OUR MISSION IS YOUR SUCCESS

UMGC VALUES DIVERSITY AND INCLUSION

At UMGc, we are committed to building and maintaining strong relationships among students, faculty, staff, and administration.

In alignment with UMGc’s core values, the mission of **Accessibility Services** is to ensure that students with protected medical conditions can participate in all aspects of the educational environment while adhering to the university’s academic standards.

DEFINING A MEDICAL CONDITION

According to the Americans with Disabilities Act, a person with “any mental or physical condition that substantially impairs or restricts one or more major life activity” is defined as having a medical condition. UMGc will provide reasonable accommodations for eligible students based on the information provided in medical or psychological documentation.

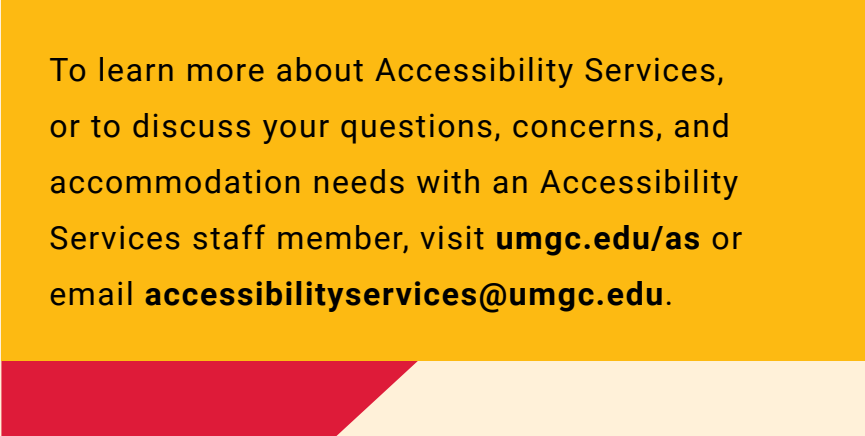

WHAT ARE REASONABLE ACCOMMODATIONS?

Reasonable accommodations are any adjustments that make a facility or program accessible. The goal of any accommodation is to provide students with an equal opportunity to attain the identical benefits and privileges that are available to a similarly situated student without a medical condition. Visit umgc.edu/as to learn more about UMGc’s policy concerning reasonable accommodations.
