowingly misrepresent, mischaracterize, or misquote information received from others.

Responsibility

Take responsibility for one’s own actions instead of blaming others.

Cooperation

Work together with other students, faculty, and staff in a spirit of cooperation toward the common goals of seeking and providing quality education.

Privacy

Strive to uphold the right to privacy and not talk about others.

Nondiscrimination

Respect the differences in people and their ideas and opinions and reject bigotry.

Responsibilities of UMUC

UMUC considers the following goals in designing and reviewing the courses it offers. These goals are also considered in evaluating the acceptability of courses presented for transfer of credit from other institutions.

1. Presentation of material should conform to representations in official publications, announcements, and advertisements, or descriptions furnished to students before a course begins.
2. Students should be able to have regular contact with members of the faculty.
3. Students should be able to participate in the process of learning.
4. Students should have opportunities to interact with one another.
5. Students are entitled to have their work evaluated on an individual basis by faculty members.

Procedures for Review of Alleged Arbitrary and Capricious Grading

UMUC Policy 130.80

I. Introduction

In accordance with Board of Regents III - 1.20 Policy for Review of Alleged Arbitrary and Capricious Grading, approved January 11, 1990, UMUC has developed procedures to provide a means for a student to seek review of final course grades alleged to be arbitrary or capricious. These Procedures will not be used to review the intellectual judgment of a faculty member or to require another faculty member to re-grade or re-examine a student’s work. In every case of alleged arbitrary and capricious grading, the burden of proof
rests with the student.

II. Definitions
A. “Arbitrary and capricious grading” is defined as:
1. A final course grade assigned on some basis other than performance in the course; or
2. A final course grade assigned by resorting to unreasonable standards different from those that were applied to other students in that course; or
3. A final course grade assigned by a substantial, unreasonable, or unannounced departure from the faculty member’s previously articulated grading standards.
B. The “Appeal Administrator” for undergraduate courses originating in Adelphi is the Vice President and Dean, School of Undergraduate Studies; for graduate courses originating in Adelphi is the Senior Vice President for Academic Programs and Dean, Graduate School of Management and Technology; for courses originating from UMUC-Europe or UMUC-Asia is the respective Associate Dean.

III. Student Procedures
A. If the student believes his/her final course grade is arbitrary and capricious as defined in section II.A., the student must first request a conference with the faculty member within 30 days from the date the grade was posted to discuss how the grade was calculated.
B. If a satisfactory resolution is not reached and the student wishes to continue the process, the student must file a written request to know how the final grade was calculated with the appeal administrator within 60 days from the date the grade was posted.
C. The appeal administrator or designee(s) will direct the appropriate departmental chairperson, academic director, or area director to review how the final grade was determined and to provide a written explanation within 30 days of the receipt of the written request. The appeal administrator shall be copied on the departmental response.
D. If after receiving the response the student still believes that the final grade is arbitrary and capricious, or if after the 30-day period the student has not received a response, the student may file a written appeal of the final grade with the appeal administrator within 45 days after filing the written request. The appeal must be confined to information relevant to the allegation(s) and be accompanied by supporting documentation. The faculty member will be notified of the filing of the appeal.
E. Within 30 days of receipt of the student’s appeal, the appeal administrator or designee(s) will conduct a preliminary administrative inquiry. The appeal administrator or designee(s) may communicate with the student and faculty member and give them the opportunity to present any relevant evidence. Upon request, the student may see the information submitted by the faculty member relating to how the grade was calculated. However, the student will not have the right to see any information that violates the privacy rights of other students. The appeal administrator will dismiss the appeal if:
1. The student has failed to comply with procedure;
2. The student made allegations that, even if true, do not constitute arbitrary and capricious grading as defined; or
3. There is no evidence of arbitrary and capricious grading based upon the inquiry conducted by the appeal administrator or designee(s).
F. Dismissal of the appeal for any of the reasons listed above constitutes the final UMUC action on the appeal and is not itself appealable. The student and faculty member will be notified of the appeal administrator’s decision in writing within 40 days of the receipt of the student’s appeal.
G. If the appeal is not dismissed or the student has not received a response within 40 days of the receipt of the student’s appeal, the appeal administrator will appoint a three-member ad hoc Arbitrary and Capricious Grade Appeal Committee (known as “Appeal Committee”). The Appeal Committee may be advised by legal counsel during this process. The appeal administrator or designee(s) will instruct this Appeal Committee to review the materials obtained during the inquiry conducted by the appeal administrator or designee(s).
H. The Appeal Committee will conduct an investigation, which may include a fact-finding meeting, to obtain additional information. The appeal administrator or designee(s) will communicate with the student and faculty member and give them the opportunity to present any relevant evidence.
I. If a fact-finding conference is held, the student and the faculty member will be entitled to participate. If the student is unable to participate, the student may submit questions in writing for the faculty member regarding how the grade was determined and the grading process. The student and faculty member may be accompanied by a representative, who may be an attorney, at the student’s or faculty’s own expense. Representatives may advise during the course of a fact-finding conference, but shall not personally participate. Parties who wish to be accompanied by an attorney must inform the appeal administrator in writing at least 5 calendar days before the scheduled date of the proceeding. Representatives may not appear in lieu of persons accused.
J. After the investigation is complete, the Appeal Committee will deliberate and render a recommendation to the appeal administrator. If the Appeal Committee finds the allegation of arbitrary and capricious grading to be supported by clear and convincing evidence, the Appeal Committee will recommend an appropriate remedy to the appeal administrator. The appeal administrator will review the recommendations and render a decision. Appropriate remedies include:
1. directing the faculty member to grade the student’s
new anew;
2. directing, if the student agrees to the action and the student has been made aware of the implications, that the course registration status be changed such that the grade does not affect the student's grade point average;
3. directing the cancellation of the student's registration in the course with full tuition refund if no reasonable alternative is available; or
4. directing that other action be taken.
K. If the appeal administrator determines that arbitrary and capricious grading has not taken place, the student's appeal will be dismissed. This constitutes the final UMUC action and is not itself appealable.
L. Within 75 days of the student's appeal, the appeal administrator or designee will notify the student and faculty member of the decision in writing. A copy of the final decision will be filed in the student's academic records and in the faculty member's portfolio.

Academic Dishonesty and Plagiarism

UMUC Policy 150.25

I. Introduction
This Policy describes academic integrity and the procedures for handling academic dishonesty and plagiarism at UMUC.

II. Academic Integrity
A. In accordance with the Board of Regents Policy III-1.00 Policy on Faculty, Student and Institutional Rights and Responsibility for Academic Integrity, approved on November 30, 1989, UMUC endeavors to foster academic integrity throughout the academic community.
B. UMUC identifies academic integrity as the commitment to certain core values: truth, honesty, fairness, respect, and responsibility.
   1. Honesty and truthfulness: Express the truth, without deception, duplicity, cheating, and fraud. Be forthright in our interactions with each other, and making all reasonable efforts to fulfill our commitments.
   2. Fairness: Treat students, faculty and staff according to UMUC standards and policies, administered in an impartial manner.
   3. Respect: Foster an environment that enables honest and open communication, free from harassment and intimidation, where alternative points of view are treated with consideration, and the diversity of our academic community is appreciated, and where the work of others is acknowledged through the proper identification of sources.
   4. Responsibility: All members of the University community are held accountable for their work and actions. Academically dishonest behavior is not tolerated and is viewed as a breach of community ethical standards.
C. Online resources to educate faculty, students and staff regarding academic integrity standards are located at the Center for Intellectual Property's Virtual Academic Integrity Laboratory-VAIL (www.umuc.edu/cip/vail/), Information and Library Services (www.umuc.edu/library/library.html) and the Effective Writing Center (www.umuc.edu/writingcenter/).

III. Academic Dishonesty and Plagiarism
A. Academic dishonesty is the failure to maintain academic integrity. UMUC defines acts of academic dishonesty (see section IV); ensures procedures for due process for students accused or suspected of acts of academic dishonesty on work performed within a course (see section V); and imposes appropriate sanctions on students found to be guilty of acts of academic dishonesty (see section VII) in this Policy.
B. All charges of academic dishonesty will be brought in accordance with this Policy. UMUC expects all members of the University community—students, faculty, and staff—to share the responsibility and authority to report known acts of academic dishonesty. In every case of alleged academic dishonesty, the burden of proof rests with the UMUC faculty member or administrator to clearly demonstrate that the student committed an act of academic dishonesty.
C. Students can avoid unintentional plagiarism by carefully following accepted scholarly practices. Notes taken for papers and research projects should accurately record sources of material to be cited, appropriately quoted, paraphrased or summarized, and papers and research projects should acknowledge these sources in the appropriate places in the text of the paper as well as in a reference list at the end of the paper, in accordance with accepted citation practices.
D. Faculty may determine if the resubmission of coursework from previous classes (whether or not taken at UMUC), partially or in its entirety, is acceptable or unacceptable when assigning a grade on that piece of coursework. Faculty must provide this information in their written syllabi including a sanction if the resubmission of coursework is deemed to be unacceptable. If the resubmission of coursework is deemed to be unacceptable, a charge may not be brought under this Policy and will be handled as indicated in the written syllabus.
E. Allegations of misconduct in scholarly work performed by faculty and staff, and students (for work performed outside of coursework), shall be processed under Policy 150.50 – Misconduct in Scholarly Work.
F. The unit director or designee(s) is the point of contact for questions concerning this Policy. See also section IV.E.

IV. Definitions
A. See Section II for Academic Integrity.
B. Academic dishonesty includes but is not limited to:
   1. Plagiarism – the intentional or unintentional
V. Procedures for Handling Charges of Alleged Academic Dishonesty

A. Reports of Suspected Academic Dishonesty
   If a student or UMUC employee (administrative employee, faculty or staff) suspects a student has committed academic dishonesty, the alleged violation should immediately be reported to the faculty member teaching the course or to an administrator.

B. Informing the Student of the Charge
   1. Within 7 calendar days after a faculty member or administrator suspects or is informed that a student in the faculty member’s course allegedly committed academic dishonesty, the faculty member or administrator shall notify the student of the charge.

   2. Once notified of the charge, the student shall not withdraw from the course or change the status of the course to audit. A grade of G is assigned administratively until the Procedures for Handling Academic Dishonesty are completed.

   3. In the notification, the faculty member or administrator shall provide the student with an opportunity to respond to the charge within 7 calendar days of the notification.
   a. If the student responds within 7 calendar days and the faculty member or administrator determines that an act of academic dishonesty was not committed, a decision will immediately be rendered in favor of the student.

   b. If the student does not respond within 7 calendar days or the faculty member or administrator continues to believe that an act of academic dishonesty was committed, the faculty member or administrator will notify the applicable unit director or designee of the charge within 14 calendar days and provide supporting documentation.

C. Handling of the Charge by the Unit Director or Designee
   1. Once the faculty member or administrator informs the unit director or designee of the charge, the unit director or designee will consult UMUC’s central records maintained in the Office of the Provost and Chief Academic Officer (or “Provost”) to determine whether there is a previous record of academic dishonesty.

   2. Within 10 calendar days of the notification, the unit director or designee will inform the student, in writing, of the charge and the unit director’s proposed sanction. Potential sanctions are listed in Section VII of this Policy.

   3. In the unit director’s letter, the student shall be given the opportunity to contact the unit director or designee to request a conference within 20 calendar days of the date of the letter. The purpose of the conference is for the student to present relevant evidence that he/she did not violate the Policy.

   a. If the student requests a conference within this 20 calendar day time period, the unit director or designee and the student will have a conference within 14 calendar days of the student’s request.

   i. During the conference, the student will have the opportunity to present any relevant evidence and answer questions posed by the unit director or designee. Upon request, the student may see the information submitted against him or her relating to the allegation. However, the student will not have the right to see any information that violates the privacy rights of other students. The student...
may be accompanied by a representative, at his or her own expense, who shall not personally participate.

ii. Within 20 calendar days after the conference, the unit director will render a decision and issue a sanction, if appropriate. The unit director or designee will send the written decision to the student and faculty member and administrator within 5 calendar days after the decision is rendered. Copies of this written decision will be kept in the central records file in the Office of the Provost.

b. If the student does not contact the unit director or designee within 20 calendar days, the proposed sanction indicated in Section V.C.2 will be imposed. Copies of the letter sent in Section V.C.2 will be kept in the central records file in the Office of the Provost.

VI. Appeal Process
A. If the student believes that the process and procedures outlined in this Policy were not followed, the student may appeal the unit director’s determination and/or sanction to the Provost within 30 calendar days of the date of the unit director’s written decision. The faculty member, administrator, and the unit director will be notified of the filing of the appeal.
B. Upon receipt of the appeal, the Provost or designee(s) may review documentation and communicate with the student, faculty member, administrator, and unit director to determine whether the process and procedures were followed. The Provost may render one of the following decisions:
1. If the Provost finds evidence of violation of the process and procedures of this Policy, the Provost will direct the unit director to review the case anew from the point at which the violation occurred.
2. If the Provost finds no evidence of violation of the process and procedures this Policy, the Provost will uphold the decision and/or sanction of the unit director.
C. The student, faculty member, administrator, and the unit director will be informed in writing of the Provost’s ruling within 40 calendar days of receipt of the student’s appeal. If the Provost upholds the decision and sanction of the unit director, a copy of the letter will be filed in the central records file in the Office of the Provost. This constitutes the final UMUC decision and is not itself appealable.

VII. Disciplinary Action in Cases of Academic Dishonesty
A. Throughout the process and procedures outlined in this Policy, the following is a list of the sanctions that may be imposed:
1. A requirement to complete appropriate remedial work, selected by the unit director, including but not limited to additional undergraduate or graduate writing courses, online tutorials, and other options, before continuing on in a degree or certificate program.
2. A reduction in the grade on the work in question.
3. A zero or a grade of F on the work in question.
4. A grade of F in the course and/or denial of portfolio credit.
5. Suspension for Academic Dishonesty with a letter in the student’s file (on the recommendation of the unit director and with the approval of the Provost).
6. Expulsion for Academic Dishonesty (on the recommendation of the unit director and with the approval of the Provost).
B. Students who receive a sanction that prohibits them from registering at UMUC (Suspension, or Expulsion) may not subsequently transfer to UMUC credits earned elsewhere during the time in which they were prohibited from registering.
C. Students expelled or suspended for reasons of academic dishonesty by any institution in the University System of Maryland shall not be admissible to any other System institution if expelled, or during any period of suspension.

VIII. Disciplinary Files and Records
A. An imposition of the sanctions above will result in the development of a student’s disciplinary file, which shall be nullified if the student is found innocent of the charges. The records of students found guilty of any of the charges against them will be retained as permanent disciplinary records.
B. Disciplinary records may be expunged from the student’s disciplinary file by the Provost or designee for good cause, upon written petition of the student accused, three years from the date of the final written decision or three years following degree completion. Disciplinary records shall not be expunged without unusual and compelling justification. Factors to be considered in review of such petitions shall include:
1. The present demeanor of the person accused.
2. The conduct of the person accused subsequent to the violation.
3. The nature of the violation and the severity of any damage, injury, or harm resulting from it.
C. The Provost will respond, in writing, within 28 calendar days of the receipt of the petition. If the Provost denies the petition, copies of this letter will be kept in the central records file in the Office of the Provost and Chief Academic Officer. Denials of petitions to expunge disciplinary records shall be appealable to the President or designee.
D. The President or designee shall review the original petition and the factors outlined in Section VIII.B.1.- VIII.B.3. The President will respond, in writing, within 28 calendar days of the receipt of the appeal to the petition. If the President denies the appeal, copies of this
letter will be kept in the central records file in the Office of the Provost and Chief Academic Officer.

E. The decision of the President is final and is not appealable.

APPENDIX B

Policies of the Maryland Higher Education Commission on General Education and Transfer from Public Institutions in Maryland

(Code of Maryland Regulations Title 13B, Subtitle 06, Chapter 1-10)

I. Scope and Applicability
This chapter applies only to public institutions of higher education.

II. Definitions
A. In this chapter, the following terms have the meanings indicated.
B. Terms Defined
1. “AA degree” means the Associate of Arts degree.
2. “AAS degree” means the Associate of Applied Sciences degree.
3. “Arts” means courses that examine aesthetics and the development of the aesthetic form and explore the relationship between theory and practice. Courses in this area may include fine arts, performing and studio arts, appreciation of the arts, and history of the arts.
4. “AS degree” means the Associate of Sciences degree.
5. “Biological and physical sciences” means courses that examine living systems and the physical universe. They introduce students to the variety of methods used to collect, interpret, and apply scientific data, and to an understanding of the relationship between scientific theory and application.
6. “English composition courses” means courses that provide students with communication knowledge and skills appropriate to various writing situations, including intellectual inquiry and academic research.
7. “General education” means the foundation of the higher education curriculum providing a coherent intellectual experience for all students.
8. “General education program” means a program that is designed to
a. Introduce undergraduates to the fundamental knowledge, skills, and values that are essential to the study of academic disciplines;
b. Encourage the pursuit of lifelong learning; and
c. Foster the development of educated members of the community and the world.
9. “Humanities” means courses that examine the values and cultural heritage that establish the framework for inquiry into the meaning of life. Courses in the humanities may include the language, history, literature, and philosophy of Western and other cultures.
10. “Mathematics” means courses that provide students with numerical, analytical, statistical, and problem-solving skills.
11. “Native student” means a student whose initial college enrollment was at a given institution of higher education and who has not transferred to another institution of higher education since that initial enrollment.
12. “Parallel program” means the program of study or courses at one institution of higher education that has objectives comparable to those at another higher education institution, for example, a transfer program in psychology in a community college is definable as a program parallel to a baccalaureate psychology program at a four-year institution of higher education.
13. “Receiving institution” means the institution of higher education at which a transfer student currently desires to enroll.
14. “Recommended transfer program” means a planned program of courses, both general education and courses in the major, taken at a community college, that is applicable to a baccalaureate program at a receiving institution and ordinarily the first two years of the baccalaureate degree.
15. “Sending institution” means the institution of higher education of most recent previous enrollment by a transfer student at which transferable academic credit was earned.
16. “Social and behavioral sciences” means courses that examine the psychology of individuals and the ways in which individuals, groups, or segments of society behave, function, and influence one another. The courses include, but are not limited to, subjects that focus on
a. History and cultural diversity;
b. Concepts of groups, work, and political systems;
c. Applications of qualitative and quantitative data to social issues; and
d. Interdependence of individuals, society, and the physical environment.
17. “Transfer student” means a student entering an institution for the first time, having successfully completed a minimum of 12 semester hours at another institution that are applicable for credit at the institution the student is entering.

III. Admission of Transfer Students to Public Institutions
A. Admission to Institutions
1. A student attending a public institution who has completed an AA, AAS, or AS degree, or who has completed 56 or more semester hours of credit, shall not be denied direct transfer to another public institution if the student attained a cumulative grade-point average of at least 2.0 on a 4.0 scale or
its equivalent in parallel courses, except as provided in subsection A.4 below.

2. A student attending a public institution who has not completed an AA, AAS, or AS degree, or who has completed fewer than 56 semester hours of credit, shall be eligible to transfer to a public institution regardless of the number of credits earned if the student
   a. Satisfied the admission criteria of that receiving public institution as a high school senior; and
   b. Attained at least a cumulative grade-point average of 2.0 on a 4.0 scale or its equivalent in parallel courses.

3. A student attending a public institution who did not satisfy the admission criteria of a receiving public institution as a high school senior, but who has earned sufficient credits at a public institution to be classified by the receiving public institution as a sophomore, shall meet the stated admission criteria developed and published by the receiving public institution for transfer.

4. If the number of students seeking admission exceeds the number that can be accommodated at a receiving public institution, admission decisions shall be
   a. Based on criteria developed and published by the receiving public institution; and
   b. Made to provide fair and equal treatment for native and transfer students.

B. Admission to Programs

1. A receiving public institution may require higher performance standards for admission to some programs if the standards and criteria for admission to the program
   a. Are developed and published by the receiving public institution; and
   b. Maintain fair and equal treatment for native and transfer students.

2. If the number of students seeking admission exceeds the number that can be accommodated in a particular professional or specialized program, admission decisions shall be
   a. Based on criteria developed and published by the receiving public institution; and
   b. Made to provide fair and equal treatment for native and transfer students.

3. Courses taken at a public institution as part of a recommended transfer program leading toward a baccalaureate degree shall be applicable to related programs at a receiving public institution granting the baccalaureate degree.

C. Receiving Institution Program Responsibility

1. The faculty of a receiving public institution shall be responsible for development and determination of the program requirements in major fields of study for a baccalaureate degree, including courses in the major field of study taken in the lower division.

2. A receiving public institution may set program requirements in major fields of study that simultaneously fulfill general education requirements.

3. A receiving public institution, in developing lower-division coursework, shall exchange information with other public institutions to facilitate the transfer of credits into its programs.

IV. General Education Requirements for Public Institutions

A. While public institutions have the autonomy to design their general education program to meet their unique needs and mission, that program shall conform to the definitions and common standards in this chapter. A public institution shall satisfy the general education requirement by

1. Requiring each program leading to the AA or AS degree to include no fewer than 30 and no more than 36 semester hours, and each baccalaureate degree program to include no fewer than 40 and no more than 46 semester hours of required core courses, with the core requiring, at a minimum, coursework in each of the following five areas:
   a. Arts and humanities,
   b. Social and behavioral sciences,
   c. Biological and physical sciences,
   d. Mathematics, and
   e. English composition

2. Conforming with COMAR 13B.02.02.16D (2) (b)-(c).

B. Each core course used to satisfy the distribution requirements of Section A.1 of this regulation shall carry at least 3 semester hours.

C. General education programs of public institutions shall require at least

1. One course in each of two disciplines in arts and humanities;
2. One course in each of two disciplines in social and behavioral sciences;
3. Two science courses, at least one of which shall be a laboratory course;
4. One course in mathematics at or above the level of college algebra; and
5. One course in English composition.

D. Interdisciplinary and Emerging Issues

1. In addition to the five required areas in Section A of this regulation, a public institution may include up to 8 semester hours in a sixth category that addresses emerging issues that institutions have identified as essential to a full program of general education for their students. These courses may
   a. Be integrated into other general education courses or be presented as separate courses; and
   b. Include courses that:
      i. Provide an interdisciplinary examination of issues across the five areas; or
      ii. Address other categories of knowledge, skills,
APPENDICES

and values that lie outside of the five areas.

2. Public institutions may not include the courses in this section in a general education program unless they provide academic content and rigor equivalent to the areas in Section A.1 of this regulation.

E. General education programs leading to the AAS degree shall include at least 20 semester hours from the same course list designated by the sending institution for the AA and AS degrees. The AAS degree shall include at least one 3-semester-hour course from each of the five areas listed in Section A.1 of this regulation.

F. A course in a discipline listed in more than one of the areas of general education may be applied only to one area of general education.

G. A public institution may allow a speech communication or foreign language course to be part of the arts and humanities category.

H. Composition and literature courses may be placed in the arts and humanities area if literature is included as part of the content of the course.

I. Public institutions may not include physical education skills courses as part of the general education requirements.

J. General education courses shall reflect current scholarship in the discipline and provide reference to theoretical frameworks and methods of inquiry appropriate to academic disciplines.

K. Courses that are theoretical may include applications, but all applications courses shall include theoretical components if they are to be included as meeting general education requirements.

L. Public institutions may incorporate knowledge and skills involving the use of quantitative data, effective writing, information retrieval, and information literacy when possible in the general education program.

M. Notwithstanding Section A.1 of this regulation, a public four-year institution may require 48 semester hours of required core courses if courses upon which the institution’s curriculum is based carry 4 semester hours.

N. Public institutions shall develop systems to ensure that courses approved for inclusion on the list of general education courses are designed and assessed to comply with the requirements of this chapter.

V. Transfer of General Education Credit

A. A student transferring to one public institution from another public institution shall receive general education credit for work completed at the student’s sending institution as provided by this chapter.

B. A completed general education program shall transfer without further review or approval by the receiving institution and without the need for a course-by-course match.

C. Courses that are defined as general education by one institution shall transfer as general education even if the receiving institution does not have that specific course or has not designated that course as general education.

D. The receiving institution shall give lower-division general education credits to a transferring student who has taken any part of the lower-division general education credits described in regulation IV of this chapter at a public institution for any general education courses successfully completed at the sending institution.

E. Except as provided in regulation IV.M of this chapter, a receiving institution may not require a transfer student who has completed the requisite number of general education credits at any public college or university to take, as a condition of graduation, more than 10-16 additional semester hours of general education and specific courses required of all students at the receiving institution, with the total number not to exceed 46 semester hours. This provision does not relieve students of the obligation to complete specific academic program requirements or course prerequisites required by a receiving institution.

F. A sending institution shall designate on or with the student transcript those courses that have met its general education requirements, as well as indicate whether the student has completed the general education program.

G. AAS Degrees

1. While there may be variance in the numbers of hours of general education required for AA, AS, and AAS degrees at a given institution, the courses identified as meeting general education requirements for all degrees shall come from the same general education course list and exclude technical or career courses.

2. An AAS student who transfers into a receiving institution with fewer than the total number of general education credits designated by the receiving institution shall complete the difference in credits according to the distribution as designated by the receiving institution. Except as provided in regulation IV.M of this chapter, the total general education credits for baccalaureate-degree-granting public receiving institutions may not exceed 46 semester hours.

H. Student Responsibilities

A student is held

1. Accountable for the loss of credits that
   a. Result from changes in the student’s selection of the major program of study,
   b. Were earned for remedial coursework, or
   c. Exceed the total course credits accepted in transfer as allowed by this chapter.

2. Responsible for meeting all requirements of the academic program of the receiving institution.

VI. Transfer of Nongeneral Education Program Credit

A. Transfer to Another Public Institution

1. Credit earned at any public institution in the state is transferable to any other public institution if the
   a. Credit is from a college- or university-parallel course or program,
   b. Grades in the block of courses transferred
average 2.0 or higher, and

c. Acceptance of the credit is consistent with the policies of the receiving institution governing native students following the same program.

2. If a native student’s “D” grade in a specific course is acceptable in a program, then a “D” earned by a transfer student in the same course at a sending institution is also acceptable in the program. Conversely, if a native student is required to earn a grade of “C” or better in a required course, the transfer student shall also be required to earn a grade of “C” or better to meet the same requirement.

B. Credit earned in or transferred from a community college is limited to

1. One-half the baccalaureate degree program requirement but no more than 70 semester hours, and
2. The first two years of the undergraduate education experience.

C. Nontraditional Credit

1. The assignment of credit for AP, CLEP, or other nationally recognized standardized examination scores presented by transfer students is determined according to the same standards that apply to native students in the receiving institution, and the assignment shall be consistent with the state minimum requirements.

2. Transfer of credit from the following areas shall be consistent with COMAR 13B.02.02. and shall be evaluated by the receiving institution on a course-by-course basis:
   a. Technical courses from career programs,
   b. Course credit awarded through articulation agreements with other segments or agencies,
   c. Credit awarded for clinical practice or workplace learning experiences, and
   d. Credit awarded for life and work experiences.

3. The basis for the awarding of the credit shall be indicated on the student’s transcript by the receiving institution.

4. The receiving institution shall inform transfer students of the procedures for validation of coursework for which there is no clear equivalency. Examples of validation procedures include ACE recommendations, portfolio assessment, credit through challenge examinations, and satisfactory completion of the next course in sequence in the academic area.

5. The receiving baccalaureate-degree-granting institution shall use validation procedures when a transferring student successfully completes a course at the lower-division level that the receiving institution offers at the upper-division level. The validated credits earned for the course shall be substituted for the upper-division course.

D. Program Articulation

1. Recommended transfer programs shall be developed through consultation between the sending and receiving institutions. A recommended transfer program represents an agreement between the two institutions that allows students aspiring to the baccalaureate degree to plan their programs. These programs constitute freshman/sophomore-level coursework to be taken at the community college in fulfillment of the receiving institution’s lower-division coursework requirement.

2. Recommended transfer programs in effect at the time that this regulation takes effect, which conform to this chapter, may be retained.

VII. Academic Success and General Well-Being of Transfer Students

A. Sending Institutions

1. Community colleges shall encourage their students to complete the associate’s degree or to complete 56 hours in a recommended transfer program that includes both general education courses and courses applicable toward the program at the receiving institution.

2. Community college students are encouraged to choose as early as possible the institution and program into which they expect to transfer.

3. The sending institution shall
   a. Provide to community college students information about the specific transferability of courses at four-year colleges;
   b. Transmit information about transfer students who are capable of honors work or independent study to the receiving institution; and
   c. Promptly supply the receiving institution with all the required documents if the student has met all financial and other obligations of the sending institution for transfer.

B. Receiving Institutions

1. Admission requirements and curriculum prerequisites shall be stated explicitly in institutional publications.

2. A receiving institution shall admit transfer students from newly established public colleges that are functioning with the approval of the Maryland Higher Education Commission on the same basis as applicants from approved colleges.

3. A receiving institution shall evaluate the transcript of a degree-seeking transfer student as expeditiously as possible, and notify the student of the results no later than midsemester of the student’s first semester of enrollment at the receiving institution, if all official transcripts have been received at least 15 working days before midsemester. The receiving institution shall inform a student of the courses that are acceptable for transfer credit and the courses that are applicable to the student’s intended program of study.

4. A receiving institution shall give a transfer student the option of satisfying institutional graduation
requirements that were in effect at the receiving institution at the time the student enrolled as a freshman at the sending institution. In the case of major requirements, a transfer student may satisfy the major requirements in effect at the time when the student was identifiable as pursuing the recommended transfer program at the sending institution. These conditions are applicable to a student who has been continuously enrolled at the sending institution.

VIII. Programmatic Currency
   A. A receiving institution shall provide to the community college current and accurate information on recommended transfer programs and the transferability status of courses. Community college students shall have access to this information.
   B. Recommended transfer programs shall be developed with each community college whenever new baccalaureate programs are approved by the degree-granting institution.
   C. When considering curricular changes, institutions shall notify each other of the proposed changes that might affect transfer students. An appropriate mechanism shall be created to ensure that both two-year and four-year public colleges provide input or comments to the institution proposing the change. Sufficient lead time shall be provided to effect the change with minimum disruption. Transfer students are not required to repeat equivalent coursework successfully completed at a community college.

IX. Transfer Mediation Committee
   A. There is a Transfer Mediation Committee, appointed by the Secretary, which is representative of the public four-year colleges and universities and the community colleges.
   B. Sending and receiving institutions that disagree on the transferability of general education courses as defined by this chapter shall submit their disagreements to the Transfer Mediation Committee. The Transfer Mediation Committee shall address general questions regarding existing or past courses only, not individual student cases, and shall also address questions raised by institutions about the acceptability of new general education courses. As appropriate, the committee shall consult with faculty on curricular issues.
   C. The findings of the Transfer Mediation Committee are considered binding on both parties.

X. Appeal Process
   A. Notice of Denial of Transfer Credit by a Receiving Institution
      1. Except as provided in Section A.2 of this regulation, a receiving institution shall inform a transfer student in writing of the denial of transfer credit no later than midsemester of the transfer student's first semester, if all official transcripts have been received at least 15 working days before midsemester.
      2. If transcripts are submitted after 15 working days before midsemester of a student's first semester, the receiving institution shall inform the student of credit denied within 20 working days of receipt of the official transcript.
      3. A receiving institution shall include in the notice of denial of transfer credit
         a. A statement of the student's right to appeal, and
         b. A notification that the appeal process is available in the institution's catalog.
      4. The statement of the student's right to appeal the denial shall include notice of the time limitations in Section B of this regulation.
   B. A student believing that the receiving institution has denied the student transfer credits in violation of this chapter may initiate an appeal by contacting the receiving institution's transfer coordinator or other responsible official of the receiving institution within 20 working days of receiving notice of the denial of credit.
   C. Response by Receiving Institution
      1. A receiving institution shall
         a. Establish expeditious and simplified procedures governing the appeal of a denial of transfer of credit, and
         b. Respond to a student's appeal within 10 working days.
      2. An institution may either grant or deny an appeal. The institution's reasons for denying the appeal shall be consistent with this chapter and conveyed to the student in written form.
      3. Unless a student appeals to the sending institution, the written decision in Section C.2 of this regulation constitutes the receiving institution's final decision and is not subject to appeal.
   D. Appeal to Sending Institution
      1. If a student has been denied transfer credit after an appeal to the receiving institution, the student may request that the sending institution intercede on the student's behalf by contacting the transfer coordinator of the sending institution.
      2. A student shall make an appeal to the sending institution within 10 working days of having received the decision of the receiving institution.
   E. Consultation Between Sending and Receiving Institutions
      1. Representatives of the two institutions shall have 15 working days to resolve the issues involved in an appeal.
      2. As a result of a consultation in this section, the receiving institution may affirm, modify, or reverse its earlier decision.
      3. The receiving institution shall inform a student in writing of the result of the consultation.
      4. The decision arising out of a consultation constitutes the final decision of the receiving institution and is not subject to appeal.

XI. Periodic Review
A. Report by Receiving Institution
   1. A receiving institution shall report annually the progress of students who transfer from two-year and four-year institutions within the state to each community college and to the Secretary of the Maryland Higher Education Commission.
   2. An annual report shall include ongoing reports on the subsequent academic success of enrolled transfer students, including graduation rates, by major subject areas.
   3. A receiving institution shall include in the reports comparable information on the progress of native students.

B. Transfer Coordinator
   A public institution of higher education shall designate a transfer coordinator, who serves as a resource person to transfer students at either the sending or receiving campus. The transfer coordinator is responsible for overseeing the application of the policies and procedures outlined in this chapter and interpreting transfer policies to the individual student and to the institution.

C. The Maryland Higher Education Commission shall establish a permanent Student Transfer Advisory Committee that meets regularly to review transfer issues and recommend policy changes as needed. The Student Transfer Advisory Committee shall address issues of interpretation and implementation of this chapter.

APPENDIX C

Statement on Transferring Undergraduate College-Level Credits to UMUC

A flexible transfer policy makes transition to UMUC seamless. UMUC actively subscribes to the policy of the Maryland Higher Education Commission on the transfer of undergraduates within Maryland (found in Appendix B) and welcomes transfer students. UMUC is also a designated four-year Servicemembers Opportunity College (SOC); the SOC institutions have developed degree networks corresponding to Army, Navy, Coast Guard, and Marine career specialties.

UMUC grants transfer credit for courses graded C or higher if they are applicable to an Associate of Arts (AA), a Bachelor of Arts (BA), a Bachelor of Science (BS), a Bachelor of Science in Nursing (BSN), or a Bachelor of Technical and Professional Studies (BTPS) degree.

Credit earned elsewhere during a period of disciplinary dismissal or suspension may not be applied toward a degree from UMUC.

Students must submit official transcripts from all colleges and universities previously attended in order to receive a degree progress report, which includes transfer credit. (More information on credit evaluation is given in the chapter “Ways of Earning Credit.”)

Maximum Number of Transfer Credits Accepted

UMUC accepts up to 90 semester hours (45 semester hours for the associate’s degree) of transfer credit from all sources combined toward the bachelor’s degree. No more than 70 of the 90 semester hours may be accepted from two-year institutions.

Maximum Number of Credits Allowed for Innovative Learning

UMUC allows up to 60 semester hours of credit (one-half the total credit required for the bachelor’s degree) for innovative learning that is applicable to the student’s curriculum (subject to limitations as follows):

- Up to 30 semester hours of credit for a combination of portfolio assessment, course-challenge examinations, or military occupational specialties, i.e., MOS, NER, etc.
- Up to 60 semester hours of credit for learning evaluated by means of standardized examinations such as the Advanced Placement examinations administered by the College Board, the College-Level Examination Program (CLEP), DSST (formerly DANTES) examinations, or the Excelsior College Testing Program, if (1) there is no duplication of other academic credit and (2) the scores presented meet the standards of UMUC.
- Up to 45 semester hours of workplace learning credit. Students seeking a second bachelor’s degree may receive up to 12 semester hours of cooperative education credit.
- Up to 60 semester hours of credit for study completed in military service schools, based on the recommendations made by the American Council on Education (ACE) in its Guide to the Evaluation of Educational Experiences in the Armed Services.
- Up to 60 semester hours of credit for professional (not technical) courses that have been evaluated by either (1) the ACE National Guide to Educational Credit for Training Programs or (2) the National College Credit Recommendation Service (National CCRS, formerly PONSI).
- Up to 21 semester hours of coherently related vocational and technical credit from regionally accredited or ACE-evaluated institutions.

Minimum Number of Credits Required for Instruction in the Major and for the Degree

UMUC requires students to complete 120 semester hours of credit for the bachelor’s degree. Regardless of the number of transfer credits they present, students must complete a minimum of 30 credits at UMUC. Students must earn at least one half of the credits required for the major, minor, or certificate through graded coursework. Graded coursework does not in-
include credit earned through portfolio assessment, examination, or internship/Workplace Learning program.

**Grade Level Acceptable for Transfer**

UMUC may accept transfer credits from approved two- and four-year colleges and universities for courses graded C or above, if they apply to the student’s curriculum. The grade of C-minus is not acceptable in transfer.

**Statement on Transfer of General Education Requirements**

A student who has satisfactorily completed a course identified as a general education requirement at a Maryland community college will receive credit toward UMUC’s general education requirements, as stated in Code of Maryland Regulations Title 13B, Subtitle 06 Chapters 1–10 (provided on p. 235–41). For other students, courses are evaluated on a case-by-case basis. UMUC has included its evaluation of many Maryland community college courses in its section of the University System of Maryland’s computerized articulation system (ARTSYS). This software is available at all two- and four-year Maryland public institutions and at artnet.usm.edu on the Web. Students should see an advisor for details.

**APPENDIX D**

**Policy on Nondiscrimination**

UMUC is committed to ensuring that all individuals have equal access to programs, facilities, admission, and employment without regard to personal characteristics not related to ability, performance, or qualifications as determined by UMUC and/ or University System of Maryland policy or by federal, state, or local authorities. UMUC does not discriminate against or harass any person because of race, religion, color, creed, gender, marital status, age, national origin, ancestry, political affiliation, mental or physical disability, sexual orientation, or veteran status (including Vietnam Era Veterans).

All inquiries regarding UMUC’s Nondiscrimination Statement or compliance with applicable statutes and regulations should be directed to the Equal Opportunity Officer, UMUC Asia, Unit 5060 Box 0100, APO AP 96328; Phone: DSN 225-3680, Commercial 042-552-2510 ext. 5-3680, International (+81) 42-552-2510 Ext. 5-3680; Fax: DSN 225-9889, Commercial 042-539-1804; E-mail diversity-asia@umuc.edu.

In accordance with this nondiscrimination statement and UMUC’s commitment to equal access, UMUC has revised Policy 40.3 (Policy and Procedures on Affirmative Action, Equal Opportunity, and Sexual Harassment). Students may access the revised policy and procedures online at www.umuc.edu/policies/adminpolicies/admin04030.cfm or may contact the Office of Diversity Initiatives to have a copy mailed to them.

**APPENDIX E**

**Policy on Religious Observances**

(UMUC Policy 51.00)

I. UMUC conforms to the Board of Regents Policy III-5.10 Concerning the Scheduling of Academic Assignments on Dates of Religious Observance, approved on January 11, 1990.

II. So that the academic programs and services of UMUC shall be available to all qualified students who have been admitted to its programs, regardless of their religious beliefs, students shall not be penalized because of observances of their religious holidays. Students who miss a course session because of an observance of their religious beliefs must be allowed

A. To make up any examinations, other written tests, or coursework;

B. To have access to any handouts or other material distributed in class; and

C. To have the opportunity to obtain or review any duplicated lecture notes or slides presented in class.

III. UMUC prohibits scheduling examinations on the following religious holidays: Rosh Hashanah, Yom Kippur, and Good Friday.

**APPENDIX F**

**Financial Aid—Satisfactory Academic Progress Standard for Undergraduate Students**

(UMUC Policy 220.30)

I. Introduction

A. These guidelines have been developed in accordance with federal financial aid statutes and regulations governing student eligibility. Students who receive financial aid must demonstrate financial need and make satisfactory academic progress as determined by University of Maryland University College pursuant to federal law.

B. Financial aid recipients are required to be in good standing and to maintain satisfactory academic progress toward their degree requirements for each semester in which they are enrolled. In addition to meeting the academic standards outlined in UMUC Policy 158.00 Academic Level of Progress, financial aid recipients are required to meet the satisfactory academic progress standards outlined in this policy. Satisfactory academic progress for financial aid recipients, as described below,
is evaluated annually, at the conclusion of the spring semester. For students enrolled in eligible programs of one academic year or less, satisfactory academic progress is evaluated at the conclusion of the fall and spring semesters. Failure to maintain satisfactory academic progress, as described below, may result in cancellation of financial aid awards, and the student may have to repay any funds already received.

II. Minimum Standards for Undergraduate Students

A. UMUC’s institutional requirements for minimum satisfactory academic progress requirements for financial aid recipients are defined as follows:

1. Minimum cumulative grade point average (GPA). The student must maintain a minimum cumulative GPA of 2.0.
2. Minimum completion rate. The student must maintain a minimum cumulative completion rate of two-thirds of credits attempted (67 percent).
3. Maximum time frame to complete the program or degree. The student must complete his or her educational program within a time frame no longer than 150 percent of the published length of the educational program, as measured by credits attempted and including transfer credits (for example, the student must complete his or her program after attempting a maximum of 180 credits for a 120-credit program). Students who have graduated from one program at UMUC and then enroll in a second eligible program should contact the Financial Aid Office to determine their SAP status under their new program of study.

B. Federal regulations require that UMUC track the academic progress of financial aid recipients from the first date of enrollment at UMUC, whether or not financial aid was received.

C. Students who do not earn their degree within the maximum time frame to completion, outlined above, will be placed in Financial Aid Denied status. No financial aid will be disbursed for the student during subsequent semesters of enrollment unless the student has made an appeal of the Financial Aid Denied status and the appeal (described in section VI) is granted.

III. Treatment of W, I, AU, F, S, P, G Grades; No Grade Reported; Repeated Coursework and Transfer Credits:

A. Course withdrawals (W) after the drop/add period are not included in the GPA calculation, but are considered a noncompletion of attempted coursework.

B. Incomplete (I) grades are not included in the GPA calculation and are considered a non-completion of attempted coursework until the grade is replaced with a permanent grade and academic progress can be re-evaluated.

C. Audit (AU) grades are not considered attempted coursework and are not included in completion rate determinations.

D. Satisfactory grades (S) and passing grades (P) are treated as attempted credits, which are earned but not included in calculation of the GPA.

E. Failure (F) and Failure due to Nonattendance (FN) grades will be treated as attempted credits that were not earned, and so will be included both in the calculation of the GPA and minimum completion rate. This is true for both F grades (failure, academic) and FN grades (failure due to nonattendance).

F. If a Grade Pending (G) or no grade is assigned, for any reason, it will not be included in the GPA calculation and will be considered a noncompletion of attempted coursework until a grade is assigned and academic progress can be re-evaluated.

G. Each repeated course attempt will be included in the completion rate and maximum timeframe determinations.

H. Transfer credits will be counted as attempted and completed credits for the calculation of completion rate and maximum timeframe but will not affect the student’s GPA calculation.

IV. Financial Aid Denied Status:

A. Undergraduate students who fail to maintain the minimum completion rate of 67 percent and/or fail to maintain a minimum cumulative GPA of 2.0 will be placed in Financial Aid Denied status for the following semester of enrollment. No financial aid will be disbursed for the student during subsequent semesters until the student is removed from Financial Aid Denied status. (Reinstatement is discussed in section V of this policy.)

B. Undergraduate students who do not earn their degree within the maximum time frame to completion will also be placed in Financial Aid Denied status. No aid will be disbursed during subsequent semesters of enrollment unless the student has made an appeal and the appeal is granted for that semester (section V of this policy describes appeal procedures). There are no exceptions to this requirement.

C. Students placed in Financial Aid Denied status will be notified via e-mail.

V. Reinstatement of Aid after Financial Aid Denied Status:

A. Reinstatement of financial aid after a student is placed in Financial Aid Denied status is achieved in one of the following ways:

1. The student submits a written letter of appeal in accordance with the appeal process, and the Financial Aid Appeals Committee grants the appeal. The student is placed on Financial Aid Probation for the next semester of enrollment. Financial aid probation means that the student who failed to make satisfactory academic progress and who has appealed has had eligibility for aid reinstated. At the end of that probationary semester, his or her satisfactory academic progress will be re-evaluated. The student must meet all satisfactory academic...
progress requirements at the end of that semester or he or she will return to Financial Aid Denied status and must re-establish eligibility as described in item 2 (below).

2. The student attends UMUC, pays for tuition and fees without the help of student financial aid, and does well enough in the coursework to satisfy all the satisfactory academic progress standards. The student regains aid eligibility. Students who are in Financial Aid Denied status for failure to graduate within the maximum timeframe to completion cannot regain eligibility this way.

3. Students who are beyond the maximum timeframe to completion cannot regain financial aid eligibility except on a semester-by-semester basis through the appeal process.

B. Appeal Process

1. The student must submit a written appeal of Financial Aid Denied status before the deadline to the Financial Aid Office. The appeal must include documentation of the circumstance that led to their not meeting satisfactory academic progress standards, as well as a description as to how they will be able to meet satisfactory academic progress at the end of the next enrollment period. Circumstances which may be considered include death of a family member, unexpected injury or illness of the student, or other circumstances as supported with documentation.

2. The Financial Aid Appeals Committee will review the appeal and notify the student in writing of its decision after the Appeals Committee meets and makes its determination. Appeals will not be granted unless the student’s proposed enrollment in the upcoming semester would be adequate to re-establish his or her progress under these standards.

3. All decisions of the Financial Aid Appeals Committee are final.

4. Deadlines are as follows:
   - Fall: November 1
   - Spring: April 1
   - Summer: July 1

VI. Effective Date

This policy is effective July 1, 2011, and will be first calculated for students on probation under the prior policy at the conclusion of the fall 2011 semester. Note: Students who fail to enroll after an appeal has been granted may be suspended again and may be required to submit a new appeal before they will be eligible to receive financial aid.

---

APPENDIX G

Policy on Disclosure of Student Records

(UMUC Policy 210.14)

I. Introduction

UMUC complies with the Family Educational Rights and Privacy Act (“FERPA”) of 1974 (also known as “the Buckley Amendment”) which protects the privacy of students. In accordance with FERPA, this Policy informs students of their rights to:

A. Inspect and review their education records;
B. Seek an amendment of their education records, where appropriate;
C. Limit disclosure to others of personally identifiable information from education records without the student’s prior written consent; and
D. File formal complaints alleging a violation of FERPA with the Department of Education.

II. Definitions

A. “Student” is an individual who is attending or who has attended UMUC. A “student” does not include any applicant for admission to UMUC who does not matriculate, even if he or she previously attended UMUC.

B. “Education records” are records that contain information directly related to a student that are maintained by UMUC or by a third party on behalf of UMUC. The following records are not education records:

1. Campus police or security (“law-enforcement unit”) records maintained solely for law enforcement purposes and maintained by that law enforcement unit.
2. Employment records, except where a currently enrolled student is employed as a result of his or her status as a student.
3. Records of a physician, psychologist, or other recognized professional or paraprofessional if made or used only for treatment purposes and available only to persons providing treatment.
4. Records that contain only information relating to a person’s activities after that person is no longer a student at UMUC.

III. Inspection and Review of Education Records by Students

A. Right of Access

1. Each student has a right of access to his or her education records, except financial records of the student’s parents and confidential letters of recommendation received prior to January 1, 1975.

2. A student may, by a signed writing, waive his or her right of access to confidential recommendations in three areas: admission to any educational institution, job placement, and receipt of honors and awards. UMUC will not require such waivers as a condition for admission or receipt of any service
or benefit normally provided to students. If the student chooses to waive his or her right of access, he or she will be notified, upon written request, of the names of all persons making confidential recommendations. Such recommendations will be used only for the purpose for which they were specifically intended. A waiver may be revoked in writing at any time; and the revocation will apply to all subsequent recommendations, but not to recommendations received while the waiver was in effect.

B. Custodians of Education Records
The custodian of education records is:
1. For UMUC Adelphi: the registrar located in Adelphi, Maryland.
2. For UMUC Asia: the registrar located in Tokyo, Japan.
3. For UMUC Europe: the registrar located in Heidelberg, Germany.
4. For the former campus at Mannheim: the registrar located in Heidelberg, Germany.
5. For the former campus at Schwäbisch Gmünd: the registrar located in Adelphi, Maryland.

C. Procedure to Request Review and/or Inspection of Education Records
Requests for review and/or inspection of education records should be made in writing to the appropriate custodian of records, as defined above. The custodian of records or designee will comply with a request for access within a reasonable time by arranging for the student to review his or her records in the presence of a staff member. If facilities permit, a student may obtain copies of his or her records by paying reproduction costs. The fee for copies is 50 cents per page. UMUC will not provide copies of any transcripts in the student’s records other than the student’s current UMUC transcript. Official transcripts (with the seal of UMUC) will be provided for a separate fee.

IV. Amendment of Education Records
Students may request an amendment of their education records in accordance with this procedure:

A. Request to Amend Education Records
1. A student who believes that his or her education record is inaccurate, misleading, or in violation of the student’s rights of privacy may ask the custodian of the education records to amend the record. The custodian of the education records or designee will decide whether to amend the record within a reasonable time after the request. If the custodian of the education records or designee decides not to amend the record, he or she will inform the student of the right to a hearing.

B. Hearings
1. A student may submit a written request for a hearing to challenge the content of his or her education records to the university registrar. The written request must state what records the student believes are inaccurate, misleading, or in violation of the privacy rights of the student.
2. A hearing will be conducted by the university registrar or designee. The hearing may take place via telephone or video conferencing. The student will be given an opportunity to present evidence relevant to the issues raised and may be assisted or represented by individuals of his or her choice at his or her own expense, including an attorney.
3. Within a reasonable period of time after the conclusion of a hearing, the university registrar will notify the student in writing of his decision. The written decision will include a summary of the evidence and the reasons for the decision.
   a. If the university registrar determines that the education record is inaccurate, misleading, or in violation of the privacy of the student, the education records will be amended. The university registrar will inform the student of the amendment in writing.
   b. If, as a result of the hearing, the university registrar decides that the education record is not inaccurate, misleading, or otherwise in violation of the privacy rights of the student, he or she will inform the student of the right to place a statement in the record commenting on the contested information in the record or stating why he or she disagrees with the decision of the agency or institution, or both. Any such explanation will be kept as part of the student’s record as long as the contested portion of the record is kept and will be disclosed whenever the contested portion of the record is disclosed.

V. Disclosures
UMUC will not disclose education records or the personally identifiable information contained therein unless permitted by FERPA and under the following circumstances:

A. Prior Written Consent - The Custodian of the Records will provide the education records or personally identifiable information contained therein if the student provides prior written consent that the information may be disclosed. The consent must:
   1. Specify the records that may be disclosed;
   2. State the purpose for the disclosure;
   3. Identify to whom the disclosure is to be made; and
   4. Be signed and dated by the student.
At the student’s request and expense, a copy of the records disclosed will be provided to the student.

B. Directory Information
1. UMUC designates the following categories of information as directory information:
   a. Name;
   b. Major field of study;
   c. Dates of attendance;
   d. Degrees and awards received;
   e. Previous educational institution most recently
APPENDICES

C. Additional Disclosures without Prior Consent - Prior consent is not required for disclosure of education records or the personally identifiable information contained therein in the following circumstances:

1. The disclosure is to other school officials generally within the University System of Maryland or UMUC who have legitimate educational interests.
   a. “School officials” include
      i. Internal and external instructional or administrative personnel who are or may be in a position to use the information in furtherance of a legitimate educational objective, such as to provide student services or to pursue a debt owed to UMUC. This includes, but is not limited to, faculty, staff members, and security personnel.
   ii. A contractor, consultant, volunteer, or other party to whom UMUC has outsourced institutional services or functions instead of employees while under the direct control of UMUC. The contractor, consultant, volunteer, or other party will not redisclose personally identifiable information and will destroy the information when it is no longer needed for those purposes.
   b. “Legitimate educational interests” include interests directly related to the academic environment.

2. The disclosure is to officials of other schools in which a student seeks to enroll or is enrolled for purposes related to the student’s enrollment or transfer. Upon his or her request and at his or her expense, the student is provided with a copy of the records that have been transferred.

3. The disclosure is to authorized representatives of the comptroller general of the United States, the Secretary of the U.S. Department of Education, and state or local educational authorities.

4. The disclosure is to authorized persons and organizations in connection with a student’s application for, or receipt of, financial aid—but only to the extent necessary for such purposes as determining eligibility, amount, conditions, and enforcement of terms and conditions.

5. The disclosure is to state and local officials to whom, according to effective state law adopted prior to November 19, 1974, such information is specifically required to be reported.

6. The disclosure is to organizations conducting educational studies for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, pursuant to a written agreement. The studies shall be conducted so as not to permit personal identification of students or parents to individuals other than the representatives of the organization conducting the study who have legitimate interests in the information and so that the information is destroyed or returned to UMUC when it is no longer needed for those purposes.

7. The disclosure is to accrediting organizations for purposes necessary to carry out their functions.

8. The disclosure is to the parent of a student who is dependent for income tax purposes. (Note: UMUC may require documentation of dependent status, such as copies of income tax forms.)

9. The disclosure is to comply with a judicial order or lawfully issued subpoena. Unless expressly prohibited by the subpoena, UMUC will make a reasonable effort to notify the student or parent of the order or subpoena in advance of compliance in order to give them time to seek protective action, unless
   a. The subpoena is issued by a federal grand jury and the court ordered that the existence or contents of the subpoena or the information furnished in response to the subpoena not be disclosed, or
   b. The subpoena is issued for a law enforcement purpose and the court or other issuing agency has ordered that the existence or contents of the subpoena or the information furnished in response to the subpoena not be disclosed.

10. The disclosure is to comply with an ex parte order obtained by the U.S. attorney general (or designee not lower than an assistant attorney general) concerning investigations or prosecutions of an offense listed in 18 U.S.C. 2332b(g)(5)(B) or an act of domestic or international terrorism as defined in 18 U.S.C. 2331.

11. The disclosure is in connection with a health or safety emergency.

12. The disclosure is to an alleged victim of any crime of violence or nonforcible sex offense of the results of any disciplinary proceeding conducted by UMUC against the alleged perpetrator of that crime with respect to that crime or offense.

13. The disclosure is to an alleged victim of any crime of violence of the results of any disciplinary proceeding conducted by UMUC against the alleged perpetrator of that crime with respect to that crime.

14. The disclosure concerns sex offenders and other individuals required to register under 42 U.S.C. 14071 and the information was provided to UMUC under that federal law or applicable federal
D. Record ofDisclosures
1. UMUC maintains with the student’s education records a record of each request and each disclosure, except for:
   a. Disclosures to the student himself or herself.
   b. Disclosures made pursuant to the written consent of the student (the written consent itself suffices as a record).
   c. Disclosures to USM instructional or administrative officials.
   d. Disclosures of directory information. This record of disclosures may be inspected by the student, the official custodian of the records, and other officials of UMUC and governmental officials.
2. When information from an education record is disclosed pursuant to a health or safety emergency, UMUC will maintain a record with the following additional information:
   a. The articulable and significant threat to the health or safety of a student or other individuals that formed the basis for this disclosure, and
   b. The parties to whom UMUC disclosed the information.

VI. Right to File Complaint
A student alleging that UMUC has not complied with the Family Educational Rights and Privacy Act (FERPA) may file a student grievance in accordance with UMUC’s Student Grievance Procedures (Policy 130.70) or submit a written complaint to:

   Family Policy Compliance Office
   U.S. Department of Education
   400 Maryland Avenue, SW
   Washington, DC 20202-4605

APPENDIX H
Policy on Shared Governance
I. Introduction
A. University of Maryland University College (UMUC) is one of 11 degree-granting institutions within the University of System Maryland (USM). Governance is vested in the Board of Regents and by the Board delegated to the chancellor of the USM and to the presidents of the constituent institutions of the USM.

B. The president of UMUC is the senior officer of the University and is responsible for the overall implementation and continued management of UMUC’s mission and vision. The provost and chief academic officer (or “provost”) is UMUC’s senior academic officer, and the senior vice president for policy and administration (or “senior vice president”) is UMUC’s senior administrative officer. The Executive Committee and the Cabinet serve as the senior advisory councils to the president.
C. The provost heads the governance structure for all academic affairs at UMUC. Academic affairs include, but are not limited to, the following: academic policies and procedures, research and training, faculty and student services, and academic programs and courses. The major contributors to the academic governance system are the Academic Affairs Council, the Undergraduate Programs Advisory Council, the Graduate Council, responsible vice provosts, and the provost.
D. The senior vice president heads the governance structure for all administrative matters at UMUC. These matters include, but are not limited to, the following: legal counsel, human resources management, financial management, government and external outreach, institutional advancement, communications and marketing, planning and accountability, information technology, and facilities management. The major contributors to the administrative governance system are the Administrative Council, the responsible vice presidents, and the senior vice president.
E. To facilitate the decision-making process in UMUC, individual units are encouraged to have standing or ad hoc committees, task forces, or working groups to provide the unit leader the best possible information for sound decision making.

II. Shared Governance
In accordance with University System of Maryland Policy I-6.00 Policy on Shared Governance in the University System of Maryland, approved on August 25, 2000, by the Board of Regents, UMUC has developed a shared governance structure that allows stakeholders to provide input to, and be informed about, significant institutional decisions. Each shared governance body within this structure acts in advisory capacity to the president and other University officers.

III. Stakeholders
UMUC’s internal stakeholder groups are students, faculty, and staff.
   A. Students: UMUC admits full-time and part-time students “on the ground” and online, through UMUC stateside, UMUC Europe, and UMUC Asia.
   B. Faculty: UMUC has four types of faculty worldwide, as defined in UMUC Policy 181.00—Faculty Appointment, Rank, and Promotion.
   C. Staff: UMUC employs full-time and part-time staff at its main locations in Maryland (Adelphi, Shady Grove, Waldorf, and Annapolis) as well as in UMUC Asia and UMUC Europe.

IV. Shared Governance Structure
Because of its unique structure and geographically dispersed stakeholder population, UMUC provides separate governance bodies for each stakeholder group as well as an institutionwide
shared governance body. Each of the three stakeholder groups has an advisory council. The Advisory Councils consist of a minimum of 12 representatives, all duly elected by the stakeholders themselves. Each Advisory Council may also have one or more *ex officio* members selected from the University’s senior leadership. The charter and constitution of each group outline the representation, mission, and purpose of the council. It is the responsibility of each council to comply with its charter and constitution. With the approval of the president, councils may modify their charters and constitutions as needed. Four representatives are chosen from each stakeholder advisory council to sit on the University Advisory Council, the institution-wide governance body.

The Advisory Councils are

A. Student Advisory Council: The Student Advisory Council serves as an information network for its constituents. The Student Advisory Council will meet periodically with the University’s senior academic officers to address issues of concern to UMUC students.

B. Faculty Advisory Council: This council is structured to ensure representation of all faculty in a common, University-wide advisory body. The Faculty Advisory Council advises the provost, vice provosts, and any others designated by the provost on faculty issues and UMUC’s research agenda.

C. Global Staff Advisory Council: The Global Staff Advisory Council serves as a worldwide communication link between the staff and the president on matters of concern to UMUC staff. The council will meet periodically with the vice president for human resources to advise on issues of concern to UMUC employees.

D. University Advisory Council: The University Advisory Council consists of four representatives from each of the above stakeholder councils. They meet with the president, the provost, the senior vice president, and other senior administrators as the president shall designate on a regular basis to review the broad direction of the University in the following areas: mission/budget; curriculum/instruction; research; appointment, rank, and promotion of faculty; human resource policies; student issues; and other areas of interest or concern. In addition, the council shall upon request of the President, the provost, or senior vice president, provide appropriate representatives to serve on search committees for the selection of senior University officers and administrators.

V. Processes

To ensure representation by all stakeholder sub-groups, each of the councils will use appropriate telecommunications technology to canvass for nominations to its offices, disseminate information to stakeholders, and conduct other business. The University Advisory Council will hold its meetings with the president, provost, and senior vice president at Adelphi or other location as the president shall designate. Funds will be provided for council members’ travel where necessary.

VI. Accountability

The president will submit an annual report to the chancellor describing the activities of the various advisory councils during the previous year.

**Student Advisory Council**

The Student Advisory Council consists of twelve (12) student representatives from UMUC locations worldwide and includes both undergraduate and graduate students. Student Advisory Council representatives serve on the overall University Advisory Council. Student Advisory Council members act in an advisory capacity to the University president, provost, deans, and other officials on behalf of all students. To learn more about the Student Advisory Council or contact a representative, students should visit the Web page at [www.umuc.edu/governance](http://www.umuc.edu/governance) or send an e-mail to stac@umuc.edu.

**University Policy Statements**

This publication and its provisions do not constitute, and should not be regarded as, a contract between University of Maryland University College (UMUC) and any party or parties. At the time of publication, reasonable effort was made to ensure the factual accuracy of the information. However, this publication is not a complete statement of all policies, procedures, rules, regulations, academic requirements, and tuition and fees applicable to UMUC, its students, or its programs. In addition, changes or additions may be made to the policies, procedures, rules, regulations, and academic requirements set out in this publication. UMUC reserves the right to make these changes and additions to the information in this publication without prior notice. When a curriculum or graduation requirement is changed, it is not made retroactive unless the change is to the student’s advantage and can be accommodated within the span of years normally required for graduation.

**Nondiscrimination**

UMUC is committed to ensuring that all individuals have equal access to programs, facilities, admission, and employment without regard to personal characteristics not related to ability, performance, or qualifications as determined by UMUC and/or University System of Maryland policy or by federal, state, or local authorities, in accordance with UMUC Policy 40.30 Policy and Procedures on Affirmative Action, Equal Opportunity, and Sexual Harassment (www.umuc.edu/policies/adminpolicies/admin04030.cfm). UMUC does not discriminate against or harass any person because of race, religion, color, creed, gender, marital status, age, national origin, ancestry, political affiliation, mental or physical disability, sexual orientation, or veteran status (including Vietnam-Era veterans). All inquiries regarding UMUC’s Nondiscrimination Statement or compliance with applicable statutes and regulations should be directed to the director of Diversity Initiatives, Office of the President, UMUC, 3501 University Boulevard East, Adelphi, MD 20783-8000 (phone 800-888-UMUC, ext. 1-7940).
# MyUMUC TERMINOLOGY

The following is an explanation of terms you may encounter when using the MyUMUC Student Portal:

<table>
<thead>
<tr>
<th>Expression</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Academic Advisement Report (formerly Degree Audit/Degree Plan)</td>
<td>A review of the academic progress that you have made within your UMUC program.</td>
</tr>
<tr>
<td>Activation</td>
<td>The automated process of verifying a student's record for enrollment eligibility each term based on certain criteria. This process enables a student to register for courses.</td>
</tr>
<tr>
<td>Admission</td>
<td>The process of being admitted to the University, which includes completing an application and paying the tuition and fees required for entrance.</td>
</tr>
<tr>
<td>Apply Online</td>
<td>The act of applying to the University via the Web using the &quot;Apply Online&quot; link located on MyUMUC.</td>
</tr>
<tr>
<td>Campus</td>
<td>The UMUC division where you are located. UMUC has three major campuses—UMUC Stateside, UMUC Europe, and UMUC Asia. Within those campuses there are additional locations where classes are held or staff and Academic Advisors may be reached.</td>
</tr>
<tr>
<td>Career</td>
<td>Graduate or undergraduate level of study.</td>
</tr>
<tr>
<td>Class Number</td>
<td>The unique, five-digit number assigned to each class at UMUC.</td>
</tr>
<tr>
<td>Drop</td>
<td>To withdraw from a course.</td>
</tr>
<tr>
<td>eApp</td>
<td>An abbreviation for electronic application; it is an application that is filled out and submitted online.</td>
</tr>
<tr>
<td>EmplID (or Student ID)</td>
<td>A system-generated identification number for student use. Be sure to record your EmplID in a safe, secure place, as you will need it to access the various services available to you. GoArmyEd Students: Please note that your UMUC EmplID will be different from your GoArmyEd EmplID.</td>
</tr>
<tr>
<td>Enrollment Activity</td>
<td>The process of adding or dropping a class.</td>
</tr>
<tr>
<td>Evaluation (or Academic Advisement Report)</td>
<td>A review of the academic progress that you have made within your UMUC program.</td>
</tr>
<tr>
<td>Intensive Session (or &quot;Mid-Session&quot;)</td>
<td>A shorter class period held between the standard eight-week sessions.</td>
</tr>
<tr>
<td>Interactive Voice Response (IVR)</td>
<td>The type of phone system that interacts with you via voice prompts. IVR “hears” your voice responses and, as a result, you are taken through a series of questions and answers to process your request via the telephone.</td>
</tr>
<tr>
<td>Lower-Level (LL) Courses</td>
<td>Courses that are numbered 100-299.</td>
</tr>
<tr>
<td>Mid-Session (or &quot;Intensive Session&quot;)</td>
<td>A shorter class period held between the standard eight-week sessions.</td>
</tr>
<tr>
<td>Portal</td>
<td>A Web site that integrates online applications, such as e-mail, databases, references to other Web sites, and proprietary applications, under one unique URL, often allowing secure access with one unique login and password.</td>
</tr>
<tr>
<td>Real-Time</td>
<td>This means that transactions are implemented at the moment a user makes them, regardless of time zone. There is no time delay; all information is current up to the moment users access it.</td>
</tr>
<tr>
<td>Register</td>
<td>To enroll in a course.</td>
</tr>
<tr>
<td>Semester</td>
<td>Also known as a term (usually a five-month period divided into two sessions).</td>
</tr>
<tr>
<td>Session</td>
<td>A five-week, eight-week, or ten-week period within a term, during which classes are offered.</td>
</tr>
<tr>
<td>Student ID (or EmplID)</td>
<td>A system-generated identification number used for students. Also known as EmplID. Be sure to record your Student ID in a safe, secure place, as you will need it to access the various services available to you. GoArmyEd Students: Please note that your UMUC EmplID will be different than your GoArmyEd EmplID.</td>
</tr>
<tr>
<td>Subject and Catalog Number</td>
<td>The four-letter abbreviation and three-digit number for UMUC classes. For example, in COMM 300, “COMM” stands for Communications and “300” is the catalog number.</td>
</tr>
<tr>
<td>Term</td>
<td>A full semester, which may be subdivided into sessions. Student Finance and Financial Aid use this time period for instructional accounting.</td>
</tr>
<tr>
<td>Third-Party Payment</td>
<td>A payment made by a third party, such as Tuition Assistance (TA), Army Emergency Relief (AER), and scholarships. (Note: Loans and federal grants are not third-party payments.)</td>
</tr>
<tr>
<td>Units</td>
<td>Credit value the University assigns a course.</td>
</tr>
<tr>
<td>Upper-Level (UL) Courses</td>
<td>Courses that are numbered 300-499.</td>
</tr>
<tr>
<td>UserID</td>
<td>Your user name for logging into MyUMUC. You will need both your UserID and password to log in.</td>
</tr>
</tbody>
</table>
