Welcome to University of Maryland University College and the Asia campus. Our mission—to offer quality academic programs to students whose responsibilities may include work, family, and military service—is always at the heart of our decisions. UMUC is proud to serve our students, and your success is our priority.

Since our founding in 1947, UMUC has been dedicated to the education of military service-members, veterans, and their families. As the first American university to educate U.S. military overseas, serving the military is embedded in the university’s DNA, and we proudly carry on this heritage as one of the top military-trusted and veteran-friendly schools in the country. We are honored to serve the members of military communities throughout the United States, Europe, Asia, Africa, and the Middle East.

Having served in the military, we have seen the challenges servicemembers and their families face and the sacrifices they make. We have also recognized their ambition to improve themselves and their lives. At UMUC, we answer this need by offering career-relevant academics to help you become more valuable in your current role and in the job market. Our programs and courses are designed to give you the best possible academic training, preparation, and credentials for a successful career in your field. You can achieve your dreams and your true potential—one class, one semester, one accomplished moment at a time.

On behalf of the faculty and staff of this great institution, we extend to you our very best wishes as you build your professional value and achieve your educational goals.

Welcome to UMUC

MADE FOR YOU

From its founding in 1947, University of Maryland University College (UMUC) was designed to meet the educational needs of adult students like you—students who must balance study with the demands of work and family life. Today UMUC has grown to be the largest public university in the nation, serving students throughout the state, the country, and the world. Yet its focus on providing open access to high-quality educational programs and services—eliminating the barriers that can keep you from achieving your educational goals—remains unchanged.

CARRYING OUT THE MISSION

Students First

At UMUC, your success as a student is of paramount importance. The university seeks not only to help you fulfill your current educational goals but also to assist in any career advancement that will last throughout your life.

To that end, the university looks first to create an educational partnership that will last throughout your life.

To that end, the university looks first to create an educational partnership that will last throughout your life.

The success of UMUC’s efforts is evident. Over the years, UMUC has garnered awards from such notable organizations as the University Professional and Continuing Education Association, the Online Learning Consortium, and the Maryland Distance Learning Association.

Innovation

UMUC has always looked for new and better ways to serve students. Long before the online revolution, UMUC was delivering courses to students at distant locations, using any and all available technologies—from interactive television to voice mail. Today, you can access both courses and services online, using the university’s learning management system and MyUMUC, its online gateway to services and information. Through its Center for Innovation in Learning and Student Success, UMUC leads the search for next-generation learning models and best practices for online learning.

The Undergraduate School

The mission of The Undergraduate School at UMUC is to provide open access to quality undergraduate educational opportunities to women and men around the world, including residents of the state of Maryland, members of the U.S. Armed Services, and national and international students pursuing a university education on-site and online. The university seeks to produce graduates who are well prepared to be responsible citizens in a global society, as well as effective participants in the complex, fast-changing world of work.

The Undergraduate School is committed to meeting your needs for lifelong learning by providing innovative delivery of high-quality educational programs, ensuring substantive and relevant curricula, and recognizing the value of experiential learning. At the undergraduate level, UMUC offers the Associate Degree Programs, the Bachelor of Arts (available to active-duty military personnel and other special populations, detailed on p. 81), the Bachelor of Science, the Bachelor of Science in Nursing, and the Bachelor of Technical and Professional Studies degrees, as well as five undergraduate certificates.

PREPARING CITIZENS FOR THE FUTURE

UMUC strives to prepare you to be effective professionals and citizens in your personal, professional, and family lives. We value the contributions of both a broad-based education and specific disciplines to the undergraduate experience, so we incorporate cross-curricular context and analytical approaches in all programs to complement practice.

Instruction and curricula at UMUC are based on the belief that certain abilities are the hallmarks of successful learning. UMUC expects you to demonstrate knowledge and skills not only in your chosen major but also in critical analysis, reasoning, and problem solving: diverse cultures and historical periods; the use of technology; key concepts and principles of the natural, social, and behavioral sciences; information technology, effective writing and communication; mathematical and quantitative reasoning; and the application of frameworks for ethical decision making. These are the hallmarks of a UMUC undergraduate education, and they are instilled through a broad foundation in general education and integrated into a strong and focused major area of study. Your mastery of these abilities is planned and assessed throughout your program of study.

General education coursework is not just the lens through which you learn about different academic disciplines and how they see the world; it is also how you experience practical applications of foundational skills and concepts and make connections among different approaches and applications.

UMUC’s requirements for general education create a broad foundation to meet land requirements and are broadly accommodating of your interests and transfer credit. However, The Undergraduate School recommends specific courses to fulfill general education requirements that you have not already completed. These courses are designed to help you acquire a grounding in the arts, humanities, and sciences by studying and applying the principles of these disciplines through concrete cases and examples.

For your core studies, you may choose one of 33 majors from a wide variety of academic fields, including business administration, cybersecurity management and policy, humanities, communication studies, biotechnology, social science, legal studies, environmental management, and international affairs. Academic minors are available in 41 different areas. All the majors and minors have been reviewed and revised in consultation with faculty, employers, professional and educational organizations, and other educational institutions. These academic programs prepare you for the modern workplace and also help those of you who are currently employed to put your current knowledge into a broader context.

Recognizing the importance of lifelong learning, UMUC also offers several undergraduate certificates of value in the workplace for career advancement.

SERVING ADULT STUDENTS

UMUC welcomes and helps all students achieve their educational goals but has a special focus on the needs of working adult students. Eighty-one percent of UMUC undergraduate students work full-time, and more than half of these are working parents. Currently, the median age for undergraduate students is 30 years old.

In recognition of the diverse educational goals and aspirations of its students, the university uses a variety of strategies to make sure you have access to courses and to make completing your degree easier. Knowing that adult students bring experience as well as a willingness to learn, UMUC acknowledges the value of that experience by incorporating the assessment of nontraditional learning into the evaluation of students. Since adult students may have gained college-level learning from multiple sources, UMUC offers a number of innovative credit options that recognize the learning achieved through work and life experience and accelerate progress toward the degree. These options (described on pp. 27-33) include Workplace Learning, Prior Learning, which offers credit for new learning in the workplace, and Prior Learning, which offers credit for college-level learning acquired through previous work or life experience. UMUC also accepts credit from community college coursework and a variety of other sources, including military service and

FACILITIES AND PROGRAMS

UMUC offers degree programs from the associate level to the doctorate. Most undergraduate and graduate programs are available online. These academic programs are administered by the Undergraduate School and The Graduate School.

The university’s administrative headquarters are located in Adelphi, Maryland, and also serve as home to a prestigious art collection and a conference facility, the College Park Marriott Hotel & Conference Center at UMUC. The Academic Center at Largo houses both the Undergraduate School and The Graduate School, as well as all related academic support units. Most classes and services, however, are provided at more than 140 sites worldwide, as well as through cutting-edge technology—online via the university’s website, the learning management system, and MyUMUC.

credit by examination (described on pp. 27-33).

UMUC understands the demands of balancing work, family, and study and responds by offering undergraduate classes at convenient locations and times, including evenings and weekend courses. Courses are also provided in innovative formats, including accelerated sessions, online delivery, and hybrid courses that combine on-site and online delivery. The rapid growth in undergraduate enrollments at UMUC testifies to the convenience, flexibility, and substantive content of its academic offerings in all formats.

EDUCATIONAL RELATIONSHIPS

UMUC is dedicated to collaboration and cooperation with other Maryland educational institutions, both public and private, and actively seeks relationships with those institutions to benefit Maryland citizens. For more than 70 years, UMUC has proudly served the U.S. military through its educational partnerships in Europe and Asia. The university also reaches out through educational collaborations around the world.

In support of the university’s mission to extend access to educational opportunities to Maryland’s working adult students, UMUC has formed alliances with all 16 Maryland community colleges, enabling students to earn an associate degree at an allied community college and finish a bachelor’s degree by completing required coursework at UMUC. These alliances offer a seamless transition between curricula through linked degree programs. Numerous locations in Maryland and the Washington, D.C., area and online courses enable alliance students to complete associate and bachelor’s degrees conveniently close to home. Special UMUC scholarships are also available for graduates of Maryland community colleges.

UMUC is a charter member of MarylandOnline, a consortium of Maryland community colleges and universities formed to encourage collaboration among institutions across Maryland and to extend resources for the development and delivery of online courses.

UMUC also works to develop strong strategic partnerships with local and national leaders in business and industry, government, and nonprofit organizations and is an important partner in the region’s economic development.

UMUC values employers’ viewpoints. Consistent with its mission of bringing convenient and relevant learning opportunities to the workforce, UMUC has developed strong relationships with many prominent employers in the area and around the country, including the American Bankers Association, Booz Allen Hamilton, GEICO, and ManTech International.

UMUC has developed customized programs for employers and organizations across the country. The university has developed articulated programs with other educational institutions nationwide—including community colleges across the United States—and internationally, including Far East Federal University and Irkustk State University in Russia.

UMUC has established alliance agreements with more than 80 community colleges across the United States, including all 16 Maryland community colleges (listed on p. 224), all of which are visited regularly by UMUC representatives. Visit umuc.edu/alliances for more information.

MILITARY PARTNERSHIPS

For over 70 years, UMUC has proudly served the U.S. military through its educational partnership in Asia, Europe, and Stateside. More than a million servicemembers have taken UMUC courses. This long relationship has made UMUC particularly sensitive to the needs of military students and prepared to handle details specific to military life, such as veterans benefits and the transfer of credit earned in military specialty schools. In July 2013, UMUC was awarded a U.S. Department of Defense contract to continue offering programs at its military sites across Europe. In 2015, the U.S. Department of Defense announced that it had extended UMUC’s privilege to serve the members of the U.S. military community in Asia.

By proving that traditional standards of academic excellence can be maintained in nontraditional settings, UMUC has won the respect of the military community and established itself as an integral part of military life. Currently, UMUC provides courses at more than 80 military installations throughout Africa, Asia, Central Asia, Europe, and the Middle East.

KEY ALLIANCES

Through key military alliances, UMUC is committed to helping servicemembers gain the most from their education. UMUC is a strong supporter of Community College of the Air Force programs. The GEM program allows Air Force students to quickly complete major requirements for CCAF degrees. Through the Air AEC program, UMUC enables CCAF degree holders to easily transfer credits toward a bachelor’s degree.

GoArmyEd, an online system developed to help Army students move forward academically, is centered on the GoArmyEd portal. UMUC partners with GoArmyEd to make registration and other student services seamless for Army students.

The Military Spouses Career Advancement Account (MyCAA) is a unique financial aid program for military spouses. UMUC provides advisors to assist students with applying and using MyCAA benefits.

UMUC is a member of the Navy College Program Distance Learning Partnership, a special partnership leading Navy students toward their bachelor’s degree.

AA in General Studies with specialized curriculum
From the Dean

Welcome to The Undergraduate School at University of Maryland University College (UMUC). For more than 70 years, UMUC has been proud to serve our students. Our mission—to offer quality academic programs to students whose responsibilities may include jobs, family, and military service—is always at the heart of our decisions. Your success is our priority. Our programs and courses are designed to give you the best possible academic training, preparation, and credentials for a successful career in your field.

This catalog is your guidebook to academics at UMUC. The catalog describes the current degree programs, courses, and graduation requirements in The Undergraduate School. Here you will find academic requirements and information for each major, as well as important details about financial aid, admission, transfer credit, and many other topics.

I am delighted to welcome you to the UMUC community and wish you the very best in pursuing your educational and career goals. I welcome your e-mail comments at deanundergrad@umuc.edu.

Sincerely,

Kara Van Dam, PhD
Vice Provost and Dean
The Undergraduate School

ELIGIBILITY

UMUC Asia

Members of the U.S. Armed Forces, American employees of the U.S. government, and their family members located in a contract country may enroll in undergraduate courses through University of Maryland University College Asia if they meet admission requirements. U.S. military policy requires a valid identification privilege card issued by the military services. Card validation is required after completing the online application. In Japan, local citizens may take UMUC courses if deemed eligible by the Japanese government. All eligibility questions should be directed to the student services staff at the UMUC Asia Headquarters.

Orientation and Getting Started

Local UMUC representatives and academic advisors stand ready in military communities to provide you with on-site assistance with admissions, registration, financial aid, advising appointments, and more.

Contact information for the UMUC location nearest you is available at www.asia.umuc.edu/location.

Before the beginning of each session, UMUC holds special online and on-site orientations for new and prospective students. At these events, you have the opportunity to learn about UMUC and its programs, student services, academic and career options, and meet faculty members and fellow students. When you participate in these special events, you may have your application fee waived.

ADMISSION REQUIREMENTS

UMUC’s admission requirements were designed to meet the needs of adult, part-time students. If you have a high school diploma or the equivalent, you can be admitted and register for undergraduate classes. (Exceptions may be made for high school seniors who meet certain criteria, information about exceptions follows in this section.) Test scores are not required for admission. However, special admission requirements may apply if you are pursuing certain degree programs. Check the academic program pages in this catalog for more details. Standardized test scores are not required.

Special eligibility requirements apply to admission to the Associate of Arts degree program. See p. 61 for more information.

An applicant’s eligibility for admission may be limited by foreign citizenship or international residency, in accordance with federal law. For such applicants, additional admission procedures may apply. You must be admitted to the university before you can register for classes.

UMUC Policy 210.00 Undergraduate Admission is available at umuc.edu/policies.

Procedures for Admission

To apply for admission, you must complete an undergraduate admission application and pay the nonrefundable fee. If you are a former UMUC student, and have not attended UMUC for at least two years, you must submit a new application before you will be allowed to register. However, you need not pay another application fee.

Applications for admission must be submitted online at umuc.edu/apply.
Admission

Applicants or current students who submit false information on their application may be subject to disciplinary action, as detailed in UMUC Policy 151.00 Code of Student Conduct (available online at umuc.edu/policies).

Verification of Eligibility for Admission

Once you are admitted to UMUC, you will be assigned an admit term (the academic term in which you are officially admitted, e.g., Fall 2018), which will be reflected in MyUMUC, the university’s online gateway to information and services. You have until the end of the term following your admit term to submit documentation to verify your eligibility for admission to UMUC. If you do not submit the documentation by that deadline, you will not be permitted to register for subsequent terms until documentation is received and accepted for admission purposes.

If you have earned fewer than 30 semester hours of transferable college-level credit, you must submit official documentation verifying that you have earned a U.S. high school degree (or its equivalent). You can submit documentation in one of the following ways:

- If you graduated from a state-approved or regionally accredited high school, submit an official transcript from that school.
- If you completed a state high school equivalency exam such as the GED, submit an official score report.
- If you graduated from a homeschool or alternative high school program, submit documentation showing high school completion and compliance with state and local education regulations for the state in which you were homeschooled or attended an alternative high school program.
- If you graduated from a non-U.S. high school, submit documentation of your earned credit, but fewer than 30 credits are transferable, you will need to submit proof of high school completion. Information on the process for having your possible transfer credit evaluated is provided on p. 30.

Student Status

Upon being admitted to UMUC, you are assigned to standard, provisional, or consortium status.

Regular

To be assigned regular student status, you must meet the general admission requirements. If you attended another institution of higher education within the last two years, you must also have a grade point average (GPA) of 2.0 or higher and be in good academic standing at the last institution of higher education you attended. As a regular student, you are limited to enrolling in the number of credits set forth in UMUC Policy 215.00 Student Academic Load and Enrollment Status (available online at umuc.edu/policies). Course load is discussed on p. 14.

Provisional

You will be assigned provisional status if you meet the general admission requirements but are in one of the following categories:

- You had a GPA lower than 2.0 at the last institution that you attended within the last two years
- You were on academic probation for poor academic performance at the last institution that you attended within the last two years
- You were dismissed for poor academic performance from the last institution that you attended within the last two years
- You are currently a high school student who qualifies for concurrent enrollment. (See p. 194 for additional information about qualifying for concurrent enrollment.)

As a provisional student, you may enroll for a maximum of 7 credits per term. If you are a concurrently enrolled high school student, you maintain your provisional status until you submit proof of high school completion. All other provisional students must complete 7 credits of graded coursework with a cumulative GPA of 2.0 or higher before being considered for regular student status. All provisional students must contact an advisor to request regular student status.

Consortium

Colleges and universities serving the military overseas work together as a consortium. If you are seeking a certificate or degree with a consortium institution, you can enroll in a limited number of courses with other consortium institutions without paying an additional application fee. These courses must be (a) needed for you to complete your certificate or degree requirements and (b) unavailable from the institution at which you are seeking to earn your certificate or degree.

Note: UMUC Asia extends consortium status to Community College of the Air Force (CCAF) students and to students with a Servicemembers Opportunity Colleges Student Agreement from a SOC college or university.

Go Army Ed

Army SOC students must follow the instructions in the GoArmyEd portal. If you request an official evaluation from UMUC, you are assigned to degree-seeking status.

Special Situations

Applicants Expelled or Suspended from Another Institution

For Academic Dishonesty

If you were expelled or suspended for academic dishonesty from an institution outside the USM, your case must be reviewed before an admission decision can be made.

If you were expelled for academic dishonesty from any institution in the USM, you are not eligible for admission to UMUC; if you were suspended for that reason, you are not eligible for admission during the period of your suspension.

For Disciplinary Misconduct

If you were expelled or suspended from a non-USM institution or you were expelled or suspended from a USM institution for disciplinary misconduct that was not event-related, you may be considered for admission on a case-by-case basis.

If you were expelled from a USM institution under USM’s Event-Related Misconduct Policy, you will not be admitted to UMUC during the term of your suspension. If you were expelled under that policy, you will not be admitted to UMUC for one year from the effective date of the expulsion. After that time, you may be considered for admission on a case-by-case basis.

High School Students Seeking Concurrent Enrollment

If you have not completed high school but are currently attending a U.S. regionally accredited or state-approved high school, you may be admitted as a provisional student if you provide written permission from the appropriate officials at your high school and a high school transcript reflecting superior scholarship and college readiness, as determined by UMUC in its review of this documentation.

If you are currently being homeschooled or attending an alternative high school program, you may qualify for concurrent enrollment if your homeschool or alternative high school program complies with applicable state and local education regulations.

As a concurrently enrolled student, you are assigned non-degree-seeking status. Once you meet all of the general admission requirements, you may contact an advisor to request to be changed to degree-seeking status.

Relocating from Europe or Stateside

Relocating to Europe or Stateside with UMUC is simple. It is important for you to notify UMUC when you relocate to a new duty station so residency and tuition may be accurately determined. If you attended classes with UMUC within the last two years, you must complete a relocation form through MyUMUC (my.umuc.edu) or by visiting your local UMUC office. There is no fee for relocations.

Former UMUC Students

If you have not attended UMUC for two years or more, you must submit a new application with undergraduate admissions before you will be allowed to register. However, you need not pay another application fee. You may reapply by selecting “Apply Now” at www.asio.umuc.edu.

College Graduates

If you received a bachelor’s degree from an approved U.S. institution, you are admissible to UMUC as a standard (undergraduate) student upon submission of the admission application and fee. If you have been admitted to UMUC as a graduate student, you may take undergraduate courses only when satisfying certain prerequisites. You may be
Admitted as either undergraduate or graduate but may not be admitted in both categories at the same time.

Applicants Educated in Another Language

If you were not educated in a country (listed at umuc.edu/internationalstudent) where the primary language for instruction is English, you must demonstrate college-level proficiency in written English before enrolling at UMUC by providing documentation verifying passing scores (as determined by UMUC) on one of the following:

- The written version or the internet version of the TOEFL (Test of English as a Foreign Language)
- The International English Language Testing System (IELTS), including the academic writing and reading modules
- The EIKEN Test in practical English proficiency
- Documentation verifying that you earned at least 30 credits from a college or university in the United States or in one of the English-speaking countries listed online at umuc.edu/internationalstudent

You must arrange to have official score reports or transcripts sent directly from the testing agency or UMUC, or by UPS or FedEx to:

Attn: Undergraduate Transcripts

University of Maryland University College
3050 University Boulevard East
Adelphi, MD 20783-8070

Or by UPS or FedEx to:

Attn: Undergraduate Transcripts

University of Maryland University College
1616 McCormick Drive
Office 2386
Largo, MD 20774

Bridge Program

UMUC Asia offers the Bridge Program to English learners who have not achieved the required test scores to become standard students. For details, you should refer to the Special Programs section (p.56) or visit www.asia.umuc.edu/bridge.

UMUC Asia conducts five standard sessions of eight-week duration each academic year, as well as various sessions to accommodate military exercises or deployments. The academic year begins in late August and ends the following mid-August. Session dates for the current academic year are listed on the back cover of this catalog. Undergraduate on-site and online classes are generally eight weeks long. On-site classes are usually held on or near military installations and registration is held at education centers, or online at MyUMUC (my.umuc.edu).

You can find further information about schedules, session dates, and registration at MyUMUC.

Registration begins each session as soon as the course schedule becomes available on the web and continues until the deadline listed. Registration opens two months prior to the class start date for students who must register through the GoArmyEd portal. Check the current undergraduate schedule of classes (www.asia.umuc.edu/schedule) and the online academic calendar (www.asia.umuc.edu/calendars) for registration information.

UMUC offers a number of ways to register for most courses, including online (via MyUMUC) and on-site registration.

OFFICIAL REGISTRATION

All students (except for GoArmyEd students) must
- Complete an application online (at asia.umuc.edu/apply) and pay the nonrefundable $50 application fee when applying for the first time
- Register online through MyUMUC or visit your local UMUC office for assistance
- Complete and process the appropriate forms if receiving government tuition assistance (TA) or VA education benefits
- Pay all fees in full prior to the first class meeting

Note: The UMUC nonrefundable $50 application fee is not covered by Army TA. This fee must be paid in MyUMUC.

Go Army Ed

GoArmyEd students must register through the GoArmyEd portal. The procedure is summarized here:

- Access the online GoArmyEd portal at www.goarmyed.com
- Complete the Common Application in the portal
- Register for UMUC courses in the portal by selecting campus "Univ of MD Univ Coll-Asia" then entering the GoArmyEd class number listed on the online class schedule
- Follow instructions in the portal to receive TA
- Pay all fees in full prior to the first class meeting

Waiting List

If your on-site or hybrid class is already full at the time of registration, you can place your name on a waiting list for that class.

Waiting List Policies

Regardless of how you register, the following policies apply:

- You may put your name on the waiting list for only six on-site or hybrid courses or sections.
- You may not attend a class for which you are on the waiting list.
- Faculty members and academic advisors are not authorized to add you to closed classes.
- If a space becomes available and you are the next person on the waiting list, you will automatically be registered for that class, and the charge will appear on your account. You will be notified of the enrollment by e-mail. If you are ineligible for enrollment (because you have not met prerequisites or are enrolled in another class that conflicts in time), the space will go to the next person on the waiting list.
- If you no longer want a class, you should remove your name from the waiting list to prevent the possibility of being automatically enrolled and charged for the class. The waiting list option is not available for online classes.
Priority Enrollment

MILITARY STUDENTS

Once UMUC confirms your status as an active-duty military student, we will exclude you from disenrollment. To ensure that UMUC receives your military Tuition Assistance form, submit your documents at the time of registration, before your course starts. If you fail to submit your Tuition Assistance documents in a timely manner, you will not be allowed to enroll in future terms.

VETERAN STUDENTS

If you have a past due balance, your record will have a hold that prevents you from enrolling in additional UMUC course(s). An exception may apply if you are receiving veterans education benefits. Once you have completed the steps to request certification of your enrollments for veterans benefits for the classes with the past due balance, and if your benefit type pays directly to the school, and the past due balance is within the current term, you will be allowed to enroll for additional classes. This exception is designed to allow eligible veterans to enroll while awaiting payment.

Course Load

For official data, full-time enrollment is defined as 12 or more credits per term (fall, spring, summer) and half-time as 6–11 credits per term.

Decisions on the number of courses you can successfully complete in any one session are normally left to your discretion. It should be noted, however, that the majority of UMUC students register for between 3 and 7 credits per term, and you are strongly advised not to exceed this limit. Carefully and realistically assess your other commitments before you register for more than 7 credits. You may not register for more than 18 credits in a 17-week period without written permission. To initiate the permission process, contact your academic advisor. Permission to register for more than 18 credits is at the university’s discretion and is based on demonstrated academic excellence at UMUC. A minimum GPA of 3.5 and an enrollment history indicating success in carrying a heavier-than-average course load at UMUC are required.

You may not register for on-site/hybrid courses whose scheduled meeting times overlap.

UMUC’s complete policy 215.00 Student Academic Load and Enrollment status may be found at umuc.edu/policies.

Enrollment Verification

UMUC participates in the National Student Clearinghouse, which, in turn, supplies verification of enrollment to lending agencies. UMUC reports enrollment data on students to the clearinghouse two times each month. Enrollment data is provided for all students who are enrolled in classes, whether they are attending full time, half time, or less than half time, as well as for students who are considered to have withdrawn from the university. UMUC also reports degree information, including graduation date, for students who have completed an academic program.

You may request enrollment verification through MyUMUC free of charge. All enrollment verifications requested via MyUMUC are processed in real time and available online for printing on the same day.

Letters certifying official enrollment are also available upon request from the Student Services Office at your respective headquarters. Enrollment can be certified only for the current term and for previous terms. If you are requesting a letter for a future session, the letter will be mailed out and an enrollment hold will be placed on your record. If you are not enrolled any longer at UMUC, you need to request a transcript of your academic record to verify past enrollment.

Loan Deferment Form Certification

UMUC does not grant or deny deferment requests; any deferments are at the sole discretion of the lender. UMUC processes deferment forms, certifying your official dates of enrollment. If you are not enrolled in the current term (fall, spring, or summer), you are reported as having withdrawn, regardless of whether or not you plan to enroll or have already enrolled in a future term.

If you have a William D. Ford Federal Direct Loan and wish to apply for a deferment, you must complete the In-School Deferment Request (available at www.umuc.edu/financialaid) and mail it to UMUC, 3501 University Boulevard East, Adelphi, MD 20783, Attn: Registrar Student Services.

You should be aware both of your lender’s deadlines for receiving deferment requests and UMUC’s reporting schedule to avoid having deferment forms processed and forwarded to the lenders before enrollment data has been reported.

Degree Verification

UMUC has authorized the National Student Clearinghouse to provide degree verification. Employers and background screening firms must contact the clearinghouse directly for this information, for which a fee is charged. Information on this service may be found at www.studentclearinghouse.org. Degrees will not be verified until all financial obligations to the university have been fulfilled.

Dropping or Withdrawing from Classes

PROCEDURES

To cancel your enrollment in a class without any mark on your transcript (dropping a class), you must access the MyUMUC portal and follow the steps for dropping a class before the end of the drop period. The dates for the drop period are available on the UMUC website at www.asia.umuc.edu/services/course-withdrawal-refunds.

When you drop a class, all tuition charges for that course are removed from your student account and no mark or record of the course will appear on your transcript.

If you wish to cancel enrollment in a class after the drop period ends (withdrawing from a class), you must access the MyUMUC portal and follow the steps for withdrawing from a class before the end of the withdrawal period.

GoArmyEd students must withdraw through the GoArmyEd portal. The dates for the withdrawal period are also available at www.asia.umuc.edu/services/course-withdrawal-refunds.

Withdrawing from a class will result in a mark of W (described on p. 32) on your academic transcript. You may be refunded a portion of your tuition based on the withdrawal date and the refund schedule posted at www.asia.umuc.edu/services/course-withdrawal-refunds. You will be responsible for any remaining tuition due.

You should be careful to note deadlines according to your class format (online or hybrid). Failure to drop or withdraw from a class in the appropriate manner or by the posted deadlines may result in your receiving a failing grade and forfeiting any refund.

The following actions do not constitute dropping or withdrawing from a course:

• Stopping payment on checks
• Non-payment of tuition charges
• Never attending or participating in a class
• Cessing to attend or participate in a class

EFFECT ON STUDENT AID

If you are using financial aid and/or veterans benefits, you are strongly encouraged to contact the Financial Aid Office or Veterans Affairs Office before you drop or withdraw from a class to fully understand the impact of such an action on your current and future financial aid awards and/or veterans benefits.

If you are using military assistance benefits, you should contact your military education counselor or education services officer before you drop or withdraw from a class for guidance on withdrawals related to emergencies or official duty requirements and to fully understand the impact of such an action on your current and future military tuition assistance benefits.

Go Army Ed

GoArmyEd students must withdraw through the GoArmyEd portal. Each campus has its own withdrawal policy and dates and deadlines vary from campus to campus. If you take a course from another UMUC campus, you are responsible to determine the appropriate withdrawal deadlines. Withdrawal deadlines may differ from the refund schedule.

If you officially withdraw from a course after the schedule adjustment period, you receive a mark of W. According to UMUC Asia policy, if you register for:

• on-site classes or weekend seminars, you must officially withdraw no later than the day before the final class.
• hybrid classes, you must officially withdraw no later than the Friday before the final week of the course.
• online classes, you must officially withdraw before 65 percent of the total number of days in a session has expired.

To cancel your enrollment in a class without any mark on your transcript (dropping a class), you must access the MyUMUC portal and follow the steps for dropping a class before the end of the drop period. The dates for the drop period are available on the UMUC website at www.asia.umuc.edu/services/course-withdrawal-refunds.

When you drop a class, all tuition charges for that course are removed from your student account and no mark or record of the course will appear on your transcript.

If you wish to cancel enrollment in a class after the drop period ends (withdrawing from a class), you must access the MyUMUC portal and follow the steps for withdrawing from a class before the end of the withdrawal period.

GoArmyEd students must withdraw through the GoArmyEd portal. The dates for the withdrawal period are also available at www.asia.umuc.edu/services/course-withdrawal-refunds.

Withdrawing from a class will result in a mark of W (described on p. 32) on your academic transcript. You may be refunded a portion of your tuition based on the withdrawal date and the refund schedule posted at www.asia.umuc.edu/services/course-withdrawal-refunds. You will be responsible for any remaining tuition due.

You should be careful to note deadlines according to your class format (online or hybrid). Failure to drop or withdraw from a class in the appropriate manner or by the posted deadlines may result in your receiving a failing grade and forfeiting any refund.

The following actions do not constitute dropping or withdrawing from a course:

• Stopping payment on checks
• Non-payment of tuition charges
• Never attending or participating in a class
• Cessing to attend or participate in a class

EFFECT ON STUDENT AID

If you are using financial aid and/or veterans benefits, you are strongly encouraged to contact the Financial Aid Office or Veterans Affairs Office before you drop or withdraw from a class to fully understand the impact of such an action on your current and future financial aid awards and/or veterans benefits.

If you are using military assistance benefits, you should contact your military education counselor or education services officer before you drop or withdraw from a class for guidance on withdrawals related to emergencies or official duty requirements and to fully understand the impact of such an action on your current and future military tuition assistance benefits.

Go Army Ed

GoArmyEd students must withdraw through the GoArmyEd portal. Each campus has its own withdrawal policy and dates and deadlines vary from campus to campus. If you take a course from another UMUC campus, you are responsible to determine the appropriate withdrawal deadlines. Withdrawal deadlines may differ from the refund schedule.

If you officially withdraw from a course after the schedule adjustment period, you receive a mark of W. According to UMUC Asia policy, if you register for:

• on-site classes or weekend seminars, you must officially withdraw no later than the day before the final class.
• hybrid classes, you must officially withdraw no later than the Friday before the final week of the course.
• online classes, you must officially withdraw before 65 percent of the total number of days in a session has expired.
FEES

Fees charged to you as a UMUC student are listed below. All fees are payable in full, in U.S. dollars, at the times specified. Payment may be made by credit card (American Express, Discover, MasterCard, or Visa) or e-check directly through MyUMUC; cash payments may not be made. Additionally, check or money order payments may be mailed directly to the UMUC Asia or UMUC Europe Business Office. You should make checks and money orders payable to University of Maryland University College.

Application for Admission $50
UMUC charges a nonrefundable fee for establishing your permanent record; the official university document from which transcripts are issued. Payment should be made through MyUMUC at the time you complete the online application with UMUC Asia or UMUC Europe.

Go Army Ed
GoArmyEd students: When you complete a Common Application in the GoArmyEd portal, you must pay the $50 application fee through MyUMUC before your course begins.

This fee is not required of consortium students if you have completed and submitted your Application Fee Waiver Request form, unless you declare your intent to pursue a completed and submitted your Application Fee Waiver. All fees are payable in full, in U.S. dollars, at the times specified. Payment may be made by credit card (American Express, Discover, MasterCard, or Visa) or e-check directly through MyUMUC; cash payments may not be made. Additionally, check or money order payments may be mailed directly to the UMUC Asia or UMUC Europe Business Office. You should make checks and money orders payable to University of Maryland University College.

As a member of the U.S. Armed Forces, you may be entitled to tuition assistance (TA) from the U.S. government. Students other than GoArmyEd and active duty Air Force students must bring a copy of the TA form to your local UMUC office or send it directly to tpmilitary@umuc.edu. You may also qualify for Veterans Affairs (VA) education benefits and other forms of financial assistance. Information on financial assistance (loans and grants) and VA benefits is presented later in this catalog.

You will receive invoices for charges incurred to your student account. Charges become past due after the end date of the official registration period for the session. Once a charge is considered delinquent, you will begin receiving dunning (collection) notices. Timely payments should be made to avoid your debt being sent to collections.

To pay for tuition for the current term, you have the option of a convenient payment plan with 0 percent interest. The plan allows you to spread your tuition payments over several months. It is not a loan, so no interest is accrued. You will be charged a small non-refundable application fee to use this payment plan.

Payments may be made online via MyUMUC by credit card, e-check, or by setting up an automatic withdrawal plan from a personal checking or savings account. If you are interested in the monthly payment plan, you can view the options available to you through MyUMUC. Additional information can be found on the UMUC websites. To discuss payment plans for previous terms, you must contact the UMUC Stateside Collections Office at collections@umuc.edu.

Tuition
All tuition and applicable fees must be paid in full at registration, unless you
- Applied for financial aid to cover tuition and fees for the session.
- Are enrolled in UMUC's interest-free monthly payment plan (details are provided at umuc.edu/payoptions).
- Submitted proof of employer-provided tuition assistance.

UMUC offers a variety of payment options. Payments can be made via
- Credit card (American Express, Discover, MasterCard, or Visa)
- Money order
- Check (made payable to University of Maryland University College)
- Electronic debit from a checking or savings account

*Dishonored Checks $30
For each check returned unpaid by the payer’s bank (whether because of insufficient funds, stopped payment, postdating, or drawing against uncollected items), UMUC assesses a service charge of $30 (separate from any service charges levied by the financial institution).

Stopping payment on a check for tuition does not disenroll you from classes nor relieve you of responsibility for paying tuition and fees. If your checks for tuition or fees remain dishonored, you may be barred from classes.

Official Transcript $10
The fee for ordering each academic transcript issued by UMUC is $10, except those sent to an alliance school. No fees are charged for transcripts sent to alliance schools, including the Community College of the Air Force.

UMUC Asia students requesting their official transcript can receive a complimentary first copy. The transcript fee will be waived after placing your order by e-mailing the transcripts office at outgoingtranscripts@umuc.edu with your Student ID number (Empil ID), confirmation of your Asia location, and a written request to have the fee waived.

Rush Official Transcript
A special handling fee is charged for transcripts processed and mailed or faxed within 24 business hours.

Certificate/Graduation Application $50
For each certificate and graduation application filed, you are assessed an application fee.

Cap and Gown
When you attend commencement as a graduate, you are responsible for purchasing your own cap and gown.

Field Study
The tuition for a field study course is the same as any 3-credit course. Additionally, you may be charged a hotel accommodation fee depending on the specific course. If you cancel the course after the registration deadline, you will be charged a cancellation fee. The cancellation fee may be waived if you must cancel due to official, duty-related reasons and you submit appropriate documentation.

Fees and Activity from Other UMUC Campuses
Charges incurred from UMUC Stateside and UMUC Europe will be reflected on your financial account along with any UMUC Asia charges. You may direct all financial account inquiries to your local UMUC office.

Textbook Fees
Most UMUC undergraduate courses will use e-resources and open-source materials available to you at no cost. Select courses may require you to purchase textbooks through your campus’ webText online store or the UMUC virtual bookstore found on the website. As with tuition charges, textbook charges are the responsibility of the student.

Refunds
If you drop a course during the drop period, you will qualify for a full refund of tuition and fees, except for the admission application fee.

If you withdraw during the withdrawal period, you may be refunded a portion of the tuition, as determined by the date of withdrawal and the refund schedule posted online at umuc.edu/refunds. All refunds are computed from the date the withdrawal is formally inititated, not from the date of the last class you attended or the last participation date. Refunds are applicable for tuition only. Fees are not refundable.

If your tuition was paid by employer contract, the refund is returned to the employer. If the tuition assistance was a partial payment, it is returned to the employer, and excess payment is refunded to you.

More information about refunds can be found on the UMUC website for your division.

Refunds and Financial Aid/Tuition Benefits
Financial aid awards may be canceled or reduced for financial aid recipients who withdraw from classes. Military and veteran tuition benefits may also be affected. If you are receiving aid or benefits, you are strongly encouraged to contact the appropriate office (Financial Aid, Veterans Affairs, or the local education services office) to understand the impact of dropping or withdrawing from class.

No offer of financial aid is considered an active, final award until the refund period has ended. If you withdraw before the end of that period, you are liable for all costs incurred and you will be billed accordingly.

See p. 23 for information on federal return of funds for financial aid students.

Go Army Ed
GoArmyEd students must initiate withdrawals through the GoArmyEd portal. The last date to withdraw and receive a full refund is listed in the GoArmyEd portal on the class details page of the course schedule for each class.
FINANCIAL AID

MILITARY OR EMPLOYER PROVIDED TUITION ASSISTANCE (TA)

If you are financing your education with military or civilian tuition assistance (TA), also known as a third party payment, you must bring authorized TA forms to the local UMUC office. If TA is pending, you should contact the Third Party Office to explain the circumstances via tpmilitary@umuc.edu for military students or thirdparty@umuc.edu for non-military students.

Tuition assistance documents are typically written forms issued by a third party agency that guarantees payment. Military and civilian TA forms should be completed and signed by the appropriate authorizing official. You may submit forms and inquiries to the Third Party Office.

Go Army Ed

Army students who have registered through the GoArmyEd portal do not need to submit TA forms, as GoArmyEd automates the third party payment process. If you are an active duty Air Force student, you do not need to submit TA forms; however, you must verify that TA is digitally signed and approved within the AI Portal for UMUC to retrieve electronically.

Employer-Provided Tuition Assistance

If your employer is going to pay for part or all of your tuition, you must submit two copies of appropriate documentation at the time of registration. Requirements are listed online at umuc.edu/payoptions. Documents that restrict payment or are in any way conditional will not be accepted. If your employer does not pay UMUC, you are responsible for payment.

UMUC cannot issue refunds—for tuition or for books or supplies—if the authorizing documents are submitted after registration. If your document also authorizes payment for books and supplies (should any be required), you should check with the participating bookstore (listed at umuc.edu/bookstoreoptions) about the appropriate procedure before you make a purchase.

INDEBTENESS TO THE UNIVERSITY

If you incur debts to UMUC, you must clear them to be permitted to register. Requests for services (including transcripts and diplomas) are denied until all debts have been paid. Outstanding debts are collected against refunds due to you. After a reasonable period of time, uncollected debts are forwarded to the Central Collection Unit of the State Attorney General’s Office.

If you fail to pay charges incurred with UMUC, UMUC has the authority to deem your account delinquent and transfer it to the State of Maryland Central Collection Unit (SCCU). UMUC has also received authorization from the Board of Regents to charge students’ delinquent accounts a 17 percent collection fee and/or all attorney or court costs incurred by the university. Once a past-due balance with UMUC has been transferred to the State Central Collection Unit, your information is reported to a credit bureau. Review the webpage at www.umuc.edu/students/payments/penalties/sccu.cfm for more information. You can contact SCCU at +1-800-705-3493 or +1-410-767-1220, or www.paybill.com/payscu/

Forms of Financial Aid

UMUC’s Financial Aid Office administers a variety of financial assistance programs—including grants, scholarships, and loans—to help you meet the costs of your educational goals. Aid is available based on financial need, academic merit, or both.

Regardless of income level, you are encouraged to apply for assistance; many financial alternatives are available.

General Eligibility Requirements

To be eligible for UMUC assistance, you must
- Be admitted to UMUC as a degree-seeking or eligible certificate-seeking student.
- Be a U.S. citizen or an eligible noncitizen.
- Be enrolled half-time (6 or more credits) for most federal and institutional aid programs. Federal loan programs require enrollment of at least half time. Audited courses, some repeated courses, credit by examination, and Portfolio Assessment credits cannot be counted.
- Demonstrate satisfactory academic progress toward a degree or certificate according to UMUC policy.
- Have a high school diploma or GED.
- Possess a valid Social Security number.
- Register with Selective Service, if required to do so.
- Not be in default on any federal student loans, have borrowed in excess of loan limits, nor owe a refund on any grant under Title IV federal student aid programs.
- Not be ineligible based on a drug conviction.

For the 2018-2019 academic year. Financial aid may be used concurrently with scholarships, military tuition assistance, and military spouse tuition assistance. It is your responsibility to inform the Financial Aid Office when outside resources such as these will be used. Federal Pell Grants may be awarded retroactively. Student loans are processed and approved for current or upcoming enrollments during the academic year.

The results of the Free Application for Federal Student Aid (FAFSA) are contained in the Student Aid Report (SAR) or Student Aid Information Report (ISIR), which will be secured electronically from the federal processors in Illinois by the Financial Aid Office for all students who submit a FAFSA application with the UMUC school code of 011644. The SAR/ISIR will indicate whether you may be eligible for a Federal Pell Grant.

The Financial Aid Office must review and approve the completed file before you enroll as a financial aid recipient. You must be fully admitted to UMUC and be degree seeking in order to receive financial aid. If you already have a baccalaureate degree, you are not eligible for Federal Pell Grants, but may be eligible for Federal Direct Student Loans. An initial financial aid award will be made based on anticipated half-time (6 credit hours) enrollment in classes offered during the semester.
Applying for Financial Aid

Most aid programs are available to both full- and part-time students. Amounts and eligibility for financial aid vary from year to year. Following is a brief description of programs available for the upcoming award year.

You must complete the online 2018-2019 Free Application for Federal Student Aid (FAFSA) form and submit it electronically at www.fafsa.gov. It may take several weeks to process an application for any type of financial aid, so you should take note of the priority processing deadlines and other important dates listed on the UMUC website.

If you enroll in higher education for the first time on or after 1 July 2012, in order to be eligible for federal student aid, you must have either a high school diploma or a recognized equivalent (such as a General Educational Development certificate (GED) or a homeschool education). You no longer have the option of becoming eligible for federal student aid by passing an approved test or completing at least 6 credit hours or 225 clock hours of postsecondary education.

Financial aid is awarded by academic year, and you must reapply each year. You may apply until 30 June 2019.

Priority Deadlines for Financial Aid

You may apply for financial aid at any time and the application will be processed on a first-come, first-served basis. If the entire financial aid file is complete by the priority deadline, your application should be processed in time for funds to be available for registration. If you miss the deadline, you may still be eligible to receive financial aid, but you may have to pay for tuition and fees yourself. Once financial aid is approved, you may be reimbursed.

Non-UMUC Enrollment

Financial aid awards are determined based on enrollment with UMUC. If you wish to take a course with another school, you must contact the Financial Aid Office prior to enrolling with the other school. Enrollment in courses offered by UMUC Asia, UMUC Europe, and UMUC Stateside may be used in calculating financial aid eligibility with UMUC.

Scholarships

UMUC scholarship programs, which include the UMUC President’s Scholarship, offer a number of institutional scholarships as well as scholarships from corporate donors and foundations. Requirements vary according to the individual scholarship program, but typical awards for most programs range from $200 to $1,500 per semester (fall and spring). To be considered for most UMUC scholarships, you must complete the FAFSA and be pre-screened for scholarship eligibility. If you meet UMUC’s established scholarship criteria, you will be notified of your eligibility via your “To Do List” through MyUMUC (my.umuc.edu).

Scholarships are awarded for the academic year on a first-come, first-served basis, so it is essential for you to submit a scholarship application as early as possible. More information is available online at www.asia.umuc.edu/scholarships.

Employees of UMUC and their dependents, as well as persons who receive remission of fees from other institutions, are not eligible to receive UMUC scholarships or grants.

You are also encouraged to apply for private scholarships offered by corporations, associations, foundations, and other organizations that offer awards on a competitive basis to students who meet specific criteria. Scholarship links and search tools are available online at umuc.edu/scholarships.

Grants

Federal Pell Grants

Federal Pell Grants can provide up to $6,095 during the 2018-2019 academic year and will vary based upon the Expected Family Contribution (EFC) and enrollment status. Federal Pell Grants do not need to be repaid. If you are eligible for a Federal Pell Grant and have submitted the completed FAFSA and all required documentation to the Financial Aid Office, you will receive e-mail notification regarding your award. All Pell Grant funds are automatically awarded in an accepted status.

If eligible for a Federal Pell Grant, you will be considered for aid the entire academic year. You are responsible for tracking the use of the grant. The amount of the grant, based upon your EFC and the cost of attendance, may vary each semester depending on the enrollment level. You are eligible to receive a Pell Grant for up to 12 semesters or the equivalent. If you have exceeded the 12-semester maximum, you lose eligibility for additional Pell Grants. Equivalency is calculated by adding together the percentage of Pell eligibility received each year to determine whether the total amount exceeds the 600 percent limit.

Federal Supplemental Educational Opportunity Grant (FSEOG)

FSEOG offers need-based awards for high-need, first-time undergraduate students. The amount and number of awards will vary depending on the availability of funds allocated by the U.S. Department of Education. Typical awards range from $300 to $700 per semester.

UMUC President’s Grant

This grant program offers grants to students who demonstrate financial need. Typical awards will range from $300 to $700 per semester, based on need and availability of funds.

Loans

There are many different loan options available. If you take loans to pay for college expenses, you must repay the principal and interest in accordance with the terms of the promissory note.

The William D. Ford Federal Direct Subsidized Loan Program

This subsidized loan program allows eligible students to borrow directly from the Department of Education. Due to regulatory changes, if your loans are first disbursed between 1 July 2012 and 1 July 2014, you will be responsible for paying any interest that accrues during your grace period. For loans disbursed before or after those dates, the regular 6-month grace period will apply, where no interest will accrue. Freshmen may borrow up to $3,500; sophomores, $4,500; and juniors and seniors up to $5,500 per academic year. Aggregate loan limits may also apply. If you are a transfer student, you must have an official evaluation before your sophomore-, junior-, or senior-year grade levels can be confirmed.

You must complete the Free Application for Federal Student Aid (FAFSA) and take all steps necessary to apply for financial aid through UMUC if seeking a Direct Loan. As a first-time borrower, you must also complete entrance loan counseling. All borrowers must have a valid Master Promissory Note (MPN) on file with UMUC. Following federal guidelines, the Financial Aid Office determines eligibility for a Direct Loan. You will be awarded maximum eligibility based upon grade level, loan period, and need, and can accept all or part of the award.

You must successfully complete a minimum of half-time enrollment each semester during the loan period or the loan will be cancelled, either in part or in full. Loan periods can be for semester only or a combination of semesters, e.g., fall only or fall/spring or summer only. Enrollment in both on-site and online classes can be combined for the purpose of the half-time enrollment necessary for a student loan within a semester. For financial aid purposes, 6 credits in a semester is considered half-time enrollment and 12 or more credits is full time. The annual interest accrued is assumed by the federal government while you are enrolled at least half time and until the repayment period begins. All loans have loan fees (also called origination fees) that are deducted proportionately from each loan disbursement received. Thus, the money received will be less than the actual amount borrowed. You are responsible for repaying the entire amount borrowed.

Deadlines for a student loan require that you initiate the loan with the federal processor, via the Financial Aid Office, no later than the last day of the eligible enrollment period.

As of 1 July 2013, first-time borrowers are subject to a new provision that limits eligibility for Direct Subsidized Loans to a period not to exceed 150 percent of the length of the educational program. Under certain conditions, the provision also causes first-time borrowers who have exceeded the 150 percent limit to lose the interest subsidy on their Direct Subsidized Loans.

The William D. Ford Federal Direct Unsubsidized Loan Program

This student loan program has the same terms, conditions, and deadlines as the subsidized Direct Loan with the same interest rate. The student borrower assumes responsibility for payment of the accrued interest while in school and during the loan period. The unsubsidized program is available to students who do not qualify, or qualify only in part, for the subsidized loan. It is also aimed at students whose financial need exceeds the subsidized loan limits. Dependents supported by their parents are eligible for amounts equal to the subsidized Direct Loan limits plus $2,000 per academic year. Independent students are eligible for amounts equal to the subsidized Direct Loan limits plus $6,000 per academic year as freshmen and sophomores and $7,000 per academic year as juniors and seniors.
Federal Direct PLUS Loan Program
The Federal Direct PLUS Loan program enables parents of undergraduate dependent students to borrow directly from the Department of Education at a fixed rate. There is an origination fee that is subject to reduction by the Department of Education. Loan amounts may cover the cost of attendance, less any other financial aid, per academic year and grade level. Parents must undergo a credit check. If your parents are denied a PLUS loan, you may be eligible for additional unsubsidized loan funds. The repayment for a PLUS loan begins on the date the loan is fully disbursed. Deferments (granted by the Department of Education) may allow for a delay in payment until after the period of enrollment, although interest will continue to accrue.

UMUC requests that you and your parents complete the FAFSA and take all necessary steps to apply for financial aid. Parent borrowers are encouraged to go online at studentloans.gov and complete the PLUS Request Process.

Private Student Loan Programs
Private student loan programs are also an option you may pursue. If financial aid awards do not meet your financial needs, you may be able to borrow up to your cost of attendance from private student loan programs offered by various banks and other lenders. These education loans are not federal loans; you borrow directly from and make payments to the lender. If you are interested in a private student loan, contact the bank of your choice or visit the UMUC webpage on private student loans at www.umuc.edu/undergradaid/loans.

Loan Deferment Form Certification
For details on loan deferment form certification, you should refer to the Enrollment section of this catalog, p. 7.

Disbursement of Funds
The UMUC Financial Aid Office disburses (applies) funds to your account based on federal and UMUC guidelines. Financial aid may be released to your account up to 10 days prior to the course start date. If you are enrolled in courses with multiple start dates, the disbursement is released when you are actively enrolled in 6 credits.

Awards applied to your account in excess of tuition and fee charges are refunded to you within UMUC and federally mandated time frames. The Business Office prepares refund checks and mails them directly to you. In general, this refund process requires seven to 14 days from the date the credit balance is created on your account at UMUC. To receive funds in a more timely manner, you may also choose the direct deposit option by enrolling through MyUMUC.

UMUC Financial Aid Standards for Satisfactory Academic Progress
When receiving financial aid, you must make satisfactory academic progress. You must maintain a cumulative grade point average (GPA) that meets the academic standards as set forth in this catalog and must maintain a cumulative completion rate of at least 67 percent of the credits attempted. If you fail to meet the minimum requirements, you are not eligible to receive financial aid unless a satisfactory academic progress appeal is submitted and approved by the Financial Aid Office. You may review the complete Satisfactory Academic Progress policy for financial aid students, including details of the appeal process, at umuc.edu/undergradaid.

Federal Return of Funds Policy
Federal student financial aid, including grants and loans, is awarded to a student under the assumption that you will be enrolled for a specified period of time, such as a semester. If you are receiving these funds and do not remain enrolled as expected, the Financial Aid Office is required to determine whether you have been enrolled long enough to keep all of the financial aid paid to you.

Therefore, the UMUC Financial Aid Office must perform a return of Title IV funds any time you stop your enrollment (i.e. withdraw, drop, or stop participating in classes and receive an FN grade) before the end of the semester and do not certify your intent to return in another session before the end of the semester.

If you stop enrollment before completing 60 percent of your intended enrollment period, you will be required to repay a portion of any federal financial aid you received.

For further information, visit www.umuc.edu/enrollmentchanges

Other Sources of Financial Aid

Military Spouse Career Advancement Account Scholarship – MyCAA
MyCAA provides a maximum education benefit of up to $4,000 to assist eligible military spouses who need professional credentials to meet their portable career goals. More information is available at https://aiportal.acc.af.mil/mycaa.

Army Emergency Relief Program (AER)
AER maintains two scholarship programs – the Spouse Education Assistance Program and the MG James Ursano Scholarship Program for dependent children. More information is available at www.aerhq.org.

General Henry H. Arnold Education Grant
The Air Force Aid Society provides $2,000 need-based grants to students planning to enroll full time in an undergraduate program of study. You must be a son, daughter, spouse, or surviving spouse of an Air Force servicemember. More information is available at www.afas.org.

For Further Information
All financial aid information and forms are available at www.umuc.edu/financialaid on the UMUC website. For assistance, visit Help@UMUC at www.umuc.edu/help to e-mail, chat, or review an extensive list of frequently asked questions. You may also contact the Financial Aid Office in Adelphi, Maryland, by phone at +1-800-888-UMUC. Contact information for the UMUC Asia Headquarters may be found in the directory.
VETERANS BENEFITS

As an active duty servicemember or veteran, you may be eligible for educational assistance programs administered by the U.S. Department of Veterans Affairs (DVA). Information and application forms may be obtained on the GI Bill® website at www.gibill.va.gov. You may also contact the UMUC Asia or UMUC Europe VA Offices for assistance.

Veterans Benefits Programs

You may apply for the following educational assistance programs administered by the U.S. Department of Veterans Affairs:
- The Montgomery GI Bill–Active Duty Educational Assistance Program (MGB, Chapter 30)
- Vocational Rehabilitation (Chapter 31)
- The Post-Vietnam Era Educational Assistance Program (Chapter 32)
- The Post-9/11 GI Bill (Chapter 33)
  - Transfer of Post-9/11 GI Bill Benefits to Dependents
  - Marine Gunnery Sergeant John David Fry Scholarship
- The Survivors’ and Dependents’ Educational Assistance Program (Chapter 35)
- Montgomery GI Bill–Selected Reserve Educational Assistance Program (Chapter 1606)
- Montgomery GI Bill–Reserve Educational Assistance Program (Chapter 1607)

Detailed information on all assistance programs is available on the UMUC website at www.umuc.edu/vabenefits or on the Department of Veterans Affairs website at www.benefits.va.gov.

Applying for VA Benefits

When applying for benefits for the first time, you should:
- Complete VA form 22-1990 through the Education Benefits Application (online) at www.vets.gov/education/apply
- Submit a photocopy of your DD214 with the application (if you are a veteran).

If you have already used VA benefits at another university, you must:
- Complete form 22-1995 (Request for Change of Program or Place of Training).

Requesting Certification of Enrollment

When requesting VA benefits, you must submit your request for certification each period of enrollment through MyUMUC (my.umuc.edu).

- Applying for VA Benefits
  The first time you request benefits each term (fall, spring, summer) the "Request for Certification" form must be completed through MyUMUC.
  - MyUMUC > Finances > Veterans Certification Request for Certification

- Adjusting VA Benefits
  If you enroll in additional courses within the same term, you will need to adjust your veterans benefits through MyUMUC.
  - MyUMUC > Finances > Veterans Certification Adjust My Certification

- Viewing the Certification Status
  You may view the status of your certification requests through MyUMUC.
  - MyUMUC > Finances > Veterans Certification View My Certification Status

The status may be:
- pending, if the UMUC VA Office has not yet received your request;
- received, if the UMUC VA Office is reviewing your request;
- submitted, if your certification was submitted to the DVA Regional Office on the date indicated; or
- denied, if the course has been denied and will not be submitted for certification.

CERTIFICATION PROCESS

Notification that you wish to use VA benefits is your responsibility and must be submitted through MyUMUC (my.umuc.edu) each period of enrollment you are requesting benefits. UMUC acts as a certifying agent for the DVA.

- The UMUC VA Office confirms the course(s) are part of your degree program and submits DVA form 22-1999, certification of enrollment, to the DVA Regional Office in Buffalo, NY. You may view the status of the processing of your certification through MyUMUC by selecting "View My Certification Status." The primary responsibility of the university is to verify active enrollment of VA students; it is not to make decisions on individual claims.

Please note:
- UMUC Asia and UMUC Europe students are not eligible for the VA Advanced Payment program or the Yellow Ribbon program.

VA Students from Other Institutions

If you are not pursuing a UMUC degree but wish to receive VA benefits for UMUC courses, you must request written permission (a parent school letter) for each course from your degree-granting school before enrolling. The parent school letter must be submitted to the UMUC VA Office by e-mail to psva@umuc.edu. You must also complete the certification process through MyUMUC.

Payments

The amount of money you may receive from the U.S. Department of Veterans Affairs depends on the educational assistance program for which you are eligible, the number of credits for which you are registered, the length of the session, and (for certain programs) the number of dependents you have. The current monthly payment for each educational assistance program is available online at www.gibill.va.gov. For additional information on VA benefits at UMUC please visit our website at www.asia.umuc.edu/vabenefits.

The U.S. Department of Veterans Affairs processes claims and issues payments six to eight weeks after receiving completed paperwork.

When receiving education benefits under the GI Bill (Chapter 30), you should be able to verify your monthly enrollments for payment online via the Web Automated Verification of Enrollment (WAVE) at www.gibill.va.gov within six to eight weeks of certification.

As a VA student, you are subject to having the amount of your award recalculated by the VA and may be required to repay any unauthorized amounts received if you withdraw from or stop attending courses.

Evaluation of Prior Training

When you file a claim for educational benefits, the U.S. Department of Veterans Affairs requires your previous training to be evaluated so that you receive correct transfer credit. You must have an academic advisement report completed within the first two terms of enrollment. If you do not comply, you may find future benefits delayed. After your first registration, you are
VETERANS BENEFITS

If you are receiving VA benefits, you are expected to follow all regulations and procedures of the Department of Veterans Affairs while attending UMUC.

At UMUC, all regulations of the U.S. Department of Veterans Affairs are enforced. You should be aware of the following requirements and consequences:

- You are required to process a request for certification each time you register.
- You must have an academic advisement report completed during the first session of enrollment. If you do not comply, you may find future benefits are delayed. Department of Veterans Affairs requires previous training to be evaluated so you receive correct transfer credit. Information about training types which qualify is available online at www.gibill.va.gov.
- You should contact your academic advisor each session to confirm your course selections meet degree requirements.
- Post 9/11 Chapter 33 VA recipients are required to send UMUC a copy of your certificate of eligibility (CoE) from the DVA to the following e-mail address: coeva@umuc.edu.
- You are expected to make satisfactory progress toward your degree or certificate; you must comply with the academic standards of UMUC.
- You must report all changes in enrollment, including drops, adds, withdrawals, changes to audit, and changes in degree objective. Such actions may affect your payments or require you to repay VA monies already received.
- You must submit a Request for Change of Program or Place of Training (Form 22-1995) online through www.vets.education/apply when you are
  - changing schools
  - reentering a program after leaving due to unsatisfactory attendance, progress, or conduct
  - requesting to adjust VA education benefits to reflect current military status (e.g., veteran to active duty)
  - registering for a course and then not attending, or ceasing to attend without officially withdrawing, is a misuse of federal funds that is punishable by law.
- Payment of benefits will be disallowed for any course in which a nonpunitive grade (i.e., a grade of I, W, or AU) is assigned.
- Payment of benefits will be disallowed for repeating a course for which transfer credit has been granted or for which a passing grade of A, B, C, D, or F was assigned.
- Payment of benefits will be disallowed for any course in which a grade of FN is assigned.
- Payment of benefits will be disallowed for any course that is not a requirement in your degree or certificate program.
- Payment of benefits will be disallowed for MATH 009 and MATH 012, which earn institutional credit only and may not be applied to degree requirements when taken in an online format.
- Payment of tuition and fees is required at the time of registration, unless you are applying for Chapter 31, Vocational Rehabilitation, or Chapter 33, Post-9/11 benefits.
- You are responsible for debts caused by overpayment of benefits resulting from reductions of your course load.

TUTORIAL ASSISTANCE

You may qualify for tutorial assistance if you are a veteran, active duty military servicemember, or reservist receiving funding assistance from the U.S. Department of Veterans Affairs and you are enrolled at least half-time. Payments are allowed when you demonstrate deficiency in courses that are required for your degree program.

Veterans Resources

UMUC offers a range of resources targeted specifically for veterans. These include VetSuccess on Campus and Mil-Vet Checkpoint.

Points of Contact

You may refer to the directory for contact information for UMUC Asia and UMUC Europe Headquarters Offices.

For questions regarding WAVE or payment inquiries, you should contact the DVA Regional Office in Buffalo, New York.

DVA Regional Office
P.O. Box 4616
Buffalo, NY 14240-4616

CIV: +1-716-857-3196/3197
Fax: +1-716-857-3192
E-mail: buffrpo@vba.va.gov

Because regulations are constantly changing, we recommend that you log onto www.asia.umuc.edu/vabenefits for the most current information concerning your VA benefits.

WAYS OF EARNING CREDIT

UMUC is unlike any other institution of higher education in the world in its combination of access with academic quality. It opens doors to learning by bringing education to you wherever you may be. Because UMUC understands the importance of lifelong learning, it has established academic policies that encourage the appropriate use of transfer credit from other institutions, as well as credit from less traditional sources. Recognizing that adult students bring to the university not only a willingness to learn but also an educational history informed by experiential learning, we incorporate the assessment of non-traditional learning (i.e., learning gained outside the classroom) into the evaluation of student competencies and academic credit.

CLASSROOM AND ONLINE STUDY

As a student with UMUC Asia, you can take courses in our overseas classrooms or you can attend class worldwide in UMUC’s online courses. Additionally, you may be able to enroll in field study courses held at significant cultural locations.

In on-site classes, there are 16 contact hours for each unit of credit. Therefore a 3-credit course delivered in an on-site format meets for 48 contact hours, usually over an eight-week session. On-site courses are also enriched by access to online materials and resources, and may require online participation as part of UMUC’s support of technology fluency for students.

UMUC’s role as a virtual and global university means that you can participate in the university experience from any place in the state, the nation, or the world that has Internet access. UMUC’s award-winning online courses and programs offer a technology-enriched experience conducted by the same excellent faculty that teaches its on-site offerings.

In online classes, you are linked to faculty and classmates via computer and the Internet. The faculty member leads discussions, responds to student inquiries, and posts reviewed assignments in individual folders online. You are expected to participate frequently in online discussions.

To study online, you should have strong reading and writing skills, as well as basic knowledge of the Windows environment. Technical requirements for participating in online courses are provided at www.umuc.edu/techreq.

UMUC courses observe the same standards of quality regardless of delivery format. Any given course maintains the same intended learning outcomes and requirements, awards the identical amount of academic credit, and may be applied toward the same undergraduate degrees whether it is delivered in a stateside classroom, overseas, or online. Some UMUC locations offer hybrid and web-enhanced on-site courses to various locations in a livestream format via video-teleconference platforms. These livestream courses equate to being on-site, and abide by the UMUC and VA residency policies for on-site courses. Both classroom and online programs are also supported by a full range of student services and academic resources—from extensive online library databases to admission, advising, and registration—that can be accessed on-site, online, and by phone.

Course Evaluations

UMUC uses student feedback to make decisions about future courses. Individual responses are kept confidential.

RESIDENT CREDIT

Study in the overseas divisions establishes resident credit with University of Maryland University College. Since both faculty members and courses overseas meet academic standards set by the university, courses offered overseas carry resident credit identical to that earned in the stateside programs of UMUC. Thus you may earn a UMUC associate’s or bachelor’s degree or certificate entirely through study overseas or in combination with study in Maryland, the Washington, D.C., metropolitan area, and other stateside locations. In addition to on-site classroom courses, UMUC offers an extensive array of courses through its acclaimed online program, all of which carry UMUC resident credit.

LEARNING GAINED THROUGH EXPERIENCE

Learning acquired outside the college classroom may be assessed for credit toward a degree at UMUC. You can make use of life experience for possible college credit through Prior Learning (Portfolio Assessment or course challenge), foreign language examinations, Workplace Learning, and a variety of recognized external assessments. Academic advisors can help you determine the best routes to use in fulfilling any academic plan.

Prior Learning

The Prior Learning program teaches you to identify, articulate, and gain academic credit for the college-level learning you have acquired through work and life experience. You may earn credit for college-level

26 UNDERGRADUATE CATALOG 2018–2019

www.asia.umuc.edu 27
WAYS OF EARNING CREDIT

To be eligible for a foreign language examination, you must have an academic advisement report (AAR). If you attended elementary or secondary school where English was not the language of instruction, you can establish credit in that language only for certain courses. As a native speaker of a foreign language, you may not earn credit for lower-level or conversation courses.

To determine the courses in which you may be examined, you will be required to submit a Foreign Language Experience Questionnaire Form along with translated transcripts or school documents from those schools you listed on the form. UMUC reserves the right to determine your native language and the level of exam to be taken. The examination fee is the current cost of tuition for each credit hour you are seeking to establish and can be paid through MyUMUC at the time of your registration for the exam. You must also complete the Application to Establish Credit by Examination in a Foreign Language.

You can also contact an academic advisor for more information and to obtain the required forms.

Portfolio Assessment
Portfolio Assessment is a unique way for you to articulate and identify college-level learning you have gained from work, community or political involvement, or other noncollegiate experiences and earn credit for it. To be eligible for Portfolio Assessment, you must

- Have applied or been admitted to UMUC as an undergraduate student. (Portfolio Assessment is not available at the graduate level.)
- Have a recent copy of your academic advisement report, updated in the last six months by an academic advisor.

Enrollment in EXCL 301 Learning Analysis and Planning is required. In this 3-credit course, you prepare a portfolio describing and documenting the college-level learning you have gained from past experiences. Because EXCL 301 is a demanding and complex course, you should not register for more than one other course during the session in which you are enrolled in EXCL 301 (assuming that you are attending part-time).

If you successfully complete EXCL 301 with a grade of S and submit a portfolio for evaluation, you may enroll in a supplemental class (EXCL X001) to complete additional portfolios. The supplemental class may be taken more than once but it confers no credit and may not be applied toward degree completion. If you take this option, you may not target courses for which you were previously denied credit in EXCL 301 or EXCL X001. Contact the Prior Learning office for more information.

EXCL 301 is graded on an S/D/F basis (explained on p. 185). If the quality of your work in the portfolio merits a grade of C or higher, a grade of S is awarded and the portfolio is forwarded for credit evaluation. Faculty members from the appropriate disciplines assess the portfolio and recommend whether to award credits. Credit earned as a result of portfolio evaluation also earns a grade of S. The grade is not computed in the grade point average and is not applicable toward honors.

If the quality of your work in the portfolio merits a grade of D or lower, the portfolio will not be forwarded for credit evaluation.

Experiential-learning credits may be awarded at both the upper and lower levels. Credits earned are considered UMUC resident credit. However, they do not fulfill requirements for graded coursework and so may not exceed half the total credits for a major, minor, or certificate.

You may not receive credit for 100- and 200-level courses in your native language; you may not receive credit for learning for which credit has been awarded by other means.

Credit for EXCL 301 is charged at the current tuition rate. Tuition for the course covers evaluation of documentation for up to three courses. Evaluations for courses beyond these first three will incur additional fees, which are applicable to all students, including Golden ID students and those receiving financial aid.

You should carefully review the requirements, rules, and procedures for Portfolio Assessment. More information may be obtained by contacting your academic advisor or at www.umuc.edu/priorlearning.

Workplace Learning
Workplace Learning offers an opportunity for you to gain experience and develop new knowledge and skills in your chosen discipline while you earn upper-level college credit through an integrated model that puts theory into practice and enables you to accelerate completion of both your academic and career goals.

To be eligible for Workplace Learning, you must

- Be seeking a degree or a certificate in which Workplace Learning credit may apply.
- Have completed 30 credits, including transfer credit, toward a degree (if you are seeking a degree).
- Have completed at least 9 credits in the discipline in which you plan to do your Workplace Learning project.
- Have completed at least 6 credits at UMUC.
- Have a GPA of 2.0 or better at UMUC.

Be working in a position that offers an opportunity to apply classroom theory to practical projects that involve significant analysis and problem solving and are directly related to a given academic discipline. (Position may be paid or unpaid, part- or full-time.)

To participate in Workplace Learning, you must first apply to the program by the deadline published at www.umuc.edu/wkpl. Once you are notified of your eligibility, you must develop a learning proposal that identifies several project tasks representing the new learning to be acquired as a result of the work experience; a faculty member in the appropriate discipline must then approve the learning proposal to ensure that it constitutes upper-level college learning. As soon as your learning proposal is approved, you are given permission to register for Workplace Learning. Your learning proposal is then developed into a three-way learning contract among your employer, you, and your faculty mentor.

Throughout the Workplace Learning experience, you work under the supervision of your employer on completing several of the identified project tasks and the faculty mentor on completing the academic assignments required to earn college credit for your work experience. The project tasks for the employer constitute the course content, which is augmented by the reflective academic assignments written for review by the faculty mentor. You are required to communicate regularly with your faculty mentor throughout the Workplace Learning session, which typically lasts 15 weeks.

You may earn either 3 or 6 credits during the Workplace Learning session. To earn 3 credits, you must devote at least 12 hours per week to tasks providing new learning (for a total of 180 hours during the Workplace Learning session) and complete a minimum of four project tasks identified in the learning contract. To earn 6 credits, you must devote at least 20 hours per week to project tasks (for a total of 300 hours during the Workplace Learning session) and complete five to eight project tasks identified in the learning contract.

Workplace Learning projects may be developed in all undergraduate disciplines. Courses are listed in the UMUC catalog with the designations of the discipline and numbered 486A (for 3 credits) or 486B (for 6 credits). For example, a 3-credit Workplace Learning course in business and management would be listed as BMGT 486A, a 6-credit course as BMGT 486B. Tuition for the Workplace Learning course is charged at the current rate per credit, and an administrative fee is charged each time you enroll.

Workplace Learning courses may not be used to satisfy general education requirements or (unless specified)
WAYS OF EARNING CREDIT

required academic coursework in the major. However, Workplace Learning credits may be applied to electives as well as to designated upper-level requirements in the major or minor. A standard letter grade is awarded for successful completion of Workplace Learning courses. It is strongly recommended that you consult with a UMUC academic advisor to determine how Workplace Learning credits may help you fulfill degree requirements.

Review the information, policies, and procedures detailed online at www.umuc.edu/elpl or call the Workplace Learning program office at +1-800-888-UMUC, ext. 2-2890, for assistance.

Transfer Credit
UMUC will not award credit for courses that repeat work you did elsewhere. If you have earned credit at another college or university, you are responsible for determining whether courses you plan to take at UMUC would duplicate any previously earned credit and for submitting all official transcripts from colleges and universities you attended, as well as documentation of military and professional learning and pertinent test scores (CLEP, AP, etc.)—regardless of whether they appear on a previous college transcript or not. Credit toward a UMUC degree may be assigned for work completed through the kinds of institutions described in the following sections. UMUC does not accept credits for remedial, precollege, or sectarian religious courses in transfer. If you plan to transfer credit from other institutions to UMUC, you should request a Fast Plan for a review of your previous credit to determine how those credits may apply to a degree from UMUC. No transfer credit is accepted without official transcripts.

You are encouraged to consult a UMUC academic advisor before registering. Academic advisors are available to provide you with a Fast Plan (Tentative Evaluation) which helps you determine your progress toward a degree and which credits may transfer. If you are in doubt about whether a UMUC course duplicates previous study, you should consult your academic advisor before registering.

Credit from Other Colleges and Universities
Transfer credits from approved two- and four-year colleges and universities for courses in which you earned a grade of at least C (2.0) may be accepted for courses that apply to your curriculum and do not duplicate other courses for which credit has been awarded. Transfer credit for another institution’s course-challenge examinations and prior learning may be accepted if it is listed on your transcript with a passing grade. Approved institutions include those accredited by the following regional associations:

- Middle States Commission on Higher Education
- Northwest Commission of Colleges and Universities
- North Central Association of Colleges and Schools, The Higher Learning Commission
- New England Association of Schools and Colleges, Commission on Institutions of Higher Education
- New England Association of Schools and Colleges Commission on Technical and Career Institutions
- Southern Association of Colleges and Schools, Commission on Colleges

- Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Universities
- Western Association of Schools and Colleges, Accrediting Commission for Community and Junior Colleges

Credit from other accredited institutions may be approved based on a case-by-case basis.

Credit from Junior Colleges and Community Colleges
A total of 70 credits from approved two-year institutions (junior colleges or community colleges) may be applied toward a bachelor’s degree at UMUC. A maximum of 45 credits may be applied toward an associate’s degree and as many as 9 credits may be counted toward a certificate with UMUC. If you have already completed 70 credits, you may not apply further credit from a junior college or community college to a bachelor’s degree from UMUC.

If you initially enrolled in any of the public community colleges in Maryland, you will be admitted to UMUC in conformance with the policy developed and approved by the Maryland Higher Education Commission. Additional information is presented in the section on transfer policies at www.umuc.edu/policies. If you participated in one of the community college alliances with UMUC, you should consult with your academic advisors at both institutions if you plan to enroll in courses at both institutions concurrently.

Credit from Institutions Outside the United States
Study at institutions outside the United States must be evaluated by an approved international credit evaluation agency. Details are available online at www.umuc.edu/internationalcredit.

Technical and Professional Credit

Vocational and Technical Credit

Vocational and technical college-level credit from approved programs, when applicable, may be accepted as elective credit only.

Noncollegiate Courses
UMUC will accept for credit professional (not technical) noncollegiate courses applicable to your curriculum that have been evaluated by either ACE (if the courses are listed in the National Guide to Educational Credit for Training Programs) or the University of the State of New York National College Credit Recommendation Service (formerly PONSI).
WAYS OF EARNING CREDIT

Non-Traditional Education Support (DANTES).

The SOC Degree Network System consists of degree-granting colleges and universities that have pledged to help servicemembers and their adult family members complete college degrees by adopting policies that have been outlined in the Voluntary Education Partnership Memorandum of Understanding. Many courses offered by SOC Degree Network System institutions have two-way guaranteed transferability, making it easier for servicemembers to complete associate and bachelor’s degrees no matter where they move during their military careers.

SOC operates the two- and four-year Degree Network System for all branches of the military service except the Air Force. Information and the SOC Degree Network System-2 and -4 Handbooks are available at the SOC website at www.soc.oslc.org.

Army, Navy, and Marine Training

A Joint Services Transcript (JST), formerly AARTS for Army and SMART for Navy and Marine Corps, should be submitted for evaluation. The JST is the most effective means of documenting the learning servicemembers have acquired through their military experiences. The JST can be requested online after establishing a JST account at https://jst.doded.mil/official.html. or for GoArmyEd students through the GoArmyEd portal at www.goarmyed.com. If the following items are listed on your JST, additional documentation is not required: DD Form 214 scores on CLEP and DSST exams. For example, if all CLEP and DSST tests are included on the JST transcript, you do not need to submit a DSST transcript as well.

If you are seeking credit for work not documented on the JST transcript, you should submit other documentation to verify your experiences. For Defense Language Proiciency Tests (DLPT), an official score report must be provided. Regardless of whether the scores are listed on JST, the National Cryptologic Institute and Army Logistics University (ALU), official transcripts must be requested directly from the National Personnel Records Center (NPRC). 9700 Page Blvd., St. Louis, MO 63132. Web: www.archives.gov/veterans/military-service-records

CREDIT BY EXAMINATION

UMUC may award credit toward the associate’s degree and the bachelor’s degree for various examinations, provided that there is no duplication of other academic credit, and the scores presented meet UMUC’s standards. Examinations may include the Advanced Placement examinations administered by the College Board, Cambridge International Examinations, the College-Level Examination Program (CLEP), DSST examinations, Excelsior College Examinations, and the International Baccalaureate exam, as well as approved industry certification examinations. Academic advisors have information about acceptable examinations and requirements by contacting your academic advisor.

Retired and Former Army, Navy, Marine Corps, and Coast Guard

If you are a former military member who is unable to secure a JST transcript, you must submit certified true copies of the documents shown below. To seek VA benefits, you must submit appropriate documents. You should begin the process as soon as possible. Microfiche records are available from the National Personnel Records Center (NPRC). 9700 Page Blvd., St. Louis, MO 63132. Web: www.archives.gov/vet-laws/military-personnel/

- Army DD Form 214 or MOS documentation listed in the previous paragraphs
- Navy DD Form 214 or NAVPERS 1070-604 for Enlisted or NAVPERS 601-4 and 16117 for Warrant Officers and LDOs
- Marine Corps DD Form 214 Students may request documents at www.archives.gov/veterans/military-service-records
- Coast Guard DD Form 214 Coast Guard Institute Transcript Request www.uscg.mil/hq/CGactive/duty/gto_college/official_transcript.asp

INSTITUTIONAL EXAM CODES FOR UMUC

For official exam results to be sent to UMUC, the proper code must be used.

</tbody>
</table>

When those scores have been received, an academic advisor will determine whether they meet the standards established at UMUC for granting AP credit and how much credit may be awarded.

Credit earned by advanced placement may be used to fulfill majors, minors, or electives.

Advanced Placement

Advanced placement and college credit may be granted on the basis of scores on a College Board Advanced Placement (AP) examination. These examinations are normally administered to eligible high school seniors during the May preceding matriculation in college. For information about requesting AP transcripts, e-mail apexam@info.collegeboard.org.

If you intend to transfer AP credit that was awarded at another college or similar institution, you must have a transcript of those scores sent directly to UMUC from the College Board.

Army, Navy, and Marine Training

If you are seeking credit for work not documented on the JST, you must submit a transcript of those scores sent directly to UMUC from the College Board.

When those scores have been received, an academic advisor will determine whether they meet the standards established at UMUC for granting AP credit and how much credit may be awarded.

Credit earned by advanced placement may be used to fulfill majors, minors, or electives.

Cambridge International Examinations

UMUC accepts credit for advanced-level exams taken through Cambridge International Exams when scores meet UMUC standards. Official transcripts, with scores, must be sent directly to UMUC for review.

College-Level Examination Program (CLEP)

Credit may be awarded for general examinations in the College-Level Examination Program (CLEP). Your scores must meet UMUC standards. UMUC may award 6 credits each for the examinations in English, mathematics, natural sciences, social sciences and history, and 3 credits in humanities.

You may also earn credit by successfully completing certain subject-area examinations. Contact your local academic advisor for details or find more information at www.asia.umuc.edu/intc.

DSST Examinations

Credit may be awarded for successfully completing certain DSST Tests (formerly known as DANTES Subject Standardized Tests). Academic advisors have information on which tests are acceptable or find more information at www.asia.umuc.edu/intc.

Excelsior College Examinations

You may earn credit for successfully completing subject tests (formerly called ACT/PEP and Regents examinations) offered by Excelsior College. Tests are available in various areas of the arts and sciences, as well as in business. Scores must meet UMUC standards. Academic advisors can furnish details.

Industry Certification Examinations

Some industry certification examinations, such as those for Microsoft Certification, may be eligible for credit. You will find more information about acceptable examinations and requirements by contacting your academic advisor.

International Baccalaureate Examinations

UMUC accepts credit for the International Baccalaureate exam. To receive credit, you must complete the exams before you graduate from high school. Transcripts must be sent directly to UMUC from the examining body and scores must meet UMUC standards. Academic advisors can furnish details.
Emphasizing a personal approach to education, UMUC academic advisors are available to provide you the information needed to plan your academic program. Their assistance can include reviewing potential transfer credit, helping you clarify your education and career goals, and helping you select appropriate courses. Advising services are available at times and places convenient for you. You can choose to communicate with your academic advisor in person or by phone or e-mail.

You should meet with an academic advisor as early in your college career as possible to ensure that the courses you select meet the requirements for your degree or certificate with UMUC. Access an advisor’s contact information through MyUMUC, by contacting your local UMUC representative, or at www.asia.umuc.edu/advising (Asia).

**Tentative Evaluation**

As a prospective or newly admitted student, you can request a review of your potential transfer credit from your academic advisor. This review is an estimate of the academic credit UMUC may accept toward a particular degree and of the remaining requirements needed.

You can visit your local academic advisor or submit an electronic request to obtain a tentative evaluation. In order to expedite your request, please provide your military service transcripts, any certifications, and all copies of your previous college transcripts for review (unofficial transcripts are acceptable for a tentative evaluation). To submit a request for a no-cost tentative evaluation, visit www.asia.umuc.edu/tentativeevaluation.

**Official Evaluation / Academic Advisement Report**

The purpose of the official evaluation/academic advisement report (AAR) is to show your certificate or degree progress and to help you select appropriate courses. Official evaluations are available when you have been admitted and are completing a UMUC certificate or degree.

To access information about degree progress, you need to submit official transcripts from all the colleges and universities you previously attended, including other institutions of the University System of Maryland, whether or not transfer credit will be requested or granted. UMUC may deny transfer credit from any institution not listed on the application for admission. Sources of transfer credit not listed at the time of admission or approved by an advisor after admission cannot be applied toward the UMUC degree.

An official evaluation/academic advisement report

- Includes all transfer credits applicable to your degree program
- Lists all courses you have completed at UMUC
- Incorporates other types of academic credit
- Remains in effect only while you remain continuously enrolled

In the academic advisement report, courses are applied to the most appropriate requirement remaining to be filled. Courses that could apply to multiple requirements are assigned to the first relevant category in the following order: requirements for your academic major, general education requirements, requirements for your academic minor (if you have one), and electives. Verification of other degree-wide requirements (such as minimum number of upper-level credits) follows and may affect the remaining credits needed for the degree.

You are responsible for submitting all pertinent academic documents (such as academic transcripts, confirmation of credit conferred by examination, or records of credit from military service schools) in a timely fashion to facilitate completion of your academic advisement report. To be considered official, documents must be sent directly from the issuer in either a sealed, unopened envelope or via an accepted secure electronic method. UMUC cannot accept official transcripts via fax or e-mail, regardless of the source. For more information, visit umuc.edu/transcripts.

**To help you, UMUC academic advisors**

- Review and explain your official evaluation.
- Create a tentative evaluation for you within three to five business days of receipt of your transcripts.
- Assist with selecting classes that fit your degree plan.
- Discuss your academic goals and assist you with choosing or changing your major, or starting a new program.

**To ensure you have a solid academic plan**

- Schedule and maintain regular appointments with your academic advisor.
- Consult with your academic advisor before enrolling in courses.
- Ask for assistance in a timely manner if you are unsure about university policies.

**Prepare for your advising appointment:**

- When scheduling an appointment, inform the local UMUC staff what you would like to accomplish during your meeting.
- Think of any questions you may have for the advisor about completing your academic program or starting a new one.
- If your official evaluation is not complete
  - Request a tentative evaluation at www.asia.umuc.edu/tentativeevaluation
  - Submit your unofficial transcripts at least three days prior to your appointment.
  - Request official copies of all outstanding military or civilian transcripts, or college-level test scores, to be sent to UMUC.
- If your official evaluation is complete
  - Review your degree requirements in MyUMUC (my.umuc.edu):
    - Student Center > My Academics > Academic Requirements
Go Army Ed

By completing the Common Application in the GoArmyEd portal, UMUC is notified that an official evaluation/student agreement is requested for a GoArmyEd student.

Documents required for an official evaluation include:

- CLEP, USAPI/DSST, Excelsior College Exams, or other test results, as appropriate
- Official transcripts from all colleges or universities attended—the form Transcript Request (UMAA-002) is available at education centers or online.
- Appropriate military documents
- Industry-specific certifications

An official evaluation cannot be started until an official transcript has been received directly from each institution attended, even when credit from one institution is posted on the transcript of another institution. It is your responsibility to ensure that all appropriate documents have been received by UMUC.

You may request an official evaluation/academic advisement report for a new program or new major/minor by contacting your academic advisor.

During your first session at UMUC, all records of previous educational experiences must be sent directly from each issuing institution (or other source, in the case of military educational experiences) to the Community College of the Air Force (CCAF) or who have SOCAD, SOCMAR, SOCONAV, or SOCCOAST agreements already have degree plans and are exempt from this requirement.

Review of International Records

If you are seeking a review of potential transfer credit from any international postsecondary educational institutions you may have attended, you need to:

- Be admitted and be seeking an undergraduate degree at UMUC.
- Mail your official international school documents or other official educational documents to the international credit evaluation services selected by UMUC. Information and forms are available at www.asia.umuc.edu/foreignstudents.
- Pay fees associated with the international evaluation.
- Have all official transcripts from any U.S. institution you previously attended sent to UMUC (see addresses listed below).

Transcript/Record Submission by Mail

Official documents should be mailed to the appropriate address, depending on carrier.

**Via U.S. Postal Service**

Attn: Transcripts
University of Maryland University College
3501 University Boulevard East
Adelphi, MD 20783-8070

**Via UPS, FedEx, or other Parcel Service**

Attn: Transcripts
University of Maryland University College
1616 McCormick Drive, Room 2386
Largo, MD 20774

UMUC’s agreement with the military services requires military students to submit all necessary documents and obtain a degree plan with UMUC by the deadline as stipulated by the service. Academic advisors can assist with further information.

Students who are pursuing an associate’s degree with the Community College of the Air Force (CCAF) or who have SOCAD, SOCMAR, SOCONAV, or SOCCOAST agreements already have degree plans and are exempt from this requirement.

**IMPORTANT INFORMATION FOR SERVICE MEMBERS**

UMUC's agreement with the military services requires military students to submit all necessary documents and obtain a degree plan with UMUC by the deadline as stipulated by the service. Academic advisors can assist with further information.

Students who are pursuing an associate’s degree with the Community College of the Air Force (CCAF) or who have SOCAD, SOCMAR, SOCONAV, or SOCCOAST agreements already have degree plans and are exempt from this requirement.

Scholastic and Administrative Standards

UMUC standards for academic rigor assess the degree to which you demonstrate content mastery, application of critical thinking skills, and adherence to UMUC’s code of academic integrity.

Institutional Credit

A course that may not apply toward graduation may be assigned credit value for purposes of course load per session and tuition. This institutional credit is included in your grade point average (GPA) and in determining your eligibility for financial aid and veterans education benefits. However, if you are required to take these courses, you do so in addition to the 120 units of graduation credit required for your bachelor’s degree or the 60 units required for your associate’s degree.

Grading Methods

There are four grading methods at UMUC: standard, pass/fail, satisfactory/D/fail, and audit. The most commonly used is the standard method. The pass/fail alternative is available only under limited conditions. The satisfactory/D/fail method is restricted to certain specified courses. Any course may be audited.

The following table defines the grades and marks; regulations and usage for each are discussed in the paragraphs that follow.

Standard

Unless you choose either the pass/fail or audit option for a particular course, you will be given a letter grade according to the standard method. Under the standard grading method, you are given a grade of A, B, C, D, F, or FN on the basis of your performance in meeting the requirements of the course. All grades received under the standard grading method are included in calculating the grade point average.

Pass/Fail

If you are a degree-seeking student, have earned 30 credits (including at least 15 credits at UMUC), and have a cumulative grade point average of 2.0, you may take one elective course each standard term (fall, spring, or summer) by the pass/fail method, up to a maximum of 18 credits. You must elect pass/fail grading at the time you register. This status may not be changed after the first week of classes.

This grading method is allowed only for electives. Courses
that fulfill general education requirements, major or minor requirements, or related requirements for the major may not be taken pass/fail, nor may pass/fail grading be used in retaking a course for which a letter grade was earned previously. If you register for pass/fail grading, you must still complete all the regular requirements of the course. The teacher evaluates your work under the normal procedure for letter grades and submits a regular grade. Grades of A, B, C, or D are then converted to the grade P, which is entered into the permanent record. A grade of F remains unchanged. Although a grade of P earns credit toward graduation, it is not included in calculating a grade point average. A failing grade carries no credit, and the failing grade is included in determining grade point averages.

Satisfactory/D/Fail
This grading method is available only on a limited basis, primarily for experiential learning courses. Although a grade of satisfactory (S) earns credit toward graduation, it is not included in calculating grade point averages. The grade of D earns credit and is included in computing grade point averages. A failing grade carries no credit, and the failing grade is included in the computation of grade point averages.

Audit
If you do not wish to receive credit, you may register for courses as an auditor once you are admitted. You must indicate this intention when you register. You may request to participate in a course or if you cease to attend or participate in a course or if you cease to attend or participate within the first 60 percent of the course and it cannot be replaced by a mark of W (definition follows). If you elect to repeat an incomplete grade for submitting the work. Together you and the faculty member agree on the remaining requirements of the course and the deadline for submitting the work. You must have completed at least 60 percent of the work in the course with a grade of C or better. You must request the incomplete before the end of the course. The procedure for awarding the mark of I is as follows: You must ask the faculty member for an incomplete. Faculty members cannot award an incomplete on their own initiative.

You should be aware that a mark of I in your final semester may delay graduation.

You should refer to UMUC policy 170.71 Policy on Grade of Incomplete at www.umuc.edu/policies for details.

You should be aware that a mark of I in your final semester may delay graduation.

Failure for Nonattendance: The Grade of FN
The grade of FN is assigned if you never attend or participate in a course or if you cease to attend or participate within the first 60 percent of the course and do not officially drop or withdraw from the course. An FN grade results in zero quality points and no credit earned. It is included in calculating your GPA and may affect your academic standing.

Passing: The Grade of P
The grade of P is posted after a teacher has evaluated coursework under the normal procedure for letter grades and has submitted a standard grade (A, B, C, or D). Then the Office of the Registrar converts that standard grade into the grade of P.

A passing grade is recorded on the permanent record and confers credit toward graduation. However, courses graded P are not included in calculating grade point averages.

Satisfactory: The Grade of S
The grade of S is equivalent to a grade of C or higher. This grade is used to denote satisfactory progress in an experiential setting or practicum, such as EXCL 301. Although the grade of S confers credit and appears on the permanent record, courses graded S are not used in determining grade point averages.

Unsatisfactory: The Grade of U
The grade of U indicates that work for the course was not completed at a satisfactory level. Although it appears on the permanent record, it carries no credit, and is not included in calculating the grade point average.

Substandard Performance: The Grade of D
The grade of D is the minimum passing grade and denotes borderline understanding of the subject. Only a limited amount of coursework in which the grade of D has been earned can be applied toward a degree. For additional information, you should refer to specific certificate and degree requirements in this catalog. Most colleges and universities will not accept transfer courses in which a D has been earned.

Grade under Review: The Mark of G
The mark of G is an exceptional and temporary administrative mark given only when the final grade in the course is under review. It is not the same as a mark of Incomplete.

Incomplete: The Mark of I
The mark of I (Incomplete) is an exceptional mark given only when your work in a course has been satisfactory but for reasons beyond your control, you have been unable to complete all the requirements of a course. The following criteria must be met:

- You must have completed at least 60 percent of the work in the course with a grade of C or better.
- You must request the incomplete before the end of the course.
- The procedure for awarding the mark of I is as follows:
  - You must ask the faculty member for an incomplete. Faculty members cannot award an incomplete on their own initiative.
  - The faculty member decides whether to grant the request.
  - The faculty member sets a date (no more than 120 days after the class end date) for completion of the remaining requirements of the course.
  - Together you and the faculty member agree on the remaining requirements of the course and the deadline for submitting the work.
  - You are responsible for completing and submitting the work prior to the set deadline.
  - After the work is completed, the faculty member submits a grade change to replace the mark of I on your record with a grade.

If the mark of I is not made up by the agreed-upon deadline (which is not to exceed the maximum time allowed after submission of the original grade), the I is changed to an F.

You should refer to UMUC policy 170.71 Policy on Grade of Incomplete at www.umuc.edu/policies for details.

You should be aware that a mark of I in your final semester may delay graduation.

The mark of I cannot be removed by means of credit by examination, and it cannot be replaced by a mark of W (definition follows). If you elect to repeat an incomplete course, you must register again for the course, pay all applicable tuition and fees, and repeat the course. For purposes of academic retention, the course grade is counted as an F. The mark of I is not used in determining grade point averages.

Failure: The Grade of F
The grade of F means a failure to satisfy the minimum requirements of a course. Although it carries no credit, it is included in calculating the grade point average. If you are assigned the grade of F, you must register again for the course, pay the applicable fees, repeat the course, and earn a passing grade to receive credit for that course.

The mark of I (Incomplete) is an exceptional mark given only when your work in a course has been satisfactory but for reasons beyond your control, you have been unable to complete all the requirements of a course. The following criteria must be met:

- You must have completed at least 60 percent of the work in the course with a grade of C or better.
- You must request the incomplete before the end of the course.
- The procedure for awarding the mark of I is as follows:
  - You must ask the faculty member for an incomplete. Faculty members cannot award an incomplete on their own initiative.
  - The faculty member decides whether to grant the request.
  - The faculty member sets a date (no more than 120 days after the class end date) for completion of the remaining requirements of the course.
  - Together you and the faculty member agree on the remaining requirements of the course and the deadline for submitting the work.
  - You are responsible for completing and submitting the work prior to the set deadline.
  - After the work is completed, the faculty member submits a grade change to replace the mark of I on your record with a grade.

If the mark of I is not made up by the agreed-upon deadline (which is not to exceed the maximum time allowed after submission of the original grade), the I is changed to an F.

You should refer to UMUC policy 170.71 Policy on Grade of Incomplete at www.umuc.edu/policies for details.

You should be aware that a mark of I in your final semester may delay graduation.

The mark of I cannot be removed by means of credit by examination, and it cannot be replaced by a mark of W (definition follows). If you elect to repeat an incomplete course, you must register again for the course, pay all applicable tuition and fees, and repeat the course. For purposes of academic retention, the course grade is counted as an F. The mark of I is not used in determining grade point averages.
Withdrawal: The Mark of W
The mark of W is assigned when you withdraw from a course. This mark will appear on your transcript, but will not be included in calculating your GPA. For purposes of financial aid, the mark of W is counted as attempted hours. You should confirm the last date for withdrawal because the course format (online or on-site) and location (Europe, Asia, Stateside) will determine the official withdrawal deadline dates.

You must withdraw from an online course before 65 percent of the total number of days in the session has expired. (For intensive format courses, you must submit withdrawals before the close of business on the first day of class.)

The mark of W can be posted only when you withdraw from the course through MyUMUC before the deadline for withdrawal. The withdrawal process is described on p. 7.

Procedures for withdrawing are detailed on the websites at www.asia.umuc.edu/withdrawal (Asia).

For most classes, this mark appears on your permanent record unless you withdraw before the end of a scheduled adjustment period. For intensive format courses, you must withdraw before the class starts to avoid a mark of W.

For purposes of academic retention, the mark of W is counted as attempted hours. It is not used in determining grade point averages.

GoArmyEd
GoArmyEd students must follow the withdrawal procedures presented in the GoArmyEd portal.

Changes in Grade
Faculty members may change a grade previously assigned no later than four months after the original grade was conferred previously.

To establish credit in a course previously failed or withdrawn from, you must register, pay the full tuition and applicable fees, and repeat the entire course successfully.

Limits on Repeating Courses
You may not register for the same course more than three times without prior approval. If you need to register more than three times for the same course, contact your advisor first for approval. Your advisor can also explain how repeating the course affects your GPA, transcript notations, and progress toward degree completion.

Calculation of Grade Point Average (GPA)
Your grade point average is calculated using the quality points assigned to each grade or mark (see list below). First, the quality-point value of each grade or mark is multiplied by the number of credits; then the sum of these quality points is divided by the total number of credits attempted for which a grade of A, B, C, D, or F/FN was received.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Quality Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4</td>
</tr>
<tr>

<td>2</td>
</tr>
<tr>
<td>D</td>
<td>1</td>
</tr>
<tr>
<td>F/FN</td>
<td>0</td>
</tr>
</tbody>
</table>

GPAs are computed separately for each degree after the first bachelor’s degree. Only courses applied toward a second bachelor’s degree are computed in the GPA for that degree, even if you earned a first degree at UMUC.

Grading Repeated Courses
If you repeat a course, only the higher grade earned in the two attempts is included in the calculation of your grade point average.

For purposes of academic retention, all approved attempts are counted, and all grades are entered on the permanent record, with a notation indicating that the course was repeat-ed. You cannot increase the total hours earned toward a degree by repeating a course for which a passing grade was conferred previously.

ACADEMIC AND ADMINISTRATIVE REQUIREMENTS

Academic Levels of Progress
There are four levels of academic progress: satisfactory, warning, probation, and dismissal. If you are in warning, probation, or dismissal status, you are notified of your status approximately three weeks after the end of the term. Warning or probation status notifications are sent via e-mail to your e-mail address of record. Dismissal status notifications are sent via e-mail to your e-mail address of record. No notification is sent if you are making satisfactory progress.

If you have questions about your academic progress, e-mail the Office of the Registrar at registrar-asia@umuc.edu.

Levels of Progress
The complete UMUC policy 158.00 Undergraduate Academic Levels of Progress is available online at www.umuc.edu/policies.

Satisfactory
If your cumulative grade point average is 2.0 or better, you are considered to be making satisfactory progress.

Warning
If your cumulative GPA is less than 2.0, you will be placed on academic warning. You will remain on academic warning as long as your cumulative GPA is less than 2.0 but your GPA for the term is 2.0 or better.

If you are on academic warning and your GPA for the term is 2.0 or better, your cumulative GPA is less than 2.0, you will continue on warning until you have completed courses at UMUC that raise your cumulative GPA to 2.0 or better.

While on academic warning, you are limited to a maximum enrollment of 7 credits per standard term until your academic progress returns to satisfactory.

Probation
If you are on academic warning or were admitted on provisional status and your GPA for the term is less than 2.0, you will be put on probation.

If your GPA for the term is 2.0 or better, you are on probation, but your cumulative GPA is less than 2.0, you will return to academic warning or provisional status.

While on academic probation, you are limited to a maximum enrollment of 7 credits per standard term until your academic progress returns to satisfactory.

Dismissal
If you are on probation and your GPA for the term is less than 2.0, you will be dismissed.

As long as you maintain an average of at least 2.0 during a particular term, you will not be dismissed at the end of that period, regardless of your cumulative GPA. Once dismissed, you must apply for reinstatement if you wish to continue your studies with UMUC. You are ineligible to register again for UMUC courses unless your application for reinstatement is approved.

Reinstatement After Dismissal
If you have been dismissed, you are required to wait at least one semester before petitioning to return. In your request for reinstatement, you must detail the steps you have taken since dismissal that demonstrate that you have improved your skills and made changes in your academic strategies that are more likely to result in academic success. You may also submit documentation that provides evidence to support your request for reinstatement.

If you are seeking reinstatement, you are required to:
- Wait at least one term (fall, spring, summer) after the dismissal term before petitioning for reinstatement.
- Have all your official transcripts from previously attended colleges and universities sent to UMUC, preferably before meeting with your academic advisor.
- Talk with an academic advisor before petitioning for reinstatement.
- Complete the forms provided by your academic advisor.

You may make an appointment to start the reinstatement process by contacting your local UMUC representative or at www.asia.umuc.edu/advising.

After your request, the advisor’s recommendation, and your petition have been reviewed, you will receive a written response. As a reinstated student, you will be placed on warning immediately or will retain provisional status, as appropriate. Further information is provided in UMUC policy 158.00 Academic Levels of Progress, available online at www.umuc.edu/policies.
Lambda Epsilon Chi
Lambda Epsilon Chi is the national honor society founded by the American Association for Paralegal Education (AAPEL), which recognizes the scholarship and leadership of students in higher education. There are more than 170 chapters throughout the United States and thousands of inductees who have been honored for their outstanding academic achievements.

Membership is by invitation only. To be eligible for membership, you must demonstrate “superior academic performance,” as evidenced by an overall grade point average of at least 3.25, as well as a grade point average of at least 3.5 in your paralegal/legal studies classes.

Lambda Pi Eta
Membership in Lambda Pi Eta, the official communication studies honor society of the National Communication Association, is open to qualified UMUC students. To be eligible, you must have earned at least 60 credits toward the bachelor’s degree, including at least 30 credits at UMUC and 12 credits in communication studies, with a GPA of 3.5 or higher both in communication studies and overall coursework.

National Society of Collegiate Scholars
The National Society of Collegiate Scholars is an honor society recognizing students who have completed fewer than 60 credits toward an associate or a bachelor’s degree and have shown academic excellence. The honor society encourages members to participate in honor society, university, and community events and provides resources to enable them to focus on their professional and leadership development.

To be eligible, you must be seeking a first associate or bachelor’s degree. You must have completed at least 12 credits at UMUC in courses graded A, B, C, D, or F and have a cumulative GPA of 3.4 or higher. In addition, you must have completed between 12 and 59 credits toward your degree. You are invited to join the honor society in the spring session.

Phi Kappa Phi
The honor society of Phi Kappa Phi promotes the pursuit of excellence in all fields of higher education and recognizes outstanding achievement by students, faculty, and others through election to membership and through various awards for distinguished achievement. To qualify for membership in Phi Kappa Phi, you must have completed at least 90 credits toward the bachelor’s degree, at least 45 of which must have been for UMUC courses carrying letter grades of A, B, C, D, or F. Your GPA in UMUC courses must be in the top 10 percent of the previous UMUC graduating class.

Pi Gamma Mu
Pi Gamma Mu is the international honor society for the social sciences and recognizes outstanding scholarship in the social sciences at UMUC. Membership is offered to qualified students interested in anthropology, criminal justice, economics, gerontology, history, legal studies, political science, social psychology, sociology, and women’s studies.

You must have completed at least 45 credits toward your degree to be eligible. If you have earned at least 20 credits in social science coursework (including at least 9 credits at UMUC) and have a GPA of 3.6 or higher, you may be invited to join.

SALUTE
SALUTE (Service - Academics - Leadership – Unity – Tribute - Excellence) is the first national honor society established for student veterans and military in two-year and four-year institutions of higher education. Members include retirees, disabled veterans, active-duty military, National Guard members, and reservists who are returning to higher education, starting second careers, or helping fund their college careers with military service.

If you have completed at least 12 credits as an undergraduate student at UMUC and have a cumulative GPA of 3.0 or higher, you are invited to apply. In addition, you must qualify as a military/veteran student under locally derived and maintained definitions. In other words, you must have served or currently be serving in the military, National Guard, or reserves; if no longer serving, you must have been honorably discharged from service. You must also have served as a mentor in the One2One tutoring program for at least one term or be an active Mil-Vet Checkpoint communicator (posting feedback on articles or to the social wall at least twice a month) and maintain the highest ethical standards.

Sigma Phi Omega
Sigma Phi Omega is a national academic honor and professional society in gerontology that seeks to promote scholarship, professionalism, friendship, and services to older persons and to recognize exemplary attainment in gerontology and aging studies and related fields. Student membership is open to undergraduate students majoring or minoring in gerontology and aging services, social science (with a focus on gerontology), and related fields. You must be in at least your second term of enrollment, have completed a minimum of 12 credits at UMUC, and have a GPA of at least 3.3.

Sigma Tau Delta
Membership in Sigma Tau Delta, the international English honor society, is open to qualified UMUC students with a major in English. To be eligible, you must have earned at least 45 credits toward the bachelor’s degree with an overall GPA of 3.5 or higher. At least 30 credits must have been earned through UMUC and must include 12 credits of English, not including WRTG 101, and 6 credits of upper-level coursework. You must also have earned a GPA of 3.6 in English coursework at UMUC.

Upsilon Phi Delta
Upsilon Phi Delta is a national academic honor society founded by the Association of University Programs in Health Administration for students in health care management and policy and designed to recognize, reward, and encourage academic excellence in the study of health administration. To be eligible for undergraduate student membership, you must have a cumulative GPA of 3.25 or higher and at least 18 credits of coursework in health services management with a GPA of 3.25 or higher in those courses.

Upsilon Pi Epsilon
Upsilon Pi Epsilon is a national academic honor society founded by the Association of University Programs in Health Administration for students in health care management and policy and designed to recognize, reward, and encourage academic excellence in the study of health administration. To be eligible for undergraduate student membership, you must have a cumulative GPA of 3.25 or higher and at least 18 credits of coursework in health services management with a GPA of 3.25 or higher in those courses.

Phi Kappa Phi
Phi Kappa Phi promotes the pursuit of excellence in all fields of higher education and recognizes outstanding achievement by students, faculty, and others through election to membership and through various awards for distinguished achievement. To qualify for membership in Phi Kappa Phi, you must have completed at least 90 credits toward the bachelor’s degree, at least 45 of which must have been for UMUC courses carrying letter grades of A, B, C, D, or F. Your GPA in UMUC courses must be in the top 10 percent of the previous UMUC graduating class.

Pi Gamma Mu
Pi Gamma Mu is the international honor society for the social sciences and recognizes outstanding scholarship in the social sciences at UMUC. Membership is offered to qualified students interested in anthropology, criminal justice, economics, gerontology, history, legal studies, political science, social psychology, sociology, and women’s studies.

You must have completed at least 45 credits toward your degree to be eligible. If you have earned at least 20 credits in social science coursework (including at least 9 credits at UMUC) and have a GPA of 3.6 or higher, you may be invited to join.

SALUTE
SALUTE (Service - Academics - Leadership – Unity – Tribute - Excellence) is the first national honor society established for student veterans and military in two-year and four-year institutions of higher education. Members include retirees, disabled veterans, active-duty military, National Guard members, and reservists who are returning to higher education, starting second careers, or helping fund their college careers with military service.

If you have completed at least 12 credits as an undergraduate student at UMUC and have a cumulative GPA of 3.0 or higher, you are invited to apply. In addition, you must qualify as a military/veteran student under locally derived and maintained definitions. In other words, you must have served or currently be serving in the military, National Guard, or reserves; if no longer serving, you must have been honorably discharged from service. You must also have served as a mentor in the One2One tutoring program for at least one term or be an active Mil-Vet Checkpoint communicator (posting feedback on articles or to the social wall at least twice a month) and maintain the highest ethical standards.

Sigma Phi Omega
Sigma Phi Omega is a national academic honor and professional society in gerontology that seeks to promote scholarship, professionalism, friendship, and services to older persons and to recognize exemplary attainment in gerontology and aging studies and related fields. Student membership is open to undergraduate students majoring or minoring in gerontology and aging services, social science (with a focus on gerontology), and related fields. You must be in at least your second term of enrollment, have completed a minimum of 12 credits at UMUC, and have a GPA of at least 3.3.

Sigma Tau Delta
Membership in Sigma Tau Delta, the international English honor society, is open to qualified UMUC students with a major in English. To be eligible, you must have earned at least 45 credits toward the bachelor’s degree with an overall GPA of 3.5 or higher. At least 30 credits must have been earned through UMUC and must include 12 credits of English, not including WRTG 101, and 6 credits of upper-level coursework. You must also have earned a GPA of 3.6 in English coursework at UMUC.

Upsilon Phi Delta
Upsilon Phi Delta is a national academic honor society founded by the Association of University Programs in Health Administration for students in health care management and policy and designed to recognize, reward, and encourage academic excellence in the study of health administration. To be eligible for undergraduate student membership, you must have a cumulative GPA of 3.25 or higher and at least 18 credits of coursework in health services management with a GPA of 3.25 or higher in those courses.

Upsilon Pi Epsilon
Upsilon Pi Epsilon is a national academic honor society founded by the Association of University Programs in Health Administration for students in health care management and policy and designed to recognize, reward, and encourage academic excellence in the study of health administration. To be eligible for undergraduate student membership, you must have a cumulative GPA of 3.25 or higher and at least 18 credits of coursework in health services management with a GPA of 3.25 or higher in those courses.
ACADEMIC AND ADMINISTRATIVE REQUIREMENTS

TRANSCRIPT SERVICES
Official academic records are maintained by the Office of the Registrar at UMUC. Official transcripts show all graded coursework taken through UMUC. A summary of your transfer credit from other institutions (including other institutions in the University System of Maryland) is also listed on your official transcript, if you have standard status and received an official evaluation. Your records are considered confidential. Therefore, UMUC releases transcripts only upon receiving an online transcript request from you and payment of the appropriate fee. Online requests are accepted through MyUMUC and authenticated through your personal login credentials. An electronic release form is provided during the request process and serves as your official signature.

Procedures for requesting transcripts are available online at www.umuc.edu/transcripts. A fee is charged for each UMUC transcript that is issued; an additional fee is charged for rush processing. Transcripts should be requested at least two weeks before they will actually be needed. No transcripts will be released until all financial obligations to the university have been satisfied in accordance with USM policy.

CHANGE OF ADDRESS OR NAME
If you move during the session, you should not only leave a forwarding address with the postal authorities but should also notify UMUC by updating your personal information through MyUMUC. If you are leaving Asia or Europe, you must also submit a relocation form through MyUMUC. If you are leaving Asia or if you are changing your name, you must also notify UMUC by updating your personal information through MyUMUC. Your request can be made through MyUMUC, but must be followed by mailing in the requested documents. To ensure accurate and complete student records, you must continue to register under your former name until the request and documentation have been forwarded and processed.

The Demographic Information Update Form may also be used to update/change your name, telephone number, permanent address, e-mail address, date of birth, social security number, and/or emergency contact information. The form is found at www.umuc.edu/students/support/records/upload/demographicupdate.pdf or through MyUMUC.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
UMUC complies with the Family Educational Rights and Privacy Act (FERPA), a federal law that protects the privacy of students’ education records. In accordance with FERPA, you have the right to inspect and review your education records; seek an amendment of your education records, where appropriate; limit disclosure to third parties of directory information (student information that may be released without your prior written consent); and file formal complaints alleging a violation of FERPA with the Department of Education. In addition, FERPA provides that most of your student information may not be released to third parties without your prior consent.

UMUC’s Policy 210.14 Disclosure of Student Records contains an explanation of information that may be disclosed with and without prior consent, as well as procedures for requesting amendments to records, requests for nondisclosure, and filing of complaints. Requests for inspection of your student records may be sent to exception.request@umuc.edu. For another person to act on your behalf as a student, a power of attorney is required. More information on FERPA, including disclosures to third parties, can be found at www.umuc.edu/current-students/finances/financial-aid/financial-aid-policies/ferpa.cfm.

CERTIFICATES, DIPLOMAS, AND GRADUATION

UMUC awards certificates and degrees three times each academic year: in fall, spring, and summer. Commencement ceremonies each spring recognize AA, BA, and BS candidates who have earned their degrees in any of the three degree periods. If you are graduating in May or graduated in August or December of the previous year, you are invited to participate in the commencement ceremony.

To be eligible to march at commencement as a spring degree candidate, you must be able to demonstrate that you will complete all degree requirements by the degree conferral date (30 May).

Certificate/Graduation Application Deadlines
If you expect to complete requirements for your program, you are responsible for making sure you have reviewed your academic advisement report (AAR) with an academic advisor, have applied for graduation through MyUMUC, and have paid the appropriate fee (currently $50). Certificate/Graduation Applications are available through MyUMUC. Follow links from the Student Center to MyAcademics, then Apply for Graduation.

This may be done at the time you register for your final term or by the following deadlines:

<table>
<thead>
<tr>
<th>Graduation Term</th>
<th>Application Deadline</th>
<th>Graduation Date</th>
</tr>
</thead>
<tbody>
<tr>
<td>Fall</td>
<td>15 October</td>
<td>30 December</td>
</tr>
<tr>
<td>Spring</td>
<td>15 February</td>
<td>30 May</td>
</tr>
<tr>
<td>Summer</td>
<td>15 June</td>
<td>30 August</td>
</tr>
</tbody>
</table>

If your application is received after the deadline, it will be evaluated for the next graduation term.

Clearance Process for Graduation
Once you have applied for graduation, Graduation Services reviews your academic requirements and determines whether you are cleared for graduation. If you do not complete degree requirements in the term in which you first applied for graduation, your graduation application will automatically be moved to the next term. You will not be required to reapply, and you do not need to pay the application fee again. Any missing or required documentation should reach UMUC no later than the expected graduation date and should be sent to:

Attn: Transcripts
University of Maryland University College
3501 University Boulevard East
Adelphi, MD 20783-8070
Noncompletion of Degree/Certificate Requirements
If you do not complete the degree requirements in time for the graduation date for which you have applied, then your application will be moved to the next graduation period and you will not be required to pay the application fee again. You will be informed of remaining requirements.

Issuance of Diplomas, Official Transcripts, and Letters of Completion
All AA, BA, and BS graduates, as well as certificate recipients, can expect to receive their diplomas/certificates and a complimentary transcript by mail from the Office of the Registrar approximately four weeks after the graduation date.

Degrees and certificates are posted on transcripts only three times each academic year. Transcripts are not updated to show program completion, nor are diplomas and certificates mailed out, until the degree has been awarded, even if all requirements have been completed.

If you require verification of your degree completion prior to the graduation date, you may request a letter of completion (LOC) once you have completed your degree coursework by sending an e-mail to graduationserv@umuc.edu. You should be sure to include your name, Empl ID, mailing address, and how you would like to receive your LOC (e-mail, mail, or fax). If your letter needs to be sent to a third party, please include that information in your e-mail. After the graduation date has passed, you must request an official transcript for degree completion verification.

Degree Verification
UMUC has authorized the National Student Clearinghouse to provide degree verification. Employers and background screening firms must contact the clearinghouse directly for this information, for which a fee is charged. Information on this service may be found at www.studentclearinghouse.org. Degrees will not be verified until all financial obligations to the university have been fulfilled.

Conference Courses
Conference courses are exceptional and can only be conducted if you are a UMUC degree candidate who is within 9 credits of completing your bachelor’s degree requirements. All of the following criteria must be met:

- You have submitted a Graduation Application for the next graduation date (i.e., fall, spring, summer).
- You have a valid reason for needing to complete the degree by that time (e.g., relocation, job offer).
- The specific course essential for graduation is not available to you at any location within commuting distance, online, or through any other approved source prior to the proposed graduation date.

If the criteria are met, permission from the director, Student Services must be requested in writing. Note: Mathematics, statistics, foreign language, and most computer, writing, and accounting courses require extensive interaction with a faculty member, either in the classroom or online, and are not offered as conference courses.

Academic Integrity
Integrity in teaching and learning is a fundamental principle of a university. As a member of the International Center for Academic Integrity (www.academicintegrity.org), UMUC subscribes to the center’s definition of academic integrity as “a commitment, even in the face of adversity, to six fundamental values: honesty, trust, fairness, respect, responsibility, and courage.” UMUC believes that all members of the university community share the responsibility for academic integrity.

As a UMUC student, you are expected to conduct yourself in a manner that will contribute to the maintenance of academic integrity. You are responsible for understanding and avoiding academic dishonesty and plagiarism, whether it be intentional or unintentional. Attempts to engage in academic misconduct or to assist others in doing so are prohibited. Resources to help you uphold the highest standards of academic integrity are available at umuc.edu/academic-integrity.

Intellectual Property
The primary mission of universities is to create, preserve, and disseminate knowledge. When that knowledge takes the form of intellectual property, a university must establish a clear and explicit policy that will protect the interests of the creators and the university while ensuring that society benefits from the fair and full dissemination of that knowledge. UMUC’s policy on intellectual property is available online at umuc.edu/intellectual-property.
Appealing a Grade
College and university students inevitably encounter faculty members who vary widely in teaching philosophy and demeanor and who use different teaching styles. Not only is teaching influenced by course content, there are also many ways of conveying the same material. It is only natural that you will like the style and personality of some faculty members more than others. Disagreement with a faculty member over demeanor and teaching style, however, is not grounds for a grade appeal. You have the opportunity to express your opinions on these matters through the course evaluation forms you complete for every UMUC course.

Regardless of teaching style, it may happen that you believe a faculty member’s determination of your final course grade has been arbitrary and capricious. The phrase “arbitrary and capricious grading” is defined in UMUC Policy 130.80 as:

- A final course grade assigned on some basis other than performance in the course; or
- A final course grade assigned by resorting to unreasonable standards different from those that were applied to other students in that course; or
- A final course grade assigned by a substantial, unreasonable, or unannounced departure from the faculty member’s previously articulated grading standards.

The established performance standards for a course grade are communicated in the syllabus and other course materials. If you believe your final grade has not been based on such standards, you may pursue the appeal process. You should first confer promptly with the faculty member of the course. There is a time limit on appealing a grade; if you want to appeal a grade, you must initiate the appeal process within 30 days of the posting of the grade.

If you have not been able to contact the faculty member after a reasonable effort, or if you and the faculty member cannot, after consultation, reach a satisfactory resolution, you may file a written request with the appeal administrator (the associate vice provost, UMUC Asia) asking how the final grade was calculated.

Procedures for appealing a grade are detailed in UMUC Policy 130.80 Procedures for Review of Alleged Arbitrary and Capricious Grading, found at www.umuc.edu/policies.

Attendance and Participation
You are responsible for attending all classes and any related activities regularly and punctually. Faculty may base part of the final grade on class participation.

According to the university’s definition of a unit of credit (described in Policy 160.00), you should expect to spend 42 to 45 hours of coursework (online or on-site class discussions and activities, additional study, readings, and preparation of assignments) for each credit you earn. As a rule of thumb, for an eight-week class you should estimate six hours a week in classroom activities and twice that amount of time outside of class in study, assigned readings, and preparation of assignments. You are expected to achieve the same intended learning outcomes and do the same amount of work in an online course as you would in an on-site course. Active participation is required in all online courses, and you should expect to log in to your online courses several times a week.

Absence from class does not excuse you from missed coursework. You are responsible for obtaining detailed information about missed class sessions, including their content, activities covered, and any announcements or assignments. Failure to complete any required coursework may adversely affect your grade. Faculty are not expected to repeat material that you missed because of your absence from class.

Students who exceed the number of authorized absences from class meetings, as specified in the course syllabus, and do not formally withdraw, may receive a failing grade of “F” (failure) or “FN” (Failure Non-attendance) in the course (s) which award credit. Additionally, a student who has excessive unexcused absences and does not formally withdraw, may receive a failing grade of “F” (failure) or “FN” (Failure Non-attendance) in the course (s) which award credit. You may not give permission to another person to accompany you to an on-site class meeting, to attend an on-site class meeting in your place, or to access or attend your online class.

Code of Civility
To promote a positive, collegial atmosphere among students, faculty, and staff, UMUC has developed the following Code of Civility:

Respect
Treat all students, faculty, and staff with respect and in a professional and courteous manner at all times and in all communications, whether in person or in written communication (including e-mail).

Kindness
Refrain from using profanity, insults, or other disparaging remarks.

Truth
Endeavor to cite only the truth and not knowingly misrepresent, mischaracterize, or misquote information received from others.

Responsibility
Take responsibility for one’s own actions instead of blaming others.

Cooperation
Work together with other students, faculty, and staff in a spirit of cooperation toward the common goals of seeking and providing quality education.

Privacy
Strive to uphold the right to privacy and not talk about others.

Nondiscrimination
Respect the differences in people and their ideas and opinions and reject bigotry.

The Code of Civility and other information is available in the Student Handbook at umuc.edu/studenthandbook.

Student Conduct
You are subject to UMUC Policy 151.00 Code of Student Conduct, which can be found at umuc.edu/policies or is available from the Office of the Registrar. Violations of the code are considered to be violations of UMUC policy and are grounds for discipline by UMUC. Allegations of misconduct by UMUC students should be referred to the provost.

Examinations
You are responsible for obtaining information about quizzes and examination schedules and policies.

Make-up examinations and tests may be given to students who for valid reasons are unable to take exams at the scheduled time. Faculty are not required to offer make-up examinations because of your absence unless you can present evidence that it was caused by unavoidable circumstances or occurred on a religious holiday.

In such cases, an examination may be rescheduled for the mutual convenience of you and the faculty member and must cover only the material for which you were originally responsible. Such a rescheduling must not cause a conflict with your other classes. If you must be absent from a course excessively, you should confer with the faculty member.

UMUC Policy 51.00 Religious Observances may be found at www.umuc.edu/policies.

Relocating Within UMUC
If you wish to transfer from one UMUC campus to another (UMUC Asia, UMUC Europe, or UMUC Stateside), you must complete the relocation request form in MyUMUC (my.umuc.edu). Your records will then be automatically available for the selected UMUC campus. You are required to complete the relocation request form within 15 days after you relocate. There is no fee for relocations.

Student Grievance Procedures
To file a formal complaint concerning the actions of members of the UMUC faculty or administrative staff, you must follow procedures detailed in UMUC Policy 130.70 Student Grievance Procedures, which is available at www.umuc.edu/policies. If you wish to seek redress for the acts or omissions of a faculty or staff member, you must first request a conference with that person and attempt to resolve the complaint informally within 14 days of the alleged act or omission.
Technology Use

Internet Access

UMUC is committed to ensuring that you have access to up-to-date resources and acquire the level of fluency in information technology you need to participate actively in contemporary society. As a UMUC student, you must be prepared to participate in asynchronous, computer-based class discussions, study groups, online database searches, course evaluations, and other online activities whether your course is held online or in an on-site classroom.

You must therefore ensure that you have access to the Internet and a current e-mail address. If you do not have Internet access through a home computer, you may use one at a UMUC computer lab, a university or public library, or another source.

However, that source should be regularly available, and you may need to be able to submit assignments electronically.

The most current technical requirements are available online at www.umuc.edu/techreq.

Electronic File Sharing

Peer-to-peer programs permit computers to share data in the form of music, movies, games, computer files, and software.

As a user of the UMUC network, you are required to comply with federal copyright laws. You are not permitted to share unauthorized copyrighted material over the UMUC network, whether you are using your own computer or a university computer.

Any unauthorized distribution of copyrighted materials on the university network, including peer-to-peer file sharing, is a violation of federal law and UMUC policies. Violations may lead to disciplinary proceedings and, in some cases, civil and criminal legal action. UMUC’s computing resources policies can be found online at www.umuc.edu/computerresource. UMUC’s computer use policy can be found at www.umuc.edu/computerpolicy.

More information on how to legally download music is available on the Recording Industry Association of America website at www.riaa.com. More information on how to legally download movies and television programs is provided on the Motion Picture Association of America website at www.mpaa.org.

Transfer of Credits from UMUC

To have credits earned through UMUC transferred, you must obtain authoritative guidance from the destination institution to which you intend to transfer — even if it is another institution in the University System of Maryland.

Only that institution can answer specific questions about its own residency and degree requirements or about the applicability of UMUC courses to its curricula.

Summary of Student Responsibilities

Meet Admission Requirements

<table>
<thead>
<tr>
<th>Submission Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Complete online application through MyUMUC (or through GoArmyEd portal for Army students) Prior to registration deadline for your classes</td>
</tr>
<tr>
<td>Validate eligibility—visit nearest UMUC office to have military ID verified As soon as possible after submitting application—no later than first day of classes</td>
</tr>
<tr>
<td>Pay non-refundable application fee During the session you apply (consortium students must submit an Application Fee Waiver Request at the time you apply to have the fee waived)</td>
</tr>
<tr>
<td>Submit high school transcripts or proof of high school equivalency During the first term after you apply, have transcripts sent directly to UMUC Stateside (also submit official college transcripts, if transferring 24 or more credits)</td>
</tr>
<tr>
<td>Applicants Educated in Another Language—submit proof of English proficiency Prior to first enrollment</td>
</tr>
<tr>
<td>Applicants Educated in Another Language with fewer than 30 credits from an approved U.S. college or university — submit an evaluation from an approved international agency or GED scores By the end of the first term of study</td>
</tr>
</tbody>
</table>

Tentative Evaluation

As soon as possible: Provide unofficial transcripts to your academic advisor to receive a no-cost evaluation of credit and find out which courses you need for your degree.

Official Evaluation

During your first session, request official transcripts from all previous institutions attended and your military documents to be sent directly to UMUC Stateside for review.

Contact or visit your academic advisor

At least once a year; preferably once each term.

Register for Courses

<table>
<thead>
<tr>
<th>Last Date to Register</th>
</tr>
</thead>
<tbody>
<tr>
<td>Start date of the course (various start dates)</td>
</tr>
<tr>
<td>The day before the start date of the session (usually a Sunday)</td>
</tr>
<tr>
<td>Five days prior to the start date (usually a Wednesday)</td>
</tr>
</tbody>
</table>

Change Your Grading Method

<table>
<thead>
<tr>
<th>Deadline to Choose Pass/Fail, Audit, or Standard</th>

SERVICES AND RESOURCES

Availability of Services
UMUC provides numerous services and resources to help you complete your educational program from anywhere in the world—through systems and resources available online, by e-mail and telephone communication, and in person at your local education center, as well as throughout the Maryland area and many military sites worldwide (listed at www.umuc.edu/locate). A number of offices are responsible for the delivery of these services, including Admissions, Advising, Career Services, Student Financial Services, Student Services, Information Technology, the UMUC Library, and the Office of the Registrar.

Among these, the Offices of Advising, Student Services, and the Registrar respond to most of your academic needs throughout your college career, providing general information; admission assistance; academic advising; registration, graduation, and transcript services; veterans benefits assistance; and services for disabled students. Contact information for the UMUC office nearest you is available at www.asia.umuc.edu/locations.

Accessibility Services
Reasonable accommodations are available to help you if you have a disability and are enrolled in any program offered at UMUC.

You should make your request for accommodations as early as possible to allow sufficient time for requests and documentation to be reviewed and proper arrangements made. Such requests must be made every session.

If you wish to receive accommodation because of a disability, you must officially register with Accessibility Services. To do so, you must first submit documentation of your disability. Depending on the disability, documentation may include secondary school records; medical, psychiatric, or psychological reports and diagnoses; or a psychoeducational evaluation. The documentation must provide clear and specific evidence of a disability and recommended accommodations from a qualified licensed professional.

Once documentation is received, Accessibility Services will notify you of the status of your file and schedule an intake appointment, which may be held by phone, via e-mail, or in person. During the appointment, an intake form is completed and services and procedures are discussed.

Note: All UMUC students are required to comply with university policies and procedures and meet the academic requirements of all undergraduate certificate and degree programs. You should review the program requirements listed in this catalog. You should not apply to a UMUC certificate or degree program with the expectation that any academic requirement will be waived or that substitutions will be allowed.

For more information, you should contact the Director, Student Services or e-mail services-asia@umuc.edu, or visit www.umuc.edu/accessibility.

Alumni Association
The UMUC Alumni Association, founded in 1990, fosters and perpetuates lifelong relationships between alumni and the university. Its mission is to support, enhance, and promote UMUC and its alumni community.

Membership in the Alumni Association is free for all UMUC graduates. The association invites graduates to stay connected through volunteer service, social events, career networking, and philanthropy. Benefit programs and resources include career services, networking opportunities, affinity partner discounts, and special alumni events held both online and on-site.

Membership in the UMUC Alumni Association offers an exceptional opportunity to expand personal and professional networks. UMUC currently has more than 210,000 graduates in 47 states and 24 countries. UMUC alumni work in nearly all major international and Fortune 500 organizations, federal agencies, branches of the military, and private industry.

For more information on the Alumni Association and how to activate free membership, visit www.umucalumni.org. The Alumni Association can also be found on Facebook, LinkedIn, and Twitter.

Career Services
Career Services provides resources and services to inform, prepare, and connect UMUC students and alumni worldwide with their career and job search needs. To access Career Services, you should activate your account on CareerQuest, UMUC’s online career portal, at www.careerquest.umuc.edu using your UMUC login credentials.

Tools and Resources
Career Services offers a variety of online tools and resources, available online 24 hours a day, that can be useful in the career planning and job-search process. Resources include résumé builders and templates, online mock interviews, video job-search tips, mentor matching, occupational information, employer and graduate school directories, job hunting guides, and career resource literature.

Job-Search Services
UMUC offers several services designed to fulfill the employment needs of UMUC students and alumni, including employer recruitment sessions and job fairs (held online and on-site); employability skills workshops, such as résumé writing and interview preparation; and job-search tutorials. CareerQuest enables you to search job listings and post résumés for prospective employers.

Career Development and Planning
Career Services staff are available to provide personalized attention to help you clarify your skills, interests, and work-related values; make career-life-related decisions; research career options; plan for further study; and search for employment, whether you are new to your career field, making a career transition, or looking for guidance on how to climb the corporate ladder as an experienced professional.

Career advising services are available by appointment (on-site and by phone, video chat, and e-mail) and can be scheduled via CareerQuest. Call +1-800-888-UMUC (8682) ext. 2,270 or visit www.umuc.edu/careerservices for more information.

Career Services also offers webinars and workshops to support the unique needs of UMUC students and alumni.
Computer Labs and Services
UMUC computer labs are available at many UMUC sites. These labs are available primarily for the use of students completing coursework but are also open to faculty members, staff, and alumni on a first-come, first-served basis on presentation of a valid UMUC ID. You must bring media to save data or documents. Acceptable media include flash drives or thumb drives. Lab assistants are available during scheduled hours to help you with resident software programs, but cannot provide tutoring. If you are considering enrolling in online courses, you should review the technical requirements at www.umuc.edu/techreq for the most current detailed information.

Technical support related to your online courses is available 24 hours a day, seven days a week, at www.umuc.edu/help or +1-888-360-UMUC (8682).

The UMUC Library

The UMUC Library serves to educate students, faculty, and staff in the use of library and information resources and services, emphasizing the critical importance of information literacy knowledge and skills for success in today’s information-rich world. The office also develops and manages extensive online library resources and user-centered services for UMUC students, faculty, and staff worldwide.

Library Resources

The UMUC Library provides access to a rich collection of research materials on a variety of topics (e.g., business, social science, science, arts and humanities, and computer and information systems). You can access an extensive array of subscription research databases containing tens of thousands of full-text articles, as well as thousands of electronic books, through the UMUC Library home page at www.umuc.edu/library or through the learning management system.

UMUC Library OneSearch allows you to search for scholarly articles, books, and other research resources via a single search engine in most of the databases to which the UMUC Library subscribes, either directly or as additional resources. The UMUC Library has also created subject-specific resource guides to serve as a beginning place for research. Each guide includes subject-relevant research databases, books, websites, and other relevant resources.

At most military installations where UMUC offers courses, the Army, Air Force, Marine Corps, or Navy maintains a library, usually staffed by professional librarians. The combined holdings of the libraries, including several million books and audio-visual materials, are available to all UMUC students. Many libraries also have computers with internet connections as well as computers which connect to a selection of research databases available from inside the library only.

Faculty resources are available online in the UMUC Library. These databases are maintained specifically to augment faculty members’ personal resources by providing background materials for use in preparing and conducting their classes.

Library Instruction and Research Assistance

To help you gain the in-depth research skills needed to locate, evaluate, and use the rich research resources available, the UMUC Library offers library instruction, both in person and within the learning management system. This instruction serves to complement and reinforce skills and information provided in LIBS 150 Introduction to Research. Faculty members may contact the UMUC Library to request a library instruction session. Reference and research assistance is available daily (except holidays) during regularly scheduled hours (EST) through the library webpage under Ask a Librarian. For a complete list of library services, you should visit www.umuc.edu/library.

MyUMUC

Through MyUMUC (my.umuc.edu), you have access to many of your personal UMUC records. The system enables you to register and pay for courses, change personal information (such as home address or phone numbers), view and print reports (such as your class schedule, grade report, statement of account, unofficial transcript, and academic advisement report), and check on the status of your financial aid application. To access services, you must enter your UMUC login credentials.

A glossary of terms used in MyUMUC may be found in the appendices.

Sexual Misconduct Awareness

UMUC is committed to providing an education and work environment that is free from sexual misconduct—a form of discrimination based on sex or gender that includes dating violence, domestic violence, sexual exploitation, sexual harassment, sexual intimidation, sexual violence, and stalking. UMUC promotes awareness and addresses sexual misconduct issues through educational programs, training, and complaint resolution. All administrators, supervisors, and faculty members are required to promptly and appropriately report allegations of sexual misconduct that are brought to their attention.

If you have any questions regarding sexual misconduct or need to report a complaint, contact:

- Title IX Investigator, UMUC Asia
  DSN: 315-225-2090
  CIV: +81-042452-2510, ext. 52090
  E-mail: titlexinvestigator-asia@umuc.edu

- Title IX Investigator, UMUC Europe
  CIV: +49-(0)631-534-80368
  E-mail: titlexinvestigator-europe@umuc.edu

If you have any questions regarding sexual misconduct, refer to UMUC Policy 041.00 Sexual Misconduct for details at www.umuc.edu/policies.

Student Advisory Council

The Student Advisory Council provides advice to the university administration, and thus serves as an avenue for you and your fellow students to provide feedback about UMUC’s mission and overall direction. The council consists of 12 members, elected by the student body, who act in an advisory capacity to the university leadership. The council does not have the authority to act on behalf of individual students but instead provides recommendations for the improvement of UMUC for the benefit of all.

If you would like to see certain issues addressed or have questions, you should contact your council representative by e-mail at stac@umuc.edu.

More information on shared governance is available at www.asia.umuc.edu/stac.

Tutoring and Student Organizations

A variety of services are available to you if you are interested in academic support and social engagement beyond the classroom. Online tutors are available in selected classes. You may also choose to work with a peer tutor in various subjects. More information is available at www.umuc.edu/tutoring or from the Student Success Team at studentsuccess@umuc.edu.

Student organizations also offer you the opportunity to network with other students with similar interests, ask questions of faculty, engage in your field of interest, and discuss related topics in an online forum. Visit www.umuc.edu/clubs for a list of active student organizations and instructions on becoming a member.

Writing Resources and Tutoring

UMUC’s online Effective Writing Center is available 24 hours a day. The center’s experienced, trained advisors help you develop key writing skills by providing individual online tutoring, self-study modules, and other writing resources.

You can submit assignments for review and schedule live online advising sessions via MyUMUC. In addition to providing writing advice, the Effective Writing Center hosts the “Online Guide to Writing and Research” and various other multimedia resources. You can also join the Effective Writing Center’s Google+ community. The Effective Writing Center may be accessed on the web at www.umuc.edu/ewc or through MyUMUC. If you have any questions, e-mail them to writingcenter@umuc.edu.
Bridge and Doldari Course Sequence

You can be admitted as either “Bridge” or “Regular,” depending on your status and current proficiency level. Your scores must be from within the last seven years. Upon successful completion of the program, you may take other undergraduate courses and pursue a UMUC degree as a “Regular” student.

Doldari Program
The Doldari Program is offered in Korea only. It mirrors the Bridge program in course structure and admissions requirements. Enrollment in the Doldari Program is limited to people who have base access and are eligible to attend UMUC Asia. For more information, please contact the Bridge/Doldari Program Office.

Bridge Program
UMUC Asia offers the Bridge Program to ESL learners who have had previous study in the English language but have not achieved the required test scores to become regular students. The five-course sequence, with an optional sixth course, is designed to help you improve fundamental oral and written skills in academic English. The Bridge Program provides a foundation for success in future classes to facilitate your transition into the U.S. higher education environment.

The Bridge Program is currently established in Okinawa, Misawa, Sasebo, Iwakuni, Yokota, and Yokosuka. This program is open to individuals with or without SOFA status, though different admission procedures apply.

Non-SOFA students must have an official certificate of English proficiency from TOEFL, EIKEN, or IELTS prior to admission to the Bridge Program. Non-SOFA Japanese citizens who wish to take courses with UMUC must first be approved by their prefectural governmental agency. As a base employee (IHA/MLC), you must provide an endorsement letter from your supervisor to confirm eligibility. You should contact the Bridge Program Office for more information about the designated agency.

If you are a student with SOFA status for whom English is not your native language, you may enter without an English proficiency score, but you must begin with the first course in the sequence.

CERTIFICATES

To help you meet your educational goals, UMUC offers certificate programs that respond to current trends in today’s demanding job market. Certificate programs offer working adults a convenient, flexible way to earn credentials for potential career advancement. All are available online.

The undergraduate certificate programs generally require 16 to 18 credits. All courses for the certificate programs carry college credit and may be applied toward a degree.

CURRICULA

The following certificate programs are available:
- Accounting Foundations Certificate
- Computer Studies Certificate
- Foreign Language Area Studies Certificate
  - Japanese
  - Korean
- Certificate in Management

COMMON CERTIFICATE REQUIREMENTS

- You must be admitted as a UMUC student.
- You are responsible for notifying UMUC of your intention to complete certificate work before you complete your last course. (The application is available at https://my.umuc.edu.)
- You may pursue a degree and certificate simultaneously or pursue a degree after completing the certificate, but you must apply for a certificate before you are awarded the bachelor’s degree.
- If you apply for your certificate after your degree has been awarded, you may be required to complete additional coursework for the certificate. Contact your academic advisor for more information.
- You may not use the same course toward completion of more than one certificate. In cases where the same course is required for two certificates, you must replace that course with an approved substitute for the second certificate.
- No more than half of the total credits for any certificate may be earned through credit by examination, prior-learning portfolio credit, internship/Workplace Learning credit, or transfer credit from other schools.

CERTIFICATE DESCRIPTIONS

Unless otherwise specified, course sequences for each certificate suggest but do not require that courses be taken in a prescribed order.

Accounting Foundations Certificate

(18 credits, at least 9 of which you must complete with UMUC)

Accounting Core Courses (6 credits)
- ACCT 220: Principles of Accounting I (3)
- ACCT 221: Principles of Accounting II (3)

Accounting-Related Courses (12 credits)
- Choose from the following courses:
  - ACCT: Any ACCT courses
  - BMGT 110: Introduction to Business and Management (3)
  - CMS 102: Introduction to Problem Solving and Algorithm Design (3)
  - ECON 201: Principles of Macroeconomics (3)
  - ECON 203: Principles of Microeconomics (3)
  - FINC: Any FINC courses
  - IFSM 201: Concepts and Applications of Information Technology (3)
  - STAT 200: Introduction to Statistics (3)

(Certificate courses may not be taken pass/fail.)

The individual certificate coursework requirements specified in the following section are applicable to students enrolling on or after August 1, 2018.

More details about certificate programs, including graduation rates, median debt of students who completed the program, and other information, is available online at umuc.edu/ugcertificates.

Computer Studies Certificate

(18 credits, at least 9 of which you must complete with UMUC)

Computer Studies Core Courses (6 credits)
- CMIS 102: Introduction to Problem Solving and Algorithm Design (3)
- IFSM 201: Concepts and Applications of Information Technology (3)

Discipline-Specific Course Sequence (6 credits)
- Choose one 6-credit sequence from the following:
  - CMIS 141: Introductory Programming (3)
  - CMIS 242: Intermediate Programming (3)
  - CMIT 265: Fundamentals of Networking (3)
  - CMST 290: Introduction to Interactive Design (3)
  - CMST 295: Fundamentals of Digital Media (3)

Computer Studies-Related Courses (6 credits)
- Chosen from any CMIS, CMIT, CMSC, CSIA, IFSM, or SDEV courses.

Foreign Language Area Studies Certificate

(18 credits, at least 9 of which you must complete with UMUC). You may choose coursework from one of the following areas—all courses must be from same area:

Japanese

Core Courses (6 credits)
- JAPN 111: Elementary Japanese I (3)
- JAPN 112: Elementary Japanese II (3)

Related Area Studies Courses (12 credits)
- Choose from related courses in Japanese culture, history, language, literature, or government and politics. Some examples follow:
  - Any JAPN language course(s) (3)
  - ANTH 417: People and Cultures of East Asia (3)
  - ASTD 155: Introduction to Korean Language and Culture (3)
  - ASTD 284: Foundations of East Asian Civilization (3)
  - ASTD 285: Introduction to Modern East Asia (3)
  - ASTD – Other courses related to Japanese Studies (3)
  - GVPT 453: Recent East Asian Politics (3)
  - HIST 482: History of Japan Since 1800 (3)
  - JAPN 333: Society and Culture (3)

Korean

Core Courses (6 credits)
- KORN 111: Elementary Korean I (3)
- KORN 112: Elementary Korean II (3)

Related Area Studies Courses (12 credits)
- Choose from related courses in Korean culture, history, language, literature, or government and politics. Some examples follow:
  - Any KORN language course(s) (3)
  - ANTH 417: People and Cultures of East Asia (3)
  - ASTD 155: Introduction to Korean Language and Culture (3)
  - ASTD 284: Foundations of East Asian Civilization (3)
  - ASTD 285: Introduction to Modern East Asia (3)
  - ASTD 302: The Two Koreas: Problems and Prospects (3)
  - ASTD – Other courses related to Korean Studies (3)
  - GVPT 453: Recent East Asian Politics (3)
  - HIST 382: The Korean War (3)
  - KORN 333: Korean Society and Culture (3)

(Certificate courses may not be taken pass/fail.)

Certificate in Management

(18 credits, at least 9 of which you must complete with UMUC)

Management-Related Courses (18 credits)
- Choose from the following courses:
  - ACCT 220: Principles of Accounting I (3)
  - ACCT 221: Principles of Accounting II (3)
  - BMGT 110: Introduction to Business and Management (3)
  - CMS 102: Introduction to Problem Solving and Algorithm Design (3)
  - CMIS 141: Introductory Programming (3)
  - CMIS 242: Intermediate Programming (3)
  - ECON 201: Principles of Microeconomics (3)
  - ECON 203: Principles of Microeconomics (3)
  - GVPT 210: Introduction to Public Administration and Policy (3)
  - IFSM 201: Concepts and Applications of Information Technology (3)
  - STAT 200: Introduction to Statistics (3)

(Certificate courses may not be taken pass/fail.)

For more information about certificates, including gainful employment disclosures, is available online at www.asia.umuc.edu/certificates.
ASSOCIATE'S DEGREE

UMUC Asia offers programs of study leading to a UMUC associate's degree. All requirements noted for the Associate of Arts degree (AA) degree involve lower-level courses, although appropriate upper-level courses may be substituted. You should consult with a UMUC academic advisor at your local education center about programs offered in your community and to chart your degree plan to ensure you meet the necessary requirements.

What You’ll Learn
Through your coursework, you will learn how to:
- Communicate orally and in writing in a clear, well-organized manner
- Conduct academic research
- Think critically

Curriculum Choices
The general curriculum is described on p. 62 and the specialized curricula are described on pp. 63-68.

The specialized curricula include:
- accounting
- business and management
- computer studies
- foreign language area studies
- management studies
- mathematics
- psychology

Before enrolling in coursework toward a second associate's degree, you must request an official evaluation (discussed earlier in this catalog). You may not earn two degrees at the same level (e.g. associate's degree level) at the same time using the same credit. Consult an academic advisor for more information on earning a second associate's degree.

Earning an Associate's Degree after Earning a Bachelor's Degree
It is possible for you to earn an associate's degree concurrently with your bachelor's degree if all degree requirements have been met for both degrees and you apply for both degrees. However, once the bachelor's degree is conferred, you will be held to second degree rules for associate's degrees, which stipulate that you must earn 15 new credits with UMUC.

Associate's Degree Requirements

Curriculum Requirements

You may choose a general curriculum or a specialized curriculum and must take 25 credits of coursework within your chosen curriculum. For the specialized curriculum, at least 9 credits in core or core-related coursework for the chosen curriculum must be earned through UMUC.

You must earn a grade of C or higher in all core or core-related curriculum courses and at least half the credits earned within a specialized curriculum must be through graded coursework.

The Associate of Arts degree requires the completion of a minimum of 60 credits, at least 15 of which must be taken through UMUC. Of these 60 credits, 35 credits must be earned in courses that fulfill the general education requirements listed below. The remaining 25 credits must satisfy the requirements of the curriculum you select.

A grade point average of 2.0 or higher in all courses taken through UMUC is required.

Second Associate's Degree
If you already received an associate's degree from UMUC or another approved institution, you can broaden your education by earning a second associate's degree with coursework in or related to a different academic core area.

You must have received the first associate's degree to be eligible to begin the second. For a second associate's degree, you must complete at least 15 credits of new coursework with UMUC (including at least 9 credits in the core or core-related area, depending on the degree program). The new 15 credits must be uniquely applicable to the second AA curriculum.

General Education Requirements
The general education requirements for the associate degree generally correspond to those for the bachelor's degree (listed on p. 8), with the following exception: The second computing course and the upper-level advanced writing course are not required for the associate degree.

Research Course
LIBS 150 Introduction to Research (1) 
(to be taken in first 6 credits)

Writing Courses
WRTG 111 Introduction to Academic Writing I (3)
WRTG 112 Introduction to Academic Writing II (3)

SPCH 100 Foundations of Oral Communication (3)

Math Course
MATH 106 Finite Mathematics (3) or MATH 103 College Mathematics (3) (Available overseas only); or other approved math or statistics course

Arts and Humanities Courses
HUMN 100 Introduction to Humanities (3)

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3) or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3) and BIOL 102 Laboratory in Biology (1)
or NSCI 101 Physical Science Laboratory or other paired science lecture and laboratory courses taken in the same session

GEOL 100 Physical Geology (3)
or other science lecture course

Computing Course
IPSM 201 Concepts and Applications of Information Technology (3) or CMST 301 Digital Media and Society

ASSOCIATE'S DEGREE

General Curriculum
The Associate of Arts general curriculum is for adult students who wish to pursue their own educational goals.

Requirements for the General Curriculum
In the general curriculum, you may choose related courses from several disciplines, explore several interests at once, or choose a variety of courses from UMUC's offerings. The responsibility for developing a curriculum that meets your intended learning outcomes is yours. You are encouraged to seek assistance from academic advisors in arranging your curriculum as appropriate to your personal interests and future educational plans.

COURSES IN THE GENERAL CURRICULUM (25 CREDITS)
Curriculum courses (12)—Any courses that meet your educational and career goals
Elective courses (13)

GENERAL EDUCATION COURSES (35 CREDITS)
Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 61.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing Courses
WRTG 111 Introduction to Academic Writing I (3) or other writing course
WRTG 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3) or other communication, writing, or speech course

Math Course
MATH 103 Finite Mathematics (3) or MATH 103 College Mathematics (3) (available overseas only); or other approved math or statistics course

Arts and Humanities Courses
HIST 125 Technological Transformations (3) or other arts and humanities course

Elective course (1)

COURSES IN THE ACCOUNTING CURRICULUM (25 CREDITS)

Accounting Curriculum
Within the overall outcomes of the AA degree in General Studies (listed on p. 61), the specialized curriculum in accounting will help you demonstrate competencies in fundamental accounting practices to transition toward a bachelor's degree in accounting and related fields.

Total credits for AA in General Studies with general curriculum 60

Specialized Curricula
The Associate of Arts specialized curricula are for adult students who wish to pursue a specific career or educational goal, often as a basis for further study toward the bachelor's degree. Specialized curricula are recommended but optional within the AA degree in General Studies. You should take careful note of course prerequisites and recommended course sequences. Curricula may be available only in limited geographic areas.

Accounting Curriculum
Within the overall outcomes of the AA degree in General Studies (listed on p. 61), the specialized curriculum in accounting will help you demonstrate competencies in fundamental accounting practices to transition toward a bachelor's degree in accounting and related fields.

SPCH 100 Foundations of Oral Communication (3)
or other communication, writing, or speech course

Math Course
MATH 103 College Algebra (3)
or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 101 Principles of Microeconomics (3)
related requirement for the BS in Business Administration

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3)
and BIOL 102 Laboratory in Biology (1)
or NSCI 100 Introduction to Physical Science and NSCI 101 Physical Science Laboratory or other paired science lecture and laboratory courses taken in the same session

PHYS 101 or other science lecture course

Computing Course
IFSM 201 Concepts and Applications of Information Technology (3)
related requirement for the BS in Business Administration

Total credits for AA in General Studies with business and management curriculum 60

Computer Studies Curriculum
Within the overall outcomes of the AA degree in General Studies (listed on p. 61), the specialized curriculum in computer studies is designed to allow students to pursue related professional and career goals.

COURSES IN THE COMPUTER STUDIES CURRICULUM (25 CREDITS)

- CMIS 102 Introduction to Problem Solving and Algorithm Design (3)
or a programming language course

Computer studies-related courses (12)—Chosen from any CMIS, CMFT, CMSC, CMST, CDSA, IFSM, or SDEV courses

Elective courses (10)—Courses that may be applicable to a BS in computing field are recommended.

GENERAL EDUCATION COURSES (35 CREDITS)
Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 61.

Research Course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3)
and BIOL 102 Laboratory in Biology (1)
or NSCI 100 Introduction to Physical Science and NSCI 101 Physical Science Laboratory or other paired science lecture and laboratory courses taken in the same session

PHYS 101 or other science lecture course

Computing Course
IFSM 201 Concepts and Applications of Information Technology (3)
or CMST 301 Digital Media and Society

Total credits for AA in General Studies with computer studies curriculum 60

Foreign Language Area Studies Curriculum
Within the overall outcomes of the AA degree in General Studies (listed on p. 61), the specialized curriculum in foreign language area studies will help you develop intermediate foreign language skills and related cultural knowledge in a variety of personal and professional settings.

If you have previous experience in the foreign language you wish to study, contact the department at languages@umuc.edu about a placement test.

COURSES IN THE FOREIGN LANGUAGE AREA STUDIES CURRICULUM (25 CREDITS)

Language core courses (12)—Sequential courses in a single language, usually numbered 111–112 and 114–115 (or 211–212)

Related area studies courses (12)—Any courses in the culture, history, language, literature, or government and politics of the area (see specific courses for each language area)

Elective course (1)

Japanese
Core Courses (12 credits)
JAPN 111 Elementary Japanese I (3)
JAPN 112 Elementary Japanese II (3)
JAPN 114 Elementary Japanese III (3)
JAPN 115 Elementary Japanese IV (3)

Related Area Studies Courses (12 credits)
Choose from any approved courses in Japanese culture, history, language, literature, or government and politics (Contact your academic advisor for additional approved courses)

Elective (1 credit)

Any course related to interests and goals

Korean
Core Courses (12 credits)
KORN 111 Elementary Korean I (3)
KORN 112 Elementary Korean II (3)
KORN 114 Elementary Korean III (3)
KORN 115 Elementary Korean IV (3)

Related Area Studies Courses (12 credits)
Choose from any approved courses in Korean culture, history, language, literature, or government and politics (Contact your academic advisor for additional approved courses)

Elective course (1)

Any course related to interests and goals
GENERAL EDUCATION COURSES (35 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 61.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing Courses
WRTG 111 Introduction to Academic Writing I (3) or other writing course
WRTG 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3) or other communication, writing, or speech course

Math Course
MATH 106 Finite Mathematics (3) or MATH 103 College Mathematics (3) (Available overseas only or other approved math or statistics course

Arts and Humanities Courses
HIST 125 Technological Transformations (3) or other arts and humanities course
HUMN 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3)
or other behavioral and social sciences course
BEHS 103 Concepts of Biology (3)
or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 concepts of biology (3) or BIOL 102 Laboratory in Biology (1)
or NG 101 Introduction to Physical Science or NG 102 Physical Science Laboratory or paired science lecture and laboratory course taken in the same semester

Math Course
STAT 200 Introduction to Statistics (3)

Computing Courses
IFSM 201 Concepts and Applications of Information Technology (3) or CMST 301 Digital Media and Society

Total credits for AA in General Studies with foreign language area studies curriculum 60

Management Studies Curriculum

Within the overall outcomes of the AA degree in General Studies (listed on p. 61), the specialized curriculum in management studies will help you apply knowledge from management-related disciplines to advance your professional and educational goals.

COURSES IN THE MANAGEMENT STUDIES CURRICULUM (25 CREDITS)

Management-related courses (15)—Choose from the following:
- Any ACCT, BMGT, CMS, CMST, ECON, FINC, HMG, HRMN, IFSM, and MRKT courses

Elective courses (10)—Courses that may be applicable to the BS in Management Studies are recommended.

GENERAL EDUCATION COURSES (35 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 8.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing Courses
WRTG 111 Introduction to Academic Writing I (3) or other writing course
WRTG 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3) or other communication, writing, or speech course

Math Course
MATH 106 Finite Mathematics (3) or MATH 103 College Mathematics (3) (Available overseas only or other approved math or statistics course

Arts and Humanities Courses
HIST 125 Technological Transformations (3) or other arts and humanities course
HUMN 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3)
or other behavioral and social sciences course
BEHS 103 Concepts of Biology (3)
or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 concepts of biology (3)
or BIOL 102 Laboratory in Biology (1)
or NG 101 Introduction to Physical Science or NG 102 Physical Science Laboratory or paired science lecture and laboratory courses taken in the same session

Math Course
STAT 200 Introduction to Statistics (3)

Computing Courses
IFSM 201 Concepts and Applications of Information Technology (3) or CMST 301 Digital Media and Society

Total credits for AA in General Studies with management studies curriculum 60

Mathematics Curriculum

Within the overall outcomes of the AA degree in General Studies (listed on p. 61), the specialized curriculum in mathematics will help you employ appropriate mathematical methods and technologies to accomplish quantitative tasks in your professional and educational contexts.

COURSES IN THE MATHEMATICS CURRICULUM (25 CREDITS)

Mathematics-related course (3)—Choose from the following:
- Any ACCT, FINC course
- CHEM 103 General Chemistry I
- CHEM 113 General Chemistry II
- CMS 102 Introduction to Problem Solving and Algorithm Design
- CMST 150 Introduction to Discrete Structures
- CMST 242 Intermediate Programming
- ECON 201 Principles of Macroeconomics
- ECON 203 Principles of Microeconomics
- ECON 430 Money and Banking
- ECON 440 International Economics
- Any MATH course numbered 108 or higher
- Any math-based physics course

Elective courses (3-4)

Total credits for AA in General Studies with mathematics curriculum 60

GENERAL EDUCATION COURSES (35 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on page 61.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing Courses
WRTG 111 Introduction to Academic Writing I (3) or other writing course
WRTG 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3) or other communication, writing, or speech course

Math Course
MATH 106 College Algebra (3)
or other approved math or statistics course

Arts and Humanities Courses
HIST 125 Technological Transformations (3)
or other arts and humanities course
HUMN 100 Introduction to Humanities (3)
or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3)
or other behavioral and social sciences course
BEHS 103 Concepts of Biology (3)
or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3)
or BIOL 102 Laboratory in Biology (1)
or NG 101 Introduction to Physical Science or NG 102 Physical Science Laboratory or paired science lecture and laboratory courses taken in the same session

Math Course
STAT 200 Introduction to Statistics (3)

Computing Courses
IFSM 201 Concepts and Applications of Information Technology (3) or CMST 301 Digital Media and Society

Total credits for AA in General Studies with mathematics curriculum 60
ASSOCIATE’S DEGREE

Psychology Curriculum
Within the overall outcomes of the AA degree in General Studies (listed on p. 6), the specialized curriculum in psychology will help you develop knowledge of human behavior.

COURSES IN THE PSYCHOLOGY CURRICULUM (25 CREDITS)
PSYC 100 Introduction to Psychology (3)
Psychology-related courses (12)—Chosen from the following:
  - PSYC 321 Introduction to Social Psychology
  - PSYC 335 Personality (or another PSYC course)
  - PSYC 351 Lifespan Development (or another PSYC course)
  - PSYC 353 Abnormal Psychology (or another PSYC course)
E elective courses (10)—Courses that may be applicable to the BS in Psychology are recommended.

GENERAL EDUCATION COURSES (35 CREDITS)
Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 8.

Research Course
LIBS 150 Introduction to Research (1)
(to be taken in first 6 credits)

Writing Courses
WRTG 111 Introduction to Academic Writing I (3)
or other writing course
WRTG 112 Introduction to Academic Writing II (3)
or other writing course

Math Course
STAT 200 Introduction to Statistics (3)
(related requirement for the BS in Psychology)

Arts and Humanities Courses
HIST 125 Technological Transformations (3)
or other arts and humanities course
HUMN 100 Introduction to Humanities (3)
or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3)
or other behavioral and social sciences course
BEHS 103 Technology in Contemporary Society (3)
or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3)
and BIOL 102 Laboratory in Biology (1)
or NSCI 101 Physical Science Laboratory
or other paired science lecture and laboratory courses taken in the same session
GEOL 100 Physical Geology (3)
or other science lecture course

Computing Course
IFSM 201 Concepts and Applications of Information Technology (3)
or CMST 301 Digital Media and Society

Total credits for AA in General Studies with psychology curriculum 60

EXPECTATIONS
Within each academic major, a UMUC degree incorporates program-specific and core competencies. The following essential core competencies are emphasized across all programs:

• Effective writing and oral communication skills
• The use of information technology
• Information literacy skills
• Mathematical and quantitative reasoning skills
• Critical analysis, critical reasoning, and problem solving
• Understanding of key concepts and principles of the natural, social, and behavioral sciences
• Knowledge of diverse cultures and historical periods
• Understanding of frameworks for ethical decision making and the ability to apply them

UMUC conducts learning outcomes assessments to measure and improve your learning in these areas as well as in specific disciplinary knowledge and skills.

Your academic major (and minor) allows you to master a considerable body of knowledge in a specific academic subject area or group of related subjects. Each major provides clearly articulated learning outcomes for the knowledge, skills, and abilities you are expected to acquire in completing the major.

REQUIREMENTS
In general, the UMUC degree requirements that apply to you are those that were in effect when you began continuous enrollment in any public institution of higher education in Maryland (including UMUC). If you have not been continuously enrolled, the requirements that apply are those in effect at UMUC when you resumed continuous enrollment. To be considered continuously enrolled, you must be or have been enrolled at UMUC or another Maryland public institution of higher education and have had no more than two sequential years of nonenrollment. Should you choose to change your degree program, you may be subject to all degree requirements in effect at the time of the change.

The following requirements for the BA and BS are applicable to students who enroll on or after August 1, 2018.
Recommendations for fulfilling general education requirements are provided for each major in the recommended sequence. Note: Courses applied to general education requirements may not be applied toward major, minor, or elective requirements and may not be taken pass/fail.

**GENERAL EDUCATION REQUIREMENTS**

<tr>
<td>Two 3-credit courses chosen from the following disciplines: AASP (AASP 201 only), ANTH, ASTD (depending on course content), BEHS, CCJS (CCJS 100, CCJS 105, CCJS 350, CCJS 360, and CCJS 461 only), ECON, GEOG, GERO (except GERO 342 and GERO 351), GVPT, PSYC, SOCY, or WMST (WMST 200 only).</td>
<td></td>
</tr>
<tr>
<td>E. Biological and Physical Sciences</td>
<td>7</td>
</tr>
<tr>
<td>A science lecture course (3 credits) with related laboratory course (1 credit) or a science course combining lecture and laboratory (4 credits). Any other science course (3 credits). Courses from the following disciplines apply: ASTR, BIOL, CHEM, GEOL, NURS, or PHYS. Science courses in other disciplines may also apply.</td>
<td></td>
</tr>
<tr>
<td>F. Research and Computing Literacy</td>
<td>7</td>
</tr>
<tr>
<td>One course (LIBS 150) in introductory research (1 credit), which must be completed within the first 6 credits. A total of 6 credits in computing courses as follows:</td>
<td></td>
</tr>
<tr>
<td>• IFSM 201 or CMST 301 (3 credits)</td>
<td></td>
</tr>
<tr>
<td>• An additional computing course appropriate to the academic major (3 credits)</td>
<td></td>
</tr>
<tr>
<td>Refer to your specific major for requirements or recommendations. Unless otherwise specified, upper- or lower-level courses designated CMIS, CMTC, CMSC, CMST, CSIA, IFSM, and SDEV and ACC 326 apply. Note: IFSM 300 is required for the majors in homeland security, public safety administration, and all business-related fields.</td>
<td></td>
</tr>
<tr>
<td>Total General Education Requirements</td>
<td>41</td>
</tr>
<tr>
<td>MAJOR, MINOR, AND ELECTIVE REQUIREMENTS</td>
<td></td>
</tr>
<tr>
<td>A. Academic Major</td>
<td>30–36</td>
</tr>
<tr>
<td>The number of credits required to complete an academic major varies according to academic program. At least half the credits earned within the major must be upper level (i.e., earned in courses numbered 300 and higher) and must be earned through UMUC. No grade may be lower than C. Specific coursework is prescribed for each major and is described in the following chapter. You may receive a dual major upon completion of all requirements for both majors, including the required minimum number of credits for each major and all related requirements for both majors; however, the same course may not be used to fulfill requirements for more than one major. Certain restrictions (including use of credit and acceptable combinations of majors) apply for double majors. You may not major in two programs with excessive overlap of required coursework. Consult an advisor before selecting a double major.</td>
<td></td>
</tr>
<tr>
<td>B. Academic Minor</td>
<td>15–18</td>
</tr>
<tr>
<td>Choosing a minor is strongly encouraged even though it is optional. You may not take a major and minor in the same area and may not receive a dual minor. The number of credits required to complete an academic minor varies according to academic program. At least half the credits earned within the minor must be upper level (unless otherwise specified) and must be earned through UMUC. No grade may be lower than C. Specific coursework is prescribed for each minor and is described in the following chapter.</td>
<td></td>
</tr>
<tr>
<td>C. Electives</td>
<td>25–34</td>
</tr>
<tr>
<td>Electives may be taken in any academic discipline. Pass/fail credit, up to a maximum of 18 credits, may be applied toward electives only.</td>
<td></td>
</tr>
<tr>
<td>Total Major, Minor, and Elective Requirements</td>
<td>79</td>
</tr>
<tr>
<td>Overall Bachelor’s Degree Requirements</td>
<td></td>
</tr>
<tr>
<td>Overall Bachelor’s Degree Requirements in addition to the general education requirements and the major, minor, and elective requirements, the overall requirements listed below pertain to all bachelor’s degrees.</td>
<td></td>
</tr>
<tr>
<td>1. You must complete a minimum of 120 credits.</td>
<td></td>
</tr>
<tr>
<td>2. You must maintain a minimum grade point average of 2.0 (C overall and a minimum grade of C (2.0) for any course applied to the academic major or minor.</td>
<td></td>
</tr>
<tr>
<td>3. Within the 120 credits required, the following coursework must be taken through UMUC:</td>
<td></td>
</tr>
<tr>
<td>• 30 credits (normally the final 30)</td>
<td></td>
</tr>
<tr>
<td>• Half of the required number of credits within both the major and the minor</td>
<td></td>
</tr>
<tr>
<td>• 15 credits at the upper level (i.e., earned in courses numbered 300 to 499), preferably within the major or minor.</td>
<td></td>
</tr>
<tr>
<td>4. At least 45 credits must be upper level and include</td>
<td></td>
</tr>
<tr>
<td>• At least one-half of the credits required for the major</td>
<td></td>
</tr>
<tr>
<td>• 3 credits in advanced writing.</td>
<td></td>
</tr>
<tr>
<td>The remaining upper-level credits may be earned in any part of the curriculum.</td>
<td></td>
</tr>
<tr>
<td>5. At least half the required number of credits for any academic major or minor must be earned through graded coursework. Credit earned by examination, portfolio assessment, or noncollegiate training does not count as graded coursework.</td>
<td></td>
</tr>
<tr>
<td>Total Degree Requirements</td>
<td>120 Credits</td>
</tr>

BACHELOR'S DEGREES

BA and BS Majors

Each major is available only for the Bachelor of Arts (BA) or the Bachelor of Science (BS) degree. Dual majors are available for the Bachelor of Science degree. Here are the BA and BS majors most feasible for UMUC students to complete while in Asia or Europe:

Majors Available for the Bachelor of Arts
- Communication studies
- East Asian studies
- English
- History
- Humanities

Majors Available for the Bachelor of Science
- Accounting
- Business administration
- Computer networks and cybersecurity
- Computer science
- Criminal justice
- Cybersecurity
- Cybersecurity management and policy
- East Asian studies
- Economics
- English
- History
- Homeland security
- Humanities
- Human resource management
- Information systems management
- Management studies
- Marketing
- Philosophy
- Political science
- Psychology
- Social science
- Sociology

The following pages provide descriptions of the degree and certificate programs available through the UMUC Undergraduate School, including all degree requirements.

These descriptions also provide lists of possible career fields toward which graduates of these programs may aim. Your degree should give you the skills—and often a necessary credential—for making a good start toward attaining a career in these fields.

BACHELOR'S DEGREES

Accounting
You may seek either an academic major or minor in accounting.

Major in Accounting
Versatility, stability, earning potential: Gain entrance to a variety of possibilities with a bachelor’s degree in accounting.

If you have a way with numbers, you may want to consider earning your bachelor’s degree in accounting. No matter what their mission or type of work is, all companies and agencies need accounting departments to keep their finances on track, so with an accounting degree, you’ll have a wide range of directions to choose from.

This major combines theory and practice to help prepare you to analyze and report on the economic activities of organizations. You’ll develop skills in managerial accounting, budgeting, accounting systems, internal controls, financial analysis, financial reporting, internal and external auditing, taxation, and inter-national accounting.

What You’ll Learn
Through your coursework, you will learn how to
• Communicate with financial and nonfinancial audiences in a clear and concise manner and make appropriate financial decisions
• Research, prepare, analyze, and review financial and business data by applying accounting and business management principles to produce financial and business reports
• Use current technology and analytical tools to work collaboratively and facilitate decision making
• Employ analysis, critical thinking, and problem solving to identify, test, and validate processes, systems, and financial data
• Define, develop, and demonstrate ethical business practices and accountability by identifying and addressing current and emerging issues
• Conduct fraud detection and deterrence planning, analysis, and communication
• Perform a range of functions, including auditing and financial reporting, to manage finances for federal agencies
• Create reports and conduct disclosure analysis

Your Coursework in Accounting

The accounting curriculum, developed in consultation with employers, features real-world data sets. Accounting employers often serve as guest speakers and contact UMUC to recruit our students. You’ll take courses in statistics, economics, cost accounting, income taxation, business law, and auditing. Related required coursework complements your accounting coursework with study of management theory, finance, and ethics.

COURSEWORK EXAMPLES

In past projects, students have had the opportunity to
• Relate accounting concepts to actual companies and agencies
• Analyze the U.S. Securities and Exchange Commission Form 10-K, which companies use to disclose information
• Review and analyze publicly traded companies and examine federal financial statements, operation reviews, RFPs, and reports related to fraud and ethics
• Review and analyze corporate governance and ethical issues to ensure understanding of and compliance with license and government regulations

INDUSTRY CERTIFICATION

This program may help prepare you for the following certification exams:
• Certified Public Accountant (CPA)*
• Certified Internal Auditor (CIA)
• Certified Information Systems Auditor (CISA)
• Certified Fraud Examiner (CFE)
• Certified Government Financial Manager (CGFM)
• Certified Management Accountant/Certified Financial Manager (CMACFM)
• Certified Government Auditing Professional (CGAP)

Academic Relationship

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in accounting to reduce their total coursework for the graduate degree by 6 credits (two courses). More information is available in the graduate catalog.

Degree Requirements

A degree with a major in accounting requires the successful completion of 120 credits of coursework, including 36 credits for the major; 15 credits for related requirements; 41 credits in general education requirements (including an additional 12 credits in related requirements); and 28 credits in minor and elective coursework. At least 18 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

COURSES IN THE MAJOR (36 CREDITS)

- ACCT 326 Accounting Information Systems (3)
- ACCT 220 Principles of Accounting I (3)
- ACCT 221 Principles of Accounting II (3)
- ACCT 310 Intermediate Accounting I (3)
- ACCT 311 Intermediate Accounting II (3)
- ACCT 321 Cost Accounting (3)
- ACCT 323 Federal Income Tax I (3)
- ACCT 410 Accounting for Government and Not-for-Profit Organizations (3)
- ACCT 436 Internal Auditing (3)
- ACCT 438 Fraud and Forensic Accounting (3)
- or any upper-level ACCT course

RELATED REQUIRED COURSES (15 CREDITS)

- Note: Additional related required courses for the major are listed under general education courses.
- BMGT 364 Management and Organization Theory (3)
- BMGT 380 Business Law I (3)
- FINC 380 Business Finance (3)
- MKT 310 Marketing Principles (3)
- ACCT 411 Ethics and Professionalism in Accounting (3)
- or BMGT 496 Business Ethics

GENERAL EDUCATION COURSES (41 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathemati- cs, and interdisciplinary issues) may be found on p. 70.

Research Course
- LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing and Communications Courses
- WRTG 111 Introduction to Academic Writing (1)
- WRTG 112 Introduction to Academic Writing II (1)

SPCH 100 Foundations of Oral Communication (3) or other communication, writing, or speech course

WRTG 394 Advanced Business Writing (3) or other advanced upper-level writing course

Math Course
- STAT 200 Introduction to Statistics (3)

Arts and Humanities Courses
- HIST 125 Technological Transformations (3) or other arts and humanities course

HUWM 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
- ECON 201 Principles of Macroeconomics (3)
- ECON 203 Principles of Microeconomics (3)

Biological and Physical Sciences Courses
- BIOI 101 Concepts of Biology (3) and BIOI 102 Concepts of Physical Science (3)

COMPUTING COURSES
- IFSM 201 Concepts and Applications of Information Technology (3) (prerequisite to later course)
- IFSM 300 Information Systems in Organizations (3)

MINOR AND ELECTIVE COURSES (28 CREDITS)

Total credits for BS in Accounting: 120

Career Preparation

This program is designed to help prepare you for accounting certifications and careers at corporations and nonprofit and government organizations that cover a wide range of industries. See umuc.edu/professional-licensure for information about professional licensure in this field.
Business Administration

You may seek either an academic major or minor in business administration.

Major in Business Administration

In the business administration major, you’ll gain a well-rounded education that provides foundational, workplace-relevant management skills, organizational theory, and operational knowledge.

UMUC’s career-focused bachelor’s degree program in business administration is designed to help you compete for the jobs of today and tomorrow by building a comprehensive base of knowledge. This major will help you prepare for a variety of positions in for-profit, nonprofit, and public-sector organizations.

What You’ll Learn

Through your coursework, you will learn how to

• Plan and communicate a shared vision for the organization that will drive strategy, assist with decision making, and position the organization competitively
• Design and create management and leadership plans
• Evaluate qualitative and quantitative data
• Communicate effectively across all levels of an organization
• Develop, communicate, and implement policies and procedures to reduce cost and organizational risk and promote ethical practices
• Manage people, time, and resources by using effective leadership skills
• Develop, communicate, and select multimedia components and other advanced upper-level writing course
• Create professional and appropriate written, oral, and visual communications for specific purposes and diverse audiences

Your Coursework in Business Administration

In your business administration courses, you’ll study accounting, business law, ethics and social responsibility, finance, human resource management and labor relations, strategic management, organizational behavior, marketing and sales, and statistical analysis.

Coursework Examples

In past projects, students have had the opportunity to

• Analyze a particular company or organization
• Create a business plan suitable for a banker or investor
• Participate in real-world job interviews

Degree Requirements

A degree with a major in business administration requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

Courses in the Major (33 Credits)

Note: Related requirements for the major are listed under general education and/or elective courses.

BMGT 110 Introduction to Business and Management (3)
ACCT 220 Principles of Accounting I (3)
ACCT 221 Principles of Accounting II (3)
BMGT 364 Management and Organization Theory (3)
BMGT 365 Organizational Leadership (3)
MRKT 310 Marketing Principles (3)
BMGT 380 Business Law I (3)
HRMN 380 Human Resource Management (3)
FINC 330 Business Finance (3)
BMGT 496 Business Ethics (3)
BMGT 495 Strategic Management (3)

General Education Courses (41 Credits)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 70.

Research Course

LIBS 150 Introduction to Research (1)
(to be taken in first 6 credits)

Writing and Communications Courses

WRGT 111 Introduction to Academic Writing I (3)
or other writing course
WRGT 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3)
or other communication, writing, or speech course
WRGT 394 Advanced Business Writing (3)
or other advanced upper-level writing course

Math Course

STAT 200 Introduction to Statistics (3)
(related requirement for the major)

Arts and Humanities Courses

HUMN 100 Introduction to Humanities (3)
or other arts and humanities course

Behavioral and Social Sciences Courses

ECON 201 Principles of Macroeconomics (3)
related requirement for the major
ECON 203 Principles of Microeconomics (3)
related requirement for the major

Biological and Physical Sciences Courses

BIDL 101 Concepts of Biology (3)
and/or BIOL 102 Laboratory in Biology (1) or NSCI 101 Introduction to Physical Science and NSCI 102 Physical Science Laboratory or other paired science lecture and laboratory courses taken in the same session
GEOL 100 Physical Geology (3)
or other science lecture course

Computing Courses

IFSM 201 Concepts and Applications of Information Technology (3)
(prerequisite to later course)
IFSM 300 Information Systems in Organizations (3)
(related requirement for the major)

Minor and Elective Courses (46 Credits)

MATH 140 Calculus I (4)
(recommended, especially if you plan to go to graduate school)
COMM 390 Writing for Managers (3)
(recommended)

Total credits for BS in Business Administration 120

Career Preparation

This program is designed to help you prepare for work in management and operations for nonprofit, for-profit, and public-sector organizations.

Communication Studies

You may seek either an academic major or minor in communication studies.

Major in Communication Studies

Earn a bachelor’s degree in communication studies and prepare for a career in the ever-growing media landscape.

Whether you’re interested in journalism, public relations, business, or online communications, you can build a firm base of knowledge while you earn a bachelor’s degree in communication studies at UMUC.

You’ll learn to apply communication theories to both personal and professional situations, developing the “soft skills” that workplaces demand, along with communication techniques. In addition, you’ll learn to work with individuals and groups professionally and manage communications within ethical, legal, and financial parameters.

What You’ll Learn

Through your coursework, you will learn how to

• Apply analytical skills in interpreting, using, and delivering information, particularly through mass media
• Create professional and appropriate written, oral, and visual communications for specific purposes and diverse audiences
• Design, create, and select multimedia components and integrate them into print, broadcast, and online formats
• Work with individuals and groups in ways that reflect an understanding of both communication theory and professional expectations
• Understand diverse and intercultural perspectives as they affect communication
• Design and employ specific research methods and tools to gather information

Your Coursework in Communication Studies

Developed in conjunction with employers, the communication studies program offers a balance of theoretical knowledge and sophisticated communication skills. You’ll have the opportunity to learn how people create and use messages to generate meaning within and across various contexts, cultures, channels, and media. The multidisciplinary curriculum covers speech communication, mass communication and new media, journalism, public relations, business writing, and technical writing.
Degree Requirements

A degree with a major in communication studies requires the successful completion of 120 credits of coursework, including:
- 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 70 for information on overall degree requirements.

Courses in the Major (33 Credits)

- SPCH 100 Foundations of Oral Communication (3) or any SPCH course
- COMM 207 Understanding Visual Communication (3) or any COMM course
- JOUR 201 Introduction to News Writing (3)
- COMM 300 Communication Theory (3)
- COMM 302 Mass Communication and Media Studies (3)
- SPCH 324 Communication and Gender (3)
- JOUR 330 Public Relations Theory (3) or any upper-level JOUR course
- COMM 400 Mass Media Law (3) or any upper-level COMM course
- SPCH 470 Effective Listening (3) or any upper-level SPCH course
- COMM 390 Writing for Managers (3) or any upper-level COMM course
- COMM 495 Senior Seminar in Communication Studies (3)

General Education Courses (41 Credits)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 71.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing and Communications Courses
WRTG 111 Introduction to Academic Writing I (3) or other writing course
WRTG 112 Introduction to Academic Writing II (3)
COMM 202 Media and Society (3) or other communication, writing, or speech course
WRTG 391 Advanced Research Writing (3) or other advanced writing course

Math Course
MATH 106 Finite Mathematics (3) or MATH 103 College Mathematics (3) (Available overseas only); or other approved math or statistics course

Arts and Humanities Courses
HIST 125 Historical Transformations (3) or other arts and humanities course
HUMN 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3) or other behavioral and social sciences course
BEHS 103 Technology in Contemporary Society (3) or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3) or any upper-level BIOL course
BIOL 102 Laboratory in Biology (1) or any upper-level SPCH course
CMIS 101 Introduction to Physical Science and Nature (3) or any upper-level course taken in the same session

Computing Courses
COMS 201 Concepts and Applications of Information Technology (3) or CMST 301 Digital Media and Society
CMIS 111 Social Networking and Cybersecurity Best Practices (3) or another computing course appropriate to the academic major

Total credits for BA in Communication Studies 120

Career Preparation

This program is designed to help prepare you for a career in mass media, new media, journalism, public relations, business, or online communication.

BACHELOR'S DEGREES

COURSES EXAMPLES

In past projects, students have had the opportunity to:
- Write a speech for a hypothetical executive and organization.
- Write news articles in various journalistic styles.
- Write a comprehensive public relations plan and create messages targeting specific audiences.

Computer Networks and Cybersecurity

You may seek an academic major in computer networks and cybersecurity.

Major in Computer Networks and Cybersecurity

Secure your future while protecting crucial digital assets with a bachelor's degree in computer networks and cybersecurity.

In UMUC’s award-winning program in computer networks and cybersecurity, you’ll learn the operational procedures and technologies to design, implement, administer, secure, and troubleshoot corporate networks.

Designed to combine the benefits of a traditional college education with hands-on training in state-of-the-art computer technology, the computer networks and cybersecurity curriculum integrates technical skill with communication skills and superior general education knowledge.

UMUC was named a National Center of Academic Excellence in Information Assurance and Cyber Defense Education by the National Security Agency and the Department of Homeland Security. Our cybersecurity students frequently take first place in cyber competitions, and our graduates are often recruited by top firms and agencies whose personnel they’ve met through the program.

What You’ll Learn

Through your coursework, you will learn how to:
- Design, implement, and administer local-area and wide-area networks to satisfy organizational goals
- Resolve IT system problems and meet the needs of end users by applying troubleshooting methodologies
- Apply relevant policies and procedures to effectively secure and monitor IT systems
- Communicate IT knowledge effectively using a wide range of presentation styles
- Meet organizational goals using effective workforce skills, best practices, and ethical principles

Your Coursework in Computer Networks and Cybersecurity

The major in computer networks and cybersecurity begins with courses designed to build your foundational IT skills. You’ll then focus on the network security side of IT, learning Microsoft and Cisco technologies and examining other cyber-security and digital forensics topics. Specifically, you’ll write a proposal to design a network, including a plan to administer and maintain the network; learn how to install and configure advanced Windows server services; implement advanced server infrastructure; and troubleshoot IT problems.

COURSES EXAMPLES

In past projects, students have had the opportunity to:
- Evaluate, install, configure, maintain, and troubleshoot computer hardware components and operating systems
- Configure and manage Cisco switches within multiprotocol internet networks, including VoIP (voice over internet protocol), wireless network protocols, and routing protocols
- Manage and troubleshoot features of Windows Server operating systems, including Active Directory, DNS, Group Policy, Desktop Security, Remote Access, Windows Deployment, and User Accounts
- Design, develop, and write appropriate and effective technical documents

INDUSTRY CERTIFICATION

This program may help prepare you for the following certification exams:
- Certified Computer Examiner (CCE)
- Certified Ethical Hacker (CEH)
- Certified Information Systems Security Professional (CISSP)
- Cisco Certified Network Associate (CCNA)
- Cisco Certified Network Associate–Security (CCNA Security)
- Cisco Certified Network Professional (CCNP)
- CompTIA A+
- CompTIA Linux+ and LPIC-1
- CompTIA Network+
- CompTIA Security+
- Computer Security Incident Handler (CSIH)
- IACIS Certified Mobile Device Examiner (ICMDE)
- Microsoft Certified Solutions Expert (MCSA)
- Microsoft Certified Systems Administrator (MCSA)

Degree Requirements

A degree with a major in computer networks and cybersecurity requires the successful completion of 120 credits of coursework, including:
- 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.
ENGLISH (to be taken in first 6 credits)

Writing and Communications Courses
WRTG 111 Introduction to Academic Writing I (3) or other writing course
WRTG 112 Introduction to Academic Writing II (3)
SPCH 101 Foundations of Oral Communication (3) or other communication, writing, or speech course
WRTG 393 Advanced Technical Writing (3) or other advanced upper-level writing course

Math Course
MATH 106 Finite Mathematics (3) or MATH 107 College Mathematics (3) (Available overseas only); or other approved math or statistics course

Arts and Humanities Courses
HIST 125 Historical Transformations (3) or other arts and humanities course
HUMN 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3) or other behavioral and social sciences course
BEHS 103 Technology in Contemporary Society (3) or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3) and BIOL 102 Laboratory in Biology (1) or NSCI 100 Introduction to Physical Science and NSCI 101 Physical Science Laboratory or other paired science lecture and laboratory courses taken in the same session
GEOL 100 Physical Geology (3) or other science lecture course

Computing Courses
IFSM 201 Concepts and Applications of Information Technology (3) (prerequisite to later course)
CMIS 111 Social Networking and Cybersecurity Best Practices (3) or another computing course appropriate to the academic major

Minor and Elective Courses (46 Credits)
IFSM 301 Foundations of Information Systems Management (3) (recommended)
MATH 140 Calculus I (4) (recommended, especially if you plan to go to graduate school)

Total credits for BS in Computer Networks and Cybersecurity 120

BACHELOR'S DEGREES

COURSES IN THE MAJOR (33 CREDITS)
CMIT 202 Fundamentals of Computer Troubleshooting (3)
CMIT 265 Fundamentals of Networking (3)
CMIT 320 Network Security (3)
CMIT 350 Interconnecting Cisco Devices (3)
CMIT 369 Windows Server: Install and Storage (3)
CMIT 391 Linux System Administration (3)
CMIT 495 Current Trends and Projects in Computer Networks and Cybersecurity (3)

Any CMIT course or CCJS 321 (3)

Three upper-level courses chosen from any upper-level CMIT courses and CCJS 321 (9)—Focused study in Microsoft, Cisco, network security, or digital forensics recommended, as follows:

Microsoft
CMIT 370 Windows Server: Networking
CMIT 371 Windows Server: Identity
CMIT 372 Designing and Implementing a Server Infrastructure
CMIT 373 Implementing an Advanced Server Infrastructure

Cisco
CMIT 451 Implementing Cisco IP Routing
CMIT 452 Implementing Cisco IP Switched Networks
CMIT 453 Troubleshooting and Maintaining Cisco IP Networks
CMIT 454 Cisco CCNA Security

Network Security
CMIT 321 Ethical Hacking
CMIT 370 Windows Server: Networking
CMIT 451 Implementing Cisco IP Routing
CMIT 425 Advanced Information Systems Security

Digital Forensics
CCJS 321 Digital Forensics in the Criminal Justice System
CMIT 424 Digital Forensics Analysis and Application
CMIT 440 Mobile Forensics
CMIT 460 Network Forensics

GENERAL EDUCATION COURSES (41 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 70.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Career Preparation
This program is designed to help you prepare for a career in network management, systems administration, or network security, whether you’re new to the IT field or you’re looking to move up to middle management.

Computer Science
You may seek either an academic major or minor in computer science.

Major in Computer Science
Get in demand with a bachelor’s degree in computer science. With a BS in computer science, you’ll be able to plan, design, and optimize computer software and hardware systems for commercial and government environments. This versatile major provides you with a foundation in programming languages, software development, complex algorithms, and graphics and visualization.

What You’ll Learn
Through your coursework, you will learn how to

- Identify and respond to emerging technology, models, methodologies, systems, and trends in human/computer interaction, including social networking, gaming, modeling, and simulation
- Apply logical and mathematical principles to the design, development, and verification of secure, high-performance, and reliable computing systems
- Analyze, design, develop, and document secure technical solutions for computing systems and networking infrastructure
- Plan, design, and optimize computing architecture, software applications, data, and systems
- Adhere to local, national, and international technical standards, ethics, and intellectual property regulations when developing computer applications and systems
- Analyze, compare, and contrast algorithms, programming languages, compilers, and operating systems to select or develop solutions to problems

Your Coursework in Computer Science
In your computer science coursework, you’ll learn programming, algorithm optimization and enhancement; and the theory, science, and math behind modern computing. Specifically, you learn about Java, C++, OpenGL, Octave, and MATLAB. Your courses will cover data structures and analysis, computer systems and architecture, image and signal processing, and more.

COURSEWORK EXAMPLES
In past projects, students have had the opportunity to

- Design, implement, test, debug, and document Java programs using development tools
- Design and implement a virtual stringed musical instrument that includes data fields for notes and Boolean fields to determine whether the instrument is tuned or currently playing
- Build realistic graphical 3D worlds, animate characters, and add special effects to games using OpenGL and a programming environment
- Create a java programming project that uses a concurrent, secure, multi-threaded application

INDUSTRY CERTIFICATION
This program may help prepare you for the following certifications:

Microsoft Certified Solutions Expert (MCSE)
Oracle Certified Java Programmer

Academic Relationship
An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in computer science to reduce their total coursework for the Master of Arts in Teaching by 12 credits (two courses) and complete both degrees with a total of 138 credits of coursework. More information is available in the graduate catalog.

Degree Requirements
A degree with a major in computer science requires the successful completion of 120 credits of coursework, including 36 credits for the major; 42 credits in general education requirements; and 42 credits in the minor, electives, and other degree requirements. At least 18 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.
BACHELOR'S DEGREES

COURSES IN THE MAJOR (36 CREDITS)

Note: Related requirements for the major are listed under general education and/or elective courses.

CMIS 141 Introductory Programming (3)
CMIS 242 Intermediate Programming (3)
CMIS 310 Computer Systems and Architecture (3)
SEDEV 300 Building Secure Web Applications (3)
CMSC 350 Data Structures and Analysis (3)
CMSC 330 Advanced Programming Languages (3)
CMSC 335 Object-Oriented and Concurrent Programming (3)
CMSC 430 Compiler Theory and Design (3)
CMSC 451 Design and Analysis of Computer Algorithms (3)
CMSC 412 Operating Systems (3)
CMSC 405 Computer Graphics (3)
CMSC 495 Current Trends and Projects in Computer Science (3)

GENERAL EDUCATION COURSES (42 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 70.

Research Course
LIBS 150 Introduction to Research (1)
(to be taken in first 6 credits)

Writing and Communications Courses
WRGT 111 Introduction to Academic Writing I (3)
or other writing course
WRGT 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3)
or other communication, writing, or speech course
WRGT 393 Advanced Technical Writing (3)
or other advanced upper-level writing course

Math Course
MATH 140 Calculus I (4)
(required for the major)

Arts and Humanities Courses
HIST 125 Technological Transformations (3)
or other arts and humanities course
HUMN 100 Introduction to Humanities (3)
or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3)
or other behavioral and social sciences course
BEHS 103 Technology in Contemporary Society (3)
or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3)
and BIOL 102 Laboratory in Biology (1)
or NSCI 100 Introduction to Physical Science
or NSCI 101 Physical Science Laboratory
or other paired science lecture and laboratory courses taken in the same session

Computing Courses
IFSM 201 Concepts and Applications of Information Technology (3)
or CMST 301 Digital Media and Society
CMIS 102 Introduction to Problem Solving and Algorithm Design (3)
(required requirement; prerequisite to later course)

MINOR AND ELECTIVE COURSES (42 CREDITS)

CMSC 150 Introduction to Discrete Structures (3)
(required for the major)
MATH 141 Calculus II (4)
(required for the major)
EDTP 500 Professional Fundamentals of Teaching and Learning (6)
(for qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)

EDTP 535 Adolescent Development and Learning Needs (6)
(for qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)

Total credits for BS in Computer Science 120

Career Preparation

This program is designed to help provide you with a foundation for a career in software architecture or engineering; application software design; or systems analysis, programming, or engineering in corporate organizations and government agencies.

Criminal Justice

You may seek either an academic major or minor in criminal justice.

Major in Criminal Justice

Protect, serve, and prepare to move into a key position in law enforcement or a federal agency with a bachelor's degree in criminal justice.

Located a stone's throw from the FBI, CIA, and NSA—and the major metropolitan areas of Washington, D.C., and Baltimore, Maryland—UMUC is home to industry leaders who protect cities and the nation from some of our greatest threats. Our criminal justice program can help provide you with an understanding of the nature of crime and the personnel, institutions, and processes that prevent and respond to crime.

What You'll Learn

Through your coursework, you will learn how to

• Apply critical-thinking skills and logic to analyze and solve a variety of complex problems in the criminal justice environment
• Manage and evaluate organizational efforts to ensure effective cooperation with stakeholders to prevent, control, and manage crime to ensure public safety
• Use an ethical framework and an understanding of legal constraints to make decisions as a criminal justice professional
• Develop specialized technical knowledge and skills relevant to sub specialties in the field of criminal justice to ensure public safety
• Use interpersonal and leadership skills to work both independently and cooperatively as a member of a criminal justice team

Your Coursework in Criminal Justice

In your criminal justice coursework, you'll learn both the theory and practice of the criminal justice system, as well as the specifics of criminal behavior, law enforcement, courts, corrections, security, and investigation. Our courses are developed and taught by local law enforcement officials, so you'll benefit from their field-tested knowledge and experience.

COURSEWORK EXAMPLES

In past projects, students have had the opportunity to

• Design a security plan for a public service in the community

• Compose a search and seizure application and supporting affidavit
• Critique an analytic report of criminal intelligence

Academic Relationship

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in criminal justice to reduce their total coursework for the graduate degree by 6 credits (two courses) and complete both degrees with a total of 150 credits of coursework. More information is available in the graduate catalog.

Degree Requirements

A degree with a major in criminal justice requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the major, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 9 for information on overall degree requirements.

COURSES IN THE MAJOR (33 CREDITS)

CCJS 100 Introduction to Criminal Justice (3)
or CCJS 105 Introduction to Criminology
CCJS 340 Law Enforcement Administration (3)
CCJS 497 Correctional Administration (3)
CCJS 345 Introduction to Security Management (3)
CCJS 350 Juvenile Delinquency (3)
or any upper-level CCJS course
CCJS 230 Criminal Law in Action (3)
CCJS 360 Victimology (3)
or any upper-level CCJS course
CCJS 380 Ethical Behavior in Criminal Justice (3)
CCJS 341 Criminal Investigation (3)
CCJS 352 Drugs and Crime (3)
or any upper-level CCJS course
CCJS 495 Issues in Criminal Justice (3)

GENERAL EDUCATION COURSES (41 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 70.

Total credits for BS in Criminal Justice 120

Career Preparation
This program is designed to help prepare you to move into a command position in law enforcement or meet the degree requirement for federal law enforcement. The content of the degree program is applicable to positions in the public and private sectors. Graduates may find positions throughout the criminal justice system.

Cybersecurity Management and Policy

You may seek an academic major in cybersecurity management and policy.

Major in Cybersecurity Management and Policy

Develop the cybersecurity management, policy, governance, and technical skills required to prepare for rapid career growth with our nationally recognized program in cybersecurity management and policy.

In UMUC's bachelor's degree program in cybersecurity management and policy, you can prepare to become a leader in the protection of data. This innovative, world-class program uses a multidisciplinary approach—drawing from fields such as management, law, science, business, technology, and psychology—to provide you with the most current knowledge and skills for protecting critical cyber infrastructure and assets.

UMUC was named a National Center of Academic Excellence in Information Assurance and Cyber Defense Education by the National Security Agency and Department of Homeland Security. Our cybersecurity students frequently take first place in cyber competitions, and our graduates are often recruited by top firms and agencies whose personnel they've met through the program.

What You'll Learn

Through your coursework, you will learn how to:
- Protect an organization's critical information and assets by ethically integrating cybersecurity best practices and risk management throughout an enterprise
- Integrate continuous monitoring and real-time security solutions with information collection, sharing, collaboration, and analysis capabilities to improve situational awareness and deployment of countermeasures in industry and government
- Evaluate and assess the use of technology to support cybersecurity goals and objectives
- Participate in forensic analysis of cyber incidents and assist in recovery of operations
- Formulate, update, and communicate short- and long-term organizational cybersecurity strategies and policies

Your Coursework in Cybersecurity Management and Policy

We've developed our cybersecurity management and policy program in conjunction with top employers to be relevant to your career growth. Industry experts consult on emerging topics, our faculty lend their extensive field experience, and an advisory board of senior executives ensure that you'll train for the highest level of information assurance.

You'll learn the techniques, policies, operational procedures, and technologies that secure and defend information systems in local and more broadly based domains.

Courses include ethics in information technology, security policy analysis, network security, practical applications in cybersecurity management, and emerging technologies, taught by senior staff, managers, and executives in the cyber-security field, so you'll benefit from their firsthand knowledge and experience.

Coursework Examples

In past projects, students have had the opportunity to:
- Write various cybersecurity-related documents, including security policies, disaster recovery plans, and executive briefs
- Analyze standards, best practices, and regulations in the cybersecurity field
- Identify, investigate, and evaluate next-generation and newly emerging technologies that have the potential to support or improve cybersecurity and protect against threats

Industry Certification

This program may help prepare you for the following certification exams:
- CompTIA Network+
- CompTIA Security+
- Systems Security Certified Practitioner (ISSCP)

Degree Requirements

A degree with a major in cybersecurity management and policy requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

Courses in the Major (33 Credits)

Note: Related requirements for the major are listed under general education and/or elective courses.
East Asian Studies

You may seek either an academic major or minor in East Asian studies.

Major in East Asian Studies

Hone your communication skills, cultural knowledge, and historic perspective in this unique degree program in East Asian studies.

One of the only programs of its kind to be offered online, UMUC’s East Asian studies major provides an overview of the history, economics, politics, culture, and languages of the East Asian region, including China, Korea, and Japan. In this program, you’ll examine East Asia’s rich past and contributing to the global community.

This program is ideal for those who live or work in East Asia, know East Asian languages, or regularly interact with people from East Asian countries.

What You’ll Learn

Through your coursework, you will learn how to:

• Interpret, communicate, educate, and advise others based on your understanding, research, and analysis of the social, historical, and cultural contexts of East Asia
• Use your knowledge of East Asia to identify, create, facilitate, and promote opportunities for interaction and cooperation between East Asia and the global community
• Apply your knowledge of East Asian diversity, values, and expectations to perform in a culturally appropriate way in personal and professional settings
• Write and speak an East Asian language, integrating interpersonal skills and cultural knowledge

Your Coursework in East Asian Studies

Through your courses, you’ll gain an understanding of East Asia based on both expanded cultural awareness and scholarly analysis. You’ll build a foundation of knowledge that enriches your appreciation of the area while helping you prepare for a range of careers—such as translator, reporter, analyst, or nonprofit field employee—that require a broad understanding of the culture and region.

Coursework Examples

In past projects, students have had the opportunity to:

• Create a presentation to raise awareness and educate others about various aspects of East Asian culture, history, and politics
• Create a presentation in Chinese, Japanese, or Korean that demonstrates an ability to speak, read, and write the language
• Write a research paper about a specific subject using primary source material

Degree Requirements

A degree with a major in East Asian studies requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

Courses in the Major (30 Credits)

ASTD 284 Foundations of East Asian Civilization (3)
ASTD 285 Introduction to Modern East Asia (3)
PHIL 348 Religions of the East (3)
ASTD 485 Issues in East Asian Studies (3)

East Asian language courses (9)—Courses designated CHIN or JAPN and numbered 111, 112, 114, or higher

Upper-level East Asian content courses (9)—ASTD, CHIN, JAPN, KOREN, Asian HIST, and Asian GVPT courses and ANTH 417 apply. Focused study in China or Japan recommended, as follows:

- China
  - HIST 480 History of China to 1912
  - ASTD 370 Interpreting Contemporary China
  - ANTH 417 Peoples and Cultures of East Asia

- Japan
  - HIST 482 History of Japan to 1800
  - JAPN 333 Social Sciences and Culture
  - ANTH 417 Peoples and Cultures of East Asia

General Education Courses (41 Credits)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 70.

Research Course

LIBS 150 Introduction to Research (1)
(to be taken in first 6 credits)
English
You may seek either an academic major or minor in English.

Major in English
Gain the analytical, critical, and communication skills to help you succeed in graduate school or an in-demand career by pursuing a bachelor’s degree in English. Like other liberal arts majors, a major in English at UMUC offers a solid base of critical thinking on which to build a career or further graduate study. In-demand skills in research and writing that have a wide application in the job market are also honed. If you are intrigued by the study of language and literature, the English major may be right for you.

What You’ll Learn
Through your coursework, you will learn how to
• Demonstrate knowledge of a range of English-language literary texts, genres, and terms
• Analyze literary texts to explain stylistic, historical, socio-cultural, and ethical significance
• Apply critical theory to literary texts to enhance interpretation and analysis
• Conduct effective research across a range of media
• Create writing that effectively argues, persuades, illuminates, and/or informs
• Create presentations in various media to demonstrate the results of academic inquiry

Your Coursework in English
In the English major, you'll study literature and writing, improving your cultural literacy and your ability to recognize and appreciate great works of literature. By following a critical approach to the study of literature, you’ll learn to articulate ideas with clarity, conduct original research, and convey complex information in logical, accessible language.

ENGL 495 Advanced Seminar in English Language, Literature, and Writing (3)

GENERAL EDUCATION COURSES (41 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 70.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing and Communications Courses
WRTG 111 Introduction to Academic Writing I (3) or other writing course
WRTG 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3) or other communication, writing, or speech course
WRTG 391 Advanced Research Writing (3) or other advanced upper-level writing course

Math Course
MATH 106 Finite Mathematics (3) or MATH 103 College Mathematics (3) (Available overseas only) or other approved math or statistics course

Arts and Humanities Courses
HIST 125 Technological Transformations (3) or other arts and humanities course
HUMN 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3) or other behavioral and social sciences course
BEHS 103 Technology in Contemporary Society (3) or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3) or other science lecture course
BIOL 102 Concepts of Biomedical Science Laboratory or other paired science lecture and laboratory courses taken in the same session
CMST 301 Digital Media and Society
CMIS 111 Social Networking and Cybersecurity Best Practices (3) or another computing course appropriate to the academic major

MINOR AND ELECTIVE COURSES (46 CREDITS)

EDTP 500 Professional Fundamentals of Teaching and Learning (6) (for qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)
EDTP 535 Adolescent Development and Learning Needs (6) (for qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)

Career Preparation
This program is designed to help prepare you for jobs in education, law, publishing, journalism, public relations, business, and management.
History

You may seek either an academic major or minor in history.

Major in History

Strengthen your research and writing skills; learn to think critically; and prepare for a future in politics, law, journalism, or education by pursuing a bachelor’s degree in history.

Like other liberal arts majors, a major in history offers a solid base of critical thinking on which to build a career or further graduate study.

One of the very first schools to offer a degree program in history online, UMUC brings you nearly two decades of experience in teaching history in an online environment. Plus, if you’re based in the Washington, D.C., area, you’ll have myriad opportunities to find internships and part-time and full-time jobs in the field via public institutions and federal positions. Our alumni have gone on to work at such agencies as the National Archives and the National Park Service.

What You’ll Learn

Through your coursework, you will learn how to

- research, interpret, and present historical knowledge
- write and speak clearly and appropriately about historical information for diverse audiences
- engage in history as a moral and ethical practice, recognizing a wide range of backgrounds and perspectives
- apply historical precedents to contemporary life and develop self-reflection
- achieve a deep understanding of the different peoples, events, and cultures that have shaped human civilization

Your Coursework in History

In the history curriculum, you can study a range of historical eras and geographical areas, including China, the Middle East, wartime Europe, and the United States. You’ll also dig into research and writing, learning how to lay the groundwork for and eventually complete a substantial original historical research project suitable for presentation or publication.

COURSEWORK EXAMPLES

In past projects, students have had the opportunity to

- interpret current events and ideas in a historic context
- focus on the ways in which race, class, ethnicity, and gender have shaped the varied experiences of U.S. citizens
- examine the art, religion, and literature of civilizations of various time periods and locations

- study World War II and other major conflicts from a variety of perspectives
- research, write about, and present the results of a project on a chosen topic

Academic Relationship

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in history to reduce their total coursework for the Master of Arts in Teaching by 12 credits (two courses) and complete both degrees with a total of 138 credits of coursework. More information is available in the graduate catalog.

Degree Requirements

A degree with a major in history requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

EDTP 535 Adolescent Development and Learning Needs (6) (for qualified students who plan to enter the MAT program at UMUC; students should note prerequisites and consult an advisor)

Total credits for BA in History 120

Career Preparation

This program is designed to help prepare you for a future in politics, law, journalism, or education. It is appropriate for you if you have an interest in teaching history or social studies; working in public history archives, historic sites, museums, and galleries; or pursuing graduate-level study in history or law and public policy.
Homeland Security

You may seek either an academic major or minor in homeland security.

Major in Homeland Security

Increase your knowledge about defending our homeland and get ready to lead the organizations that defend against threats to homeland security and manage emergency situations by pursuing a bachelor’s degree in homeland security.

A major in homeland security can help you develop the knowledge, skills, and abilities needed for management and leadership in homeland security. The coursework has been developed by practitioner-scholars who work in a variety of homeland security roles and is designed to provide you with a global outlook, interpersonal skills, leadership abilities, and awareness of current issues in domestic and international security. You’ll use actual homeland security information, taken straight from governmental sources, in your assignments.

What You’ll Learn

Through your coursework, you will learn how to

- Lead, manage, and motivate others, developing their knowledge and skills, to establish and achieve strategic and operational homeland security goals and interface with internal and external audiences
- Manage technology and information for the protection and recovery of critical infrastructure/information in a hostile or emergency environment
- Navigate the financial, personnel, legal, and political information of public or private organizations to identify, evaluate, and address organizational needs, requirements, and resources
- Research, analyze, and synthesize complex intelligence information using various methods to formulate risk assessments and responses to emerging threats
- Communicate, negotiate, and educate strategically and tactically across cultural boundaries with diverse partners and stakeholders within homeland security
- Write concise and succinct policy, planning, and procedure documents for a variety of audiences to support homeland security operations

Your Coursework in Homeland Security

In your courses, you’ll focus on the security issues of homeland security, including international and domestic terrorism, infrastructure protection, strategic planning, international relations, intelligence operations, and evaluation. You’ll also learn about ethics, research and technology, legal and political issues, and leadership. Management competencies covered include strategic planning, legal awareness, aspects of intelligence and international relations, ethics, decision making, and supervision.

COURSEWORK EXAMPLES

In past projects, students have had the opportunity to

- Identify a homeland security issue
- Analyze how the issue should be addressed
- Present possible solutions, including implementation steps and recommendations

Academic Relationship

An articulation agreement between UMUC’s Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in homeland security to reduce their total coursework for the graduate degree by 6 credits (two courses) and complete both degrees with a total of 150 credits of coursework. More information is available in the graduate catalog.

Degree Requirements

A degree with a major in homeland security requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

COURSES IN THE MAJOR (33 CREDITS)

Note: Related requirements for the major are listed under general education and/or elective courses.

HMLS 302 Introduction to Homeland Security (3)
HMLS 304 Strategic Planning in Homeland Security (3)
HMLS 310 Homeland Security Response to Critical Incidents (3)
HMLS 406 Legal and Political Issues in Homeland Security (3)

MINOR AND ELECTIVE COURSES (46 CREDITS)

Total credits for BS in Homeland Security 120

Career Preparation

This program is designed to help prepare you for management work in security risk assessments, operational recovery management, and strategy development to protect people, facilities, and critical infrastructure.

Note
BACHELOR'S DEGREES

Humanities
You may seek an academic major in humanities.

Major in Humanities
Broaden your horizons and gain a critical understanding of the world through a comparative study of the ideas and values of cultures by pursuing a humanities degree. Like other liberal arts majors, a major in humanities offers a solid base of critical thinking on which to build a career or further study. This major will broaden your understanding of yourself and your interaction with the world and provide a perspective on cultural and intellectual heritage while offering tools to use that knowledge in the real world.

You'll explore how individuals and groups understand their existence, their place within their cultures, and their responsibility to others and the physical world.

What You'll Learn
Through your coursework, you will learn how to:
- Plan, communicate, and implement coherent and justifiable practices that improve human conditions
- Analyze ideas critically and defend recommendations for improving the conditions of society
- Act in a personally and socially responsible manner recognizing the complexity and diversity of the human experience
- Identify and use technology to research, collect, analyze, and interpret data and effectively communicate information that educates and influences others

Your Coursework in Humanities
The major in humanities offers an interdisciplinary curriculum in which you’ll develop the analysis and communication skills that employers value. You’ll be immersed in a multidisciplinary study of global culture as you analyze art, philosophy, literature, religion, film, theater, music, and technology.

COURSEWORK EXAMPLES
In past projects, students have had the opportunity to:
- Choose a political, economic, or cultural issue or trend to study. Examples include the legalization of marijuana, same-sex marriage, and the conservative movement.
- Choose a specific Greek sculpture and write a script in first person in which the sculpted figure talks to a present-day audience about the sculpture’s life, accomplishments, and experiences

Degree Requirements
A degree with a major in humanities requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

MINOR AND ELECTIVE COURSES (46 CREDITS)

Total credits for BA in Humanities 120

Career Preparation
This program is designed to help you develop skills that are applicable to careers in fields as varied as education, publishing, journalism, advertising, sales, law, management, human resources, and insurance and at institutions such as museums and other nonprofit organizations.

Human Resource Management
You may seek either an academic major or minor in human resource management.

Major in Human Resource Management
Enhance your leadership capabilities, grow your people skills, and increase your company’s bottom line by pursuing a bachelor’s degree in human resource management. With a degree in human resource management from UMUC, you’ll find employment opportunities in nearly every industry. Our bachelor’s degree program is perfect for those who have some experience in HR but don’t have the degree, as well as those who want to transition into the HR profession.

You’ll gain a comprehensive understanding of human resource functions—such as resource planning; recruitment, selection, placement, and orientation of employees; training and career development; labor relations; performance appraisal and rewards programs; and development of personnel policies and procedures—in private- and public-sector settings. Additionally, you’ll explore the ways that human behavior, laws, labor relations, and diversity issues can intersect and affect a company’s culture and ultimately its progress.

What You’ll Learn
Through your coursework, you will learn how to:
- Apply business knowledge, reflective practices, and ethical leadership skills that drive learning and self-improvement
- Apply knowledge of human behavior, labor relations, and current laws and regulations to produce a working environment that is safe, fair, and compliant with regulations
- Help create a culture in which all employees are motivated and valued
- Create, implement, and assess training, development, and rewards programs that foster employee and organizational learning and development
- Recognize the diversity of cultures and worldviews that inform human behavior and respond constructively to differences in workplaces, communities, and organizations
Your Coursework in Human Resource Management

UMUC works closely with the federal government and the Society of Human Resource Management to align courses in the human resource management program with employers' expectations and required competencies, so the program will teach you the exact skills employers tell us they want.

You'll study management and organization theory, organizational behavior and development approaches, interpersonal skill development, and employment law.

COURSEWORK EXAMPLES

In past projects, students have had the opportunity to:

- Identify and diagnose problems within a real organization using case studies and propose management principles to improve the situation.
- Develop and conduct a training needs assessment and an appropriate training program plan, including a budget and schedule, based on organizational need.
- Design a rewards program to motivate employees, using benefits such as stock options and cash incentives.
- Practice using skills such as negotiation, facilitation, mediation, and arbitration to manage conflicts.

INDUSTRY CERTIFICATION

This program may help prepare you for the following certifications:

- Certified Associate in Project Management (CAPM)
- Certified Project Management Professional (PMP)
- PMI Agile Certified Practitioner (PMI-ACP)
- Global Certified Information Technology Professional (CGITP)
- Certified Information Technology Professional (CITP)

This program is designed to help prepare you for opportunities in nearly every industry.

Information Systems Management

You may seek either an academic major or minor in information systems management.

Major in Information Systems Management

Learn how to manage systems and IT personnel with a bachelor's degree in information systems management.

Information systems management is a critical part of the strategic decision-making process in virtually all of today's public and private organizations. That means managers who can lead the teams that integrate information systems with general business processes are in high demand.

Developed by chief information officers and other high-level IT professionals, the bachelor's degree program in information systems management at UMUC is well suited for those looking to move into a management position and bridge the gap between an organization's functional users and technical developers.
### BACHELOR'S DEGREES

#### Degree Requirements

A degree with a major in information systems management requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

- **Computing Courses**
  - IFSM 201 Concepts and Applications of Information Technology (3) or IFSM 461
  - IFSM 432 Business Continuity Planning (3)
  - IFSM 495 Trends and Practical Applications in Information Systems Management (3)

#### Career Preparation

This program is designed to help prepare you to move into a management position in information systems management, systems analysis, information technology project management, or information assurance.

#### Management Study

You may seek an academic major in management studies.

### Major in Management Studies

**Gain management expertise through a broad and flexible course of study aimed at turning you into a leader.**

Today, many business, government, public service, and technical environments require knowledge of management principles from multiple disciplines. UMUC's program in management studies can help you gain that expertise through a course of study focused on decision making, problem solving, and leadership.

#### What You’ll Learn

Through your coursework, you will learn how to:
- Apply leadership skills to promote communication, ethical behavior, and quality performance
- Implement employment practices, encourage team building, and mentor junior staff members
- Communicate effectively with culturally diverse audiences using a variety of formats and technologies
- Assess and develop performance measures, feedback, and coaching that facilitates employee development
- Employ self-reflection and mindfulness of individual and cultural differences when interacting with others
- Research, plan, and develop processes and procedures that ensure organizational performance

#### Your Coursework in Management Studies

In your management studies courses, you'll focus on management principles and organizational dynamics for today's global, multicultural, and multinational organizations. You'll also benefit from a full spectrum of related business courses, including statistics, business writing, marketing, finance, and organizational behavior.

#### COURSEWORK EXAMPLES

In past projects, students have had the opportunity to:
- Create a management or a leadership plan
- Create decision matrices, balanced scorecards, and appraisal performance reviews for an organization
- Conduct a fishbone analysis and an internal and external environmental scan

#### INDUSTRY CERTIFICATION

This program may help prepare you for the Project Management Professional (PMP) certification exam.

#### Degree Requirements

A degree with a major in management studies requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.
You may seek either an academic major or minor in marketing.

Major in Marketing

Attain the marketing skills and business acumen vital to today’s ever-expanding global business environment by pursuing a bachelor’s degree in marketing.

Fueled by increasing globalization and the developing role of the internet in business, the field of marketing is constantly evolving. As global competition intensifies, organizations increasingly rely on skilled professionals to identify and develop profitable new products and markets.

What You’ll Learn

Through your coursework, you will learn how to:

• Apply marketing knowledge and skills to meet organizational goals through analytic and managerial techniques related to customers, executives, finance, information technology, law, operational domains, and customer relations.

• Employ strategic marketing skills, including scenario planning, market intelligence, customer profiles, marketing plans, and competitive analysis, to respond to organizational marketing challenges.

• Conduct research, analyze data, create effective marketing plans, and support decisions that meet the needs and desires of global customers.

• Act with personal and professional integrity in the global marketplace of employers, peers, and customers.

• Cultivate and maintain positive interpersonal relationships based on engagement and positive interaction with teams, managers, and customers.

Your Coursework in Marketing

In your marketing courses, you’ll study the strategic marketing processes for consumer and organizational markets, including environmental scanning and positioning; marketing research and analysis; segmentation, targeting, and positioning; product development and differentiation; valuation and pricing; channel and value-chain management; integrated marketing communications; and relationship building. You’ll also examine consumer behavior and consumer relationship management, global marketing, online marketing, and sales management.

COURSEWORK EXAMPLES

In past projects, students have had the opportunity to:

• Prepare an integrated marketing communications plan
• Submit a strategic marketing plan for an established business
• Select a target market for a specific product, apply consumer data to identify market segments, and develop a marketing mix strategy for those segments
• Analyze a real-world marketing situation as presented in a case study
• Defend and support marketing recommendations in a formal written document

Degree Requirements

A degree with a major in marketing requires the successful completion of 120 credits of coursework, including 36 credits for the major; 41 credits in general education requirements; and 43 credits in the minor, electives, and other degree requirements. At least 18 credits in the major must be earned in upper-level courses (numbered 300 and above). See p. 71 for information on overall degree requirements.

COURSES IN THE MAJOR (36 CREDITS)

MRKT 495 Strategic Marketing Management (3)

GENERAL EDUCATION COURSES (41 CREDITS)

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematis, and interdisciplinary issues) may be found on p. 70.
**Political Science**

You may seek either an academic major or minor in political science.

**Major in Political Science**

See the big picture: Learn to analyze complex political problems and find viable solutions in both public and private sectors with a political science degree.

With a major in political science, you'll develop a comprehensive understanding of U.S. government and global politics. By analyzing political structures, theory, and problems, you'll learn to interpret complex political problems in both the public and private sectors and propose potential solutions. You'll also have an opportunity to enhance your professionalism and fine-tune your communication and organizational skills.

**What You’ll Learn**

Through your coursework, you will learn how to

- Analyze and participate in the creation of public policy at the local, state, federal, and international levels by building consensus and using effective lobbying techniques
- Participate in and influence government at all levels through an understanding of the establishment, structure, and interaction of governmental institutions
- Use effective writing, research, analysis, advocacy, and coalition-building skills to develop and influence policy at the national and international levels
- Conduct, analyze, and evaluate theoretical and empirical research for specific problems to affect domestic and international policy by applying political theory, systems, and processes in organizational environments
- Apply knowledge of ethical principles and issues to public policy and politics

**Your Coursework in Political Science**

In your political science courses, you'll develop research and communication skills. Courses examine issues in policy and politics.

**Courses in the Major (30 Credits)**

- **GVPT 100**: Introduction to Political Science (3)
- **GVPT 101**: Introduction to Political Theory (3)
- **GVPT 170**: American Government (3) or GVPT 200: International Political Relations (3)
- **GVPT 280**: Comparative Politics and Governments (3)
- **GVPT 306**: Global Political Economy (3)
- **GVPT 409**: Terrorism, Antiterrorism, and Homeland Security (3) or any upper-level GVPT course
- **GVPT 403**: Law, Morality, and War (3) or any upper-level GVPT course
- **GVPT 406**: Global Terrorism (3)
- **GVPT 457**: American Foreign Relations (3) or any upper-level GVPT course
- **GVPT 495**: Advanced Seminar in Political Science (3)

**General Education Courses (41 Credits)**

Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advanced upper-level GVPT course.

**Research Course**

LIBS 150: Introduction to Research (1) (to be taken in first 6 credits)

**Writing and Communications Courses**

- **WRGT 111**: Introduction to Academic Writing I (3) or other writing course
- **WRGT 112**: Introduction to Academic Writing II (3)
- **SPCH 100**: Foundations of Oral Communication (3) or other communication, writing, or speech course
- **WRGT 391**: Advanced Research Writing (3) or other advanced upper-level writing course

**Math Course**

- **STAT 200**: Introduction to Statistics (3)

**Arts and Humanities Courses**

- **HIST 125**: Technological Transformations (3) or other arts and humanities course
- **HUMU 100**: Introduction to Humanities (3) or other arts and humanities course

**Behavioral and Social Sciences Courses**

- **ECON 103**: Economics in the Information Age (3) or other behavioral and social sciences course
- **BEHS 103**: Technology in Contemporary Society (3) or other behavioral and social sciences course

**Biological and Physical Sciences Courses**

- **BIOL 101**: Concepts of Biology (3) and **BIOL 102**: Laboratory in Biology (1) or any upper-level GVPT course
- **NSCI 100**: Introduction to Physical Science Laboratory or other biology course
- **GEOG 100**: Physical Geology (3) or other science lecture course

**Computing Courses**

- **CMIS 101**: Concepts and Applications of Information Technology (3) or **CMST 301**: Digital Media and Society or **CMST 302**: Computer Science
- **CMIS 111**: Social Networking and Cybersecurity or **CMST 303**: Digital Media and Society
- **CMST 301**: Digital Media and Society or **CMST 302**: Computer Science

**Minor and Elective Courses (49 Credits)**

**Total credits for BS in Political Science**: 120

**Career Preparation**

This program is designed to help you prepare for graduate study or careers in areas such as policy development for think tanks, research at intelligence agencies, and political campaign management, as well as other work with local and state governments or nonprofit organizations.

---

**Psychology**

You may seek either an academic major or minor in psychology.

**Major in Psychology**

Explore the fascinating landscape of the human mind and prepare for a career in human services or further graduate study by pursuing a bachelor's degree in psychology.

UMUC's bachelor's degree program in psychology will help prepare you for graduate study or a multitude of careers in the field. While acquiring a knowledge base of theory, research, and practice in psychological sciences, you'll hone your quantitative skills, written and oral communication proficiencies, analytical and scientific reasoning, and ability to analyze human behavior.

**What You’ll Learn**

Through your coursework, you will learn how to

- Apply major concepts, theoretical perspectives, empirical findings, and historical trends in psychology to prepare for graduate study or relevant careers
- Apply basic knowledge of research methodology, statistics, measurement, guidelines, ethical standards, laws, and regulations to design, participate in, and evaluate research in a variety of contexts
- Apply knowledge of human behavior to inform personal growth; communicate effectively; solve problems; make decisions; and interact with individuals, communities, and organizations
- Use critical and creative thinking, skeptical inquiry, technology, and the scientific approach to solve problems related to current and emerging trends in psychology
- Value diversity and different perspectives, tolerate ambiguity, and act ethically to communicate appropriately with various populations

**Your Coursework in Psychology**

The curriculum for the bachelor’s degree in psychology, which is aligned with American Psychological Association guidelines, is designed to provide you with a solid grounding in the major theoretical schools of psychology and research findings. The program covers the application of psychological concepts and principles to individual cognitive and emotional functioning, the workplace, and interpersonal relationships. The program also emphasizes the application of biological, social, and professional principles and concepts in response to psychological needs.
In past projects, students have had the opportunity to:

- Analyze a case study, providing an appropriate diagnosis, a rationale for that diagnosis, and suggestions for treatment
- Create a stress-management program and prepare a presentation
- Participate in a career review project in which students research potential jobs or graduate programs and submit a résumé or an application for graduate school

Degree Requirements
A degree with a major in psychology requires the successful completion of 120 credits of coursework, including 33 credits for the major; 41 credits in general education requirements; and 46 credits in the minor, electives, and other degree requirements. At least 17 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.

COURSES IN THE MAJOR (33 CREDITS)
Note: Related requirements for the major are listed under general education and/or elective courses.

GENERAL EDUCATION COURSES (41 CREDITS)
Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements (in communications, arts and humanities, behavioral and social sciences, biological and physical sciences, mathematics, and interdisciplinary issues) may be found on p. 70.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing and Communications Courses
WRTG 111 Introduction to Academic Writing I (3)
WRTG 112 Introduction to Academic Writing II (3)
SPCH 100 Foundations of Oral Communication (3)
WRTG 391 Advanced Research Writing (3)

Math Course
STAT 200 Introduction to Statistics (3) (related requirement for the major)

Arts and Humanities Courses
HIST 125 Technological Transformations (3) or other arts and humanities course
HUMN 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 103 Economics in the Information Age (3) or other behavioral and social sciences course
BEHS 103 Technology in Contemporary Society (3) or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIOL 101 Concepts of Biology (3) and BIOL 102 Laboratory in Biology (1) or NSCI 100 Introduction to Physical Science and NSCI 101 Physical Science Laboratory or other paired science lecture and laboratory courses taken in the same session

GEOL 100 Physical Geology (3) or other science lecture course

Computing Courses
CSM 115 Concepts and Applications of Information Technology (3) or CMST 301 Digital Media and Society

Total credits for BS in Psychology 120

Career Preparation
This program is designed to help prepare you for graduate study, research, or direct services work in the mental health or medical facility. It can also provide useful skills for work in related fields, such as human resources, advertising, customer relations, or program management.

Social Science
You may seek an academic major in social science.

Major in Social Science
Gain insight on pressing social issues by studying how groups, cultures, organizations, and institutions function by pursuing a bachelor's degree in social science.

In UMUC's bachelor's degree program in social science, you'll gain a breadth of knowledge through interdisciplinary study that encompasses perspectives from the fields of anthropology, behavioral sciences, gerontology, psychology, and sociology. You'll also have the opportunity to drill down and focus closely on one of these fields.

What You'll Learn
Through your coursework, you will learn how to:

- Integrate theoretical perspectives and research findings in the social sciences by using quantitative and qualitative data and applying social science research methods
- Communicate effectively to a variety of audiences
- Explain how micro- and macro-level factors are linked in the social lives of individuals, communities, and societies
- Analyze complex social problems and work toward realistic solutions using awareness, acceptance, and appreciation of diversity, social factors, and global multicultural perspectives
- Recognize the ethical principles and standards for professional conduct that guide the work of social scientists
- Apply critical and creative thinking, information literacy, technology, and interdisciplinary perspectives to solve practical problems in the social sciences

Your Coursework in Social Science
Your social science coursework will help you learn to address social issues from an interdisciplinary perspective, communicate with a diverse audience, develop strong critical thinking skills, articulate the range of research methods used in the social sciences, and recognize good evidence. In addition, you'll learn to identify the implications of social science on various issues to develop policies and programs that enhance human welfare.

COURSES IN THE MAJOR (30 CREDITS)
Two introductory (100-level) social science courses (6)—Chosen from the following:

- ANTH 102 Introduction to Cultural Anthropology
- GERO 100 Contemporary Issues in Aging
- PSYC 100 Introduction to Psychology
- SOCY 100 Introduction to Sociology

Required courses:
- BEHS 210 Introduction to Social Sciences (3)
- BEHS 220 Diversity Awareness (3)
- BEHS 300 Research Methods in Social Sciences (3)
- BEHS 495 Advanced Seminar in Social Sciences (3)

Upper-level ANTH, BEHS, GERO, PSYC, and SOCY courses (12)—Focused study in anthropology, gerontology, psychology, or sociology recommended, as follows:

- Anthropology
  - ANTH 345 World Prehistory and Archaeology
  - ANTH 346 Ethnography of Language and Communication
  - ANTH 350 Health, Illness, and Healing
  - ANTH 351 Anthropology in Forensic Investigations
- Gerontology
  - GERO 302 Health and Aging
  - GERO 311 Gender and Aging
  - GERO 427 Culture and Aging
  - GERO 320 Psychosocial Aspects of Aging
- Psychology
  - PSYC 321 Social Psychology
  - PSYC 338 Psychology of Gender
  - PSYC 351 Lifespan Development
  - PSYC 354 Cross-Cultural Psychology

Academic Relationship
An articulation agreement between UMUC's Undergraduate School and Graduate School allows eligible students who complete their undergraduate degree at UMUC with a major in social science to reduce their total coursework for the Master of Arts in Teaching by 12 credits (two courses) and complete both degrees with a total of 138 credits of coursework. More information is available in the graduate catalog.

Degree Requirements
A degree with a major in social science requires the successful completion of 120 credits of coursework, including 30 credits for the major; 41 credits in general education requirements; and 49 credits in the minor, electives, and other degree requirements. At least 15 credits in the major must be earned in upper-level courses (numbered 300 or above). See p. 71 for information on overall degree requirements.
BACHELOR’S DEGREES

Sociology
SOCY 313 The Individual and Society
SOCY 325 The Sociology of Gender
SOCY 423 Race and Ethnicity: A Global Perspective
SOCY 350 Contemporary Social Problems

GENERAL EDUCATION COURSES (41 CREDITS)
Since some recommended courses fulfill more than one requirement, substituting courses for those listed may require you to take additional courses to meet degree requirements. Consult an advisor whenever taking advantage of other options. Information on alternate courses (where allowable) to fulfill general education requirements is found on p. 70.

Research Course
LIBS 150 Introduction to Research (1) (to be taken in first 6 credits)

Writing and Communications Courses
WRIT 11 Introduction to Academic Writing (1) or other writing course
WRIT 112 Introduction to Academic Writing II (3) or other writing course
SPCH 100 Foundations of Oral Communication (3) or other communication, writing, or speech course
WRIT 391 Advanced Research Writing (3) or other advanced upper-level writing course

Math Course
STAT 200 Introduction to Statistics (3) (related requirement for the major)

Arts and Humanities Courses
HIST 125 Technological Transformations (3) or other arts and humanities course
HUMN 100 Introduction to Humanities (3) or other arts and humanities course

Behavioral and Social Sciences Courses
ECON 100 Economics in the Information Age (3) or other behavioral and social sciences course
BEHS 103 Technology in Contemporary Society (3) or other behavioral and social sciences course

Biological and Physical Sciences Courses
BIO 101 Concepts of Biology (3) or other science lecture course
BIO 110 Laboratory in Biology (1) or other science lecture course

Computing Courses
IFSM 201 Concepts and Applications of Information Technology (3) or another computing course appropriate to the academic major
CMIS 111 Social Networking and Cybersecurity or another computing course appropriate to the academic major

MINOR AND ELECTIVE COURSES (49 CREDITS)

MINOR IN ACCOUNTING (15 CREDITS)

Choosing a minor is strongly encouraged even though it is optional (unless you major in accounting). You may not take a major and minor in the same area and may not receive a dual minor. The number of credits required to complete an academic minor varies according to academic program. For a listing of all the requirements for the bachelor’s degree, refer to your major and pp. 70-71.

COMMON REQUIREMENTS FOR COMPLETING A MINOR
- At least half the credits you earn within the minor must be upper level (numbered 300 or above) unless otherwise specified and must be earned through UMUC.
- No grade may be lower than a C in the coursework for the minor.
- Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.
- For a listing of all the requirements for the bachelor’s degree, refer to your major and pp. 70-71.

Minor in Accounting

The accounting minor complements the skills you gain in your major discipline by providing a study of how the accounting environment measures and communicates the economic activities of organizations to enable stakeholders to make informed decisions regarding the allocation of limited resources.

Courses in the Minor (15 Credits)
A minor in accounting requires the completion of 15 credits of coursework in accounting. Any ACCT courses apply. Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, refer to your major and pp. 70-71.

Minor in Art History

The art history minor complements the skills you gain in your major discipline by helping to develop skills in historical and cultural interpretation and critical analysis of works of architecture, sculpture, painting, and the allied arts.

Courses in the Minor (15 Credits)
A minor in art history requires the completion of the following courses:
ARTH 204 Film and American Culture Studies (3)
ARTH 334 Understanding Movies (3)
ARTH 372 History of Western Art I (3)
ARTH 373 History of Western Art II (3)
ARTH 375 History of Graphic Art (3)

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, refer to your major and pp. 70-71.

Minor in Biology

The biology minor complements the skills you gain in your major discipline by helping to provide an underlying scientific base upon which to build a career in the life sciences, allied health fields, bioinformatics, environmental management, science journalism, or science education.

Courses in the Minor (15 Credits)
A minor in biology requires the completion of 15 credits of coursework in biology. Any BIOL courses apply. Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor’s degree, refer to your major and pp. 70-71.
MINORS

Minor in Business Administration
The business administration minor complements the skills you gain in your major discipline by providing a study of principles and techniques used in organizing, planning, managing, and leading within various organizations.

Courses in the Minor (15 Credits)
A minor in business administration requires the completion of 15 credits of coursework in business administration. Any ACCT, BMGT, FINC, HMGT, HRMN, and MKRT courses apply. It is recommended that you take BMGT 364 as the first course in the minor (if you have not already applied the course to other requirements).
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Computer Science
The computer science minor complements the skills you gain in your major discipline by providing the foundations for designing and programming computer applications in support of most occupations and developing a process for solving challenging problems.

Courses in the Minor (15 Credits)
A minor in computer science requires the completion of 15 credits in computer science coursework, including the following two-course sequence in programming:
CMIS 141 Introductory Programming (3)
CMIS 242 Intermediate Programming (3)
The remaining 9 credits may be chosen from any upper-level CMSC courses (i.e., courses numbered 300 or above). Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Criminal Justice
The criminal justice minor complements the skills you gain in your major discipline by providing a study of crime, law enforcement, courts, corrections, security, and investigative forensics.

Courses in the Minor (15 Credits)
A minor in criminal justice requires the completion of 15 credits of coursework in criminal justice. Any CCJS courses apply. It is recommended that you take CCJS 100 or CCJS 105 as the first course in the minor (if you have not already applied the course toward other degree requirements).
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Cybersecurity
The cybersecurity minor complements the skills you gain in your major discipline by providing a study of the principles, issues, and technologies pertinent to the field of cybersecurity.

Courses in the Minor (15 Credits)
A minor in cybersecurity requires the completion of 15 credits of coursework in cybersecurity. All CSIA and CMIT courses apply.
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in East Asian Studies
The East Asian studies minor complements the skills you gain in your major discipline by providing an interdisciplinary study of the cultural, historical, political, and contemporary business reality of the Asian/Pacific world.

Courses in the Minor (15 Credits)
A minor in East Asian studies requires the completion of 15 credits of coursework in East Asian studies, which must include ASTD 284 and ASTD 285. Courses allowable for the major in East Asian studies apply.
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Economics
The economics minor complements the skills you gain in your major discipline by providing a study of the forces that determine production and distribution, price levels, and income distribution, as well as other economic factors that influence the quality of life.

Courses in the Minor (15 Credits)
A minor in economics requires the completion of the following courses:
ECON 201 Principles of Macroeconomics (3)
ECON 203 Principles of Microeconomics (3)
ECON 305 Intermediate Macroeconomic Theory and Policy (3)
ECON 306 Intermediate Macroeconomic Theory (3)
ECON 430 Money and Banking (3)
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in English
The English minor complements the skills you gain in your major discipline by providing exposure to literary analysis, critical thinking and reading, and the study of the relationship of literature to contemporary intellectual issues.

Courses in the Minor (15 Credits)
A minor in English requires the completion of the following courses:
ENGL 240 Introduction to Fiction, Poetry, and Drama (3)
ENGL 280 Standard English Grammar (3)
ENGL 303 Critical Approaches to Literature (3)
ENGL 310 Renaissance Literature (3)
ENGL 433 Modern American Literature: 1914-1945 (3)
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in History
The history minor complements the skills you gain in your major discipline by offering a historical perspective and by helping you to develop critical thinking and an appreciation of the major contributions of various events and individuals to human civilization.

Courses in the Minor (15 Credits)
A minor in history requires the completion of 15 credits of coursework in history, as follows:
A 100-level HIST course
(Hours counted toward this requirement include HIST 115, HIST 116, HIST 141, HIST 142, HIST 156, and HIST 157.)
HIST 289 Historical Methods
Any 9 credits in upper-level HIST courses
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Cybersecurity
The cybersecurity minor complements the skills you gain in your major discipline by providing a study of the principles, issues, and technologies pertinent to the field of cybersecurity.

Courses in the Minor (15 Credits)
A minor in cybersecurity requires the completion of 15 credits of coursework in cybersecurity. All CSIA and CMIT courses apply.
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.
Minor in Homeland Security
The homeland security minor complements the skills you gain in your major discipline by examining the human resource functions in a private- or public-sector organizational setting. These functions include human resource planning; recruitment, selection, and placement; employee appraisal and compensation; employee training and career development; management of labor relations; and development of a human resource department implementation plan.

Courses in the Minor (15 Credits)
A minor in human resource management requires the completion of 15 credits of coursework in human resource management. Any HRLN courses apply. It is recommended that you take HRLN 300 and 400 for the minor (if you have not already applied the courses elsewhere in the degree).
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Human Resource Management
The human resource management minor complements the skills you gain in your major discipline by examining the human resource functions in a private- or public-sector organizational setting. These functions include human resource planning; recruitment, selection, and placement; employee appraisal and compensation; employee training and career development; management of labor relations; and development of a human resource department implementation plan.

Courses in the Minor (15 Credits)
A minor in human resource management requires the completion of 15 credits of coursework in human resource management. Any MRKT courses apply. It is recommended that you take MRKT 310 as the first course in the minor (if you have not already applied the course toward other degree requirements).
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Information Systems Management
The information systems management minor complements the skills you gain in your major discipline by helping you develop your abilities to conceptualize and manage the design and implementation of high-quality information systems.

Courses in the Minor (15 Credits)
A minor in information systems management requires the completion of 15 credits of coursework in information systems management. All ISFM courses apply. Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Marketing
The marketing minor complements the skills you gain in your major discipline by enhancing the knowledge and skills related to marketing situations and processes and the emerging global marketplace.

Courses in the Minor (15 Credits)
A minor in marketing requires the completion of 15 credits of coursework in marketing. All MRKT courses apply. It is recommended that you take MRKT 310 as the first course in the minor (if you have not already applied the course toward other degree requirements).
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Philosophy
The philosophy minor complements the skills you gain in your major discipline by providing a study of the relationships between personal opinions and real-world issues faced by members of a pluralistic, open society.

Courses in the Minor (15 Credits)
A minor in philosophy requires the completion of the following courses:

- PHIL 100 Introduction to Philosophy (3)
- PHIL 110 Practical Reasoning (3)
- PHIL 304 Contemporary Social Justice Issues (3)
- PHIL 336 Ideas Shaping the 21st Century (3)
- PHIL 348 Religions of the East (3)

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Political Science
The political science minor complements the skills you gain in your major discipline by providing a systematic study of political theory and research and applying it to social issues, including globalization, social inequality, diversity, health care, education, family, work, and religion.

Courses in the Minor (15 Credits)
A minor in political science requires the completion of 15 credits of coursework in government and politics. All GVPT courses apply. It is recommended that you take GVPT 100, GVPT 101, or GVPT 170 as the first course in the minor (if you have not already applied the course toward other degree requirements).
Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.

Minor in Psychology
The psychology minor complements the skills you gain in your major discipline by investigating the nature of mind and behavior, including the biological basis of behavior, perception, memory and cognition; the influence of environmental and social forces on the individual, personality, and lifespan development and adjustment; research methods; and statistical analysis.

Courses in the Minor (15 Credits)
A minor in psychology requires the completion of 15 credits of coursework in psychology as follows.

One of the following foundation courses:

- PSYC 100 Introduction to Psychology
- PSYC 300 Research Methods in Psychology

One course from each of the following groupings:

- Biological: PSYC 301, PSYC 310, PSYC 341
- Social: PSYC 321, PSYC 351, PSYC 354
- Professional: PSYC 335, PSYC 353, PSYC 436

An additional PSYC course

Courses already applied toward other degree requirements (e.g., major or general education) may not be applied toward the minor. At least 9 credits must be earned in upper-level courses (numbered 300 or above). Prerequisites apply for all courses.

For a listing of all the requirements for the bachelor's degree, refer to your major and pp. 70-71.
The unit of credit defines the amount of university-level credit to be awarded for course completion, transfer of coursework from another institution, or evaluation of college-level prior learning. One credit is awarded on the basis of one of the following, according to the Code of Maryland Regulations:

- At least 15 hours (50 minutes each) of actual classroom instruction, when supervision is ensured
- At least 30 hours (50 minutes each) of supervised laboratory or studio work (exclusive of registration and study days, holidays, and final examinations)
- At least 45 hours (50 minutes each) of instructional situations, such as practica, internships, and cooperative education placements, when supervision is ensured and learning is documented
- Instruction delivered by electronic media based on the equivalent outcomes in student learning, including tele-lessons, classroom instruction, student consultation with instructors, and readings, when supervision is ensured and learning is documented

Prerequisites, normally stated in terms of numbered courses, represent the level of knowledge you are expected to have before enrolling in a given course. You may be barred from enrolling in or may be removed from courses for which you do not have the necessary prerequisites. Courses listed as “corequisite” are required but may be taken at the same time as the course described. Taking courses listed as “recommended” is advisable but not absolutely required.

It is your responsibility to check the prerequisites listed in the course description and make certain that you are academically prepared to take a course. If you did not take the prerequisite course recently, you should consult an advisor or the academic department about whether you are sufficiently prepared to perform well in a given course. Faculty members are not expected to repeat material listed as being prerequisite.

Prerequisites may also be fulfilled by Prior Learning credit for the appropriate course, earned through course-challenge examinations or Portfolio Assessment (described on p. 200). Advisors can explain the procedures for seeking this credit. Some courses are not eligible for challenge examination or Portfolio Assessment, and you may not take course-challenge examinations or seek Portfolio Assessment credit for lower-level courses that are prerequisite to courses for which you have already received credit.

WRTG 112 Introduction to Academic Writing II is prerequisite to any higher-level course in English, communication studies, and writing, as well as many other advanced courses. MATH 107 College Algebra is prerequisite to any higher-level course in mathematics. Many other prerequisites for advanced courses may be found in the course descriptions.

Placement testing is required for enrollment in MATH 012, MATH 106, MATH 107, MATH 108, MATH 115, MATH 140, and MATH 220, unless you have taken the prerequisite course or its equivalent. More information on mathematics placement tests may be obtained by calling 800-888-UMUC or visiting umuc.edu/testing. If you have prior experience in a foreign language, you should take a placement test to assess appropriate level. For information on language placement tests, e-mail the department at languages@umuc.edu.
COURSE DESCRIPTIONS

UNDERGRADUATE COURSES

The following entries describe courses offered through University of Maryland University College. Requirements pertain only to degrees conferred at UMUC. To determine how these courses may transfer and be applied toward degrees offered by other institutions, you should consult those institutions. Transferability is determined by the receiving institution. In transferring to UMUC—particularly from a community college—you should be careful not to enroll in courses that duplicate your previous studies. Courses are arranged alphabetically by academic discipline or subject. The number of credits is shown by an Arabic numeral in parentheses—e.g., (3)—after the title of the course. Course numbers are designated as follows:

000–099 Noncredit and institutional credit courses (which do not count toward any degree or certificate)
100–199 Primarily freshman-level courses
200–299 Primarily sophomore-level courses
300–399 Upper-level, primarily junior-level courses
400–499 Upper-level, primarily senior-level courses
500–599 Senior-level courses acceptable for credit toward some graduate degrees

Accounting

Courses in accounting (designated ACCT) may be applied as appropriate (according to individual program requirements) toward

- a major in accounting, business administration, management studies, or marketing
- a minor in accounting or business administration
- an AA in General Studies with accounting, business and management, or management studies curricula
- a certificate in accounting foundations
- the general education requirement in computing (Note: Only ACCT 326 applies)
- electives

ACCT 220 Principles of Accounting I (3)
An introduction to the basic theory and techniques of contemporary financial accounting. The objective is to identify the fundamental principles of accounting, identify and analyze business transactions, prepare financial statements, and communicate this information to users with different needs. Topics include the accounting cycle, transactions, and the preparation of financial statements for single and multiple business organizations that operate as service companies or merchandisers. Students may receive credit for only one of the following courses: ACCT 220 or BMGT 220.

ACCT 221 Principles of Accounting II (3)
Prerequisite: ACCT 220. Further study of contemporary accounting practices, with an emphasis on financial and managerial accounting. The goal is to identify and analyze business transactions, define the characteristics of business entities, identify the interdependency of financial statements, employ managerial accounting techniques, and communicate this information to users with different needs. Financial accounting topics include liabilities, equities, investments, and business entities. Managerial accounting topics include job-order and process costing, cost-volume-profit analysis, and budgets. Students may receive credit for only one of the following courses: ACCT 221 or BMGT 221.

ACCT 301 Accounting for Nonaccounting Managers (3)
(May not be applied toward a major in accounting.) A survey of accounting principles relevant in making business decisions on the basis of financial information. The aim is to apply critical thinking skills and ethical principles to accounting issues. Topics include internal controls, financial reporting, analysis of financial statements, and elements of managerial accounting and budgeting. Students may receive credit for only one of the following courses: ACCT 301, MGMT 301, or MGMT 301.

ACCT 310 Intermediate Accounting I (3)
(Students should be cautious about enrolling in ACCT 310 or ACCT 311. These are professional courses requiring intensive study and analysis and are not to be undertaken casually. Students who have not taken ACCT 221 within the last two years may have difficulty.) Prerequisite: ACCT 221. A comprehensive analysis of financial accounting topics involved in preparing financial statements for external reporting. The objective is to identify and analyze complex business transactions and their impact on financial statements. Students may receive credit for only one of the following courses: ACCT 310 or BMGT 310.

ACCT 311 Intermediate Accounting II (3)
(A continuation of ACCT 310. Students should be cautious about enrolling in ACCT 310 or ACCT 311. These are professional courses requiring intensive study and analysis and are not to be undertaken casually. Students who have not taken ACCT 310 within the last two years may have difficulty.) Prerequisite: ACCT 310. A comprehensive analysis of financial accounting topics, including preparation of financial statements and external reports. The aim is to identify and analyze complex business transactions and their impact on financial statements. Students may receive credit for only one of the following courses: ACCT 311 or BMGT 311.

ACCT 321 Cost Accounting (3)
Prerequisite: ACCT 221. A study of basic cost accounting concepts. The goal is to apply basic cost accounting concepts, use technology to prepare financial deliverables, evaluate business and financial data, and communicate financial information. Topics include the evaluation of business and financial data to make profit-maximizing decisions, ethics, and corporate social responsibility. Discussion also covers the role of accountants in decision making, cost behavior, and cost planning and control methods, such as standard costing, budgeting, and inventory valuation. Students may receive credit for only one of the following courses: ACCT 321 or BMGT 321.

ACCT 323 Federal Income Tax I (3)
Prerequisite: ACCT 220. Recommended: ACCT 310 and ACCT 311. A study of federal income tax for individuals and other entities. The objective is to identify the legislative process, conduct tax research, evaluate tax implications, and complete an individual tax return. Topics include the legislative process, tax policy, research, and the evaluation of transactions and decisions for planning and compliance. Emphasis is on ethics and professional responsibilities. Students may receive credit for only one of the following courses: ACCT 323 or BMGT 323.

ACCT 326 Accounting Information Systems (3)
Prerequisite: ACCT 221. An introduction to accounting information systems (AIS) concepts. The objective is to evaluate how AIS tools are used to record, process, and analyze financial data; determine how best to integrate AIS tools and processes in a given organization; review and recommend controls to secure AIS applications and processes; and evaluate how technology can be used in AIS applications. Topics include transaction processing concepts and core AIS transactional cycles; basic control frameworks used to secure AIS applications and processes; strategies for implementing or upgrading

AIS applications; information technology and accounting standards; and e-commerce and e-business. Students may receive credit for only one of the following courses: ACCT 326, BMGT 320, or BMGT 326.

ACCT 410 Accounting for Government and Not-for-Profit Organizations (3)
Prerequisite: ACCT 310. An introduction to the theory and practice of accounting as applied to governmental entities and not-for-profit organizations. The objective is to evaluate transactions, prepare and analyze financial statements, write financial briefings, and apply accounting rules and procedures. Topics include the evaluation and preparation of reports required for governmental and not-for-profit entities. Students may receive credit for only one of the following courses: ACCT 410 or BMGT 410.

ACCT 411 Ethics and Professionalism in Accounting (3)
Prerequisite: ACCT 311. An examination of the importance of ethical behavior in organizations and for the accounting and auditing professions. The goal is to identify ethical dilemmas, research regulations, and apply problem-solving methodology to resolve unethical situations. Discussion covers the AICPA Code of Professional Conduct and the ethical codes and requirements of other standard-setting organizations. Corporate governance and legal and regulatory obligations are explored within an ethical framework. Issues related to accounting ethics and professionalism are examined and analyzed using philosophical models and ethical theories.

ACCT 422 Auditing Theory and Practice (3)
Prerequisite: ACCT 311. Recommended: ACCT 326. A study of the auditing profession, audit process, and other assurance and nonassurance services related to the CPA profession. The objective is to design an audit plan, apply audit procedures, evaluate audit findings, and assess the impact of standards and emerging issues. Topics include generally accepted auditing standards, tests of controls and substantive tests, statistical sampling, report forms, and opinions. Various techniques are used to study auditing concepts and practices; these may include the use of problem sets, case studies, computer applications, and other materials. Students may receive credit for only one of the following courses: ACCT 422 or BMGT 422.
ACCT 424 Advanced Accounting (3)
Prerequisite: ACCT 311. Recommended: ACCT 326. A study of advanced accounting theory, applied to specialized topics and contemporary problems. The aim is to prepare, present, and explain financial statements in five sectors—consolidated, international, partnership, not-for-profit, and state and local governments—and analyze a firm's dissolution or reorganization. Emphasis is on consolidated statements and partnership accounting. Various techniques are used to study accounting theory and practice; these may include the use of problem sets, case studies, computer applications, and other materials. Students may receive credit for only one of the following courses: ACCT 424 or BMGT 424.

ACCT 425 International Accounting (3)
Prerequisite: ACCT 311. A study of accounting in a multinational context. Discussion covers the historical development and current status of international financial reporting standards. The goal is to recognize the influence of politics and culture on the development of accounting systems, prepare financial statements according to international financial reporting standards, and analyze the financial statements of a multinational enterprise. Strategies to manage and hedge against foreign currency exposure are developed. Topics include evolving international accounting and reporting standards, foreign exchange and taxation, intercompany transfer pricing, and emerging issues in international accounting. Students may receive credit for only one of the following courses: ACCT 425 or BMGT 424.

ACCT 436 Internal Auditing (3)
(Intended as a final, capstone course to be taken in a student's last 15 credits.) Prerequisites: ACCT 311, ACCT 321, ACCT 422, and BMGT 364. An intensive study of accounting that integrates knowledge gained through previous coursework and experience and builds on that conceptual foundation through integrative analysis, practical application, and critical thinking. The aim is to use current technology, research, and analytical tools proficiently to perform accounting and business functions, work collaboratively, facilitate decision making, and communicate to financial and nonfinancial audiences. Focus is on researching and analyzing emerging issues in accounting, business transactions, and financing. Students may receive credit for only one of the following courses: ACCT 495 or ACCT 498C.

ACCT 495 Contemporary Issues in Accounting Practice (3)
Courses in accounting (designated ANTH) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in behavioral and social sciences
- electives
UMUC offers only a limited number of courses each session in this discipline.

ANTH 101 Introduction to Biological Anthropology (3)
A survey of human origins and how human populations adapt to the environment. Discussion examines human evolution and adaptation, including biocultural patterns in humans and other primates. Students who complete both ANTH 101 and ANTH 102 may not receive credit for ANTH 340, BHES 340, or BHES 341.

ANTH 102 Introduction to Cultural Anthropology (3)
A survey of social and cultural principles inherent in ethnographic descriptions. The objective is to apply anthropological knowledge of human behavior to everyday situations and problems. Students who complete both ANTH 101 and ANTH 102 may not receive credit for ANTH 340, BHES 340, or BHES 341.

ANTH 345 World Prehistory and Archaeology (3)
An intermediate-level exploration of world prehistory and archaeology. The goal is to analyze the cultural and subsistence patterns of prehistoric humans and relate these patterns to contemporary human societies and populations. Discussion includes archaeological theories and methods, subsistence strategies, and the application of archaeology to community, regional, and global issues and concerns.

ANTH 346 Anthropology of Language and Communication (3)
An intermediate-level, anthropological study of language, communication, and culture. The goal is to analyze the cultural and subsistence patterns of prehistoric humans and relate these patterns to contemporary human societies and populations. Discussion includes anthropological theories and methods, the role of language in cultural environments, and how language is shaped by culture. Topics include the evolution and history of human language, structural elements of verbal and nonverbal language, language as social action, and languages in the contemporary world.

ANTH 350 Health, Illness, and Healing (3)
Recommended: ANTH 102. An overview of health, illness, and healing from a cross-cultural perspective. The objective is to apply the perspectives of medical anthropology to promote individual and public health in local, national, and global contexts. Topics include cultural and social influences on health and healing, the experience and meaning of illness, and current issues in public and global health.

ANTH 351 Anthropology in Forensic Investigations (3)
Recommended: BIOL 160 or BIOL 201. An introduction to the application of forensic anthropology, designed to provide a basic understanding of the analysis of human skeletal remains and how forensic anthropologists work as part of the forensic team. The objective is to understand how anthropologists apply scientific principles and processes to the collection and analysis of evidence and how they communicate their conclusions. Topics include the scope of anthropology within the context of forensic investigations, human skeletal biology, research methods, scientific reporting, crime scene protocols, and the application of professional standards and ethics. Specific examples of forensic anthropology cases are reviewed.

ANTH 417 Peoples and Cultures of East Asia (3)*
An advanced anthropological study of the peoples and cultures of East Asia, focusing on China, Japan, and Korea. The aim is to apply anthropological theories and methods to interpret contemporary East Asian cultures, relate family structure to individual choices and social interactions in East Asian cultures, and analyze how ethnic and national identities and regional differences affect regional and global interactions. Topics include urbanization, social values, social change, and the role of East Asia in the modern world.

* On-site format available only in Asia
COURSE DESCRIPTIONS

Art

Courses in art (designated ARTT) may be applied as appropriate (according to individual program requirements) toward:
- the general education requirement in the arts and humanities
- electives

ARTT 110 Introduction to Drawing (3)
A hands-on introduction to various drawing media and related techniques. The objective is to translate the three-dimensional world into two dimensions, communicate through a visual medium, and critique visual works of art. Projects are based on nature and still life.

ARTT 152 Basics of Photography (3)
(Formerly ARTH 152.) An introduction to basic photographic procedures with an emphasis on composing, taking, and editing photographs. Discussion covers the historical development of photography. Students may receive credit for only one of the following courses: ARTT 152 or PHOT 198.

ARTT 205 Art Appreciation (3)
An introduction to a variety of two- and three-dimensional art forms, with particular emphasis on two-dimensional arts. The goal is to investigate the elements and principles of design, materials and techniques used in personal and professional settings. Examples from different media including illustration, painting with oils, acrylics, and watercolors; and sculpture are used to consider form, light, color, perspective, and other elements of art.

ARTT 210 Intermediate Drawing (3)
Prerequisite: ARTT 110. A continuing examination of materials and techniques of drawing. The objective is to apply drawing techniques and visual principles to various subjects, communicate through drawing, and critique works of art. More advanced media, compositions, techniques, and subjects are explored. Students may receive credit for only one of the following courses: ARTS 210 or ARTT 210.

ARTT 320 Painting (3)
Prerequisite: ARTT 110. Practice in the basic tools and vocabulary of painting. The goal is to apply an understanding of compositional strategies, visual principles, and basic materials and techniques to produce paintings using oil/watercolor/ acrylic paint.

Art History

Courses in art history (designated ARTH) may be applied as appropriate (according to individual program requirements) toward:
- the general education requirements in the arts and humanities
- a major in humanities
- a minor in art history
- electives

UMUC offers a limited number of ARTH courses each session. To complete a minor, students may need to take courses at other institutions in the University System of Maryland or extend the time spent fulfilling the degree requirements. Students are advised to consult an advisor before selecting this discipline.

ARTH 204 Film and American Culture Studies (3)
An introductory study of the relationship between film and American culture. The objective is to improve one's ability to understand a film's message and to expand one's cultural awareness. Discussion covers the way one of our most popular media portrays American culture and influences our interpretation of cultural issues. Various films, filmmaking issues, and representative filmmakers' work are examined. Students may receive credit for only one of the following courses: ARTH 204, AMST 204, or HUMN 204.

ARTH 334 Understanding Movies (3)
(Formerly HUMN 334.) An analysis of one of the most important means of artistic expression of the 20th century. The goal is to acquire a deeper understanding of the aesthetic qualities of film by considering the stylistic elements of film as it has evolved throughout the century and weighing the special relationship between cinema and literature. Students may receive credit for only one of the following courses: ARTH 334, HUMN 334, or HUMN 498D.

ARTH 372 History of Western Art I (3)
(Formerly ARTH 370.) A survey of the development of the Western tradition of visual art in its various forms that examines and compares the expression of cultural and aesthetic values in different parts of the Western world from prehistory through the Middle Ages. The objective is to apply principles of visual literacy; describe, analyze, and contextualize content and elements of art; and differentiate historic periods and styles of art. Students may receive credit for only one of the following courses: ARTH 370 or ARTH 372.

ARTH 373 History of Western Art II (3)
(Formerly ARTH 371.) A survey of the development of visual art of the Western world in its various forms that examines and compares the expression of cultural and aesthetic values in Europe and the United States from 1300 to the present day. The aim is to apply principles of visual literacy; describe, analyze, and contextualize content and elements of art; and differentiate historic periods and styles of art. Students may receive credit for only one of the following courses: ARTH 371 or ARTH 373.

ARTH 375 History of Graphic Art (3)
Recommended: ARTH 204. A survey of the development of graphic design with an emphasis on the historical, technological, and sociological influences on the production of typography and the aesthetics of visual media. The aim is to recognize the philosophy of graphic arts, identify various movements within the field, and analyze the impact of graphic arts upon society. Topics include major works and artists and cultural, social, and religious movements and their impact on graphic arts.

Asian Studies

Courses in Asian studies (designated ASTD) may be applied as appropriate (according to individual program requirements) toward:
- the general education requirements in the arts and humanities or the behavioral and social sciences (based on course content)
- a major or minor in East Asian studies
- electives

ASTD 155 Introduction to Korean Language and Culture (3)
(Formerly ARTH 155.) A survey of the development of visual art of the Western world in its various forms that examines and compares the expression of cultural and aesthetic values in Europe and the United States from 1300 to the present day. The aim is to apply principles of visual literacy; describe, analyze, and contextualize content and elements of art; and differentiate historic periods and styles of art. Students may receive credit for only one of the following courses: ARTH 371 or ARTH 373.

ASTD 158A Introduction to Korean Society (3)
(Formerly KORN 198A. Conducted in English. Not open to students who have completed KORN 105, ASTD 155, KORN 333, or ASTD 353.) An introduction to the major aspects of Korean culture. The cultural norms of Korea are compared to patterns of American culture. Students may receive credit for only one of the following: ASTD 158A or KORN 198A.

ASTD 198 Special Topics in Asian Studies (3)
An investigation of a special topic, problem, or issue of particular relevance to countries or peoples of the Pacific Rim or Indian Ocean. Typical investigations include historical or contemporary subjects focusing on cultural, economic, military, or political issues.

ASTD 284 Foundations of East Asian Civilization (3)
(Formerly HIST 284.) An interdisciplinary survey of the foundations of East Asian civilization from its beginnings to the 17th century. The goal is to analyze philosophical, religious, artistic, economic, and political aspects of the region's historical experience. Focus is on China, Korea, and Japan. Topics include East Asia belief systems (including Confucianism and Buddhism), the dynastic cycle, relations between steppe and agrarian societies, warrior and scholar-gentry cultures, technological change and economic development, and the role of class and gender in early East Asian society. Students may receive credit for only one of the following courses: ASTD 150, ASTD 284, or HIST 284.
ASTD 285 Introduction to Modern East Asia (3)
(Formerly HIST 285.) An interdisciplinary survey of East Asia from the late 17th century—beginning with Ming-Qing China, Tokugawa Japan, and Chosun Korea—to the present. The objective is to trace how transformations on global, regional, and local levels led to the development of the modern nation-states of East Asia and to examine how those developments affected the culture of the areas. Topics include the rise of imperialism and colonialism; cross-cultural interactions; and issues of gender, class, and ethnicity in East Asian culture. Students may receive credit for only one of the following courses: ASTD 160, ASTD 285, or HIST 285.

ASTD 302 The Two Koreas: Problems and Prospects (3)
Prerequisite: Any writing course. Recommended: ASTD 284 and ASTD 285. A thematic study of the two Koreas from historical, social, and foreign policy perspectives. The objective is to examine scholarly viewpoints on key issues of Korean history and division; articulate key factors that shape U.S. and regional policy toward North Korea; distinguish between different sources of information on the two Koreas; and interpret regional developments based on knowledge of Korean issues. Topics include the “hermit kingdom” myth; liberation, division, and war; the economic “miracle”; North Korean leadership; South and North Korean foreign relations; North Korea as a nuclear threat; and prospects for a unified Korea. Focus is on developing a stronger understanding of the two Koreas for practical and professional application. Assignments require research, analysis, and a written policy or strategy recommendation.

ASTD 370 Interpreting Contemporary China (3)
Prerequisite: Any writing course. Recommended: ASTD 285. A thematic study of contemporary China from political, economic, social, and foreign policy perspectives. The objective is to identify decision-making authorities, interpret major influences on the Chinese economy, appraise the impact of grass-roots social movements, and distinguish factors that drive China’s foreign policy. Focus is on developing engagement strategies for various professional applications. Assignments require research, analysis, and a written policy or strategy recommendation (e.g., a policy paper or business strategy plan).

ASTD 396 Culture and Communication (3)
(Fulfills the general education requirement in the social sciences.) An exploration of the communication and social interaction patterns of various cultures. Topics include the nature of culture and how cultures define class, Japanese behavioral patterns are analyzed and compared to the patterns of both the United States and Korea. Assignments include advanced reading and research. Students may receive credit for only one of the following courses: ASTD 396 or ASTD 398X.

ASTD 398 Advanced Special Topics in Asian Studies (3)
An investigation of a special topic, problem, or issue of particular relevance to countries or peoples of the Pacific Rim or Indian Ocean. Typical investigations include historical or contemporary subjects focusing on cultural, economic, military, or political issues. Assignments include advanced reading and research.

ASTD 485 Issues in East Asian Studies (3)
(Intended as a final, capstone course to be taken in a student’s last 15 credits.) Prerequisites: ASTD 284 (or ASTD 150) and ASTD 285 (or ASTD 160). A project-based interdisciplinary study of East Asia that integrates knowledge gained through previous coursework and experience and builds on that conceptual foundation through integrative analysis, practical application, and critical thinking. Discussion covers emerging issues and current scholarship in East Asian studies.

Astronomy
Courses in astronomy (designated ASTR) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the biological and physical sciences
- electives

UMUC offers only a limited number of courses each session in this discipline.

ASTR 100 Introduction to Astronomy (3)
(Not open to students who have taken or are taking any astronomy course numbered 250 or higher. For students not majored or minored in a science.) Prerequisite: MATH 012 or higher. An examination of the major areas of astronomy. Topics include the solar system, stars and stellar evolution, and galaxies. Current topics in astronomy are also discussed. The objective is to use scientific and quantitative reasoning to make informed decisions about topics related to space science. Students may receive credit for only one of the following courses: ASTR 100, ASTR 101, ASTR 120, or GNSC 125.

ASTR 110 Astronomy Laboratory (1)
(Fulfills the laboratory science requirement only with previous or concurrent credit for ASTR 100. Not for students majoring or minoring in science.) Prerequisite or corequisite: ASTR 100. A laboratory course including experiments, observations, and exercises to illustrate the basic concepts of astronomy, as well as the use of astronomical instruments and tools.

Behavioral and Social Sciences
Courses in behavioral and social sciences (designated BEHS) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences
- a major in social science
- a minor in diversity awareness or women’s studies
- an AA in General Studies with women’s studies curriculum
- a certificate in women’s studies
- electives

BEHS 210 Introduction to Social Sciences (3)
Recommended: WRTG 101 or WRTG 101S. An interdisciplinary introduction to the study of society that addresses the issue of what it is to be a social scientist from a variety of social science perspectives. The objective is to use the empirical and theoretical contributions of the different social science disciplines to better understand the nature of society. Topics include research methods in the social science disciplines and the relationships among the different social science disciplines. Discussion surveys the various social sciences, including psychology, sociology, anthropology, and gerontology. A historical overview of the development of the social sciences is provided, and an analysis of social phenomena that integrates insights from the social sciences is presented. Students may receive credit for only one of the following courses: BEHS 201 or BEHS 210.

BEHS 220 Diversity Awareness (3)
An examination of the many dimensions of diversity within the framework of modern culture and principles of social justice. The aim is to interact and communicate effectively and appropriately within a diverse society. Emphasis is on raising consciousness of diversity and using critical thinking with respect to stereotypes, prejudice, and discrimination. Discussion covers issues related to age, disability, race, religion, gender, sexual orientation, national origin, and socioeconomic status, as well as current issues in diversity studies.

BEHS 343 Parenting Today (3)
An overview of critical issues of parenthood in the United States today using an interdisciplinary perspective. The objective is to apply research and theory in family development to practical decision making. Topics include characteristics of effective parenting styles, disciplinary strategies, the role of diverse family structures, and the social forces that cause changes in parent/child relationships.
BEHS 300 Research Methods in the Social Sciences (3)
Prerequisite: BEHS 210. Recommended: STAT 200. An introduction to the core concepts, research methods, and skills that apply to work in the social sciences. The goal is to begin the process of conducting social science research. Discussion covers the scientific method, as well as quantitative and qualitative research methods specific to the social science disciplines of psychology, sociology, anthropology, and gerontology. Topics also include reliability and validity of data, correlation versus causality, research ethics, institutional review boards, proposal writing, and the unique contribution of “interdisciplinarity” in social science research.

BEHS 495 Advanced Seminar in Social Sciences (3)
(Planned as a final, capstone course to be taken in a student’s last 15 credits.) Prerequisite: BEHS 300 and completion of all requirements for the social science major. A study of the social sciences that integrates perspectives from various disciplines in the social sciences. The aim is to apply theoretical perspectives and empirical evidence to address complex contemporary social problems and become better consumers and purveyors of knowledge and research. Topics include ethical and professional issues inherent in working in the social sciences and the role of advocacy in promoting social change.

**COURSE DESCRIPTIONS**

**BEHI 102 Laboratory in Biology (1)**
(For students not majoring in a science. Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 101.) Prerequisite or corequisite: BIOL 101. A hands-on study of the structure and function of living organisms. The goal is to apply the scientific method and to use scientific and quantitative reasoning to make informed decisions about experimental results in the biological sciences. Laboratory exercises emphasize the scientific method and explore topics such as the chemical foundations of living organisms, cell structure and function, and the classification of organisms. Students may receive credit for only one of the following courses: BIOL 102, BIOL 103, BIOL 105, or BSCI 105.

**BEHI 103 Introduction to Biology (4)**
(Not open to students who have completed BIOL 101 or BIOL 102. For students not majoring in a science. Fulfills the laboratory science requirement.) An introduction to the structure and function of living organisms. The aim is to apply the scientific method and use scientific and quantitative reasoning to make informed decisions about experimental results in the biological sciences. Topics include the chemical foundations of life, cell biology, genetics, evolution, ecosystems, and interdependence of living organisms. Discussion also covers the importance of the scientific method to biological inquiry and the impact of biological knowledge and technology on human societies. Laboratory activities emphasize the scientific method. Students may receive credit for only one of the following: BIOL 101 and BIOL 102, BIOL 103, BIOL 105, or BSCI 105.

**BIOL 160 Human Biology (3)**
(Science background not required.) A general introduction to human structure, function, evolution, and ecology. The aim is to use scientific reasoning to make informed decisions about topics related to human biology. The human organism is examined from the basic cellular level and genetics, through organ systems, to interaction with the outside world. Discussion also covers pertinent health topics. Students may receive credit for only one of the following courses: BIOL 160 or GNSC 160.

**BIOL 161 Laboratory in Human Biology (1)**
(For students not majoring in a science. Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 160.) Prerequisite or corequisite: BIOL 160. A laboratory study that uses the human organism as an example to illustrate the concepts underlying the organization and interrelationships of all living organisms.

**BIOL 181 Life in the Oceans (3)**
An introductory study of the major groups of plants and animals in various marine environments, as well as their interactions with each other and the nonliving components of the ocean. The objective is to use scientific reasoning to make informed decisions about topics related to marine biology. Discussion covers the impact of human activity on life in the ocean and the potential uses and misuses of the ocean. Students may receive credit for only one of the following courses: BIOL 181 or ZOOL 181.

**BIOL 182 Marine Biology Laboratory (1)**
(Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 181 or NSCI 110.) Prerequisite or corequisite: BIOL 181 or NSCI 110. An introduction to the environmental and biological factors that affect life in the oceans, including chemical and physical properties such as salinity, oxygen concentration, depth, tides, currents, and light. The investigations may include field exercises examining life in specific habitats, such as coral reefs, estuaries, and intertidal areas.

**BIOL 201 Human Anatomy and Physiology I (4)**
(Fulfills the laboratory science requirement.) Prerequisite: BIOL 101, BIOL 105, BIOL 160, or BSCI 105. A thorough introduction to the anatomy and physiology of the integumentary, skeletal, muscular, and nervous systems of human beings. An overview of cellular physiology is included. Students may receive credit for only one of the following courses: BIOL 201 or ZOOL 201.

**BIOL 202 Human Anatomy and Physiology II (4)**
(Fulfills the laboratory science requirement.) Prerequisite: BIOL 101, BIOL 105, BIOL 160, or BSCI 105. An introduction to the anatomy and physiology of the sensory, cardiovascular, endocrine, lymphatic, respiratory, digestive, excretory, immune, and reproductive systems. Intermediate metabolism and endocrine relationships are also studied. Students may receive credit for only one of the following courses: BIOL 202 or ZOOL 202.

**BIOL 211 Environmental Science (3)**
A survey of ecological principles as they apply to the interrelated dilemmas of sustainability. Topics include overpopulation, pollution, over-consumption of natural resources, and the ethics of land use. Students may receive credit for only one of the following courses: BIOL 211, BIOTN 211, or PBIO 235.

**BIOL 212 Environmental Science Laboratory (1)**
(For students not majoring in science. Fulfills the laboratory science requirement only with previous or concurrent credit for BIOL 211.) Prerequisite or corequisite: BIOL 211. A laboratory study investigating human interactions with our environment. Scientific objectivity and methodology are employed to gather and analyze data pertaining to the varied and interrelated forms of human environmental impact. Topics explored include principles of ecology, population dynamics, food supply alternatives and impact, sustainable water supplies, energy alternatives, pollution control, greenhouse gases, recycling, and conservation technologies.

**BIOL 230 General Microbiology (4)**
(For students majoring or minoring in a science. Fulfills the laboratory science requirement.) Prerequisite: BIOL 105 or other introductory biology course with laboratory. An investigation of fundamental concepts in morphology, physiology, genetics, immunology, ecology, and pathogenic microbiology. Applications of microbiology to medicine, the food industry, and biotechnology are considered. Students may receive credit for only one of the following: BIOL 230, BIOL 302, BIOL 331, BIOL 389G, BSCI 223, MCB 200, or MCB 388A.

**BIOL 301 Human Health and Disease (3)**
(For students majoring in both science and nonscience disciplines.) A survey of the mechanisms of disease and their expression in major organ systems of the human body. The goal is to use scientific reasoning to make informed decisions about matters related to human biology and health. Topics include infections, cancer, heart disease, lung disease, diabetes, stroke, malnutrition, poisoning by environmental toxins, stress, inflammation, factors of the immune system, and aging. Emphasis is on analysis of factors that cause disruption of healthy body functions leading to disease, and on prevention of disease through control of risk factors and early detection. Students may receive credit for only one of the following courses: BIOL 301 or BIOL 398H.

**BIOL 302 Bacteria, Viruses, and Health (3)**
(For students majoring in both science and nonscience disciplines.) An introductory study of the basic structure, genetic and regulatory systems, and life cycles of bacteria and viruses and how they relate to health, infectious disease, and illness. The objective is to apply knowledge of cellular and molecular processes and communicate synthesized knowledge of microbial pathogenesis and disease prevention methods. Students may receive credit for only one of the following courses: BIOL 230, BIOL 302, BIOL 331, BIOL 389G, BSCI 223, MCB 200, or MCB 388A.
BMGT 305 Knowledge Management (3)
Recommended: BMGT 317 or TMGT 319
An introduction to the fundamental concepts of business management and leadership. The objective is to understand the interrelated dynamics of business, society, and the economy. The aims are to apply knowledge of cancer biology to adopt appropriate lifestyle strategies and evaluate current treatment. The causes, development, and progression of cancer are considered at the level of cell structure and function. The roles of genes and proteins are also examined. Students may receive credit for only one of the following courses: BIOL 304 or GNSC 398C.

BMGT 330 Entrepreneurship and New Venture Planning (3)
(Formerly FINC 310) Recommended: BMGT 364 and 302. An overview of entrepreneurship and planning new business ventures for aspiring entrepreneurs and managers. The objective is to create and present a high-quality business plan for a new venture using marketing research and financial analytical techniques. Topics include profiles of entrepreneurs; benefits, risks, and challenges; financial management; access to capital; and franchising. Students may receive credit for only one of the following courses: BMGT 330, FINC 310, MGMT 330, or SBUS 200.

BMGT 335 Small Business Management (3)
Recommended: BMGT 317. A comprehensive review of the management principles underlying organizational development and growth and business life-cycle segments of emerging enterprises. The goal is to demonstrate an understanding of small business management in a global context, differentiate between micro- and macro-organizational structures, and identify the critical elements of business sustainability. Topics include entrepreneurship, financing/capitalization, innovation, and human resource and strategic planning. Core components of small business management are explored and evaluated through a multifaceted approach.

BMGT 364 Management and Organization Theory (3)
Recommended: BMGT 110. An examination of the four functions of management—planning, organizing, leading, and controlling—with emphasis on the application of management concepts and theories to achieve organizational goals. The objective is to develop strategies, goals, and objectives to enhance performance and sustainability. Topics include ethics, social responsibility, globalization, and change and innovation. Students may receive credit for only one of the following courses: BMGT 364, TEMN 300, TMGT 301, or TMGT 302.

BMGT 365 Organizational Leadership (3)
Prerequisite: BMGT 110 or BMGT 364. An exploration of leadership as a critical skill for the 21st century, when change occurs rapidly and consistently. The objective is to use leadership theory and assessment tools to evaluate one’s own leadership skills. Focus is on the leadership skills needed to develop committed and productive individuals and high-performing organizations. Topics include vision, values, culture, ethics, and the interaction between the organization and the external environment. Students may receive credit for only one of the following courses: BMGT 365, MGMT 301, MGMT 310, or TEMN 310.

BMGT 380 Business Law I (3)
Recommended: BMGT 305 or TMGT 390. An introduction to the fundamental concepts of business law and analyzing and evaluating legal variables for informed decision making. The objective is to analyze property rights, obligations, liabilities, and remedies in the business environment. Topics include the legal, ethical, and social environments of business; civil and criminal law; agency; types of business organizations; and contracts and sales agreements.

BMGT 392 Global Business (3)
Recommended: BMGT 110. An overview of key concepts and issues relevant to conducting business in the global environment. Emphasis is on applying fundamental knowledge of global business and analyzing and evaluating global business variables for informed decision making. The objective is to analyze property rights, obligations, liabilities, and remedies; evaluate regulations in the business environment; and assess implications of transactions and negotiable instruments in the business environment. Topics include the nature and scope of global business; cultural, political, legal, and economic environments; marketing; trade; and foreign investments. Students may receive credit for only one of the following courses: BMGT 392, MGMT 305, or TMGT 390.

BMGT 404 Managing Teams in Organizations (3)
Prerequisite: BMGT 364. A theoretical and practical investigation into the factors involved in building and managing effective work groups or teams in organizations. The aim is to lead and manage teams—establishing goals, roles, and processes; managing resources and relationships; and use effective interpersonal communication and team-building practices to enhance team members’ individual and collective motivation, productivity, and performance. Topics include the conscious and unconscious dynamics of team development, conflict and decision making, commitment and trust, assessment and rewards, and other factors that foster team cohesion and performance. Students may receive credit for only one of the following courses: BMGT 484, BMGT 498H, or MGMT 498H.

BMGT 464 Organizational Behavior (3)
Prerequisites: BMGT 364 and BMGT 365. Recommended: BMGT 110. An examination of research and theory on the forces underlying the way members of an organization behave and their effect on employee and organizational productivity and effectiveness. The aim is to participate, lead, and manage teams and maximize individual contributions to an organization. Topics include the impact that individual characteristics; group dynamics; and organizational structure, policies, and culture have on employee behaviors and organizational outcomes (i.e., productivity, absenteeism, turnover, deviant workplace behavior, satisfaction, and citizenship).

BMGT 465 Organizational Development and Transformation (3)
Prerequisites: BMGT 364 and 365. Recommended: STAT 200. An introduction to organizational development (OD)—a systematic process of data collection, diagnosis, action planning, intervention, and evaluation aimed at increasing the effectiveness of the organization and developing the potential of all individuals. The goal is to identify and diagnose organizational problems and opportunities and apply management principles to support organizational change. Students may receive credit for only one of the following courses: BMGT 465, MGMT 398K, MGMT 465, or TMGT 350.

BMGT 484 Managing Teams in Organizations (3)
Prerequisite: BMGT 364. A theoretical and practical investigation into the factors involved in building and managing effective work groups or teams in organizations. The aim is to lead and manage teams—establishing goals, roles, and processes; managing resources and relationships; and use effective interpersonal communication and team-building practices to enhance team members’ individual and collective motivation, productivity, and performance. Topics include the conscious and unconscious dynamics of team development, conflict and decision making, commitment and trust, assessment and rewards, and other factors that foster team cohesion and performance. Students may receive credit for only one of the following courses: BMGT 484, BMGT 498H, or MGMT 498H.
Chemistry

Courses in chemistry (designated CHEM) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the physical and biological sciences
- electives

CHEM 103 General Chemistry I (4)
(For students majoring or minoring in a science; not appropriate for nonscience students fulfilling general education requirements. Fulfills the laboratory science requirement.) Prerequisite: MATH 107. The first course in chemistry intended for students majoring or minoring in science. A study of the nature and composition of matter. Elements, inorganic compounds, and chemical calculations are covered. Students may receive credit for only one of the following courses: CHEM 102, CHEM 103, CHEM 105, CHEM 107, or CHEM 121.

CHEM 113 General Chemistry II (4)
(For students majoring or minoring in a science; not appropriate for nonscience students fulfilling general education requirements. Fulfills the laboratory science requirement.) Prerequisite: CHEM 103 or CHEM 105. A study of kinetics; homogeneous, heterogeneous, and ionic equilibria; oxidation/reduction reactions; electrochemistry; and chemistry of the elements. Students may receive credit for only one of the following courses: CHEM 113 or CHEM 115.

CHEM 121 Chemistry in the Modern World (3)
(For students not majoring or minoring in science.) An exploration of chemistry as it relates to human life and the environment. The goal is to use a working knowledge of chemical principles, scientific reasoning, and quantitative reasoning to make informed decisions about health and safety matters. Discussion examines natural processes and human factors in the modern world using the principles of chemistry and the scientific method. Students may receive credit for only one of the following courses: CHEM 102, CHEM 103, CHEM 104, CHEM 105, CHEM 107, CHEM 121, CHEM 297, or GNSC 140.

Communication Studies

Courses in communication studies (designated COMM) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in communications
- a major in communication studies
- a minor in communication studies
- electives

COMM 200 Military Communication and Writing (3)
(Fulfills the general education requirement in communications.) A study of business communication management in a military context. The objective is to develop appropriate and effective communication products for military audiences and within military environments through the application of accepted business communication practices. Topics include communication theories; research methods; organization of information; formats; writing and editing strategies; and techniques for guiding subordinate communication, conducting interviews, and managing meetings. Assignments may include making speech presentations; instructing a class; conducting interviews; managing meetings; and writing and editing reports, letters, e-mails, proposals, and personnel evaluations.

COMM 207 Understanding Visual Communication (3)
A study of the creation and interpretation of visual language. The aim is to understand how images are used to effectively communicate ideas in a variety of channels, including news, advertising, and public relations. Topics include aesthetics, principles of composition, color systems, content awareness, and historical and cultural perspectives. Emphasis is on critical thinking and analysis of images from both theoretical and practical perspectives.

COMM 300 Communication Theory (3)
(Fulfills the general education requirement in communications but is not a writing course.) Prerequisite: WRTG 101 or WRTG 101S. An introduction to communication theory. The objective is to apply communication theory and evaluate communication situations. The basic theories of human communication, mass communication, and new media and technology are explored. Focus is on the relationships among communication theory, research, and practice. Topics include intra- and interpersonal communication, public communication, mass media, and contemporary issues associated with mediated communication.

COMM 390 Writing for Managers (3)
(Formerly WRTG 490. Fulfills the general education requirement in communications.) Prerequisite: WRTG 101 or WRTG 101S. A practical in the kinds of communication skills that managers need for the workplace. The goal is to develop persuasive managerial communication for organizational decision making and action. Students may receive credit for only one of the following courses: COMM 390, COMM 390S, WRTG 390, or WRTG 490.

COMM 400 Mass Media Law (3)
(No previous study of law required. Fulfills the general education requirement in communications but is not a writing course.) Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. Recommended: WRTG 391, WRTG 393, or WRTG 394. An examination of important legal issues that affect mass media and communications professionals. The objective is to analyze mass media law, its evolution, and its relationship with society, culture, and politics. Topics include copyright, intellectual property, fair use, defamation, privacy, freedom of information, freedom of speech, and freedom of the press, as well as issues raised by the growth of the internet. Discussion also covers ethics in mass media, digital technologies, and the creation of media content. Students may receive credit for only one of the following courses: COMM 400 or JOUR 400.
COMM 495 Senior Seminar in Communication Studies (3) (intended as a final, capstone course to be taken in a student's last 15 credits.) Prerequisites: COMM 300 and either WRTG 391, WRTG 393, or WRTG 394. A project-based capstone study of communication. The aim is to integrate knowledge gained through previous coursework and experience and build on that conceptual foundation through integrative analysis, practical application, and critical thinking. Tasks include assembling and analyzing a portfolio and completing a final project (such as a research-based report and presentation, feasibility study, feature article, or career strategic plan) that requires conducting research and exploring ethical issues.

Computer and Information Science

Courses in computer and information science (designated CMIS) may be applied as appropriate (according to individual program requirements) toward:
- the general education requirement in computing
- a major in computer science or information systems management
- a minor in computer science
- an AA in General Studies with computer studies curriculum
- a certificate in computer studies or management
- electives

Students without recent experience in problem solving with computers must take CMIS 102. It is recommended that for the first two academic sessions students should not take two (or more) courses that involve programming.

CMIS 102 Introduction to Problem Solving and Algorithm Design (3)
A study of techniques for finding solutions to problems through structured programming and step-wise refinement. The objective is to design programs using pseudocode and the C programming language. Hands-on practice in debugging, testing, and documenting is provided. Topics include principles of programming, the logic of constructing a computer program, and the practical aspects of integrating program modules into a cohesive application. Algorithms are used to demonstrate programming as an approach to problem solving. Students may receive credit for only one of the following courses: CMIS 102, CMIS 102A, or CMSC 101.

CMIS 111 Social Networking and Cybersecurity Best Practices (3)
A hands-on study of current social networking applications and approaches to protect against cyber attacks and enhance personal cybersecurity. The goal is to collaborate and interact through personal and professional social networking while developing and using computer security best practices. Discussion covers issues associated with the impact of social computing on individuals and society. Projects include creating and maintaining accounts on selected social networking sites.

CMIS 141 Introductory Programming (3)
(Not open to students who have taken CMIS 340. The first in a sequence of courses in Java.) Prerequisite: CMIS 102 or prior programming experience. Recommended: MATH 107. A study of structured and object-oriented programming using the Java language. The goal is to design, implement, test, debug, and document Java programs, using appropriate development tools. Projects require use of algorithms, simple data structures, and object-oriented concepts. Students may receive credit for only one of the following courses: CMIS 141, CMIS 141A, or CMSC 130.

CMIS 242 Intermediate Programming (3)
Prerequisite: CMIS 141. Further study of the Java programming language. The objective is to design, implement, test, debug, and document Java programs, using appropriate development tools. Topics include object-oriented design, event-driven programming, exceptions, recursion, arrays, and data structures.

CMIS 310 Computer Systems and Architecture (3)
(Not open to students who have completed CMSC 311.) Prerequisite: CMIS 115, CMIS 125, or CMIS 141. A study of the fundamental concepts of computer architecture and factors that influence the performance of a system. The aim is to apply practical skills to computer systems architecture. Topics include data representation, assembly language, central processing unit architecture, memory architecture, and input/output (I/O) architecture. Students may receive credit for only one of the following courses: CMIS 270, CMIS 310, CMSC 311, or IFSM 310.

CMIS 320 Relational Database Concepts and Applications (3)
Prerequisite: CMIS 102 or CMIS 141. A study of the functions, underlying concepts, and applications of enterprise relational database management systems (RDBMS) in a business environment. The aim is to appropriately use databases to meet business requirements. Discussion covers entity/relationship diagrams, relational theory, normalization, integrity constraints, the Structured Query Language (SQL), and physical and logical design. Business case studies and projects include hands-on work using an industry-standard RDBMS. Students may receive credit for only one of the following courses: CMIS 320 or IFSM 410.

CMIS 330 Software Engineering Principles and Techniques (3)
Prerequisite: CMIS 115, CMIS 125, or CMIS 141. A study of software engineering from initial concept through design, development, testing, and maintenance of the product. Discussion covers software development life-cycle models. The goal is to analyze, customize, and document multiple processes to solve information technology problems. Topics include configuration management, quality, validation and verification, security, human factors, and organizational structures. Students may receive credit for only one of the following courses: CMIS 330 or CMIS 388A.

CMIS 320 Network Security (3)
(Designed to help prepare for the CompTIA Security+ exam.) Prerequisite: CMIT 201. An introduction to networking technologies for local area networks, wide area networks, and wireless networks. The aim is to recognize the type of network design appropriate for a given scenario. Topics include the OSI (open system interconnection) model, security, and networking protocols. Students may receive credit for only one of the following courses: CMIT 265 or CMIT 265M.

CMIT 320 Network Security (3)
(Designed to help prepare for the CompTIA Security+ exam.) Prerequisite: CMIT 265, CSIA 302, or CompTIA Network+ certification. A study of the fundamental concepts of computer security and its implementation. The aim is to assess and mitigate risk, evaluate and select appropriate technologies, and apply proper security safeguards.

CMIT 321 Ethical Hacking (3)
(Formerly CMIT 398E. Designed to help prepare for the EC-Council Certified Ethical Hacker certifications.) Prerequisite: CMIT 320. Development of the structured knowledge base needed to discover vulnerabilities and recommend solutions for tightening network security and protecting data from potential attackers. Focus is on penetration-testing tools and techniques to protect computer networks. Students may receive credit for only one of the following courses: CMIT 321 or CMIT 398E.

CMIT 350 Interconnecting Cisco Devices (3)
(Designed to help prepare for the Cisco Certified Network Associate examination 200-120.) Prerequisite: CMIT 265. A hands-on introduction to Cisco internetworking devices. The goal is to configure and manage Cisco switches within multivendor internetworks. Topics include VoIP (voice over Internet protocol), wireless network protocols, and routing protocols. Students may receive credit for only one of the following courses: CAPP 498E, CMIT 350, or CMIT 499D.
CMIT 369 Windows Server: Install and Storage (3)
(Designed to help prepare for the Windows Server Install and Storage exam, part of MCSE Certification.) Prerequisite: CMIT 265. An overview of the installation and configuration of Windows Server operating systems, including Active Directory, DNS, Group Policy, Desktop Security, Remote Access, Windows Deployment, and User Accounts.

CMIT 370 Windows Server: Networking (3)
(Designed to help prepare for the Windows Server Networking exam, part of MCSE Certification.) Prerequisite: CMIT 369. An overview of the management and administration of Windows Server operating systems. The goal is to manage and troubleshoot features of Windows Server operating systems, including Active Directory, DNS, Group Policy, Desktop Security, Remote Access, Windows Deployment, and User Accounts.

CMIT 371 Windows Server: Identity (3)
(Designed to help prepare for the Windows Server Identity exam, part of MCSE Certification.) Prerequisite: CMIT 370. An advanced review of the configuration and management of Windows Server infrastructure. The aim is to configure, manage, and troubleshoot Windows Server services, including Network Load Balancing, clustering, Dynamic Access Control, advanced network services, and advanced Active Directory roles.

CMIT 372 Designing and Implementing a Server Infrastructure (3)
(Designed to help prepare for the Designing and Implementing a Server Infrastructure exam, part of MCSE Server Infrastructure Certification.) Prerequisite: CMIT 371. A comprehensive study of the knowledge and skills necessary to plan, design, and deploy the physical and logical Windows Server infrastructure. The objective is to design Active Directory, Network Infrastructure Services, and Network Access Services.

CMIT 373 Implementing an Advanced Server Infrastructure (3)
(Designed to help prepare for the Implementing an Advanced Server Infrastructure exam, part of MCSE Server Infrastructure Certification.) Prerequisite: CMIT 372. A comprehensive study of the knowledge and skills necessary to plan and implement the advanced features of a Windows Server infrastructure. The goal is to plan and implement highly available enterprise and server virtualization infrastructures and identity and access solutions.

CMIT 391 Linux System Administration (3)
(Designed to help prepare for the Linux Professional Institute Certification 1 [LPIC-1] and Linux+ exams.) Prerequisite: CMIT 265. A study of the Linux operating system. The goal is to configure and manage processes, user interfaces, device files, print facilities, file systems, task automation, the boot-up/shutdown sequence, disk storage, network connectivity, system security, users, and groups. Students may receive credit for only one of the following courses: CMIS 390, CMIS 398U, or CMIT 391.

CMIT 425 Advanced Information Systems Security (3)
(Formerly CMIT 499S. Designed to help prepare for the [ISC]2 Certified Information System Security Professional ([CSSP] certification exam.) Prerequisite: CMIT 320 or CompTIA Network+ and Security+ certifications. Recommended: BMGT 110, IFSM 300, or two years of business and management experience. A comprehensive study of information systems security to enhance organizational security. The goal is to manage risks by identifying and mitigating them. Students may receive credit for only one of the following courses: CMIT 425 or CMIT 499S.

CMIT 440 Mobile Forensics (3)
(Designed to help prepare for the IACIS Certified Mobile Device Examiner (ICMD) certification exam.) Prerequisite: CMIT 424. A project-driven study of mobile devices from a forensic perspective. The aim is to implement various techniques to collect and analyze information from mobile devices used in forensic investigations.

CMIT 451 Implementing Cisco IP Routing (3)
(Designed to help students prepare for the Cisco ROUTE [Implementing Cisco IP Routing] Exams.) Prerequisite: CMIT 350. A comprehensive study of the implementation of a routed network using Cisco Systems Technologies. The goal is to use advanced IP routing and scalability solutions to increase the number of routers and sites without redesigning the LAN or WAN. Topics include configuration of secure routing solutions, configuration and troubleshooting of various routed environments (access, distributed, and core), and management of access and control. Students may receive credit for only one of the following courses: CMIT 451 or CMIT 499E.

CMIT 452 Implementing Cisco IP Switched Networks (3)
(Designed to help students prepare for the Cisco SWITCH [Implementing Cisco IP Switched Networks] Exams.) Prerequisite: CMIT 350. A comprehensive study of switched IP networks using Cisco Systems technologies. The aim is to plan, configure, and verify the implementation of complex enterprise switching solutions using Cisco’s campus enterprise architecture. Topics include secure integration of VLANs (virtual local area networks), WLANs (wireless local area networks), and voice and video into campus networks. Students may receive credit for only one of the following courses: CMIT 452 or CMIT 499F.

CMIT 453 Troubleshooting and Maintaining Cisco IP Networks (3)
(Formerly CMIT 499G. Designed to help students prepare for the Cisco TSHOOT [Troubleshooting and Maintaining Cisco IP Switched Networks] Exams.) Prerequisites: CMIT 451 and CMIT 452. A comprehensive study of methods for troubleshooting and managing switched IP networks using Cisco Systems technologies. The objective is to plan and perform regular network maintenance and diagnose and resolve complex network problems quickly and effectively. Discussion covers technology-based practices and a systematic ITIL (information technology infrastructure library)-compliant approach to perform network troubleshooting and maintenance. Students may receive credit for only one of the following courses: CMIT 453 or CMIT 499G.

CMIT 454 Cisco CCNA Security (3)
(Designed to help students prepare for the Cisco CCNA Security Exam.) Prerequisite: CMIT 350. A comprehensive study of methods for securing Cisco Systems technologies. The objective is to create a security infrastructure and to monitor networks, identify and address threats, and detect and remove vulnerabilities. Focus is on developing the skills required to secure and defend computer networks that use Cisco technologies.

CMIT 460 Network Forensics (3)
(Designed to help prepare for the Computer Security Incident Handler (CSIH) certification.) Prerequisites: CMIT 320, CMIT 350, CMIT 369, and CMIT 424. A project-driven study of networks from a forensics perspective. The goal is to implement various techniques that are used in forensic investigations in response to network intrusions to collect and analyze information from computer networks.

CMIT 495 Current Trends and Projects in Computer Networks and Cybersecurity (3)
(Intended as a final capstone course to be taken in a student’s last 9 credits.) Prerequisites: CMIT 320, CMIT 350, CMIT 369 (or CMIT 368), and an additional 15 credits in CMIT coursework. A comprehensive project-driven study of network design and security, with an emphasis on the integration of knowledge, practical applications, and critical thinking. The objective is to implement a secure and scalable network to meet organizational needs. Topics include advanced concepts in network and security design.

Computer Science

Courses in computer studies (designated CMSC) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in computing
- a major in computer science
- a minor in computer science
- an AA in General Studies with computer studies, management studies, or mathematics curricula
- a certificate in computer studies
- electives

CMSC 150 Introduction to Discrete Structures (3)
Prerequisite or corequisite: MATH 140. A survey of fundamental mathematical concepts relevant to computer science. The objective is to address problems in computer science. Proof techniques presented are those used for modeling and solving problems in computer science. Discussion covers functions, relations, infinite sets, and propositional logic. Topics also include graphs and trees, as well as selected applications. Students may receive credit for only one of the following courses: CMSC 150 or CMSC 250.

CMSC 330 Advanced Programming Languages (3)
Prerequisite: CMSC 230 or CMSC 350. A comparative study of programming languages. The aim is to write safe and secure computer programs. Topics include the syntax and semantics of programming languages and run-time support required for various programming languages. Programming projects using selected languages are required.
Programming projects are included. dynamic programming, greedy methods, and induction.

Prerequisites: CMSC 150 and CMSC 242. A study of user-defined data structures and object-oriented design in computer science. The aim is to develop secure Java programs. Topics include linked lists, stacks, queues, arrays, maps, vectors, and trees. Algorithms that perform sorting, searching, and recursion are discussed and analyzed.

CMSC 405 Computer Graphics (3)
Prerequisite: CMSC 325 or CMSC 350. A hands-on, project-based introduction to computer graphics. The goal is to develop projects that render graphic images and animate three-dimensional objects. Topics include programming in OpenGL and transforming, viewing, and modeling 2-D and 3-D objects.

CMSC 412 Operating Systems (3)
Prerequisite: CMSC 310 or CMSC 311. A study of the fundamental principles underlying modern operating systems. The objective is to design and implement a small-scale operating system and design a virtual memory management system. Discussion covers the essential components of a typical operating system and the interactions among them. Topics also include methods of managing processes and resources in computer systems. A programming project that implements part of an operating system is required.

CMSC 430 Compiler Theory and Design (3)
Prerequisite: CMSC 330 and programming experience in C or C++. An examination of the formal translation of programming languages, syntax, and semantics. The goal is to write programs that are constructed using program generators. Topics include evaluation of finite-state grammars and recognizers; context-free parsing techniques, such as recursive descent, precedence, LL(k), L(k), and SLR(k); and improvement and generation of machine-independent code and syntax-directed translation schema. Programming projects that implement parts of a compiler are required.

CMSC 451 Design and Analysis of Computer Algorithms (3)
Prerequisites: CMSC 150 and CMSC 350 (or CMSC 230). A presentation of fundamental techniques for designing and analyzing computer algorithms. The aim is to apply Big-O estimates of algorithms and proof-of-correctness techniques and to design algorithms. Basic methods include divide-and-conquer techniques, search and traversal techniques, dynamic programming, greedy methods, and induction. Programming projects are included.

Computer Studies
Courses in computer studies (designated CMST) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in computing
- a major or minor in digital media and web technology
- an AA in General Studies with computer studies or mathematics curricula
- a certificate in computer studies
- electives

CMST 290 Introduction to Interactive Design (3)
An introduction to the principles, practices, techniques, and theories that govern the use of programming languages in the design and development of digital media. The objective is to effectively use proven programming theory to support digital media design for print, web, and mobile devices. Topics include the logic of constructing a computer program, the practical aspects of integrating program modules as a unified whole, the use of algorithms as an approach to problem solving, and the basic features of object-oriented languages. Projects involve creation of pseudo code and actual code.

CMST 295 Fundamentals of Digital Media (3)
An overview of the principles, practices, techniques, and theories that govern the design and development of digital media in web technology, digital design, and motion graphics. The goal is to effectively follow proven design theory in creating digital media for print, web, and mobile devices. Topics include usability, accessibility, ethics, and emerging technologies. Career paths in the digital media industry are analyzed.

CMST 301 Digital Media and Society (3)
A survey of technological advancements in the field of digital media and their impact. The objective is to explain how digital media has transformed the communication of ideas in society and to make responsible choices in the creation and consumption of digital media based on awareness of global, social, ethical, and legal contexts. Topics include social media, the visual display of information, ethics and privacy, participatory media, and the impact of digital media on culture.

CMST 303 Advanced Application Software (3)
Prerequisite: Extensive experience with office application software, including word processing, spreadsheet, presentation, and database programs. A hands-on project-based survey of advanced features of office application software. The aim is to use advanced application features to produce documents for professional and personal communication. Topics include information systems, application integration, computer hardware and software, storage, and networking. Students may receive credit for only one of the following courses: CAPP 303 or CMST 303.

CMST 310 Fundamentals of Electronic Publishing (3)
Prerequisite: ISFM 201 or CMST 103. Recommended: CMST 290 and 295. A hands-on, project-based introduction to the tools, concepts, processes, and methods of electronic (desktop) publishing. The aim is to use Adobe InDesign (or another professional electronic publishing software program) to create electronic publications for various media formats following fundamental design principles. Topics include the history and evolution of publishing, working with color, incorporating graphics, principles and elements of design, publication workflow, emerging technologies, careers in the field, ethical and legal considerations, and collaborative design. Students may receive credit for only one of the following courses: CAPP 310, CAPP 398B, or CMST 310.

CMST 385 Principles of Web Design and Technology I (3)
Prerequisite: CMST 290, CMIS 102, ISFM 201, or CMST 103. Recommended: CAPP 295. A study of web design, tools and technology principles. The goal is to plan and produce a professional website. Topics include Internet protocols; usability, accessibility, and social, ethical, and legal issues related to website production. Focus is on Extensible HyperText Markup Language (XHTML) and cascading style sheets (CSS). Students may receive credit for only one of the following courses: CAPP 385 or CMST 385.

CMST 395 Current Trends and Projects in Computer Science (3)
(Attempted as a final, capstone course to be taken in a student's last 9 credits.) Prerequisite(s): Either CMSC 330 and CMSC 335, CMIS 320 and CMSC 330, or SDEV 425. An overview of computer technologies, with an emphasis on integration of concepts, practical application, and critical thinking. The goal is to research, plan, conduct, and complete collaborative computer-related projects in compliance with schedule deadlines. Analysis covers innovative and emerging issues in computer science. Assignments include working in teams throughout the analysis, design, development, implementation, testing, and documentation phases of the projects, including periodic peer reviews.

COURSE DESCRIPTIONS

www.asia.umuc.edu
CCJS 105 Introduction to Criminology (3)
(Fulfills the general education requirement in behavioral and social sciences.) An overview of the major elements of the criminological enterprise. The objective is to classify and analyze different crime trends and patterns, analyze criminological theories, and conduct research. Topics include the nature of criminology, criminological methods, crime causation, and characteristics of types of crimes and offenders. The police, courts, and corrections and the effects of the criminal justice system in society are also examined.

CCJS 230 Criminal Law in Action (3)
Recommended: CCJS 100 or CCJS 105. A study of the history, nature, sources, and types of criminal law. The objective is to identify the elements of crime, recognize parties to crime, and explain the historical development of criminal law and punishment in the United States. Topics include behavioral and legal aspects of criminal acts and the classification and analysis of select criminal offenses. Students may receive credit for only one of the following courses: CCJS 230 or CJUS 230.

CCJS 234 Criminal Procedure and Evidence (3)
Prerequisite: CCJS 100, CCJS 101, or CCJS 105. Recommended: CCJS 230. A study of the general principles and theories of criminal procedure and evidence. The goal is to interpret statutes and case law, identify relevant issues, and evaluate the integrity and admissibility of evidence. Topics include due process, arrest, search and seizure, and the evaluation of evidence and proof. Recent developments in the field are discussed.

CCJS 311 Intelligence-Led Policing (3)
Prerequisite: CCJS 100 or CCJS 105. An examination of intelligence-related processes as they apply to domestic law enforcement. The aim is to identify, collect, and assess data and process that information into intelligence that can support strategic and tactical planning. Intelligence reports are reviewed and assessed. Discussion covers the legal and ethical licenses and constraints that provide a framework for intelligence development.

CCJS 321 Digital Forensics in the Criminal Justice System (3)
(For students not majoring in criminal justice; not open to students who have completed CCJS 421; does not satisfy prerequisites for other criminal justice courses.) An overview of the criminal justice system and the application of digital forensic evidence in criminal justice cases. The objective is to apply Constitutional and case law to the search and seizure of digi-tal evidence, determine the most effective and appropriate forensic response strategies to digital evidence, and provide effective courtroom testimony in a case involving digital evidence. Topics include crime scene procedures and the collection of digital evidence, procedures performed in a digital forensics lab, and the preparation of courtroom testimony by the digital forensic investigator.

CCJS 340 Law Enforcement Administration (3)
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An introduction to organization and management in law enforcement. The objective is to communicate effectively and apply research skills and management and administrative principles to a law enforcement agency. Topics include structure, process, policy and procedure, communication and authority, division of work and organizational controls, the human element in the organization, and informal interaction in the context of bureaucracy. Students may receive credit for only one of the following courses: CCJS 340 or CJUS 340.

CCJS 341 Criminal Investigation (3)
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An introduction to the concepts and methodologies used by criminal investigators to prevent and suppress crime and aid in the apprehension of criminal suspects. The aim is to communicate effectively, demonstrate principles of effective investigative management, and apply scientific techniques and technology to criminal investigations. Topics include crime scene search and recording; collection and preservation of physical evidence; use of scientific aids, modus operandi, and sources of information; interview and interrogation; follow-up; and case preparation. Emphasis is on leadership and management to enhance investigative efforts.

CCJS 345 Introduction to Security Management (3)
(Formerly CCJS 445.) Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. A study of the history, concepts, principles, and methods of organizing and administering security management and loss prevention activities in industry, business, and government. The objective is to manage security duties, evaluate and apply risk management principles, and evaluate administrative and operational issues. Discussion covers both private and governmental risk assessment and management and the protection of assets, personnel, and facilities. Students may receive credit for only one of the following courses: CCJS 345, CCJS 445, or CCJS 498G.

CCJS 350 Juvenile Delinquency (3)
(Fulfills the general education requirement in behavioral and social sciences.) Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An examination of juvenile delinquency in relation to the general problem of crime. The aim is to apply theories and identify statutory parameters related to juvenile delinquency, analyze prevention measures, and assess the effectiveness of treatment measures. Topics include factors underlying juvenile delinquency, prevention of criminal acts by youth, and the treatment of delinquents. Students may receive credit for only one of the following courses: CCJS 350 or CRIM 450.

CCJS 352 Drugs and Crime (3)
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An analysis of the role of criminal justice in controlling the use and abuse of drugs. The objective is to apply effective enforcement strategies, demonstrate case management skills, and analyze the effect of drug policy. Students may receive credit for only one of the following courses: CCJS 352 or CJUS 352.

CCJS 360 Victimology (3)
(Formerly CCJS 370.) Fulfills the general education requirement in behavioral and social sciences.) Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. An overview of the history and theory of victimology in which patterns of victimization are analyzed, with emphasis on types of victims and of crimes. The aim is to identify and apply appropriate preventative measures and responses to victimization. Discussion covers the interaction between victims of crime and the system of criminal justice in terms of the role of the victim and the services that the victim offers. Students may receive credit for only one of the following courses: CCJS 360 or CRIM 360.

CCJS 380 Ethical Behavior in Criminal Justice (3)
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230. A survey of the standards for ethical behavior that guide criminal justice professionals in different roles and responsibilities. The aim is to make ethical decisions based on informed personal and accepted professional standards. Rules, laws, and codes of conduct are explored as a foundation for discussing individual ethical responsibilities.

CCJS 390 Cyber Crime and Security (3)
(Formerly CCJS 496.) Prerequisite: CCJS 100, CCJS 101, CCJS 105, or CSIA 310. Recommended: CCJS 234. An examination of crimes involving the use of computers. Topics include federal and state laws and investigative and preventive methods used to secure computers. Case studies emphasize security. Students may receive credit for only one of the following courses: CCJS 390, CCJS 496, or CCJS 498C.

CCJS 416 Analytical Strategies for Law Enforcement (3)
Prerequisite: CCJS 100 or CCJS 105. An examination of the authenticity, accuracy, viability, and reliability of intelligence reports as they relate to the application of intelligence to public safety problem solving. The goal is to evaluate intelligence reports to formulate plans, policies, and procedures that ensure effective and efficient agency operations. Focus is on developing critical thinking and problem solving skills through role-playing in a simulated environment, working with near-genuine intelligence reports and public safety issues. Practice is provided in analyzing the strategies and activities detailed in intelligence reports, identifying and implementing responsive actions, and determining appropriate redistribution of such reports.

CCJS 420 Medical and Legal Investigations of Death (3)
Prerequisite: CCJS 100, CCJS 101, or CCJS 105. Recommended: CCJS 234. An intensive look at medical and legal investigations into causes of death. The objective is to perform investigative functions at a death scene, determine and apply forensic testing, and analyze and effectively communicate investigative information. Topics include the difference between the medical (or pathological) and legal (or criminal) components of investigations into causes of death, medical and investigative terminology, and the impact of ethics on prosecutions and convictions. Case studies illustrate practical applications of various forms of forensic styles and parameters.
Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230.

Prerequisite: 15 upper-level credits in CCJS. An integrative degree majors; to be taken in a student’s last 15 credits).

Prerequisite: CCJS 100 or CCJS 105. Recommended: CCJS 230.

An examination of prison administration, including theories of management and institutional structure and purpose. The objective is to apply organizational concepts, leadership, and effective administrative approaches to the management of correctional structures and offender populations.

Emphasis is on organization and management in the field of corrections. Discussion covers organizational structure, communication, self-assessment, strategic planning, decision making, and human resources. Students may receive credit for only one of the following courses: CCJS 497 or CCJS 498D.

Cybersecurity

Courses in cybersecurity (designated CSIA or CSEC) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in computing
- a major in cybersecurity management and policy
- a minor in cybersecurity
- an AA in General Studies with computer studies curriculum
- electives

Students may receive credit for only one of the following courses: CCJS 461 or CRIM 455.

CSIA 459 Evaluating Emerging Technologies (3)
Prerequisites: CSIA 360 and CMT 320. A survey of emerging and leading technologies in the cybersecurity field. The aim is to research, evaluate, and recommend emerging technologies and determine secure implementation strategies for best-fit business solutions. Topics include evolutionary technology development and adoption in organizations. Students may receive credit for only one of the following courses: CSIA 459 or IFSM 459.

CSIA 485 Practical Applications in Cybersecurity Management and Policy (3)
(Intended as a final, capstone course to be taken in a student's last six credits.) Prerequisites: CMT 320 and CSIA 413. A study of cybersecurity that integrates knowledge gained through previous coursework and experience and builds on that conceptual foundation through integrative analysis, practical application, and critical thinking. The goal is to protect an organization’s critical information and assets by ethically integrating cybersecurity best practices and risk management throughout an enterprise. Emerging issues in cybersecurity are considered. Students may receive credit for only one of the following courses: CSIA 485 or IFSM 485.

Economics

Courses in economics (designated ECON) may be applied as appropriate (according to individual program requirements) toward

- the general education requirement in the behavioral and social sciences
- a minor in economics
- related requirements for most business-related majors
- electives

ECON 201 Principles of Macroeconomics (3)
An introductory study of the macroeconomy. The objective is to apply select macroeconomic theories to real-world situations. Discussion covers economic growth, technological innovation, unemployment, inflation, and the roles of monetary policy and fiscal policy in determining macroeconomic performance. Students may receive credit for only one of the following courses: ECON 201 or ECON 205.

ECON 430 Money and Banking (3)
Prerequisites: ECON 201 and ECON 203. An examination of the structure of financial institutions and their role in providing money and near money. The goal is to evaluate how the banking and business environments have changed, describe the functions and measurement of money, discuss and evaluate the money supply creation process, and analyze the impact of the Federal Reserve’s policies on both the U.S. economy and the economies of other nations. Topics include the composition of the Federal Reserve, the money supply creation process, the tools of monetary policy, the term structure of interest rates, the demand for and supply of money, and interest rate theories. Students may receive credit for only one of the following courses: ECON 430 or ECON 431.
# Emergency Management

Courses in emergency management (designated EMGT) may be applied as appropriate (according to individual program requirements) toward
- electives

**EMGT 302 Concepts of Emergency Management (3)**
Prerequisite: WRTG 101 or WRTG 1015. An introduction to emergency management at the global, national, regional, state, and local levels. The objective is to identify and analyze forces that formulate policy, apply the principles of policy and law to real-world situations, and analyze emerging political, legal, and policy issues to improve organizational preparedness. Topics include preparedness, mitigation, response, and recovery. The history of emergency management is reviewed, and its future in government and industry is discussed.

**EMGT 304 Emergency Response Preparedness and Planning (3)**
Prerequisite: EMGT 302. A study of the planning process, format, and response procedures for disasters and emergency events. The goal is to evaluate risk vulnerabilities and capabilities, design an emergency plan, and evaluate and critically assess an emergency plan. Topics include risk assessment, modeling, hazard analysis, vulnerability assessment, and response capability assessment. Discussion also covers the evaluation of plans and the use of exercises to improve and implement plans.

# English

Courses in English (designated ENGL) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities
- a major in English or humanities
- a minor in English or women's studies
- electives

**ENGL 102 Composition and Literature (3)**
(FFulfils the general education requirements in communications or arts and humanities.) Prerequisite: WRTG 101 or WRTG 1015. Further practice in writing using readings in literature. Focus is on academic writing forms, especially critical analysis of literature through a variety of modes such as comparison and contrast, classification, and causal analysis. Students may receive credit for only one of the following courses: ENGL 102 or ENGL 292.

**ENGL 103 Introduction to Mythology (3)**
(Formerly HUMN 103.) A foundation in ancient mythology, focusing on Greek and Roman myths. Discussion may also cover Norse, Irish, Chinese, Arabic, and Hindu myths, among others. Emphasis is on examining various classical myths as expressed through plays, poems, and stories. The objective is to demonstrate an understanding of the differences between myths, legends, and other similar genres and show how classical world mythology still influences contemporary society. Students may receive credit for only one of the following courses: ENGL 103 or HUMN 103.

**ENGL 240 Introduction to Fiction, Poetry, and Drama (3)**
Prerequisite: WRTG 101 or WRTG 1015. An introduction to fiction, poetry, and drama, with an emphasis on developing critical reading and writing skills. The objective is to identify and define elements of literature and literary genres, analyze literary texts using principles of close reading, and demonstrate skill in academic writing. Students may receive credit for only one of the following courses: ENGL 240 or ENGL 340.

**ENGL 281 Standard English Grammar (3)**
(Formerly WRTG 288.) Fulfills the general education requirement in communications but is not a writing course.) Prerequisite: WRTG 101 or WRTG 1015. An overview of standard edited English, a standard central to academic and professional communications. The aim is to write clear, effective prose consistent with the writer's goals. Topics include applying advanced grammatical and linguistic descriptions and prescriptions and attending to the needs of diverse audiences while making writing and editing decisions. Tasks focus on parts of speech, sentence patterns, and sentence transformations. Students may receive credit for only one of the following courses: ENGL 281, ENGL 281X, or WRTG 288.

**ENGL 294 Introduction to Creative Writing: Poetry, Creative Nonfiction, and Fiction (3)**
Prerequisite: WRTG 101 or WRTG 1015. An introductory survey and practical study of key aspects of literary writing in poetry, creative nonfiction, and fiction. The objective is to write original poetry, creative nonfiction, and fiction and to critique, revise, and edit that writing. Emphasis is on reading and thinking critically and analytically from a writer's perspective as a means to better understand the art and craft of creative writing. Discussion may cover publishing. Peer review of manuscripts may be included.

**ENGL 303 Critical Approaches to Literature (3)**
(Designed as a foundation for other upper-level literature courses.) Prerequisite: WRTG 101 or WRTG 1015. A study of the techniques of literary criticism emphasizing close reading, critical thinking, and critical writing. The goal is to apply a variety of theoretical approaches to literature, analyze texts, and create professional written communications.

**ENGL 310 Renaissance Literature (3)**
Prerequisite: WRTG 101 or WRTG 1015. An exploration of the cultural attitudes and values that separate the Middle Ages from the Renaissance, highlighting the changing role and purpose of the writer. The goal is to locate and evaluate appropriate sources, create professional written communications, and apply MLA documentation to written work. Major authors may include Spenser, Marlowe, and Shakespeare.

**ENGL 311 17th- and 18th-Century British Literature (3)**
Prerequisite: WRTG 112, WRTG 101, or WRTG 1015. A study of the literature of 17th- and 18th-century Britain, with an emphasis on the development of individualism. The aim is to locate and evaluate appropriate sources; create professional written communications; and gain a historical perspective through analysis of race, class, and gender issues. Authors may include Dryden, Swift, Pope, Montagu, Fielding, and Johnson.

**ENGL 312 19th-Century British Literature (3)**
Prerequisite: WRTG 101 or WRTG 1015. A study of representative authors and works in British literature from 1800 to 1900. The goal is to evaluate and synthesize source materials; create professional written communications; and gain a historical perspective through analysis of race, class, and gender issues. The works of representative writers (such as William Blake, Jane Austen, Charles Dickens, Thomas Hardy, and Oscar Wilde) are explored.

**ENGL 386 History of the English Language (3)**
Prerequisite: WRTG 112, WRTG 101, or WRTG 1015. An examination of the development and usage of the English language. The objective is to explore various texts and research tools to examine the linguistic heritage and continuing evolution of English. Discussion traces the history of English from its origins and examines contemporary issues and controversies.

**ENGL 406 Shakespeare Studies (3)**
Prerequisite: WRTG 101 or WRTG 1015. An intensive study of Shakespeare's work and its continuing relevance with reference to historically specific social and cultural contexts. The objective is to evaluate and synthesize source materials, apply critical theory, and demonstrate understanding of dramatic text. Histories, comedies, tragedies, romances, and sonnets may be examined. Students may receive credit for only one of the following courses: ENGL 406 or HUMN 440.

**ENGL 430 American Literature: Discovery to 1914 (3)**
Prerequisite: WRTG 112, WRTG 101, or WRTG 1015. A comprehensive study of literature in America from European discovery until 1914. The aim is to examine literary periods, movements, and styles; interpret literature as a reflection of national and world events; recognize the differences among types of American literary works; and apply critical methodology. Topics include settlement and exploitation, revolution and government, American romanticism, slavery, women's rights, the Civil War and Reconstruction, and naturalism and realism.

**ENGL 433 Modern American Literature: 1914–1945 (3)**
Prerequisite: WRTG 112, WRTG 101, or WRTG 1015. A study of the uniqueness of modern American fiction, poetry, nonfiction, and drama. The goal is to interpret and analyze literature by applying critical theory. Focus is on the major social and historical changes that occurred between World War I and World War II and their effect on literature. Major authors may include Ernest Hemingway, William Faulkner, F. Scott Fitzgerald, Langston Hughes, and Hilda Doolittle (H. D.).

**ENGL 439 Major American Writers (1–3)**
Prerequisite: WRTG 101 or WRTG 1015. A study of works by selected American authors from the colonial period to the present. The goal is to understand the place these authors and their works hold in the canon of American literature. Emphasis is on the impact of historical and social events, as well as biographical influences, on the literature. May be repeated to a maximum of 6 credits when topics differ.
Experiential Learning

The Portfolio program yields UMUC credit for learning acquired outside the classroom. The course in experiential learning (designated EXCL), as well as credit earned through the program, may be applied toward:

- appropriate majors and minors
- general education requirements (according to content) as appropriate
- electives

Information about this program is provided in this catalog. Details are also available on the web at www.umuc.edu/priorlearning.

Field Study

UMUC field study courses enable you to earn university credit while traveling to sites of historical or cultural significance throughout the world. Field study courses are available in a variety of subject areas, and credit can be awarded at both the lower- and upper-levels.

Before enrolling, you should contact a UMUC academic advisor to determine how a course may apply toward a specific degree program.

Field study courses include the same number of contact hours as equivalent on-site or online courses, with the main difference being that the majority of coursework is done in an accelerated format. You may register for a field study course at any time during the academic year prior to the registration deadline for the course.

Finance

Courses in finance (designated FINC) may be applied as appropriate (according to individual program requirements) toward:

- a major in business administration, human resource management, or management studies
- a minor in business administration
- an AA in General Studies with accounting, business management, or management curricula
- a certificate in management
- electives

FINC 320 Fundamentals of Building Wealth (3)

(Formerly BMGT 342. For students majoring in both business and nonbusiness disciplines.) A practical overview of personal finance management and wealth creation that blends financial theory and application. The goal is to develop personal financial management skills (e.g., budgeting income and expenditures, planning for financial security and retirement) and understand elements of the U.S. financial structure (including savings and investment alternatives, financing and credit sources, and the role of insurance in protecting income and assets). These skills are utilized in the development of a personal financial plan. Students may receive credit for only one of the following courses: BMGT 342, BMGT 388F, BMGT 388N, FINC 321, or FINC 322.

FINC 330 Business Finance (3)

(Formerly BMGT 343.) Prerequisite: FINC 330. An introduction to financial investments and portfolio management. The goal is to evaluate and critically analyze asset selection and allocation and perform basic portfolio management activities. Topics include types of securities and securities markets; investment risks, returns, and constraints; portfolio policies and management; and institutional investment policies. Theories, practices, and real-world examples are examined and analyzed. Students may receive credit for only one of the following courses: BMGT 340 or FINC 340.

Foreign Languages

In addition to German, Italian, Japanese, Korean, Spanish, and Arabic (see course descriptions under these subjects), courses are currently offered in the following languages:

- Chinese (CHIN)
- Dutch (OTCH)
- French (FREN)
- Latin (LATN)
- Modern Greek (MGRK)
- Portuguese (PORT)
- Russian (RUSS)
- Turkish (TURK)

Courses in foreign languages may be applied as appropriate toward:

- the general education requirement in the arts and humanities
- electives

Additionally, courses in German, Italian, Japanese, Korean, Spanish, and Arabic may be applied as appropriate toward:

- an AA in General Studies with foreign language area

ENGL 441 Postmodern American Literature: 1945 to 1999 (3)

Prerequisite: WRGT 112, WRGT 101, or WRGT 1015. A comprehensive study of literature in America from 1945 till the end of the 20th century. The objective is to interpret American literature as a reflection of national and world events, recognize the differences among types of American literary works, and apply critical methodology. Topics include the American Dream; war, fear and paranoia; rebellion and counterculture; civil rights, feminist, and gay movements; postmodernism; and multiculturalism.

ENGL 495 Advanced Seminar in English Language, Literature, and Writing (3)

(Noted as a final, capstone course to be taken in a student’s last 15 credits.) Prerequisites: ENGL 240, ENGL 303, and at least 9 additional credits of upper-level ENGL courses. A synthesis and application of knowledge and skills developed by previous study in the discipline. The goal is to refine skills and explore ways that they may be applied after graduation. Focus is on reviewing and revising previously written papers and/or projects to create a comprehensive portfolio. Assignments include the creation of the portfolio and writing original papers on one’s professional experience, and analyzing the relationship of experiential learning to conventional learning. Completed portfolios are evaluated by faculty to assess possible award of credit; a total of 30 credits may be awarded through Portfolio Assessment.

EXCL 301 Learning Analysis and Planning (3)

Prerequisite: Formal admission to the program. (Students should visit www.umuc.edu/priorlearning or contact priorlearning@umuc.edu for complete requirements.) Instruction in the preparation of a portfolio documenting college-level learning gained through life experiences. Focus is on defining goals, documenting learning gained through experience, and analyzing the relationship of experiential learning to conventional learning. Completed portfolios are evaluated by faculty to assess possible award of credit; up to 30 credits may be awarded.

EXCL X001 Supplement to Learning Analysis and Planning (0)

(Students should visit www.umuc.edu/priorlearning or contact priorlearning@umuc.edu for complete requirements.)
studies curriculum
- a certificate in foreign language area studies
- Courses in Chinese, Japanese, and Korean may be applied as appropriate toward
- a major or minor in East Asian studies
If you have prior experience in a foreign language—through study or living abroad, informal learning from friends or family, or high school or other coursework that did not transfer to UMUC, you should take a placement exam before enrolling. You should also take the placement exam if you have oral proficiency in a language and wish instruction in writing that same language.
Please e-mail languages@umuc.edu if you have questions about placement into language courses or if you have prior experience learning a language. Placement testing is available for all languages offered at UMUC. If you have no prior experience with a language, please enroll in the introductory course.
You may not establish credit in the 100- and 200-level courses of your primary language. The university reserves the right to determine your primary language. Usually, it is the language you first learned to read and write as a child through regular schooling. It is not necessarily, therefore, the language of the parents or of the country in which you were born.
Foreign language courses build on specific knowledge gained in previous courses, and thus, after successfully completing a language course, you may not take a less advanced course for credit (e.g., may not take SPAN 111 after SPAN 112, or KORN 114 after KORN 115.) Also, you may not take two different courses in the same foreign language (e.g., SPAN 112 and 114) at the same time.

Geography
Courses in geography (designated GEOG) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the behavioral and social sciences
- electives
UMUC offers only a limited number of courses each session in this discipline.

GEOG 100 Introduction to Geography (3)
An introduction to the broad field of geography. Emphasis is on concepts relevant to understanding global, regional, and local issues.

GEOG 101 Fundamentals of Geographic Information Systems (3)
An introduction to geographic information system (GIS) technology. Focus is on the structure and use of GIS databases and systems. Field or lab projects may be assigned to illustrate concepts. May be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the behavioral and social sciences
- electives
UMUC offers only a limited number of courses each session in this discipline.

GEOG 100 Physical Geology (3)
An introductory study of geology, encompassing the Earth, the materials that constitute its makeup, the structure of those materials, and the processes acting on them. The goal is to understand geological principles and how humans impact geological processes. Topics include the rocks and minerals composing Earth, movement within Earth, and its surface features and the agents that form them and our environment. Discussion also covers energy and mineral resources. Students may receive credit for only one of the following courses: GEOL 100 or GEOL 101.

GEOG 110 Physical Geology Laboratory (1)
(Fulfills the laboratory science requirement only with previous or concurrent credit for GEOG 100 or GEOG 120.) Prerequisite: GEOL 100, GEOL 101, or GEOG 120. An introduction to the basic materials and tools of physical geology. Emphasis is on familiarization with rocks and minerals and the use of maps in geologic interpretations.

Geology
Courses in geology (designated GEOL) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the biological and physical sciences
- electives
UMUC offers only a limited number of courses each session in this discipline.

GEOL 100 Physical Geology (3)
An introductory study of geology, encompassing the Earth, the materials that constitute its makeup, the structure of those materials, and the processes acting on them. The goal is to understand geological principles and how humans impact geological processes. Topics include the rocks and minerals composing Earth, movement within Earth, and its surface features and the agents that form them and our environment. Discussion also covers energy and mineral resources. Students may receive credit for only one of the following courses: GEOL 100 or GEOL 101.

GEOL 110 Physical Geology Laboratory (1)
(Fulfills the laboratory science requirement only with previous or concurrent credit for GEOL 100 or GEOG 120.) Prerequisite: GEOL 100, GEOL 101, or GEOG 120. An introduction to the basic materials and tools of physical geology. Emphasis is on familiarization with rocks and minerals and the use of maps in geologic interpretations.

Gerontology
Courses in gerontology (designated GERO) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the behavioral and social sciences (except GERO 342)
- a major in gerontology and aging services, nursing for registered nurses, or social science a minor in diversity awareness, gerontology and aging services, health services management, or women’s studies electives.

GERO 100 Contemporary Issues in Aging (3)
(Fulfills the general education requirement in behavioral and social sciences.) An overview of the study of aging and the older adult population. The objective is to gain a historical and sociocultural understanding of how the experience of aging has evolved over the last 100 years. The biological, psychological, and social processes of aging in the 21st century and the impact of an aging population on society are examined from a multidisciplinary perspective.

GERO 302 Health and Aging (3)
Recommended: GERO 100. An exploration of the physiological processes of aging that covers normal aging and chronic illness. The goal is to distinguish normal aging from disease and evaluate factors that affect the health of older adults. Topics include biological processes and theories of aging; bodily changes normally associated with aging, long-term and health care systems, and related medical terminology. Review also covers substance abuse; environmental factors affecting aging; and ways of promoting health, preventing disease, and assessing health risks.

GERO 311 Gender and Aging (3)
(Fulfills the general education requirement in behavioral and social sciences.) Recommended: GERO 100. An interdisciplinary examination of how different cultures interpret and deal with aging and the life cycle. Focus is on the increasingly heterogeneous aging population in the United States. The goal is to raise critical awareness of how aging is experienced across cultures. Topics include cross-cultural theory and research on aging; global demographics of aging; cross-cultural perspectives of norms and values regarding work, family, and community roles for older adults; the social and economic status of older adults; intergenerational relationships; ethical caregiving; end-of-life issues; social services; and social policy. Health disparities among older adults of certain ethnicities within the United States are also addressed. Students may receive credit for only one of the following courses: GERO 327, GERO 410, or GERO 427.

GERO 320 Psychosocial Aspects of Aging (3)
(Fulfills the general education requirement in behavioral and social sciences.) Recommended: GERO 100. An advanced multidisciplinary examination of the psychosocial forces that affect the aging process. Aspects of aging are analyzed from a number of theoretical perspectives found in psychology, sociology, and social gerontology. The goal is to articulate the impact of biological, sociocultural, and life cycle forces on psychosocial and social well-being in post-middle life. Topics include normative and atypical psychological and social functioning in post-middle; the social construction of aging; and the impact of aging, ageism, and longevity on social structures such as the family, work, retirement, and health care. Students may receive credit for only one of the following courses: GERO 220, GERO 320, or PSYC 357.

GERO 427 Culture and Aging (3)
(Fulfills the general education requirement in behavioral and social sciences.) Recommended: GERO 100. An interdisciplinary examination of how different cultures interpret and deal with aging and the life cycle. Focus is on the increasingly heterogeneous aging population in the United States. The goal is to raise critical awareness of how aging is experienced across cultures. Topics include cross-cultural theory and research on aging; global demographics of aging; cross-cultural perspectives of norms and values regarding work, family, and community roles for older adults; the social and economic status of older adults; intergenerational relationships; ethical caregiving; end-of-life issues; social services; and social policy. Health disparities among older adults of certain ethnicities within the United States are also addressed. Students may receive credit for only one of the following courses: GERO 327, GERO 410, or GERO 427.
Government and Politics

Courses in government and politics (designated GVPT) may be applied as appropriate (according to individual program requirements) toward:
- the general education requirement in the behavioral and social sciences
- a major in political science or East Asian studies (select courses only)
- a minor in political science
- electives

GVPT 100 Introduction to Political Science (3)
A survey of the basic principles of political science. The objective is to define the main features of primary systems of political economy to understand differing methods of governance and articulate consequences of government actions in a globally interdependent system. Topics include the relationship of political science to the other social sciences; modern democracy, political ideology, and political socialization; the function of public opinion, mass media, interest groups, and political parties; the basic institutions of government and the separation of powers; and the role of international relations and globalization.

GVPT 101 Introduction to Political Theory (3)
An overview of the main schools of political theory, including democracy, authoritarianism, and alternative theories. The aim is to demonstrate familiarity with important thinkers and major works in the history of political theory; use theoretical language to analyze and critique political behavior and events; identify strengths and weaknesses of different forms of government; and demonstrate knowledge of crucial concepts (justice, power, authority, the state, social contract, etc.) and their history. Topics include the philosophical foundations of liberalism, socialism, and conservatism, and the core political concepts of justice, power, and authority.

GVPT 170 American Government (3)
A comprehensive study of government in the United States, including the basic principles of American government and political culture. The aim is to explain the vertical and horizontal structure of the American government and the roles of the three federal branches, bureaucracies, and the state governments; describe the development of the American political system and its impact on the political landscape; and explain the processes of the electoral system, political parties, and interest groups to persuade and influence. Institutions, processes, and public policies are examined from a cross-cultural perspective.

GVPT 200 International Political Relations (3)
A study of the major factors underlying international relations, the methods of conducting foreign relations, and the means of avoiding or alleviating international conflicts. The objective is to interact with global communities, contribute to policy formation, analyze differing world views, and apply historical and cultural contexts to identify probable outcomes of disputes. Students may receive credit for only one of the following courses: GVPT 200 or GVPT 300.

GVPT 240 Political Ideologies (3)
A survey and an analysis of the leading ideologies of the modern world. Topics include anarchism, communism, socialism, fascism, nationalism, and democracy.

GVPT 280 Comparative Politics and Government (3)
An introductory study of institutional patterns and trends in a variety of countries with dissimilar governmental styles. The goal is to compare the stages of political development in the modern state system on a spectrum ranging from liberal democracies to authoritarian regimes. Discussion covers ethnic conflict and economic inequality in relation to the success and failure of governmental approaches in solving compelling issues.

GVPT 306 Global Political Economy (3)
A study of the relationship between political and economic processes in international affairs. Discussion covers the effect of globalization on the global environment, the economy, world peace, the power of the nation-state, and inequality between nation-states.

GVPT 403 Law, Morality, and War (3)
Prerequisite: WRTG 101 or WRTG 101S. A study of just war traditions. The objective is to make informed decisions and analyze conflict. Discussions cover the theoretical and practical connections between law, war, and morality.

GVPT 406 Global Terrorism (3)
Prerequisite: WRTG 101 or WRTG 101S. An examination of the development of global terrorism and its impact on the international community. The goal is to participate in strategy and policy formulation and implementation; evaluate threats, and assess infrastructures that support global terrorist organizations. Students may receive credit for only one of the following courses: GVPT 401A or GVPT 406.

GVPT 407 State Terrorism (3)
(Formerly GVPT 401B and GVPT 401C. Not open to students who have completed GVPT 401B or GVPT 401C.) An examination of the use of force and power (terrorism) by states against various populations to advance the interests of their civilization or state. The objective is to apply knowledge of culture, tradition, ideology, and methodology to comprehend state terrorism; analyze risk to national security; and explain how domestic climates and international relationships interact to support state terrorism. Topics include state behavior and norms; state interests, power, and force; application of power and force; and coercion within and among civilizations.

GVPT 408 Counterterrorism (3)
An investigation of counterterrorism (including its historical context), focusing on the evaluation of threats and the formulation of defeat strategies. The aim is to evaluate response strategies, help improve offensive and defensive planning, and construct a defeat strategy for a terrorist threat. Students may receive credit for only one of the following courses: GVPT 399H or GVPT 408.

GVPT 409 Terrorism, Antiterrorism, and Homeland Security (3)
An advanced examination of the impact of terrorism on the homeland security of the United States since the attacks of September 11, 2001. The objective is to more fully understand the concepts of homeland security within a federal system. Topics include the National Strategy for Homeland Security and the Patriot Act, their effect on civil liberties and civil rights, the changing face of terrorism in the United States, intelligence systems, and critical infrastructure protection. Students may receive credit for only one of the following courses: GVPT 409 or GVPT 498X.

GVPT 457 American Foreign Relations (3)
Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. A study of the principles and machinery of American foreign relations. The goal is to apply historical themes of American foreign policy to contemporary international relations, incorporate tenets of international law into American diplomatic approaches, and inform and influence policy making. Emphasis is on the conduct of the U.S. Department of State and the Foreign Service. Analysis covers the major foreign policies of the United States.

GVPT 495 Advanced Seminar in Political Science (3)
(Intended as a capstone course to be taken in a student’s last 15 credits.) Prerequisites: WRTG 112 (or WRTG 101) and 9 upper-level credits in GVPT coursework. A study of political science that integrates knowledge gained through previous coursework and experience. The aim is to build on that conceptual foundation through integrative analysis, practical application, and critical thinking. Concepts and methods of political science are applied in producing a political, policy, or position paper for a project organization.
HIST 116 World History I (3)
Recommended: WRTG 112, WRTG 101, or WRTG 101S. A survey of global civilizations from prehistory to the 1500s. The aim is to explain the impact of environmental conditions on the development of civilizations using basic geographical knowledge; describe how human contacts, global connections, and migrations contribute to the development of civilizations; and compare the development of institutions (social, political, familial, cultural, and religious) to explain their impact on societal transformations. Focus is on examining what history is and thinking critically about history by analyzing historical approaches and methods.

HIST 125 Technological Transformations (3)
A focused survey of the intersection of technology and history and the evolutionary process that marks what we call progress. The objective is to apply historical precedent to everyday responsibilities and relationships in order to advance the goals and ideals of contemporary society; compare and contrast historical eras; and describe how events influence our sense of time, space, and technology.

HIST 141 Western Civilization I (3)
Recommended: WRTG 101 or WRTG 101S. A survey of the history of Western civilization from antiquity through the Reformation. The objective is to chart major societal changes; identify major conflicts and wars; describe the evolution of religions; and recognize how philosophy and the arts reflect and influence peoples’ lives, cultures, and societies. The political, social, and intellectual developments that formed the values and institutions of the Western world are examined.

HIST 142 Western Civilization II (3)
Recommended: WRTG 101 or WRTG 101S. A survey of the history of Western civilization from the Reformation to modern times. The goal is to chart major societal changes; identify major conflicts and wars; describe the evolution of religions; and recognize how philosophy and the arts reflect and influence peoples’ lives, cultures, and societies.

HIST 156 History of the United States to 1865 (3)
A survey of the United States from colonial times to the end of the Civil War. The establishment and development of national institutions are traced. The aim is to locate, evaluate, and use primary and secondary sources and interpret current events and ideas in a historical context. Students may receive credit for only one of the following courses: HIST 156 or HUMN 119.

HIST 157 History of the United States Since 1865 (3)
A survey of economic, intellectual, political, and social developments since the Civil War. The objective is to use primary and secondary sources to describe U.S. historical events and interpret current events and ideas in a historical context. Discussion covers the rise of industry and the emergence of the United States as a world power. Students may receive credit for only one of the following courses: HIST 157 or HUMN 120.

HIST 165 History of the United States to 1865 (3)
A survey of the United States from colonial times to the end of the Civil War. The development of national institutions is traced. The aim is to locate, evaluate, and use primary and secondary sources and interpret current events and ideas in a historical context. Students may receive credit for only one of the following courses: HIST 165 or HUMN 119.

HIST 266 The United States in World Affairs (3)
A study of the United States as an emerging world power and of the domestic response to the nation’s changing status in world affairs. Emphasis is on the relationship between the internal and the external development of the nation.

HIST 289 Historical Methods (3)
Prerequisite: A 100-level HIST course. An introduction to historical methods, approaches, and techniques. The goal is to explain what history is and why it matters, identify historical paradigms, and employ the moral and ethical standards of the historical profession. Focus is on the philosophical and practical skills employed by historians.

HIST 309 Historical Writing (3)
Prerequisite: HIST 289. A study of the historical research and writing process. The goal is to construct a framework for an original historical research project, locate and evaluate source materials, and demonstrate proficiency in research methods.

HIST 316N History of the Ryukyu Islands
A survey of social and political developments of the Ryukyu Islands from the period of the Satsuma Clan’s rule through the present. Topics include Chinese influence on Ryukyuan culture, the arrival of the western trader, Okinawa during World War II, the establishment and maintenance of the military government, reversion, and current economic and sociopolitical trends. Assignments include advanced reading and research.

HIST 321 Ancient Greece and Rome (3)
Prerequisite: Any writing course. An examination of the history of ancient Greece and Rome from 800 BC to 476 CE. The goal is to examine primary and secondary sources to explore and analyze how events, individuals, movements, and technological developments shaped modern America.

HIST 337 Europe’s Bloodiest Century (3)
An investigation of the political, economic, and cultural developments of Europe since 1914, with emphasis on the factors involved in the two world wars and their worldwide effects and significance. The objective is to evaluate causes, courses, and consequences of armed conflicts in Europe during the 20th century to interpret their effects on contemporary society.

HIST 370 American History (3)
Prerequisite: Any writing course. An examination of the emergence of institutions in the United States from 1900 to the end of the 20th century. The goal is to examine primary and secondary sources to explore and analyze how events, individuals, movements, and technological developments shaped modern America.

HIST 373 African American History (3)
Prerequisite: Any writing course. An examination of the history of African Americans in the United States from the colonial period to the end of the 20th century. The relationship between race and significant developments in American history (including slavery, war, industrialization, urbanization, technology, and culture) is evaluated. The goal is to examine primary and secondary sources to explore and analyze the historical experiences of African Americans and the ways in which race has shaped U.S. society.
HIST 377 U.S. Women's History: 1870 to 2000 (3)
An examination of the history of women in the United States from 1870 to the eve of the 21st century. The goal is to examine primary and secondary sources and documents to comprehend and articulate the impact of gender on the historical experiences of American women. Historical methodologies that focus on the ways in which race, class, ethnicity, and sexuality have shaped these experiences are used to analyze the varied experiences of U.S. women. The relationship between these experiences and the larger historical forces of the era, including social movements, technology, and changing family roles and structure is evaluated. Students may receive credit for only one of the following courses: HIST 211, HIST 367, or HIST 377.

HIST 381 America in Vietnam (3)
Prerequisite: A writing course. Recommended: WRTG 291. An examination of the complexity of the lengthy involvement of the United States in Vietnam. The goal is to engage in divergent historical interpretations and develop personal conclusions and perspectives about America’s role in Vietnam and its legacy. Discussion covers the social, cultural, political, and military dimensions of the Vietnam War, beginning with the declaration of Vietnamese independence at the conclusion of World War II. Emphasis is on the influence of the media in shaping government policy and public opinion. Students may receive credit for only one of the following courses: BEHS 337 or HIST 381.

HIST 382 The Korean War (3)*
Prerequisite: A writing course. Recommended: WRTG 291. An exploration of the Korean War, including the origins of the conflict on the peninsula and the reasons for Soviet, American, and Chinese involvement. Military strategy and campaigns are discussed, as are U.S. domestic politics and the consequences of the war for the nations and peoples involved. Students may receive credit for only one of the following courses: HIST 382 or HIST 3180.
* On-site format available only in Asia

HIST 383 Korean History (3)*
Prerequisite: Any writing course. A study of the history of Korea from prehistory to the present. Focus is on Korea’s political, social, and economic history. Korea’s relations with China and Japan are explored. Students may receive credit only once under this course title.
* On-site format available only in Asia

HIST 392 History of the Contemporary Middle East (3)
Prerequisite: A writing course. Recommended: WRTG 291. A survey of the history of the Middle East from the late 19th century to the present. The aim is to identify the important events of the last century in the Middle East; understand the sources of contention in that area; and examine the ideology, politics, and culture of the area and how they impact U.S.-Middle East relations. Focus is on major political, economic, social, and cultural trends that inform current events in the region. Topics include the late Ottoman Empire, European colonialism, the rise of nationalism and nation-states, the Arab-Israeli conflict, political Islam, the role of the United States in the region, and contemporary approaches to modernity in the Middle East.

HIST 395 History of Islam and the Middle East (3)
Prerequisite: Any writing course. An examination of the origins and development of Islam and its impact in shaping the history of the Middle East from 700 CE to the 20th century. The goal is to examine primary and secondary sources to explore and analyze the diversity of Islamic beliefs; the evolution of social, political, economic, and cultural institutions; and the major trends that influence contemporary Middle Eastern societies.

HIST 461 African American History: 1865 to the Present (3)
Prerequisite: A writing course. Recommended: WRTG 291. An examination of African Americans in the United States since the Civil War. The objective is to examine the significance of the emancipation of African Americans and various leadership and philosophical perspectives within the African American community. Topics include emancipation and Reconstruction; segregation, accommodationism, and institution building; migration and urbanization; resistance and the birth and growth of the civil rights movement; and the problem of race and racism as a national issue with global impact in the modern world.

HIST 464 World War I (3)
Prerequisite: Any writing course. An intensive study of the First World War. Topics include the development of nationalism and socialism in late 19th-century Europe, the causes of the First World War, trench warfare on the western front, war in the Balkans, total war on the home fronts, the Russian Revolution of 1917, the collapse of the Central Powers, the 1918 settle- ments, the postwar conflicts that continued to haunt Europe until 1923, and the concept of the Lost Generation.

HIST 465 World War II (3)
An investigation of the nature of the Second World War. The aim is to analyze the factors that contributed to World War II, investigate the influences of war-time ideologies, and examine how warfare accelerated advances in science and technology. Topics include the origins of the war; the political, military, economic, and social circumstances of the war and their impact and legacy; and the extent to which the war changed the world that we live in.

HIST 480 A History of China to 1912 (3)*
A study of the history of China from Confucius (around 500 BC) to the demise of the Qing Dynasty in 1912. The objectives are to interpret, educate, and advise others based on a historical, cultural, and social awareness of traditional China. Emphasis is on the changes within Chinese political, social, cultural, and philosophical structures that have molded the history of China and its peoples.
* On-site format available only in Asia

HIST 482 History of Japan to 1800 (3)*
Prerequisite: A writing course. Recommended: WRTG 291. An examination of traditional Japanese civilization from the age of Shinto mythology to the late Edo period. The aim is to interpret, educate, and advise others based on a historical, cultural, and social awareness of traditional Japan.
* On-site format available only in Asia

HIST 483 History of Japan Since 1800 (3)*
Prerequisite: A writing course. Recommended: WRTG 291. An examination of Japan’s emergence as an industrial society and world power. The goal is to interpret, educate, and advise others based on a historical, cultural, and social awareness of modern Japan. Discussion covers Japan’s role in World War II, postwar recovery, and re-emergence as an exporter of cultural goods.
* On-site format available only in Asia

HIST 495 Senior Thesis in History (3)
(Used as a final, capstone course to be taken in a student’s last 15 credits, preferably a year after completing HIST 309). Prerequisites: At least 21 credits in HIST courses, including HIST 289 and HIST 309. Intensive research into a specific topic in history of the student’s choice. The objective is to produce a substantial, original historical research project suitable for presentation or publication.

HIST 466 World War II (3)
An investigation of the nature of the Second World War. The aim is to analyze the factors that contributed to World War II, investigate the influences of war-time ideologies, and examine how warfare accelerated advances in science and technology. Topics include the origins of the war; the political, military, economic, and social circumstances of the war and their impact and legacy; and the extent to which the war changed the world that we live in.

HIST 480 A History of China to 1912 (3)*
A study of the history of China from Confucius (around 500 BC) to the demise of the Qing Dynasty in 1912. The objectives are to interpret, educate, and advise others based on a historical, cultural, and social awareness of traditional China. Emphasis is on the changes within Chinese political, social, cultural, and philosophical structures that have molded the history of China and its peoples.
* On-site format available only in Asia

HIST 482 History of Japan to 1800 (3)*
Prerequisite: A writing course. Recommended: WRTG 291. An examination of traditional Japanese civilization from the age of Shinto mythology to the late Edo period. The aim is to interpret, educate, and advise others based on a historical, cultural, and social awareness of traditional Japan.
* On-site format available only in Asia

HIST 483 History of Japan Since 1800 (3)*
Prerequisite: A writing course. Recommended: WRTG 291. An examination of Japan’s emergence as an industrial society and world power. The goal is to interpret, educate, and advise others based on a historical, cultural, and social awareness of modern Japan. Discussion covers Japan’s role in World War II, postwar recovery, and re-emergence as an exporter of cultural goods.
* On-site format available only in Asia

HIST 495 Senior Thesis in History (3)
(Used as a final, capstone course to be taken in a student’s last 15 credits, preferably a year after completing HIST 309). Prerequisites: At least 21 credits in HIST courses, including HIST 289 and HIST 309. Intensive research into a specific topic in history of the student’s choice. The objective is to produce a substantial, original historical research project suitable for presentation or publication.

Homeland Security
Courses in homeland security (designated HMLS) may be applied as appropriate (according to individual program requirements) toward
- a major in homeland security
- a minor in homeland security
- electives

HMLS 302 Introduction to Homeland Security (3)
Prerequisite: WRTG 101 or WRTG 101S. An introduction to the theory and practice of homeland security in both the public and private sector at national, regional, state, and local levels. The objective is to apply management concepts to homeland security, identify legal and policy issues related to homeland security, and compare the four phases of homeland security. An overview of the administrative, legislative, and operational elements of homeland security programs and processes (including a review of homeland security history, policies, and programs) is provided. Topics include the threat of terrorism and countermeasures, including intelligence, investigation, and policy that support U.S. homeland security objectives.

HMLS 304 Strategic Planning in Homeland Security (3)
Prerequisite: HMLS 302. An examination of the fundamentals of strategic planning necessary for the maintenance of domestic security and the operation of the homeland security organization in the public and private sectors. The goal is to develop and analyze homeland security strategic plans. Topics include organizational priorities, planning documents, policy development, legislation, financial operations, and the evaluation process. Analysis covers threat, risk, vulnerability, probability, and impact as parameters for decision making and resource allocation.

HMLS 310 Homeland Security Response to Critical Incidents (3)
Prerequisites: HMLS 302 and HMLS 406. A real-world assessment of the issues involved in responding to homeland security critical incidents. The aim is to prepare for future challenges, integrate critical incident responses at all levels, and analyze the effect of regulations and laws on critical incident response. Discussion covers historical and potential incidents as they relate to resources, cooperation, politics, regulations, operations, and postincident response.
COURSE DESCRIPTIONS

HMLS 406 Legal and Political Issues of Homeland Security (3)
Prerequisite: HMLS 302. A study of the legal aspects of and public policy on homeland security. The aim is to analyze governmental and private-sector roles and form a model homeland security policy. The development of public policy in homeland security is examined at local, regional, national, and international levels. Topics include surveillance, personal identity verification, personal privacy and redress, federal legislation passed in the aftermath of the terrorist attacks of 2001, the rights of foreign nationals, the rights of U.S. citizens, the governmental infrastructure for decisions concerning legal rights, and the difficulties of prosecuting terrorist suspects (such as jurisdictional issues, rules of evidence, and prosecution strategies).

HMLS 408 Infrastructure in Homeland Security (3)
Prerequisite: HMLS 406. An examination of infrastructure protection at international, national, regional, state, and local levels. The objective is to assess threat, risk, and vulnerabilities and recommend protective measures. Topics include critical infrastructure at all levels of government, the private sector, and the international community. An overview of U.S. homeland security policy as it relates to the protection of critical infrastructures and key assets (including the roles of the federal, state, and local governments and the private sector in the security of these resources) is provided. Focus is on risk reduction and protection of critical infrastructures using available resources and partnerships between the public and private sectors.

HMLS 414 Homeland Security and Intelligence (3)
Prerequisite: HMLS 406. A study of the role of intelligence in homeland security. The objective is to interpret the concepts of information; analyze the production of intelligence; and recognize the U.S. intelligence and law enforcement communities, as well as other agencies and organizations that have a part in the nation’s homeland security intelligence activities. Topics include critical infrastructure at all levels of government, the private sector, and the international community. An overview of U.S. homeland security policy as it relates to the protection of critical infrastructures and key assets (including the roles of the federal, state, and local governments and the private sector in the security of these resources) is provided. Focus is on risk reduction and protection of critical infrastructures using available resources and partnerships between the public and private sectors.

HMLS 416 Homeland Security and International Relations (3)
Prerequisite: HMLS 406. An examination of the relationship of international institutions to U.S. homeland security policy, intelligence, and operations. The aim is to incorporate a global perspective in the development of U.S. homeland security, analyze international institutions that influence U.S. homeland-land security, and integrate international information sharing in public- and private-sector approaches to security. Domestic security operations abroad are compared to U.S. policy, laws, and procedures. Topics include the commonality of global approaches to domestic security everywhere and the value of information sharing between governments and international institutions.

HMLS 495 Public Safety Policies and Leadership (3)
(Prerequisite: HMLS 406. A study of leadership theories, skills, and techniques used in the public safety professions. The interdisciplinary perspective—encompassing criminal justice, emergency management, fire science, and homeland security—is designed to support integrated public safety management. A review of current issues and contemporary leadership styles in the public safety professions integrates knowledge and principles gained through previous coursework. Case studies and exercises are used to address challenges in strategic planning. Other tools focus on evaluation of personal leadership styles and techniques.

Humanities Courses in humanities (designated HUMN) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities
- a major in humanities
- electives

HUMN 100 Introduction to Humanities (3)
An introduction to the humanities through a review of some of the major developments in human culture. The goal is to analyze how societies express their ideas through art, literature, music, religion, and philosophy and to consider some of the underlying assumptions about the way societies are formed and run. Focus is on developing the conceptual tools to understand cultural phenomena critically.

HUMN 351 Myth in the World (3)
A presentation of myths from around the globe. The goal is to examine the interface between myths and cultural forms such as literature, art, and religion. Topics include sacred places and objects, goddesses and gods, heroes and tricksters, and stories of creation and destruction. Discussion also covers implicit values in the myths that shape cultural and individual identity and affect the social landscape.

HUMN 495 Humanities Seminar (3)
(Prerequisite: HUMN 100, an upper-level ARTH course, an upper-level ENGL course, an upper-level HUMN course, and an upper-level PHIL course. A study of humanities that synthesizes knowledge gained through previous study. An individually chosen research project is used to examine the nature of human responsibility to self, others, and the environment; the role of intellectual inquiry in human life; and the role of creativity in human life. Career options are also explored.)

Human Resource Management
Courses in human resource management (designated HRMN) may be applied as appropriate (according to individual program requirements) toward
- a major in human resource management, business administration, or management studies
- a minor in human resource management or business administration
- an AA in General Studies with business and management studies curricula
- electives

HRMN 302 Organizational Communication (3)
A study of the structure of communication in organizations. The goal is to apply theory and examples to improve managerial effectiveness in communication and negotiation. Problems, issues, and techniques of organizational communication are analyzed through case histories, exercises, and projects. Students may receive credit for only one of the following courses: BMGT 398N, HREM 302, MGMT 320, MGST 315, or TEMN 315.

HRMN 362 Labor Relations (3)
A survey of contemporary labor relations practices. The aim is to research and analyze labor relations issues and support the labor relations process. Discussion covers the history of organized labor in the United States, the role of third parties, organizing campaigns, the collective bargaining process, and the resolution of employee grievances. Students may receive credit for only one of the following courses: BMGT 362 or HRMN 362.

HRMN 367 Organizational Culture and Change (3)
An examination of the nature, definitions, theories, and aspects of organizational culture. The goal is to apply knowledge of organizational culture to develop a change-management plan. Analysis covers patterns of behavior and safety professions integrates knowledge and principles gained through previous coursework. Case studies and exercises are used to address challenges in strategic planning. Other tools focus on evaluation of personal leadership styles and techniques.

Humanities
Courses in humanities (designated HUMN) may be applied as appropriate (according to individual program requirements) toward
- a major in human resource management, business administration, or management studies
- a minor in human resource management or business administration
- an AA in General Studies with business and management studies curricula
- electives

HRMN 302 Organizational Communication (3)
A study of the structure of communication in organizations. The goal is to apply theory and examples to improve managerial effectiveness in communication and negotiation. Problems, issues, and techniques of organizational communication are analyzed through case histories, exercises, and projects. Students may receive credit for only one of the following courses: BMGT 398N, HREM 302, MGST 320, MGST 315, or TEMN 315.

HRMN 362 Labor Relations (3)
A survey of contemporary labor relations practices. The aim is to research and analyze labor relations issues and support the labor relations process. Discussion covers the history of organized labor in the United States, the role of third parties, organizing campaigns, the collective bargaining process, and the resolution of employee grievances. Students may receive credit for only one of the following courses: BMGT 362 or HRMN 362.

HRMN 367 Organizational Culture and Change (3)
An examination of the nature, definitions, theories, and aspects of organizational culture. The goal is to apply knowledge of organizational culture to develop a change-management plan. Analysis covers patterns of behavior and safety professions integrates knowledge and principles gained through previous coursework. Case studies and exercises are used to address challenges in strategic planning. Other tools focus on evaluation of personal leadership styles and techniques.
COURSE DESCRIPTIONS

HRMN 395 The Total Rewards Approach to Compensation Management (3)
Prerequisite: HRMN 300. An exploration of alternative compensation philosophies that define total rewards as everything that employees value in the employment relationship. The objective is to design a total rewards program that ensures organizational success. Topics include building and communicating a total rewards strategy, compensation fundamentals, the conduct and documentation of a job analysis, linking pay to performance, employee motivation, and performance appraisal. Strategies such as incentive cash and/or stock compensation programs, employee ownership, benefits and nonmonetary rewards are discussed and evaluated. The interrelationships among compensation, motivation, performance appraisal, and performance within the organization are examined. Discussion also covers the design and implementation of a total rewards program, including organizational compatibility. Students may receive credit for only one of the following courses: BMGT 388K, HRMN 390, or HRMN 395.

HRMN 400 Human Resource Management: Issues and Problems (3)
Prerequisite: HRMN 300. A study of the role of human resource management in the strategic planning and operation of organizations, performance appraisal systems, and compensation and labor/management issues. The goal is to research and evaluate issues and present strategic solutions. The influence of federal regulations (including equal opportunity, sexual harassment, discrimination, and other employee-related regulations) is analyzed. A review of research findings, readings, discussions, case studies, and applicable federal regulations supports the critical evaluation of human resource problems. Students may receive credit for only one of the following courses: BMGT 460, HRMN 400, or TMGT 360.

HRMN 406 Employee Training and Development (3)
Prerequisite: HRMN 300. An examination of employee training and human resource development in various organizations. Topics include the development, administration, and evaluation of training programs; employee development; career development; and organizational change. Issues in employee development (including assessment of employee competencies, opportunities for learning and growth, and the roles of managers in employee development) are explored. Students may receive credit for only one of the following courses: BMGT 488, HRMN 494, or HRMN 495.

HRMN 408 Employment Law for Business (3)
(Designed for managers and human resource professionals.) Recommended: HRMN 300. A conceptual and functional analysis of the legal framework of employment relations. The goal is to understand employment law; comply with laws and regulations; and evaluate rights, obligations, and liabilities in the employment process, from hiring and staffing to compensation and layoff. Topics include discrimination based on race, national origin, religion, sex, affinity and sexual orientation, age, and disability; the hiring process, testing, and performance appraisal; employee privacy; wrongful discharge; employee benefits; health and safety; independent contractors; and labor unions. Students may receive credit for only one of the following courses: BMGT 468, BMGT 498G, HRMN 408, or MGMT 498G.

HRMN 467 Global Human Resource Management (3)
Prerequisite: HRMN 300. Recommended: HRMN 367. A comprehensive study of global human resource management. The objective is to demonstrate intercultural competencies; identify trends in the globalized workforce; and analyze policies, practices, and functions in global human resources. Topics include global staffing, training, compensation, and evaluation.

HRMN 495 Contemporary Issues in Human Resource Management Practice (3)
(Intended as a final, capstone course to be taken in a student’s last 15 credits). Prerequisite: HRMN 400. A study of human resource management that integrates knowledge gained through previous coursework and experience and builds on that conceptual foundation through integrative analysis, practical application, and critical thinking. The goal is to consider and analyze emerging issues in human resource management. Students may receive credit for only one of the following courses: BMGT 488K, HRMN 494, or HRMN 495.

Information Systems Management

Courses in information systems management (designated IFSM) may be applied as appropriate (according to individual program requirements) toward:
- the general education requirement in computing
- a major in information systems management or cybersecurity management and policy
- a minor in information systems management
- an AA in General Studies with accounting, business and management, computer studies, or management studies curricula
- a certificate in computer studies
- electives

IFSM 201 Concepts and Applications of Information Technology (3)
(Designed for managers and human resource professionals.) Recommended: IFSM 300 or IFSM 350. An overview of information technology management and governance. The goal is to be familiar with IT organizations, management of IT strategy, and factors in IT decision making. Topics include strategic alignment, portfolio management, risk management, business continuity, compliance, and organizational relationships.

IFSM 210 Enterprise Architecture (3)
Prerequisite: IFSM 201. A comprehensive study of systems and of personal and organizational ethical decision making in the use of information systems in a global environment. The aim is to identify ethical issues raised by existing and emerging technologies, apply a structured framework to analyze risk and decision alternatives, and understand the impact of personal ethics and organizational values on an ethical workplace.

IFSM 211 Information Systems in Health Care Organizations (3)
Prerequisite: IFSM 201. An overview of how information systems provide value by supporting organizational objectives in the health care sector. The goal is to evaluate how technology solutions support organizational strategy in the health care environment and improve quality of care, safety, and financial management. Topics include the flow of data among disparate health information systems, and the ethical, legal, and regulatory policy implications.

IFSM 300 Information Systems in Organizations (3)
(Designed for managers and human resource professionals.) Recommended: IFSM 201 and WRTG 101 (or WRTG 101S). An overview of information systems and how they provide value by supporting organizational objectives. The goal is to analyze business strategies to recognize how technology solutions enable strategic outcomes and to identify information system requirements by analyzing business processes. Discussion covers concepts of business processes and alignment of information systems solutions to strategic goals.
Japanese

Courses in Japanese (designated JAPN) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities
- a major or minor in East Asian studies
- an AA in General Studies with foreign language area studies curriculum
- a certificate in foreign language area studies
- electives

For further information, students should refer to Foreign Languages.

JAPN 111 Elementary Japanese I (3)
(Not open to native speakers of Japanese: assumes no prior knowledge of Japanese. Students with prior experience with the Japanese language should take a placement test to assess appropriate level.) An introduction to spoken and written Japanese language. The objective is to communicate in Japanese in some concrete, real-life situations using culturally appropriate language; read and write hiragana; and read some katakana words in context.

JAPN 112 Elementary Japanese II (3)
(Not open to native speakers of Japanese.) Prerequisite: JAPN 111 or appropriate score on a placement test. A continued introduction to spoken and written Japanese. The goal is to communicate in Japanese in concrete, real-life situations using culturally appropriate language; read and write katakana; and recognize some kanji characters in context. Practice is provided in improving pronunciation and developing the oral and written skills used in everyday communication.

JAPN 114 Elementary Japanese III (3)
(Not open to native speakers of Japanese.) Prerequisite: JAPN 112 or appropriate score on a placement test. Further study of spoken and written Japanese. The aim is to communicate in Japanese in a variety of concrete, real-life situations, using culturally appropriate language and to expand recognition of kanji characters in context. Practice is provided in improving pronunciation and developing the oral and written skills used in everyday communication.

JAPN 115 Elementary Japanese IV (3)
(Not open to native speakers of Japanese.) Prerequisite: JAPN 114 or appropriate score on a placement test. Further development of skills in elementary spoken and written Japanese. The aim is to interact effectively with native speakers of Japanese in a variety of real-life situations using culturally appropriate language and to recognize and distinguish more commonly used kanji characters in context. Practice is provided in fine-tuning pronunciation and applying language skills to a range of contexts.

JAPN 221 Intermediate Japanese I (3)
(Not open to native speakers of Japanese.) Prerequisite: JAPN 115 or appropriate score on a placement test. Development of skills in intermediate spoken and written Japanese. The aim is to interact effectively with native speakers of Japanese in a range of personal and professional situations and to recognize and read approximately 275 Japanese characters in context. Focus is on using culturally appropriate language in a variety of contexts.

JAPN 222 Intermediate Japanese II (3)
(Not open to native speakers of Japanese.) Prerequisite: JAPN 221 or appropriate score on a placement test. Further development of skills in intermediate spoken and written Japanese. The aim is to communicate effectively with native speakers of Japanese in a broad range of personal and professional situations and to recognize and read approximately 320 Japanese characters in context. Practice is provided in interacting with others in a variety of interpersonal contexts.

JAPN 224 Intermediate Japanese III (3)
Prerequisite: JAPN 222. Continued advanced integrated study of Japanese. Emphasis is on reading, writing, and cultural phrases.

JAPN 225 Intermediate Japanese IV (3)

JAPN 333 Japanese Society and Culture (3)
(Formerly ASTD 333. Fulfills the general education requirement in the arts and humanities. Conducted in English.) A study of the origin and historical background of contemporary Japanese society and culture. Students may receive credit for only one of the following courses: ASTD 333 or JAPN 333.

JOUR 201 Introduction to News Writing (3)
(Fulfills the general education requirement in communications.) Prerequisite: WRTG 101 or WRTG 101S. An introduction to writing news articles for print and electronic media. The aim is to evaluate the newsworthiness of information and events and write in journalistic style. Emphasis is on writing—from mechanics (grammar, spelling, punctuation, and journalistic style) to content (accuracy, completeness, audience, and readability)—and reporting.

JOUR 330 Public Relations Theory (3)
Prerequisite: JOUR 201. A study of the evolution, scope, and contemporary practice of public relations and its strategic value in business, nonprofits, government, associations, and other organizations. The goal is to apply legal, ethical, and professional standards to the everyday practice of public relations. Topics include communication theory, social science, and audience dimensions as they are applied to a four-step process: research, planning, communication, and evaluation.

JOUR 340 Communications Writing (3)
Prerequisite: JOUR 201. Emphasis on the writing of effective communications, including personal, press, and technical reports, memos, and e-mail. The course is designed to enhance writing skills and to develop an awareness of the business and legal implications of written communication.
Korean

Courses in Korean (designated KORN) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities
- a major or minor in East Asian studies
- an AA General Studies with foreign language area studies curriculum
- a certificate in foreign language area studies
- electives

For further information, students should refer to Foreign Languages.

KORN 111 Elementary Korean I (3)
( Assumes no prior knowledge of Korean.) An elementary study of Korean. Emphasis begins with oral communication skills, and leads to balanced proficiency in the four communication skills of listening, speaking, reading, and writing. Topics include basic structures, vocabulary, pronunciation, and writing, as well as elements of culture, history, and geography. Authentic text from native speakers is used as much as possible.

KORN 112 Elementary Korean II (3)
(Prerequisite: KORN 111. Continued basic study of Korean, emphasizing oral communication and leading to a balanced development of proficiency in the four communication skills of listening, speaking, reading, and writing. Topics include basic structures, vocabulary, pronunciation, and writing are practiced along with continued familiarization with culture, history, and geography. Oral and written authentic text from native speakers is used as much as possible.

KORN 114 Elementary Korean III (3)
(Prerequisite: KORN 112. Further development of speaking and listening skills and study of linguistic structure. Writing skills are cultivated.

KORN 115 Elementary Korean IV (3)
(Prerequisite: KORN 114. Further development of speaking and listening skills and study of linguistic structure. Writing skills are cultivated.

KORN 221 Intermediate Korean I (3)
(Prerequisite: KORN 115. Advanced integrated study of Korean. Emphasis is on reading and writing.

KORN 222 Intermediate Korean II (3)
(Prerequisite: KORN 221. Advanced integrated study of Korean. Emphasis is on reading and writing.

KORN 333 Korean Society and Culture (3)
(Formerly ASTD 353. Fulfills the general education requirement in the arts and humanities. Conducted in English.) Recommended: Any writing class and either ASTD 284 or ASTD 285. An interdisciplinary study of contemporary Korea from a variety of socio-historical and cultural perspectives. Topics include the Korean diaspora, the Korean Wave (Hallyu), Korea as a conduit between China and Japan, social and religious practices, Korean women, the Japanese occupation, and Korea’s global impact. The aim is to articulate the key historic developments that have shaped contemporary Korean society, recognize and distinguish unique Korean influences and contributions, and assess key aspects of traditional and contemporary Korean society and culture. Focus is on developing a stronger understanding of Korean society and culture for practical and professional application. Students may receive credit for only one of the following courses: ASTD 353 or KORN 333.

Library Skills and Information Literacy

Courses in library skills (designated LIBS) may be applied toward
- the general education requirement in information literacy

Degree-seeking students must complete LIBS 150 (or present its equivalent in transfer) during the first 6 credits of enrollment at UMUC.

LIBS 150 Introduction to Research (1)
An introduction to the research process and methods for retrieving information in a library or through online sources. The aim is to identify an information need and locate, evaluate, and use appropriate resources in keeping with academic integrity and ethical standards. Focus is on implementing effective strategies for finding relevant information—including selecting appropriate print and electronic sources and effectively using web search engines and UMUC Information and Library Services’ electronic resources to find information—and evaluating and correctly citing the information found. Students may not earn credit for LIBS 150 through challenge exam or portfolio credit and may receive credit for only one of the following courses: COMP 111, LIBS 100, or LIBS 150.

Marketing

Courses in marketing (designated MRKT) may be applied as appropriate (according to individual program requirements) toward
- a major in marketing, business administration, or management studies
- a minor in marketing or business administration
- an AA in General Studies with business and management or management studies curriculum
- electives

MRKT 310 Marketing Principles (3)
A foundation in the principles of marketing used to manage profitable customer relationships. The objective is to understand the pivotal role of marketing within both an organization’s strategic plan and the marketing process and determine marketing strategies and tactics. Topics include consumer behavior, competitive analysis, segmentation, target marketing, positioning, branding, new product development, pricing, value chains, and marketing

MRKT 314 Nonprofit Marketing (3)
(Prerequisite: MRKT 310. An overview of the key issues of marketing in a nonprofit organization. The aim is to develop marketing plans that maximize exchange relationships with multiple stakeholders. Topics include the application of marketing-mix principles. Projects include researching and writing a grant proposal. Students may receive credit for only one of the following courses: BMGT 398B or MRKT 314.

MRKT 354 Integrated Marketing Communications (3)
(Prerequisite: MRKT 310. A project-driven study of the integration of marketing communication tools used to achieve customer-centered marketing communications objectives. The goal is to develop and evaluate an integrated marketing communications plan and manage the marketing communications function. Topics include advertising, direct marketing, public relations, sales promotion, interactive and social media, buzz marketing, and personal selling. Students may receive credit for only one of the following courses: BMGT 354 or MRKT 354.

MRKT 395 Managing Customer Relationships (3)
(Prerequisite: MRKT 310. A comprehensive study of marketing strategies focused on identifying profitable customers, retaining those customers, and growing their lifetime value. The aim is to identify and differentiate individual customers and customer groups, use data to determine customer interactions, and determine how to provide customization within a mass customization environment. Topics include data mining to identify individual customers, determining loyalty segments of customers, assessing the lifetime revenue value of customers, understanding customer behavior, developing programs to change customer behavior, and designing customer loyalty and customer service programs and policies. Discussion also covers various customer relationship management (CRM) technology-related tools and metrics to support management’s assessment of customer relationship management efforts. Students may receive credit for only one of the following courses: BMGT 395, BMGT 398, MGMT 395, MGMT 398A, or MRKT 395.

MRKT 410 Consumer Behavior (3)
(Prerequisite: MRKT 310. A study of the increasing importance of understanding consumers in the marketing system. The objective is to assess internal, external, and situational factors in developing marketing strategies; apply internal factors to market segmentation; and formulate marketing-mix strategies. Discussion covers the foundations of consumer behavior (such as economic, social, psychological, and cultural factors) and the influence of well-directed communications. Consumers are analyzed in marketing situations as buyers and users of products and services and in relation to the various social and marketing factors that affect their behavior. Students may receive credit for only one of the following courses: BMGT 451, CNEC 437, or MRKT 410.

MRKT 412 Marketing Research (3)
(Prerequisites: STAT 200 and MRKT 310. A study of the specialized field of marketing research as it is used to identify market needs, profile target markets, test promotional efforts, and measure the effectiveness of marketing plans. The goal is to assess marketing research needs, design and implement a marketing research plan, and use results to formulate marketing strategies. Discussion covers procedures for planning survey projects, designing statistical samples, tabulating data, and preparing reports. Emphasis is on managing the marketing research function. Students may receive credit for only one of the following courses: BMGT 452 or MRKT 412.
MRKT 457 Digital Marketing (3)
Prerequisite: MRKT 310. An exploration of how the use of information technology can enhance the marketing process and create relationships with customers. The objective is to incorporate consumer expectations into a digital marketing plan, evaluate digital marketing delivery options, analyze effective website design, evaluate competitive digital marketing strategies, and explore the ethical and legal issues created by the new technology. Topics include the use of the internet in developing marketing strategy, conducting market research, and making marketing mix decisions. Students may receive credit for only one of the following courses: BMGT 398O, BMGT 398R, MGMT 398O, MGMT 398R, or MRKT 457.

MRKT 454 Global Marketing (3)
Prerequisite: MRKT 310. An in-depth study of marketing principles as they relate to the global marketplace. The aim is to apply marketing principles and strategies to a global organization and markets. Discussion covers the influence of internationalization on the U.S. economy, the competitive pressures on the intensifying global markets, and the development of marketing plans tailored to reach international and global markets. Topics also include the political, economic, legal, regulatory, and sociocultural trends affecting international marketing; the dynamic environments in which global marketing strategies are formulated; and the challenge of implementing marketing programs leading to competitive advantage.

MRKT 495 Strategic Marketing Management (3)
(Interested as a final, capstone course to be taken in a student’s last 15 credits.) Prerequisites: MRKT 354, MRKT 410, and MRKT 412. A study of marketing that integrates knowledge gained through previous coursework and experience in marketing and builds on those concepts through integrative analysis, practical application, and critical thinking. The aim is to manage the marketing process, perform root-cause analysis, formulate alternative solutions, and propose marketing strategies and tactics. Emphasis is on the use of appropriate decision models. Topics include the analysis of consumers and markets. Discussion also covers emerging issues. Students may receive credit for only one of the following courses: BMGT 457 or MRKT 495.

Mathematics

Courses in mathematics (designated MATH) may be applied as appropriate (according to individual program requirements) toward:
- the general education requirement in mathematics (with the exception of MATH 009 and MATH 012);
- an AA in General Studies with mathematics curriculum related requirements for a major in computer science;
- electives.
Beginning-level courses such as MATH 009 and 012 are designed to help students build confidence and skills in basic mathematics. Placement tests are required for enrollment in MATH 012, 106, 107 and recommended for enrollment in MATH 103. Due to their preparatory nature, the institutional credits earned for MATH 009 and 012 do not apply toward a degree and will not transfer to other colleges and universities.
Based on the score that the student achieves on a UMUC placement exam, one or more of these courses serve as the student’s prerequisite(s) for MATH 106 and MATH 107. These courses are listed on the student’s transcript and the grades earned will be used in the calculation of the student’s grade point average (GPA). Institutional credit does not apply toward the student’s residency or degree requirements.
You are expected to own and use scientific calculators in all mathematics and statistics courses.
Degree-seeking students should complete the math general education requirement (or present the equivalent in transfer) during their first 18 credits of enrollment at UMUC.
MATH 009 Introductory Algebra (3)
(Not open to students who have already successfully completed a higher-level mathematics course. Does not apply toward degree requirements. Yields institutional credit only.) A comprehensive review of real number properties and operations, including fractions, percentages, operations with signed numbers, and geometric formulas. The objective is to develop fluency in the language of introductory algebra; develop number sense and estimation skills; and use mathematical modeling to translate, solve, and interpret applied problems. Topics include linear equations and inequalities, equations of lines, graphs on number lines and rectangular coordinate systems, rules of exponents, and operations on polynomials. Students may receive credit for only one of the following courses: MATH 009, MATH 009M, or MATH 100.
MATH 012 Intermediate Algebra (3)
(Not open to students who have already successfully completed a higher-level mathematics course. Does not apply toward degree requirements. Yields institutional credit only.) Prerequisite: MATH 009 or an appropriate result on the placement test. A study of problem-solving techniques in intermediate-level algebra. The goal is to demonstrate number sense and estimation skills; interpret mathematical ideas using appropriate terminology; manipulate, evaluate, and simplify real-number and algebraic expressions; and translate, solve, and interpret applied problems. Emphasis is on numbers and algebraic properties, graphing skills, and applications drawn from a variety of areas (such as finance, science, and the physical world). Topics include polynomials; factoring; exponents and their notation; rational expressions and equations; rational exponents and radical expressions; linear, quadratic, and other equations; and inequalities. Students may receive credit for only one of the following courses: MATH 012, MATH 101H, MATH 102, MATH 102M, MATH 199A, or MATH 199M.
MATH 103 College Mathematics (3)
Prerequisite: MATH 012 or approval of the department. This course is not intended for students planning to take MATH 107 or higher-numbered mathematics courses and does not serve as a prerequisite for these courses. This course focuses on data driven applications and the development of critical thinking skills related to mathematics. Topics include problem solving, equations, inequalities, linear systems, graphs, functions, consumer mathematics, financial management, probability, and statistics.
MATH 105 Finite Mathematics (3)
(Not intended for students planning to take MATH 107 or higher-numbered mathematics courses.) Prerequisite: MATH 012 or an appropriate result on the placement test. A study of finite mathematics in finite mathematics, including linear models, systems of linear equations, linear programming, sets and counting, probability, descriptive statistics, and the mathematics of finance. The aim is to demonstrate fluency in the language of finite mathematics; find, solve, and graph linear equations and inequalities; describe sample spaces and events; assign probabilities to events and apply probability rules; and apply the mathematics of finance to formulate and solve problems.

MATH 106 Trigonometry and Analytical Geometry (3)
(Not intended for students planning to take MATH 107 or higher-numbered mathematics courses.) Prerequisite: MATH 105 or an appropriate result on the placement test. An introduction to trigonometric functions, identities, and equations of and their applications. The goal is to demonstrate fluency in the language of trigonometry, analytic geometry, and selected mathematical topics; communicate mathematical ideas appropriately, and prove trigonometric identities; solve triangles and trigonometric equations; and perform vector operations. Discussion covers analytical geometry and conic sections, systems of linear equations, matrices, sequences, and series. Students may receive credit for only one of the following courses: MATH 106 or MATH 116.
MATH 115 Pre-Calculus
(Not open to students who have completed MATH 140 or any course for which MATH 140 is a prerequisite.) Prerequisite: MATH 012 or an appropriate result on the placement test. An exploration of functions, equations, and graphs. The goal is to demonstrate fluency in pre-calculus: communicate mathematical ideas appropriately; solve equations and inequalities; analyze and graph functions; and use mathematical modeling to translate, solve, and interpret applied problems. Topics include polynomials, rational functions, exponential and logarithmic functions, trigonometry, and analytical geometry. Students may receive credit for only one of the following courses: MATH 107, MATH 108, or MATH 115.
MATH 140 Calculus I (4)
Prerequisite: MATH 108 or MATH 115. An introduction to calculus. The goal is to demonstrate fluency in the language of calculus; discuss mathematical ideas appropriately; and solve problems by identifying, representing, and modeling functional relationships. Topics include functions, the sketching of graphs of functions, limits, continuity, derivatives and applications of the derivative, definite and indefinite integrals, and calculation of area. Students may receive credit for only one of the following courses: MATH 130, MATH 131, or MATH 140.

MATH 141 Calculus II (4)
(A continuation of MATH 140.) Prerequisite: MATH 140. A study of integration and functions. The aim is to demonstrate fluency in the language of calculus; discuss mathematical ideas appropriately; model and solve problems using integrals and interpret the results; and use infinite series to approximate functions to model real-world scenarios. Focus is on techniques of integration, improper integrals, and applications of integration (such as volumes, work, arc length, and moments); inverse, exponential, and logarithmic functions; and sequences and series. Students may receive credit for only one of the following courses: MATH 131, MATH 132, or MATH 141.

Music
Courses in music (designated MUSC) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities
- a major in humanities
- electives
UMUC offers a limited number of courses each session in this discipline.

MUSC 210 Music as Cultural Expression (3)
A study of the role of music in various cultures. The objective is to identify key features that define various genres of world music, articulate the roles and functions of music in world cultures, use the medium of music to explore intercultural relationships, and consciously define personal musical perspectives. Discussion covers music from various cultural traditions and the contexts in which composers and musicians practice their craft. Students may receive credit for only one of the following courses: HUMN 211 or MUSC 210.

MUSC 391 Great Composer Series: Beethoven (3)
A survey of the life and music of Beethoven. Biographical data, a historical and cultural overview of Beethoven’s Vienna, and analytical studies of representative works by Beethoven are included.

MUSC 436 Jazz: Then and Now (3)
An examination of jazz in America during the past 75 years—its major styles and influential artists. Students may receive credit for only one of the following courses: HUMN 436 or MUSC 436.

Natural Science
Courses in natural science (designated NSCI) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the biological and physical sciences
- electives
NSCI 100 Introduction to Physical Science (3)
(For students not majoring in a science.) Prerequisite: MATH 012 or higher. An introduction to the basic principles of physics and chemistry, with applications to geology, oceanography, meteorology, and astronomy. The objective is to use scientific and quantitative reasoning to make informed decisions about topics related to physical science. Discussion covers the development of scientific thinking, the scientific method, the relationships among the various physical sciences, the role of the physical sciences in interpreting the natural world, and the integrated use of technology. Students may receive credit for only one of the following courses: GNSC 100, NSCI 105, or NSCI 103.

NSCI 101 Physical Science Laboratory (1)
(For students not majoring or minoring in science. Fulfills the laboratory science requirement only with previous or concurrent credit for NSCI 170.) Prerequisite: MATH 012 or higher. Prerequisite or corequisite: NSCI 100. A laboratory study of the basic principles of physics and chemistry, with applications to geology, oceanography, meteorology, and astronomy. The objective is to apply the scientific method and use scientific and quantitative reasoning to make informed decisions about experimental results in the physical sciences. Discussion and laboratory activities cover topics of scientific thinking, the scientific method, the relationships among the various physical sciences, and the role of the physical sciences in interpreting the natural world.

Nutrition
Courses in nutrition (designated NUTR) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the biological and physical sciences
- electives
NUTR 100 Elements of Nutrition (3)
(Fulfills the general education requirement for a science lecture course.) A study of the fundamentals of human nutrition. The changing nutritional needs of individuals and families are explored. Students may receive credit for only one of the following courses: NUTR 100 or NUTR 200.

Philosophy
Courses in philosophy (designated PHIL) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities
- a major in East Asian studies or humanities
- a minor in East Asian studies or philosophy
- electives
UMUC offers only a limited number of courses each session in this discipline.

PHIL 100 Introduction to Philosophy (3)
An introduction to the literature, problems, and methods of philosophy. The goal is to identify and consider central, recurring problems of philosophy. Emphasis is on developing awareness of the significance of philosophical problems and learning to use rationally justifiable solutions. Students may receive credit for only one of the following courses: HUMN 125 or PHIL 100.

PHIL 110 Practical Reasoning (3)
An examination of methods for thinking analytically about real-world problems and solving them. The goal is to apply logical arguments to practical decision making. Topics include inductive and deductive reasoning; the properties of arguments; methods of logical analysis; synthesis of ideas; informal fallacies; and the role of presuppositions and other factors in scientific, social, ethical, and political problems.

PHIL 140 Contemporary Moral Issues (3)
An exploration of how philosophical analysis can serve as a foundation for thinking clearly about moral issues. The aim is to construct arguments about current and widely debated ethical problems such as euthanasia and reverse discrimination. Discussion examines foundational ethical theories as a basis for looking at these problems. Students may receive credit for only one of the following courses: HUMN 300 or PHIL 140.
PHIL 348 Religions of the East (3)*
An examination of the religions of the East, including Jainism, Sikhism, Hinduism, Buddhism, Chinese religions, and Shinto. The aim is to gain a historical perspective on world events and understand the interrelationships of these religious traditions, historically and doctrinally. Students may receive credit for only one of the following courses: HUMN 336 or PHIL 336.

* On-site format available only in Asia

**Psychology**

Courses in psychology (designated PSYC) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the behavioral and social sciences
- a major in psychology or social science
- a minor in psychology, diversity awareness, or women's studies
- an AA in General Studies with psychology curriculum
- electives

PSYC 301 Biological Basis of Behavior (3)
Prerequisite: PSYC 100. Recommended: PSYC 300. An introduction to the anatomical structures and physiological processes that determine behavior. The objective is to use scientifically valid resources to communicate effectively about the biological basis of behavior. Topics include the acquisition and processing of sensory information, the neural control of movement, and the biological bases of complex behaviors (such as sleep, learning, memory, sex, and language), as well as the basic functioning of the nervous system.

PSYC 310 Sensation and Perception (3)
Prerequisite: PSYC 100. Recommended: PSYC 300 and PSYC 301. A survey of theories and historical and contemporary research in how the auditory, visual, gustatory, olfactory, kinesthetic, and tactile senses acquire information and how psychological, anatomical, physiological, and environmental factors help us perceive the world. The objective is to apply an understanding of complex neural and behavioral processes to evaluate research and analyze variations within and between species.

PSYC 321 Social Psychology (3)
Prerequisite: PSYC 100. Recommended: PSYC 300. An examination of the influence of social factors on individual and interpersonal behaviors. The objective is to analyze the underlying causes of individual and group behavior and the ways in which group attitudes and behaviors are related. Topics include conformity, attitudinal change, personal perception, and group behavior. Students may receive credit for only one of the following courses: BEHS 221, BEHS 421, BEHS 450, PSYC 221, PSYC 321.

PSYC 332 Psychology of Human Sexuality (3)
Prerequisite: PSYC 100. An examination of human sexuality and sexual behavior. The objective is to apply knowledge of the physiology and psychology of human sexuality. Topics include sexual anatomy, intimate relationships, sexual health, and sexual identity across the lifespan. Students may receive credit for only one of the following courses: BEHS 363, HLTH 377, or PSYC 332.

PSYC 335 Theories of Personality (3)
(Formerly PSYC 435.) Prerequisite: PSYC 100. Recommended: PSYC 300. A study of major theories and perspectives on personality. The goal is to explain and evaluate major concepts in personality. Topics include trait, psychodynamic, behavioral, and humanistic theories. Methods of personality research and relevant findings are also introduced. Students may receive credit for only one of the following courses: PSYC 335 or PSYC 435.

PSYC 338 Psychology of Gender (3)
Prerequisite: PSYC 100. A survey of the biological, lifespan development, socialization, personality attributes, mental health factors, and special considerations associated with gender. The aim is to apply knowledge of cultural and historical influences relating to gender. Topics include conceptions of gender, gender roles, and gender similarities and differences.

PSYC 341 Memory and Cognition (3)
Prerequisite: PSYC 100. Recommended: PSYC 300. An introduction to basic models, methods of research, and findings in the fields of memory, problem solving, and language. The objective is to apply knowledge of cognitive processes to a variety of situations including organizational and educational settings. Both applications and theory are explored.

PSYC 342 Foundations of Learning (3)
Prerequisite: PSYC 100. Recommended: STAT 200 and PSYC 300. A review and analysis of the major phenomena and theories of human learning. The objective is to provide students with the foundations of learning and practical applications of the theories. Topics include conditioning, the application of behavior analysis to real-world problems, and laboratory techniques in learning research. Students may receive credit for only one of the following courses: PSYC 342 or PSYC 441.

PHIL 349 Religions of the West (3)
An examination of the religions of the West, including the Zoroastrian, Judaic, Christian, and Islamic traditions. The aim is to gain a historical perspective on world events and to understand the interrelationships of these religious traditions, both historically and doctrinally. Students may receive credit for only one of the following courses: HUMN 349, HUMN 350, or PHIL 349.

PSYC 351 Lifespan Development (3)
Prerequisite: PSYC 100. Recommended: PSYC 300. An integrated study of the biological, socioemotional, and cognitive development of humans from conception through death. The aim is to apply knowledge of lifespan development to interpersonal, community, and organizational relationships. Emphasis is on the interaction of nature and nurture on one's physiology, capability, and potential at each progressive stage of development.

PSYC 352 Child and Adolescent Psychology (3)
Prerequisite: PSYC 100. Recommended: PSYC 300. An examination of research and theory focusing on psychological development, from conception through adolescence. The objective is to apply knowledge of child and adolescent development through critical and creative analysis of cases and situations. Topics include physiological, conceptual, and behavioral changes and the social and biological context in which individuals develop. Students may receive credit for only one of the following courses: PSYC 352, PSYC 355, or PSYC 356.

PSYC 353 Abnormal Psychology (3)
Prerequisite: PSYC 100. An examination of mental disorders across the lifespan. The goal is to evaluate emerging issues in abnormal psychology. Topics include the identification and diagnosis of specific disorders and the evolution of treatment protocols. Students may receive credit for only one of the following courses: PSYC 331, PSYC 353, or PSYC 431.

www.asia.umuc.edu
COURSE DESCRIPTIONS

**Sociology**

Courses in sociology (designated SOCY) may be applied as appropriate (according to individual program requirements) toward:

- the general education requirement in the behavioral and social sciences
- a major in social science
- a minor in sociology, diversity awareness, or women’s studies
- electives

**SOCY 100 Introduction to Sociology (3)**

An introduction to basic concepts, theoretical perspectives, and research methods in sociology. The objective is to apply sociological imagination, perspectives, and research to uncover patterns of social behavior. Topics include culture, socialization, groups, deviance, stratification, institutions, and social change. Students may receive credit for only one of the following courses: BEHS 102 or SOCY 100.

**SOCY 300 American Society (3)**

Prerequisite: SOCY 100. An intermediate-level survey of the structure and organization of American society, with special reference to recent social changes. The aim is to describe trends and patterns of social change in American society; compare American and global perspectives of American social values; and apply sociological theories to examine the character, structure, values, and ideology of contemporary American social thought. Topics include individualism; community commitment; and attitudes regarding work, leisure, and recreation in American society.

**SOCY 313 The Individual and Society (3)**

Prerequisite: SOCY 100. An examination of race, ethnicity, and social change. Students may receive credit for only one of the following courses: BEHS 312, SOCY 210, or SOCY 350.

**SOCY 325 The Sociology of Gender (3)**

Prerequisite: SOCY 100. An inquiry into how gender is socially constructed and reconstructed in contemporary society. The aim is to assess the interaction between gender and other social identities.

**SOCY 350 Contemporary Social Problems (3)**

Prerequisite: SOCY 100. An advanced examination of various personal, institutional, cultural, historical, and global problems that confront American society today. Problems examined range from crime, domestic violence, and alienation in modern society to the environment and political conflict. Emphasis is on issues of technology and social change. Students may receive credit for only one of the following courses: SOCY 105, SOCY 210, or SOCY 350.

**SOCY 423 Race and Ethnicity: A Global Perspective (3)**

Prerequisite: SOCY 100. An analysis of race, ethnicity, and human relations in global society. The goal is to analyze, communicate, and project future trends in racial and ethnic relations in the United States and abroad. Discussion covers factors such as inequality, prejudice, discrimination, power, and privilege that affect race and ethnic relations. Topics include theories of race relations; the historical emergence, demographic projections, development, and institutionalization of racism; effects of racism; conflicts that are racially and ethnically based; and contemporary issues.

**SOCY 426 Sociology of Religion (3)**

Prerequisite: SOCY 100. Recommended: BEHS 220 or HUMN 350. An advanced examination of religion from a sociological perspective. The aim is to evaluate the influence of social location on religious beliefs and attitudes; examine relationships between church and state; and analyze current religious conflicts and controversies. Topics include fundamentalism versus extremism; modernity; religious conflicts; and the relationship of religion with race, class, gender, sexuality, and politics.

**SOCY 443 Sociology of the Family (3)**

Prerequisite: SOCY 100. An advanced examination of the family in society. The aim is apply major sociological theories to understand family as a social institution; describe the changing definitions of family; examine demographic changes in marriage and family patterns; contrast micro- and macro-level interactions among individuals, families, and society; and evaluate the influence of media and technology on the perception and cohesion of the modern family. Topics include family research, single parenting, blended families, cultural differences in families, families over the life course, and governmental policies regarding families.
Software Development and Security
Courses in software development and security (designated SDIV) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in computing
- a major in software development and security or computer science
- electives
SDIV 300 Building Secure Web Applications (3)
Prerequisite: CMIS 242, CMIS 215, or CMIS 225. A hands-on study of best practices and strategies for building secure applications for the web. The objective is to defend against web application vulnerabilities. Topics include web application architecture, common threats and trends, cross-site scripting, SQL injection, input validation, and business logic flaws.

Speech Communication
Courses in speech communication (designated SPCH) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in communications
- a major in communication studies
- a minor in communication studies, diversity awareness, or women’s studies
- electives
SPCH 100 Foundations of Oral Communication (3)
(Fulfills the prerequisite for all upper-level SPCH courses.) An introduction to oral communication, with emphasis on interpersonal communication, small-group communication, and public speaking. The objective is to prepare speeches, provide feedback to others, and participate in group activities. Students may receive credit for only one of the following courses: SPCH 100, SPCH 100X, SPCH 101, SPCH 107, or SPCH 108.
SPCH 125 Introduction to Interpersonal Communication (3)
(Fulfills the prerequisite for all upper-level SPCH courses.) An exploration of the role interpersonal communication plays in our personal and professional lives. The aim is to apply theoretical frameworks and key concepts in communication to personal behavior and personal and professional contexts. Topics include self-identity, perception, listening, verbal and nonverbal communication, relationship development, and conflict management.
SPCH 324 Communication and Gender (3)
Prerequisite: Any SPCH course or COMM 300. An investigation of how communication influences gender and how gender affects communication. The objective is to apply theoretical frameworks and key concepts of gender to contexts, situations, and messages. Discussion covers gender roles, gender variation across communication styles, and the role gender plays in personal and professional relationships, as well as its role in culture and the media.
SPCH 470 Effective Listening (3)
Prerequisite: Any SPCH course or COMM 300. An exploration of the complexities of message reception and interpretation as related to personal growth, social relationships, and professional development. The goal is to assess and modify listening practices. Topics include the role of listening in communication, types of listening, and listening skills for specific contexts.
SPCH 482 Intercultural Communication (3)
Prerequisite: Any SPCH course or COMM 300. An investigation of how communication influences gender and how gender affects communication. The objective is to apply theoretical frameworks and key concepts of gender to contexts, situations, and messages. Discussion covers gender roles, gender variation across communication styles, and the role gender plays in personal and professional relationships, as well as its role in culture and the media.

Statistics and Probability
Courses in statistics and probability (designated STAT) may be applied as appropriate (according to individual program requirements), toward
- the general education requirement in mathematics
- the statistics requirement for a variety of majors and minors
- a minor in psychology
- an AA in General Studies with mathematics curriculum
- electives
Students are expected to own and use scientific calculators in all mathematics and statistics courses.
STAT 200 Introduction to Statistics (3)
Prerequisite: MATH 012 or an appropriate score on a placement test. An introduction to statistics. The objective is to assess the validity of statistical conclusions; organize, summarize, interpret, and present data using graphical and tabular representations; and apply principles of inferential statistics. Focus is on selecting and applying appropriate statistical tests and determining reasonable inferences and predictions from a set of data. Topics include methods of sampling; percentiles; concepts of probability; probability distributions; normal, t-, and chi-square distributions; confidence intervals; hypothesis testing of one and two means; proportions; binomial experiments; sample size calculations; correlation; regression; and analysis of variance (ANOVA). Students may receive credit for only one of the following courses: BEHS 202, BEHS 302, BMGT 230, ECON 321, GNS 201, MATH 111, MGMT 316, PSYC 200, SOCY 201, STAT 100, STAT 200, STAT 225, or STAT 230.
COURSE DESCRIPTIONS

Theatre
Courses in theatre (designated THET) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in the arts and humanities
- electives
UMUC offers a limited number of courses each session in this discipline.

THET 110 Introduction to the Theatre (3)
An introduction to the experience of the theatre. The objective is to gain a historical perspective and critically appraise dramatic content in performing arts. Emphasis is on engaging with theatrical performances as informed audience members and assessing one’s role within the script-performance-audience dynamic. Assignments include attendance at two live professional performances. Students may receive credit for only one of the following courses: HUMN 110 or THET 110.

Women's Studies
Courses in women's studies (designated WMST) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement for behavioral and social sciences (Note: Only WMST 200 applies)
- a minor in women's studies
- an AA in General Studies with women's studies curriculum
- a certificate in women's studies
- electives
UMUC offers a limited number of courses each session in this discipline.

WMST 200 Introduction to Women's Studies: Women and Society (3)
An interdisciplinary study of the status, roles, and experiences of women in contemporary society. The aim is to recognize the impact of gender in all academic disciplines; analyze political, economic, social, and cultural issues through a feminist lens; and apply knowledge of local and global issues to affect positive change in women's lives. Discussion covers women's experiences across geography and history. Topics include gender and other identities, systems of privilege and inequality, sexuality, and power relations.

Writing
Courses in writing (designated WRTG) may be applied as appropriate (according to individual program requirements) toward
- the general education requirement in communications
- a minor in communication studies
- a certificate in Project Management
- electives (including related requirements in various majors)
If you are seeking a degree, you must complete WRTG 112 (or present its equivalent in transfer) during your first 24 credits of enrollment at UMUC. WRTG 112 is prerequisite to all writing courses with higher numbers and most courses in English and communication studies.

WRTG 391, WRTG 393, and WRTG 394 are designated as upper-level advanced writing courses and may be applied toward the general education requirement in upper-level advanced writing. Specific WRTG courses may be recommended in relation to specific majors and minors. You should check the descriptions of your curricula.

WRTG 111 Introduction to Academic Writing I (3)
(Fulfills the general education requirement in communications.) An introduction to reading, writing, and thinking as inseparable literacy practices that are essential to academic success. The goal is to practice strategies for understanding academic texts and for developing one’s ideas in relation to those texts. Focus is on using the writing process to craft essays that situate one’s ideas in conversation with other writers and demonstrate critical thinking, proper attribution, and effective language use. Students may receive credit for only one of the following courses: WRTG 100A or WRTG 111.

WRTG 112 Introduction to Academic Writing II (3)
(Formerly WRTG 101. Fulfills the general education requirement in communications.) An introduction to writing as a way of generating, supporting, and reflecting on ideas. The goal is to implement strategies for analyzing ideas and rhetorical strategies in academic texts and for conducting academic research. Focus is on using the writing process to craft research-supported arguments that synthesize information and ideas from multiple sources and demonstrate varied rhetorical strategies, proper source documentation, and effective language use. Students may receive credit for only one of the following courses: ENGL 101, ENGL 101X, WRTG 101, WRTG 101S, WRTG 101X, or WRTG 112.

WRTG 291 Research Writing (3)
(Fulfills the general education requirement in communications.) Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. Continued practice in critical reading, thinking, and writing skills. The objective is to analyze, evaluate, and synthesize diverse sources and viewpoints to develop persuasive and academic writing projects. Assignments include prewriting exercises, an annotated bibliography, a synthesis research essay, and a reflective paper. Students may receive credit for only one of the following courses: ENGL 291, ENGL 291H, or WRTG 291.

WRTG 293 Introduction to Professional Writing (3)
(Fulfills the general education requirement in communications.) Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. An overview of professional writing. The goal is to analyze professional communication scenarios to develop effective workplace writing. Topics include the standards, conventions, and technologies of professional writing; communicating to a variety of audiences; and developing appropriate written responses to workplace challenges. Students may receive credit for only one of the following courses: COMM 293, ENGL 293, or WRTG 293.

WRTG 391 Advanced Research Writing (3)
(Fulfills the general education requirement in upper-level advanced writing.) Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. Instruction and practice in academic research skills. The objective is to critically analyze scholarly sources and effectively integrate source material into a complex argument. Emphasis is on synthesizing multiple sources in producing a literature review on a focused topic. Students may receive credit for only one of the following courses: ENGL 391, ENGL 391X, WRTG 391, or WRTG 391X.

WRTG 392 Advanced Technical Writing (3)
(Fulfills the general education requirement in upper-level advanced writing.) Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. An overview of professional communication scenarios to develop effective workplace writing. Topics include the standards, conventions, and technologies of professional writing; communicating to a variety of audiences; and developing appropriate written responses to workplace challenges. Students may receive credit for only one of the following courses: COMM 393/393X, ENGL 393/393X, or WRTG 393/393X.

WRTG 393 Advanced Business Writing (3)
(Fulfills the general education requirement in upper-level advanced writing.) Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. A comprehensive, project-based study of applied business writing. The aim is to develop documents appropriate to audience and purpose that are well argued and conform to standards to business writing. Topics include context, purpose, audience, style, organization, format, results, technologies, and strategies for persuasion in typical workplace messages. In addition to shorter assignments, a substantial formal report that incorporates research and support for conclusions or recommendations is required. Students may receive credit for only one of the following courses: COMM 394/394X, ENGL 394/394X, or WRTG 394/394X.

WRTG 394 Advanced Business Writing (3)
(Fulfills the general education requirement in upper-level advanced writing.) Prerequisite: WRTG 112, WRTG 101, or WRTG 101S. A comprehensive, project-based study of applied business writing. The aim is to develop documents appropriate to audience and purpose that are well argued and conform to standards to business writing. Topics include context, purpose, audience, style, organization, format, results, technologies, and strategies for persuasion in typical workplace messages. In addition to shorter assignments, a substantial formal report that incorporates research and support for conclusions or recommendations is required. Students may receive credit for only one of the following courses: COMM 394/394X, ENGL 394/394X, or WRTG 394/394X.

POLICIES

The information contained in this catalog reflects the policies of both UMUC and the University System of Maryland (USM). The complete list and text of UMUC’s policies can be found at usmd.edu/policies. USM policies can be found at usmd.edu/policies/fiscalpolicies/fisc21020.cfm.

For information on student classification and residency, see USM policy VIII.2.70 at usmd.edu/policies/fiscalpolicies/fisc21020.cfm. Also see UMUC Policy 210.20 Student Residency Classification for Admission, Tuition, and Charge-Differential Purposes at umuc.edu/policies/fiscalpolicies/fisc21020.cfm.

Transfer of General Education Requirements

UMUC conforms with the general education requirements as laid out by COMAR 13B.02.02.16D(2)(c). Up to 36 general education credits earned at another Maryland public institution will transfer to UMUC as general education credits. UMUC’s general education requirements may be found on page 70 of this catalog.

A student who has satisfactorily completed a course identified as a general education requirement at a Maryland community college will receive credit toward UMUC’s general education requirements, as stated in Code of Maryland Regulations Title 13B, Subtitle O6 Chapters 1–10. For other students, courses are evaluated on a case-by-case basis. UMUC has included its evaluation of many Maryland community college courses in its section of the University System of Maryland’s computerized articulation system (ARTSYS). This software is available at all two- and four-year Maryland public institutions and online at artsys.usmd.edu. Consult an advisor for details.

Disclosure of Student Records

UMUC complies with the Family Educational Rights and Privacy Act (FERPA), a federal law that protects the privacy of students’ education records. In accordance with FERPA, you may have the right to inspect and review your education records; seek an amendment of your education records, where appropriate; limit disclosure to third parties of directory information (student information that may be released without your prior written consent); and file formal complaints alleging a violation of FERPA with the Department of Education. In addition, FERPA provides that most of your student information may not be released to third parties without your prior consent.

UMUC’s policy 210.14 Disclosure of Student Records contains an explanation of information that may be disclosed with and without prior consent, as well as procedures for requesting amendments to records, requests for nondisclosure, and filing of complaints. Requests for inspection of your student records may be sent to exception.request@umuc.edu. For another person to act on your behalf, a power of attorney is required. More information on FERPA, including disclosures to third parties, can be found at umuc.edu/current-students/privacy-act/financial-aid/financial-aid-policies/ferpa.cfm.

Smoking

In accordance with USM policy, UMUC seeks to promote a healthy, smoke-free environment for the UMUC community. More information on Policy 640.00 UMUC Policy on Smoking may be found at umuc.edu/policies/adminpolicies/admin64000.cfm.

Student Drug and Alcohol Awareness

UMUC complies with all federal, state, and local laws that regulate or prohibit the possession, use, or distribution of alcohol or illicit drugs. Violations of such laws that come to the attention of UMUC officials will be addressed through UMUC procedures, through prosecution in the courts, or both. All UMUC students are prohibited by UMUC from unlawfully possessing, using, manufacturing, distributing, or dispensing alcohol or any controlled substance on UMUC premises or at UMUC-sponsored activities. UMUC expects all students to comply with applicable federal, state, and local laws and regulations pertaining to possession, use, manufacture, distribution, or dispensation of alcohol and/or controlled substances. Any student who violates any of the applicable standards of conduct is subject to corrective disciplinary actions and penalties up to and including expulsion from UMUC academic programs and referral to the appropriate federal, state, and/or local authorities for prosecution in the courts. Students should see the drug prevention program section of the most current annual safety and security report (umuc.edu/information) for additional information.

UNIVERSITY OF MARYLAND UNIVERSITY COLLEGE

POLICIES

PEER-TO-PER FILE SHARING

Unauthorized use of copyrighted materials may bring civil and criminal penalties to the user. UMUC is committed to combating the unauthorized use of copyrighted materials on UMUC's network (including the online classroom) and therefore has established a written plan to achieve this goal. The intent of this plan is to inform UMUC students, faculty, and staff members of the appropriate use of copyrighted material on the network and to deter, detect, and discipline prohibited use, while reasonably maintaining the educational use of UMUC's network.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authorization constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay actual damages and statutory damages affixed at not less than $750 and not more than $30,000 per work infringed. For willful infringement, a court may award up to $150,000 per work infringed.

To be effective under the DMCA, a notification of claimed infringement must be in writing and include the following information:

1. A physical or electronic signature of a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed;
2. Identification of the copyright work claimed to have been infringed, or, if multiple copyrighted works at a single online site are covered by a single notification, a representative list of such works at that site;
3. Identification of the material that is claimed to be infringing, or to be the subject of infringing activity, and that is to be removed or access to which is to be disabled, and information reasonably sufficient to permit the service provider to locate the material;
4. Information reasonably sufficient to permit the service provider to contact the complaining party, such as an address, telephone number, and, if available, an electronic mail address at which the complaining party may be contacted;
5. A statement that the complaining party has a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law; and
6. A statement that the information in the notification is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

Once an effective DMCA takedown request is submitted, UMUC will act expeditiously to remove or block access to the infringing material.

UMUC Procedures for Handling Unauthorized Distribution

UMUC implements an active protocol to respond to copyright infringement allegations. In accordance with the Digital Millennium Copyright Act (DMCA), UMUC has designated the following individual to receive and respond to reports of alleged copyright infringement on UMUC's website:

- Maureen Walsh-David
- Vice President and General Counsel
- University of Maryland University College
- 3501 University Boulevard East
- Adelphi, MD 20783
- 301-985-7080
- legal-affairs@umuc.edu

In accordance with U.S. Department of Education regulations, University of Maryland University College distributes an Annual Safety and Security Report to all current students, staff, and faculty. It is also available to prospective students, staff, and faculty, upon request.

The annual report provides important information about rights and responsibilities on the following topics:

- Campus safety and security policies and services
- Sexual misconduct policy
- Emergency procedures
- Notification of rights under FERPA for postsecondary institutions
- Peer-to-peer file sharing
- Drug prevention program
- Clery Act crime statistics by location for the previous three calendar years

To help you stay informed, additional consumer disclosures can be found at umuc.edu/disclosures.
The automated process of verifying a student’s record for enrollment eligibility each term based on certain criteria. This process enables a student to register for courses.

**Activation:**

A review of the Academic Advisement Report (Degree Plan): To cancel your enrollment in a class after the end of the drop period posted on the UMUC website for your division.

**Third-Party Payment:**

A payment made by a third party, such as tuition assistance (TA), Army Emergency Relief (AER), and scholarships. (Note: Loans and federal grants are not third-party payments.)

**Units:** Credit value the university assigns to a course.

**Upper-Level (UL) Courses:** Courses that are numbered 300–499.

**UserID:** A student's user name for logging into MyUMUC. Students will need both their UserID and password to log in.

**Withdraw:** To cancel your enrollment in a class after the end of the drop period posted on the UMUC website for your division.

**Portal:** A website that integrates online applications, such as e-mail, databases, references to other websites, and proprietary applications, under one unique URL, often allowing secure access with one unique login and password.

**Real-Time:** This means that transactions are implemented at the moment a user makes them, regardless of time zone. There is no time delay; all information is current up to the moment users access it.

**Semester:** Also known as a term (usually a five-month period divided into two sessions).

**Session:** Usually an eight-week period within a term (number of weeks may vary), during which classes are offered.

**Subject and Catalog Number:** The four-letter abbreviation and three-digit number for UMUC classes. For example, in COMM 300, "COMM" stands for communication studies, and "300" is the catalog number.

**Term:** A full semester, which may be subdivided into sessions. Students finance and financial aid offices use this time period for instructional accounting.

**Third-Party Party:** Payment made by a third party, such as tuition assistance (TA), Army Emergency Relief (AER), and scholarships. (Note: Loans and federal grants are not third-party payments.)

**Units:** Credit value the university assigns to a course.

**Upper-Level (UL) Courses:** Courses that are numbered 300–499.

**UserID:** A student's user name for logging into MyUMUC. Students will need both their UserID and password to log in.

**Withdraw:** To cancel your enrollment in a class after the end of the drop period posted on the UMUC website for your division.

**Portal:** A website that integrates online applications, such as e-mail, databases, references to other websites, and proprietary applications, under one unique URL, often allowing secure access with one unique login and password.

**Real-Time:** This means that transactions are implemented at the moment a user makes them, regardless of time zone. There is no time delay; all information is current up to the moment users access it.

**Semester:** Also known as a term (usually a five-month period divided into two sessions).

**Semester:** Also known as a term (usually a five-month period divided into two sessions).

**Session:** Usually an eight-week period within a term (number of weeks may vary), during which classes are offered.

**Subject and Catalog Number:** The four-letter abbreviation and three-digit number for UMUC classes. For example, in COMM 300, “COMM” stands for communication studies and “300” is the catalog number.

**Term:** A full semester, which may be subdivided into sessions. Students finance and financial aid offices use this time period for instructional accounting.

**Third-Party Party:** Payment made by a third party, such as tuition assistance (TA), Army Emergency Relief (AER), and scholarships. (Note: Loans and federal grants are not third-party payments.)

**Units:** Credit value the university assigns to a course.

**Upper-Level (UL) Courses:** Courses that are numbered 300–499.

**UserID:** A student's user name for logging into MyUMUC. Students will need both their UserID and password to log in.

**Withdraw:** To cancel your enrollment in a class after the end of the drop period posted on the UMUC website for your division.

This worksheet is designed to help you plan and track your progress toward your degree. It lists all of the graduation requirements in the recommended sequence. For full course descriptions, please refer to the current undergraduate catalog. For major-specific worksheets, see umuc.edu/worksheets.

### Sequence

Courses are listed in the order in which students should take them. Changes in courses and order may affect other elements of the degree plan.

POLICY STATEMENT

This publication and its provisions do not constitute, and should not be regarded as, a contract between UMUC and any party or parties. At the time of publication, reasonable effort was made to ensure the factual accuracy of the information. However, this publication is not a complete statement of all policies, procedures, rules, regulations, academic requirements, and tuition and fees applicable to UMUC, its students, or its programs. In addition, changes or additions may be made to the policies, procedures, rules, regulations, and academic requirements set out in this publication. UMUC reserves the right to make these changes and additions to the information in this publication without prior notice.

This catalog provides the degree requirements and recommended curriculum for students who begin continuous study on or after 1 August 2018. When a curriculum or graduation requirement is changed, it is not made retroactive unless the change is to the student's advantage and can be accommodated within the span of years normally required for graduation. See additional policies on pp. 181-183. Sources for any claims made throughout this catalog may be found on the UMUC website.

ABOUT UMUC
SERVING BUSY PROFESSIONALS WORLDWIDE

University of Maryland University College was founded more than 70 years ago specifically to serve the higher education needs of working adults and servicemembers. Today, UMUC continues that tradition as the largest online public university in the nation. We offer more than 90 degrees, certificates, and specializations backed by the reputation of a state university and member of the University System of Maryland. For more information, visit www.asia.umuc.edu.

Visit UMUC on the web at www.asia.umuc.edu.
